

RBC 2014 Retirement Myths & Realities Poll:

More than two-thirds (68 per cent) of Canadians aged 50 and older who are not yet retired have yet to discuss their hopes for their post-career lives with their spouse/partner

QC12new2012. Before you retired, did you discuss any of the following with your spouse or partner? / Have you discussed any of the following with your spouse or partner?

*Note: In 2014, 'All of the above' was added, so data are not comparable to the previous years

Base: Married/remarried or co-habiting

 = Statistically significant difference
