## Table of Contents

### Page

#### 1 Notes to Users

#### 2 Financial Highlights

#### Consolidated Results

- 5 Statements of income
- 6 Revenue from trading activities
- 6 Realized gains and losses on investment securities
- 7 Non-interest expense

#### Segment Details

- 8 Personal & Commercial Banking
- 9 Canadian Banking
- 10 Wealth Management
- 12 Insurance
- 13 Investor & Treasury Services
- 14 Capital Markets
- 15 Corporate Support

#### On- and Off-Balance Sheet

- 16 Balance sheets (period-end balances)
- 17 Selected average balance sheet items
- 17 Assets under administration and management
- 18 Statements of comprehensive income
- 19 Statements of changes in equity

#### Capital

- 20 Flow statement of the movements in regulatory capital
- 21 Total capital risk-weighted assets by business segments (all-in basis)
- 21 Movement of total capital risk-weighted assets by risk type (all-in basis)

### Page

#### Credit Quality

- 22 Loans and acceptances
- 23 Gross impaired loans
- 26 Provision for credit losses
- 28 Allowance for credit losses
- 30 Credit quality ratios

#### Credit Risk Exposure

- 31 Credit risk exposure by geography and portfolio
- 32 Actual losses vs. estimated losses
- 32 Basel Pillar 3 back-testing (Internal ratings based)
- 33 Fair value of derivative instruments
- 33 Derivatives - Notional amounts
- 34 Derivatives - Related credit risk

#### 35 Calculation of ROE and RORC

#### 36 Key performance and Non-GAAP measures

#### 36 Glossary

#### 38 Sector definitions

## Notes to Users

The Consolidated Financial Statements are prepared in compliance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and International Accounting Standard (IAS) 34, Interim Financial Reporting unless otherwise noted. Unless otherwise stated, monetary amounts are stated in Canadian dollars. This document is not audited and should be read in conjunction with our 2021 Annual Report. Certain comparative amounts have been amended to conform to the current period's presentation.

### Changes in accounting policies

Effective November 1, 2019, we adopted IFRS 16 Leases (IFRS 16). As permitted by the transition provisions of IFRS 16, we elected not to restate comparative period results; accordingly, all comparative period information prior to the first quarter of 2020 is presented in accordance with our previous accounting policies, as described in our 2020 Annual Report. As a result of the adoption of IFRS 16, we recognized right-of-use assets, lease liabilities and an adjustment to opening retained earnings on November 1, 2019. For further details on the impacts of the adoption of IFRS 16, including a description of our accounting policies, refer to Note 2 of our 2020 Annual Report.

### Capital Disclosure Requirements related to Basel III Pillar 3

*Capital main features disclosure* provides a qualitative disclosure and sets out summary information on the terms and conditions of the main features of all capital instruments. We have also included the full terms and conditions for each of our capital instruments on our Investor Relations website at <http://www.rbc.com/investorrelations/quarterly-financial-statements.html>.

### EDTF Disclosures

The Financial Stability Board's Enhanced Disclosure Task Force (EDTF) issued a report titled "*Enhancing the Risk Disclosures of Banks*" in October 2012. The following index lists the disclosure related to these recommendations contained in this document.

Type of Risk	Recommendation	Disclosure	Page
Capital adequacy and risk-weighted assets	11	Flow statement of the movements in regulatory capital	20
	13	Risk-weighted assets (RWA) by business segments	21
	16	Movement of risk-weighted assets by risk type	21
	17	Basel Pillar 3 back-testing	32
Credit risk	26	Bank's credit risk profile	22-32
	28	Reconciliation of the opening and closing balances of impaired loans and impairment allowances during the year	24,29
	29	Quantification of gross notional exposure for OTC derivatives or exchange-traded derivatives	33

For a full index of where to find all EDTF related disclosures, refer to our 2021 Annual Report.

Leverage ratio exposure - all-in basis (\$ billions)	1,662.0	1,633.2	1,576.3	1,585.3	1,552.9	1,543.5	1,577.7	1,629.9	1,570.5		1,662.0	1,552.9

<sup>1</sup> PCL relates primarily to loans, acceptances and commitments and also to all other financial assets except for those classified or designated as FVTPL and equity securities designated as FVOCI.

<sup>2</sup> Average common shares outstanding includes the impact of treasury shares held.

<sup>3</sup> See 'Glossary' beginning on page 36 for explanation of composition of this measure.

