Under this Structured Securities Base Prospectus, pursuant to the Programme for the Issuance of Securities described under “General Description of the Programme” herein (the “Programme”), Royal Bank of Canada (the “Issuer” or the “Bank”) may from time to time issue unsubordinated (i) notes (“Notes”), (ii) redeemable certificates (“Redeemable Certificates”) or exercisable certificates (“Exercisable Certificates” and together with the Redeemable Certificates, “Certificates”) or (iii) warrants (“Warrants”) denominated or payable in any currency agreed between the Issuer and the relevant Dealer(s) (as defined herein) and with a minimum denomination or (in the case of W&C Securities) issue price of €1,000 (or, if the Securities are denominated or (as applicable) issued in a currency other than euro, the equivalent amount in such currency) (such Certificates and Warrants together, the “W&C Securities” and the W&C Securities and the Notes together, the “Securities”).

The Notes may be issued in bearer, registered or dematerialized and uncertificated book-entry form. The maximum aggregate principal amount of all Notes, subordinated notes, Redeemable Certificates and Exercisable Certificates evidencing deposit liabilities under the Bank Act (Canada) issued under the Programme (calculated as described under “General Description of the Programme”) will not exceed U.S.$40,000,000,000 (or its equivalent in other currencies calculated as described in the Dealership Agreement)) and the maximum aggregate implied notional amount of Warrants and Exercisable Certificates not evidencing deposit liabilities under the Bank Act (Canada) will not exceed U.S.$3,000,000,000 (or its equivalent in other currencies calculated as described in the Dealership Agreement (as defined herein)), subject in either case to increase as described herein. The price and amount of the Securities to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions. The Bank may issue Securities (i) in the case of Notes, that bear interest at fixed rates or floating rates or that do not bear interest, (ii) in the case of W&C Securities, that pay additional amounts at fixed or floating rates or that pay no additional amounts, (iii) with principal, premium, interest or other amounts deliverable (which may include cash, securities and/or other property) determined by reference to or linked to one or more indices, equities, commodities, funds, currencies, variable interest rates, preference shares of the Preference Share Issuer (as defined herein), other underlying assets or bases of reference or the credit of one or more specified entities or any combination thereof (each a “Reference Item”), and (iv) the terms of which permit the Bank to discharge its obligations with respect to such Securities by the payment of cash and/or delivery of shares, securities and/or other property or assets.

For the purposes of Directive 2003/71/EC, as amended (which includes the amendments made by Directive 2010/73/EU to the extent that such amendments have been implemented in a relevant Member State of the European Economic Area) (the “Prospectus Directive”) and relevant implementing measures in Ireland, this document (the “Base Prospectus”), in so far as it relates to Securities other than Exempt Securities, constitutes a base prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in Ireland for the purpose of giving information with regard to the issue of Securities other than Exempt Securities under the Programme during the period of 12 months after the date hereof.

The Base Prospectus (other than information contained herein in connection with Exempt Securities) has been approved by the Central Bank of Ireland as Irish competent authority under the Prospectus Directive. The Central Bank only approves this Base Prospectus, in so far as it relates to Securities other than Exempt Securities, as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Such approval relates only to the Securities which are to be admitted to trading on the regulated market of the Irish Stock Exchange Limited (the “Irish Stock Exchange”) or other regulated markets for the purposes of Directive 2004/39/EC (the “Markets in Financial Instruments Directive”) or which are to be offered to the public in a Member State of the European Economic Area.

Application has been made to the Irish Stock Exchange for Securities issued under the Programme to be admitted to the official list (the “Official List”) and trading on its regulated market. The regulated market of the Irish Stock Exchange is a regulated market for the purposes of the Markets in Financial Instruments Directive. The requirement to publish a prospectus under the Prospectus Directive only applies to Securities which are to be admitted to trading on a regulated market in the European Economic Area and/or offered to the public in the European Economic Area other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive (as implemented in the relevant Member State(s)). References in this Base Prospectus to “Exempt Securities” are to Securities for which no prospectus is required to be published under the Prospectus Directive. The Central Bank of Ireland has neither approved nor reviewed information contained in this Base Prospectus in connection with Exempt Securities.

Swedish Notes (as defined herein) may be listed on the securities exchange operated by NASDAQ OMX Stockholm AB (the “NASDAQ OMX Stockholm Exchange”) once the Swedish Supervisory Authority has been provided with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive. The NASDAQ OMX Stockholm Exchange is a regulated market for the purposes of the Markets in Financial Instruments Directive. Application will also be made for Reference Item Linked Securities (as defined herein) to be listed on the SIX Swiss Exchange Ltd. (the “SIX Swiss Exchange”) and admitted to trading on Scoach Switzerland Ltd. ("Scoach Switzerland"). Application may also be made to the United Kingdom Financial Services Authority in its capacity as competent authority under the Financial Services and Markets Act 2000 (the “UK Listing Authority”) for Securities issued under the Programme to be admitted to the official list of the UK Listing Authority and to the London Stock Exchange plc (the “London Stock Exchange”) for such Securities to be admitted to trading on the London Stock Exchange’s Regulated Market (which is a regulated market for the purposes of the Markets in Financial Instruments Directive), once the UK Listing Authority has been provided with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive.

The Programme provides that Securities may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Securities and/or Securities not admitted to trading on any market.

Investors may hold interests in certain Securities through Euroclear UK & Ireland Limited (formerly known as CRESTCo Limited) (“CREST”) through the issuance of dematerialised depository interests (“CREST Depository Interests” or “CDIs”) issued, held, settled and transferred through CREST, representing interests in the relevant Securities underlying the CDIs (the “Underlying Securities”). CREST Depository Interests are independent securities constituted under English law and transferred through CREST and will be issued by CREST Depository Limited (the “CREST Depository”) pursuant to the global deed poll dated 25 June 2001 (as subsequently modified, supplemented and/or restated) (the “CREST Deed Poll”). Notice of the aggregate principal amount or issue size of Securities, interest (if any) payable in respect of Securities, the issue price of Securities, and certain other information which is applicable to each Tranche (as defined in the Conditions) of Securities will (other than in the case of Exempt Securities, as defined above) be set out in a final terms document (the “Final Terms”) which, will be filed with the Central Bank of Ireland and, where listed, the Irish Stock Exchange. Copies of Final Terms in relation to Securities to be listed on the Irish Stock Exchange will be published on the website of the Irish Stock Exchange. In the case of Exempt Securities, notice of the aggregate principal amount or issue size of the Securities, interest (if any) payable in respect of Securities, the issue price of Securities and certain other information which is applicable to each Tranche will be set out in a pricing supplement document (the “Pricing Supplement”).

The Bank will issue Notes, Redeemable Certificates and Exercisable Certificates that evidence deposit liabilities under the Bank Act (Canada) either through its main branch in Toronto or through its London branch, as specified in the applicable Final Terms. Securities issued by any branch are obligations of the Bank.

Notes may be issued under the Programme which have a specified denomination of less than €100,000 (or its equivalent in other currencies).
IMPORTANT INFORMATION

This document in so far as it relates to Securities other than Exempt Securities only, together with all the documents incorporated by reference herein (together the “Base Prospectus”), other than those set out in paragraphs (g) to (k) on pages 97 and 98 (such documents collectively, the “Incorporated Documents”) comprises a base prospectus in respect of all Securities other than Exempt Securities under the Programme for the purposes of Article 5.4 of Directive 2003/71/EC as amended (which includes the amendments made by Directive 2010/73/EU to the extent that such amendments have been implemented in a relevant Member State of the European Economic Area) (the “Prospectus Directive”).

Each Tranche (as defined below) of Notes will be issued on the terms set out herein under “Terms and Conditions of the Notes” (the “Note Conditions”) and each Tranche of W&C Securities will be issued on the terms set out herein under “Terms and Conditions of the W&C Securities” (the “W&C Security Conditions”), in each case as completed by the applicable Final Terms or supplemented, modified or replaced in a separate prospectus specific to such Tranche (the “Drawdown Prospectus”) as described under “Final Terms or Drawdown Prospectus for Securities other than Exempt Securities” on page 100 or, in the case of Exempt Securities, amended and/or supplemented by the applicable Pricing Supplement. In the case of a Tranche of Securities which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the applicable Final Terms shall be read and construed as a reference to such information being specified or identified in the applicable Drawdown Prospectus unless the context otherwise requires.

The Bank accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge of the Bank, having taken all reasonable care to ensure that such is the case, the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This document, as well as the other prospectuses described under "General Description of the Programme", supersedes the Base Prospectus of the Issuer related to the Programme dated April 13, 2012, except that Securities issued pursuant to this Base Prospectus on or after the date of this document which are to be consolidated and form a single series with Securities issued prior to the date hereof will be subject to the Terms and Conditions of the Notes or the Terms and Conditions of the W&C Securities, as the case may be, applicable on the date of issue for the first tranche of Securities of such series. Such Terms and Conditions are incorporated by reference in, and form part of, this document.

This document should be read and construed with any supplement or amendment hereto and with any other documents which are deemed to be incorporated herein or therein by reference and shall be read and construed on the basis that such documents are so incorporated and form part of this document (but not the Base Prospectus, save for the Incorporated Documents and any supplementary prospectus approved by the Central Bank of Ireland and the documents specifically incorporated by reference therein). Any reference in this document to the “Base Prospectus” means this document together with the Incorporated Documents, any supplementary prospectus approved by the Central Bank of Ireland and any documents specifically incorporated by reference therein. In
relation to any Series (as defined herein) of Securities, this document shall also be read
and construed together with the applicable Final Terms(s) or, in the case of Exempt
Securities, Pricing Supplement (each as defined herein).

In the case of a listing of Exempt Securities which are Reference Item Linked Securities
(as defined herein) on SIX Swiss Exchange, this Base Prospectus will constitute the base
prospectus for the SIX Swiss Exchange registered issuance programme pursuant to
Section 21 of the Additional Rules for the Listing of Derivatives of SIX Swiss Exchange
and may be supplemented from time to time by filing an appropriate supplement with SIX
Swiss Exchange modifying, updating or amending the information contained herein. In
respect of Exempt Securities to be listed on the SIX Swiss Exchange, this Base
Prospectus, together with any supplements hereto and the applicable Pricing Supplement,
will constitute the listing prospectus pursuant to the Listing Rules of the SIX Swiss
Exchange. Such Securities do not constitute a participation in a collective investment
scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes
Act ("CISA") and are neither subject to the authorisation nor the supervision by the Swiss
Financial Market Supervisory Authority ("FINMA") and investors do not benefit from the
specific investor protection provided under the CISA. The Issuer reserves the right to set
forth any and all information which may be required to be disclosed in a simplified
prospectus pursuant to Art. 5 CISA and any implementing ordinance or other act of
regulation or self-regulation in a separate document. Where such information is not
contained in the applicable Pricing Supplement but in a separate document, such separate
document is hereinafter referred to as a “Simplified Prospectus”.

No person has been authorised by the Issuer to give any information or to make any
representation not contained in or not consistent with this document or any amendment or
supplement hereto or any document incorporated herein or therein by reference or
entered into in relation to the Programme or any information supplied by the Issuer in
connection with the Programme and, if given or made, such information or representation
should not be relied upon as having been authorised by the Issuer or any Dealer.

The Dealers have not independently verified the information contained herein.
Accordingly, no representation, warranty or undertaking, express or implied, and no
responsibility or liability is accepted by the Dealers as to the accuracy or completeness of
the information contained or incorporated by reference in this document or any other
information provided by the Issuer in connection with the Programme. No Dealer accepts
liability in relation to the information contained or incorporated by reference in this
document or any other information provided by the Issuer in connection with the
Programme.

Neither this document nor any other information supplied in connection with the
Programme or any Securities (i) is intended to provide the basis of any credit or other
evaluation or (ii) should be considered as a recommendation by the Issuer or any of the
Dealers that any recipient of this document or any other information supplied in
connection with the Programme or any Securities should purchase any Securities. Each
investor contemplating purchasing any Securities should make its own independent
investigation of the financial condition and affairs, and its own appraisal of the
creditworthiness, of the Issuer. Neither this document nor any other information supplied
in connection with the Programme constitutes an offer or invitation by or on behalf of the
Issuer or any of the Dealers to any person to subscribe for or to purchase any Securities.
Neither the delivery of this document nor the offering, sale or delivery of any Securities shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any Investor in the Securities of any information coming to their attention.

IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF SECURITIES

Restrictions on Non-exempt Offers of Securities in Relevant Member States

Certain Tranches of Securities with a denomination or issue price of less than EUR 100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a "Non-exempt Offer". This Base Prospectus has been prepared on a basis that permits Non-exempt Offers of Securities. However, any person making or intending to make a Non-exempt Offer of Securities in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State") may only do so if this Base Prospectus has been approved by the competent authority in that Relevant Member State (or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State) and published in accordance with the Prospectus Directive, provided that the Issuer has consented to the use of this Base Prospectus in connection with such offer as provided under "Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)" and the conditions attached to that consent are complied with by the person making the Non-exempt Offer of such Securities.

Save as provided above, neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any Non-exempt Offer of Securities in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)

In the context of a Non-exempt Offer of such Securities, the Issuer accepts responsibility, in the jurisdictions to which the consent to use the Base Prospectus extends, for the content of this Base Prospectus under Article 6 of the Prospectus Directive in relation to any person (an "Investor") who acquires any Securities in a Non-exempt Offer made by any person to whom the Issuer has given consent to the use of this Base Prospectus (an "Authorised Offeror") in that connection, provided that the conditions attached to that consent are complied with by the Authorised Offeror. The consent and conditions attached to it are set out under "Consent" and "Common Conditions to Consent" below.

None of the Issuer or any Dealer makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and none of the Issuer or any Dealer has any responsibility or liability for the actions of that Authorised Offeror.

Save as provided below, neither the Issuer nor any Dealer has authorised the making of any Non-exempt Offer by any offeror and the Issuer has not consented to the use of this Base Prospectus by any other person in connection with any Non-exempt Offer of Securities. Any Non-exempt Offer made without the consent of the Issuer is unauthorised.
and neither the Issuer nor any Dealer accepts any responsibility or liability for the actions of the persons making any such unauthorised offer. If, in the context of a Non-exempt Offer, an Investor is offered Securities by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of Article 6 of the Prospectus Directive in the context of the Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

**Consent**

In connection with each Tranche of Securities and subject to the conditions set out below under "Common Conditions to Consent":

(a) the Issuer consents to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with a Non-exempt Offer of such Securities by the relevant Dealer(s) and by:

(i) any financial intermediary named as an Initial Authorised Offeror in the applicable Final Terms; and

(ii) any financial intermediary appointed after the date of the applicable Final Terms and whose name is published on the website of the Regulatory News Service operated by the London Stock Exchange at [http://www.londonstockexchange.com/exchange/news/market-news/market-news-home.html](http://www.londonstockexchange.com/exchange/news/market-news/market-news-home.html) under the name of the Bank and the headline "Further re Public Offer" and identified as an Authorised Offeror in respect of the relevant Non-exempt Offer;

(b) if (and only if) Part B of the applicable Final Terms specifies "General Consent" as "Applicable", the Issuer hereby offers to grant its consent to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with a Non-exempt Offer of Securities by any financial intermediary which satisfies the following conditions:

(i) it is authorised to make such offers under applicable legislation implementing the Markets in Financial Instruments Directive (Directive 2004/39/EC); and

(ii) it accepts such offer by publishing on its website the following statement (with the information in square brackets completed with the relevant information):

"We, [insert legal name of financial intermediary], refer to the [insert title of relevant Securities] (the "Securities") described in the Final Terms dated [insert date] (the "Final Terms") published by Royal Bank of Canada (the "Issuer"). We hereby accept the offer by the Issuer of its consent to our use of the Base Prospectus (as defined in the Final Terms) in connection with the offer of the Securities in accordance with the Authorised Offeror Terms and subject to the conditions to such consent, each as specified in the Base Prospectus, and we are using the Base Prospectus accordingly."

The "Authorised Offeror Terms" are that the relevant financial intermediary:

(A) will, and it agrees, represents, warrants and undertakes for the benefit of the Issuer and the relevant Dealer that it will, at all times in connection with the relevant Non-exempt Offer:
act in accordance with, and be solely responsible for complying with, all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the "Rules") from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Securities by any person and disclosure to any potential Investor, and will immediately inform the Issuer and the relevant Dealer if at any time such financial intermediary becomes aware or suspects that it is or may be in violation of any Rules and take all appropriate steps to remedy such violation and comply with such Rules in all respects;

comply with the restrictions set out under "Subscription and Sale" in this Base Prospectus which would apply as if it were a Dealer;

ensure that any fee (and any other commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Securities does not violate the Rules and, to the extent required by the Rules, is fully and clearly disclosed to Investors or potential Investors;

hold all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Securities under the Rules;

comply with applicable anti-money laundering, anti-bribery, anti-corruption and "know your client" Rules (including, without limitation, taking appropriate steps, in compliance with such Rules, to establish and document the identity of each potential Investor prior to initial investment in any Securities by the Investor), and will not permit any application for Securities in circumstances where the financial intermediary has any suspicions as to the source of the application monies;

retain Investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer, the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer in order to enable the Issuer and/or the relevant Dealer to comply with anti-money laundering, anti-bribery, anti-corruption and "know your client" Rules applying to the Issuer and/or the relevant Dealer;

ensure that no holder of Securities or potential Investor in Securities shall become an indirect or direct client of the Issuer or the relevant Dealer for the purposes of any applicable Rules from time to time, and to the extent that any client obligations are created by the relevant financial intermediary under any applicable Rules, then such financial intermediary shall perform any such obligations so arising;

co-operate with the Issuer and the relevant Dealer in providing such information (including, without limitation, documents and records maintained pursuant to paragraph (VI) above) upon written request from the Issuer or the relevant Dealer as is available to such financial
intermediary or which is within its power and control from time to time, together with such further assistance as is reasonably requested by the Issuer or the relevant Dealer:

(i) in connection with any request or investigation by any regulator in relation to the Securities, the Issuer or the relevant Dealer; and/or

(ii) in connection with any complaints received by the Issuer and/or the relevant Dealer relating to the Issuer and/or the relevant Dealer or another Authorised Offeror including, without limitation, complaints as defined in rules published by any regulator of competent jurisdiction from time to time; and/or

(iii) which the Issuer or the relevant Dealer may reasonably require from time to time in relation to the Securities and/or as to allow the Issuer or the relevant Dealer fully to comply with its own legal, tax and regulatory requirements,

in each case, as soon as is reasonably practicable and, in any event, within any time frame set by any such regulator or regulatory process;

IX. during the primary distribution period of the Securities: (i) only sell the Securities at the Issue Price specified in the applicable Final Terms (unless otherwise agreed with the relevant Dealer); (ii) only sell the Securities for settlement on the Issue Date specified in the relevant Final Terms; (iii) not appoint any sub-distributors (unless otherwise agreed with the relevant Dealer); (iv) not pay any fee or remuneration or commissions or benefits to any third parties in relation to the offering or sale of the Securities (unless otherwise agreed with the relevant Dealer); and (v) comply with such other rules of conduct as may be reasonably required and specified by the relevant Dealer;

X. either (i) obtain from each potential Investor an executed application for the Securities, or (ii) keep a record of all requests such financial intermediary (x) makes for its discretionary management clients, (y) receives from its advisory clients and (z) receives from its execution-only clients, in each case prior to making any order for the Securities on their behalf, and in each case maintain the same on its files for so long as is required by any applicable Rules;

XI. ensure that it does not, directly or indirectly, cause the Issuer or the relevant Dealer to breach any Rule or subject the Issuer or the relevant Dealer to any requirement to obtain or make any filing, authorisation or consent in any jurisdiction;

XII. comply with the conditions to the consent referred to under "Common conditions to consent" below and any further requirements relevant to the Non-exempt Offer as specified in the applicable Final Terms;

XIII. make available to each potential Investor in the Securities the Base Prospectus (as supplemented as at the relevant time, if applicable), the
applicable Final Terms and any applicable information booklet provided by the Issuer for such purpose, and not convey or publish any information that is not contained in or entirely consistent with the Base Prospectus; and

XIV. if it conveys or publishes any communication (other than the Base Prospectus or any other materials provided to such financial intermediary by or on behalf of the Issuer for the purposes of the relevant Non-exempt Offer) in connection with the relevant Non-exempt Offer, it will ensure that such communication (A) is fair, clear and not misleading and complies with the Rules, (B) states that such financial intermediary has provided such communication independently of the Issuer, that such financial intermediary is solely responsible for such communication and that none of the Issuer and the relevant Dealer accepts any responsibility for such communication and (C) does not, without the prior written consent of the Issuer, or the relevant Dealer (as applicable), use the legal or publicity names of the Issuer or the relevant Dealer or any other name, brand or logo registered by an entity within their respective groups or any material over which any such entity retains a proprietary interest, except to describe the Issuer as issuer of the relevant Securities on the basis set out in the Base Prospectus;

(B) agrees and undertakes to indemnify each of the Issuer and the relevant Dealer (in each case on behalf of such entity and its respective directors, officers, employees, agents, affiliates and controlling persons) against any losses, liabilities, costs, claims, charges, expenses, actions or demands (including reasonable costs of investigation and any defence raised thereto and counsel’s fees and disbursements associated with any such investigation or defence) which any of them may incur or which may be made against any of them arising out of or in relation to, or in connection with, any breach of any of the foregoing agreements, representations, warranties or undertakings by such financial intermediary, including (without limitation) any unauthorised action by such financial intermediary or failure by such financial intermediary to observe any of the above restrictions or requirements or the making by such financial intermediary of any unauthorised representation or the giving or use by it of any information which has not been authorised for such purposes by the Issuer or the relevant Dealer; and

(C) agrees and accepts that:

I. the contract between the Issuer and the financial intermediary formed upon acceptance by the financial intermediary of the Issuer’s offer to use the Base Prospectus with its consent in connection with the relevant Exempt Offer (the "Authorised Offeror Contract"), and any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract, shall be governed by, and construed in accordance with, English law;

II. subject to (IV) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Authorised Offeror Contract (including any dispute relating to any non-contractual
obligations arising out of or in connection with the Authorised Offeror Contract) (a “Dispute”) and the Issuer and the financial intermediary submit to the exclusive jurisdiction of the English courts;

III. for the purposes of (C)(II) and (IV), the Issuer and the financial intermediary waive any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any dispute;

IV. this paragraph (IV) is for the benefit of the Issuer and each relevant Dealer. To the extent allowed by law, the Issuer and each relevant Dealer may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions; and

V. each relevant Dealer will, pursuant to the Contracts (Rights of Third Parties) Act 1999, be entitled to enforce those provisions of the Authorised Offeror Contract which are, or are expressed to be, for their benefit, including the agreements, representations, warranties, undertakings and indemnity given by the financial intermediary pursuant to the Authorised Offeror Terms.

Any Offeror falling within (b) above who meets all of the conditions set out in (b) and the other conditions stated in “Common Conditions to Consent” below and who wishes to use this Base Prospectus in connection with a Non-exempt Offer is required, for the duration of the relevant Offer Period, to publish on its website the statement (duly completed) specified at paragraph (b)(ii) above.

**Common Conditions to Consent**

The conditions to the Issuer's consent are (in addition to the conditions described in paragraph (b) above if Part B of the applicable Final Terms specifies “General Consent” as “Applicable”) that such consent:

(i) is only valid during the Offer Period specified in the applicable Final Terms;

(ii) only extends to the use of this Base Prospectus to make Non-exempt Offers of the relevant Tranche of Securities in Austria, Finland, France, Germany, Ireland, Italy, Luxembourg, The Netherlands, Portugal, Spain, Sweden and the United Kingdom, as specified in the applicable Final Terms; and

(iii) the consent is subject to any other conditions set out in Part B of the applicable Final Terms.

The only Relevant Member States which may, in respect of any Tranche of Securities, be specified in the applicable Final Terms (if any Relevant Member States are so specified) as indicated in (ii) above, will be Austria, Finland, France, Germany, Ireland, Italy, Luxembourg, The Netherlands, Portugal, Spain, Sweden and the United Kingdom, and accordingly each Tranche of Securities may only be offered to Investors as part of a Non-exempt Offer in Austria, Finland, France, Germany, Ireland, Italy, Luxembourg, The Netherlands, Portugal, Spain, Sweden and the United Kingdom, as specified in the applicable Final Terms, or otherwise in circumstances in which no obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.
AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY SECURITIES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH SECURITIES TO AN INVESTOR BY SUCH AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS AND SETTLEMENT ARRANGEMENTS. THE ISSUER WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE NON-EXEMPT OFFER OR SALE OF THE SECURITIES CONCERNED AND, ACCORDINGLY, THIS BASE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE INVESTOR MUST LOOK TO THE AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION AND THE AUTHOURISED OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION. NONE OF THE ISSUER OR ANY DEALER (EXCEPT WHERE SUCH DEALER IS THE RELEVANT AUTHORISED OFFEROR) HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF SECURITIES GENERALLY

This document does not constitute an offer to sell or the solicitation of an offer to buy any Securities in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this document and the offer or sale of Securities may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this document may be lawfully distributed, or that any Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, unless specifically indicated to the contrary in the applicable Final Terms, no action has been taken by the Issuer which is intended to permit a public offering of the Securities or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, the Securities may not be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Securities may come are required by the Issuer and the Dealer to inform themselves about and to observe any such restrictions on the distribution of this document and the offering and sale of Securities, including restrictions in Canada, the United States, the European Economic Area (including the United Kingdom, France, Italy, The Netherlands and Sweden), Hong Kong, Japan, Switzerland, the United Arab Emirates (excluding Kingdom of Bahrain, Dubai International Financial Centre), Dubai International Financial Centre, Singapore and Kingdom of Bahrain, set out under the heading “Subscription and Sale”.

In particular, Securities and, in certain cases, the underlying assets or Entitlement (as defined herein) have not been and will not be registered under the United States Securities Act of 1933, as amended and may include Notes in bearer form and Certificates which are subject to U.S. tax law requirements. Subject to certain exceptions, Securities may not be offered, sold or delivered within the United States or to U.S. persons.
Warrants and Exercisable Certificates create options which are either exercisable by the relevant holder or which will be automatically exercised as provided herein. There is no obligation upon the Bank to pay any amount or deliver any asset to any holder of a Warrant or Exercisable Certificate unless the relevant holder duly exercises such Warrant or Exercisable Certificate or such Warrant or Exercisable Certificate is automatically exercised and, in each case, unless, in the case of Cash Settled W&C Securities (as defined herein) where Delivery of Exercise Notice is specified as applicable in the applicable Final Terms or, in the case of Exempt Securities, Pricing Supplement, an Exercise Notice (as defined herein) is duly delivered. Warrants and Exercisable Certificates will be exercised or will be exercisable in the manner set forth herein and in the applicable Final Terms or, in the case of Exempt Securities, Pricing Supplement. In order to receive payment of any amount or (in the case of Exempt Securities) delivery of any asset due under a Warrant or an Exercisable Certificate, the holder of such Warrant or Exercisable Certificate (other than in the case of Cash Settled W&C Securities where Delivery of Exercise Notice is specified as being not applicable in the applicable Final Terms) will be required to deliver an Exercise Notice which includes, inter alia, a certification (in accordance with the provisions outlined in “Terms and Conditions of the W&C Securities”) that the holder of such Warrant or Exercisable Certificate is not a U.S. person or a person who has purchased such Warrant or Exercisable Certificate for resale to U.S. persons, that it is not exercising such Warrant or Exercisable Certificate within the United States or on behalf of a U.S. person and that no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with the exercise thereof.

The Securities and, in certain cases, the Entitlement (as defined in the Conditions or, in the case of Exempt Securities, the applicable Pricing Supplement) have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”), or under any state securities laws and are subject to certain United States tax law requirements. Trading in the Securities has not been approved by the United States Commodity Futures Trading Commission (the “CFTC”) under the United States Commodity Exchange Act, as amended (the “Commodity Exchange Act”). The Securities, or interests therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction (the “United States”) or directly or indirectly offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, to, or for the account or benefit of, any person who is (i) an individual who is a citizen or resident of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustee have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (iii) above; (vi) any entity organised principally for passive investment, ten per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the CFTC’s regulations by virtue of its participants being non-U.S. Persons; or (vii) any other
U.S. Person as such term may be defined in Regulation S under the Securities Act ("Regulation S") or in regulations adopted under the Commodity Exchange Act ("US Person"). See "Subscription and Sale" on pages 593 to 606.

Notes and Redeemable Certificates shall be redeemed on the maturity date or redemption date, as the case may be, by payment of the Final Redemption Amount or Cash Settlement Amount (each as defined herein) (in the case of Cash Settlement), respectively and/or by delivery of the Entitlement (in the case of Physical Delivery (as defined herein) for Redeemable Certificates which are Exempt Securities and Notes). In order to receive the Entitlement, the holder of a Note or such a Redeemable Certificate (other than a Swiss Note or Swiss W&C Security) will be required to deliver an Asset Transfer Notice or Collection Notice, respectively, which includes, inter alia, a certification (in accordance with the provisions outlined in "Terms and Conditions of the Notes" or "Terms and Conditions of the W&C Securities", as the case may be) that such holder of a Note or such a Redeemable Certificate is not a U.S. person or a person who has purchased such Note or Redeemable Certificate for resale to U.S. persons, that it is not redeeming such Note or Redeemable Certificate within the United States or on behalf of a U.S. person and that no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with the redemption thereof.

Non-exempt Offers: Issue Price and Offer Price

Securities to be offered pursuant to a Non-Exempt Offer will be issued by the Issuer at the Issue Price specified in the applicable Final Terms. The Issue Price will be determined by the Issuer in consultation with the relevant Dealer at the time of the relevant Non-Exempt Offer and will depend, amongst other things, on the interest rate (if any) applicable to the Securities and prevailing market conditions at that time. The Offer Price of such Securities will be the Issue Price, any other amount specified in the applicable Final Terms or such other price as may be agreed between an Investor and the Authorised Offeror making the offer of the Securities to such Investor. None of, the Issuer or the relevant Dealer(s) will be party to arrangements between an Investor and an Authorised Offeror, and the Investor will need to look to the relevant Authorised Offeror to confirm the price at which such Authorised Offeror is offering the Securities to such Investor.

