INFORMATION ON THE NOTES

Authorization

Pursuant to the authorisation given under the Programme and pursuant to a subscription agreement dated April 4, 2025 (the "**Subscription Agreement**") between the Issuer and UBS AG, acting through its business division UBS Investment Bank ("**UBS AG**") and RBC Europe Limited (UBS AG together with RBC Europe Limited, the "**Joint-Lead Managers**"), the Issuer proposes to issue the Notes in the aggregate principal amount of CHF 150,000,000 to be paid on Issue Date and maturing on April 8, 2032.

Use of Net Proceeds

The net proceeds of the Notes, being the amount of CHF 150,000,000 (the "**Net Proceeds**") will be used by the Issuer for its general working capital purposes. None of the Joint-Lead Managers shall have any responsibility for, or be obliged to concern itself with, the application of the Net Proceeds of the Notes.

Offering, Issue Price and Placement Price

The Notes will be offered to prospective investors by way of (i) a public offering in Switzerland, and (ii) private placements in certain jurisdictions outside of Switzerland, other than the U.S. in reliance on Regulation S under the U.S. Securities Act of 1933, as amended or other jurisdictions where an offering would be prohibited by applicable law.

The issue price of the Notes has been set at 100.00% of the principal amount, before commissions and expenses.

The placement price of the Notes will be fixed in accordance with supply and demand.

Clearing System and Security Numbers

The uncertificated securities representing the Notes will be registered with SIX SIS Ltd. The Swiss Security Number, the International Securities Identification Number ("**ISIN**") and the Common Code of the Notes are as follows:

Swiss Security Number	ISIN	Common Code
142.886.708	CH1428867084	304642807

Transferability / Tradability

No restrictions. For certain selling restrictions with respect to the Notes, see "Selling Restrictions" on page 5 of this Swiss Prospectus.

Notices

So long as the Notes are listed on SIX Swiss Exchange and so long as the rules of SIX Swiss Exchange so require, all notices in relation to the Notes and/or the Issuer (with respect to the Notes) will be validly given through UBS AG by means of electronic publication on the internet site of SIX Swiss Exchange under the section headed Official Notices (currently: <https://www.six-group.com/en/products-services/the-swiss-stock-exchange/market-data/news-tools/official-notices.html#/>).

Representation / Admission to Trading

In accordance with Article 58a of the Listing Rules of SIX Swiss Exchange, UBS AG has been appointed by the Issuer as representative to file the listing application with SIX Exchange Regulation Ltd in its capacity as competent authority for the admission to trading (including the provisional admission to trading) and listing of the Notes on SIX Swiss Exchange.

It is expected that the Notes will be provisionally admitted to trading on SIX Swiss Exchange as of April 4, 2025. The last trading day is expected to be the second business day prior to the Maturity Date.

TAXATION IN SWITZERLAND

The following discussion of taxation in this section is only a summary of certain tax implications under the laws of Switzerland in force as of the date of this Swiss Prospectus as they may affect investors in the Notes. This summary is of a general nature and is not intended to be exhaustive. It applies only to persons who are beneficial owners of Notes and may not apply to certain classes of persons. The Issuer makes no representations as to the completeness of the information on, and does not undertake any liability of whatsoever nature for, the tax implications for investors in the Notes. Potential investors are advised to consult their own professional advisers in light of their particular circumstances.

Withholding Tax

Payments of interest on, and repayment of principal of, the Notes by the Issuer are not subject to Swiss withholding tax, provided that the Issuer is at all times domiciled and effectively managed outside Switzerland.

Securities Turnover Tax

The issue, sale and delivery of the Notes on the Issue Date to the initial holders of the Notes is not subject to Swiss securities turnover tax (primary market).

The trading of the Notes in the secondary market is subject to Swiss securities turnover tax at a rate of 0.300 per cent. of the consideration paid for the Notes traded, if a Swiss domestic (or Principality of Liechtenstein) securities dealer (as defined in the Swiss Stamp Tax Act) is a party to, or acts as an intermediary for, the transaction and no exemption applies in respect of one of the parties to the transaction. In such case and subject to applicable statutory exemptions, generally half of the tax is charged to one party to the transaction and the other half to the other party. Notwithstanding the foregoing, where both the seller and the purchaser of the Notes are not residents of Switzerland (or the Principality of Liechtenstein), the transaction will not be subject to Swiss securities turnover tax.