<sup>4</sup> This is a non-GAAP ratio. This measure does not have a standardized meaning under GAAP and might not be comparable to similar financial measures disclosed by other issuers. For further information, refer to the Non-GAAP measures section on page 36.

<sup>5</sup> These measures have been adjusted to exclude the change in fair value backing out policyholder liabilities.

<sup>6</sup> Growth rates are calculated based on results in the same period a year ago.

<sup>1</sup> See 'Glossary' beginning on page 36 for explanation of composition.

<sup>2</sup> This figure represents the 90-Day Active customers in Canadian Banking only.

<sup>3</sup> Effective Q4 2020 the IRRBB 100 bps increase and decrease in rates scenarios were updated on a prospective basis in accordance with OSFI's B-12: *Interest Rate Risk Management guideline*. This resulted in the inclusion of EVE and NII risk arising from Capital Markets and treasury related services within Investor & Treasury Services banking book activities beginning in Q4 2020.

<sup>4</sup> Amounts represent the 12-month Net interest income exposure to an instantaneous and sustained shift in interest rates.

<sup>1</sup> PCL on performing assets represents Stage 1 and 2 PCL on all performing assets, except those classified or designated as FVTPL and equity securities designated as FVOCI. PCL on impaired assets represents Stage 3 PCL. Stage 3 PCL is comprised of lifetime credit losses of all credit-impaired financial assets, except those classified or designated as FVTPL and equity securities designated as FVOCI.

<sup>2</sup> See 'Glossary' beginning on page 36 for explanation of composition of this measure.

<sup>3</sup> AUA represents period-end spot balances and includes securitized residential mortgages and credit card loans as at October 31, 2021 of \$15 billion and \$3 billion, respectively (July 31, 2021 of \$15 billion and \$3 billion; October 31, 2020 of \$16 billion and \$7 billion).

<sup>1</sup> PCL on performing assets represents Stage 1 and 2 PCL on all performing assets, except those classified or designated as FVTPL and equity securities designated as FVOCI. PCL on impaired assets represents Stage 3 PCL. Stage 3 PCL is comprised of lifetime credit losses of all credit-impaired financial assets, except those classified or designated as FVTPL and equity securities designated as FVOCI.

<sup>2</sup> See 'Glossary' beginning on page 36 for explanation of composition of this measure.

<sup>3</sup> Average loans and acceptances, net are reported net of allowance for credit losses (ACL). All other average balances are reported on a gross basis (before deducting ACL).

<sup>4</sup> As at Q4 2021, average personal secured loans was \$22.1 billion and average personal unsecured loans was \$19.2 billion. The loans are secured by securities, residential real estate, automotive assets and government guarantees.

<sup>5</sup> Commencing Q2 2021, certain loans are now classified as Retail - Small business and were previously classified as Wholesale, reflecting an alignment with capital measurement and reporting.

<sup>6</sup> AUA represents period-end spot balances and includes securitized residential mortgages and credit card loans as at October 31, 2021 of \$15 billion and \$3 billion, respectively (July 31, 2021 of \$15 billion and \$3 billion; October 31, 2020 of \$16 billion and \$7 billion).

<sup>1</sup> Effective Q4 2021, gains (losses) on economic hedges of our U.S. share-based compensation plans, which are reflected in revenue, and related variability in share-based compensation expense driven by changes in the fair value of liabilities relating to our U.S. share-based compensation plans have been reclassified from our Wealth Management segment to Corporate Support. Comparative amounts have been reclassified to conform with this presentation.

<sup>2</sup> PCL on performing assets represents Stage 1 and 2 PCL on all performing assets, except those classified or designated as FVTPL and equity securities designated as FVOCI. PCL on impaired assets represents Stage 3 PCL. Stage 3 PCL is comprised of lifetime credit losses of all credit-impaired financial assets, except those classified or designated as FVTPL and equity securities designated as FVOCI.

<sup>3</sup> See 'Glossary' beginning on page 36 for explanation of composition of this measure.

<sup>4</sup> Average total loans and acceptances are reported net of ACL. Average retail and wholesale loans and acceptance balances are reported on a gross basis (before deducting ACL).

<sup>1</sup> Net earned premiums excludes the cost of premiums to other institutions for reinsurance coverage, plus segregated fund deposits.