A Tranche of Securities issued under the Programme may be rated or unrated except that Reference Item Linked Securities will not be rated. Where a Tranche of Securities is rated, such credit rating will not necessarily be the same as the ratings assigned to the Issuer referred to below or any other Securities already issued under the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, revision or withdrawal at any time by the assigning agency and each rating should be evaluated independently of any other.

The rating of certain Series of Securities to be issued under the Programme may be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to a relevant Series of Securities will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009, as amended by Regulation (EU) No. 513/2011 (the "CRA Regulation") will be disclosed in the Final Terms. In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such credit ratings
are issued by a credit rating agency established in the European Union and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU credit rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings will be disclosed in the Final Terms.

Each of Moody’s Investors Service, Inc. (“Moody’s USA”), Standard & Poor’s Financial Services LLC (“S&P USA”), Fitch, Inc. (“Fitch”) and DBRS Limited (“DBRS”) has provided issuer ratings for the Issuer as set out in the Registration Document incorporated by reference hereto.

In accordance with Article 4.1 of the CRA Regulation, please note that following documents (as defined in the section entitled “Documents Incorporated by Reference”) incorporated by reference in this Base Prospectus contain references to credit ratings:

(a) the Registration Document (pages 15);
(b) the AIF (pages 11, 12 and 25);
(c) the 2012 Annual Report (page 65); and
(d) the Second Quarter 2013 Report to Shareholders (page 34).

None of S&P USA, Moody’s USA, Fitch or DBRS (the “non-EU CRAs”) is established in the European Union or has applied for registration under the CRA Regulation. However, Standard and Poor’s Credit Market Services Europe Ltd., Moody’s Investors Service Ltd., DBRS Ratings Limited and Fitch Ratings Limited, which are affiliates of S&P USA, Moody’s USA, Fitch and DBRS, respectively, established in the European Union and registered under the CRA Regulation have endorsed their affiliated non-EU CRAs.

All references in this Base Prospectus to “U.S.$”, “U.S. dollars”, “USD” or “United States Dollars” are to the lawful currency of the United States of America, to “$”, “CS”, “CAD” or “Canadian dollars” are to the lawful currency of Canada and to “euro”, “€” or “EUR” are to the currency of the Member States of the European Union introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

All references in this Base Prospectus to the “European Economic Area” or “EEA” are to the Member States of the European Union together with Iceland, Norway and Liechtenstein.

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES UNDER THE PROGRAMME, THE DEALER OR DEALERS (IF ANY) NAMED AS STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISING MANAGER(S)) IN THE APPLICABLE FINAL TERMS MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, THERE IS NO ASSURANCE THAT THE STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF
OF ANY STABILISING MANAGER(S)) WILL UNDERTAKE STABILISATION ACTION. ANY STABILISATION ACTION OR OVER-ALLOTMENT MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY BE ENDED AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISING MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISING MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

Investors whose investment authority is subject to legal restrictions should consult their legal advisors to determine whether and to what extent the Securities constitute legal investments for them. See “Risk Factors – Legal investment considerations may restrict certain investments”.

Each potential investor in the Securities must determine the suitability of that investment in light of his or her own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional investors, whether it:

(i) has sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus (including any applicable supplement) or any applicable Final Terms or, in the case of Exempt Securities, Pricing Supplement;

(ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;

(iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the Specified Currency or Settlement Currency is different from the potential Investor’s currency;

(iv) understands thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and

(v) is able to evaluate (possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

THE PURCHASE OF SECURITIES MAY INVOLVE SUBSTANTIAL RISKS AND MAY BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE SECURITIES. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS SHOULD CONSIDER CAREFULLY, IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES, (I) ALL THE INFORMATION SET FORTH IN THIS BASE PROSPECTUS AND, IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW AND (II) ALL THE INFORMATION SET FORTH IN THE APPLICABLE FINAL TERMS. PROSPECTIVE INVESTORS SHOULD MAKE SUCH ENQUIRIES AS THEY DEEM NECESSARY WITHOUT RELYING ON THE ISSUER OR ANY DEALER.
AN INVESTMENT IN SECURITIES LINKED TO ONE OR MORE REFERENCE ITEMS MAY ENTAIL SIGNIFICANT RISKS NOT ASSOCIATED WITH INVESTMENTS IN A CONVENTIONAL DEBT SECURITY, INCLUDING BUT NOT LIMITED TO THE RISKS SET OUT BELOW. THE AMOUNT PAID BY THE ISSUER ON REDEMPTION OR SETTLEMENT OF THE SECURITIES MAY BE LESS THAN THE PURCHASE PRICE OF THE SECURITIES, TOGETHER WITH ANY ACCRUED INTEREST OR ADDITIONAL AMOUNTS (AS APPLICABLE), AND MAY IN CERTAIN CIRCUMSTANCES BE ZERO. WHERE THE SECURITIES ARE REDEEMED OR SETTLED BY THE ISSUER BY DELIVERY OF REFERENCE ITEM(S), THE VALUE OF THE REFERENCE ITEM(S) MAY BE LESS THAN THE PURCHASE PRICE OF THE SECURITIES, TOGETHER WITH ANY ACCRUED INTEREST OR ADDITIONAL AMOUNTS (AS APPLICABLE), AND MAY IN CERTAIN CIRCUMSTANCES BE ZERO.

CERTAIN ISSUES OF SECURITIES INVOLVE A HIGH DEGREE OF RISK AND POTENTIAL INVESTORS SHOULD BE PREPARED TO SUSTAIN A LOSS OF ALL OR PART OF THEIR INVESTMENT.
CAUTION REGARDING FORWARD-LOOKING STATEMENTS

From time to time, the Issuer makes written or oral forward-looking statements within the meaning of certain securities laws, including the “safe harbour” provisions of the United States Private Securities Litigation Reform Act of 1995 and any applicable Canadian securities legislation. Forward-looking statements may be made in this Base Prospectus and in the documents incorporated by reference in this Base Prospectus, in filings with Canadian regulators, the United States Securities and Exchange Commission or other securities regulators, in reports to shareholders and in other communications. The forward-looking statements contained in this Base Prospectus and in the documents incorporated by reference in this Base Prospectus include, but are not limited to, statements relating to the Issuer's financial performance objectives, the Issuer's vision and strategic goals, the economic, market and regulatory review and outlook for Canadian, U.S., European and global economies, the outlook and priorities for each of the Issuer's business segments, and the risk environment including the Issuer's liquidity and funding management. The forward-looking information contained in this document is presented for the purpose of assisting the holders and potential purchasers of the Securities and financial analysts in understanding the Issuer's financial position and results of operations as at and for the periods ended on the dates presented and the Issuer's financial performance objectives, vision and strategic goals, and may not be appropriate for other purposes. Forward-looking statements are typically identified by words such as “believe”, “expect”, “foresee”, “forecast”, “anticipate”, “intend”, “estimate”, “goal”, “plan” and “project” and similar expressions of future or conditional verbs such as “will,” “may,” “should,” “could” or “would”.

By their very nature, forward-looking statements require the Issuer to make assumptions and are subject to inherent risks and uncertainties, which give rise to the possibility that the Issuer's predictions, forecasts, projections, expectations or conclusions will not prove to be accurate, that the Issuer's assumptions may not be correct and that the Issuer's financial performance objectives, vision and strategic goals will not be achieved. Readers are cautioned not to place undue reliance on these statements as a number of risk factors could cause the Issuer’s actual results to differ materially from the expectations expressed in such forward-looking statements. These factors – many of which are beyond the Issuer's control and the effects of which can be difficult to predict – include: credit, market, liquidity and funding, operational, legal and regulatory compliance, insurance, reputation and strategic risks and other risks discussed in the “Risk management” and "Overview of other risks" sections of the Issuer's 2012 MD&A contained in its 2012 Annual Report (as defined herein) and in the "Risk management" section of the Issuer's Second Quarter 2013 Report to Shareholders (as defined herein) incorporated by reference herein; the impact of changes in laws and regulations, including relating to the Dodd-Frank Wall Street Reform and Consumer Protection Act and the regulations issued and to be issued thereunder, the Basel Committee on Banking Supervision's global standards for capital and liquidity reform, over-the-counter derivatives reform, the payments system in Canada, consumer protection measures and regulatory reforms in the U.K. and Europe; general business and economic market conditions in Canada, the United States and certain other countries in which the Issuer operates, including the effects of the European sovereign debt crisis, and the high levels of Canadian household debt; cybersecurity; the effects of changes in government fiscal, monetary and other policies; the effects of competition in the markets in which the Issuer operates; the Issuer's ability to attract and retain
employees; the accuracy and completeness of information concerning the Issuer's clients and counterparties; judicial or regulatory judgements and legal proceedings; development and integration of the Issuer’s distribution networks; and the impact of environmental issues.

Readers are cautioned that the foregoing list of risk factors is not exhaustive and other factors could also adversely affect the Issuer’s results. When relying on forward-looking statements to make decisions with respect to the Issuer, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Material economic assumptions underlying the forward-looking statements contained in this Base Prospectus and the documents incorporated by reference herein are set out in the “Overview and outlook” section and for each business segment under the heading “Outlook and priorities” of the Issuer’s 2012 MD&A contained in its 2012 Annual Report, as updated by the “Overview” section of the Issuer’s Second Quarter 2013 Report to Shareholders, which documents are incorporated herein by reference. Except as required by law, none of the Issuer, the Dealers or any other person undertakes to update any forward-looking statement, whether written or oral, that may be made from time to time by or on behalf of the Issuer.

Additional information about these and other factors can be found under the “Risk management” and “Overview of other risks” sections of the Issuer's 2012 MD&A contained in its 2012 Annual Report and in the “Risk management” section of the Issuer’s Second Quarter 2013 Report to Shareholders, which documents are incorporated by reference herein.

NOTICE TO RESIDENTS IN THE KINGDOM OF BAHRAIN

Any offer of Securities in the Kingdom of Bahrain (“Bahrain”) will be undertaken by way of private placement. Such offers are subject to the regulations of the Central Bank of Bahrain that apply to private offerings of securities and the disclosure requirements and other protections that these regulations contain. This Base Prospectus is therefore intended only for “accredited investors” (as defined below, see “Subscription and Sale – The Kingdom of Bahrain”). The Securities offered in Bahrain may only be offered in minimum denominations of U.S.$100,000 (or equivalent in other currencies). Resale of the Securities offered herein is limited to “accredited investors”.

The Central Bank of Bahrain and the Bahrain Bourse assume no responsibility for the accuracy and completeness of the statements and information contained in this Base Prospectus and expressly disclaim any liability whatsoever for any loss howsoever owing from reliance upon the whole or any part of the contents of this Base Prospectus.

SUMMARY

Summaries are made up of disclosure requirements known as "Elements". These elements are numbered in Sections A – E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary for this type of securities and Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in the summary because of the type of Securities and Issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of "not applicable".

Since April 30, 2013, there has been no significant change in the financial or trading position of the Issuer and its subsidiaries taken as a whole.

### B.13 Events impacting the Issuer’s solvency
Not applicable – There are no recent events particular to the Issuer which are to a material extent relevant to the evaluation of the Issuer's solvency.

### B.14 Dependence upon other group entities
Not applicable. The Issuer is not dependent on other entities within the RBC Group.

### B.15 Principal activities
All references to the “Bank” in this section refer to the Bank and its subsidiaries, unless the context otherwise requires. The Bank is Canada’s largest bank as measured by assets and market capitalization. The Bank is one of North America’s leading diversified financial services companies, and provides personal and commercial banking, wealth management services, insurance, and investor services and wholesale banking on a global basis. The Bank employs approximately 80,000 full and part-time employees who serve more than 15 million personal, business, public sector and institutional clients through offices in Canada, the U.S. and 44 other countries.

The Bank's principal activities are Personal & Commercial Banking, Wealth Management, Insurance, Investor & Treasury Services and...
Capital Markets.

Personal & Commercial Banking comprises personal and business banking operations, as well as certain investment businesses in Canada, the Caribbean and the U.S.

Wealth Management serves affluent, high net worth and ultra high net worth clients in Canada, the U.S., U.K., Europe and Emerging Markets with a comprehensive suite of investment, trust, banking, credit and other wealth management solutions. The Bank also provides asset management products and services directly to institutional and individual clients as well as through the Bank's distribution channels and third-party distributors.

Insurance offers insurance products and services through the Bank's proprietary distribution channels, comprised of the field sales force which includes retail insurance branches, field sales representatives, call centres and online, as well as through independent insurance advisors and travel agencies in Canada. Outside North America, the Bank operates in reinsurance markets globally.

Investor & Treasury Services serves the needs of institutional investing clients and provides custodial, advisory, financing and other services for clients to safeguard assets, maximize liquidity and manage risk in multiple jurisdictions around the world. This business also provides short-term funding for the enterprise.

Capital Markets comprises the majority of the Bank's wholesale banking businesses providing public and private companies, institutional investors, governments and central banks with a wide range of products and services. In North America, the Bank offers a full range of products and services which include corporate and investment banking, equity and debt organization and distribution, and structuring and trading. Outside North America, the Bank offers a diversified set of capabilities in the Bank's key sectors of expertise, such as energy, mining and infrastructure.

**B.16** Controlling shareholders

Not applicable – To the extent known to the Issuer, the Issuer is not directly or indirectly controlled by any person.

### Meetings

The terms of the Securities will contain provisions for calling meetings of holders of such Securities to consider matters affecting their interests generally. These provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority and (other than for Swedish Notes) also allow for consents to be provided by written resolution or electronically.

### Interest and Additional Amounts

Notes may or may not bear interest and W&C Securities may or may not pay additional amounts. Interest-bearing Notes will either bear interest payable at a fixed rate or a floating rate. If W&C Securities pay additional amounts, such amounts will be calculated by reference to a fixed rate.

### Redemption and Exercise and Settlement

The terms under which Notes may be redeemed (including the maturity date and the price or amount of assets at which they will be redeemed on the maturity date as well as any provisions relating to early redemption) will be agreed between the Issuer and the relevant Dealer at the time of issue of the relevant Notes.

The terms under which Redeemable Certificates may be redeemed (including the redemption date and the price at which they will be redeemed on the redemption date as well as any provisions relating to early redemption or cancellation) will be agreed between the Issuer and the relevant Dealer at the time of issue of the relevant Redeemable Certificates.

The terms under which Exercisable Certificates and Warrants may be exercised and settled (including the exercise date, the settlement date and the price at which they will be exercised and settled, as well as any provisions relating to early exercise or cancellation) will be agreed between the Issuer and the relevant Dealer at the time of issue of the relevant Exercisable Certificates or Warrants.

"**ISDA Definitions**" means the 2006 ISDA Definitions (as amended, supplemented and updated as at the Issue Date) as published by the International Swaps and Derivatives Association, Inc.

"**ISDA Rate**" means, in respect of an Exercise Date, a rate equal to the Floating Rate that would be calculated by the Issuing and Paying Agent under an interest rate swap transaction if the Issuing and Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement to which the ISDA Definitions applied and under which:

- the Floating Rate Option is [●];
- the Designated Maturity is [●]; and
- the relevant Reset Date is [●].

For the purposes of this definition “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

**Regulatory Risk**: Certain regulatory reforms have the potential to impact the way in which the Issuer operates, both in Canada and abroad. In particular, the Issuer is subject to (i) the Volcker Rule under the U.S. Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act") , which as drafted will impact the Issuer’s capital markets activities globally; (ii) the Basel Committee on Banking Supervision (“BCBS”) global standards for capital and liquidity reform, which could affect the levels of capital and liquidity the Issuer chooses to maintain; (iii) global over-the-counter (OTC) derivatives markets reforms, which will affect the Issuer’s wholesale banking business; (iv) proposed changes to Canada’s payments system, which could alter the way in which the Issuer processes payment transactions on behalf of consumers; (v) regulatory reform in the U.K. and Europe, which could cause the Issuer to incur higher operational and system costs and potential changes in the types of products and services the Issuer can offer to clients; and (vi) other Dodd-Frank Act initiatives relating to enhanced supervision of foreign banks, which may affect the Issuer’s results and activities.

**European debt crisis**: Continued instability in the Eurozone and the possibility of contagion from the peripheral to core Eurozone countries increases the risk of sovereign and counterparty default and of a Eurozone member departing the currency union, which may cause financial loss to the Issuer due to its exposure in the Eurozone.

**Business and Economic Conditions**: The Issuer’s earnings are significantly affected by the general business and economic conditions in the geographic regions in which it operates. Given the importance of the Issuer’s Canadian operations, an economic downturn in Canada or in the U.S. impacting Canada would largely affect its personal and business lending activities in its Canadian banking businesses and could significantly impact its results of operations and thus ability to make payments and/or deliveries in respect of the Securities. The Issuer’s earnings are also sensitive to changes in interest rates. A continued low interest rate environment in Canada, the U.S. and globally would result in net interest income being unfavourably impacted by spread compression largely in Personal & Commercial Banking and Wealth Management. While an increase in interest rates would benefit the Issuer’s businesses that are currently impacted by spread compression, a significant increase in interest rates could also adversely impact household balance sheets and result in credit deterioration which might impact the Issuer’s financial

<td></td>
<td>results, principally in some of its Personal &amp; Commercial Banking businesses. The Issuer's Capital Markets and Investor &amp; Treasury Services businesses would be negatively impacted if global capital markets deteriorate resulting in lower client volumes and trading volatility. In Wealth Management, weaker investor confidence and weaker market conditions would lead to lower average fee-based client assets and transaction volumes. Worsening of financial and credit market conditions may adversely affect the Issuer's ability to access capital markets on favourable terms and could negatively affect its liquidity, resulting in increased funding costs and lower transaction volumes in Capital Markets and Investor &amp; Treasury Services.</td>
</tr>
<tr>
<td></td>
<td><strong>High levels of Canadian household debt:</strong> Growing Canadian household debt levels and elevated housing prices are resulting in increasing vulnerability to external risk factors. When interest rates start increasing the debt service capacity of Canadian consumers will be negatively impacted. The combination of increasing unemployment, rising interest rates and a downturn in real estate markets would pose a risk to the credit quality of the Issuer's retail lending portfolio and may negatively affect the Issuer.</td>
</tr>
<tr>
<td></td>
<td><strong>Cybersecurity:</strong> Given the Issuer's reliance on digital technologies to conduct its operations and grow digital interconnectedness around the globe, it is increasingly exposed to the risks related to cybersecurity and cyber incidents, including unauthorised access to its digital systems for purpose of misappropriating assets and gaining access to sensitive information, corrupting data or causing operational disruption. Such an event could compromise the Issuer's confidential information as well as that of its clients and third parties with whom it interacts with and may result in negative consequences for the Issuer including remediation costs, loss of revenue, additional regulatory scrutiny, litigation and reputational damage, all of which could adversely impact its ability to [make payments and/or deliveries in respect of the Securities.</td>
</tr>
<tr>
<td></td>
<td><strong>Credit Risk:</strong> Credit risk is the risk of loss associated with an obligor’s potential inability or unwillingness to fulfil its contractual obligations. Credit risk may arise directly from the risk of default of a primary obligor of the Issuer (e.g. issuer, debtor, counterparty, borrower or policyholder), or indirectly from a secondary obligor (e.g. guarantor or reinsurer). The failure to effectively manage credit risk across the Issuer and all its products, services and activities can have a direct, immediate and material impact on the</td>
</tr>
</tbody>
</table>
Issuer’s earnings and reputation.

**Market Risk:** Market risk is the potential loss in value of the Issuer due to changes in market prices and rates including interest rates, credit spreads, equity prices, foreign exchange rates and commodity prices. Most of the market risks that have a direct impact on the Issuer's earnings results from the Issuer's trading activities, where it acts primarily as a market maker.

**Liquidity and Funding Risk:** Liquidity and funding risk is the risk that the Issuer may be unable to generate or obtain sufficient cash or its equivalent in a timely and cost-effective manner to meet its commitments as they come due (including the Securities). The nature of banking services inherently exposes the Issuer to various types of liquidity risk. The most common sources of liquidity risk arise from mismatches in the timing and value of cash inflows and outflows, both from on and off-balance sheet exposures. As the Issuer's core funding comprises capital, longer term wholesale liabilities and deposits, a lowering of the Issuer’s credit ratings may adversely affect its funding capacity or access to capital markets, may affect its ability, and the cost, to enter into normal course derivatives or hedging transactions and may require it to post additional collateral under certain contracts.

Securities may involve a high degree of risk. There are certain factors which are material for the purpose of assessing the market risks associated with investing in any issue of Securities.

The Issuer may issue Securities with principal, premium, interest, amounts deliverable or other amounts determined by reference to Reference Items.

Prospective investors should understand the risks of transactions involving Reference Item Linked Securities and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Reference Item Linked Securities in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Reference Item Linked Securities and the particular Reference Item(s) to which the value of, or payments and/or deliveries in respect of, the relevant Reference Item Linked Securities may relate, as specified in the applicable Final Terms.

Where the applicable Final Terms specify one or more Reference Item(s), the relevant Securities will represent an investment linked

[Issue specific summary:]

RISK FACTORS

The Issuer believes that the Risk Factors set out in the Registration Document incorporated by reference herein are material for the purpose of assessing risks associated with the Issuer. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring or the likelihood or extent to which any such contingencies may affect the ability of the Issuer to pay interest, principal or other amounts on or in connection with any Securities or deliver the specified assets in connection with physical delivery Securities. In addition, factors, although not exhaustive, which could be material for the purpose of assessing the market risk associated with Securities issued under the Programme are also described below. Except as required by law, the Issuer does not undertake to update any forward-looking statement, whether written or oral, that may be made from time to time by the Issuer or on the Issuer’s behalf.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Securities or deliver the specified assets in connection with physical delivery Securities may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. The Pricing Supplement in respect of an issue of Exempt Securities may contain additional Risk Factors in respect of such Securities.

Prospective investors should note that the risks relating to the Issuer and the Securities summarised in the section of this Base Prospectus headed “Summary” are the risks that the Issuer believes to be the most essential to an assessment by a prospective investor of whether to consider an investment in the Securities. However, as the risks which the Issuer faces relate to events and depend on circumstances that may or may not occur in the future, prospective investors should consider not only the information on the key risks summarised in the section of this document headed “Summary” but also, among other things, the risks and uncertainties described below.

Prospective Investors should also read the detailed information set out elsewhere in this document (including information incorporated by reference) and any applicable Final Terms to reach their own views prior to making any investment decisions. Any reference in this section to “Final Terms” shall be deemed to include a reference to “Pricing Supplement”, where relevant.

5. Risks related to the market generally

1. **Factors which are material for the purpose of assessing the risks associated with the Issuer.**

   Prospective investors should consider the section entitled "Risk Factors" in the Registration Document incorporated by reference herein.

2. **Factors that are material for the purpose of assessing the market risks associated with Securities issued under the Programme**

   *The Securities may not be a suitable investment for all Investors*

   Each of the risks highlighted below could adversely affect the trading price of any Securities or the rights of Holders under any Securities and, as a result, Investors could lose some or all of their investment. The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued under the Programme, but the Issuer may be unable to pay or deliver amounts or specified assets on or in connection with any Securities for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive.

   *No interest or additional amounts may be payable under the Securities*

   Prospective Investors should note that the terms and conditions of the Securities may provide that no interest or additional amounts may be paid on the Securities on or prior to their redemption or settlement date. An Investor in such Securities, in the context of its own financial position, must be capable of holding such Securities to maturity with no income stream in the form of interest or additional amounts payable.

   As there may be no periodic payment of interest or additional amounts to the Holders, any increase in the value of the underlying, as the case may be, will not be crystallised until the Securities are redeemed or settled (as applicable), and the Securities may fall in value at any time prior to redemption or settlement (as applicable).

3. **Risks related to the structure of a particular issue of Securities**

   A wide range of Securities may be issued under the Programme. A number of these Securities may have features which contain particular risks for potential Investors, the most common of which are set
out below, distinguishing between factors which may occur in relation to any Securities and those which might occur in relation to certain types of Exempt Securities:

3.1  **Risks relating to Notes generally**

**Partly Paid Notes**

In the case of Exempt Notes only, the Issuer may issue Notes where the issue price is payable in more than one instalment. Any failure by an investor to pay any subsequent instalment of the Issue Price in respect of his Notes when so required could result in such investor losing all of its investment.

**Notes subject to optional or mandatory early redemption by the Issuer**

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

If the Notes are redeemable early at the Issuer’s option or otherwise subject to mandatory redemption, the Issuer may be expected to (in the case of optional redemption) or must (in the case of mandatory redemption) redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an Investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Certain Notes may be redeemed early at their then market value less associated costs, in each case according to the Note Conditions. The market value of such Notes upon early redemption may be substantially less than par or even zero.

**Notes with a rate of interest which may change**

If the interest rate on the Notes can convert from one interest rate basis to another during the life of the Notes, including where such conversion is at the option of the Issuer, this may affect the secondary market and the market value of the Notes concerned, in particular if the conversion arises at a time when the new rate produces a lower overall cost of borrowing for the Issuer.

If the Issuer has the ability to convert the interest rate the Issuer will be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. For example if the Issuer converts from a fixed rate to a floating rate, the spread on the Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate(s). In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing market rates on its Notes.

**Securities issued at a substantial discount or premium**

The issue price of Securities specified in the applicable Final Terms may be more than the market value of such Securities as of the issue date, and the price, if any, at which a Dealer or any other person willing to purchase the Securities in secondary market transactions may be lower than the issue price. In particular, the issue price may take into account amounts with respect to commissions
relating to the hedging of the Issuer’s obligations under such Securities, and secondary market prices are likely to exclude such amounts. In addition, pricing models of market participants may differ or produce a different result.

The market values of Securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing Securities. Generally, the longer the remaining term of such Securities, the greater the price volatility as compared to more conventional interest-bearing Securities with comparable maturities.

**Notes in New Global Notes form**

The New Global Note form has been introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the “*Eurosystem*”) and intra-day credit operations by the *Eurosystem* either upon issue or at any or all items during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time. Investors who wish to use interests in New Global Notes as eligible collateral for the Eurosystem should make their own assessment as to whether the Notes meet such Eurosystem eligibility criteria.

**Holding CREST Depository Interests**

CDI Holders will hold or have an interest in a separate legal instrument and not be the legal owners of the Underlying Securities. Such CDIs will be issued to CDI Holders pursuant to the CREST Deed Poll that will bind such CDI Holders. Fees, charges, costs and expenses may be incurred in connection with the use of the CREST International Settlement Links Service (the “*CREST International Settlement Links Service*”).

Potential investors should note that none of the Issuer, the Issuing and Paying Agent nor any Paying Agent will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

**Securities that bear interest at rates based on LIBOR and/or EURIBOR may be adversely affected by a change in the Bank’s inter-bank lending rate reporting practices or the method in which LIBOR and/or EURIBOR is determined**

Regulators and law enforcement agencies from a number of governments have been conducting investigations relating to the calculation of the London inter-bank lending rate ("LIBOR") across a range of maturities and currencies, and certain financial institutions that are member banks surveyed by the British Bankers’ Association (the “BBA”) in setting daily LIBOR have entered into agreements with the U.S. Department of Justice, the U.S. Commodity Futures Trading Commission and/or the Financial Services Authority in order to resolve the investigations. In addition, in September 2012, the U.K. government published the results of its review of LIBOR, which is referred to as the “Wheatley Review”. The Wheatley Review made a number of recommendations for changes with respect to LIBOR, including the introduction of statutory
regulation of LIBOR, the transfer of responsibility for LIBOR from the BBA to an independent administrator, changes to the method of compilation of lending rates, new regulatory oversight and enforcement mechanisms for rate-setting and the corroboration of LIBOR, as far as possible, by transactional data. Based on the Wheatley Review, on March 25, 2013, final rules for the regulation and supervision of LIBOR by the Financial Conduct Authority (the “FCA”) were published (the “FCA Rules”). In particular, the FCA Rules include requirements that (1) an independent LIBOR administrator monitor and survey LIBOR submissions to identify breaches of practice standards and/or potentially manipulative behavior, and (2) firms submitting data to LIBOR establish and maintain a clear conflicts of interest policy and appropriate systems and controls. The FCA Rules took effect on April 2, 2013. It is anticipated that a reform of EURIBOR will be implemented also, which may (but will not necessarily) be in a similar fashion. Accordingly, EURIBOR calculation and publication could be altered, suspended or discontinued.

It is not possible to predict the effect of changes in the methods pursuant to which the LIBOR and/or EURIBOR rates are determined, any other reforms to LIBOR and/or EURIBOR that will be enacted in the U.K. and elsewhere, and any actions taken by any new administrator of LIBOR and/or EURIBOR that may be appointed, each of which may adversely affect the trading market for LIBOR and/or EURIBOR-based securities, including any Securities that bear interest at rates based on LIBOR and/or EURIBOR. Any such changes or reforms in the method pursuant to which the LIBOR and/or EURIBOR rates are determined or actions taken by any new administrator of LIBOR and/or EURIBOR may result in a sudden or prolonged increase or decrease in the reported LIBOR and/or EURIBOR rates. If that were to occur and to the extent that the value of any Securities that bear interest at rates based on LIBOR and/or EURIBOR is affected by reported LIBOR and/or EURIBOR rates, the amount of interest payable under and the value of such Securities may be affected.

Further, uncertainty as to the extent and manner in which the Wheatley Review recommendations with respect to LIBOR will continue to be adopted and the timing of such changes may adversely affect the current trading market for LIBOR-based securities and the value of any Securities that bear interest at rates based on LIBOR.

