This indemnity is in addition to and not a limitation of any other obligation of the Partnership to the Managing GP or the Liquidation GP including the obligation of the Partnership to reimburse or repay the Managing GP and the Liquidation GP on account of costs, outlays, disbursements and expenditures incurred by or

on their behalf but this indemnity will not be in derogation of the provisions of Section 2.14. Payments in respect of this Section 2.15 shall be made solely in accordance with Article 6 (Priorities of Payments).

- (2) Subject to complying with Article 6 (Priorities of Payments), the Partnership may purchase and maintain (or reimburse the Managing GP or Liquidation GP insurance) on behalf of such Persons in such amount as the Managing GP (or following a Managing GP Default, the Liquidation GP) may determine, and, while there are Covered Bonds outstanding, with the consent of the Bond Trustee, against any liability that may be asserted against or expense that may be incurred by such Person in connection with the Partnership's activities, whether or not the Partnership would have the power to indemnify those Persons against those liabilities under the provisions of this Agreement.
- (3) The Managing GP and the Liquidation GP will hold the benefit of this indemnity in trust and as agent for their respective shareholders, directors, officers, employees and agents.

Section 2.17 Compliance with Laws.

The Limited Partner will, on the request of the Managing GP from time to time, execute, without undue delay, any documents or instruments considered by the Managing GP to be necessary to comply with any applicable law or regulation of the Province of Ontario or any other jurisdiction in which the Partnership carries on business, for the continuation, operation and good standing of the Partnership.

Upon the Managing GP resuming its role as the managing general partner of the Partnership, this Section 11.2(2) shall continue to apply in respect of any further Managing GP Default.
- (3) At any time the Liquidation GP is the Managing GP pursuant to Section 11.2(2), the Liquidation GP as managing general partner, shall not retain any administrative agent or other analogous entity to fulfil the managing general partner’s responsibility or role to carry on, oversee, manage or otherwise administer the Business, activities and assets of the Partnership, that would result in the Partnership not being Independently Controlled and Governed (as such term is used in the Guide).

Section 11.3 Resignation of Managing GP or the Liquidation GP.

The Managing GP (provided Rating Agency Confirmation is received in respect thereof) or the Liquidation GP may resign as the managing general partner or the liquidation general partner, as the case may be, on not less than 180 days’ written notice to the Partners, and such resignation will become effective upon the earlier of the appointment of a replacement by unanimous consent of the remaining Partners, and while

Section 11.7 New Managing GP.

- (1) The New Managing GP must not be a “non resident” of Canada within the meaning of the *Income Tax Act* and must become a party to this Agreement by signing a counterpart hereof. The New Managing GP must agree to be bound by all of the provisions of this Agreement and any other agreement respecting the Partnership to which the Departing Managing GP is bound and must assume the obligations, duties and liabilities of the Managing GP under such agreements as of the date that the New Managing GP becomes the managing general partner.
- (2) At any time the Liquidation GP becomes the Managing GP pursuant to the terms of this Agreement, it may appoint a replacement Managing GP for itself, with the consent of the Limited Partner and, while there are Covered Bonds outstanding, the Bond Trustee. Following the appointment of a replacement Managing GP for the Liquidation GP, the Liquidation GP shall cease to be the Managing GP and resume its rights and obligations hereunder as liquidation general partner, and shall be treated as a Departing Managing GP, provided that it will not be released as the liquidation general partner pursuant to Section 11.5.

ARTICLE 12 DISSOLUTION OF PARTNERSHIP

Section 12.4 Liquidation of Assets and Distribution of Proceeds of Liquidation.

