CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

From time to time, the Issuer makes written or oral forward-looking statements within the meaning of certain securities laws, including the “safe harbour” provisions of the *United States Private Securities Litigation Reform Act of 1995* and any applicable Canadian securities legislation. The Issuer may make forward-looking statements in this Swiss Prospectus and in the documents incorporated by reference herein, in other filings with Canadian regulators, the United States Securities and Exchange Commission, in other reports to shareholders, and in other communications. The forward-looking statements contained in this Swiss Prospectus and in the documents incorporated by reference herein include, but are not limited to, statements relating to the Issuer’s financial performance objectives, vision and strategic goals, the economic, market, and regulatory review and outlook for Canadian, U.S., European and global economies, the regulatory environment in which the Issuer operates, the impact of rising interest rates, the expected closing of the transaction involving HSBC Bank Canada, the Strategic priorities and Outlook sections for each of the Issuer’s business segments, the risk environment including the Issuer’s credit risk, market risk, liquidity and funding risk, the direction of the coronavirus (COVID-19) pandemic and its potential impact on the Issuer’s business operations, financial results, condition and objectives and on the global economy and financial market conditions, the Issuer’s climate and sustainability-related beliefs, targets and goals (including the Issuer’s net-zero and sustainable finance commitments), and includes the Issuer’s President and Chief Executive Officer’s statements.

The forward-looking information contained in this Swiss Prospectus is presented for the purpose of assisting the holders of the Covered Bonds issued by the Issuer and financial analysts in understanding the Issuer’s financial position and results of operations as at and for the periods ended on the dates presented, as well as the Issuer’s financial performance objectives, vision and strategic goals, and may not be appropriate for other purposes. Forward-looking statements are typically identified by words such as “believe”, “expect”, “foresee”, “forecast”, “anticipate”, “intend”, “estimate”, “goal”, “commit”, “target”, “objective”, “plan” and “project” and similar expressions of future or conditional verbs such as “will”, “may”, “might”, “should”, “could” or “would”.

By their very nature, forward-looking statements require the Issuer and/or the Guarantor LP to make assumptions and are subject to inherent risks and uncertainties, which give rise to the possibility that the Issuer’s and/or the Guarantor LP’s predictions, forecasts, projections, expectations or conclusions will not prove to be accurate, that the Issuer’s and/or Guarantor LP’s assumptions may not be correct, that the Issuer’s financial performance, environmental & social or other objectives, vision and strategic goals will not be achieved, and that the Issuer’s and/or Guarantor LP’s actual results may differ materially from such predictions, forecasts, projections, expectations or conclusions.

The Issuer cautions readers not to place undue reliance on these statements as a number of risk factors could cause the Issuer’s actual results to differ materially from the expectations expressed in such forward-looking statements. These factors – many of which are beyond the Issuer’s control and the effects of which can be difficult to predict – include: credit, market, liquidity and funding, insurance, operational, regulatory compliance (which could lead to the Issuer or the Guarantor LP being subject to various legal and regulatory proceedings, the potential outcome of which could include regulatory restrictions, penalties and fines), strategic, reputation, competitive, model, legal and regulatory environment, systemic risks and other risks discussed in the risk sections of the Issuer’s 2022 MD&A contained in the Issuer’s Annual Report 2022 (and incorporated by reference herein); including business and economic conditions in the geographic regions in which the Issuer or the Guarantor LP operates, Canadian housing and household indebtedness, information technology and cyber risks, geopolitical uncertainty, environmental and social risk (including climate change), digital disruption and innovation, privacy, data and third-party related risks, regulatory changes, culture and conduct risks, the effects of changes in government fiscal, monetary and other policies, tax risk and transparency, and the emergence of widespread health emergencies or public health crises such as pandemics and epidemics, including the COVID-19 pandemic and its impact on the global economy and financial market conditions and the Issuer’s and Guarantor LP’s business operations, and financial results, condition and objectives. Additional factors that could cause actual results to differ materially from the expectations in such forward-looking statements can be found in the risk section of the Issuer’s 2022 MD&A contained in the Issuer’s Annual Report 2022 (and incorporated by reference herein).

The Issuer and Guarantor LP cautions that the foregoing list of risk factors is not exhaustive and other factors could also adversely affect the Issuer's results. When relying on the Issuer's forward-looking statements to make decisions with respect to the Issuer, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Material economic assumptions underlying the forward-looking statements contained in this Swiss Prospectus and in the documents incorporated by reference herein are set out in the Economic, market and regulatory review and outlook section and for each business segment under the Strategic priorities and Outlook headings of the Issuer's 2022 MD&A contained in its Annual Report 2022, which sections are incorporated by reference herein. Except as required by law, none of the Issuer, any Dealer or any other person undertakes to update any forward-looking statement, whether written or oral, that may be made from time to time by or on behalf of the Issuer or the Guarantor LP.