3.2 Risks relating to W&C Securities generally

Certain Factors Affecting the Value and Trading Price of W&C Securities

Either (1) the Cash Settlement Amount (in the case of Cash Settled W&C Securities) or (2) in the case of W&C Securities which are Exempt Securities (“Exempt W&C Securities”), the value of the specified assets less (in the case of Warrants) the Exercise Price (in the case of Physical Delivery W&C Securities) (the “Physical Settlement Value”) at any time prior to expiration (in the case of an Exercisable Certificate or Warrant) or redemption (in the case of a Redeemable Certificate) is typically expected to be less than the trading price of such W&C Securities at that time. The difference between the trading price and the Cash Settlement Amount or the Physical Settlement Value, as the case may be, will reflect, among other things, the “time value” of the W&C Securities. The “time value” of the W&C Securities will depend partly upon the length of the period remaining to expiration (in the case of an Exercisable Certificate or Warrant) or redemption (in the case of a Redeemable Certificate) and expectations concerning the price or level of the
Reference Item(s). W&C Securities offer hedging and investment diversification opportunities but also pose some additional risks with regard to interim value. The interim value of the W&C Securities varies with the price or level of the Reference Item(s), as well as by a number of other interrelated factors, including those specified herein.

Before exercising (in the case of Exercisable Certificates or Warrants) or selling W&C Securities, Holders should carefully consider, among other things, (i) the trading price of the W&C Securities, (ii) the price or level and volatility of the Reference Item(s), (iii) the time remaining to expiration or automatic exercise (in the case of an Exercisable Certificate or Warrant) or redemption (in the case of a Redeemable Certificate), (iv) in the case of Cash Settled W&C Securities, the probable range of Cash Settlement Amounts, (v) any change(s) in interim interest rates and dividend yields if applicable, (vi) any change(s) in currency exchange rates and (vii) any related transaction costs.

An optional call or, in the case of Exempt W&C Securities, Trigger Early Exercise or redemption feature in W&C Securities is likely to limit their market value. In the case of an optional call feature, during any period when the Issuer may elect to call W&C Securities, the market value of those W&C Securities generally will not rise substantially above the price at which they can be exercised or redeemed. This also may be true prior to any call period. In the case of a mandatory exercise or redemption feature, if the relevant Trigger Early Exercise Event or Trigger Early Redemption Event (as applicable) occurs the Exempt W&C Securities will be exercised or redeemed prior to their originally designated redemption or expiry date. Potential Investors should be aware that in certain circumstances, an optional call or Trigger Early Exercise or redemption of the W&C Securities by the Issuer may result in a loss of all or a substantial portion of their investment.

**Expenses and Taxes**

Subject to the Issuer's obligation to pay extra amounts in respect of Redeemable Certificates and Exercisable Certificates that evidence deposit liabilities under the *Bank Act* (Canada) (in the case of Exercisable Certificates, the applicable Final Terms will indicate if they evidence deposit liabilities) only as provided for and referred to in Condition 11.03 of the W&C Security Conditions, a Holder of a W&C Security must pay all Expenses relating to the W&C Securities. As used in the W&C Security Conditions, “Expenses” means (i) in the case of Italian Listed Certificates, all taxes or duties relating to such Italian Listed Certificates or (ii) in the case W&C Securities which are not Italian Listed Certificates, all taxes, duties and/or expenses, including any applicable depositary charges, transaction, exercise or redemption charges, trading costs, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or taxes or duties arising in connection with the exercise or redemption, as the case may be, of the W&C Securities and/or, where applicable in the case of Exempt W&C Securities, the delivery or transfer of any specified assets as more fully set out in Condition 11 of the W&C Security Conditions.

Subject to the Issuer’s obligation to pay (i) extra amounts in respect of Redeemable Certificates and Exercisable Certificates that evidence deposit liabilities under the *Bank Act* (Canada) (in the case of Exercisable Certificates, the applicable Final Terms will indicate if they evidence deposit liabilities) only as provided for and referred to in Condition 11.03 of the W&C Security Conditions and (ii) in the case of Italian Listed Certificates, all expenses, including any applicable depositary charges, transaction or exercise or redemption charges, the Issuer will not otherwise be liable for, or obliged to pay, any tax, duty or other payment which may arise as a result of the ownership,
transfer, exercise (in the case of the Exercisable Certificates or Warrants), redemption (in the case of Redeemable Certificates) or enforcement of any W&C Security by any person and all payments and/or deliveries made by the Issuer will be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

**Risks relating to Exercisable Certificates and Warrants**

*There will be a time lag between the time a Holder gives instructions to exercise and the time the applicable Cash Settlement Amount relating to such exercise is determined, and such time lag could decrease the Cash Settlement Amount*

In the case of any exercise of Exercisable Certificates or Warrants, there will be a time lag between the time a Holder gives instructions to exercise and the time the applicable Cash Settlement Amount (in the case of Cash Settled Exercisable Certificates and Warrants) relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Settlement Amount will be specified in the W&C Security Conditions. However, such delay could be significantly longer, particularly in the case of a delay in exercise of Exercisable Certificates or Warrants arising from any daily maximum exercise limitation (in the case of American Style W&C Securities), the occurrence of a market disruption event or failure to open of an exchange or related exchange (if applicable) or following the imposition of any exchange controls or other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) in the case of Currency Linked W&C Securities. The applicable Cash Settlement Amount may change significantly during any such period, and such movement or movements could decrease the Cash Settlement Amount of the Exercisable Certificates or Warrants being exercised and may result in such Cash Settlement Amount being zero.

*Holders may have to tender a specified number of Exercisable Certificates or Warrants at any one time in order to exercise*

If so indicated in the applicable Final Terms, a Holder must tender or hold a specified number of Exercisable Certificates or Warrants at any one time in order to exercise. Thus, Holders with fewer than the specified minimum number of Exercisable Certificates or Warrants will either have to sell their Exercisable Certificates or Warrants, or purchase additional Exercisable Certificates or Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, Holders of such Exercisable Certificates or Warrants incur the risk that there may be differences between the trading price of such Exercisable Certificates or Warrants, as applicable, and the Cash Settlement Amount (in the case of Cash Settled W&C Securities) or the Physical Settlement Value (in the case of Exempt W&C Securities which are Physical Delivery W&C Securities) of such Exercisable Certificates or Warrants.
The number of American Style W&C Securities exercisable on any date other than the Expiration Date may be subject to a maximum

In the case of American Style W&C Securities, if so indicated in the applicable Final Terms, the Issuer will have the option to limit the number of American Style W&C Securities exercisable on any date (other than the Expiration Date) to the maximum number specified in the applicable Final Terms and, in conjunction with such limitation, to limit the number of American Style W&C Securities exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of American Style W&C Securities being exercised on any date (other than the Expiration Date) exceeds such maximum number and the Issuer elects to limit the number of American Style W&C Securities exercisable on such date, a Holder may not be able to exercise on such date all American Style W&C Securities that such Holder desires to exercise. In any such case, the number of American Style W&C Securities to be exercised on such date will be reduced until the total number of American Style W&C Securities exercised on such date no longer exceeds such maximum, such American Style W&C Securities to be exercised being selected at the discretion of the Issuer or, in the case of Exempt W&C Securities, in any other manner specified in the applicable Pricing Supplement. The American Style W&C Securities tendered for exercise but not exercised on such date will be automatically exercised on the next date on which American Style W&C Securities may be exercised, subject to the same daily maximum limitation and delayed exercise provisions, unless otherwise specified in the applicable Pricing Supplement in the case of Exempt W&C Securities.

Exercise Notices

In order to receive payment of any amount or, in the case of an Exempt W&C Security, delivery of any specified assets due under (i) an Exercisable Certificate or Warrant that is not automatically exercised, (ii) an automatically exercised Cash Settled W&C Security where Delivery of Exercise Notice is specified as applicable in the applicable Final Terms, or (iii) an automatically exercised Exempt W&C Security which is a Physical Delivery W&C Security, the relevant Holder will be required to deliver or send to the relevant clearing system or, for Swiss W&C Securities, the Swiss Programme and Paying Agent, in a manner acceptable to such clearing system or, as applicable the Swiss Programme and Paying Agent, a duly completed Exercise Notice, with a copy to the Issuer and, in respect of Securities other than Swiss W&C Securities, the Issuing and Paying Agent in accordance with the W&C Security Conditions.

If, in the case of Exercisable Certificates or Warrants other than ones subject to “Automatic Exercise”, a Holder does not submit a valid Exercise Notice before the Expiration Date of the W&C Securities, such Exercisable Certificates or Warrants, as applicable, will become void.

In the case of Exercisable Certificates or Warrants subject to Automatic Exercise (i) in the case of Cash Settled W&C Securities where Delivery of Exercise Notice is specified as applicable in the applicable Final Terms, or (ii) in the case of Exempt W&C Securities which are Physical Delivery W&C Securities, if an Exercise Notice is not submitted within 180 days after the Expiration Date or Actual Exercise Date (as applicable), the Issuer’s obligations in respect of the Securities shall be discharged.

No Gross-up for certain W&C Securities

The Issuer has no obligation to pay any holder of Warrants and Exercisable Certificates that do not evidence deposit liabilities under the Bank Act (Canada) (in the case of the Exercisable Certificates, the applicable Final Terms will indicate if they evidence deposit liabilities) any extra
amounts in the event there is any withholding or deduction for taxes as set out in Condition 11.03 of the W&C Conditions.

**Open-Ended W&C Securities**

Open-Ended W&C Securities do not have any pre-determined cancellation date or expiration date and may be cancelled on any date determined by the Issuer, in its sole and absolute discretion, subject to compliance with the W&C Security Conditions. Investment in Open-Ended W&C Securities will entail additional risks compared with other W&C Securities, due to the fact that the cancellation date or expiration date for such Open-Ended W&C Securities cannot be determined by the Investors.

3.3 **Risks relating to Reference Item Linked Securities generally**

The Issuer may issue Reference Item Linked Securities with principal, premium, interest or other amounts determined by reference to a particular Reference Item. In addition, the Issuer may issue Securities with principal or interest or other amounts payable in one or more currencies which may be different from the currency in which the Securities are denominated. An investment in such Securities entails significant risks that are not associated with similar investments in a conventional debt or equity securities and in some circumstances the value of the Securities and/or the amount paid at maturity, exercise or redemption (as applicable) may be less than the purchase price amount of the Securities and may be zero in which case an Investor may lose some or all of the amount it invested in the Securities. Potential Investors should be aware that:

(i) the market price of such Securities may be volatile and the market price of the Securities at any time is likely to be affected primarily by changes in the level of the Reference Item to which the Securities are linked. It is impossible to predict how the level of the Reference Item will vary over time;

(ii) they may receive no interest or additional amounts, as applicable, or they may receive interest or additional amounts at a rate that is less than that payable on a conventional fixed rate or floating rate debt security issued at the same time;

(iii) payment of principal, interest or other amounts may occur at a different time or in a different currency than expected;

(iv) they may lose all or a substantial portion of their investment;

(v) if the principal of and/or premium or other amount payable on such a Security is so indexed, the amount of principal and/or premium or other amount payable in respect thereof may be less than the original purchase price of such Security and less than the nominal or face amount of Securities, and the amount of principal and/or premium or other amount payable may even be zero;

(vi) Investors should be willing to hold these Securities until the maturity date, redemption date or expiration date (as applicable) as the secondary market for such Securities may be limited or non-existent and if there is a limited secondary market then the lack of
demand may reduce the market price at which Securities may be sold prior to maturity, redemption, settlement or expiration;

(vii) the market price will be affected by a number of factors independent of the creditworthiness of the Issuer and will depend on the value of the applicable Reference Item(s) as well as the volatility of the applicable Reference Item(s), the time remaining to the maturity, settlement, redemption or expiration (as applicable) of such Securities, the amount outstanding of such Securities, market interest rates, yield rates and the market for other types of related and unrelated financial instruments and where the Reference Item(s) are equity securities, the dividend rate on the Reference Item(s) and the financial results and prospects of the issuer of each Reference Item;

(viii) a Reference Item may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other securities, funds or indices and may depend on a number of interrelated factors over which the Issuer has no control, including economic, financial and political events in one or more jurisdictions, including factors affecting capital markets generally and the stock exchange on which any Reference Item and/or obligation of the issuer of the Reference Item may be traded. Additionally, if the formula used to determine the amounts payable with respect to such Securities contains a multiplier or leverage factor, the effect of any change in the Reference Item(s) will be increased (or decreased if the multiplier or relevant factor is less than one) and this increase (or decrease) may be significant;

(ix) the timing of changes in a Reference Item(s) may affect the actual yield to Investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Reference Item(s), the greater the effect on yield;

(x) with respect to Equity Linked Securities, if such Securities are redeemable or settled (as applicable) either by payment of a cash amount or by delivery of the underlying securities in lieu thereof, there is no assurance that the cash amount or value of the securities received will not be less than the purchase price of the Securities;

(xi) Securities are of limited maturity and, unlike direct investments in a share, index, fund, security, index, commodity or other asset, investors are not able to hold them beyond the maturity date, redemption date, settlement date or expiration date (as applicable) in the expectation of a recovery in the price of the underlying; and

(xii) the price at which an investor will be able to sell Securities prior to the maturity date, redemption date, settlement date or expiration date (as applicable) may be at a substantial discount to the market value of the Securities at the time they are issued depending on the performance of the Reference Item.

The historical experience of the relevant currencies, commodities, interest rates, equities, indices, funds or other financial variables should not be taken as an indication of future performance of such currencies, commodities, interest rates, equities, indices, funds or other financial variables during the term of any Security. Prospective Investors should consult their own financial and legal
advisors as to the risks entailed by an investment in such Securities and the suitability of such Securities in light of their particular circumstances.

Prospective Investors in Reference Item Linked Securities should understand the risks of transactions involving such Reference Item Linked Securities and should reach an investment decision only after careful consideration, with their advisers, of the suitability of Reference Item Linked Securities in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Reference Item Linked Securities and the particular Reference Item(s) to which the value of, or payments in respect of, the relevant Reference Item Linked Securities may relate, as specified in the applicable Final Terms.

As the amount of interest or additional amount (as applicable) payable periodically and/or amount payable at maturity, redemption or settlement (as applicable) may be linked to the performance of the Reference Item(s), an Investor in such a Reference Item Linked Security must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the Reference Item(s).

Where the applicable Final Terms specify one or more Reference Item(s), the relevant Reference Item Linked Securities will represent an investment linked to the economic performance of such Reference Item(s) and prospective Investors should note that the return (if any) on their investment in such Reference Item Linked Securities will depend upon the performance of such Reference Item(s). Potential Investors should also note that while the market value of Reference Item Linked Securities is linked to such Reference Item(s) and will be influenced (positively or negatively) by such Reference Item(s), any change may not be comparable and may be disproportionate. It is impossible to predict how the level of the relevant Reference Item(s) will vary over time. In contrast to a direct investment in the relevant Reference Item(s), Reference Item Linked Securities represent the right to receive payment or delivery, as the case may be, of the relevant cash amount and/or specified assets on the relevant maturity date, settlement date or redemption date (as applicable) as well as periodic payments of interest or additional amounts (as applicable) (if specified in the applicable Final Terms), all or some of which may be determined by reference to the performance of the relevant Reference Item(s). In the case of Exempt Securities, the applicable Pricing Supplement will set out the provisions for the determination of any cash amount and/or specified assets and of any periodic interest or additional amount payments (as applicable).

PROSPECTIVE INVESTORS MUST REVIEW THE APPLICABLE FINAL TERMS TO ASCERTAIN WHAT THE RELEVANT REFERENCE ITEM(S) ARE AND WHEN ANY CASH AMOUNTS, SPECIFIED ASSETS PERIODIC INTEREST OR ADDITIONAL AMOUNTS ARE PAYABLE AND/OR DELIVERABLE, AS THE CASE MAY BE, BEFORE MAKING ANY DECISION TO PURCHASE ANY REFERENCE ITEM LINKED SECURITIES.

Fluctuations in the value and/or volatility of the relevant Reference Item(s) may affect the value of the relevant Reference Item Linked Securities. Investors in Reference Item Linked Securities may risk losing their entire investment if the value of the relevant Reference Item(s) does not move in the anticipated direction.
There is no return on Reference Item Linked Securities other than the potential payment or delivery, as the case may be, of the relevant cash amount and/or specified assets on the maturity date, redemption date or settlement date (as applicable) and payment of any periodic interest or additional amount (as applicable).

Other factors which may influence the market value of Reference Item Linked Securities include the creditworthiness of the Issuer, the issuer of the relevant Reference Item(s) (if applicable), general market sentiment, interest rates, potential dividend or interest payments (as applicable) in respect of the relevant Reference Item(s), changes in the method of calculating the level of the relevant Reference Item(s) from time to time and market expectations regarding the future performance of the relevant Reference Item(s), its composition and such Reference Item Linked Securities.

If any of the relevant Reference Item(s) is an index, the value of such Reference Item(s) on any day will reflect the value of its constituents on such day. Changes in the composition of such Reference Item(s) and factors (including those described above) which either affect or may affect the value of the constituents, will affect the value of such Reference Item(s) and therefore may affect the return on an investment in Reference Item Linked Securities.

The Issuer may issue several issues of Reference Item Linked Securities relating to a particular Reference Item(s). However, no assurance can be given that the Issuer will issue any Reference Item Linked Securities other than the Reference Item Linked Securities to which the applicable Final Terms relate. At any given time, the number of Reference Item Linked Securities outstanding may be substantial. Reference Item Linked Securities provide opportunities for investment and pose risks to Investors as a result of fluctuations in the value of the Reference Item(s) to which such Reference Item Linked Securities relate.

**Securities may not benefit from a Protection Amount**

The Investor should note that certain Reference Item Linked Securities may not benefit from a Protection Amount. On the maturity date, redemption date or settlement date (as applicable), the amount payable per Security may be less than the initial investment amount and purchasers of Securities are exposed to full loss of their investment.
Securities may have a Protection Amount only at maturity or redemption or expiration

In respect of a Series of Reference Item Linked Securities to which a Protection Amount is specified in the applicable Final Terms, the redemption amount or cash settlement amount, as the case may be, to be paid pursuant to its terms at maturity, redemption or settlement (as applicable) will be not less than the specified percentage of the principal amount of the Note, or in the case of Redeemable Certificates, such other amount as indicated in the applicable Final Terms. However, the ability of the Issuer to make the required payments at maturity or redemption (as applicable) depends on the Issuer’s ability to meet its obligations under the Securities. There can be no assurance that the Securities will redeem above the minimum redemption or cash settlement amount. The return on the Securities will depend on the relevant Reference Item. If the relevant Reference Item does not perform in line with an Investor's expectations over the term of the Securities, an Investor in the Securities will not receive any return on its capital. Furthermore, such an Investor will have lost the opportunity to earn the profit that it might have earned on a deposit or any investment in fixed income securities of the same amount and the same duration. If the Securities are redeemed or cancelled early by the Issuer, Investors in the Securities may not be repaid the amount originally invested by them in the Securities.

Early redemption or cancellation for Illegality

In the event that the Issuer determines in good faith that the performance of the Issuer’s obligations under the Securities or that any arrangements made to hedge the Issuer’s obligations under such Securities have or will become unlawful, illegal, or otherwise prohibited in whole or in part, as a result of compliance with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power, or the interpretation thereof, the Issuer may redeem the Notes early at an amount equal to the fair market value of each Security taking into account hedge costs, in the case of Securities which are not Exempt Securities, or at the Early Redemption Amount specified in the applicable Pricing Supplement, in the case of Exempt Securities, together if appropriate with accrued interest or, in the case of W&C Securities, cancel such W&C Securities upon payment to each Holder of an amount in respect of each W&C Security or Unit, as the case may be, equal to the fair market value of each W&C Security or Unit, as the case may be, plus (in the case of Warrants), if already paid, by or on behalf of the Holder, the Exercise Price together with accrued Additional Amounts (if applicable), and in each case taking into account hedging losses by any Hedging Entity.

Physical Delivery

In the case of Notes and Exempt W&C Securities which provide for Physical Delivery, the Calculation Agent may determine that a Settlement Disruption Event is subsisting and/or where Failure to Deliver due to Illiquidity is specified as applying in the applicable Final Terms, that it is impossible or impracticable to deliver when due some or all of the specified assets due to illiquidity in the relevant market. A Settlement Disruption Event is an event beyond the control of the Issuer, as a result of which, in the opinion of the Calculation Agent, delivery of the specified assets to be delivered by or on behalf of the Issuer in accordance with the Conditions and/or, in the case of Exempt Securities, the applicable Pricing Supplement, is not practicable. Any such
determination may affect the value of the Securities and/or may delay settlement in respect of the Securities and/or lead to cash settlement rather than physical settlement in respect of the Securities.

The Issuer will not be responsible for any such delay in settlement and shall not be obliged to compensate Holders. Holders will be solely responsible for determining whether they are permitted to hold any underlying securities, including under applicable securities laws.

Expenses for Physical Delivery

In the case of Notes and Exempt W&C Securities which provide for Physical Delivery, all Expenses arising from the delivery of the specified assets in respect of such Securities shall be for the account of the relevant Holders and no delivery of the Reference Item(s) shall be made until all Expenses have been paid to the satisfaction of the Issuer and the relevant Holders.

Asset Transfer Notices and Collection Notices

In the case of Notes and Exempt W&C Securities which provide for Physical Delivery other than Swiss Notes and Swiss W&C Securities, the investor must deliver a duly completed Asset Transfer Notice (in the case of Notes) or a Collection Notice (in the case of Redeemable Certificates) within 180 calendar days of the Cut-Off Date or the Issuer will be discharged in respect of its obligations under the Securities.

The Issuer may have the right to vary settlement

In the case of Exempt Securities which provide for Physical Delivery, if so indicated in the applicable Pricing Supplement, the Issuer has an option to vary settlement in respect of such Securities. If exercised by the Issuer, this option will lead to Physical Delivery Securities being cash settled or Cash Settled Securities being physically settled. Exercise of such option may adversely affect the value of the Securities.

No Claim against any Reference Item(s)

Owning Securities with payments and/or delivery of specified assets determined by reference to a Reference Item(s) is not the same as owning the Reference Item(s). A Security will not represent a claim against any Reference Item(s) and, in the event that the amount paid on redemption of the Securities is less than the purchase price of the Securities, a Holder will not have recourse under a Security to any Reference Item(s). Accordingly, the market value of such Securities may not have a direct relationship with the market price of the Reference Item(s) and changes in the market price of the Reference Item(s) may not result in a comparable change in the market value of the Securities. For example, the market value of such Securities may not increase even if the price of the Reference Item(s) increases. It is also possible for the price of the Reference Item(s) to increase while the market price of such Securities declines.

The amount paid or the value of the specified assets delivered by the Issuer on redemption, cancellation or settlement (as applicable) of such Securities may be less than
the purchase price of the Securities, together with any accrued interest or additional amounts (as applicable), and may in certain circumstances be zero.

Certain considerations regarding hedging

Prospective Investors intending to purchase Securities to hedge against the market risk associated with investing in one or more Reference Items should recognise the complexities of utilising Securities in this manner. For example, the value of the Securities may not exactly correlate with the value of the Reference Item(s). Due to fluctuating supply and demand for the Securities, there is no assurance that their value will correlate with movements of the Reference Item(s).

Hedging and other potential conflicts of interest

The Issuer or one or more of its affiliates may hedge the obligations under Reference Item Linked Securities by purchasing or selling the Reference Item(s) or other derivative instruments with returns linked to or related to changes in the value of the Reference Item(s) and may also adjust these hedges by, among other things, purchasing or selling the Reference Item(s) or other derivative instruments at any time and from time to time. Any of these hedging activities may affect the price of the Reference Item(s) and, therefore, the value of associated Reference Item Linked Securities. It is possible that the Issuer or one or more of its affiliates could receive substantial returns from these hedging activities while the value of the Reference Item(s) may decline.

The Issuer or one or more of its affiliates may also engage in trading in the Reference Item(s) on a regular basis as part of general broker-dealer and other businesses of the Issuer or its affiliates, for proprietary accounts, for other accounts under management or to facilitate transactions for customers, including block transactions. Any of these activities could affect the price of the Reference Item(s) and, therefore, the value of the associated Reference Item Linked Securities. The Issuer or one or more of its affiliates may also issue or underwrite other securities or financial or derivative instruments with returns linked or related to changes in the value of the Reference Item(s) and the availability of such competing products could adversely affect the value of the Reference Item Linked Securities.

The Calculation Agent for an issue of Securities is the agent of the Issuer and not an agent for the Holders. Where the Issuer acts as Calculation Agent or the Calculation Agent is an affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent and the Holders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Conditions that may influence the amount receivable or specified assets deliverable upon redemption of the Securities. The Calculation Agent will make such determinations and adjustments as it deems appropriate, in accordance with the Conditions of the Securities. In making such determinations and adjustments, the Calculation Agent will be entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion.

The Issuer and any relevant Dealer may, at the date hereof or any time hereafter, be in possession of information in relation to a Reference Item that is or may be material in the context
of the Securities and may or may not be publicly available to Holders. There is no obligation on the Issuer or any Dealer(s) to disclose to Holders any such information.

Any additional conflicts of interest with respect to any Securities will be specified in the applicable Final Terms.

*No pledge or holding of Reference Item(s)*

Neither the Issuer nor any of its affiliates will pledge or otherwise hold the Reference Item(s) or other derivative instruments for the benefit of Holders in order to enable Holders to exchange Reference Item Linked Securities for the associated Reference Item(s) or other derivative commitments under any circumstances. Consequently, in the event of a bankruptcy, insolvency or liquidation of the Issuer, any of the Reference Item(s) or other derivative commitments owned by the Issuer or its affiliates will be subject to the claims of the Issuer’s creditors generally and will not be available specifically for the benefit of Holders.

*Market Disruption Event and Disrupted Day*

If an issue of Securities includes provisions dealing with the occurrence of a market disruption event or a failure to open of an exchange or related exchange on a Valuation Date, an Averaging Date, an Observation Date or a scheduled payment date and the Calculation Agent determines that a market disruption event or such failure has occurred or exists on a Valuation Date, an Averaging Date, an Observation Date or a scheduled payment date, any consequential postponement of the Valuation Date, Averaging Date, an Observation Date or a scheduled payment date or any alternative provisions for valuation or payment provided in any Securities may have an adverse effect on the value of or payment received on such Securities.

*Post-Issuance Information*

The Issuer will not provide post-issuance information in relation to the relevant Reference Item.

*Tax Treatment*

The tax treatment of Reference Item Linked Securities is uncertain and the tax treatment applicable to such Securities may change before the maturity, exercise or redemption (as applicable) of the Securities. Prospective Investors should consult their own independent tax advisors before making an investment in Reference Item Linked Securities.

3.4 **Risks relating to Specific Reference Item Linked Securities**

*Index Linked Securities*

The Issuer may issue Securities where amounts payable are dependent upon the level, or changes in the level, of an index or a basket of indices (“Index Linked Securities”).

Potential Investors in any such Securities should be aware that, depending on the terms of the Index Linked Securities (i) they may receive no or a limited amount of interest or additional

-65-
amounts (as applicable), (ii) payments may occur at a different time than expected and/or (iii) they may lose all or a substantial portion of their investment. In addition, movements in the level of the index or basket of indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the index or indices may affect the actual yield to Investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or result of a formula, the greater the effect on yield.

Returns on Index Linked Securities may not reflect the return an Investor would realise if it actually bought all securities comprised in the index and in the same proportion as the weighting of such securities in the index or, as the case may be, indices in an index basket and received the dividends paid on those securities because the closing index level or levels on any date may reflect the price of such securities without taking into account the value of dividends paid on those securities. Also, an Investor in the Securities will not benefit from any voting rights or rights to receive cash dividends or other distributions or rights that it would have benefited in case of direct investment in the securities.

The Calculation Agent may determine that an event giving rise to a Disrupted Day (as defined in the Conditions) has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Securities and/or may delay applicable payments or settlement. Prospective Investors should review the Conditions and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities.

The Index Sponsor of any relevant Index can add, delete or substitute the securities comprised in the Index or amend in any other way the methodology of the Index. Investors should be aware that those decisions by the Index Sponsor may adversely affect the value of the Securities (e.g. if a newly added company performs significantly worse or better than the company it replaces).

No Index Sponsor of any relevant Index has to consider interests of Holders in calculating and revising the Index.

If an Index Adjustment Event occurs, prospective purchasers should note that the Issuer may, in the case of Notes, redeem the Notes early at an amount equal to the fair market value of each Note taking into account hedge costs, in the case of Securities which are not Exempt Securities, or at the Early Redemption Amount specified in the applicable Pricing Supplement, in the case of Exempt Securities, or, in the case of W&C Securities, cancel the W&C Securities upon payment of an amount to each Holder in respect of each W&C Security or Unit, as the case may be, determined by reference to the fair market value of each W&C Security or Unit, as the case may be, together with accrued Additional Amounts (if applicable), and in each case taking into account hedge costs.

The market price of such Securities may be volatile and may be affected by the time remaining to the redemption or expiration date (as applicable) and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded.
Equity Linked Securities

The Issuer may issue Securities where the amounts payable are dependent upon the price of or changes in the price of an equity security or a basket of equity securities or where, depending on the price of or change in the price of an equity security or a basket of equity securities, on redemption the Issuer’s obligation is to deliver specified assets (“Equity Linked Securities”).

Potential Investors in any such Securities should be aware that, depending on the terms of the Equity Linked Securities (i) they may receive no or a limited amount of interest or additional amounts, (ii) payment of any amounts or delivery of any specified assets may occur at a different time than expected and/or (iii) they may lose all or a substantial portion of their investment. In addition, movements in the price of the equity security or basket of equity securities may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the equity security or equity securities may affect the actual yield to Investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the equity security or equity securities, the greater the effect on yield.

The Calculation Agent may determine that an event giving rise to a Disrupted Day has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Securities and/or may delay any applicable redemption payments, or settlement. Prospective Investors should review the Conditions and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities.

If Potential Adjustment Event and/or De-listing and/or Merger Event and/or Nationalisation and/or Insolvency and/or Tender Offer are specified as applying in the applicable Final Terms, prospective Investors should note that the Securities may be subject to adjustment and, in the case of Notes, may be redeemed at an amount equal to the fair market value of each Note taking into account hedge costs, in the case of Securities which are not Exempt Securities, or at the Early Redemption Amount specified in the applicable Pricing Supplement, in the case of Exempt Securities, or, in the case of W&C Securities, may be cancelled upon payment of an amount to each Holder in respect of each W&C Security or Unit, as the case may be, determined by reference to the fair market value of each W&C Security or Unit, as the case may be, together with accrued Additional Amounts (if applicable), in each case taking into account hedge costs plus (in the case of Warrants), if already paid, the Exercise Price.