Income Taxation on Principal or Interest

Notes held by non-Swiss holders

Any payment of interest on, or repayment of principal of, the Notes made to a holder of a Note who (i) is a non-resident of Switzerland, and (ii) during the taxation year in which such payment is made has not engaged in trade or business through a permanent establishment within Switzerland to which the Notes are attributable, will not be subject to any Swiss federal, cantonal or communal income tax.

For a discussion of the automatic exchange of information in tax matters, see below under "*—International Automatic Exchange of Information in Tax Matters*", and for a discussion of the Swiss facilitation of the implementation of FATCA, see below under "*—Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act (FATCA)*".

Notes held by Swiss resident holders as private assets

The Notes are classified as bonds "without a predominant one-time interest payment" ("*non-IUP*") because the yield-to-maturity of the Notes at issuance predominantly derives from periodic interest payments and not from a one-time interest payment (such as an original issue discount or redemption premium). A person who (i) is an individual resident in Switzerland holding a Note as a private asset, and (ii) receives a payment of interest on such Note, is required to include such payment in their personal income tax return for the relevant tax period in which such payment is made, and such person will be taxed on any net taxable income (including such payment) for the relevant tax period. A gain (which may include interest accrued on such Note) realized by such person on the sale of such Note is a tax-free private capital gain, and a loss realized by such person on the sale of such Note is a non-tax deductible private capital loss.

Notes held as assets of a trade or business in Switzerland

A holder of a Note who is (i) a Swiss-resident individual taxpayer that holds such Note as part of Swiss business assets or (ii) a Swiss-resident corporate taxpayer or corporate or individual taxpayer resident outside of Switzerland that holds such Note as part of a trade or business carried on through a permanent establishment within Switzerland, is required to recognize (A) any payment of interest on such Note made to such holder, and (B) any capital gain or loss realized by such holder on the sale or other disposition of such Note, in its income statement for the respective tax period in which the relevant payment or disposition is made, and such holder will be taxed on any net taxable earnings for such period (which tax will, if such holder is a corporate or individual taxpayer resident outside of Switzerland as described in clause (ii) above, be limited to the extent such net earnings are allocable to Switzerland).

Swiss-resident individuals who hold Notes and who, for income tax purposes, are classified as "professional securities dealers" for reasons of, among other things, frequent dealings and leveraged transactions in securities

will be treated as though they hold Notes as part of Swiss business assets and be taxed as described in the paragraph immediately above.

International Automatic Exchange of Information in Tax Matters

On November 19, 2014, Switzerland signed the Multilateral Competent Authority Agreement ("**MCAA**"). The MCAA is based on article 6 of the Organization for Economic Cooperation and Development/Council of Europe administrative assistance convention and is intended to ensure the uniform implementation of Automatic Exchange of Information ("**AEOI**"). The Federal Act on the International Automatic Exchange of Information in Tax Matters ("**AEOI Act**") entered into force on January 1, 2017. The AEOI Act is the legal basis for the implementation of the AEOI standard in Switzerland.

The AEOI is being introduced in Switzerland through bilateral agreements or multilateral agreements. The agreements have, and will be, concluded on the basis of guaranteed reciprocity, compliance with the principle of specialty (i.e., the information exchanged may only be used to assess and levy taxes (and for criminal tax proceedings)) and adequate data protection. An up-to-date list of the AEOI agreements of Switzerland in effect or signed and becoming effective, including the dates of commencement of data collection and data exchange, can be found on the website of the State Secretariat for International Financial Matters SIF at www.sif.admin.ch.

Based on such multilateral or bilateral agreements and the implementation of Swiss law, Switzerland collects and exchanges data in respect of financial assets, including, as the case may be, the Notes, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident certain entities in a European Union member state or in a treaty state.

Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act

The United States and Switzerland entered into an intergovernmental agreement to facilitate the implementation of FATCA (the "**U.S.-Switzerland IGA**"). Under the U.S.-Switzerland IGA, financial institutions acting out of Switzerland generally are directed to become participating foreign financial institutions. The U.S.-Switzerland IGA ensures that accounts held by U.S. persons with Swiss financial institutions (including accounts in which Notes are held) are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance on the basis of the double taxation agreement between the United States and Switzerland (the "**Treaty**"). The Treaty, as amended in 2019, includes a mechanism for the exchange of information upon request in tax matters between Switzerland and the United States, which is in line with international standards, and allows the United States to make group requests under FATCA concerning non-consenting U.S. accounts and non-consenting non-participating foreign financial institutions for periods from June 30, 2014. On October 8, 2014, the Swiss Federal Council approved a mandate for negotiations with the U.S. on changing the current direct notification-based regime (Model 2) to a regime where the relevant information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the U.S. tax authorities (Model 1). The negotiations were concluded on November 13, 2023 and on June 27, 2024, the Swiss Federal Tax Administration issued a press release announcing the signing of a reciprocal FATCA Model 1 intergovernmental agreement (the Model 1 IGA). This means that Switzerland will also receive account data from the United States in the future. Swiss financial institutions will no longer provide the required data to the U.S. authorities, but rather to the Swiss Federal Tax Administration, which will then transmit it to the Internal Revenue Service. In Switzerland, the implementation of the Model 1 IGA necessitates changes to national law, which will be decided by the Federal Assembly. Such changes to national law implementing the Model 1 IGA are currently expected to enter into force in Switzerland on January 1, 2027. However, it is not possible to predict whether and when such changes will be enacted.

By their very nature, forward-looking statements require the Issuer to make assumptions and are subject to inherent risks and uncertainties, both general and specific in nature, which give rise to the possibility that the Issuer’s predictions, forecasts, projections, expectations or conclusions will not prove to be accurate, that the Issuer’s assumptions may not be correct, that the Issuer’s financial performance, environmental & social or other objectives, vision and strategic goals will not be achieved and that the Issuer’s actual results may differ materially from such predictions, forecasts, projections, expectations or conclusions.

The Issuer cautions readers not to place undue reliance on the Issuer’s forward-looking statements as a number of risk factors could cause the Issuer’s actual results to differ materially from the expectations expressed in such forward-looking statements. These factors – many of which are beyond the Issuer’s control and the effects of which can be difficult to predict – include, but are not limited to: credit, market, liquidity and funding, insurance, operational, compliance (which could lead to the Issuer being subject to various legal and regulatory proceedings, the potential outcome of which could include regulatory restrictions, penalties and fines), strategic, reputation, legal and regulatory environment, competitive and systemic risks, risks associated with escalating trade tensions, including protectionist trade policies such as the imposition of tariffs, and other risks discussed in the risk sections in the Issuer’s Annual Report 2024 and the Risk management section of the Issuer’s First Quarter 2025 Management’s Discussion and Analysis (the “Q1 2025 MD&A”) contained in the Issuer’s First Quarter 2025 Report to Shareholders (the “Q1 2025 Report to Shareholders”), including business and economic conditions in the geographic regions in which the Issuer operates, Canadian housing and household indebtedness, information technology, cyber and third-party risks, geopolitical uncertainty, environmental and social risk, digital disruption and innovation, privacy and data related risks, regulatory changes, culture and conduct risks, the effects of changes in government fiscal, monetary and other policies, tax risk and transparency, and the Issuer’s ability to anticipate and successfully manage risks arising from all of the foregoing factors. Additional factors that could cause actual results to differ materially from the expectations in such forward-looking statements can be found in the risk sections of the Issuer’s 2024 MD&A contained in the Issuer’s Annual Report 2024 and the Risk management section of the Issuer’s Q1 2025 MD&A contained in the Issuer’s Q1 2025 Report to Shareholders and incorporated by reference herein, as may be updated by the Issuer’s subsequent quarterly reports.

The Issuer cautions that the foregoing list of risk factors is not exhaustive and other factors could also adversely affect the Issuer’s results. When relying on the Issuer’s forward-looking statements to make

decisions with respect to the Issuer, investors and others should carefully consider the foregoing factors and other uncertainties and potential events, as well as the inherent uncertainty of forward-looking statements. Material economic assumptions underlying the forward-looking statements contained in this Swiss Prospectus and in the documents incorporated by reference herein are set out in the Economic, market and regulatory review and outlook section and for each business segment under the Strategic priorities and Outlook headings of the Issuer's 2024 MD&A contained in the Issuer's Annual Report 2024, as updated by the Economic, market and regulatory review and outlook section of the Issuer's Q1 2025 MD&A contained in the Issuer's Q1 2025 Report to Shareholders, which sections are incorporated by reference herein, and as such sections may be updated by the Issuer's subsequent quarterly reports.