- (1) The receiver appointed pursuant to Section 12.3 will prepare or cause to be prepared a statement of financial position of the Partnership which will be reported upon by the Guarantor LP Auditors, if applicable, and a copy of which will be forwarded to each Person who was shown on the Record as a Partner at the date of dissolution. Subject to the terms of the Transaction Documents, the receiver will wind up the affairs of the Partnership and all property of the Partnership will be liquidated in an orderly manner and will distribute the net proceeds of the liquidation of the Partnership in accordance with Article 6 (Priorities of Payments). The receiver will manage and operate the assets and undertaking of the Partnership and will have all powers and authority of the Managing GP under this Agreement. The receiver will be paid its reasonable fees and disbursements incurred in carrying out its duties as such.
- (2) If the Partnership is required to make “*in specie*” distributions of property in lieu of cash, then the fair market value (as determined by the receiver) thereof shall be used to determine the amounts to be distributed under this Section 11.4, and in the event that “*in specie*” distributions are required in a case where the Partnership has granted security on any of its assets, then such assets may be distributed directly or indirectly (including via another entity) in such manner as is considered appropriate by the Managing GP and while there are Covered Bonds outstanding, the Bond Trustee, so as to preserve such security interest while giving the Partners (except for the Liquidation GP), directly or indirectly, the *pro rata* interests they are entitled to.

Any liberty or right which may be exercised or determination which may be made under this Agreement by the Bond Trustee may be exercised or made in the Bond Trustee's absolute discretion without any obligation to give reasons therefore and the Bond Trustee shall not be responsible for any liability occasioned by so acting if acting in accordance with the terms of the Trust Deed and the Security Agreement, but without prejudice to the obligation of the Bond Trustee to act reasonably.

Schedule 2

Asset Coverage Test and Amortization Test

Part I – Asset Coverage Test

- (a) The “**Asset Coverage Test**” is met if the Adjusted Aggregate Asset Amount (as defined below) shall be in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date (the “**ACT Liability Value**”). For greater certainty, references in this Schedule to “**immediately preceding Calculation Date**” and “**previous Calculation Date**” are to the Calculation Period ending on the Calculation Date.
- (b) For the purposes of the Asset Coverage Test the “**Adjusted Aggregate Asset Amount**” means the amount calculated as at each Calculation Date as follows:

$$A+B+C+D+E-F$$

where,

A = the lower of (i) and (ii), where:

(i) = the sum of the “**LTV Adjusted True Balance**” of each Loan in the Covered Bond Portfolio, which shall be the lower of (1) the actual True Balance of the relevant Loan in the Covered Bond Portfolio on such Calculation Date, and (2) the Market Value of the Property subject to the Mortgage forming part of the Related Security relating to that Loan multiplied by M (where for all Eligible Loans that are Performing Loans M = 80% and for all Loans that are Non-Performing Loans or Non-Eligible Loans M = 0);

minus

the aggregate sum of the following deemed reductions to the aggregate LTV Adjusted True Balance of the Loans in the Covered Bond Portfolio if any of the following occurred during the previous Calculation Period:

(1) a Loan (other than a Non-Performing Loan or Non-Eligible Loan) or its Related Security was, in the immediately preceding Calculation Period, in breach of the Representations and Warranties contained in the Mortgage Sale Agreement or subject to any other obligation of the Seller to repurchase the relevant Loan and its Related Security, and in each case the Seller has not repurchased such Loan or Loans of the relevant Borrower and its or their Related Security to the extent required by the terms of the Mortgage Sale Agreement. In this event, the aggregate LTV

Adjusted True Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the LTV Adjusted True Balance of such Loan or Loans on such Calculation Date; and/or

(2) the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Mortgage Sale Agreement and/or the Servicer was, in any preceding Calculation Period, in breach of a material term of the Servicing Agreement. In this event, the aggregate LTV Adjusted True Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the Partnership in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Partnership by the Seller to indemnify the Partnership for such financial loss);

AND

(ii) = the aggregate “**Asset Percentage Adjusted True Balance**” of the Loans in the Covered Bond Portfolio which in relation to each Loan shall be the lower of (1) the actual True Balance of the relevant Loan as calculated on such Calculation Date, and (2) the Market Value of the Property subject to the Mortgage forming part of the Related Security relating to that Loan multiplied by N (where for all Eligible Loans that are Performing Loans, N = 1 and for all Loans that are Non-Performing Loans or Non-Eligible Loans N = 0);

minus

the aggregate sum of the following deemed reductions to the aggregate Asset Percentage Adjusted True Balance of the Loans in the Covered Bond Portfolio if any of the following occurred during the previous Calculation Period:

(1) a Loan (other than a Non-Performing Loan or Non-Eligible Loan) or its Related Security was, in the immediately preceding Calculation Period, in breach of the Representations and Warranties contained in the Mortgage Sale Agreement or subject to any other obligation of the Seller to repurchase the relevant Loan and its Related Security, and in each case the Seller has not repurchased such Loan or Loans of the relevant Borrower and its or their Related Security to the extent required by the terms of the

Mortgage Sale Agreement. In this event, the aggregate Asset Percentage Adjusted True Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the Asset Percentage Adjusted True Balance of such Loan or Loans on such Calculation Date; and/or

(2) the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Mortgage Sale Agreement and/or the Servicer was, in any preceding Calculation Period, in breach of a material term of the Servicing Agreement. In this event, the aggregate Asset Percentage Adjusted True Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the Partnership in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Partnership by the Seller to indemnify the Partnership for such financial loss),

the result of the calculation in this paragraph (ii) being multiplied by the Asset Percentage (as defined below);

AND

(iii) With respect to any such calculations, any Loan included in the Covered Bond Portfolio secured on a Property which also secures one or more other Loans included in the Covered Bond Portfolio, any breach of the Loan Representations and Warranties in respect of one such Loan will be deemed to be a breach in respect of all such Loans in the Covered Bond Portfolio secured on the same Property;

B = the aggregate amount of any Principal Receipts on the Loans in the Covered Bond Portfolio (excluding proceeds from any sale of such Loans) up to such Calculation Date (as recorded in the Principal Ledger) which have not been applied as at such Calculation Date to acquire further Loans and their Related Security or otherwise applied;

C = the aggregate amount of any Cash Capital Contributions made by the Partners (as recorded in the Capital Account Ledger for each Partner of the Partnership) or proceeds advanced under the Intercompany Loan Agreement or proceeds from any sale of Loans or other cash exclusive of Revenue Receipts which have not been applied as at such Calculation Date provided such amount is not greater than the sum of (i) any such amounts received within such Calculation Period; and (ii) the amount necessary to meet the Partnership's payment obligations in the six

months immediately succeeding such Calculation Date pursuant to the provisions of the Transaction Documents or such greater amount as CMHC may permit;

D = the aggregate outstanding principal balance of any Substitute Assets;

E = the Reserve Fund balance, if applicable; and

F = the amount equal to the sum of:

(i) the greater of the following amounts determined in respect of outstanding Covered Bonds issued prior to the CMHC Programme Registration Date: (A) the weighted average remaining maturity expressed in years of such Covered Bonds multiplied by the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of such Covered Bonds multiplied by the Pre-Registration Negative Carry Factor; and (B) the amount determined in respect of such Covered Bonds pursuant to (ii) immediately below (without regard to such Covered Bonds having been issued prior to the CMHC Programme Registration Date), and

(ii) (A) nil, where cash flows are being exchanged under the Covered Bond Swap Agreement; and (B) where cash flows are not being exchanged under the Covered Bond Swap Agreement, the weighted average remaining maturity expressed in years of the Covered Bonds issued after the CMHC Programme Registration Date then outstanding (provided that if the weighted average remaining maturity is less than one, the weighted average shall be deemed, for the purposes of this calculation, to be one) multiplied by the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds *multiplied* by the Negative Carry Factor where the “**Negative Carry Factor**” is, if the weighted average margin of the interest rate payable on the Covered Bonds relative to the interest rate receivable on the Covered Bond Portfolio is (i) less than or equal to 0.1% per annum, 0.5%, or (ii) greater than .1% per annum, then 0.5% plus such margin minus 0.1%.

“**Pre-Registration Negative Carry Factor**” means (i) 0.5% if the weighted average margin of the interest rate payable on the Covered Bonds is less or equal to 0.1% per annum, or (ii) 0.5% plus that margin minus 0.1%, if that margin is greater than 0.1% per annum (provided that if the weighted average remaining maturity is less than one, the weighted average shall be deemed, for the purposes of this calculation, to be one).