Additional information about these and other factors can be found in the risk sections of the Issuer's 2022 MD&A contained in its Annual Report 2022, which sections are incorporated by reference herein.

Information contained in or otherwise accessible through the website mentioned do not form part of this Swiss Prospectus. Any references in this document to websites are inactive textual references and are for information only.

TAXATION IN SWITZERLAND

The following discussion of taxation in this section is only a summary of certain tax implications under the laws of Switzerland in force as of the date of this Swiss Prospectus as they may affect investors in the Covered Bonds. This summary is of a general nature and is not intended to be exhaustive. It applies only to persons who are beneficial owners of Covered Bonds and may not apply to certain classes of persons. The Issuer makes no representations as to the completeness of the information on, and does not undertake any liability of whatsoever nature for, the tax implications for investors in the Covered Bonds. Potential investors are advised to consult their own professional advisers in light of their particular circumstances.

Withholding Tax

Payments of interest on, and repayment of principal of, the Covered Bonds will not be subject to Swiss withholding tax, provided that the Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

If there was a deduction or withholding of Swiss withholding tax on any interest payments in respect of the Covered Bonds, the holders of Covered Bonds would not be entitled to receive any additional amounts as a result of such deduction or withholding under the Terms of the Covered Bonds.

Securities Turnover Tax

The issue, sale and delivery of the Covered Bonds on the Issue Date to the initial holders of the Covered Bonds is not subject to Swiss securities turnover tax (primary market).

The trading of the Covered Bonds in the secondary market is subject to Swiss securities turnover tax at a rate of 0.300 per cent. of the consideration paid for the Covered Bonds traded, if a Swiss domestic (or Principality of Liechtenstein) securities dealer (as defined in the Swiss Stamp Tax Act) is a party to, or acts as an intermediary for, the transaction and no exemption applies in respect of one of the parties to the transaction. In such case and subject to applicable statutory exemptions, generally half of the tax is charged to one party to the transaction and the other half to the other party. Notwithstanding the foregoing, where both the seller and the purchaser of the Covered Bonds are not residents of Switzerland (or the Principality of Liechtenstein), the transaction will not be subject to Swiss securities turnover tax.

Income Taxation on Principal or Interest

Covered Bonds held by non-Swiss holders

Any payment of interest on, or repayment of principal of, the Covered Bonds made to a holder of a Covered Bond who (i) is a non-resident of Switzerland, and (ii) during the taxation year in which such payment is made has not engaged in trade or business through a permanent establishment within Switzerland to which the Covered Bonds are attributable, will not be subject to any Swiss federal, cantonal or communal income tax.

For a discussion of the automatic exchange of information in tax matters, see below under “—*International Automatic Exchange of Information in Tax Matters*”, and for a discussion of the Swiss facilitation of the implementation of FATCA, see below under “—*Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act (FATCA)*”.

Covered Bonds held by Swiss resident holders as private assets

The Covered Bonds are classified as bonds “without a predominant one-time interest payment” (“*non-IUP*”) because the yield-to-maturity of the Covered Bonds at issuance predominantly derives from periodic interest payments and not from a one-time interest payment (such as an original issue discount or redemption premium). A person who (i) is an individual resident in Switzerland holding a Covered Bond as a private asset, and (ii) receives a payment of interest on such Covered Bond, is required to include such payment in their personal income tax return for the relevant tax period in which such payment is made, and such person will be taxed on any net taxable income (including such payment) for the relevant tax period. A gain (which may include interest accrued on such Covered Bond) realized by such person on the sale of such Covered Bond is a tax-free private capital gain, and a loss realized by such person on the sale of such Covered Bond is a non-tax deductible private capital loss.

Covered Bonds held as assets of a trade or business in Switzerland

A holder of a Covered Bond who is (i) a Swiss-resident individual taxpayer that holds such Covered Bond as part of Swiss business assets or (ii) a Swiss-resident corporate taxpayer or corporate or individual taxpayer resident outside of Switzerland that holds such Covered Bond as part of a trade or business carried on through a permanent establishment within Switzerland, is required to recognize (A) any payment of interest on such Covered Bond made to such holder, and (B) any capital gain or loss realized by such holder on the sale or other disposition of such Covered Bond, in its income statement for the respective tax period in which the relevant payment or disposition is made, and such holder will be taxed on any net taxable earnings for such period (which tax will, if such holder is a corporate or individual taxpayer resident outside of Switzerland as described in clause (ii) above, be limited to the extent such net earnings are allocable to Switzerland).

Swiss-resident individuals who hold Covered Bonds and who, for income tax purposes, are classified as “professional securities dealers” for reasons of, among other things, frequent dealings and leveraged transactions in securities will be treated as though they hold Covered Bonds as part of Swiss business assets and be taxed as described in the paragraph immediately above.