In respect of Equity Linked Securities relating to an equity security or equity securities originally quoted, listed and/or dealt as of the Trade Date in a currency of a member state of the European Union that has not adopted the euro, if such equity security or equity securities is/are at any time after the Trade Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange, prospective purchasers should note that the Calculation Agent will adjust any one or more of the terms of the Conditions and/or the applicable Final Terms as the Calculation Agent determines in its sole and absolute discretion to be appropriate to preserve the economic terms of the Securities. Prospective purchasers should also note that the Calculation Agent will make any conversion necessary for the purposes of any such adjustment as of the relevant Valuation Time at the official conversion rate, if any, or an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the relevant Valuation Time.
The market price of such Securities may be volatile and may be affected by the time remaining to the redemption or expiration date (as applicable), the volatility of the equity security or equity securities, the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant equity security or equity securities as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such securities may be traded.

Equity Linked Securities do not represent a claim against or an investment in any equity issuer and Holders will not have any recourse against the equity issuer.

*Additional risk factors relating to Equity Linked Securities linked to ADRs and/or GDRs*

An investment in the Securities linked to American Depositary Receipts (“ADRs”) or Global Depositary Receipts (“GDRs”) (ADRs and GDRs, together, “Depositary Receipts”) entails significant risks in addition to those associated with Equity Linked Securities and conventional debt or equity securities.

There are important differences between the rights of holders of Depositary Receipts and the rights of holders of the stock of the Underlying Equity Issuer represented by such Depositary Receipts. A Depositary Receipt is a security that represents equity securities of the relevant Underlying Equity Issuer. The relevant Deposit Agreement for the Depositary Receipt sets forth the rights and responsibilities of the Depositary (being the issuer of the Depositary Receipt), the Underlying Equity Issuer and holders of the Depositary Receipt which may be different from the rights of holders of the Underlying Equities. For example, the Underlying Equity Issuer may make distributions in respect of its Underlying Equities that are not passed on to the holders of its Depositary Receipts. Any such differences between the rights of holders of the Depositary Receipts and holders of the Underlying Equities of the Underlying Equity Issuer may be significant and may materially and adversely affect the value of the relevant Securities.

The legal owner of the Underlying Equities is the custodian bank which at the same time is the issuing agent of the Depositary Receipts. Depending on the jurisdiction under which the Depositary Receipts have been issued and the jurisdiction to which the custodian agreement is subject, it is possible that the corresponding jurisdiction would not recognise the purchaser of the Depositary Receipts as the actual beneficial owner of the Underlying Equities. Particularly in the event that the custodian bank becomes insolvent or that enforcement measures are taken against the custodian bank, it is possible that an order restricting free disposition could be issued with respect to the Underlying Equities or that such shares are realised within the framework of an enforcement measure against the custodian bank. If this is the case, the holders of the Depositary Receipts lose their rights under the Underlying Equities and the Securities would become worthless.

*Potential exposure to risks of emerging markets*

Depositary Receipts often represent shares of Underlying Equity Issuers based in emerging market jurisdictions.
Where the terms and conditions of the Securities reference one or more emerging market Reference Item(s), purchasers of such Securities should be aware that the political and economic situation in countries with emerging economies or stock markets may be undergoing significant evolution and rapid development, and such countries may lack the social, political and economic stability characteristics of more developed countries, including a significant risk of currency value fluctuation. Such instability may result from, among other things, authoritarian governments, or military involvement in political and economic decision-making, including changes or attempted changes in governments through extra-constitutional means, popular unrest associated with demands for improved political, economic or social conditions; internal insurrections; hostile relations with neighbouring countries; and ethnic, religious and racial disaffections or conflict. Certain of such countries may have in the past failed to recognise private property rights and have at times nationalised or expropriated the assets of private companies. As a result, the risks from investing in those countries, including the risks of nationalisation or expropriation of assets, may be heightened. In addition, unanticipated political or social developments may affect the values of a Reference Item investment in those countries. The small size and inexperience of the securities markets in certain countries and the limited volume of trading in securities may make the Reference Item(s) illiquid and more volatile than investments in more established markets. There may be little financial or accounting information available with respect to the Underlying Equity Issuers, and it may be difficult as a result to assess the value or prospects of the Reference Item(s).

Adjustment to the terms and conditions or replacement of the Reference Item following certain corporate events in relation to the Underlying Equities of Depositary Receipts may materially and adversely affect the value of the Securities.

Following certain corporate events specified in the Conditions of the relevant Securities relating to the Underlying Equities or the Underlying Equity Issuer of such Underlying Equities, such as a merger where the relevant company is not the surviving entity, the amount Holders will receive, if any, at maturity of such Securities may be adjusted by the Calculation Agent or the affected Underlying Equities and Depositary Receipts may be replaced by another Reference Item. The occurrence of such corporate events and the consequential amendments may materially and adversely affect the value of the Securities.

Additional considerations relevant for Index Linked Securities or Equity Linked Securities where an equity security, basket of equity securities or equity index is the Reference Item

Except as specified in the applicable Conditions, in relation to Physical Delivery Securities, Holders will not have voting rights or rights to receive dividends or other distributions or any other rights that holders of the reference equity securities would have and Holders will not have any beneficial interest in or right to acquire the reference equity securities or any derivative instruments related thereto.

The Calculation Agent may not be required to make an adjustment for every event that can affect the reference index or equity securities. If an event occurs that does not require the Issuer to adjust the amount payable at maturity in respect of the reference equity security or reference index, the market price of the associated Reference Item Linked Securities and the amount of interest or the principal amount payable at the maturity may be materially and adversely affected.
The Issuer or one or more of its affiliates may, at present or in the future, engage in business with an Equity Issuer or its competitors, including making loans to or equity investments in an Equity Issuer or its competitors or providing either with investment banking, asset management or other advisory services, including merger and acquisition advisory services. These activities may present a conflict between the Issuer’s or its affiliates’ obligations and the interests of Holders. Moreover, the Issuer or one or more of its affiliates may have published and may in the future publish research reports on an Equity Issuer or upon any reference index which may be modified from time to time without notice and may express opinions or provide recommendations that are inconsistent with purchasing or holding the Reference Item Linked Securities. Any of these activities could affect the price of the reference equity securities or index and, therefore, the value of the associated Reference Item Linked Securities.

If the Issuer and its affiliates are not affiliated with the Equity Issuers, the Issuer will have no ability to control or predict the actions of these issuers, including any corporate actions of the type that would require the Issuer to adjust the amount payable on the Reference Item Linked Securities, and will have no ability to control the public disclosure of these corporate actions or any other events or circumstances affecting the Equity Issuers. The Equity Issuers will have no obligation to consider the interests of Holders in taking any corporate actions that might affect the value of the associated Reference Item Linked Securities. The Equity Issuers may take actions that will adversely affect the value of the associated Reference Item Linked Securities. None of the money paid for the Reference Item Linked Securities will go to the Equity Issuers.

Neither the Issuer nor any of its affiliates assumes any responsibility for the adequacy or accuracy of the information about the Equity Issuers contained in any terms supplement or in any publicly available filings made by the Equity Issuers. Prospective Investors should make their own investigation into the relevant Equity Issuers.

**Additional Disruption Events (Index Linked Securities, and Equity Linked Securities and Fund Linked Securities only)**

If certain Additional Disruption Events are specified as applying in the applicable Final Terms, the Securities will be subject to adjustment or may be redeemed or cancelled (as applicable) upon the occurrence of any of the Additional Disruption Events specified as applying in the applicable Final Terms.

“**Additional Disruption Events**” may include change in law, hedging disruption, increased cost of hedging and/or insolvency filings.

**Commodity Linked Securities**

The Issuer may issue Securities where amounts payable are dependent upon the price or changes in the price of a commodity or basket of commodities or in the case of Exempt Securities where, depending on the price or change in the price of the commodity or basket of commodities, on maturity, redemption or settlement (as applicable) the Issuer may be obliged to deliver specified assets other than commodities (together “**Commodity Linked Securities**”).

-70-
Potential Investors in any such Securities should be aware that depending on the terms of the Commodity Linked Securities (i) they may receive no or a limited amount of interest or additional amounts, as applicable, (ii) payments or delivery of any specified assets may occur at a different time than expected and/or (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of the commodity or commodities may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the commodity or basket of commodities may affect the actual yield to Investors, even if the average level is consistent with their expectations. In particular, Commodity Linked Securities, which are related to the value of commodities, tend to be more volatile than traditional securities investments. The market values of commodities tend to be highly volatile. Commodity market values are not related to the value of a future income or earnings stream, as tends to be the case with fixed-income and equity investments, but are subject to variables of specific application to commodities markets. These variables include changes in supply and demand relationships, governmental programmes and policies, national and international monetary, trade, political, judicial and economic events, changes in interest and exchange rates, speculation and trading activities in commodities and related contracts, weather, and agricultural, trade, fiscal and exchange control policies. These factors may have a larger impact on commodity prices and commodity-linked instruments than on traditional fixed-income and equity securities. Further, in general, the earlier the change in the price or prices of the commodities, the greater the effect on yield.

The market price of such Securities may be volatile and may depend on the time remaining to the redemption or expiration date (as applicable) and the volatility of the price of the commodities. The price of commodities may be affected by economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any such commodities may be traded.

Commodity Linked Securities which are linked to commodity futures contracts may provide a different return from Commodity Linked Securities linked to the relevant physical commodity and will have certain other risks.

The price of a futures contract on a commodity will generally be at a premium or at a discount to the spot price of the commodity. This discrepancy is due to such factors as (i) the need to adjust the spot price due to related expenses (e.g., warehousing, transport and insurance costs) and (ii) different methods being used to evaluate general factors affecting the spot and the futures markets. In addition, and depending on the commodity, there can be significant differences in the liquidity of the spot and the futures markets.

Investment in futures contracts involves certain other risks, including potential illiquidity. A holder of a futures position may find that such position becomes illiquid because certain commodity exchanges limit fluctuations in such futures contract prices pursuant to “daily limits”. Once the price of a particular futures contract has increased or decreased by an amount equal to the daily limit, contracts can neither be bought nor sold unless holders are willing to trade at or within the limit. This could prevent a holder from promptly liquidating unfavourable positions and subject it to substantial losses. Futures contract prices in various commodities occasionally exceed the daily limit for several days with little or no trading. Such losses could have an adverse effect on the return of Commodity Linked Securities linked to the affected futures contracts. Any illiquidity
disruption or force majeure event (such as an act of God, fire, flood, severe weather conditions, act of governmental authority or a labour dispute or shortage) is likely to have an adverse affect on the value of or trading in commodities or futures contracts on such commodities and adversely affect the value of the Commodity Linked Securities.

Commodity futures contracts have a predetermined expiration date. Holding a commodity futures contract until expiration will result in delivery of the underlying physical commodity or the requirement to make or receive a cash settlement. Alternatively, “rolling” the commodity futures contract means that the commodity futures contract that is nearing expiration (the “near-dated commodity contracts”) is sold before it expires and a commodity futures contract that has an expiration date further in the future (the “longer-dated commodity contracts”) is purchased. In order to maintain an ongoing exposure to such commodities “rolling” of the applicable commodity futures contracts is applied.

“Rolling” can affect the value of an investment in commodities in a number of ways, including:

An investment in commodity futures contracts may increase or decrease through “rolling”: Where the price of a near-dated commodity contract is greater than the price of the longer-dated commodity contract (the commodity is said to be in “backwardation”), then “rolling” from the former to the latter will result in greater exposure to the longer-dated commodity contract. Therefore, any loss or gain on the new positions will be greater than if an investor had synthetically held the same number of commodity contracts as before the “roll”. Conversely, where the price of the near-dated commodity contract is lower than the price of the longer-dated commodity contract (the commodity is said to be in “contango”), then “rolling” will result in less exposure to the longer-dated commodity contract. Therefore, any gain or loss on the new positions will be less than if an investor had synthetically held the same number of commodity contracts as before the “roll”.

Where a commodity futures contract is in contango this is expected to (though may not) have a negative effect over time. Where a commodity futures contract is in backwardation this is expected to (though may not) have a positive effect over time. Where a commodity contract is in contango, then the price of the longer-dated commodity contract will be expected to (but may not) decrease over time as it nears expiry. In such event, rolling is expected to have a negative effect on an investment in the commodity contract. Where a commodity contract is in backwardation, then the price of the longer-dated commodity contract is expected to (but may not) increase over time as it nears expiry. In such event, the investment in the relevant commodity futures contract is expected to (but may not) be positively affected.

Commodity Indices are indices which track the performance of one or more commodity futures contracts relating to certain commodities, depending on the particular index. The weighting of the respective commodities included in a commodity index will depend on the particular index, and is generally described in the relevant index rules of the index. Commodity Indices usually apply “rolling” of the component commodity contracts in order to maintain an ongoing exposure to such commodities. Accordingly, the same effects as described above with regard to “rolling” also apply with regard to the index level of a Commodity Index.

Commodities are generally divided into four main classes and Commodity Indices may include one or more of these: (i) Metals: which can be subdivided into base metals such as aluminium,
copper, nickel, lead and zinc, and precious metals such as gold, silver, platinum and palladium; (ii) Agriculture: which includes corn, soybeans, wheat, sugar, cocoa, cotton and coffee; (iii) Energy: which includes crude oil, gasoline, heating oil and natural gas; and (iv) Livestock: which includes cattle and hogs. Specific risk factors in respect of each of these classes of Commodities are set out below:

Additional Risks Associated with Commodity Linked Securities linked to Aluminium, Copper, Lead, Nickel or Zinc

Commodity Linked Securities may be subject to certain risks specific to aluminium, copper, lead, nickel or zinc.

Aluminium, copper, lead, nickel and zinc are industrial metals. Consequently, in addition to factors affecting commodities generally that are described above, Commodity Linked Securities that are linked to the price of aluminium, copper, lead, nickel or zinc may be subject to a number of additional factors specific to industrial metals that might cause price volatility. These may include, among others:

(i) changes in the level of industrial activity using industrial metals including the availability of substitutes such as man-made or synthetic substitutes;
(ii) disruptions in the supply chain, from mining to storage to smelting or refining;
(iii) adjustments to inventory;
(iv) variations in production costs, including storage, labour and energy costs;
(v) costs associated with regulatory compliance, including environmental regulations; and
(vi) changes in industrial, government and consumer demand, both in individual consuming nations and internationally.

These factors interrelate in complex ways, and the effect of one factor on the market value of Commodity Linked Securities linked to the price of any industrial metal may offset or enhance the effect of another factor.

The London Metal Exchange’s (the “LME”) use of or omission to use price controls may result in limited appreciation but unlimited depreciation in the price of certain industrial metals futures contracts traded on LME and, therefore, the value of Commodity Linked Securities linked to the price of such metals.

United States exchanges have “daily limits” (as described above) that may occur during a single business day. In contrast, futures contracts on aluminium, copper, lead, nickel or zinc that are traded on LME are not subject to “daily limits”. In a declining market, therefore, it is possible that prices for one or more contracts traded on LME would continue to decline without limitation within a trading day or over a period of trading days. A steep decline in the price of the futures contract could have a significant adverse impact on the value of any Commodity Linked Securities linked to such aluminium, copper, lead, nickel or zinc futures contracts.
Moreover, LME has discretion to impose “backwardation limits” by permitting short sellers who are unable to effect delivery of an underlying commodity and/or borrow such commodity at a price per day that is no greater than the backwardation limit to defer their delivery obligations by paying a penalty in the amount of the backwardation limit to buyers for whom delivery was deferred. Backwardation limits tend to either constrain appreciation or cause depreciation of the prices of futures contracts expiring in nearby delivery months. Impositions of backwardation limits could adversely affect the value of any Commodity Linked Securities linked to such aluminium, copper, lead, nickel or zinc futures contracts.

**Contracts traded on LME are exposed to concentration risks beyond those characteristic of futures contracts on United States futures exchanges.**

Futures contracts traded on United States futures exchanges generally call for delivery of the physical commodities to which such contracts relate in stated delivery months. In contrast, contracts traded on LME may call for delivery on a daily, weekly or monthly basis. As a result, there may be a greater risk of a concentration of positions in contracts trading on LME on particular delivery dates than for futures contracts traded on United States futures exchanges, since, for example, contracts calling for delivery on a daily, weekly or monthly basis could call for delivery on the same or approximately the same date. Such a concentration of positions, in turn, could cause temporary aberrations in the prices of contracts traded on LME for delivery dates to which such positions relate. To the extent such aberrations are in evidence on a given pricing date with respect to the price of any such futures contract, they could adversely affect the value of any Commodity Linked Securities linked to such futures contracts.

**Additional Risks Associated with Commodity Linked Securities linked to Cocoa, Coffee, Corn, Cotton, Soybeans, Sugar or Wheat**

Commodity Linked Securities may be subject to certain risks specific to cocoa, coffee, corn, cotton, soybeans, sugar or wheat.

Cocoa, coffee, corn, cotton, soybeans, sugar and wheat are agricultural commodities. Cocoa, coffee, cotton and sugar are soft commodities; corn, soybeans and wheat are grains. Consequently, in addition to factors affecting commodities generally that are described above, Commodity Linked Securities that are linked to the price of cocoa, coffee, corn, cotton, soybeans, sugar or wheat may be subject to a number of additional factors specific to agricultural commodities and softs or grains that might cause price volatility. These may include, among others:

(i) weather conditions, including floods, drought and freezing conditions;
(ii) changes in government agricultural policies;
(iii) changes in global demand for food or clothing;
(iv) planting decisions;
(v) changes in bio-diesel or ethanol demand; and
(vi) changes in demand for agricultural products, softs or grains both with end users and as inputs into various industries.
These factors interrelate in complex ways, and the effect of one factor on the market value of Commodity Linked Securities linked to the price of cocoa, coffee, corn, cotton, soybeans, sugar or wheat, may offset or compound the effect of another factor.

**Additional Risks Associated with Commodity Linked Securities linked to Crude Oil or Natural Gas**

*Commodity Linked Securities may be subject to certain risks specific to crude oil or natural gas.*

Crude oil and natural gas are energy-related commodities. Consequently, in addition to factors affecting commodities generally that are described above, Commodity Linked Securities linked to the price of crude oil or natural gas may be subject to a number of additional factors specific to energy-related commodities that might cause price volatility. These may include, among others:

(i) changes in the level of industrial and commercial activity with high levels of energy demand;
(ii) disruptions in the supply chain or in the production or supply of other energy sources;
(iii) price changes in alternative sources of energy;
(iv) adjustments to inventory;
(v) variations in production and shipping costs;
(vi) costs associated with regulatory compliance, including environmental regulations; and
(vii) changes in industrial, government and consumer demand, both in individual consuming nations and internationally.

These factors interrelate in complex ways and the effect of one factor on the market value of Commodity Linked Securities linked to the price of crude oil or natural gas may offset or compound the effect of another factor.

**Additional Risks Associated with Commodity Linked Securities linked to Gold, Silver, Platinum or Palladium**

*Commodity Linked Securities may be subject to certain risks specific to gold, silver, platinum or palladium.*

Gold, silver, platinum and palladium are precious metals. In addition to factors affecting commodities generally that are described above, Commodity Linked Securities linked to the price of gold, silver, platinum or palladium may be subject to a number of additional factors specific to precious metals that might cause price volatility. These may include, among others:

(i) disruptions in the supply chain, from mining to storage to smelting or refining;
(ii) adjustments to inventory;
(iii) variations in production costs, including storage, labour and energy costs;
(iv) costs associated with regulatory compliance, including environmental regulations;
(v) changes in industrial, government and consumer demand, both in individual consuming nations and internationally;
(vi) precious metal leasing rates;
(vii) currency exchange rates;
(viii) level of economic growth and inflation; and
(ix) the degree to which consumers, governments, corporate and financial institutions hold physical gold as a safe haven asset (hoarding) which may be caused by a banking crisis/recovery, a rapid change in the value of other assets (both financial and physical) or changes in the level of geopolitical tension.

These factors interrelate in complex ways, and the effect of one factor on the market value of Commodity Linked Securities linked to the price of gold, silver, platinum or palladium, may offset or compound the effect of another factor.

**Additional Risks Associated with Securities linked to Lean Hogs or Live Cattle**

Commodity Linked Securities may be subject to certain risks specific to lean hogs or live cattle.

Lean hogs and live cattle are a type of livestock. Consequently, in addition to factors affecting commodities generally that are described above, Commodity Linked Securities linked to the price of lean hogs or live cattle may be subject to a number of additional factors specific to livestock that might cause price volatility. These may include, among others:

(i) weather conditions, including floods, drought and freezing conditions;
(ii) disease and famine;
(iii) changes in government agricultural and/or livestock policies; and
(iv) changes in end-user demand for livestock.

These factors interrelate in complex ways, and the effect of one factor on the market value of Commodity Linked Securities linked to the price of lean hogs or live cattle, may offset or enhance the effect of another factor.

**Fund Linked Securities**

**General**

The Issuer may issue Securities where the amounts payable are dependent upon the price or changes in the price of one or more Fund Interests or Fund Shares or where, depending on the price or changes in the price of one or more Fund Interests or Fund Shares, the Issuer has an obligation to deliver specified assets. Accordingly, an investment in Fund Linked Securities may bear similar market risks to a direct fund investment and investors should take advice accordingly. Funds may also include exchange traded funds ("ETFs") and Fund Linked Securities which are cash settled and not Exempt Securities will be linked to ETFs only.
Potential Investors in any such Securities should be aware that depending on the terms of the Fund Linked Securities (i) they may receive no or a limited amount of interest or additional amounts, as applicable, (ii) payments or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of one or more Fund Shares or Fund Interests may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the one or more Fund Shares or Fund Interests may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or prices of one or more Fund Shares or Fund Interests, the greater the effect on yield.

Neither the Issuer nor its affiliates have the ability to control or predict the actions of the Fund Adviser or other Fund Service Provider. The Fund Adviser is not involved in the offer of the Securities in any way and has no obligation to consider the interests of the Holders in taking any corporate actions that might affect the value of the Securities.

The Issuer will have no role in the relevant Fund. The Fund Adviser is responsible for making strategic, investment and other trading decisions with respect to the management of the Fund, consistent with its investment objectives and/or investment restrictions as set out in its constitutive documents. The manner in which a Fund is managed and the timing of such decisions will have a significant impact on the performance of the Fund. Hence, the price which is used to calculate the performance of the Fund is also subject to these risks. Set out below are risks common to any fund or funds and are not specific to the Fund. These risks include:

(i) the risk that the share price of one or more of the assets in the Fund's portfolio will fall, or will fail to rise. Many factors can adversely affect an asset's performance, including both general financial market conditions and factors related to a specific asset or asset class;

(ii) general macro-economic or asset class specific factors, including interest rates, rates of inflation, financial instability, lack of timely or reliable financial information or unfavourable political or legal developments;

(iii) asset allocation policies of the Fund Adviser;

(iv) credit quality and the risk of default of one of the hedge funds or of assets generally held in the Fund;

(v) the risk that the Fund’s investment objectives and/or investment restrictions as set out in its constitutive documents are materially changed, not complied with or the method of calculating the Net Asset Value is materially changed;

(vi) the risk that the Fund is liquidated, dissolved or otherwise ceases to exist or it or its Fund Adviser is subject to a proceeding under any applicable bankruptcy, insolvency or other similar law; and

(vii) the risk that the Fund is subject to a fraudulent event.
Prospective Investors in the Securities should be aware that the Fund Adviser will manage the Fund in accordance with the investment objectives of and guidelines applicable to the Fund. Furthermore, the arrangements between the Fund Adviser and the Fund have, in most cases, not been negotiated at arm’s length and it is unlikely that the Fund Adviser will be replaced or that additional fund managers and/or fund advisers will be retained.

Use of estimates

Potential Investors should understand that for certain determinations, the Calculation Agent or the Issuer may be required to rely on (a) values that at the time they are required are only estimated values, and (b) information provided by third parties, such as the Fund Adviser or Fund Service Providers, on the basis of their models, market anticipation and assumptions, the accuracy of which neither the Issuer nor the Calculation Agent has any control, and as such, they may rely on this information without any obligation to verify or otherwise corroborate it.

Changing value

The value of the Securities may move up or down between the Issue Date and the maturity date, redemption date, settlement date or exercise date (as applicable) and an Investor in the Securities in the secondary market during that time or on maturity of the Securities may sustain a significant loss. Factors that may influence the value of the Securities include: the value of the Fund; the creditworthiness of the Issuer in respect of the Securities; and those economic, financial, political and regulatory events that affect financial markets generally (including, for example, interest, foreign exchange and yield rates in the market).

The market price of a Fund Share in an ETF may be volatile and may depend on the time remaining to the redemption date or settlement date (as applicable) and the volatility of the price of a Fund Share and may be affected by the performance of the Fund Service Providers, and in particular the Fund Adviser. The price of a Fund Share may be affected by economic, financial, political and regulatory events that affect financial markets generally (including, for example, factors affecting the exchange(s) or quotation system(s) on which any such Fund Share may be traded).

Prospective Investors of the Securities have no rights with respect to a Fund or underlying Fund Shares or Fund Interests

A prospective Investor in Securities has no rights with respect to Fund Shares or Fund Interests including, without limitation, the right to receive dividends or other distributions. None of the Issuer, any Dealers or the Agents or any of their respective affiliates has performed or will perform any investigation or review of any entities that manage a Fund for the purpose of forming a view as to the merit of an investment linked to such Fund. None of the Issuer, any Dealers or the Agents or any of their respective affiliates have performed or will perform any investigation or review of any entities that manage a Fund from time to time, including any investigation of public filings of such entities, for the purpose of forming a view as to the suitability of an investment linked to the Net Asset Value per underlying Fund Interest or Fund Share and they make no guarantee or express or implied warranties in respect of a Fund, a Fund Adviser or any other
entity. Accordingly, Investors should not conclude that the issue by the Issuer of the Securities is any form of investment recommendation or advice by any of the Issuer, any Dealers or the Agents or any of their respective affiliates.

**Fund Events**

Prospective Investors should understand that, if a Fund Event is applicable, on the occurrence of any of the Fund Events, the Issuer may require the Calculation Agent: (i) to make such adjustments as it determines appropriate, including delaying any determination date or related payment date until it determines that no Fund Event exists, (ii) select replacement Funds, or (iii) in the case of Notes, redeem the Notes early and pay each Holder the Early Redemption Amount (which in the case of Notes which are not Exempt Securities will be an amount equal to the fair market value of each Note taking into account hedge costs) or, in the case of W&C Securities, cancel the W&C Securities upon payment of an amount in respect of each W&C Security or Unit, as the case may be, equal to the fair market value of each W&C Security or Unit, as the case may be, together with accrued Additional Amounts (if applicable), in each case taking into account hedge costs plus (in the case of Warrants), if already paid, the Exercise Price. "**Fund Events**" may include (depending on the selections made in the applicable Final Terms and whether the Fund is an ETF) Additional Fund Disruption Events (which include Change in Law, Fund Hedging Disruption and Increased Cost of Hedging), Fund Valuation Disruption, Fund Settlement Disruption, Nationalisation, Insolvency, Fund Insolvency Event, NAV Trigger Event, Adviser Resignation Event, Fund Modification, Strategy Breach, Regulatory Action, Reporting Disruption, Fund Service Provider Cessation, Fund Administration Disruption and Related Agreement Termination.

**Fund Potential Adjustment Events**

Following the declaration by a Fund of any Fund Potential Adjustment Event, the Calculation Agent may determine to make adjustments to the terms of the Fund Linked Securities.

**Exchange Traded Funds**

In the case where the Fund is an ETF, if De-listing, Insolvency, Material Underlying Event (which includes events in relation to the ETF and/or Fund Share which is materially prejudicial to the Issuer in connection with the issue of the Fund Linked Securities or any related hedging arrangement) and/or Merger Event, Nationalisation and/or Tender Offer occurs, the Securities will also be subject to adjustment or in the case of Notes, early redemption at an amount equal to the fair market value of each Note taking into account hedge costs, in the case of Notes which are not Exempt Notes or at the Early Redemption Amount specified in the applicable Pricing Supplement, in the case of Notes which are Exempt Securities, or, in the case of W&C Securities, cancellation upon payment of an amount to each Holder in respect of each W&C Security or Unit, as the case may be, determined by reference to the fair market value of each W&C Security or Unit, as the case may be, taking into account hedging costs.

If Fund Potential Adjustment Events occur, prospective purchasers should note that the Securities will be subject to adjustment.
The Calculation Agent may determine that an event giving rise to a Disrupted Day has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Securities and/or may delay any applicable redemption payments, or settlement. Prospective purchasers should review the Conditions and the applicable Final Terms to ascertain whether and how such provisions apply to the Securities.

Credit Linked Securities

In the case of Exempt Securities only, the Issuer may issue Securities where amounts payable are dependent upon whether certain events have occurred in respect of a specified entity (the “Reference Entity”) and, if so, on the value of certain specified assets of the Reference Entity or where, if such events have occurred, on redemption the Issuer’s obligation is to deliver certain specified assets.

Potential Investors in any such Securities should be aware that depending on the terms of the Credit Linked Securities (i) they may receive no or a limited amount of interest or principal or other amounts, (ii) payment of principal, interest or other amounts or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

The market price of such Securities may be volatile and will be affected by, amongst other things, the time remaining to the redemption or expiry date and the financial condition and creditworthiness of the Reference Entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions or industries and changes in prevailing interest rates.

Where the Securities provide for physical delivery, the Issuer may determine that the specified assets to be delivered are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans) it is impossible or illegal to deliver on the Settlement Date or Redemption Date or (b) assets which the Hedging Entity has not received under the terms of any transaction entered into by Hedging Entity to hedge the Issuer’s obligations in respect of the Securities. Any such determination may delay settlement in respect of the Securities and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Securities and, in the case of payment of a cash amount, will affect the timing of the valuation of such Securities and as a result, the amount payable on redemption or settlement. Prospective purchasers should review the relevant Conditions of the Securities and the applicable Pricing Supplement to ascertain whether and how such provisions should apply to the Securities.

