PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING

Not Applicable

2. RATINGS

Ratings:

The Notes to be issued are expected to be specifically rated:

Moody's Canada: A1

Obligations rated "A" are considered upper medium-grade and are subject to low credit risk. The modifier "1" indicates the highest ranking within this category. (Source: <https://ratings.moodys.io/ratings>)

S&P Canada: A

A long term obligation rated "A" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the Issuer's capacity to meet its financial commitments on the obligation is still strong. (Source: S&P, https://www.standardandpoors.com/en_US/web/guest/article/-/view/sourceId/504352)

Fitch: AA-

Obligations rated "AA" denote expectations of very low default risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events. Fitch's credit rating scale for issuers and issues is expressed using the categories 'AAA' to 'BBB' (investment grade) and 'BB' to 'D' (speculative grade) with an additional +/- for AA through CCC levels indicating relative differences of probability of default or recovery for issues. (Source: Fitch, <https://www.fitchratings.com/products/rating-definitions>)

A credit rating is not a recommendation to buy, sell or hold Notes and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency.

Credit ratings are for distribution only to a person (a) who is not a "retail client" within the meaning of section 761G of the Corporations Act and is also a sophisticated investor, professional investor or other investor in respect of whom disclosure is not required under Parts 6D.2 or 7.9 of the Corporations Act, and (b) who is otherwise permitted to receive credit ratings in accordance with applicable law in any jurisdiction in which the person may be located. Anyone who is not such a person is not entitled to receive this Pricing Supplement and anyone who receives this Pricing

Supplement must not distribute it to any person who is not entitled to receive it.

8. ADDITIONAL DISCLOSURE

Other disclosure: The Royal Bank of Canada (“**Bank**”) is registered in Australia as a “Foreign Company (Overseas)” and is a foreign “authorised deposit-taking institution” (“**foreign ADI**”) as that term is defined under the Banking Act 1959 of Australia (“**Australian Banking Act**”) in the category of a “Branch of a Foreign Bank”. As a foreign ADI, the Issuer is regulated by the Australian Prudential Regulation Authority in accordance with the Australian Banking Act. However, the Notes are being issued by the Bank acting through its Main Toronto Branch and not at or through its branch in Australia. The depositor protection provisions of Division 2 of Part II of the Australian Banking Act do not apply to the Issuer.

Additional risk applicable to Bail-inable Notes:

Following a Bail-in Conversion, Holders of Bail-inable Notes lodged in the Austraclear System that have been converted into common shares may face operational and procedural risks as it is not possible for common shares to be delivered or held in the Austraclear System

Where the Bail-inable Notes are lodged in the Austraclear System, Austraclear is recorded as the registered holder of such Bail-inable Notes and holds those Bail-inable Notes as nominee for participants in the Austraclear System, who in turn may hold interests on behalf of underlying beneficial owners. Upon a Bail-in Conversion, whereby the Bail-inable Notes may be converted into common shares of the Issuer or its affiliates, holders of the Bail-inable Notes should be aware that the Austraclear System is not able to accept or facilitate the holding or transfer of equity securities, including common shares. As a result, upon a Bail-in Conversion, it will not be possible for common shares or other equity securities to be delivered or held through the Austraclear System. Instead, an alternative mechanism will be required to effect delivery of common shares or other equity securities of the Issuer or its affiliates to the ultimate beneficial owners, which may involve the withdrawal of the Bail-inable Notes from the Austraclear System, the identification of participants and underlying beneficial owners, and the delivery of common shares or other equity securities of the Issuer or its affiliates outside the Austraclear System, potentially through the appointment of a share trustee or similar arrangement. This process may be operationally complex, may result in delays or additional administrative steps, and may give rise to uncertainties or costs in relation to the timely and effective delivery of common shares or other equity securities of the Issuer or its affiliates to holders of the Bail-inable Notes or beneficial owners. There can be no assurance that any such alternative arrangements will operate smoothly or without disruption, and Holders of the Bail-inable Notes may be exposed to risks of delay, loss of value, or difficulties in realising or disposing of common shares or other equity securities of the Issuer or its affiliates received upon a Bail-in Conversion. Holders should consider these operational and procedural risks when assessing an investment in the Bail-inable Notes.

Additional Australian tax disclosure:

As set out in Appendix C to this Pricing Supplement.

APPENDIX B TO PRICING SUPPLEMENT

This is Appendix B to the Pricing Supplement dated September 5, 2025 and describes the clearing and settlement system operated by Austraclear in Australia for holding securities and electronic recording and settling of transactions in those securities between participants of that system and known as the Austraclear System. It is intended that the Notes will be cleared and traded in the Austraclear System.

Terms used but not otherwise defined in this Appendix B have the meanings given to them in the Terms and Conditions.

The Austraclear System

The Issuer may apply to Austraclear for approval for any Notes to be traded on the Austraclear System. Upon approval by Austraclear, those Notes will be traded through Austraclear in accordance with the Austraclear Regulations. Such approval by Austraclear is not a recommendation or endorsement by Austraclear of such Notes.

