

RBC
Emerging Artists
Project

Our featured theatre partner

canadianstage
Matthew Jocelyn, Artistic & General Director

The Canadian Stage Emerging Artists Program offers support and mentorship to artists through:

- The GYM program, which provides an access point for emerging artists to flex their creative muscles through specialized training and networking opportunities.
- Artistic internships that provide increased exposure to the administrative and production functions of theatre.
- The Assistant Director Program, which identifies and hires rising directors as assistants on Canadian Stage or Canadian Stage partner productions.
- The RBC BASH! Director Development Program that offers two emerging directors with strong foundational credentials the opportunity to hone their skills with a year-long applied residency.