<sup>2</sup> Includes unrealized gains and losses on investments backing policyholder liabilities attributable to fluctuation of assets designated as FVTPL. The investments which support actuarial liabilities are predominantly fixed income assets designated as FVTPL. Consequently, changes in the fair values of these assets are recorded in Insurance premiums, investment and fee income in the Statements of Income and are largely offset by changes in the fair value of the actuarial liabilities, the impact of which is reflected in Insurance policyholder benefits, claims and acquisition expense (PBCAE).

<sup>3</sup> See 'Glossary' beginning on page 36 for explanation of composition of this measure.

<sup>4</sup> Premiums and deposits include premiums on risk-based insurance and annuity products, and individual and group segregated fund deposits, consistent with insurance industry practices.

<sup>5</sup> The revenue impact of the change in fair value on investments backing policyholder liabilities is reflected in Insurance premiums, investment and fee income and largely offset in PBCAE.

<sup>1</sup> PCL on performing assets represents Stage 1 and 2 PCL on all performing assets, except those classified or designated as FVTPL and equity securities designated as FVOCI. PCL on impaired assets represents Stage 3 PCL. Stage 3 PCL is comprised of lifetime credit losses of all credit-impaired financial assets, except those classified or designated as FVTPL and equity securities designated as FVOCI.

<sup>2</sup> See 'Glossary' beginning on page 36 for explanation of composition of this measure.

<sup>3</sup> Total compensation to revenue ratio is calculated as total human resources non-interest expense / total revenue (teb) for Front Office personnel and for functional support teams (Technology, Operations, and Functions). Total human resources non-interest expense includes salary, benefits, stock based compensation, severance, retention costs, and variable compensation.

<sup>1</sup> Effective Q4 2021, gains (losses) on economic hedges of our U.S. share-based compensation plans, which are reflected in revenue, and related variability in share-based compensation expense driven by changes in the fair value of liabilities relating to our U.S. share-based compensation plans have been reclassified from our Wealth Management segment to Corporate Support. Comparative amounts have been reclassified to conform with this presentation.

<sup>2</sup> Gains (losses) on economic hedges of our U.S. Wealth Management (including City National) share-based compensation plans are included in revenue and related variability driven by changes in the fair value of liabilities relating to these plans is included in share-based compensation expense.

**FLOW STATEMENT OF THE MOVEMENTS IN REGULATORY CAPITAL <sup>1</sup>**

(Millions of Canadian dollars)

**Common Tier 1 (CET1) capital**
**Opening amount**

New capital issues	
Redeemed capital	
Gross dividends and distribution on other equity instruments, net of tax	
Shares issued in lieu of dividends (add back)	
Profit for the year (attributable to shareholders of parent company)	
Removal of own credit spread (net of tax)	
Movement in other comprehensive income	
Currency translation differences (unrealized foreign currency translation gains/(losses), net of hedging activities)	
Investments (unrealized gains (losses) on Investment securities)	
Other	
Goodwill and other intangible assets (deduction, net of related tax liability)	
Other, including regulatory adjustments and transitional arrangements	
Deferred tax assets that rely on future profitability (excluding those arising from temporary differences)	
Defined benefit pension fund assets (net of related tax liability)	
Investment in common equity of deconsolidated subsidiaries & other significant investments	
Prudential valuation adjustments	
Other <sup>2</sup>	

**Closing amount**
**Other 'non-core' Tier 1 (Additional Tier 1) capital**
**Opening amount**

New non-core Tier 1 (additional Tier 1) eligible capital issues	
Redeemed capital	
Other, including regulatory adjustments and transitional arrangements <sup>3</sup>	

**Closing amount**
**Total Tier 1 capital**
**Tier 2 capital**
**Opening amount**

New Tier 2 eligible capital issues	
Redeemed capital	
Amortization adjustments	
Other, including regulatory adjustments and transitional arrangements <sup>4</sup>	

**Closing amount**
**Total regulatory capital**

<sup>1</sup> EAD for Standardized exposures are reported net of Stage 3 allowances and EAD for IRB exposures are reported gross of all allowances for credit loss and partial write-off as per regulatory definitions.

<sup>2</sup> Counterparty credit risk EAD reflects exposure amounts after netting. Collateral is included in EAD for repo-style transactions to the extent allowed by regulatory guidelines.

<sup>3</sup> EAD for undrawn credit commitments and other off-balance sheet amounts are reported after the application of credit conversion factors.