The Issuer’s obligations in respect of Credit Linked Securities are irrespective of the existence or amount of the Issuer’s and/or any affiliates’ credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.
Preference Share Linked Notes

The Issuer may issue Notes ("Preference Share Linked Notes") where the amounts payable are dependent upon the changes in the value of certain preference shares (the "Preference Shares") issued by RBC GELP (UK) Limited (the “Preference Share Issuer”), which may fluctuate up or down depending on the performance of the relevant underlying asset(s) or basis of reference to which the Preference Shares are linked (the “Preference Share Underlying”) as set out in the terms and conditions of the Preference Shares (the “Preference Share Terms”). If as a result of the performance of the Preference Share Underlying, the performance of the Preference Shares is negative the value of the Preference Share Linked Notes will be adversely affected. Purchasers of Preference Share Linked Notes risk losing all or a part of their investment if the value of the Preference Shares falls.

Potential Investors in any such Notes should be aware that an investment in Preference Share Linked Notes will entail significant risks not associated with a conventional debt or equity security. Potential Investors in Preference Share Linked Notes should conduct their own investigations and, in deciding whether or not to purchase the Preference Share Linked Notes, should form their own views of the merits of an investment linked to the Preference Shares in question based upon such investigations and not in reliance on any information given in this document.

Potential investors in Preference Share Linked Notes should consider carefully the Risk Factors set out in this Base Prospectus.

As set out below, Preference Share Linked Notes will be subject to early redemption if an Extraordinary Event or, if applicable, an Additional Disruption Event occurs or if a Preference Share Early Redemption Event occurs. In these circumstances the Issuer may redeem the Notes at the Early Redemption Amount. The Early Redemption Amount may be less (and in certain circumstances, significantly less) than investors’ initial investment.

Exposure to the Preference Share Underlying

The Preference Share Underlying may be a specified index or basket of indices, a specified equity or basket of equities, a specified currency or basket of currencies, a specified commodity or basket of commodities, a specified fund share or unit or basket of fund shares or units or such other underlying instruments, bases of reference or factors as may be determined by the Preference Share Issuer and specified in the relevant Preference Share Terms. Consequently Potential Investors should also consider the risk factors set out on pages 50 to 94 in respect of the risks involved in investing in Securities (in this case the Preference Shares) linked to certain Reference Item(s).

The Preference Share Terms provide that the Preference Shares will be redeemable on their final redemption date (or otherwise in accordance with the Preference Share Terms). On redemption, the Preference Shares will carry preferred rights to receive an amount calculated by reference to the Preference Share Underlying.

Investors should review the Preference Share Terms and consult with their own professional advisers.
**Credit and Fraud Risk of Preference Share Issuer**

Preference Share Linked Notes are linked to the performance of the relevant Preference Shares. Investors bear the risk of an investment in the Preference Share Issuer. The value of the Preference Share Linked Notes is dependent on the value of the Preference Shares, which will depend in part on the creditworthiness of the Preference Share Issuer, which may vary over the term of the Preference Share Linked Notes. The Preference Share Issuer is not an operating company. Its sole business activity is the issue of redeemable preference shares. The Preference Share Issuer does not have any trading assets and does not generate any significant net income. As its funds are limited, any misappropriation of funds or other fraudulent action by the Preference Share Issuer or person acting on its behalf would have a significant effect on the value of the preference shares and will affect the value of the Preference Share Linked Notes.

**Potential conflicts of interest**

The Bank is the Issuer and unless otherwise specified in the Final Terms, RBC Capital Markets, LLC is the Calculation Agent in respect of Preference Share Linked Notes and also acts as calculation agent in respect of the Preference Shares (the "Preference Share Calculation Agent"). The Bank and RBC Capital Markets, LLC are affiliates. As a result of this relationship, potential conflicts of interest may arise for the Bank and RBC Capital Markets, LLC in acting in their respective capacities. Subject to any relevant regulatory obligations, the Issuer and the Preference Share Calculation Agent owe no duty or responsibility to any Noteholder to avoid any conflict or to act in the interests of any Noteholder. The Preference Share Issuer may also rely on other RBC group entities (including the Preference Share Calculation Agent) or other service providers to perform its operational requirements. In the event any relevant RBC group entity or other service provider fails to perform any obligations, this may adversely affect the value of the Preference Shares and potentially the amounts payable under the Notes.

In addition to providing calculation agency services to the Preference Share Issuer, RBC Capital Markets, LLC or any of its affiliates may perform further or alternative roles relating to the Preference Share Issuer and any series of Preference Shares including, but not limited to, being involved in arrangements relating to any Preference Share Underlying (for example as calculation agent). Further, RBC Capital Markets, LLC or any of its affiliates (including the Bank) may contract with the Preference Share Issuer and/or enter into transactions, including hedging transactions, which relate to the Preference Share Issuer, the Preference Shares or any Preference Share Underlying and as a result RBC Capital Markets, LLC may face a conflict between its obligations as Preference Share Calculation Agent and its and/or its affiliates' interests in other capacities.
**Determination of Extraordinary Events and Additional Disruption Events**

The Calculation Agent may determine the occurrence of a Merger Event, Tender Offer, Insolvency or Additional Disruption Event in relation to the Preference Share Linked Notes. Upon such determination, the Issuer may, at its option, redeem the Preference Share Linked Notes in whole at the Early Redemption Amount, which may be less than the amount invested in the Preference Share Linked Notes. Noteholders will not benefit from any appreciation of the Preference Shares that may occur following such redemption.

**No ownership rights**

An investment in Preference Share Linked Notes is not the same as an investment in the Preference Shares and does not confer any legal or beneficial interest in the Preference Shares or any Preference Share Underlying or any voting rights, right to receive dividends or other rights that a holder of the Preference Shares or any Preference Share Underlying may have.

**Hedging activities of the Issuer and affiliates**

The Issuer or its affiliates may carry out hedging activities related to the Preference Share Linked Notes, including purchasing the Preference Shares and/or purchasing or entering into contracts relating to the Preference Share Underlying, but will not be obliged to do so. Certain of the Issuer's affiliates may also purchase and sell the Preference Shares and/or purchase and sell or enter into contracts relating to the Preference Share Underlying on a regular basis as part of their regular business. Any of these activities could adversely affect the value of the Preference Share Underlying and, accordingly, the value of the Preference Shares and the Preference Share Linked Notes.

**Currency Linked Securities**

The Issuer may issue Securities where amounts payable are dependent upon movements in currency exchange rates or are payable in one or more currencies which may be different from the currency in which the Securities are denominated ("Currency Linked Securities"). Accordingly, an investment in Currency Linked Securities may bear similar market risks to a direct foreign exchange investment and investors should take advice accordingly. An investment in Currency Linked Securities will entail significant risks not associated with a conventional debt security.

Potential investors in any Currency Linked Securities should be aware that depending on the terms of the Currency Linked Securities (i) they may receive no or a limited amount of interest, (ii) payments or, in the case of Exempt Securities, delivery of any specified assets may occur at a different time than expected and/or (iii) except in the case of principal protected Securities, they may lose all or a substantial portion of their investment if the applicable currency exchange rates do not move in the anticipated direction.

In addition, the movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent...
with their expectations. In general, the earlier the change in the price of the currency exchange rates, the greater the effect on yield.

If the Final Redemption Amount, Cash Settlement Amount, interest or additional amounts payable, or, in the case of Exempt Securities, Entitlement deliverable, are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on the Final Redemption Amount, Cash Settlement Amount, interest or additional amounts payable, or Entitlement deliverable, will be magnified.

Fluctuations in exchange rates of the relevant currency (or the relevant currencies contained in a basket of currencies) will affect the value of Currency Linked Securities. Furthermore, investors who intend to convert gains or losses from the exercise, redemption or sale of Currency Linked Securities into their home currency may be affected by fluctuations in exchange rates between their home currency and Settled Currency (as defined below) of the Securities. Currency values may be affected by complex political and economic factors, including, without limitation, governmental action to fix or support the value of a currency/currencies, regardless of other market forces (see “Exchange rate risks and exchange controls” below).

**Early Redemption, Exercise or Cancellation**

Following any early redemption, cancellation or exercise (as applicable), an Investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate or additional amount rate on the relevant Securities and may only be able to do so at a significantly lower rate. Potential Investors should consider reinvestment risk in light of other investments available at that time.

*Notes which are issued with variable interest rates or which are structured to include a multiplier or other leverage factor are likely to have more volatile market values than more standard securities*

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

*Inverse Floating Rate Notes will have more volatile market values than conventional Floating Rate Notes*

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

**FX Quanto Risk**

Exempt Notes may incorporate a "quanto" feature because the currency of the Reference Item(s) is different to the currency of the Notes. This feature means when calculating the return of the Notes,
the performance of the Reference Item(s) in their base currency is not adjusted to account for the change rate between the currencies at such time. Investors should also be aware that movements in interest rates for deposits in such currencies will affect the valuation of a Note including this feature. This exposure to currency exchange fluctuations may come at a cost or benefit the investor depending on how currency exchange rates move during the term of the Note. Currency exchange rates may be volatile and subject to unpredictable changes over the term of the Note.

**FX Adjustment Risk**

Exempt Notes may incorporate an exchange rate adjustment feature because the currency of the Reference Item(s) is different to the currency of the Notes. This feature provides an adjustment for the effect of exchange rate fluctuations on the return of the Notes. Hence when calculating the return of the Notes, the performance of the Reference Item(s) in their base currency is adjusted to account for the exchange rate between the currencies at such time. Investors should also be aware that movements in interest rates for deposits in such currencies will affect the valuation of a Note including this feature. This exposure to currency exchange fluctuations may come at a cost or benefit to the investor depending on how currency exchange rates move during the term of the Notes. Currency exchange rates may be volatile and subject to unpredictable changes over the term of the Note.

**Cap on Return**

If there is a cap on the level of payments which can be made under the Securities, then the maximum possible return on the Securities will be limited to that cap. The return will therefore not increase even if the Reference Item(s) outperform(s) the stated maximum return. If the underlying Reference Item(s) substantially outperform(s) the stated maximum return, an investment in the Securities may not be as attractive as a direct investment in the underlying Reference Item(s), where this is possible.
4. **Risks related to the Securities generally**

Set out below is a description of material risks relating to the Securities generally:

**Modification and Waivers**

The Conditions of the Securities contain provisions for calling meetings of Holders to consider matters affecting their interest generally. These provisions permit defined majorities to bind (and to modify or waive certain terms and conditions of the Securities or covenants and agreements made by the Issuer) all Holders including Holders who do not attend and vote at the relevant meeting and Holders who voted in a manner contrary to the majority and (other than for Swedish Notes) also allow for consents to be provided by written resolution or electronically.

**Securities may be subject to write-off, write-down or conversion under current and proposed Canadian resolution powers**

The Canada Deposit Insurance Corporation, Canada's resolution authority, was granted additional powers in 2009 to transfer certain assets and liabilities of a bank to a newly created "bridge bank" for such consideration as it determines in the event of a bank getting into distress, presumably to facilitate a sale of the bank to another financial institution as a going concern. Upon exercise of such power, any remaining assets and liabilities would remain with the "bad bank" which would then be wound up. As such, in this scenario, any liabilities of the bank, such as the Securities, that remain with the "bad bank" would be effectively written off or subject to only partial repayment in the ensuing winding-up.

Moreover, in Canada's latest recent budget released on March 21, 2013, the Canadian government announced a proposal to implement a "bail-in" regime for domestic systemically important banks such as the Bank, which would be consistent with key international standards such as the Financial Stability Board's "Key attributes of Effective Resolution Regimes for Financial Institutions" and would work alongside the existing regulatory capital regime. The details of Canada's bail in regime are not yet clear as the government first intends to consult stakeholders on how best to implement the regime. As a result, there is no clarity as to the scope of the bank liabilities that may be subject to the regime when implemented, including whether there will be any grandfathering provisions in respect of any outstanding liabilities of a bank issued prior to the regime's implementation.

**No obligation to maintain listing**

The Issuer is not under any obligation to Holders to maintain any listing of Securities and may, in its sole discretion, determine that it is unduly burdensome to maintain such listing and seek to terminate the listing of such Securities provided it uses all reasonable efforts to seek an alternative admission to listing, trading and/or quotation of such Securities by another listing authority, securities exchange and/or quotation system that it deems appropriate (including a market which is not a regulated market for the purposes of the Markets in Financial Instruments Directive or a market outside the EEA). However, if such alternative listing is not available or, in the opinion of the Issuer is impractical or unduly burdensome, an alternative listing may not be obtained.
Although there is no assurance as to the liquidity of any Securities as a result of the listing on a regulated market for the purposes of the Markets in Financial Instruments Directive in the European Economic Area or any other market, de-listing such Securities may have a material affect on an Investor’s ability to (i) continue to hold such Securities or (ii) resell the Securities in the secondary market.

**Tax treatment**

The tax treatment of any amount to be paid in relation to the Securities to a Holder may reduce such holder’s effective yield on the Securities.

**Withholding under the EU Savings Tax Directive**

The Securities may be subject to withholding taxes in circumstances where the Issuer is not obliged to make gross up payments and this would result in holders receiving less interest than expected and could significantly adversely affect their return on the Securities.

Under EC Council Directive 2003/48/EC on the taxation of savings income (the “Savings Tax Directive”), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Austria and Luxembourg are instead required (unless during that period they elect otherwise – see below for Luxembourg) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

In April 2013, the Luxembourg Government announced its intention to abolish the withholding system described above with effect from January 1, 2015, in favour of automatic information exchange under the Directive.

The European Commission has proposed certain amendments to the Savings Tax Directive which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Securities as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Savings Tax Directive.

**Market perceptions concerning the instability of the euro, the potential re-introduction of individual currencies within the Euro-zone, or the potential dissolution of the euro entirely, could adversely affect the value of the Securities**

As a result of the credit crisis in Europe, in particular in Greece, Italy, Ireland, Portugal and Spain, the European Commission created the European Financial Stability Facility (the "EFSF") and the European Financial Stability Mechanism (the "EFSM") to provide funding to Euro-zone countries in
financial difficulties that seek such support. In March 2011, the European Council agreed on the need for Euro-zone countries to establish a permanent stability mechanism, the European Stability Mechanism, which will be activated by mutual agreement, to assume the role of the EFSF and the EFSM in proving external financial assistance to Euro-zone countries after June 2013. Despite these measures, concerns persist regarding the debt burden of certain Euro-zone countries and their ability to meet future financial obligations, the overall stability of the euro and the suitability of the euro as a single currency given the diverse economic and political circumstances in individual Member States. These and other concerns could lead to the re-introduction of individual currencies in one or more Member States, or, in more extreme circumstances, the possible dissolution of the euro entirely. Should the euro dissolve entirely, the legal and contractual consequences for holders of euro-denominated obligations would be determined by laws in effect at such time. These potential developments, or market perceptions concerning these and related issues, could adversely affect the value of the Securities.

Change in law

No assurance can be given as to the impact of any possible judicial decision or change to the laws of the Province of Ontario and the federal laws of Canada applicable therein (in the case of Securities governed thereby) or English law (in the case of Securities governed thereby) or administrative practice after the date of this Base Prospectus and before the date on which the relevant Securities are issued and any such change could materially adversely impact the value of any Securities affected by it. Such changes in law may include, but are not limited to, the introduction of a “bail-in” regime which may affect the rights of holders of securities issued by the Issuer, including the Securities. See “Securities may be subject to write-off, write-down or conversion under current and proposed Canadian resolution powers” above.

Investors who purchase Bearer Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Bearer Notes are subsequently required to be issued

In relation to any issue of Bearer Notes which has denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that the Securities may be traded in the clearing systems in amounts that are not integral multiples of such minimum Specified Denomination. In such a case, a Holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Bearer Note in respect of such holding (should definitive Bearer Notes be provided) and would need to purchase or sell a principal amount of Securities such that its holding amounts to a Specified Denomination before definitive Bearer Notes are issued to such Holder.

If such definitive Bearer Notes are issued, Holders should be aware that definitive Bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Minimum Trading Size Risk

Securities may, if specified in the applicable Final Terms, be subject to a Minimum Trading Size, in which case such Securities will, for so long as they are held in a clearing system, be
transferable only in a principal amount in the case of Notes or in a number in the case of W&C Securities, of not less than such Minimum Trading Size. Notwithstanding the foregoing, such Securities will only be transferable in accordance with the rules of the relevant clearing system.

Canadian Usury Laws

The *Criminal Code* (Canada) prohibits the receipt of “interest” at a “criminal rate” (namely, an effective annual rate of interest that exceeds 60 per cent.). Accordingly, the provisions for the payment of interest or a Redemption Amount in excess of the aggregate principal amount of the Securities may not be enforceable if the provision provides for the payment of “interest” in excess of an effective annual rate of interest of 60 per cent.

*Foreign Account Tax Compliance Act (FATCA) withholding may affect payments on the Securities*

Whilst the Securities are in global form and held within the clearing systems, in all but the most remote circumstances, it is not expected that FATCA will affect the amount of any payment received by the clearing systems (see *Taxation – Foreign Account Tax Compliance Act*). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer’s obligations under the Securities are discharged once it has paid the common depositary or common safekeeper for the clearing systems (as bearer or registered holder of the Securities) and the Issuer has therefore no responsibility for any amount thereafter transmitted through the hands of the clearing systems and custodians or intermediaries.

*Legislation Affecting Dividend Equivalent Payments*

The United States Hiring Incentives to Restore Employment Act (the "HIRE Act") treats a "dividend equivalent" payment as a dividend from sources within the United States. Under the HIRE Act, unless reduced by an applicable tax treaty with the United States, such payments generally would be subject to U.S. withholding tax of 30% if paid to a non-U.S. holder. A non-U.S. holder is a beneficial owner of a Security that, for U.S. federal income tax purposes, is a non-resident alien individual, a foreign corporation, or a foreign estate or trust. Under proposed U.S. Treasury Department regulations, certain payments that are contingent upon or determined by reference to U.S. source dividends, including payments reflecting adjustments for extraordinary dividends, with respect to equity-linked instruments, including the Securities, may
be treated as dividend equivalents. If enacted in their current form, the regulations will impose a withholding tax on payments made on the notes on or after January 1, 2014 that are treated as dividend equivalents. Where the Securities reference an interest in a basket of Securities or an index that may provide for the payment of dividends from sources within the United States, absent final guidance from the IRS, it is uncertain whether the IRS would determine that payments under the Securities are substantially similar to a dividend. If withholding is so required, we (or the applicable paying agent) would be entitled to withhold taxes and would not be required to pay any additional amounts with respect to amounts so withheld. Further, non-U.S. holders may be required to provide certifications prior to, or upon the sale, redemption or maturity of the notes in order to minimize or avoid U.S. withholding taxes. Prospective investors of Securities should consult their own tax advisers regarding the HIRE Act.

5. **Risks related to the market generally**

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

*An active secondary market in respect of the Securities may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Securities*

Securities may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, Investors may not be able to sell their Securities easily or at prices that will provide them with a yield comparable to similar investments that have a developed liquid secondary market. This is particularly the case for Securities that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of Investors (such as Reference Item Linked Securities) or for Securities which are not listed on any stock exchange or for Securities the outstanding number of which is very low. These types of Securities generally would have a more limited secondary market and more price volatility than conventional debt securities. Accordingly, Investors must be prepared to hold the Securities to maturity. Also (in the case of American Style W&C Securities) to the extent Exercisable Certificates or Warrants of a particular issue are exercised, the number of W&C Securities of such issue outstanding will decrease resulting in diminished liquidity for the remaining Exercisable Certificates or Warrants, as applicable, of such issue. A decrease in the liquidity of an issue of Exercisable Certificates or Warrants may cause, in time, an increase in the volatility associated with the price of such issue of Exercisable Certificates or Warrants, as applicable.

**Possible Illiquidity of the Securities in the Secondary Market**

It is very difficult to predict the price at which Securities will trade in the secondary market or whether such market will be liquid or illiquid. The Issuer may, but is not obliged to, list Securities on a stock exchange.

Each Issuer and any Dealer may, but is not so obliged, at any time purchase Securities at any price in the open market or by tender or private offer/treaty. Any Securities so purchased may be held or resold or surrendered for cancellation as further described herein. A Dealer may, but is not obliged to, be a market-maker for an issue of Securities and may cease to do so at any time. Even if a
Dealer is a market-maker for an issue of Securities, the secondary market for such Securities may be limited. In addition, affiliates of the Issuer (including the Dealer as referred to above) may purchase Securities at the time of their initial distribution and from time to time thereafter. There may be no secondary market for the Securities and to the extent that an issue of Securities is or becomes illiquid, an investor may have to exercise or wait until redemption of such Securities, as applicable, to realise greater value than its then trading value.

There may be price discrepancies with respect to the Securities as between various dealers or other purchasers in the secondary market

If at any time a third party dealer quotes a price to purchase Securities or otherwise values Securities, that price may be significantly different (higher or lower) from any price quoted by any member of the Royal Bank of Canada group. Furthermore, if any Securityholder sells their Securities, the Securityholder will likely be charged a commission for secondary market transactions, or the price may reflect a dealer discount.

If an investor holds Securities which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Securities could result in an investor not receiving payments on those Securities

The Issuer will pay amounts on the Securities in the Specified Currency or Settlement Currency (as applicable) (the “Settled Currency”). This presents certain risks relating to currency conversions if an Investor’s financial activities are denominated principally in a currency or currency unit (the “Investor’s Currency”) other than the Settled Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Settled Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Settled Currency would decrease (i) the Investor’s Currency-equivalent yield on the Securities, (ii) the Investor’s Currency-equivalent value of the principal payable on the Securities and (iii) the Investor’s Currency-equivalent market value of the Securities.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Securities. As a result, the Cash Settlement Amount or Additional Amounts (in the case of Cash Settled W&C Securities) or the Final Redemption Amount and any interest (in the case of Notes) that Investors receive may be less than expected or zero.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Securities involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Securities.
Market value of Securities

The market value of an issue of Securities will be affected by a number of factors independent of the creditworthiness of the Issuer, including, but not limited to:

(i) the value and volatility of the Reference Item(s);

(ii) where the Reference Item(s) is/are equity securities, the dividend rate on the Reference Item(s) and the financial results and prospects of the issuer of each Reference Item;

(iii) market interest and yield rates;

(iv) fluctuations in exchange rates;

(v) liquidity of the Securities or any Reference Item(s) in the secondary market;

(vi) the time remaining to any maturity date, settlement date, redemption date or expiration date (as applicable); and

(vii) economic, financial and political events in one or more jurisdictions, including factors affecting capital markets generally and the stock exchange(s) on which any Reference Item(s) may be traded.

The price at which a Holder will be able to sell any Securities prior to maturity, redemption, settlement or expiration (as applicable) may be at a discount, which could be substantial, to the market value of such Securities on the issue date, if, at such time, the market price of the Reference Item(s) is below, equal to or not sufficiently above the market price of the Reference Item(s) on the issue date. The historical market prices of any Reference Item should not be taken as an indication of such Reference Item’s future performance during the term of any Security.

A Security’s purchase price may not reflect its inherent value

Prospective investors in the Securities should be aware that the purchase price of a Security does not necessarily reflect its inherent value. Any difference between a Security’s purchase price and its inherent value may be due to a number of different factors including, without limitation, prevailing market conditions and fees, discounts or commissions paid or earned by the various parties involved in structuring and/or distributing the Security. For further information prospective investors should refer to the party from whom they are purchasing the Securities. Prospective investors may also wish to seek an independent valuation of Securities prior to their purchase.
Credit ratings assigned to the Issuer or any Securities might not reflect all the risks associated with an investment in those Securities

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities issued under the Programme. The ratings might not reflect the potential impact of all risks related to structure, market, additional factors discussed above and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such credit ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and credit ratings will be disclosed in the Final Terms.

Legal investment considerations may restrict certain investments

The investment activities of certain Investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential Investor should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Interests of Dealers

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer in the ordinary course of business.

In addition, in the ordinary course of their business activities, the Dealers and/or their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account or for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Bank or Bank's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Bank routinely hedge their credit exposure to the Bank consistent with their customary risk management policies. Typically, such Dealers
and/or their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Securities issued under the Programme. The Dealers and/or their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Issuer may sell Securities to one or more of the Dealers including RBC Europe Limited, which is a wholly-owned indirect subsidiary of the Bank. The terms of the Programme were negotiated at arm’s length between the Issuer and the Dealers. In addition to any proceeds from any offering of the Securities under the Programme being applied, directly or indirectly, for the benefit of RBC Europe Limited in its capacity as a wholly-owned indirect subsidiary of the Bank, RBC Europe Limited will receive a portion of any fees and commissions payable in connection with any such offering of Securities in its capacity as a Dealer.

Certain considerations relating to public offers of the Securities

If the Securities are distributed by means of a public offer, under certain circumstances indicated in the applicable Final Terms, the Issuer and/or the other entities indicated in the Final Terms will have the right to withdraw or revoke the offer, and the offer will be deemed to be null and void according to the terms indicated in the applicable Final Terms.

Unless otherwise provided in the applicable Final Terms, the Issuer and/or the other entities specified in the applicable Final Terms may terminate the offer early by immediate suspension of the acceptance of further subscription requests and by giving notice to the public in accordance with the applicable Final Terms. Any such termination may occur even where the maximum amount for subscription in relation to that offer (as specified in the applicable Final Terms), has not been reached. In such circumstances, the early closing of the offer may have an impact on the aggregate number of Securities issued and, therefore, may have an adverse effect on the liquidity of the Securities.

Furthermore, under certain circumstances, the Issuer and/or the other entities indicated in the applicable Final Terms will have the right to extend the Offer Period. In addition, in the event that the Issuer publishes a supplement to the Base Prospectus in accordance with the provisions of the Prospectus Directive, the Issuer and/or the other entities specified in the applicable Final Terms shall reserve also the right, along with the right to extend the Offer Period, to postpone the Issue Date and/or one or more Interest Payment Dates and/or the maturity date of the Securities.

The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to the information included in the Base Prospectus which is capable of affecting the assessment of any Securities, prepare a supplement to the Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Securities issued in circumstances requiring publication of a prospectus under the Prospectus Directive.

Except for the financial information in respect of the year ended October 31, 2010 included in the Issuer’s 2012 MD&A incorporated by reference herein (which has been prepared in accordance with Canadian generally accepted accounting principles), the financial information of the Bank
incorporated by reference or otherwise contained in this document has been prepared in accordance with IFRS. For further details on the Bank’s adoption of IFRS, refer to “Note 2 – Summary of significant accounting policies, estimates and judgments” and “Note 3 – First time adoption of IFRS” to the 2012 Audited Consolidated Financial Statements and, in respect of the impact on the Bank’s capital position, refer to “Note 32 – Capital management” to such financial statements.
In this section the expression "necessary information" means, in relation to any Tranche of Securities, the information necessary to enable Investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and of the rights attaching to the Securities. In relation to the different types of Securities which may be issued under the Programme the Issuer has endeavoured to include in this Base Prospectus all of the necessary information except for information relating to the Securities which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Securities.

Any information relating to the Securities which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Securities will be contained either in the applicable Final Terms or in a Drawdown Prospectus. Such information will be contained in the applicable Final Terms unless, in accordance with Article 16 of the Prospective Directive, any of such information constitutes a significant new factor relating to the information contained in the Base Prospectus in which case such information, together with all of the other necessary information in relation to the relevant series of Securities, may be contained in a Drawdown Prospectus.

For a Tranche of Securities which is the subject of the Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Securities which is the subject of Final Terms are the Conditions as completed in such Final Terms.

The terms and conditions applicable to any particular Tranche of Securities which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Securities which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the applicable Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be a single document containing the necessary information relating to the Issuer and the relevant Securities.
GENERAL DESCRIPTION OF THE PROGRAMME

This Base Prospectus was prepared in relation to the Programme, which Programme was approved by the Board of Directors of the Bank on February 29, 2012. Under the Programme, the Bank may from time to time issue (i) senior notes and subordinated notes not linked to Reference Items (the "Non-Linked Notes"), (ii) other senior notes linked to one or more Reference Items (the "Reference Item Linked Notes" and together with the Non-Linked Notes, the "Notes"), (iii) redeemable certificates ("Redeemable Certificates") or exercisable certificates ("Exercisable Certificates") (together, the "Certificates") linked to one or more Reference Items, or (iv) warrants ("Warrants") linked to one or more Reference Items, which issues may be denominated in or payable in any currency agreed between the Issuer and the relevant Dealer(s) (such Certificates and Warrants together, the "W&C Securities" and the W&C Securities and the Notes together, the "Securities"). All types of such Securities other than subordinated notes may be issued under this Base Prospectus pursuant to the Programme, save that the minimum denomination or (in the case of a W&C Security) issue price of each Security issued under this Base Prospectus will be €1,000 (or, if the Securities are denominated or (as applicable) issued in a currency other than euro, the equivalent amount in such currency). The Bank may also issue other base prospectuses in respect of the Programme not approved by the Central Bank of Ireland, under which (as specified in the relevant base prospectus) the Bank may issue some of the types of Securities described above. The applicable terms of any Securities will be agreed between the Bank and the relevant Dealer(s) prior to the issue of the Securities and will be set out in the Terms and Conditions of the Securities endorsed on, or annexed to, the Securities, as completed by the applicable Final Terms, in the case of Securities which are not Exempt Securities, or supplemented, modified or replaced by the applicable Pricing Supplement, in the case of Exempt Securities, in either case attached to, or endorsed on, such Securities, as more fully described under "Terms and Conditions of the Notes" and "Terms and Conditions of the W&C Securities", as the case may be.

All Notes, Redeemable Certificates and Exercisable Certificates evidencing deposit liabilities under the Bank Act (Canada) issued under any prospectus prepared in connection with the Programme may not exceed U.S.$40,000,000,000 (or its equivalent in any other currency as at the date of the issue of the relevant Notes or Certificates) in aggregate principal amount, including the aggregate principal amount then outstanding of all Notes, Redeemable Certificates and Exercisable Certificates evidencing deposit liabilities under the Bank Act (Canada) previously or simultaneously issued under the Programme.

