CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

From time to time, the Issuer makes written or oral forward-looking statements within the meaning of certain securities laws, including the “safe harbour” provisions of the *United States Private Securities Litigation Reform Act of 1995* and any applicable Canadian securities legislation. The Issuer may make forward-looking statements in this Swiss Prospectus and in the documents incorporated by reference herein, in other filings with Canadian regulators, the United States Securities and Exchange Commission or other securities regulators or, in reports to shareholders and in other communications. The forward-looking statements contained in this Swiss Prospectus and in the documents incorporated by reference herein include, but are not limited to, statements relating to the Issuer’s financial performance objectives, vision and strategic goals, the Economic, market, and regulatory review and outlook for Canadian, U.S., European and global economies, the regulatory environment in which the Issuer operates, and the risk environment including the Issuer’s credit risk, liquidity and funding risk, and the potential continued impacts of the coronavirus (COVID-19) pandemic on the Issuer’s business operations, financial results, condition and objectives and on the global economy and financial market conditions and includes the Issuer’s President and Chief Executive Officer’s statements.

The forward-looking information contained in this Swiss Prospectus is presented for the purpose of assisting the holders and potential purchasers of the Notes issued by the Issuer and financial analysts in understanding the Issuer’s financial position and results of operations as at and for the periods ended on the dates presented, as well as the Issuer’s financial performance objectives, vision and strategic goals, and may not be appropriate for other purposes. Forward-looking statements are typically identified by words such as “believe”, “expect”, “foresee”, “forecast”, “anticipate”, “intend”, “estimate”, “goal”, “plan” and “project” and similar expressions of future or conditional verbs such as “will”, “may”, “should”, “could” or “would”.

By their very nature, forward-looking statements require the Issuer to make assumptions and are subject to inherent risks and uncertainties, which give rise to the possibility that the Issuer’s predictions, forecasts, projections, expectations or conclusions will not prove to be accurate, that the Issuer’s assumptions may not be correct and that the Issuer’s financial performance objectives, vision and strategic goals will not be achieved. The Issuer cautions readers not to place undue reliance on these statements as a number of risk factors could cause the Issuer’s actual results to differ materially from the expectations expressed in such forward-looking statements. These factors – many of which are beyond the Issuer’s control and the effects of which can be difficult to predict – include: credit, market, liquidity and funding, insurance, operational, regulatory compliance (which could lead to the Issuer being subject to various legal and regulatory proceedings, the potential outcome of which could include regulatory restrictions, penalties and fines), strategic, reputation, competitive, legal and regulatory environment and systemic risks and other risks discussed in the risk sections and Significant developments: COVID-19 section of the Issuer’s 2021 MD&A contained in the Issuer’s Annual Report 2021 (and incorporated by reference herein) and in the Risk management section of the Issuer’s First Quarter 2022 MD&A contained in the Issuer’s First Quarter 2022 Report (and incorporated by reference herein); including business and economic conditions in the geographic regions in which the Issuer operates, information technology and cyber risks, Canadian housing and household indebtedness, geopolitical uncertainty, privacy, data and third-party related risks, regulatory changes, environmental and social risk (including climate change), and digital disruption and innovation, culture and conduct, the effects of changes in government fiscal, monetary and other policies, tax risk and transparency, and the emergence of widespread health emergencies or public health crises such as pandemics and epidemics, including the COVID-19 pandemic and its impact on the global economy and financial market conditions and the Issuer’s business operations, and financial results, condition and objectives. In addition, as the Issuer works to advance its climate goals, external factors outside of its reasonable control may act as constraints on their achievement, including varying decarbonization efforts across economies, the need for thoughtful climate policies around the world, more and better data, reasonably supported methodologies, technological advancements, the evolution of consumer behavior, the challenges of balancing interim emission goals with and orderly and just transition, and other significant considerations such as legal and regulatory obligations.

The Issuer cautions that the foregoing list of risk factors is not exhaustive and other factors could also adversely affect the Issuer’s results. When relying on the Issuer’s forward-looking statements to make decisions with respect to the Issuer, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Material economic assumptions

underlying the forward-looking statements contained in this Base Prospectus and in the documents incorporated by reference herein are set out in the “Economic, market and regulatory review and outlook” section and for each business segment under the “Strategic priorities” and “Outlook” headings of the Issuer’s 2021 MD&A contained in its Annual Report 2021, as updated by the “Economic, market and regulatory review and outlook” section of the Issuer’s First Quarter 2022 MD&A contained in its First Quarter 2022 Report, which sections are incorporated by reference herein. Except as required by law, none of the Issuer, any Dealer or any other person undertakes to update any forward-looking statement, whether written or oral, that may be made from time to time by or on behalf of the Issuer.

Additional information about these and other factors can be found in the risk sections and Impact of COVID-19 pandemic section of the Issuer’s 2021 MD&A contained in its Annual Report 2021 and the Risk management section of the Issuer’s First Quarter 2022 MD&A contained in its First Quarter 2022 Report, which sections are incorporated by reference herein.