(c) The “**Asset Percentage**” shall be determined as follows:

(1) On or prior to the Guarantor LP Payment Date immediately following the Cash Flow Model Calculation Date (as defined below) falling in February, May,

August and November of each year, and on such other date as the Limited Partner may request following the date on which the Bank is required to assign the Interest Rate Swap Agreement to a third party (each such date, a “**Cash Flow Model Calculation Date**”), the Managing GP (or the Cash Manager on its behalf) will notify the Rating Agencies of the percentage figure determined by it as the Asset Percentage, being the over-collateralization required, in connection with any other factors considered by the Rating Agencies, to ensure that the Covered Bonds maintain the initial rating assigned to the Covered Bonds of any Series by each Rating Agency based on the various methodologies of the Rating Agencies. Such methodologies shall be applied to the value of the Loans in the Covered Bond Portfolio as at the Calculation Date immediately preceding such Cash Flow Model Calculation Date (being such values for the Loans in the Covered Bond Portfolio on the Calculation Date in January, April, July or October, as applicable) as a whole or on the basis of a sample of Randomly Selected Loans in the Covered Bond Portfolio.

(2) The Asset Percentage will from time to time be adjusted in accordance with the above to ensure that sufficient over-collateralization will be maintained to, in connection with the other factors considered by the Rating Agencies, maintain the initial ratings assigned to the Covered Bonds of any Series by each Rating Agency. If the Asset Percentages determined in accordance with the foregoing are not the same in respect of a particular Cash Flow Model Calculation Date, the lowest such figure will be applied as the applicable Asset Percentage.

(3) The Managing GP (or the Cash Manager on its behalf) will, or will use all reasonable efforts to determine the Asset Percentage at least two days prior to the Guarantor LP Payment Date following a relevant Cash Flow Model Calculation Date and shall apply such Asset Percentage to any calculations in respect of the Calculation Period ending on such Cash Flow Model Calculation Date and each Calculation Period thereafter until the following Calculation Period ending on a Cash Flow Model Calculation Date in respect of which the Asset Percentage is to be determined in accordance with this Schedule 2.

(4) Notwithstanding anything to the contrary in this Schedule 2, the Asset Percentage may not, at any time, exceed 93% (the “**Maximum Asset Percentage**”) or, unless otherwise agreed by the Issuer (and following an Issuer Event of Default, the Partnership for the purposes of making certain determinations in respect of the Intercompany Loan), be less than 80% (the “**Minimum Asset Percentage**”); provided that the Maximum Asset Percentage shall not be increased except with the consent of the Bond Trustee (without the consent of the holders of the covered bonds of any series) or the holders of covered bonds by Extraordinary Resolution (without the consent of the Bond Trustee) in accordance with Condition 13 of the Trust Deed.

Part II – Amortization Test

- (a) The “**Amortization Test**” is met if the Aggregate Asset Amount (as defined below) is in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date; provided that the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of any Covered Bonds not covered by or the subject of the Covered Bond Swap Agreement shall be the product of the Principal Amount Outstanding of the Covered Bonds multiplied by the spot foreign exchange rate posted by the Bank of Canada at the end of such Calculation Date for converting Canadian Dollars into the currency in which such Covered Bonds are denominated (the “**AT Liability Value**”). For greater certainty, references herein to “**immediately preceding Calculation Date**” and “**previous Calculation Date**” are to the Calculation Period ending on the Calculation Date.
- (b) For the purposes of the Amortization Test, the “**Aggregate Asset Amount**” will mean the amount calculated as at each Calculation Date as follows:

$$A + B + C - D$$

where,

A = the aggregate “**Amortization Test True Balance**” of each Loan, which shall be the lower of (1) the actual True Balance of the relevant Loan in the Covered Bond Portfolio on such Calculation Date, and (2) the Market Value of the Property subject to the Mortgage forming part of the Related Security relating to that Loan multiplied by M (where for all Eligible Loans that are Performing Loans M = 80% and for all Loans that are Non-Performing Loans or Non-Eligible Loans M = 0);

B = the sum of the amount of any cash standing to the credit of the Guarantor LP Accounts (excluding any Revenue Receipts received in the immediately preceding Calculation Period);

C = the aggregate outstanding principal balance of any Substitute Assets; and

D = the amount equal to the sum of:

- (i) the greater of the following amounts determined in respect of outstanding Covered Bonds issued prior to the CMHC Programme Registration Date: (A) the weighted average remaining maturity of such Covered Bonds then outstanding (in years and, where less than a year, deemed to be a year) multiplied by the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds multiplied

by the Pre-Registration Negative Carry Factor; and (B) the amount determined in respect of such Covered Bonds pursuant to (ii) immediately below (without regard to such Covered Bonds having been issued prior to the CMHC Programme Registration Date); and

