The maximum number of eligible persons who may be insured under the Credit Facility at the same time is two.

Changes to eligibility requirements for borrowers

Only borrowers and co-borrowers are eligible for coverage under the Certificate.

Changes to the life insurance benefit for lines of credit

For lines of credit, the life insurance benefit is the Qualifying Balance of your insured line of credit owing at your date of death, to a maximum of \$500,000.

Your Qualifying Balance is the lesser of the outstanding balance as of the date of death or the average monthly balance for the 12 months prior to the month in which death occurred*; plus a maximum of 60 days interest that remains to be paid on the Qualifying Balance of your Royal Credit Line account. The benefit paid may be less than your outstanding balance.

* If death occurred more than 30 days, but less than 12 months, from the date funds became available to withdraw on your Royal Credit Line, "average monthly balance" means:

- the average daily balance starting from the date funds became available to withdraw until the end of the month prior to the month in which death occurred.

If death occurred 30 days or less from the date funds became available to withdraw on your Royal Credit Line, "average monthly balance" means:

- the average daily balance starting from the date funds became available to withdraw up to and including the day before the date of death occurred.

Changes to the termination of life insurance coverage on the first death

Section E of the Certificate is amended by deleting the following:

Joint Life will pay only one benefit. If a benefit is paid as a result of the death of a primary insured or joint insured no insurance will be in effect thereafter. If a primary insured and joint insured die simultaneously, benefits will be paid to the primary insured only.

Changes to the termination of coverage when account is in arrears

Section C(d) is deleted and replaced with the following:

(d) the date that all or part of your Insurance premiums are 90 days overdue.

Changes to Individual Termination provisions

The following paragraph is inserted at the end of the existing "Individual Termination" provisions of the Certificate:

"To cancel this Insurance, all borrowers and guarantors must contact the Insurance Service Centre. In the event you cancel your Insurance, your final premium will be adjusted to reflect Insurance costs up to and including the date your request is received by the Insurance Service Centre."

Changes to Termination Age

The Termination Age as shown in the Schedule is amended to age 70.

Changes to the cost of insurance

The cost of insurance for all insured borrowers is being changed as follows:

Cost of Life Insurance

Life Insurance premiums for Royal Credit Line accounts are calculated using the life Insurance rates in the table below.

Monthly premium rate per \$1,000 of outstanding balance	Age	Under 31	31-35	36-40	41-45	46-50	51-55	56-60	61-65	66-70
	Single	\$0.14	\$0.23	\$0.29	\$0.41	\$0.54	\$0.71	\$0.97	\$1.21	\$1.58

Joint life coverage is calculated by multiplying the cost of single coverage for the eldest insured borrower by 1.7. Provincial sales tax will be added to your premium where applicable.

If your birthday falls on a weekend or statutory holiday and your premium rate is expected to change per the table above, your new premium rate will become effective on the 2nd business day following your birthday.

The cost of Insurance on your Royal Credit Line account is expressed as the "cost per \$1,000 of outstanding balance". The Insurance premium for your Royal Credit Line account is based on the premium rate for your age on the date your payment is due and your average daily balance during that statement period. If you maintain a zero balance on your Royal Credit Line account, then you will not pay any Insurance premiums.