<sup>4</sup> Includes other off-balance sheet exposures such as letters of credit and guarantees.

<sup>5</sup> Geographic profile is based on the country of residence of the borrower.

<sup>6</sup> Includes residential mortgages and home equity lines of credit.

<sup>7</sup> Includes credit cards, unsecured lines of credit and overdraft protection products.

<sup>8</sup> Commencing Q2 2021, certain loans have been prospectively reclassified from our Corporate to Other retail portfolio reflecting an alignment with capital measurement and reporting.

<sup>9</sup> Excludes securitization, banking book equities and other assets not subject to the standardized or Internal Ratings Based (IRB) approach as well as exposures from the Paycheck Protection Program instituted by the U.S. government in Q2 2020.

<sup>1</sup> Actual loss reflects internal credit loss experience realized over a given period. Actual loss rate is the sum of PCL on impaired loans divided by average of loans and acceptances period end outstanding for the current and prior 3-quarter period.

<sup>2</sup> Estimated loss represents the expected loss calculated using the Basel III "through the cycle" parameters of PD x LGD x EAD, which is estimated based on available historical loss data for Advanced Internal Ratings Based (AIRB) exposures as of the prior 12 month period. Estimated loss rate represents the expected loss as a proportion of drawn EAD.

<sup>3</sup> Average annual actual loss rate from fiscal 2003 through to the most recent full year. The information is updated on an annual basis and is based on consolidated results. The Average historical actual loss rate on a continuing operations basis is 0.31%.

<sup>4</sup> Back-testing is performed to check the effectiveness of the models used to measure PD, LGD and EAD. Actual and Estimated percentages for Retail are as of the reporting quarter. Actual and Estimated percentages for Wholesale are reported on a one quarter lag.

<sup>5</sup> There are several key differences under current Basel and IFRS 9 reporting rules which could lead to significantly different expected loss estimates for PD and LGD. Basel parameters reflect historical experience adjusted for periods of downturn whereas IFRS 9 parameters are based on forward-looking macroeconomic scenarios. For further information refer to our 2021 Annual Report.

<sup>6</sup> Wholesale back-testing average probability of default reflects the implementation of model parameter updates.

<sup>7</sup> For Retail, EAD rate represents the utilization of the authorized credit limit. For Wholesale, EAD rate represents the utilization of the undrawn amount.

<sup>1</sup> As at Q4 2021, positive and negative fair values exclude market and credit valuation adjustments of \$810 million and \$27 million respectively that are determined on a pooled basis.

<sup>2</sup> Impact of offsetting derivative assets and liabilities on contracts where we have both (a) unconditional and legally enforceable netting agreement in place and (b) we intend to settle the contracts on either a net basis or simultaneously. The right of setoff is considered unconditional if its exercise is not contingent upon the occurrence of a future event; it is considered conditional if it becomes exercisable only upon the occurrence of a future event, such as bankruptcy, insolvency, default, or change in control.

<sup>3</sup> Notional amounts do not represent assets or liabilities and therefore are not recorded in our Consolidated Balance Sheet.

<sup>4</sup> The majority of non-centrally cleared over the counter derivative activity is conducted with other professional market counterparties, under bilateral collateral arrangements with very low unsecured thresholds and daily collateral valuations. These collateral arrangements take the form of Credit Support Annex, to the International Swaps and Derivatives Association master agreement.

<sup>5</sup> Comprises precious metal, commodity, stable value and equity-linked derivative contracts and excludes loan-related commitment derivatives of \$9 billion which are not classified as derivatives under CAR guidelines.

<sup>1</sup> The amounts presented are net of master netting agreements in accordance with CAR guidelines.

<sup>2</sup> Replacement cost, credit equivalent amount and risk-weighted equivalent are determined using the standardized approach for measuring counterparty credit risk (SA-CCR) in accordance with the Capital Adequacy Requirements (CAR).

<sup>3</sup> The risk-weighted balances are calculated in accordance with CAR guidelines and excludes CVA of \$18 billion (October 31, 2020 - \$18 billion).

<sup>1</sup> See 'Glossary' beginning on page 36 for explanation of composition.

<sup>2</sup> Business segment ROE is based on Average attributed capital. Under/(over) attribution of capital is reported in Corporate Support.