(ii) the weighted average remaining maturity of all outstanding Covered Bonds issued after the CMHC Programme Registration Date (provided that if the weighted average remaining maturity is less than one, the weighted average shall be deemed, for the purposes of this calculation, to be one) multiplied by the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds; provided that the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds for any Covered Bonds not covered by or the subject of the Covered Bond Swap Agreement shall be the product of the Principal Amount Outstanding of the Covered Bonds multiplied by the spot foreign exchange rate posted by the Bank of Canada at the end of such Calculation Date for converting Canadian Dollars into the currency in which such Covered Bonds are denominated, multiplied by the Negative Carry Factor.

Schedule 3

Valuation Calculation

- (a) The “**Valuation Calculation**” shall be the sum of the Present Value Adjusted Aggregate Asset Amount less the Trading Value (as defined below) of the Covered Bonds as calculated on the relevant Calculation Date. For greater certainty, references in this Schedule 3 to “**immediately preceding Calculation Date**” and “**previous Calculation Date**” are to the Calculation Period ending on the Calculation Date.
- (b) For the purposes of the Valuation Calculation, the “**Present Value Adjusted Aggregate Asset Amount**” shall be calculated based on the following formula:

$$A+B+C+D+E+F$$

where,

A = the sum of the “**LTV Adjusted Present Value**” of each Loan in the Covered Bond Portfolio, which shall be the lower of (1) the value of the actual True Balance of the relevant Loan in the Covered Bond Portfolio on such Calculation Date, calculated by discounting the expected future cash flow on such Loan using current market interest rates for mortgage loans with credit risks similar to those of such Loan (using the same discounting methodology as that used as part of the fair value disclosure in the Issuer’s audited financial statements), or using publicly posted mortgage rates, as determined by the Issuer, and (2) the Market Value of the Property subject to the Mortgage forming part of the Related Security relating to that Loan multiplied by M (where for all Eligible Loans that are Performing Loans M = 80% and for all Loans that are Non-Performing Loans or Non-Eligible Loans M = 0);

minus

the aggregate sum of the following deemed reductions to the aggregate LTV Adjusted True Balance of the Loans in the Covered Bond Portfolio if any of the following occurred during the previous Calculation Period:

- (1) a Loan (other than a Non-Performing Loan or Non-Eligible Loan) or its Related Security was, in the immediately preceding Calculation Period, in breach of the Representations and Warranties contained in the Mortgage Sale Agreement or subject to any other obligation of the Seller to repurchase the relevant Loan and its Related Security, and in each case the Seller has not repurchased such Loan or Loans of the relevant Borrower and its or their Related Security to the extent required by the terms of the Mortgage Sale Agreement. In this event, the aggregate LTV Adjusted Present Value of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced

by an amount equal to the LTV Adjusted Present Value of such Loan or Loans on such Calculation Date; and/or

(2) the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Mortgage Sale Agreement and/or the Servicer was, in any preceding Calculation Period, in breach of a material term of the Servicing Agreement. In this event, the aggregate LTV Adjusted Present Value of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the Partnership in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Partnership by the Seller to indemnify the Partnership for such financial loss);

B = the aggregate amount of any Principal Receipts on the Loans in the Covered Bond Portfolio (excluding proceeds from any sale of such Loans) up to such Calculation Date (as recorded in the Principal Ledger) which have not been applied as at such Calculation Date to acquire further Loans and their Related Security or otherwise applied;

C = the aggregate amount of any Cash Capital Contributions made by the Partners (as recorded in the Capital Account Ledger for each Partner of the Partnership) or proceeds advanced under the Intercompany Loan Agreement or proceeds from any sale of Loans or other cash exclusive of Revenue Receipts which have not been applied as at such Calculation Date provided such amount is not greater than the sum of (i) any such amounts received within such Calculation Period; and (ii) the amount necessary to meet the Partnership's payment obligations in the six months immediately succeeding such Calculation Date pursuant to the provisions of the Transaction Documents or such greater amount as CMHC may permit;

D = the Trading Value of any Substitute Assets;

E = the Reserve Fund balance, if applicable;

F = Trading Value of any Swap Collateral.