International Automatic Exchange of Information in Tax Matters

On November 19, 2014, Switzerland signed the Multilateral Competent Authority Agreement (**MCAA**). The MCAA is based on article 6 of the Organization for Economic Cooperation and Development/Council of Europe administrative assistance convention and is intended to ensure the uniform implementation of Automatic Exchange of Information (**AEOI**). The Federal Act on the International Automatic Exchange of Information in Tax Matters (**AEOI Act**) entered into force on January 1, 2017. The AEOI Act is the legal basis for the implementation of the AEOI standard in Switzerland.

The AEOI is being introduced in Switzerland through bilateral agreements or multilateral agreements. The agreements have, and will be, concluded on the basis of guaranteed reciprocity, compliance with the principle of specialty (i.e., the information exchanged may only be used to assess and levy taxes (and for criminal tax proceedings)) and adequate data protection. An up-to-date list of the AEOI agreements of Switzerland in effect or signed and becoming effective, including the dates of commencement of data collection and data exchange, can be found on the website of the State Secretariat for International Financial Matters SIF at www.sif.admin.ch.

Based on such multilateral or bilateral agreements and the implementation of Swiss law, Switzerland collects and exchanges data in respect of financial assets, including, as the case may be, the Covered Bonds, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in a European Union member state or in a treaty state.

Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act (FATCA)

The United States and Switzerland entered into an intergovernmental agreement (the **U.S.-Switzerland IGA**) to facilitate the implementation of the U.S. Foreign Account Tax Compliance Act (**FATCA**). Under the U.S.-Switzerland IGA, financial institutions acting out of Switzerland generally are directed to become participating foreign financial institutions (FFIs). The U.S.-Switzerland IGA ensures that accounts held by U.S. persons with Swiss financial institutions (including accounts in which Covered Bonds are held) are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance on the basis of the double taxation agreement between the United States and Switzerland (the **Treaty**). The Treaty, as amended in 2019, includes a mechanism for the exchange of information in tax matters upon request between Switzerland and the United States, which is in line with international standards, and allows the United States to make group requests under FATCA concerning non-consenting U.S. accounts and non-consenting non-participating foreign financial institutions for periods from June 30, 2014. Furthermore, the Swiss Federal Council approved a mandate for negotiations with the United States on October 8, 2014, with regard to a change from the current direct-notification-based regime to a regime where the relevant information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the U.S. tax authorities. It is not yet known when negotiations will continue and if and when any new regime would come into force.

GENERAL PROVISIONS APPLICABLE TO THE COVERED BONDS

20. Form of the Covered Bonds: Bearer Covered Bonds:

The Covered Bonds shall be represented by a Permanent Global Covered Bond deposited with SIX SIS Ltd, in Olten, Switzerland ("**SIX SIS**", which expression shall include any other clearing institution recognised by SIX Swiss Exchange Ltd ("**SIX Swiss Exchange**"), or any other intermediary in Switzerland recognised for such purposes by SIX Swiss Exchange (SIX SIS or any such other intermediary, the "**Intermediary**"). Once the Permanent Global Covered Bond has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Covered Bonds will constitute intermediated securities ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act.

Each Holder (as defined below) of the Covered Bonds) shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Covered Bond to the extent of its claim against the Issuer, provided that, for so long as the Permanent Global Covered Bond remains deposited with the Intermediary, the co-ownership interest shall be suspended and the Covered Bonds may only be transferred by entry of the transferred Covered Bonds in a securities account of the transferee.

The records of the Intermediary will determine the number of Covered Bonds held through each participant in that Intermediary. In respect of the Covered Bonds held in the form of Intermediated Securities, the “**Holders**” of the Covered Bonds will be the persons holding the Covered Bonds in a securities account which is in their name, or in case of Intermediaries, the Intermediaries holding the Covered Bonds for their own account in a securities account which is in their name.

Neither the Issuer nor the Holders of the Covered Bonds shall at any time have the right to effect or demand the conversion of the Permanent Global Covered Bond into, or the delivery of, uncertificated securities or definitive Covered Bonds (“**Definitive Covered Bonds**”).

Definitive Covered Bonds may only be printed if Credit Suisse AG (including any successor as Swiss Paying Agent for the Covered Bonds, the “**Swiss Paying Agent**”) deems the printing of definitive Covered Bonds to be necessary or desirable for the enforcement of obligations under the Covered Bonds, including, without limitation, if, under Swiss or any applicable foreign law, the enforcement of obligations under the Covered Bonds can only be assured by means of Definitive Covered Bonds.

In such circumstances, the Issuer will cause sufficient definitive Covered Bonds in denominations of CHF 5,000 and integral multiples thereof to be executed and delivered as soon as practicable (and in any event within ninety days of the Swiss Paying Agent’s written request) to the Swiss Paying Agent for completion, authentication and delivery, free of charge, to SIX SIS for the relevant Holders, against cancellation of the Covered Bonds in the Holder’s securities account.