<sup>3</sup> Effective Q4 2021, gains (losses) on economic hedges of our U.S. share-based compensation plans, which are reflected in revenue, and related variability in share-based compensation expense driven by changes in the fair value of liabilities relating to our U.S. share-based compensation plans have been reclassified from our Wealth Management segment to Corporate Support. Comparative amounts have been reclassified to conform with this presentation.

<sup>4</sup> We do not report ROE and RORC for Corporate Support as they are considered not meaningful.

## Non-GAAP financial measures and non-GAAP ratios

Management measures and evaluates the performance of our consolidated operations and each of our segments based on variety of financial measures. In addition to generally accepted accounting principles (GAAP) prescribed measures, we use certain non-GAAP measures and key performance measures. We believe these measures provide useful information to investors regarding our financial condition and result of operations:

- Providing EPS excluding the dilutive impact of exchangeable shares enhances comparability as some institutions do not utilize such structures.
- The adjusted efficiency ratio is a useful measure as changes in the fair value of investments backing policyholder liabilities can lead to volatility in total revenue that could obscure trends in underlying business performance and reduce comparability with prior periods.
- Teb adjusted amounts are useful to illustrate the impact of tax-advantaged revenue sources in our Capital Markets business on our effective tax rate.
- Measures which exclude the impact of the amortization or impairment of intangibles (excluding software) and goodwill enhances comparability as transaction specific intangible assets and/or goodwill can differ widely between organizations and impairments can give rise to volatility in a particular period.

For details, refer to the "How we measure and report our business segments" section of our Report to Shareholders. Readers are cautioned that non-GAAP measures do not have any standardized meanings prescribed by GAAP and therefore are unlikely to be comparable to similar measures disclosed by other companies.

### Adjusted basis measures

Adjusted basis measures such as adjusted net income available to common shareholders, adjusted diluted earnings per share (EPS) and adjusted ROE are calculated by adding back to net income the after-tax amount of amortization of intangibles (excluding amortization of software), any goodwill impairment, the dilutive impact of exchangeable shares, and other significant non-recurring items.

### Adjusted efficiency ratio, operating leverage, Non-interest expense growth and revenue growth

The ratio and calculations are adjusted to exclude specified items and the change in fair value backing our policyholder liabilities from revenue (adjusted total revenue) and revenue growth. Refer to 'Glossary' for the definition of the efficiency ratio, operating leverage, Non-interest expense growth and revenue growth. For further details on adjusted total revenue and adjusted efficiency ratio see our Report to Shareholders.

### Effective tax rate (teb)

Effective tax rate (teb) is calculated using the income tax expense for the period adjusted for the teb amount divided by the net income before tax for the period also adjusted for the teb amount. For teb, refer to Glossary section, following.

### Net income available to common shareholders excluding the after-tax effect of amortization of other intangibles

Net income available to common shareholders with the after-tax effect of amortization of other intangibles added back.

### Return on Tangible Common Equity (ROTCE)

Net income available to shareholders excluding the after-tax impact of amortization and write down of other intangibles (excluding software) and goodwill divided by average tangible common equity. ROTCE is based on actual balances of average tangible common equity before rounding.

### Tangible common equity

Common equity excluding goodwill and other intangibles (excluding software) net of deferred tax.

## Glossary

### Assets under administration (AUA)

Assets administered by us, which are beneficially owned by clients. Services provided in respect of assets under administration are of an administrative nature, including safekeeping, collecting investment income, settling purchase and sale transactions, and record keeping.

### Assets under management (AUM)

Assets managed by us, which are beneficially owned by clients. Services provided in respect of assets under management include the selection of investments and the provision of investment advice. We have assets under management that are also administered by us and included in assets under administration.

### Attributed capital

We attributed capital based on the Basel III regulatory capital requirements and economic capital.

### Average Balances (assets, loans and acceptances, deposits, risk capital etc)

Calculated using methods intended to approximate the average of the daily balances for the period, as applicable.

### Average common equity

Calculated using methods intended to approximate the average of the daily balances for the period. For the business segments, calculated using methods intended to approximate the average of the daily attributed capital for the period.

### Average earning assets, net

Average earning assets include interest-bearing deposits with other banks, securities, net of applicable allowance, assets purchased under reverse repurchase agreements and securities borrowed, loans, net of allowance, cash collateral and margin deposits. Insurance assets, and all other assets not specified are excluded. The averages are based on the daily balances for the period.

### Book value per share

Common equity divided by Common shares outstanding.