It is intended that, on issue of the Notes, the Issuer will procure that the Notes are entered into the Austraclear System. On entry, Austraclear will become the sole registered holder and legal owner of such Notes. Participants of the Austraclear System ("**Accountholders**") acquire rights against Austraclear in relation to those Notes as beneficial owners and Austraclear is required to deal with the Notes in accordance with the directions and instructions of the Accountholders. Any potential investors who are not Accountholders may hold their interest in the relevant Notes through a nominee who is an Accountholder. All payments by the Issuer in respect of Notes entered in the Austraclear System will be made directly to an account agreed with Austraclear or as it directs in accordance with the Austraclear Regulations.

Secondary Market Sales and Austraclear

Secondary market sales of Notes settled in the Austraclear System will be settled in accordance with the Austraclear Regulations.

Relationship of Accountholders with Austraclear

Notes are lodged with a validly marked and executed transfer and acceptance form (which must be consistent with the Accountholders lodgement report) being delivered or faxed to Austraclear with the lodging Accountholder as transferor and Austraclear as transferee. The Notes are entered into the Accountholder's Security Record (as defined in the Austraclear Regulations) but, in accordance with the lodged transfer and acceptance form, are transferred to Austraclear.

The Austraclear System facilitates settlement at the point of issue of a Note by matching payments made by an Accountholder to that Accountholder's account with Austraclear against instructions from the Issuer to issue the Note. The opposite is true of redemption. Austraclear will not be liable for any amounts owing to the Issuer, upon issue, or to investors, upon either payment of interest or amounts due on redemption, which have not been paid to it.

Where Austraclear is registered as the holder of Notes that are lodged in the Austraclear System, Austraclear may, in certain specified circumstances as set out in the Austraclear Regulations, instruct the Registrar to transfer or 'withdraw' the Notes to the person in whose Security Record (as defined in the Austraclear Regulations) those Notes are recorded without any consent or action of such transferee and, as a consequence, remove those Notes from the Austraclear System.

Relationship between Austraclear and other clearing systems

Transactions relating to interests in the Notes may also be carried out through Euroclear or Clearstream Luxembourg.

Interests in the Notes traded in the Austraclear System may be held for the benefit of Euroclear or Clearstream, Luxembourg. In these circumstances, entitlements in respect of holdings of interests in Notes in Euroclear would be held in the Austraclear System by a nominee of Euroclear (currently HSBC Custody Nominees (Australia) Limited) while entitlements in respect of holdings of interests in Notes in Clearstream, Luxembourg

would be held in the Austraclear System by a nominee of Clearstream, Luxembourg (currently BNP Paribas, Australia Branch).

The rights of a holder of interests in a Note held through Euroclear or Clearstream, Luxembourg are subject to the respective rules and regulations for accountholders of Euroclear and Clearstream, Luxembourg, the terms and conditions of agreements between Euroclear and Clearstream, Luxembourg and their respective nominee and the rules and regulations of the Austraclear System. In addition, any transfer of interests in a Note, which is held through Euroclear or Clearstream, Luxembourg will, to the extent such transfer will be recorded on the Austraclear System, be subject to the Corporations Act and the requirements for minimum consideration as set out in the Conditions.

Responsibility

The Issuer will not be responsible for the operation of the clearing arrangements which is a matter for the clearing institutions, their nominees, their participants and investors.

APPENDIX C TO PRICING SUPPLEMENT

*This is Appendix C to the Pricing Supplement dated September 5, 2025 and is a summary of the withholding tax treatment under the Income Tax Assessment Acts 1936 and 1997 of Australia (together, the “**Australian Tax Act**”) and the Taxation Administration Act 1953 of Australia (“**Tax Administration Act**”) of payments of interest (as defined in the Australian Tax Act) on the Notes and certain other Australian tax matters in respect of the Notes to be issued by the Issuer acting through its Main Toronto Branch under the Programme.*

Under Australian laws as presently in effect:

- *interest withholding tax* – so long as the Issuer continues to be a non-resident of Australia and the Notes issued by it are not attributable to a permanent establishment of the Issuer in Australia, payments of principal and interest made under Notes issued by it should not be subject to Australian interest withholding tax imposed under Division 11A of Part III of the Australian Tax Act;
- *supply withholding tax* – payments in respect of the Notes can be made free and clear of the “supply withholding tax” imposed under section 12-190 of Schedule 1 to the Tax Administration Act;
- *TFN withholding* – so long as the Issuer continues to be a non-resident of Australia and does not issue the Notes at or through a permanent establishment in Australia, the tax file number requirements of Part VA of the Australian Tax Act and section 12-140 of Schedule 1 to the Tax Administration Act should not apply to the Issuer;
- *goods and services tax (“GST”)* - neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of Notes will comprise either an input taxed financial supply, a GST-free supply or a supply which is outside the scope of the GST law. Furthermore, neither the payment of principal or interest by the Issuer, nor the disposal of the Notes, would give rise to any GST liability in Australia; and
- *stamp duty and other taxes* - no *ad valorem* stamp, issue, registration or similar taxes are payable in any Australian State or Territory on the issue, transfer or redemption of any Notes.
