

### **Our featured visual arts partner**

**CANADIANART** The Canadian Art Foundation (CAF) is uniquely Canadian, with a mandate to promote the understanding and appreciation of visual arts in Canada. The CAF enriches the public visual art education experience by profiling Canadian artists at home and abroad. It also encourages public engagement with the visual arts and advances the careers of emerging artists and writers.

RBC partners with the CAF to deliver the annual RBC Canadian Painting Competition. The competition is central to CAF's activities, and shares RBC's goal of providing a forum for audiences to engage with artists and their work through educational programs.