All Warrants and Exercisable Certificates not evidencing deposit liabilities under the Bank Act (Canada) issued under any prospectus prepared in connection with the Programme may not exceed U.S.$3,000,000,000 (or its equivalent in any other currency as at the close of issue of the relevant Warrants and Exercisable Certificates) in aggregate implied notional amount, including the aggregate implied notional amount then outstanding of all Warrants and Exercisable Certificates not evidencing deposit liabilities under the Bank Act (Canada) previously or simultaneously issued under the Programme.
For the purposes of calculating the U.S. dollar equivalent of the aggregate principal amount or implied notional amount, as the case may be, of relevant Securities issued under the Programme from time to time:

(a) the U.S. dollar equivalent of Securities denominated in another Specified Currency or payable in another Settlement Currency (as applicable) will be determined as of the date of agreement to issue such Securities on the basis of the spot rate for the sale of the U.S. dollar against the purchase of such Specified Currency or Settlement Currency (as applicable) in the London foreign exchange market quoted by the Issuing and Paying Agent on such date or such other rate as the Issuer and the relevant Dealer may agree;

(b) the U.S. dollar equivalent of Dual Currency Notes and Reference Item Linked Notes will be calculated in the manner specified above by reference to the original principal amount of such Notes;

(c) the principal amount of Zero Coupon Notes and other Notes issued at a discount or a premium will be deemed to be the net proceeds received by the Bank for the relevant issue of Notes;

(d) the principal amount of Redeemable Certificates and Exercisable Certificates that constitute deposit liabilities under the Bank Act (Canada) will be deemed to be the net proceeds received by the Bank for the relevant issue of such Certificates; and

(e) the face principal amount of Partly-Paid Notes will be taken into account regardless of the amount of the subscription price paid.
FORM OF THE SECURITIES

Any reference in this section to "applicable Final Terms" shall be deemed to include a reference to "applicable Pricing Supplement" where relevant.

Notes

The Notes of each Series will be in either (a) bearer form, with or without receipts, interest coupons and/or talons attached, (b) registered form, without receipts, interest coupons and/or talons attached or, (c) dematerialized and uncertificated book-entry form without receipts, interest coupons and/or talons attached settled in Euroclear Sweden ("Swedish Notes"). Bearer Notes will only be issued outside the United States.

Bearer Notes

Each Tranche of Bearer Notes will initially be issued in the form of a temporary global Note without receipts or interest coupons attached (a "Temporary Global Note") or, if so specified in the applicable Final Terms, a permanent global Note without receipts or interest coupons attached (a "Permanent Global Note" and, together with the Temporary Global Notes, the "Bearer Global Notes" and each a "Bearer Global Note") which, in either case, will:

(a) if the Bearer Global Notes are intended to be issued in new global Note ("NGN") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safe-keeper (the "Common Safe-keeper") for Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking, société anonyme ("Clearstream, Luxembourg"); and

(b) if the Bearer Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the "Common Depositary") for Euroclear and Clearstream, Luxembourg.

Where the Bearer Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Bearer Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Bearer Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safe-keeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

While any Bearer Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable, or specified assets deliverable, in respect of the Bearer Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification to the effect that the beneficial owners of interests in such Bearer Note are not U.S. persons for U.S. federal income tax purposes or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury
regulations, has been received by Euroclear and/or Clearstream, Luxembourg, and Euroclear
and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the
certifications it has received) to the Issuing and Paying Agent.

On and after the date (the “Exchange Date”) which is 40 days after a Temporary Global Note is
issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a
request as described therein either for: (i) interests in a Permanent Global Note of the same
Series; or (ii) for Definitive Notes of the same Series with, where applicable, receipts (in the case
of Exempt Securities), interest coupons and talons attached and/or (in the case of a Series
comprising both Bearer Notes and Registered Notes and if so specified in the applicable Final
Terms) Registered Notes in definitive form (as indicated in the applicable Final Terms and
subject, in the case of Notes in definitive form, to such notice period as is specified in the
applicable Final Terms), in each case against certification of non-US beneficial ownership as
described above, unless such certification has already been given. The holder of a Temporary
Global Note will not be entitled to collect any payment of interest, principal or other amounts due,
or specified assets deliverable, on or after the Exchange Date unless, upon due certification,
exchange of the Temporary Global Note for an interest in a Permanent Global Note or for Notes
in definitive form is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be
made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as
the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to
be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note (other than Notes which are
to be settled in SIX SIS ("Swiss Notes")) will be exchangeable (free of charge), in whole but not
in part, for Definitive Notes of the same Series with, where applicable, receipts, interest coupons
and talons attached and/or (in the case of a Series comprising both Bearer and Registered Notes
and if so specified in the applicable Final Terms) Registered Notes in definitive form (a) if an
Event of Default occurs in respect of any Note of the relevant Series; or (b) if either Euroclear or
Clearstream, Luxembourg or any other relevant clearing system is closed for business for a
continuous period of fourteen days (other than by reason of public holidays) or announces an
intention to cease business permanently or in fact does so and the Issuer is unable to locate a
qualified successor within 90 days of the occurrence of any such event.

Bearer Global Notes and Definitive Notes will be issued pursuant to the Issue and Paying Agency
Agreement (as defined in the Terms and Conditions of the Notes).

The following legend will appear on all Bearer Notes which have an original maturity of more than
one year and on all receipts and interest coupons relating to such Bearer Notes:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO
LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE
LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE
CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be
entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled
to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Bearer Notes, receipts or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

The Issuer may agree with any Dealer that Securities may be issued in a form not contemplated by the Conditions, in which event, other than where such Securities are Exempt Securities, a supplement to this Base Prospectus or a new Base Prospectus will be made available which will describe the effect of the agreement reached in relation to such Securities.

**Registered Notes**

Registered Notes will be issued in the form of a global Registered Note (a "Global Registered Note") deposited with a common depositary for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. Persons holding beneficial interests in Global Registered Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Registered Notes in definitive form.

Payments of principal, interest and any other amount in respect of the Global Registered Notes will, in the absence of provision to the contrary, be made to the person shown on the Register as the registered holder of the Global Registered Note. None of the Issuer, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Global Registered Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Global Registered Note (other than Swiss Notes) will be exchangeable (free of charge), in whole but not in part, for Registered Notes in definitive form without receipts, interest coupons or talons attached (a) if an Event of Default occurs in respect of any Note of the relevant Series; or (b) if either Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so and the Issuer is unable to locate a qualified successor within 90 days of the occurrence of any such event.

**Direct Rights**

As noted above, Notes in global form are, in certain circumstances, exchangeable for Notes in definitive form. In the event that (a) a global Note has become due and payable as a result of acceleration as described under “Terms and Conditions of the Notes – Events of Default” or that the Maturity Date in respect thereof has occurred and, in either case, payment in full of the
amount due is not made before 8:00 p.m. (London time) on the relevant due date or (b) a global Note is not duly exchanged by 6:00 p.m. (London time) on the thirtieth day after the time at which the preconditions to such exchange are first satisfied, the owner of a beneficial interest in such global Note shall become entitled to proceed directly against the Issuer on the basis of statements of account provided by the relevant clearing system, as specified in the relevant global Note or, in the case of Notes governed by English law, the relevant Deed of Covenant, a copy of which is available at the specified office of the Issuing and Paying Agent.

Swedish Notes

Swedish Notes will be issued in dematerialized and uncertificated book-entry form in accordance with the Swedish Financial Instruments Accounts Act 1998 (Sw: lag (1998:1479) om kontoföring av finansiella instrument) (the “SFIA Act”), other applicable Swedish legislation and the rules and regulations applicable to, and/or issued by, Euroclear Sweden. Swedish Notes will not be issued in definitive form and Swedish Notes will not be exchangeable for Registered Notes or Bearer Notes or vice versa.

Swedish Notes will be registered in a register (sw. avstämningsregister) held by Euroclear Sweden on behalf of the Issuer (the “Swedish Notes Register”) and payments of principal, interest or any other amounts on Swedish Notes will be made by Euroclear Sweden on behalf of the Issuer to the persons registered as holders of such notes in the Swedish Notes Register on the fifth Payment Date prior to the due date of the relevant payment.

Swiss Notes

Swiss Notes will be issued either in the form of a Permanent Global Note or a Global Registered Note and will be transformed into intermediated securities (“Intermediated Securities”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “FISA”).

The Intermediated Securities will be created (i) by the deposit of a Permanent Global Note or a Global Registered Note, as the case may be, with SIX SIS AG (“SIX SIS”) or any other intermediary in Switzerland recognised for such purposes by the SIX Swiss Exchange (SIX SIS or such other intermediary, the “relevant Swiss clearing system”), acting as custodian as defined in article 4 of the FISA (the “Custodian”), and (ii) the relevant Swiss clearing system, acting as Custodian, crediting the respective rights to securities accounts of the relevant participants with the relevant Swiss clearing system in accordance with articles 4 and 6 of the FISA.

In respect of Swiss Notes represented by a Global Note, neither the Issuer nor the Holders of such Notes shall at any time have the right to effect or demand the conversion of the Global Note into, or the delivery of, uncertificated notes or Notes in definitive form. Notes in definitive form may only be printed if the Swiss Programme and Paying Agent deems the printing of Notes in definitive form to be necessary or desirable for the enforcement of obligations under the Swiss Notes, including, without limitation, if, under Swiss or any applicable foreign law, the enforcement of obligations under the Swiss Notes can only be assured by means of Notes in definitive form and (notwithstanding that the Notes may have been Bearer Notes prior to conversion) may only be issued and printed in definitive registered form. In such circumstances the Swiss Programme and Paying Agent may request the Issuer in writing to arrange for such issue of Notes in definitive form and the Issuer will cause the Notes in definitive form to be executed and delivered as soon as practicable (and in any event within forty-five days of the Swiss Programme and Paying
Agent’s written request) to the Swiss Programme and Paying Agent for completion, authentication and delivery, free of charge, to the relevant Swiss clearing system for the relevant Holders, against cancellation of the Swiss Notes in the Holder’s securities account.

If a Global Registered Note or Registered Notes in definitive form are issued in respect of any Swiss Note, the Swiss Programme and Paying Agent and the Issuer will each maintain a register of the Holders to which such Registered Notes have been issued (the "Swiss Register"). Transfer, redemption, settlement and other mechanics (including, without limitation, any necessary technical changes required to the Terms and Conditions) related to any Notes issued in definitive registered form in exchange for Swiss Notes represented by a Permanent Global Note shall be as determined by the Issuer in consultation with the Swiss Programme and Paying Agent.

**W&C Securities**

Each tranche of W&C Securities will be initially issued in the form of a temporary global W&C Security in registered form (a "Temporary Global W&C Security") or, if so specified in the applicable Final Terms, a permanent global W&C Security in registered form (a "Permanent Global W&C Security" and, together with the Temporary Global W&C Security, the "Global W&C Securities" and each a "Global W&C Security") which, in either case, will be deposited with a common depositary for Euroclear and Clearstream, Luxembourg and will be registered in its name. Subject to applicable law, no W&C Securities in definitive form will be issued.

Each Holder of W&C Securities is entitled to proceed directly against the Issuer as specified in the Global W&C Security or, in the case of W&C Securities governed by English law, the Deed of Covenant, a copy of which is available at the specified office of the Issuing and Paying Agent.

While any W&C Securities is represented by a Temporary Global W&C Security, payments of any amount payable, or specified assets deliverable, in respect of the W&C Securities due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global W&C Security) only to the extent that certification to the effect that the beneficial owners of interests in such W&C Securities are not U.S. persons for U.S. federal income tax purposes or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Issuing and Paying Agent.

On and after the date (the "Exchange Date") which is 40 days after a Temporary Global W&C Security is issued, interests in such Temporary Global W&C Security will be exchangeable (free of charge) for interests in a Permanent Global W&C Security of the same Series, against certification of non-US beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global W&C Security will not be entitled to collect any payment of amounts, or specified assets deliverable (as applicable), due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global W&C Security for an interest in a Permanent Global W&C Security is improperly withheld or refused.

Payments of any amounts on a Permanent Global W&C Security will be made through Euroclear and/or Clearstream, Luxembourg without any requirement for certification.
Global W&C Securities will be issued pursuant to the Issue and Paying Agency Agreement.

The following legend will appear on all Global W&C Securities (which have an original maturity of more than one year):

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on W&C Securities and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payments or deliveries in respect of such W&C Securities.

**Swiss W&C Securities**

Swiss W&C Securities will be issued in the form of a Permanent Global W&C Security and will be transformed into Intermediated Securities in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “FISA”).

The Intermediated Securities will be created (i) by deposit of the Permanent Global W&C Security with the relevant Swiss clearing system, acting as custodian as defined in article 4 FISA (the “Custodian”) and (ii) the relevant Swiss clearing system, acting as Custodian, crediting the respective rights to securities accounts of the relevant participants with the relevant Swiss clearing system in accordance with articles 4 and 6 FISA.

**CREST Depository Interests**

Following their delivery into Euroclear and/or Clearstream, Luxembourg, if applicable, interests in Underlying Securities may be delivered, held and settled in CREST by means of the creation of CDIs representing the interests in the relevant Underlying Securities. The CDIs will be issued by the CREST Depository to CDI Holders and will be governed by English law.

The CDIs will represent indirect interests in the interest of CREST International Nominees Limited (the “CREST Nominee”) in the Underlying Securities. Pursuant to the CREST Manual (as defined below), Underlying Securities held in global form by the Common Depositary may be settled through CREST, and the CREST Depository will issue CDIs. The CDIs will be independent securities, constituted under English law which may be held and transferred through CREST.

Interests in the Underlying Securities will be credited to the CREST Nominee’s account with Euroclear and the CREST Nominee will hold such interests as nominee for the CREST Depository which will issue CDIs to the relevant CREST participants.

Each CDI will be treated by the CREST Depository as if it were one Underlying Security, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to CDI Holders any interest or other amounts received by it as holder of the Underlying Securities on trust for such CDI Holder. CDI Holders will also be able to receive from the CREST Depository notices of meetings of holders of Underlying Securities and other relevant notices issued by the Bank.
Transfers of interests in Underlying Securities by a CREST participant to a participant of
Euroclear or Clearstream, Luxembourg will be effected by cancellation of the CDIs and transfer of
an interest in such Underlying Securities underlying the CDIs to the account of the relevant
participant with Euroclear or Clearstream, Luxembourg.

The CDIs will have the same ISIN as the ISIN of the Underlying Securities and, if the Underlying
Securities are listed on the official list of the UK Listing Authority will not require a separate listing
on the official list of the UK Listing Authority.

Prospective subscribers for Underlying Securities represented by CDIs are referred to Chapter 3
of the CREST Manual which contains the form of the CREST Deed Poll to be entered into by the
CREST Depository. The rights of the CDI Holders will be governed by the arrangements between
CREST, Euroclear, Clearstream, Luxembourg and the Bank, including the CREST Deed Poll (in
the form contained in Chapter 3 of the CREST International Manual (which forms part of the
CREST Manual)) executed by the CREST Depository. These rights may be different from those
of holders of Underlying Securities which are not represented by CDIs.

If issued, CDIs will be delivered, held and settled in CREST, by means of the CREST
International Settlement Links Service (the “CREST International Settlement Links Service”). The
settlement of the CDIs by means of the CREST International Settlement Links Service has the
following consequences for CDI Holders:

(i) CDI Holders will not be the legal owners of the Underlying Securities. The CDIs are separate
legal instruments from the Underlying Securities to which they relate and represent an indirect
interest in such Underlying Securities.

(ii) The Underlying Securities themselves (as distinct from the CDIs representing indirect interests
in such Underlying Securities) will be held in an account with a custodian. The custodian will hold
the Underlying Securities through a clearing system. Rights in the Underlying Securities will be
held through custodial and depositary links through the appropriate clearing systems. The legal
title to the Underlying Securities or to interests in the Underlying Securities will depend on the
rules of the clearing system in or through which the Underlying Securities are held.

(iii) Rights under the Underlying Securities cannot be enforced by CDI Holders except indirectly
through the intermediary depositaries and custodians described above. The enforcement of rights
under the Underlying Securities will therefore be subject to the local law of the relevant
intermediary. The rights of CDI Holders to the Underlying Securities are represented by the
entitlements against the CREST Depository which (through the CREST Nominee) holds interests
in the Underlying Securities. This could result in an elimination or reduction in the payments that
otherwise would have been made in respect of the Underlying Securities in the event of any
insolvency or liquidation of the relevant intermediary, in particular where the Underlying Securities
held in clearing systems are not held in special purpose accounts and are fungible with other
securities held in the same accounts on behalf of other customers of the relevant intermediaries.

(iv) The CDIs issued to CDI Holders will be constituted and issued pursuant to the CREST Deed
Poll. CDI Holders will be bound by all provisions of the CREST Deed Poll and by all provisions of
or prescribed pursuant to, the CREST International Manual dated 14 April 2008 as amended,
modified, varied or supplemented from time to time (the “CREST Manual”) and the CREST Rules
(the “CREST Rules”) (contained in the CREST Manual) applicable to the CREST International
Settlement Links Service and CDI Holders must comply in full with all obligations imposed on them by such provisions.

(v) Potential investors should note that the provisions of the CREST Deed Poll, the CREST Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by CDI Holders and limitations on the liability of the issuer of the CDIs, the CREST Depository.

(vi) CDI Holders may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them. The attention of potential investors is drawn to the terms of the CREST Deed Poll, the CREST Manual and the CREST Rules, copies of which are available from CREST at 33 Cannon Street, London EC4M 5SB or by calling +44 (0) 207 849 0000 or from the CREST website at www.euroclear.com/site/public/EUI.

(vii) Potential investors should note CDI Holders may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the Underlying Securities through the CREST International Settlement Links Service.

(viii) Potential investors should note that neither the Bank, the Issuing and Paying Agent nor any Paying Agent will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

(ix) Potential investors should note that Underlying Securities issued in temporary global form exchangeable for a Permanent Global Security will not be eligible for CREST settlement as CDIs. As such, investors investing in the Underlying Securities through CDIs will only receive the CDIs after such Temporary Global Security is exchanged for a Permanent Global Security, which could take up to 40 days after the issue of the Underlying Securities.

General

Pursuant to the Issue and Paying Agency Agreement, the Issuing and Paying Agent shall arrange that, where a further Tranche of Securities is issued which is intended to form a single Series with an existing Tranche of Securities at a point after the Issue Date of the further Tranche, the Securities of such further Tranche shall be assigned a common code and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code, ISIN, CUSIP and CINS assigned to Securities of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of 40 days after the Issue Date.

Any reference herein to Euroclear and/or Clearstream, Luxembourg, SIX SIS or Euroclear Sweden shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or, in the case of Exempt Securities, as may otherwise be approved by the Issuer and the Issuing and Paying Agent.
TERMS AND CONDITIONS OF THE NOTES

The following are the terms and conditions of the Notes, which as completed, in the case of Non-Exempt Notes (as defined below) in relation to any Notes by the applicable Final Terms, or supplemented, modified or replaced, in the case of Exempt Notes (as defined below), in relation to any Notes by the applicable Pricing Supplement, will be applicable to each Series of Notes issued after the date of this Base Prospectus unless otherwise specified in the applicable Issue Terms (as defined below). Either (i) the full text of these Terms and Conditions (subject to simplification by deletion of non-applicable provisions) together with the relevant provisions of the Issue Terms or (ii) these Terms and Conditions as so completed or, as applicable, supplemented, modified or replaced (subject to simplification by deletion of non-applicable provisions) shall be endorsed on the definitive Bearer Notes and Registered Notes, and in the case of Global Notes, these Terms and Conditions shall be incorporated by reference into such Notes and the applicable Issue Terms attached thereto. All capitalised terms that are not defined in these Terms and Conditions will have the meanings given to them in the applicable Issue Terms.

The Notes (other than Swedish Notes and Swiss Notes (each as defined below)) are issued pursuant to and in accordance with an amended and restated issue and paying agency agreement dated June 24, 2013 (as further amended, supplemented, restated or replaced, the "Issue and Paying Agency Agreement") and made between Royal Bank of Canada (the "Issuer"), The Bank of New York Mellon, London branch, in its capacities as issuing and principal paying agent and principal certificate and warrant agent (the "Issuing and Paying Agent", which expression shall include any successor to The Bank of New York Mellon, London branch in its capacity as such) and The Bank of New York Mellon (Luxembourg) S.A. as registrar (the "Registrar", which expression shall include any successor to The Bank of New York Mellon (Luxembourg) S.A. in its capacity as such and any additional registrars appointed in accordance with the Issue and Paying Agency Agreement either with respect to the Programme or with respect to a particular Series). The expression “Paying Agents” as used herein shall include the Issuing and Paying Agent and any additional paying agents appointed, if any, in accordance with the Issue and Paying Agency Agreement either with respect to the Programme or with respect to a particular Series. The issuance of Swedish Notes is governed by a Swedish Notes issuing and paying agent agreement dated October 31, 2011 (as further amended, supplemented, restated or replaced, the "Swedish Notes Issuing and Paying Agent Agreement") and made between the Issuer and Skandinaviska Enskilda Banken AB (publ) (the “Swedish Notes Issuing and Paying Agent”, which expression shall include any successor to Skandinaviska Enskilda Banken AB (publ) in its capacity as such provided that such successor is duly authorised under the Swedish Financial Instruments Accounts Act 1998 (Sw. Lagen (1998:1479) om kontoföring av finansiella instrument) (the "SFIA Act"). Any references in the Terms and Conditions of the Notes to "Issue and Paying Agency Agreement" shall be deemed to include, where the context so admits, reference to the Swedish Notes Issuing and Paying Agent Agreement. Copies of the Swedish Notes Issuing and Paying Agent Agreement will be available for inspection during normal business hours at the initial specified offices of the Swedish Notes Issuing and Paying Agent and the Issuer, respectively. All persons from time to time entitled to the benefit of obligations under any Swedish Notes shall be deemed to have notice of, and shall be bound by, all of the provisions of the Swedish Notes Issuing and Paying Agent Agreement insofar as they relate to the relevant Swedish Notes.
The holders of Notes governed by English law (including Swiss Notes) and the relevant holders of Receipts and Coupons are entitled to the benefit of the Deed of Covenant (the "Deed of Covenant" as amended, supplemented, restated or replaced from time to time) dated June 24, 2013 and made by the Issuer. The original of the Deed of Covenant is held by the common depositary for Euroclear (as defined below) and Clearstream, Luxembourg (as defined below). The holders of Swedish Notes are entitled to the benefit of the Deed of Covenant (the "Swedish Deed of Covenant" as amended, supplemented, restated or replaced from time to time) dated June 24, 2013 and made by the Issuer. The original of the Swedish Deed of Covenant is held by the Issuing and Paying Agent. Copies of the Issue and Paying Agency Agreement, the Deed of Covenant and the Swedish Deed of Covenant are available for inspection during normal business hours at the specified office of each of the Paying Agents, including, in respect of the Swiss Notes, the Swiss Programme and Paying Agent, and the Registrar. All persons from time to time entitled to the benefit of obligations under any Notes shall be deemed to have notice of, and shall be bound by, all of the provisions of the Issue and Paying Agency Agreement insofar as they relate to the relevant Notes.

Notes that are Reference Item Linked Notes (as defined below) and are to be settled in SIX SIS AG (the "Swiss Notes") are issued pursuant to and in accordance with the Issue and Paying Agency Agreement as amended and supplemented by an amended and restated Swiss Supplemental Agency Agreement (as further amended, supplemented, restated or replaced, the "Swiss Supplemental Agency Agreement") dated June 24, 2013 and made between the Issuer and BNP Paribas Securities Services, Paris, Zurich Branch (the "Swiss Programme and Paying Agent"). Any reference in the Terms and Conditions of the Notes to "Issue and Paying Agency Agreement" shall be deemed to include, where the context so admits, reference to the Issue and Paying Agency Agreement as amended and supplemented by the Swiss Supplemental Agency Agreement. Copies of the Issue and Paying Agency Agreement and the Swiss Supplemental Agency Agreement are available for inspection during normal business hours and the specified office of the Swiss Programme and Paying Agent. All persons from time to time entitled to the benefit of obligations under the Swiss Notes shall be deemed to have notice of, and shall be bound by, all other provisions of the Issue and Paying Agency Agreement as amended and supplemented by the Swiss Supplemental Agency Agreement.

Following their delivery into Euroclear and/or Clearstream Luxembourg, if applicable, interests in Notes may be delivered, held and settled in Euroclear UK & Ireland Limited (formerly known as CRESTCo Limited) ("CREST") through the issuance of dematerialised depositary interests ("CREST Depository Interests" or "CDIs") issued, held, settled and transferred through CREST, representing the interests in the relevant Notes underlying the CDIs (the "Underlying Notes"). The CDIs will be issued by the CREST Depository Limited (the "CREST Depository") to investors who hold through CREST through the issuance of CDIs ("CDI Holders") and will be issued pursuant to the global deed poll dated 25 June 2001 governed by English law (as subsequently modified, supplemented and/or restated) (the "CREST Deed Poll").

The Notes are issued in series (each, a "Series"), and each Series may comprise one or more tranches ("Tranches" and each, a "Tranche") of Notes.

References in these Terms and Conditions (the "Conditions") to Notes are to Notes of the relevant Series and means:
(a) in relation to any Notes represented by a global Note (a "Global Note"), units of the lowest Specified Denomination in the Specified Currency;

(b) any Global Note;

(c) any definitive Note issued on exchange for a Global Note; and

(d) any Swedish Note.

References to Coupons (as defined in Condition 1.06) and Receipts (as defined in Condition 1.07) are to Coupons and Receipts relating to Notes of the relevant Series.

Each Tranche of Non-Exempt Notes will be the subject of final terms (each, "Final Terms"), a copy of which will be available free of charge during normal business hours at the specified office of the Issuing and Paying Agent and/or, as the case may be, the applicable Registrar and each other Paying Agent. If the Notes are to be admitted to trading on the regulated market of the Irish Stock Exchange the applicable Final Terms will be published on the website of the Irish Stock Exchange. If a Note is not so listed but is not an Exempt Note the applicable Final Terms will be published on the website of the Central Bank of Ireland (www.centralbank.ie) as the competent authority of the home member state for such Notes. Each Tranche of Exempt Notes will be the subject of a pricing supplement (each, a "Pricing Supplement"), a copy of which will be available free of charge during normal business hours at the specified office of the Issuing and Paying Agent and/or, as the case may be, the applicable Registrar and each other Paying Agent, only by a Holder of or, as the case may be, a Relevant Account Holder (each as defined herein) in respect of, such Notes. For the purposes hereof, "Issue Terms" means either (i) where the Notes are Non-Exempt Notes, the relevant Final Terms or (ii) where the Notes are Exempt Notes, the relevant Pricing Supplement, and should be construed accordingly.

References in these Conditions to the Issue Terms are, unless otherwise stated, to Part A of the Issue Terms(s) prepared in relation to the Notes of the relevant Tranche or Series.

The applicable Issue Terms for the Notes complete these Conditions and, in the case of a Note which is neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive (an "Exempt Note"), the applicable Pricing Supplement may specify other terms and conditions which shall, to the extent so specified or to the extent that is inconsistent with these Conditions, supplement, replace or modify these Conditions for the purposes of the Notes. The expression "Prospectus Directive" means Directive 2003/71/EC, as amended (which includes the amendments made by Directive 2010/73/EU to the extent that such amendments have been implemented in a relevant Member State of the European Economic Area). Any references herein to a "Non-Exempt Note" are to a Note that is not an Exempt Note.

1. Form and Denomination

1.01 Notes are issued in either (subject as provided in Condition 1.05 below) (a) bearer form ("Bearer Notes") (b) registered form ("Registered Notes") or (c) dematerialised uncertificated book-entry form settled in Euroclear Sweden AB ("Swedish Notes"), as specified in the applicable Issue Terms and, with the exception of Swedish Notes, are serially numbered. Registered Notes and Swedish Notes will not be exchangeable for Bearer Notes.
If this Note is a Non-Exempt Note, this Note may be a Note bearing interest on a fixed rate basis ("Fixed Rate Note"), a Note bearing interest on a floating rate basis ("Floating Rate Note"), a Note issued on a non-interest bearing basis ("Zero Coupon Note"), a Note with respect to which interest is calculated by reference to an index or a basket of indices ("Index Linked Interest Note"), a Note with respect to which principal is calculated by reference to an index or a basket of indices ("Index Linked Redemption Note"), a Note with respect to which interest is calculated by reference to currencies or a basket of currencies (a "Currency Linked Interest Note"), a Note with respect to which principal is calculated by reference to currencies or a basket of currencies (a "Currency Linked Redemption Note"), a Note with respect to which interest is calculated by reference to a single fund or a basket of funds (a "Fund Linked Interest Note"), a Note with respect to which principal is calculated by reference to a single fund or a basket of funds (a "Fund Linked Redemption Note"), a Note with respect to which interest is calculated by reference to the level of a commodity or commodity index or a basket of commodities or commodity indices ("Commodity Linked Interest Note"), a Note with respect to which principal is calculated by reference to the level of a commodity or commodity index or a basket of commodities or commodity indices ("Commodity Linked Redemption Note"), a Note with respect to which interest is calculated by reference to a single equity security or a basket of equity securities (an "Equity Linked Interest Note"), a Note with respect to which principal is calculated by reference to a single equity security or a basket of equity securities (an "Equity Linked Redemption Note"), a Note with respect to which principal is calculated by reference to specified preference shares of the Preference Share Issuer ("Preference Share Linked Note"), a variable rate Note whose coupon and value increases as the frequency of which a benchmark interest rate is within a specified range increases (a "Digital Range Accrual Interest Note"), a variable rate Note whose coupon and value increases as a benchmark interest rate declines relative to a fixed rate and the previous variable rate (a "Floating Ratchet Interest Note"), a variable rate Note whose coupon and value increases as a leveraged benchmark interest rate increases or as the difference between one benchmark interest rate and another leveraged benchmark interest rate increases (a "Floating Participation Interest Note"), a Note whose coupon may switch automatically or at the option of the Issuer from one interest basis to another during its life (a "Switchable Interest Note"), or a combination of any of the foregoing, depending upon the Interest Basis and/or Redemption/Payment Basis specified in the applicable Issue Terms.

