Notes:

- (1) Calculated in accordance with the Transaction Documents, where the amount of the Retained Interest is equal to the Pool Balance less the sum of the Invested Amount of each Series. The Retained Interest percentage is equal to the amount of the Retained Interest divided by the Pool Balance.
- (2) Calculated in accordance with Regulation RR, where the Seller's Interest percentage is equal to the amount of the Retained Interest (calculated as described in footnote (1) above) divided by the aggregate principal amount of each series of Notes. In determining the aggregate principal amount of each series of Notes, the rate of exchange of the Canadian dollar to the U.S. dollar in the swap agreement for such series of Notes has been used, where applicable.
- (3) CAD equivalent of the USD 500 million Class A notes issued on April 29, 2015.
- (4) In addition to the Excess Spread, an additional enhancement of 0.75% is provided to the Series 2015-2 in the form of Reserve Account was funded to a balance of \$4.9 million on July 15, 2019, as a result of the commencement of the scheduled Pre-Accumulation Reserve Period as prescribed in the Purchase Agreement.
- (5) CAD equivalent of the USD 400 million Class A notes issued on April 28, 2016.
- (6) CAD equivalent of the USD 400 million Class A notes issued on April 28, 2016.
- (7) CAD equivalent of the USD 700 million Class A notes issued on September 20, 2016.
- (8) As of August 31, 2019, the Series 2016-5 Invested Amount is zero. The Series 2016-5 Notes will mature on September 16, 2019 at which time the outstanding principal and final interest payments will be made to noteholders.
- (9) In addition to the Excess Spread, an additional enhancement of 0.75% is provided to the Series 2016-5 in the form of Reserve Account was funded to a balance of \$7.4 million on May 15, 2019, as a result of the commencement of the scheduled Pre-Accumulation Reserve Period as prescribed in the Purchase Agreement.
- (10) Excess Spread during Accumulation.
- (11) As of the date of this report, Royal Bank of Canada, as "originator" for the purposes of EU Regulation Nos. 2017/2402 (the "Securitization Regulation") and 575/2013 (the "CRR"), as applicable, currently retains a material net economic interest that is not less than 5% of the nominal value of the securitized exposures, in the form of the Retained Interest which constitutes an originator's interest as provided in paragraph (b) of Article 6(3) of the Securitization Regulation, Article 405(l) of the CRR and the corresponding provisions of the AIFM Regulation and the Solvency II Regulation (collectively with the Securitization Regulation and the CRR, the "EU Retention Rules"), which such interest is not hedged or otherwise mitigated except to the extent permitted by the applicable EU Retention Rules.