- (c) **“Trading Value”** means the value determined by the Issuer with reference to that methodology hereinafter set forth which can reasonably be considered by the most accurate indicator of institutional market value in the circumstances (with the determination of value, methodology selected and reasons therefor duly documented):

(i) the last selling price;

- (ii) the average of the high and low selling price on the calculation date;
 - (iii) the average selling price over a prescribed period of days (not exceeding 30) preceding the calculation date;
 - (iv) the close of day bid price on the calculation date (in the case of an asset);
 - (v) the close of day ask price on the calculation date (in the case of a liability);
 - (vi) such other value as may be indicated by at least two actionable quotes obtained from appropriate market participants instructed to have regard for the nature of the asset or liability, its liquidity and the current interest rate environment,
- plus accrued return where applicable (with currency translations undertaken using or at the average close of day foreign exchange rates posted on the Bank of Canada website for the month in relation to which the calculation is made).

- (j) *tenth*, in or towards payment *pro rata* and *pari passu* in accordance with the respective amounts thereof of any indemnity amount due to the Asset Monitor

pursuant to the Asset Monitor Agreement, and any indemnity amount due to any Partner pursuant to the terms of this Agreement;

- (k) *eleventh*, in or towards payment of the fee due to the Corporate Services Provider by the Partnership pursuant to the terms of the Corporate Services Agreement; and
- (l) *twelfth*, towards such distributions of profit to the Partners as may be payable in accordance with the terms of this Agreement.

Any amounts received by the Partnership under the Swap Agreements on or after the Guarantor LP Payment Date but prior to the next following Guarantor LP Payment Date will be applied, together with any provision for such payments made on any preceding Guarantor LP Payment Date, to make payments (other than in respect of principal) due and payable in respect of the Intercompany Loan Agreement and then the expenses of the Partnership unless an Asset Coverage Test Breach Notice is outstanding or otherwise to make provision for such payments on such date in the future of such proportion of the relevant payment falling due in the future as the Cash Manager may reasonably determine.

Any amounts received under the Swap Agreements on the Guarantor LP Payment Date or on any date prior to the next succeeding Guarantor LP Payment Date which are not put towards a payment or provision in accordance with paragraph (d) or (e) above or the preceding paragraph will be credited to the Revenue Ledger and applied as Available Revenue Receipts on the next succeeding Guarantor LP Payment Date.

Amounts (if any) held by the Cash Manager for and on behalf of the Partnership or standing to the credit of the Transaction Account which are not required to be applied in accordance with paragraphs (a) to (l) of Schedule 4 Priority of Payments or paragraphs (a) to (e) of Schedule 5 will, if applicable, be deposited by the Cash Manager and, in each case be credited to the appropriate ledger in the GIC Account on the Guarantor LP Payment Date.

If any Swap Collateral Available Amounts are received by the Partnership on a Guarantor LP Payment Date, such amounts shall be applied by the Partnership (or by the Cash Manager on its behalf) on that Guarantor LP Payment Date in the same manner as it would have applied the receipts which such Swap Collateral Available Amounts replace.

Each Partner acknowledges that the distribution paid pursuant to Section (l) above to such Partner represents a reasonable commercial return to the Partner from its involvement in the Partnership and also agrees that such profits will not be paid to the Partners at a time when they know or ought to know that there was no reasonable prospect of avoiding an insolvent liquidation of the Partnership as a result of such profit distribution.

- (b) *second*, to apply any such monies which constitute Available Revenue Receipts towards payment *pro rata* and *pari passu* of distributions to the Partners in accordance with the terms of this Agreement; and