If this Note is an Exempt Note, this Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, an Index Linked Redemption Note, a Currency Linked Interest Note, a Currency Linked Redemption Note, a Fund Linked Interest Note, a Fund Linked Redemption Note, a Commodity Linked Interest Note, a Commodity Linked Redemption Note, an Equity Linked Interest Note, an Equity Linked Redemption Note, a Note redeemable in instalments, a Note to which principal is subject to the occurrence of a credit event on a specified reference entity(ies) and satisfaction of conditions to settlement is linked to the credit of a specified entity or entities (a "Credit Linked Note"), a Preference Share Linked Note, a Note with respect to which principal and/or interest (a "Dual Currency Interest Note") is payable in one or more Specified Currencies other than the Specified Currency in which it is denominated (a "Dual Currency Note"), a Note which is issued on a partly paid basis (a "Partly Paid Note"), a variable rate Note whose coupon and value increases as a benchmark interest rate declines (an "Inverse Floating Rate Note"), a Digital Range Accrual Interest Note, a Floating Ratchet Interest Note, a Floating Participation Interest Note, a Switchable Interest Note, or a combination of any of the
foregoing, or any other kind of Note, depending upon the Interest Basis and/or Redemption/Payment Basis specified in the applicable Pricing Supplement.

In these Conditions, any item noted above by reference to which the principal or interest of a Note is calculated shall be referred to as a “Reference Item”. Any Reference Item linked Notes, shall be referred to as “Reference Item Linked Notes”. Any Non-Exempt Notes which are Reference Item Linked Notes in respect of which the interest is calculated by reference to a Reference Item, shall be referred to as "Non-Exempt Reference Item Linked Interest Notes". Any Non-Exempt Notes which are Reference Item Linked Notes in respect of which the principal is calculated by reference to a Reference Item, shall be referred to as "Non-Exempt Reference Item Linked Redemption Notes". A Non-Exempt Note may be both a Non-Exempt Reference Item Linked Interest Note and a Non-Exempt Reference Item Linked Redemption Note.

Swedish Notes are being issued in uncertificated and dematerialised book-entry form in accordance with the SFIA Act. No global or definitive Swedish Notes will be issued and these Conditions shall be construed accordingly. The Swedish Notes will be transferable only in accordance with the provisions of the SFIA Act, other applicable Swedish legislation and the rules and regulations applicable to, and/or issued by, Euroclear Sweden AB ("Euroclear Sweden").

The applicable Issue Terms will specify whether the Issuer shall have access to the register of creditors (Sw. skuldboken) in respect of the Swedish Notes.

Swiss Notes will be issued either in the form of a Permanent Global Note or a Global Registered Note (each as defined below) and will be transformed into intermediated securities ("Intermediated Securities") in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the "FISA").

The Intermediated Securities will be created (i) by the deposit of a Permanent Global Note or a Global Registered Note, as the case may be, with SIX SIS AG ("SIX SIS") or any other intermediary in Switzerland recognised for such purposes by the SIX Swiss Exchange (SIX SIS or such other intermediary, the “relevant Swiss clearing system”), acting as custodian as defined in article 4 of the FISA (the “Custodian”), and (ii) the relevant Swiss clearing system, acting as Custodian, crediting the respective rights to securities accounts of the relevant participants with the relevant Swiss clearing system in accordance with articles 4 and 6 of the FISA.

**Bearer Notes**

**1.02** The Issue Terms shall specify whether U.S. Treasury Regulation § 1.163-5(c)(2)(i)(D) (the “TEFRA D Rules”) or U.S. Treasury Regulation § 1.163-5(c)(2)(i)(C) (the “TEFRA C Rules”) shall apply. Each Tranche of Bearer Notes with an original maturity of more than one year is represented upon issue by a temporary global Note (a "Temporary Global Note"), unless the Issue Terms specify otherwise, in particular, when the TEFRA C Rules apply.

Where the Issue Terms applicable to a Tranche of Bearer Notes so specify or where a Tranche of Bearer Notes has an original maturity of one year or less, such Tranche is (unless otherwise specified in the Issue Terms) represented upon issue by a permanent global Note (a "Permanent Global Note").

Interests in the Temporary Global Note may be exchanged for:
(i) interests in a Permanent Global Note; or

(ii) if so specified in the Issue Terms, definitive Bearer Notes ("Definitive Notes") and/or (in the case of a Series comprising both Bearer Notes and Registered Notes and if so specified in the Issue Terms) Registered Notes.

Exchanges of interests in a Temporary Global Note for Definitive Notes or, as the case may be, a Permanent Global Note will be made only on or after the Exchange Date (as specified in the Issue Terms) and (unless the Issue Terms specify that the TEFRA C Rules are applicable to the Notes) provided certification as to the beneficial ownership thereof as required by U.S. Treasury regulations has been received in accordance with the terms of the Temporary Global Note (each certification in such form as is required by the relevant clearing system). An exchange of interests in a Temporary Global Note or a Permanent Global Note for Registered Notes will be made at any time or from such date as may be specified in the Issue Terms, in each case, without any requirement for certification.

1.03 The bearer of any Temporary Global Note shall not (unless, upon due presentation of such Temporary Global Note for exchange (in whole but not in part only) for a Permanent Global Note or for delivery of Definitive Notes and/or Registered Notes, such exchange or delivery is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) be entitled to collect any payment in respect of the Notes represented by such Temporary Global Note which falls due on or after the Exchange Date or be entitled to exercise any option on a date after the Exchange Date.

1.04 Unless the Issue Terms specify that the TEFRA C Rules are applicable to the Notes and subject to Condition 1.03 above, if any date on which a payment of interest is due on the Notes of a Tranche occurs while any of the Notes of that Tranche are represented by a Temporary Global Note, the related interest payment will be made on the Temporary Global Note only to the extent that certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in such form as is required by the relevant clearing system), has been received by Euroclear Bank S.A./N.V. ("Euroclear") or Clearstream Banking, société anonyme ("Clearstream, Luxembourg") or any other relevant clearing system in accordance with the terms of the Temporary Global Note. Payments of amounts due in respect of a Permanent Global Note or (subject to Condition 1.03 above) a Temporary Global Note will be made through Euroclear, Clearstream, Luxembourg or any other relevant clearing system without any requirement for further certification. Any reference herein to Euroclear or Clearstream, Luxembourg shall be deemed to include a reference to any other relevant clearing system.

1.05 In respect of Notes other than Swiss Notes, interests in a Permanent Global Note will be exchanged by the Issuer in whole but not in part only at the option of the Holder of such Permanent Global Note, for Definitive Notes and/or (in the case of a Series comprising both Bearer and Registered Notes and if so specified in the applicable Issue Terms) Registered Notes, (a) if an Event of Default occurs in respect of any Note of the relevant Series; or (b) if either Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so and the Issuer is unable to locate a qualified successor within 90 days of the occurrence of any such event.
In respect of Swiss Notes represented by a Permanent Global Note, neither the Issuer nor the Holders of such Notes shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated notes or Notes in definitive form. Such Notes in definitive form may only be issued and printed and (notwithstanding such Notes being Bearer Notes prior to such conversion) may only be issued and printed in definitive registered form if the Swiss Programme and Paying Agent deems the printing of definitive notes to be necessary or desirable for the enforcement of obligations under the Swiss Notes, including, without limitation, if, under Swiss or any applicable foreign law, the enforcement of obligations under the Swiss Notes can only be assured by means of definitive notes. In such circumstances the Swiss Programme and Paying Agent may request the Issuer in writing to arrange for the issue of such definitive notes and the Issuer will cause such definitive notes to be executed and delivered as soon as practicable (and in any event within forty-five days of the Swiss Programme and Paying Agent’s written request) to the Swiss Programme and Paying Agent for completion, authentication and delivery, free of charge, to the relevant Swiss clearing system for the relevant Holders, against cancellation of the Notes in the Holder’s securities account.

If definitive Notes in registered form are issued in respect of any Swiss Notes, the Swiss Programme and Paying Agent and the Issuer will each maintain a register of the Holders to which such definitive notes in registered form have been issued (the "Swiss Register"). Transfer, redemption, settlement and other mechanics (including, without limitation, any necessary technical changes required to the Terms and Conditions) related to any Notes issued in definitive registered form in exchange for Swiss Notes represented by a Permanent Global Note shall be as determined by the Issuer in consultation with the Swiss Programme and Paying Agent.

1.06 Definitive Notes that are interest bearing have attached thereto, at the time of their initial delivery, coupons ("Coupons"), the presentation of which will be a prerequisite to the payment of interest save in certain circumstances specified herein. Definitive Notes that are interest bearing and which have more than 27 interest payments remaining, at the time of their initial delivery, have attached a talon ("Talon") for further coupons and the expression "Coupons" shall, where the context so requires, include Talons.

1.07 Definitive Notes which are Exempt Notes, the principal amount of which is repayable by instalments ("Instalment Notes") in such amounts as may be specified in, or determined in accordance with, the provisions of the Pricing Supplement (each an "Instalment Amount"), have endorsed thereon a grid for recording the repayment of Instalment Amounts or, if so specified in the applicable Pricing Supplement, have attached thereto, at the time of their initial delivery, payment receipts ("Receipts") in respect of the Instalment Amounts repaid.

Registered Notes

1.08 Where the Issue Terms applicable to a Tranche of Registered Notes so specify, such Tranche is represented upon issue by a global registered note ("Global Registered Note").

Other than in respect of Swiss Notes (as defined above), interests in a Global Registered Note will be exchangeable (free of charge), in whole but not in part, for Registered Notes in definitive form without receipts, interest coupons or talons attached (a) if an Event of Default occurs in respect of any Note of the relevant Series; or (b) if either Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen
days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so and the Issuer is unable to locate a qualified successor within 90 days of the occurrence of any such event.

In respect of Swiss Notes represented by a Global Registered Note, neither the Issuer nor the Holders of such Notes shall at any time have the right to effect or demand the conversion of the Global Registered Note into, or the delivery of, uncertificated notes or Registered Notes in definitive form. Registered Notes in definitive form may only be printed if the Swiss Programme and Paying Agent deems the printing of Registered Notes in definitive form to be necessary or desirable for the enforcement of obligations under the Swiss Notes, including, without limitation, if, under Swiss or any applicable foreign law, the enforcement of obligations under the Swiss Notes can only be assured by means of Registered Notes in definitive form. In such circumstances, the Swiss Programme and Paying Agent may request the Issuing and Paying Agent in writing to arrange for the issue of Registered Notes in definitive form and the Issuer will cause Registered Notes in definitive form to be executed and delivered as soon as practicable (and in any event within forty-five days of the Swiss Programme and Paying Agent’s written request) to the Swiss Programme and Paying Agent for completion, authentication and delivery, free of charge, to SIX SIS for the relevant Holders, against cancellation of the Swiss Notes in the Holder’s securities account.

If a Global Registered Note or Registered Notes in definitive form are issued in respect of any Swiss Note, the Swiss Programme and Paying Agent and the Issuer will each maintain a register of the Holders to which such Registered Notes have been issued (the “Swiss Register”).

1.09 Intentionally Deleted

Denomination

Denomination of Bearer Notes

1.10 Bearer Notes are in the denominations (the “Specified Denomination(s)”) specified in the applicable Issue Terms. Unless otherwise specified in the applicable Issue Terms, Bearer Notes of one denomination may not be exchanged for Bearer Notes of any other denomination.

Denomination of Registered Notes

1.11 Registered Notes are in the Specified Denominations specified in the applicable Issue Terms.

Denomination of Swedish Notes

1.11a Swedish Notes are in the Specified Denominations specified in the applicable Issue Terms.
Currency of Notes

1.12 The Notes are denominated in such currency (the "Specified Currency") as may be specified in the applicable Issue Terms. Any currency may be so specified, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

2. Title and Transfer

2.01 Title to Bearer Notes, Receipts and Coupons passes by delivery. References herein to the "Holders" of Bearer Notes or of Receipts or Coupons are to the bearers of such Bearer Notes or such Receipts or Coupons.

2.02 Title to Registered Notes passes by due endorsement in the relevant register. The Issuer shall procure that the Registrar keep a register or registers in which shall be entered the names and addresses of the Holders of Registered Notes and particulars of the Registered Notes held by them. Such registration shall be noted on the Registered Notes by the Registrar. References herein to the "Holders" of Registered Notes are to the persons in whose names such Registered Notes are so registered in the relevant register.

2.02a The person appearing in the register (sw. avstämningsregister) held by Euroclear Sweden on behalf of the Issuer (the "Swedish Notes Register") will be treated as the holder of the relevant Swedish Notes and title to the Swedish Notes passes only by registration in the Swedish Notes Register. References herein to the "Holders" of Swedish Notes are to the persons in whose names such Swedish Notes are so registered in the Swedish Notes Register. Where a nominee (Sw. förvaltare) is so evidenced it shall be treated as the Holder of the relevant Securities.

2.03 The Holder of any Bearer Note, Coupon, Registered Note or Swedish Note will for all purposes of the Issue and Paying Agency Agreement and the Swedish Notes Issuing and Paying Agent (except as otherwise required by applicable law or regulatory requirement) be treated as its absolute owner whether or not it is overdue and regardless of any notice of ownership, trust or any interest thereof or therein, any writing thereon, or any theft or loss thereof and no person shall be liable for so treating such Holder.

2.04 In respect of Swiss Notes, title to Intermediated Securities is construed and will pass in accordance with the applicable Swiss legislation (in particular the FISA), rules and regulations applicable to and/or issued by the relevant Swiss clearing system, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, reference to the "Holders" of Intermediated Securities herein means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

Notwithstanding the above and anything contrary herein, the Issuer shall make all payments and/or delivery of Entitlements due to the Holders under the Swiss Notes to the Swiss Programme and Paying Agent and, upon receipt by the Swiss Programme and Paying Agent of the due and punctual payment of such funds and/or delivery of Entitlements in Switzerland, the Issuer shall be discharged from its obligations to the Holders under such Swiss Notes to the extent that such funds and/or Entitlement has been received by the Swiss Programme and Paying Agent as of such date.
In respect of Swiss Notes that are in definitive registered form, title to such Swiss Notes shall pass by registration in the Swiss Register.

**Holders of Global Notes**

**2.04a** For so long as any of the Notes (other than Swiss Notes that have been transformed into Intermediated Securities) is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg or such other clearing system as set out in the applicable Issue Terms, each person (other than Euroclear or Clearstream, Luxembourg or such other clearing system as set out in Part B of the applicable Issue Terms) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg or such other clearing system as the holder of a particular principal amount of such Notes (a "**Relevant Account Holder**") (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or such other clearing system as to the principal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest or proven error) shall be treated by the Issuer, the Issuing and Paying Agent, the Registrar and any other Paying Agent as the holder of such principal amount of such Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant Temporary Global Note and/or Permanent Global Note or registered holder of a Global Note shall be treated by the Issuer, the Issuing and Paying Agent and any Registrar as the holder of such principal amount of such Notes in accordance with and subject to the terms of the Global Note and/or the Deed of Covenant, as the case may be, and the expression "**Holder**" and related expressions shall be construed accordingly. Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures of Euroclear or of Clearstream, Luxembourg or any other relevant clearing system, as the case may be in force from time to time.

**Transfer of Registered Notes and exchange of Bearer Notes for Registered Notes**

**2.05** A Registered Note may, upon the terms and subject to the conditions set forth in the Issue and Paying Agency Agreement and as required by law, be transferred in whole or in part only (provided that such part is, or is an integral multiple of, the minimum Specified Denomination specified in the applicable Issue Terms) upon the surrender of the Registered Note to be transferred, together with a form of transfer duly completed and executed, at the specified office of the Registrar. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

**2.06** If so specified in the applicable Issue Terms, the Holder of Bearer Notes may exchange the same for the same aggregate principal amount of Registered Notes upon the terms and subject to the conditions set forth in the Issue and Paying Agency Agreement and as may be required by law. In order to exchange a Bearer Note for a Registered Note, the Holder thereof shall surrender such Bearer Note at the specified office outside the United States of America (the "**United States**") of the Issuing and Paying Agent or of the Registrar, together with a written request for the exchange. Each Bearer Note so surrendered must be accompanied by all unmatured Receipts and Coupons appertaining thereto other than any Coupon where the exchange date (as defined in Condition 2.07) would, but for the provisions of Condition 2.07,
occur between the Record Date (as defined in Condition 18.10) for such payment of interest and the next Interest Payment Date for such Coupon.

2.07 Each new Registered Note to be issued upon the registration of the transfer of a Registered Note or the exchange of a Bearer Note for a Registered Note will, within three Relevant Banking Days of the transfer date or, as the case may be, the exchange date be available for collection by each relevant Holder at the specified office of the Registrar or, at the option of the Holder requesting such exchange or transfer, be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder. For these purposes, a form of transfer or request for exchange received by the Registrar or the Issuing and Paying Agent after the Record Date in respect of any payment due in respect of Registered Notes shall be deemed not to be effectively received by the Registrar or the Issuing and Paying Agent until the day following the due date for such payment.

For the purposes of these Conditions:

(i) “Relevant Banking Day” means a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in the place where the specified office of the Registrar is located and, in the case only of an exchange of a Bearer Note for a Registered Note where such request for exchange is made to the Issuing and Paying Agent, in the place where the specified office of the Issuing and Paying Agent is located;

(ii) the “exchange date” shall be the Relevant Banking Day following the day on which the relevant Bearer Note shall have been surrendered for exchange in accordance with Condition 2.06; and

(iii) the “transfer date” shall be the Relevant Banking Day following the day on which the relevant Registered Note shall have been surrendered for transfer in accordance with Condition 2.05.

2.08 The issue of new Registered Notes on transfer or on the exchange of Bearer Notes for Registered Notes will be effected without charge by or on behalf of the Issuer, the Issuing and Paying Agent or the Registrar, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the Issuer, the Issuing and Paying Agent or the Registrar may require in respect of) any tax, duty or other governmental charges which may be imposed in relation thereto.

Minimum Trading Size

2.09 Notes represented by a Global Note may, if specified in the applicable Issue Terms, be subject to a Minimum Trading Size, in which case such Notes will, for so long as they are cleared through Euroclear or Clearstream, Luxembourg, be transferrable only in a principal amount of not less than such Minimum Trading Size. Notwithstanding the foregoing, such Notes will only be transferrable in accordance with the rules of Euroclear or Clearstream, Luxembourg.

3. Status of the Notes
The Notes constitute legal, valid and binding direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank pari passu without any preference among themselves and at least pari passu with all other present and future unsubordinated and unsecured obligations of the Issuer (including deposit liabilities), except as otherwise prescribed by law.

4. Interest

For any Non-Exempt Note, the applicable Final Terms will specify whether such Note is (a) a Fixed Rate Note, a Floating Rate Note, a Non-Exempt Reference Item Linked Interest Note of a type specified in Condition 30, or a combination of the foregoing, depending upon the interest provisions included and completed in the applicable Final Terms (b) a Zero Coupon Note or (c) a non-interest bearing Note, in each case depending upon the Interest Basis specified in the applicable Final Terms.

For any Exempt Note, the applicable Pricing Supplement will indicate the applicable Interest Basis.

Interest

Where the Notes are specified to be Fixed Rate Notes, the interest payable in respect of the Notes will be calculated in accordance with Condition 4.02 (Interest on Fixed Rate Notes) below.

Where the Notes are specified to be Floating Rate Notes or Non-Exempt Reference Item Linked Interest Notes, the interest payable in respect of the Notes will be calculated in accordance with Condition 4.03 (Interest on Floating Rate Notes and Non-Exempt Reference Item Linked Interest Notes), Condition 4.06 (Interest Amount(s), Calculation Agent and Reference Banks) and Condition 4.07 (Calculations and Adjustments) below and/or the relevant provisions of Condition 30 and Condition 31.

Where the Notes are Exempt Notes which are not Fixed Rate Notes or Floating Rate Notes, the interest payable in respect of the Notes, if any, will be calculated in accordance with the provisions of Condition 4.08 below.

4.01 Words and expressions appearing in this Condition 4 and not otherwise defined herein or in the applicable Issue Terms shall have the meanings given to them in Condition 4.10.

Where the Notes pay interest, the interest is payable as consideration for the use of the Issue Price in respect of a Note and as compensation in recognition that the interest on any or all of the Interest Payment Dates may be equal to zero or less than a commercial rate of return on the Notes and/or that the Final Redemption Amount and/or value of the Entitlement may be less than the Issue Price. For the avoidance of doubt, in the event that the interest amount for an Interest Payment Date is zero or less, no amount shall be payable by the Issuer in respect of such Interest Payment Date.

4.01a Notwithstanding anything to the contrary in these Conditions (and in particular this Condition 4), interest on Swedish Notes shall accrue and be calculated from (but excluding) the Interest Commencement Date to (and including) the first Interest Payment Date and following the first Interest Payment Date from (but excluding) an Interest Payment Date to (and including) the
next occurring Interest Payment Date and the definition of “Interest Period” shall be construed accordingly.

**Interest on Fixed Rate Notes**

This Condition 4.02 applies to Fixed Rate Notes only. The applicable Issue Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 4.02 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Issue Terms will specify the Interest Commencement Date, the rate(s) of interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction, the Business Day Convention and any applicable Interest Determination Date.

4.02 Each Fixed Rate Note bears interest on its Outstanding Principal Amount from and including the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to and including the Maturity Date if that does not fall on an Interest Payment Date.

Unless otherwise provided in the applicable Issue Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on, but excluding, such date will amount to the Fixed Coupon Amount. Payments of Interest on any Interest Payment Date will, if so specified in the applicable Issue Terms, amount to the Broken Amount(s) so specified.

As used in these Conditions, "Fixed Interest Period" means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or first) Interest Payment Date.

Interest will be calculated on the Calculation Amount of the Fixed Rate Notes. If interest is required to be calculated for a period ending other than on an Interest Payment Date, or if no Fixed Coupon Amount is specified in the applicable Issue Terms, such interest shall be calculated in accordance with Condition 4.07.

**4.03 Interest on Floating Rate Notes and Non-Exempt Reference Item Linked Interest Notes**

This Condition 4.03 applies to Floating Rate Notes and Non-Exempt Reference Item Linked Interest Notes only. The applicable Issue Terms contains provisions applicable to the determination of interest in respect of such Notes and must be read in conjunction with this Condition 4.03 and/or, in the case of Non-Exempt Reference Item Linked Interest Notes, the relevant provisions of Condition 30 and Condition 31 for full information on the manner in which interest is calculated on Floating Rate Notes and Non-Exempt Reference Item Linked Interest Notes. In particular, the applicable Issue Terms will identify any Specified Interest Payment Dates, the Interest Commencement Date, the Business Day Convention and any Additional Business Centres. In respect of Floating Rate Notes, the applicable Issue Terms will specify whether ISDA Rate Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Principal Paying Agent, the Margin, any maximum or minimum interest rates and the Day Count Fraction. Where ISDA Rate Determination applies to the calculation of interest, the applicable Issue Terms will also specify the applicable Floating Rate Option, Designated Maturity and Reset Date. Where
Screen Rate Determination applies to the calculation of interest, the applicable Issue Terms will also specify the applicable Reference Rate, Interest Determination Date(s) and Relevant Screen Page. In respect of Non-Exempt Reference Item Linked Interest Notes, the applicable Final Terms will also identify those items specified in the applicable provisions of Condition 30 and Condition 31.

(i) Interest Payment Dates

Each Floating Rate Note, and Non-Exempt Reference Item Linked Interest Note bears interest on its Outstanding Principal Amount from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

(A) the Specified Interest Payment Date(s) (each an “Interest Payment Date”) in each year specified in the applicable Issue Terms; or

(B) if no Specified Interest Payment Date(s) is/are specified in the applicable Issue Terms, each date (each an “Interest Payment Date”) which falls the number of months or other period specified as the Interest Period(s) in the applicable Issue Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression, shall, in these Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date or the Interest Period(s) specified in the applicable Issue Terms). Interest will be calculated on the Calculation Amount of the Floating Rate Notes and Non-Exempt Reference Item Linked Interest Notes.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Issue Terms. The Rate of Interest payable from time to time in respect of Non-Exempt Reference Item Linked Notes will be determined in accordance with the relevant provisions of Condition 30 and Condition 31.

(iii) Screen Rate Determination

Where the Screen Rate Determination is specified in the applicable Issue Terms as the manner in which the Rate of Interest is to be determined:

(i) the Rate of Interest for each Interest Period will, subject as provided below, be either:

(1) the offered quotation, or

(2) the arithmetic mean (rounded, if necessary, to the nearest one-hundred thousandth of a percentage point, 0.000005 being rounded upwards) of the offered quotations

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR as specified in the applicable Issue Terms) for
deposits in the Specified Currency for that Interest Period which appears or
appear, as the case may be, on the Relevant Screen Page as of the Relevant
Time on the relevant Interest Determination Date, all as determined by the
Calculation Agent;

(ii) if, on any Interest Determination Date, no such Reference Rate so appears or, as
the case may be, if fewer than two offered quotations so appear or if the
Relevant Screen Page is unavailable or if the offered rate or rates which appear
as at the Relevant Time do not apply to a period or duration equal to the Interest
Period, the Calculation Agent will request appropriate quotations and will
determine the arithmetic mean (rounded as aforesaid) of the rates at which
deposits in the relevant currency are offered by the Reference Banks at
approximately the Relevant Time on the Interest Determination Date to prime
banks in the London interbank market in the case of LIBOR or in the Euro-zone
(as defined herein) interbank market in the case of EURIBOR for a period of the
duration of the relevant Interest Period and in an amount that is representative
for a single transaction in the relevant market at the relevant time;

(iii) if, on any Interest Determination Date, only two or three rates are so quoted, the
Calculation Agent will determine the arithmetic mean (rounded as aforesaid) of
the rates so quoted; or

(iv) if fewer than two rates are so quoted, the Calculation Agent will determine the
arithmetic mean (rounded as aforesaid) of the rates quoted by four major banks
in the Financial Centre as selected by the Calculation Agent, at approximately
11.00 a.m. (Financial Centre time) on the first day of the relevant Interest Period
for loans in the relevant currency to leading European banks for a period for the
duration of the relevant Interest Period and in an amount that is representative
for a single transaction in the relevant market at the relevant time,

and the Rate of Interest applicable to such Notes during such Interest Period will be the rate or,
as the case may be, the arithmetic mean (rounded as aforesaid) of the rates so determined plus
or minus (as indicated in the applicable Issue Terms) the Margin, if any, provided however that if
the Calculation Agent is unable to determine a rate or, as the case may be, an arithmetic mean of
rates in accordance with the above provisions in relation to any Interest Period, the Rate of
Interest applicable to such Notes during such Interest Period will be the rate or, as the case may
be, the arithmetic mean (rounded as aforesaid) of the rates determined in relation to such Notes
in respect of the last preceding Interest Period plus or minus (as indicated in the applicable Issue
Terms) the Margin, if any.

(iv) ISDA Rate Determination

Where ISDA Rate Determination is specified in the Issue Terms as the manner in which the Rate
of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant
ISDA Rate plus or minus (as indicated in the applicable Issue Terms) the Margin, if any. For
purposes of this Condition 4.03(iv), “ISDA Rate” for an Interest Period means a rate equal to the
Floating Rate that would be calculated by the Issuing and Paying Agent under an interest rate
swap transaction if the Issuing and Paying Agent were acting as Calculation Agent for that swap
transaction under the terms of an agreement to which the ISDA Definitions applied and under which:

— the Floating Rate Option (which may refer to a Rate Option or a Price Option, specified in the ISDA Definitions) is as specified in the applicable Issue Terms;

— the Designated Maturity is the period specified in the applicable Issue Terms; and

— the relevant Reset Date is the day specified in the applicable Issue Terms.

For the purposes of this Condition 4.03(iv) “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

Maximum or Minimum Rate of Interest

4.04 If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the applicable Issue Terms, then the Interest Rate shall in no event be greater than the maximum or be less than the minimum so specified.

Accrual of Interest

4.05 Subject to Condition 18.16, interest on a Note will cease to accrue from the due date for its redemption (or, in the case of an Exempt Note which is an Instalment Note, in respect of each Instalment Amount, on the due date for payment of the relevant Instalment Amount) unless upon due presentation or surrender thereof (if required), payment in full of the Final Redemption Amount or the relevant Instalment Amount (as applicable) is improperly withheld or refused or default is otherwise made in the payment thereof. In such event, interest shall continue to accrue on the principal amount in respect of which payment has been improperly withheld or refused or default has been made (as well after as before any demand or judgment) at the Rate of Interest then applicable or such other rate as may be specified for this purpose in the applicable Issue Terms if permitted by applicable law (“Default Rate”) until the date on which, upon due presentation or surrender of the relevant Note (if required), the relevant payment is made or, if earlier, the seventh day after the date on which, the Issuing and Paying Agent or, as the case may be, the Registrar having received the funds required to make such payment, notice is given to the Holders of the Notes in accordance with Condition 23 that the Issuing and Paying Agent or, as the case may be, the Registrar has received the required funds (except to the extent that there is failure in the subsequent payment thereof to the relevant Holder).

Interest Amount(s), Calculation Agent and Reference Banks

4.06 If a Calculation Agent is specified in the applicable Issue Terms, the Calculation Agent, as soon as practicable after the Relevant Time on each Interest Determination Date (or such other time on such date as the Calculation Agent may be required to calculate any Final Redemption Amount or, Instalment Amount (in the case of an Exempt Note), obtain any quote or make any determination or calculation) will determine the Rate of Interest and calculate the amount(s) of interest payable (the “Interest Amount(s)”) in the manner specified in Condition 4.07 below, calculate the Final Redemption Amount or Instalment Amount (as applicable), obtain
such quote or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date or, as the case may be, the Final Redemption Amount or any Instalment Amount (as applicable) to be notified to the Issuing and Paying Agent, the Registrar (in the case of Registered Notes), the Issuer, the Holders in accordance with Condition 23 and, if the Notes are listed on a stock exchange or admitted to listing by any other authority and the rules of such exchange or other relevant authority so require, such exchange or listing authority as soon as possible after their determination or calculation but in no event later than the fourth London Banking Day thereafter or, if earlier in the case of notification to the stock exchange or other relevant authority, the time required by the relevant stock exchange or listing authority. The Interest Amounts and the Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 15, the Rate of Interest and any accrued interest payable in respect of the Notes shall nevertheless continue to be calculated in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of each Rate of Interest, Interest Amount, Final Redemption Amount and Instalment Amount (in the case of an Exempt Note), the obtaining of each quote and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest or proven error) be final and binding upon the Issuer and the Holders and neither the Calculation Agent nor any Reference Bank shall have any liability to the Holders in respect of any determination, calculation, quote or rate made or provided by it.

