*Past performance is not necessarily indicative of future returns. Performance data for the RBC Hedge 250 Index® (the "Index") is net of underlying manager fees and an Index Fee as set forth in the Index administration rules (the "Index Rules"), and gross of any product fees. The Index composition is based on the Index Rules which are subject to change at any time and from time to time subject to Index Committee approval. Index funds may be added or removed, and allocations among funds, sectors and strategies may be changed, based upon the criteria set forth in the Index Rules. Implementation of the Index Rules in certain circumstances may involve the exercise of discretion. Inclusion of a hedge fund, sector or strategy in the Index does not represent an endorsement by RBC as to the investment merits of the fund, sector or strategy. Statements as to diversification and representative nature reflect RBC Capital Markets' opinion based on a comparison of the RBC Hedge 250 Index with other major investable hedge fund indices across a combination of factors, which include the number of hedge funds included in the index, the methodology used to weight strategies and funds, and the performance of the index versus the non-investable hedge fund indices. This material is not intended as investment advice, or as an offer or solicitation for the purchase or sale of any security or other financial instrument. For further information on composition, fees and administration of the Index, see the Index Rules.*