Schedule 8

Method for Sale of Selected Loans

- (1) Before offering Selected Loans for sale in accordance with this Schedule 8, the Partnership shall ensure that:
 - (a) the Loans and their Related Security being sold are Randomly Selected Loans;
 - (b) the Selected Loans have an aggregate True Loan Balance in an amount (the **“Required Loan Balance Amount”**) which is as close as possible to the amount calculated as follows:
 - (i) following the service of an Asset Coverage Test Breach Notice (but prior to service of a Notice to Pay), such amount that would ensure that, if the Selected Loans were sold at their True Loan Balance, the Asset Coverage Test would be satisfied on the next Calculation Date taking into account the payment obligations of the Partnership on the Payment Date following that Calculation Date (assuming for this purpose that the Asset Coverage Test Breach Notice is not revoked on the next Calculation Date); or
 - (ii) following service of a Notice to Pay:

$$N \times \text{True Loan Balance of all the Loans in the Covered Bond Portfolio}$$

the Canadian Dollar Equivalent of the Required Redemption Amount
in respect of each Series of Covered Bonds then outstanding

where “N” is an amount equal to the Canadian Dollar Equivalent of the Required Redemption Amount (as defined below) of the Earliest Maturing Covered Bonds less amounts standing to the credit of the Guarantor LP Accounts and the principal amount of any Substitute Assets (excluding all amounts to be applied on the next following Guarantor LP Payment Date to repay higher ranking amounts in the Guarantee Priority of Payments and those amounts that are required to repay any Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds).

- (2) The Partnership will offer the Selected Loans for sale to Purchasers for the best price reasonably available, in any event:
 - (a) following the service of an Asset Coverage Test Breach Notice (but prior to the service of a Notice to Pay), for an amount not less than the True Loan Balance of the Selected Loans; and

- (b) following service of a Notice to Pay, for an amount not less than the Adjusted Required Redemption Amount.
- (3) For purposes of the foregoing:

“Adjusted Required Redemption Amount” means, the Canadian Dollar Equivalent of the Required Redemption Amount, plus or minus the Canadian Dollar Equivalent of any swap termination amounts payable under the Covered Bond Swap Agreement to or by the Partnership in respect of the relevant Series of Covered Bonds less (where applicable) amounts held by the Cash Manager for and on behalf of the Partnership and amounts standing to the credit of the Guarantor LP Accounts and the Canadian Dollar Equivalent of the principal balance of any Substitute Assets (excluding all amounts to be applied on the next following Guarantor LP Payment Date to repay higher ranking amounts in the Guarantee Priority of Payments and those amounts that are required to repay any Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds) plus or minus any swap termination amounts payable to or by the Partnership under the Interest Rate Swap Agreement; and

“Required Redemption Amount” means, in respect of a Series of Covered Bonds, the amount calculated as follows:

the Principal Amount Outstanding of the relevant Series of Covered Bonds	x	1+ Negative Carry Factor X (days to maturity of the relevant Series of Covered Bonds/365)
--	---	---

provided that for purposes of the Required Redemption Amount in respect of a Series of Covered Bonds issued prior to the CMHC Programme Registration Date, Negative Carry Factor shall be the greater of (i) the Pre-Registration Negative Carry Factor; and (ii) the Negative Carry Factor, as determined in respect of such Series of Covered Bonds.

- (4) Following service of a Notice to Pay, if the Selected Loans have not been sold (in whole or in part) in an amount equal to the Adjusted Required Redemption Amount by the date which is six months prior to, as applicable:
- (a) the Final Maturity Date (where the Covered Bonds are not subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee); or
- (b) the Extended Due for Payment Date in respect of the Earliest Maturing Covered Bonds (after taking into account all payments, provisions and credits

to be made in priority thereto) (where the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee),

then the Partnership will offer the Selected Loans for sale for the best price reasonably available notwithstanding that such amount may be less than the Adjusted Required Redemption Amount.

- (5) In respect of any sale or refinancing of Selected Loans at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served, the Partnership will instruct the portfolio manager to use all reasonable endeavours to procure that Selected Loans are sold as quickly as reasonably practicable (in accordance with the recommendations of the portfolio manager), taking into account the market conditions at that time and the scheduled repayment dates of the Covered Bonds and the terms of this Agreement.
- (6) Following the service of a Notice to Pay, if Purchasers accept the offer or offers from the Partnership so that some or all of the Selected Loans shall be sold prior to the next following Final Maturity Date or, if the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the next following Extended Due for Payment Date in respect of the Earliest Maturing Covered Bonds, then the Partnership will, subject to paragraph (7) of this Schedule 8, enter into a sale and purchase agreement with the relevant Purchasers, which will require, *inter alia*, a cash payment from the relevant Purchasers.