### Capital charge

Calculated by multiplying the cost of capital by the amount of average common equity. The cost of capital is a proxy for the after-tax return that we estimate to be required by shareholders for the use of their capital.

### Capital ratios

The percentage of risk-adjusted assets supported by capital, using the guidelines of OSFI based on standards issued by the Bank for International Settlements and GAAP financial information.

### Common equity

Common equity includes common shares, common treasury shares, retained earnings and other components of equity.

### Common Equity Tier 1 ratio

Common Equity Tier 1 (CET1) capital under Basel III comprises the highest quality of capital including common shares, retained earnings, accumulated other comprehensive income and other items. Regulatory adjustments such as goodwill and intangibles, deferred tax assets, and other components subject to threshold deductions are excluded from CET1 capital. This ratio is calculated by dividing CET1 by risk-weighted assets, in accordance with OSFI's Basel III Capital Adequacy Requirements guideline.

### Diluted EPS

Diluted EPS is net income attributable to common shareholders divided by the average diluted shares outstanding. Both net income and number of shares outstanding have been adjusted for the impact of exchangeable shares.

### Dividend payout ratio

Common dividends as a percentage of net income available to common shareholders.

**Dividend yield**

Dividends per common share divided by the average of the high and low share prices in the relevant period.

**Efficiency ratio**

Non-interest expense as a percentage of total revenue. For adjusted efficiency ratio refer to the Non-GAAP measures on page 36.

**Goodwill and intangibles**

Goodwill represents the excess of the price paid for the business acquired over the fair value of the net identifiable assets acquired. An intangible asset is an identifiable non-monetary asset without physical substance.

**Insurance Assets**

Comprised of all assets related to the Insurance business.

**Market capitalization**

End of period common shares outstanding multiplied by the closing common share price on the Toronto Stock Exchange.

**Market price to book value**

Closing share price divided by book value per share.

**Net impaired loans and acceptances**

Gross impaired loans and acceptances less the associated allowance for credit losses on impaired loans by portfolio.

**Net interest margin (NIM) (average assets)**

Net interest income as a percentage of total average assets.

**Net interest margin (NIM) (average earning assets, net)**

Net interest income as a percentage of total average earning assets, net.

**NIM (total average assets) excluding trading assets, trading net interest income and insurance assets**

Net Interest Income less trading net interest income divided by total average assets less average trading and insurance assets.

**Net write-offs**

Gross write-offs less recoveries of amounts previously written off.

**Non-interest expense Growth**

The growth rate is calculated based on Non-interest expense in the same period a year ago. For adjusted Non-interest expense growth refer to the Non-GAAP measures on page 36.

**Operating leverage**

The difference between our revenue growth rate and non-interest expense growth rate. For adjusted operating leverage ratio, refer to the Non-GAAP measures on page 36.

**Related loans and acceptances**

Loans gross of ACL plus acceptances gross of ACL.

**Return on assets (ROA)**

Net income as a percentage of average assets.

**Return on common equity (ROE)**

Business segment return on equity is calculated as net income available to common shareholders divided by Average attributed capital for the period and using methods that are intended to approximate the average of the daily balances for the period. Corporate Support also includes average unattributed capital. ROE is based on actual balances of average common equity before rounding.

**Return on risk capital (RORC)**

Net income available to common shareholders divided by average risk capital. Business segment RORC is calculated as net income available to common shareholders divided by average risk capital for the period. RORC is based on actual balances of average common equity before rounding.

**Return on risk-weighted assets**

Net income as a percentage of average risk-weighted assets.

**Revenue Growth**

The growth rate is calculated based on revenue in the same period a year ago. For adjusted revenue growth, refer to the Non-GAAP measures on page 36.

**Risk capital**

Risk capital is attributed capital excluding goodwill and other intangibles.

**Risk-weighted assets (RWA) - Basel III**

Used in the calculation of risk-based capital ratios as defined by the guidelines issued by OSFI. The guidelines are Basel III effective January 1, 2013 and the "Basel III: A global regulatory framework for more resilient banks and banking systems - December 2010 (rev June 2011)" issued by the Basel Committee on Banking Supervision (BCBS) and adopted by OSFI effective January 2013. A majority of our credit risk portfolios use IRB Approach and the remainder uses Standardized Approach for the calculation of RWA based on the total exposure (i.e. exposure at default, and counterparty risk weights). For market risk measurement we use the internal models approach for products with regulatory approval and a standardized approach for all other products. For Operational risk, we use the Standardized Approach (SA). In addition, Basel III requires a transitional capital floor adjustment.

