Our featured film partner

The Toronto International Film Festival (TIFF) presents the best of international and Canadian cinema to film lovers, and hopes to lead the world in creative and cultural discovery through film. TIFF began as a ten-day film festival, and now offers programming 365 days a year through screenings, lectures, discussions, workshops, industry support and the chance for the public to meet filmmakers from Canada and around the world.

The RBC Emerging Filmmakers Competition is part of Talent Lab, a four-day intensive program at the Toronto International Film Festival that offers artistic development opportunities to a select group of emerging Canadian and international filmmakers.