TAXATION IN SWITZERLAND

The following discussion of taxation in this section is only a summary of certain tax implications under the laws of Switzerland in force as of the date of this Swiss Prospectus as they may affect investors in the Notes. This summary is of a general nature and is not intended to be exhaustive. It applies only to persons who are beneficial owners of Notes and may not apply to certain classes of persons. The Issuer makes no representations as to the completeness of the information on, and does not undertake any liability of whatsoever nature for, the tax implications for investors in the Notes. Potential investors are advised to consult their own professional advisers in light of their particular circumstances.

Withholding Tax

Payments of interest on, and repayment of principal of, the Notes will not be subject to Swiss withholding tax, provided that the Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

On December 17, 2021, the Swiss Parliament adopted a bill to amend the Swiss withholding tax act (strengthening the debt capital market). The new law provides for the complete abolition of Swiss withholding tax on domestic interest payments (with the exception of interest payments on bank deposits to domestic individuals). However, interest payments on bonds issued before January 1, 2023 by an issuer formally domiciled in Switzerland will continue to be subject to Swiss withholding tax after the new law comes into force. In the case of an issuer formally domiciled abroad, on the other hand, interest payments on bonds issued before January 1, 2023 will no longer be subject to Swiss withholding tax when the new law comes into force. As long as the Issuer is formally domiciled abroad, with the entry into force of the new law, payments of interest would thus no longer be subject to Swiss withholding tax, provided that the Notes do not qualify as bank deposits. If there was a deduction or withholding of Swiss withholding tax on any interest payments in respect of the Notes, the holders of Notes would not be entitled to receive any additional amounts as a result of such deduction or withholding under the Terms of the Notes.

Securities Turnover Tax

The issue, sale and delivery of the Notes on the Issue Date to the initial holders of the Notes is not subject to Swiss securities turnover tax (primary market).

The trading of the Notes in the secondary market is subject to Swiss securities turnover tax at a rate of 0.300 per cent. of the consideration paid for the Notes traded, if a Swiss domestic (or Principality of Liechtenstein) securities dealer (as defined in the Swiss Stamp Tax Act) is a party to, or acts as an intermediary for, the transaction and no exemption applies in respect of one of the parties to the transaction. In such case and subject to applicable statutory exemptions, generally half of the tax is charged to one party to the transaction and the other half to the other party. Notwithstanding the foregoing, where both the seller and the purchaser of the Notes are not residents of Switzerland (or the Principality of Liechtenstein), the transaction will not be subject to Swiss securities turnover tax.

This also applies after the above-mentioned law on the amendment of the Swiss withholding tax act comes into force, since only the Swiss securities turnover tax of 0.150 per cent. on secondary market transactions with domestic bonds will be abolished. The Swiss securities turnover tax of 0.300 per cent. on secondary market transactions with foreign bonds, on the other hand, will continue to apply.

Income Taxation on Principal or Interest

Notes held by non-Swiss holders

Any payment of interest on, or repayment of principal of, the Notes made to a holder of a Note who (i) is a non-resident of Switzerland, and (ii) during the taxation year in which such payment is made has not engaged in trade or business through a permanent establishment within Switzerland to which the Notes are attributable, will not be subject to any Swiss federal, cantonal or communal income tax.

For a discussion of the automatic exchange of information in tax matters, see below under “– *International Automatic Exchange of Information in Tax Matters*”, and for a discussion of the Swiss facilitation of the implementation of FATCA, see below under “– *Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act (FATCA)*”.

Notes held by Swiss resident holders as private assets

The Notes are classified as bonds “without a predominant one-time interest payment” (“*non-IUP*”) because the yield-to-maturity of the Notes at issuance predominantly derives from periodic interest payments and not from a one-time interest payment (such as an original issue discount or redemption premium). A person who (i) is an individual resident in Switzerland holding a Note as a private asset, and (ii) receives a payment of interest on such Note, is required to include such payment in their personal income tax return for the relevant tax period in which such payment is made, and such person will be taxed on any net taxable income (including such payment) for the relevant tax period. A gain (which may include interest accrued on such Note) realized by such person on the sale of such Note is a tax-free private capital gain, and a loss realized by such person on the sale of such Note is a non-tax deductible private capital loss.

Notes held as assets of a trade or business in Switzerland

A holder of a Note who is (i) a Swiss-resident individual taxpayer that holds such Note as part of Swiss business assets or (ii) a Swiss-resident corporate taxpayer or corporate or individual taxpayer resident outside of Switzerland that holds such Note as part of a trade or business carried on through a permanent establishment within Switzerland, is required to recognize (A) any payment of interest on such Note made to such holder, and (B) any capital gain or loss realized by such holder on the sale or other disposition of such Note, in its income statement for the respective tax period in which the relevant payment or disposition is made, and such holder will be taxed on any net taxable earnings for such period (which tax will, if such holder is a corporate or individual taxpayer resident outside of Switzerland as described in clause (ii) above, be limited to the extent such net earnings are allocable to Switzerland).