**Taxable equivalent basis (teb)**

Income from certain specified tax-advantaged sources is increased to a level that would make it comparable to income from taxable sources. There is an offsetting adjustment in the tax provision, thereby generating the same after-tax net income. We record teb adjustments in Capital Markets and record elimination adjustments in Corporate Support.

**Total trading revenue**

Total trading revenue is comprised of trading related revenue recorded in Net interest income and Non-interest income.

**Trading Assets**

Include Trading securities, Assets purchased under reverse repurchase agreements and securities borrowed and Derivatives.

**Unattributed capital**

Unattributed capital represents common equity in excess of common equity attributed to our business segments and is reported in the Corporate Support segment.

**n.a.**

Not applicable

## Sector definitions

### Agriculture

This sector group consists of: i) Agricultural Services and Wholesale, and ii) Farming (livestock, fishing, crops).

### Automotive

This sector group consists of: i) Automotive Captive Finance, ii) Automotive Manufacturers and Suppliers, and iii) Automotive Wholesale, Sales and Services.

### Banking

This sector group consists of: i) Personal and commercial banking institutions, ii) Credit unions, iii) Brokers and Dealers, iv) Consumer and Commercial Finance, and v) Credit intermediation activities.

### Consumer discretionary

This sector group consists of: i) Durable Consumer Goods, ii) Hotels, iii) Recreation, iv) Restaurants, v) Retail, and vi) Textiles & Apparel.

### Consumer staples

This sector group consists of: i) Food and Beverage, ii) Medical Equipment, iii) Pharmaceuticals, and iv) Tobacco.

### Oil and gas

This sector group consists of: i) Oil & Gas - Drilling and Services, ii) Oil & Gas - Exploration and Production, iii) Oil and Gas – Integrated, and iv) Oil & Gas - Refining, Marketing and Distribution.

### Financial services

This sector group is comprised of: i) Funds and Trusts, ii) Hedge Funds, and iii) Insurance.

### Financing products

This sector group consists of: i) Asset Backed Securities for Consumer Products (such as auto, cards, student loan and others) and Commercial products (such as trade receivables), ii) Mortgage Backed Securities, iii) Collateralized Obligations, and iv) Other.

This sector includes liquidity lines and other exposures to RBC sponsored conduits issued by third parties.

### Forest products

This sector group consists of: i) Pulp, Paper and Sawmills, and ii) Wholesale Lumber and Construction Material.

### Governments

This sector group consists of: i) Federal Governments, ii) Central Banks, iii) Provincial Governments, iv) Municipal Governments, and v) Other Government Affiliated Entities.

### Industrial products

This sector group consists of: i) Building Materials, ii) Chemicals, iii) Glass, Rubber, and Plastics, iv) Heavy and Farm Equipment, v) Machinery and Equipment, vi) Metal Products, and vii) Paper and Packaging.

### Information technology

This sector group is consists of: i) Computer Hardware and Software, and ii) Communication Equipment and Semiconductors.

### Investments

This sector group consists of: i) High Net Worth Individuals, ii) Holding Companies, and iii) Conglomerates.

### Mining and metals

This sector group consists of: companies that mine metals such as i) Steel, ii) Gold, iii) Base Metals, and iv) Other mined commodities.

### Public works and infrastructure

This sector group consists of: i) Companies that build infrastructure which includes highways, bridges, tunnels, pipes, and sewer construction, and ii) Project Engineering Services Firms.

### Real estate and related

This sector group consists of: i) Agents and Services, ii) Commercial Real Estate, and iii) Contractors.

### Other services

This sector group consists of: i) Health Services, ii) Business Services, iii) Educational Services, iv) General Services, v) Non-Profit Organizations, and vi) Social Services.

### Telecommunication and Media

This sector group consists of: i) Media (radio, film, TV), ii) Publishing, and iii) Telecommunication and Cable.

### Transportation

This sector group consists of: i) Air Transport, ii) Ground Transport, iii) Marine Transport, and iv) Rail Transport.

### Utilities

This sector group consists of: i) Electric Utilities, ii) Midstream, iii) Natural Gas Distribution, and iv) Pipelines.

### Other

The Not Elsewhere Classified sector group includes i) Not Elsewhere Classified, and ii) Other.
