

Almost half of respondents worry about having enough money for retirement. Those in Atlantic Canada are least concerned...

“I worry about having enough money.”

Q2. Which of the following reasons reflect why you spend this time contemplating your future over the next 20 years?
Base: Respondents answering they contemplate their future a lot of the time or some of the time (n=1810)

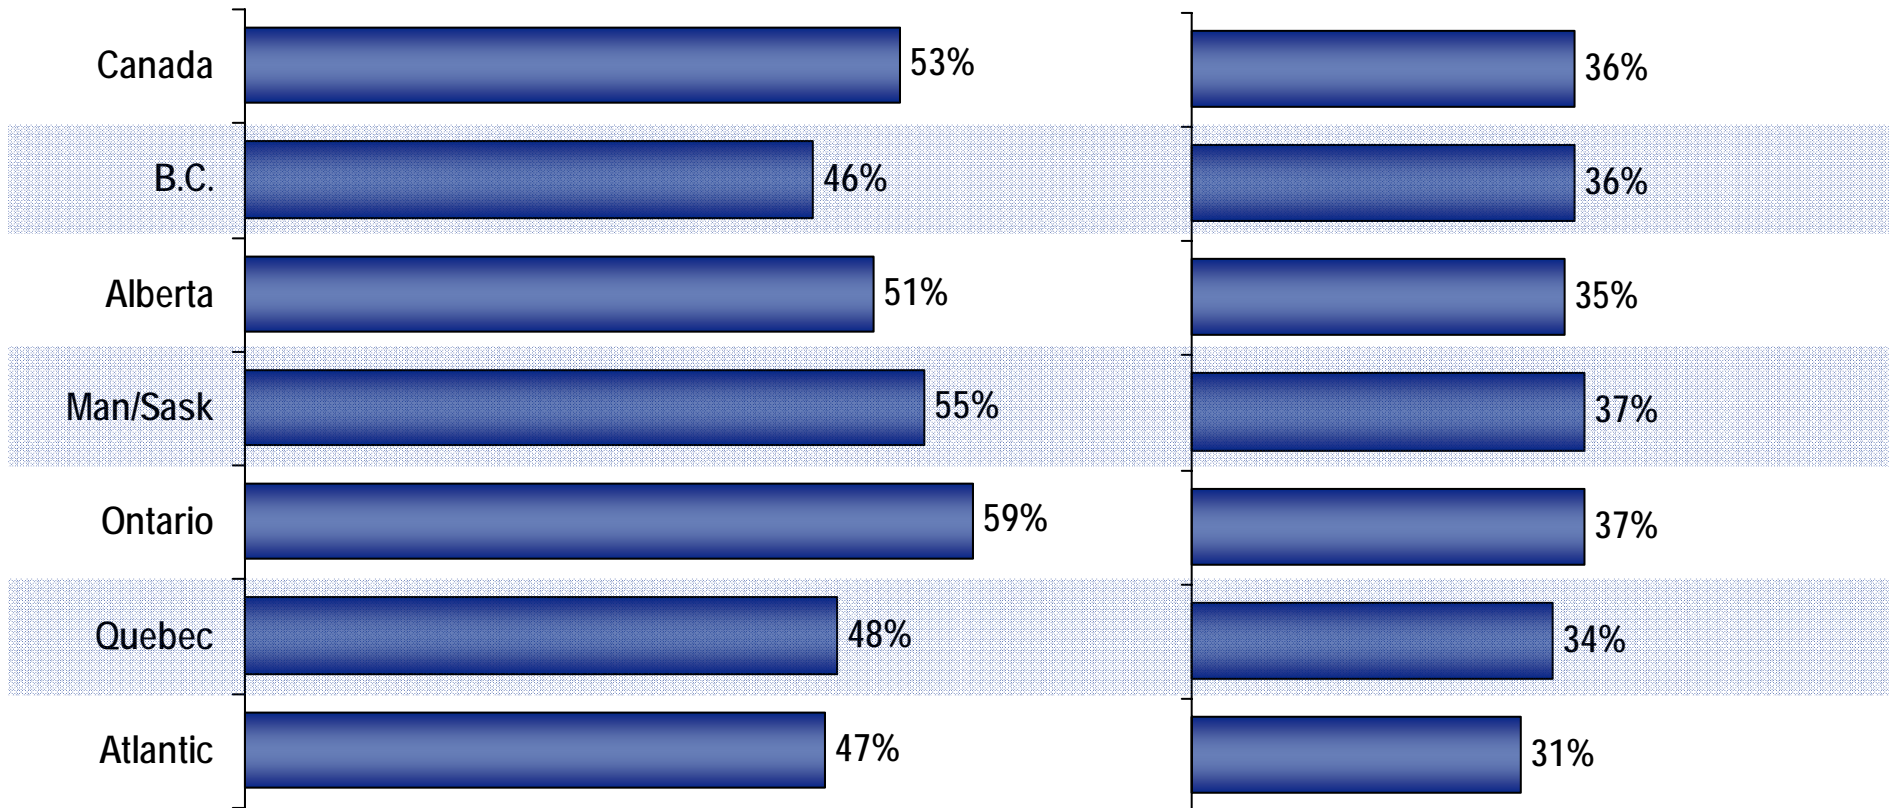

Respondents who have not yet retired are more worried about money than those who have already retired. This is especially true in Ontario.