Swiss-resident individuals who hold Notes and who, for income tax purposes, are classified as “professional securities dealers” for reasons of, among other things, frequent dealings and leveraged transactions in securities will be treated as though they hold Notes as part of Swiss business assets and be taxed as described in the paragraph immediately above.

International Automatic Exchange of Information in Tax Matters

On November 19, 2014, Switzerland signed the Multilateral Competent Authority Agreement (**MCAA**). The MCAA is based on article 6 of the Organization for Economic Cooperation and Development/Council of Europe administrative assistance convention and is intended to ensure the uniform implementation of Automatic Exchange of Information (**AEOI**). The Federal Act on the International Automatic Exchange of Information in Tax Matters (**AEOI Act**) entered into force on January 1, 2017. The AEOI Act is the legal basis for the implementation of the AEOI standard in Switzerland.

The AEOI is being introduced in Switzerland through bilateral agreements or multilateral agreements. The agreements have, and will be, concluded on the basis of guaranteed reciprocity, compliance with the principle of specialty (i.e., the information exchanged may only be used to assess and levy taxes (and for criminal tax proceedings)) and adequate data protection. An up-to-date list of the AEOI agreements of Switzerland in effect or signed and becoming effective, including the dates of commencement of data collection and data exchange, can be found on the website of the State Secretariat for International Financial Matters SIF at www.sif.admin.ch.

Based on such multilateral or bilateral agreements and the implementation of Swiss law, Switzerland collects and exchanges data in respect of financial assets, including, as the case may be, the Notes, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in a European Union member state or in a treaty state.

Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act (FATCA)

The United States and Switzerland entered into an intergovernmental agreement (the **U.S.-Switzerland IGA**) to facilitate the implementation of the U.S. Foreign Account Tax Compliance Act (**FATCA**). Under the U.S.-Switzerland IGA, financial institutions acting out of Switzerland generally are directed to become participating foreign financial institutions (FFIs). The U.S.-Switzerland IGA ensures that accounts held by U.S. persons with Swiss financial institutions (including accounts in which Notes are held) are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance on the basis of the double taxation agreement between the United States and Switzerland (the **Treaty**). The Treaty, as amended in 2019, includes a mechanism for the exchange of information in tax matters upon request between

Switzerland and the United States, which is in line with international standards, and allows the United States to make group requests under FATCA concerning non-consenting U.S. accounts and non-consenting non-participating foreign financial institutions for periods from June 30, 2014. Furthermore, the Swiss Federal Council approved a mandate for negotiations with the United States on October 8, 2014, with regard to a change from the current direct-notification-based regime to a regime where the relevant information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the U.S. tax authorities. It is not yet known when negotiations will continue and if and when any new regime would come into force.

	<p>The Notes will be issued in the form of a Permanent Global Note and, upon registration in the records of the Intermediary (as defined below) will constitute intermediated securities (“Intermediated Securities”) in accordance with Article 6 of the Swiss Federal Intermediated Securities Act (the “FISA”). The Intermediated Securities will be created by (i) the deposit of the Permanent Global Note with SIX SIS Ltd (“SIS”, which expression shall include any other clearing institution recognised by the SIX Swiss Exchange), acting as intermediary as defined in Article 4 of the FISA (the “Intermediary”) and (ii) SIS, acting as Intermediary, crediting the respective rights to securities accounts of the relevant participants with SIS in accordance with Articles 4 and 6 of the FISA.</p>

Each Holder (as defined below) shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of its claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Intermediary, the co-ownership interest shall be suspended and the Notes may only be transferred or otherwise disposed of in accordance with the provisions of the FISA, i.e., by the entry of the transferred Notes in a securities account of the transferee.

In respect of Notes represented by a Permanent Global Note, neither the Issuer nor the Holders of such Notes shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated notes or Notes in definitive form. Such Notes in definitive form may only be issued and printed and (notwithstanding such Notes being Bearer Notes prior to such conversion) may only be issued and printed in definitive registered form if the Swiss Paying Agent deems the printing of definitive notes to be necessary or desirable for the enforcement of obligations under the Notes, including, without limitation, if, under Swiss or any applicable foreign law, the enforcement of obligations under the Notes can only be assured by means of definitive notes. In such circumstances the Swiss Paying Agent may, upon consultation with the Issuer, arrange for the issue of such definitive notes, cause such definitive notes to be executed, authenticated and delivered as soon as practicable (and in any event within ninety days of the Swiss Paying Agent's decision to print definitive Notes) and delivery, free of charge, to SIS for the relevant Holders, against cancellation of the Notes in the Holder's securities account.

If definitive Notes in registered form are issued in respect of any Notes, the Swiss Paying Agent and the Issuer will each maintain a register of the Holders to which such definitive notes in registered form have been issued (the "**Swiss Register**"). Transfer, redemption, settlement and other mechanics (including, without limitation, any necessary technical changes required to the Terms and Conditions) related to any Notes issued in definitive registered form in exchange for Notes represented by a Permanent Global Note shall be as determined by the Issuer in consultation with the Swiss Paying Agent.