The Issuer will procure that there shall at all times be such Reference Banks as may be required for the purpose of determining the Rate of Interest applicable to the Notes and a Calculation Agent, if provision is made for one in the Conditions.

If the Calculation Agent is incapable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for any Interest Period or to calculate the Interest Amounts or any other requirements, the Issuer will appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

Calculations and Adjustments

4.07 The amount of interest payable in respect of any Note for any period shall be calculated (a) in the case of a Non-Exempt Reference Item Linked Interest Note, in accordance with the relevant provisions of Condition 30 and Condition 31 or (b) in the case of any other Note, by applying the Rate of Interest to the Calculation Amount, and multiplying such sum by the Day Count Fraction, save that in the case of an Exempt Note (i) if the Pricing Supplement specifies a specific amount, or a formula for the calculation of an amount, in respect of such period, the amount of interest payable in respect of such Note for such Interest Period will be equal to such amount and (ii) in the case of Fixed Rate Notes, the interest shall be calculated on such basis as may be specified in the applicable Pricing Supplement.

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in the Issue Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent.
being rounded up to 0.00001 per cent.), (b) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount and (c) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the smallest sub-unit of such currency, with halves being rounded upwards.

Where the Notes are represented by a Global Note or where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Outstanding Principal Amount of the Global Note or the Specified Denomination of a Note in definitive form, without any further rounding.

Specific interest provisions applicable to certain types of Exempt Notes

4.08 The rate or amount of interest payable in respect of Exempt Notes which are not Fixed Rate Notes or Floating Rate Notes shall be determined in the manner specified in the applicable Pricing Supplement.

4.09 In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue on the paid-up principal amount of such Notes and otherwise as specified in the applicable Pricing Supplement.

Definitions

4.10 In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“Banking Day” means, in respect of any city, a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in that city.

“Business Day” means:

(i) either (A) in relation to Notes payable in a Specified Currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets are open for general business (including dealings in foreign exchange and foreign currency deposits) and settle payments in the principal financial centre of the country of the relevant Specified Currency specified in the applicable Issue Terms or (B) in relation to Notes payable in euro, a day (other than a Saturday or Sunday) which is a TARGET Business Day (as defined below); and

(ii) a day on which commercial banks and foreign exchange markets are open for general business (including dealings in foreign exchange and foreign currency deposits) in the Business Centre(s) specified in the applicable Issue Terms.

“Business Day Convention” means a convention for adjusting any date if (i) it would otherwise fall on a day that is not a Business Day or (ii) there is no numerically corresponding day in the calendar month(s) in which such date should occur, and the following Business Day Conventions, where specified in the Issue Terms in relation to any date applicable to any Notes, shall have the following meanings:
(A) "Following Business Day Convention" means that such date shall be postponed to the first following day that is a Business Day;

(B) "Modified Following Business Day Convention" or "Modified Business Day Convention" means that such date shall be postponed to the first following day that is a Business Day unless that day falls in the next calendar month in which case that date will be the first preceding day that is a Business Day;

(C) "Preceding Business Day Convention" means that such date shall be brought forward to the first preceding day that is a Business Day; and

(D) "FRN Convention" or "Eurodollar Convention" means that each such date shall be the date which numerically corresponds to the preceding such date in the calendar month which is the number of months specified in the Issue Terms after the calendar month in which the preceding such date occurred, provided that:

1. if there is no such numerically corresponding day in the calendar month in which any such date should occur, then such date will be the last day which is a Business Day in that calendar month;

2. if any such date would otherwise fall on a day which is not a Business Day, then such date will be the first following day which is a Business Day unless that day falls in the next calendar month, in which case it will be the first preceding day which is a Business Day;

3. if the preceding such date occurred on the last day in a calendar month which was a Business Day, then all subsequent such dates will be the last day which is a Business Day in the calendar month which is the specified number of months after the calendar month in which the preceding such date occurred.

"Calculation Agent" means such agent as may be specified in the Issue Terms as the Calculation Agent.

"Day Count Fraction" means, in respect of the calculation of an amount for any period of time (each such period an "Accrual Period"), such day count fraction as may be specified in the Issue Terms and:

(a) if "Actual/Actual" or "Actual/Actual (ISDA)" is so specified, means the actual number of days in the Accrual Period divided by 365 (or, if any portion of the Accrual Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Accrual Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Accrual Period falling in a non-leap year divided by 365);

(b) if "Actual/365 (Fixed)" is so specified, means the actual number of days in the Accrual Period divided by 365;

(c) if "Actual/360" is so specified, means the actual number of days in the Accrual Period divided by 360;
(d) if “30E/360” or “Eurobond Basis” is so specified, means the number of days in the Accrual Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where,

“\(Y_1\)” is the year, expressed as a number, in which the first day of the Accrual Period falls;

“\(Y_2\)” is the year, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

“\(M_1\)” is the calendar month, expressed as a number, in which the first day of the Accrual Period falls;

“\(M_2\)” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

“\(D_1\)” is the first calendar day, expressed as a number, of the Accrual Period, unless such number would be 31, in which case \(D_1\) will be 30; and

“\(D_2\)” is the calendar day, expressed as a number, immediately following the last day included in the Accrual Period, unless such number would be 31, in which case \(D_2\) will be 30;

(e) if “30/360”, “360/360” or “Bond Basis” is so specified, means the number of days in the Accrual Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where,

“\(Y_1\)” is the year, expressed as a number, in which the first day of the Accrual Period falls;

“\(Y_2\)” is the year, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

“\(M_1\)” is the calendar month, expressed as a number, in which the first day of the Accrual Period falls;

“\(M_2\)” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

“\(D_1\)” is the first calendar day, expressed as a number, of the Accrual Period, unless such number would be 31, in which case \(D_1\) will be 30; and
“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Accrual Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

(f) if “30E/360 (ISDA)” is so specified, means the number of days in the Accrual Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} \quad = \quad \frac{360 \times (Y₂ - Y₁) + 30 \times (M₂ - M₁) + (D₂ - D₁)}{360}
\]

where,

“Y₁” is the year, expressed as a number, in which the first day of the Accrual Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day included the Accrual Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Accrual Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

“D₁” is the first calendar day, expressed as a number, of the Accrual Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Accrual Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30; and

(g) if “Actual/Actual (ICMA)” is so specified:

(i) if the Accrual Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Accrual Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Interest Payment Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; or

(ii) if the Accrual Period is longer than the Determination Period, the sum of:

(x) the number of days in such Accrual Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Interest Payment Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; and

(y) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Interest Payment
Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year

where:

“Determination Date” means such dates as specified in the applicable Issue Terms; and

“Determination Period” means the period from and including a Determination Date in any year to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

“euro” means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

“Euro-zone” means the region comprised of those member states of the European Union participating in the European Monetary Union from time to time.

“Financial Centre” means such financial centre or centres as may be specified in relation to the relevant currency for the purposes of the definition of “Business Day” in the ISDA Definitions or indicated in the applicable Issue Terms or, in the case of Notes denominated in euro, such financial centre or centres as the Calculation Agent may select.

“Interest Commencement Date” means the date of issue (the “Issue Date”) of the Notes (as specified in the Issue Terms) or such other date as may be specified as such in the applicable Issue Terms.

“Interest Determination Date” means, in respect of any Interest Period, the date specified in the applicable Issue Terms, or if none is specified:

(i) the first day of such Interest Period; or

(ii) in the case of LIBOR (other than Sterling LIBOR) or EURIBOR, the date falling two London Banking Days (or, in the case of EURIBOR or EUROLIBOR, two TARGET Business Days) prior to the first day of such Interest Period.

“Interest Payment Date” means the date or dates specified as such in, or determined in accordance with the provisions of, the applicable Issue Terms and, as the same may be adjusted in accordance with the Business Day Convention, if any, specified in the applicable Issue Terms or if the Business Day Convention is the FRN Convention and an interval of a number of calendar months is specified in the Issue Terms as being the Interest Period, each of such dates as may occur in accordance with the FRN Convention at such specified period of calendar months following the Interest Commencement Date of the Notes (in the case of the first Interest Payment Date) or the previous Interest Payment Date (in any other case).

“Interest Period” means each successive period beginning on and including an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date, provided always that the first Interest Period shall commence on and include the Interest Commencement Date and the final Interest Period shall end on but exclude the Maturity Date.
“ISDA Definitions” means the 2006 ISDA Definitions (as amended, supplemented and updated as at the date of issue of the first Tranche of the Notes of the relevant Series (as specified in the Issue Terms) as published by the International Swaps and Derivatives Association, Inc.).

“Minimum Trading Size” has the meaning ascribed to it in the applicable Issue Terms.

“Outstanding Principal Amount” means, in respect of a Note, its principal amount less, in respect of any Exempt Note which is an Instalment Note, any principal amount on which interest shall have ceased to accrue in accordance with Condition 4.05 or, in the case of an Exempt Note which is a Partly Paid Note, the Paid Up Amount of such Note or otherwise as indicated in the applicable Pricing Supplement.

“Rate of Interest” means the rate or rates (expressed as a percentage per annum) or amount or amounts (expressed as a price per unit of relevant currency) of interest payable in respect of the Notes specified in, or calculated or determined in accordance with the provisions of, as applicable, Condition 30 and Condition 31 and/or the applicable Issue Terms.

“Reference Banks” means such banks as may be specified in the applicable Issue Terms as the Reference Banks, or, if none are specified, “Reference Banks” has the meaning given in the ISDA Definitions, mutatis mutandis.

“Relevant Time” means the time as of which any rate is to be determined as specified in the Issue Terms (which in the case of LIBOR means London time or in the case of EURIBOR means Central European Time) or, if none is specified, at which it is customary to determine such rate.

“Reuters Screen” means, when used in connection with a designated page and any designated information, the display page so designated on the Reuters Market 3000 (or such other page as may replace that page on that service for the purpose of displaying such information).

“TARGET Business Day” means a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System is open.
Zero-Coupon Notes

4.11 If any Final Redemption Amount in respect of any Zero Coupon Note is not paid when due, interest shall accrue on the overdue amount at a rate per annum (expressed as a percentage per annum) equal to the Accrual Yield defined in, or determined in accordance with the provisions of, the applicable Issue Terms or at such other rate as may be specified for this purpose in the applicable Pricing Supplement until the date on which, upon due presentation or surrender of the relevant Note (if required), the relevant payment is made or, if earlier, the seventh day after the date on which, the Issuing and Paying Agent or, as the case may be, the Registrar having received the funds required to make such payment, notice is given to the Holders of the Notes in accordance with Condition 23 that the Issuing and Paying Agent or, as the case may be, the Registrar has received the required funds (except to the extent that there is failure in the subsequent payment thereof to the relevant Holder). The amount of any such interest shall be calculated in accordance with the provisions of Condition 4.07 as if the Rate of Interest was the Accrual Yield, the Outstanding Principal Amount was the overdue sum and the Day Count Fraction was as specified for this purpose in the applicable Issue Terms or, if not so specified, 30E/360 (as defined in Condition 4.10).

5. Redemption and Purchase

For any Non-Exempt Note, the applicable Final Terms will specify whether such Note is a Non-Exempt Reference Item Linked Redemption Note of a type specified in Condition 30 or a Non-Exempt Physical Delivery Note.

For any Exempt Note, the applicable Pricing Supplement will indicate the applicable Redemption / Payment Basis.

Redemption at Maturity

5.01 Unless previously redeemed, or purchased and cancelled each Note (unless otherwise specified in Condition 30 (in the case of a Non-Exempt Note) or the applicable Pricing Supplement or the Conditions relating to Reference Item Linked Notes (in the case of an Exempt Note)) shall be redeemed at its Final Redemption Amount specified in the applicable Final Terms or, in the case of an Exempt Note, determined in the manner specified in the applicable Pricing Supplement in the Specified Currency on the Maturity Date.

The Final Redemption Amount is payable as consideration for the use of the Issue Price of the Notes and as compensation in recognition that the Final Redemption Amount might otherwise have been less than the Issue Price.

Early Redemption for Taxation Reasons

5.02 If, in relation to any Series of Notes (i) as a result of any change in the laws or regulations of Canada or any province or territory thereof or any authority or agency therein or thereof having power to tax or, in the case of Notes issued by a branch of the Issuer outside Canada, of the country in which such branch is located or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws or regulations which become effective on or after the Issue Date of such Notes or any other date specified in the applicable Issue Terms, the Issuer would be required to pay additional
amounts as provided in Condition 17, (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it and (iii) such circumstances are evidenced by the delivery by the Issuer to the Issuing and Paying Agent of a certificate signed by two senior officers of the Issuer stating that the said circumstances prevail and describing the facts leading thereto and an opinion of independent legal advisers of recognised standing to the effect that such circumstances prevail, the Issuer may, at its option and having given no less than the minimum period and no more than the maximum period of notice specified in the applicable Issue Terms (ending, in the case of Floating Rate Notes or other Reference Item Linked Notes, on an Interest Payment Date) to the Holders of the Notes in accordance with Condition 23 (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Notes at the Early Redemption Amount determined in accordance with the provisions of Condition 5.09, together with accrued interest (if any) thereon, provided, however, that no such notice of redemption may be given earlier than 90 days (or, in the case of Floating Rate Notes or other Reference Item Linked Notes a number of days which is equal to the aggregate of the number of days falling within the then current Interest Period plus 60 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

The Issuer may not exercise such option in respect of any Note which is the subject of the prior exercise by the Holder thereof of its option to require the redemption of such Note under Condition 5.06.

**Call Option**

*This Condition 5.03 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Issuer (other than for taxation reasons or upon an illegality), such option being referred to as a "Call Option". The applicable Issue Terms contains provisions applicable to any Call Option and must be read in conjunction with this Condition 5.03 for full information on any Call Option. In particular, the applicable Issue Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount, any minimum or maximum amount of Notes which can be redeemed and the applicable notice periods.*

5.03 If Call Option is specified in the applicable Issue Terms as being applicable, then the Issuer may, having given not less than the minimum period and no more than the maximum period of notice specified in the applicable Issue Terms to the Holders in accordance with Condition 23, which notice shall be irrevocable and shall specify the date fixed for redemption, and in the case of any Exempt Notes subject to such conditions as may be specified in the applicable Pricing Supplement and subject to Condition 15.03 in the case of Preference Share Linked Notes, redeem all or some only of the Notes of this Series outstanding on any Optional Redemption Date at the Optional Redemption Amount(s) specified in the applicable Final Terms or, in the case of an Exempt Note, determined in the manner specified in the applicable Pricing Supplement together with accrued interest (if any) thereon on the date specified in such notice.

The Issuer may not exercise such option in respect of any Note which is the subject of the prior exercise by the Holder thereof of its option to require the redemption of such Note under Condition 5.06.
5.04 The appropriate notice referred to in Condition 5.03 is a notice given by the Issuer to the Holders of the Notes of the relevant Series in accordance with Condition 23, which notice shall be irrevocable and shall specify:

— the Series of Notes subject to redemption;
— whether such Series is to be redeemed in whole or in part only and, if in part only, the aggregate principal amount of and (except in the case of a Temporary Global Note or Permanent Global Note) the serial numbers of the Notes of the relevant Series which are to be redeemed;
— the due date for such redemption which shall be such date or the next of such dates ("Call Option Date(s)") or a day falling within such period ("Call Option Period"), as may be specified in the applicable Issue Terms and which is, in the case of Notes which bear interest at a floating rate, a date upon which interest is payable; and
— the Optional Redemption Amount at which such Notes are to be redeemed.

Partial Redemption

5.05 If the Notes are to be redeemed in part only on any date in accordance with Condition 5.03:

— such redemption must be for an amount not less than the Minimum Redemption Amount nor more than the Maximum Redemption Amount, in each case as may be specified in the applicable Issue Terms;
— in the case of a partial redemption of Definitive Notes, the Notes to be redeemed shall be drawn by lot in such European city as the Issuing and Paying Agent may specify, or identified in such other manner or in such other place as the Issuing and Paying Agent may approve and deem appropriate and fair;
— in the case of a Global Note, the Notes to be redeemed shall be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system (to be reflected in the records of Euroclear and Clearstream, Luxembourg or such other relevant clearing system as either a pool factor or a reduction in principal amount, at their discretion);
— in the case of Registered Notes and Swedish Notes, the Notes shall be redeemed (so far as may be practicable) pro rata to their principal amounts, provided always that the amount redeemed in respect of each Note shall be equal to the minimum Specified Denomination thereof or an integral multiple thereof, and
— in the case of Swiss Notes, the Notes to be redeemed shall be selected in accordance with the rules of SIX SIS (to be reflected in the records of SIX SIS as either a pool factor or a reduction in principal amount, at their discretion),
subject always to compliance with all applicable laws and the requirements of any stock exchange on which the relevant Notes may be listed.

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Conditions 2.05 to 2.08, which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

**Put Option**

This Condition 5.06 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Holder of any Note, such option being referred to as a "Put Option". The applicable Issue Terms contains provisions applicable to any Put Option and must be read in conjunction with this Condition 5.06 for full information on any Put Option. In particular, the applicable Issue Terms will identify the Optional Redemption Date(s), the Optional Redemption Amount and the applicable notice periods.

5.06  If Put Option is specified in the applicable Issue Terms as being applicable, upon the Holder of any Note of this Series giving to the Issuer not less than the minimum period nor more than the maximum period of notice specified in the applicable Issue Terms (which notice shall be irrevocable), the Issuer will, upon expiry of such notice, redeem such Note in whole (but not in part only) on the Optional Redemption Date and at the Optional Redemption Amount specified in the applicable Final Terms or, in the case of an Exempt Note, determined in accordance with the provisions of, the applicable Pricing Supplement, together with accrued interest (if any) thereon. In order to exercise such option, the Holder must, within the notice period deposit the relevant Note (together, in the case of a Definitive Note that is not a Zero Coupon Note, with all unmatured Coupons appertaining thereto other than any Coupon maturing on or before the Optional Redemption Date (failing which the provisions of Condition 18.06 apply)) during normal business hours at the specified office of, in the case of a Bearer Note, any Paying Agent or, in the case of a Registered Note, the Registrar together with a duly completed early redemption notice ("Put Notice") in the form which is available from the specified office of any Paying Agent or, as the case may be, the Registrar specifying, in the case of a Global Note or Registered Note, the aggregate principal amount in respect of which such option is exercised (which must be the minimum Specified Denomination specified in the applicable Issue Terms or an integral multiple thereof). Notwithstanding the foregoing, Notes represented by a Global Note or Registered Note shall be deemed to be deposited with a Paying Agent or the Registrar, as the case may be, for purposes of this Condition 5.06 at the time a Put Notice has been received by the Paying Agent or Registrar, as the case may be, in respect of such Notes. No Note so deposited and option exercised may be withdrawn (except as provided in the Issue and Paying Agency Agreement). In the case of Exempt Notes only, it may be that before an Investor Put can be exercised, certain other conditions and/or circumstances will also need to be satisfied. Where relevant, the provisions will be set out in the applicable Pricing Supplement.

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Conditions 2.05 to 2.08 which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.
The Holder of a Note may not exercise such Put Option in respect of any Note which is the subject of an exercise by the Issuer of its option to redeem such Note under either Condition 5.02 or 5.03.

**Redemption for Illegality**

*This Condition 5.07 applies to Notes which are subject to redemption prior to the Maturity Date at the option of the Issuer upon an illegality as described below, such option being referred to as a "Redemption for Illegality". The applicable Issue Terms contains provisions applicable to any Redemption for Illegality and must be read in conjunction with this Condition 5.07 for full information on any Redemption for Illegality. In particular, the applicable Issue Terms will identify the applicable notice periods.*

5.07 In the event that the Issuer determines in good faith that the performance of the Issuer’s obligations under the Notes or any arrangement made to hedge the Issuer’s obligations under the Notes have or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, the Issuer having given not less than the minimum period and not more than the maximum period of notice specified in the applicable Issue Terms to Holders in accordance with Condition 23 (which notice shall be irrevocable), may, on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at the Early Redemption Amount together (if appropriate) with interest accrued to (but excluding) the date of redemption.

**Trigger Early Redemption**

*This Condition 5.08 applies to Notes which are subject to redemption prior to the Maturity Date on the occurrence of a specified event described as a trigger early redemption event, such redemption being referred to as a "Trigger Event Redemption". In the case of a Non-Exempt Note Condition 30 and Condition 31 contains provisions applicable to any Trigger Event Redemption and must be read in conjunction with this Condition 5.08. The applicable Issue Terms also contains provisions applicable to any Trigger Event Redemption and must be read in conjunction with this Condition 5.08 and, as applicable, Condition 30 and Condition 31 for full information on any Trigger Event Redemption. In particular, the applicable Issue Terms will specify the relevant Trigger Early Redemption Event (including whether any upper and/or lower barriers apply and the applicable valuation provisions), the Trigger Early Redemption Date(s) and the relevant Trigger Early Redemption Amount.*

5.08 If Trigger Early Redemption is specified as applicable in the applicable Issue Terms, on the occurrence of the Trigger Early Redemption Event, the Issuer has the obligation to redeem the Notes on the applicable Trigger Early Redemption Date against payment of the applicable Trigger Early Redemption Amount in accordance with the Conditions of the Notes.

5.09 **Early Redemption Amounts**

For the purpose of a redemption pursuant to Condition 5.02, Condition 5.07 or Condition 16 or in the case of any other early redemption of the Notes pursuant to an applicable Reference Item Linked Condition, the Early Redemption Amount in respect of each principal amount of Notes equal to the Calculation Amount will be calculated as follows:
(a) in the case of a Note (other than a Reference Item Linked Note) with a Final Redemption Amount equal to the Issue Price, an amount equal to the Final Redemption Amount thereof;

(b) in the case of a Note (other than a Reference Item Linked Note or a Zero Coupon Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, the amount specified in, the applicable Issue Terms or, if no such amount is so specified in the applicable Issue Terms, at its principal amount;

(c) in the case of a Zero Coupon Note, an amount (the "Amortised Face Amount") calculated according to the following formula:

\[
\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y
\]

where:

- \( \text{RP} \) means the Reference Price; and
- \( \text{AY} \) means the Accrual Yield expressed as a decimal; and
- \( y \) is the Day Count Fraction specified in the applicable Issue Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator 360), (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365);

(d) in the case of a Reference Item Linked Note (other than a Preference Share Linked Note) an amount determined by the Calculation Agent equal to the fair market value of such Notes on the Market Valuation Date specified in the applicable Issue Terms taking into account, if applicable, the event resulting in the early redemption of the Notes, all as determined by the Calculation Agent in its sole and absolute discretion by reference to such factor(s) as it may deem appropriate and less Early Redemption Unwind Costs. For the purposes of determining the fair market value of the Notes following an event of default, no account shall be taken of the financial condition of the Issuer which shall be presumed to be able to perform fully its obligations in respect of the Notes;

(e) in the case of a Preference Share Linked Note, an amount in the Specified Currency calculated by the Calculation Agent on the same basis as its Final Redemption Amount,
except that the definition of Preference Share Value$_{final}$ shall be the Preference Share Value on the Early Redemption Valuation Date; or

(f) in the case of an Exempt Note, on such other calculation basis as may be specified in the applicable Pricing Supplement.

For the purposes of this Condition 5.09, "Early Redemption Unwind Costs" means an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties incurred by the Issuer in connection with the redemption of the Notes and the related termination, settlement or re-establishment of any hedge or related trading position, such amount to be apportioned pro rata amongst each principal amount of Notes equal to the Calculation Amount.

Purchase of Notes

5.10 The Issuer or any of its subsidiaries may at any time purchase Notes in the open market or otherwise and at any price provided that all unmatured Receipts and Coupons appertaining thereto are purchased therewith. If purchases are made by tender, tenders must be available to all Holders of the relevant Notes alike.

Cancellation of Redeemed and Purchased Notes

5.11 All unmatured Notes and Coupons redeemed in accordance with this Condition 5 will be cancelled forthwith and may not be reissued or resold. All unmatured Notes and Coupons purchased in accordance with Condition 5.10 may be cancelled or may be reissued or resold.

Further Provisions applicable to Redemption Amount and Instalment Amounts

5.12 The provisions of Condition 4.06 and the second paragraph of Condition 4.07 shall apply to any determination or calculation of the Redemption Amount or, in the case of an Exempt Note, any Instalment Amount required by the applicable Issue Terms to be made by the Calculation Agent.

References herein to "Redemption Amount" shall mean, as appropriate, the Final Redemption Amount, Final Instalment Amount (in the case of an Exempt Note), the Optional Redemption Amount, the Trigger Early Redemption Amount, the Early Redemption Amount or, in the case of an Exempt Note, such other amount in the nature of a redemption amount as may be specified in, or determined in accordance with, the provisions of the applicable Pricing Supplement.

5.13 If any Redemption Amount (other than the Final Redemption Amount) of any Zero Coupon Note is improperly withheld or refused or default is otherwise made in the payment thereof, the amount due and repayable will be the amount calculated as provided in Condition 5.09 but as if references therein to the date fixed for redemption or the date upon which such Zero Coupon Note becomes due and repayable were replaced by references to the date (the "Reference Date") which is the earlier of:

(i) the date on which, upon due presentation or surrender of the relevant Note (if required), all amounts due have been paid; and
(ii) the seventh day after the date on which, the Issuing and Paying Agent or, as the case may be, the Registrar having received the funds required to make such payment, notice is given to the Holders of the Notes in accordance with Condition 23 of that circumstance (except to the extent that there is a failure in the subsequent payment thereof to the relevant Holder). The calculation of the amount due and repayable in accordance with this sub-paragraph will continue to be made, after as well as before judgement, unless the Reference Date falls on or after the Maturity Date, in which case the amount due and repayable shall be the scheduled Final Redemption Amount of the Note on the Maturity Date together with interest which may accrue in accordance with Condition 4.05.

**Specific redemption provisions applicable to certain types of Exempt Notes**

5.14 Notes may be issued on a partly paid basis ("Partly Paid Notes") if so specified in the Pricing Supplement. The Issue Price therefor shall be paid in such number of instalments, in such amounts, on such dates and in such manner as may be specified in the applicable Pricing Supplement. The first such instalment shall be due and payable on the Issue Date. For the purposes of these Conditions, in respect of any Partly Paid Note, "Paid Up Amount" means the aggregate amount of all instalments in respect of the Issue Price as shall have fallen due and been paid up in full in accordance with these Conditions.

Not less than 14 days nor more than 30 days prior to the due date for payment of any instalment (other than the first such payment) the Issuer shall give a notice in accordance with Condition 16 stating the due date for payment thereof and stating that failure to pay any such instalment on or prior to such date will entitle the Issuer to forfeit the Notes with effect from such date ("Forfeiture Date") as may be specified in such notice (not being less than 14 days after the due date for payment), unless payment of the relevant instalment amount together with any interest accrued thereon is paid prior to the Forfeiture Date. The Issuer shall procure that any amount paid in respect of any Partly Paid Notes subsequent to the Forfeiture Date in respect thereof shall be returned promptly to the persons entitled thereto. The Issuer shall not be liable for any interest on any amount so returned.

Interest shall accrue on any amount which is not paid on or prior to the due date for payment thereof at the Interest Rate (in the case of Zero Coupon Notes, at the rate applicable to overdue payments) and shall be calculated in the same manner and on the same basis as if it were interest accruing on the Notes for the period from and including the due date for payment of the relevant amount up to but excluding the Forfeiture Date. For the purpose of the accrual of interest, any payment of any amount made after the due date for payment shall be treated as having been made on the day preceding the Forfeiture Date (whether or not a Business Day as defined in Condition 4.10).

Unless an Event of Default (or an event which with the giving of notice, the lapse of time or the making or giving of any determination or certification would constitute an Event of Default) shall have occurred and be continuing, on the Forfeiture Date, the Issuer shall forfeit all of the Notes in respect of which any amount shall not have been duly paid, whereupon the Issuer shall be entitled to retain the Paid-Up Amount in respect of such Notes and shall be discharged from any obligation to repay such amount or to pay interest thereon, or (where such Notes are represented by a Temporary Global Note or a Permanent Global Note) to exchange any interests in such Note for interests in a Permanent Global Note or to deliver Definitive Notes or Registered Notes in
respect thereof, but shall have no other rights against any person entitled to the Notes which have been so forfeited.

Without prejudice to the right of the Issuer to forfeit any Notes, for so long as any amount remains due but unpaid, and except in the case where an Event of Default (or an event which with the giving of notice, the lapse of time or the making or giving of any determination or certification would constitute an Event of Default) shall have occurred and be continuing, (i) no interests in a Temporary Global Note may be exchanged for interests in a Permanent Global Note and (ii) no transfers of Registered Notes or exchanges of Bearer Notes for Registered Notes may be requested or effected.

Until such time as the Issue Price in respect of Partly Paid Notes shall have been paid in full and except in the case where an Event of Default (or an event which with the giving of notice, the lapse of time or the making or giving of any determination or certification would constitute an Event of Default) shall have occurred and be continuing or if any of Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so and the Issuer is unable to locate a qualified successor within 90 days of the occurrence of any such event, no interests in a Temporary Global Note or a Permanent Global Note may be exchanged for Definitive Notes or Registered Notes.

5.15 Any Instalment Note will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Pricing Supplement.

5.16 Notwithstanding the foregoing:

(i) the relevant provisions relating to the redemption and purchase of Notes the terms of which permit the Issuer to pay and/or discharge its obligations with respect to such Notes by the payment or delivery of securities and/or other property or any combination of cash, securities and/or other property and that amend and/or supplement Condition 9 shall be set forth in the applicable Pricing Supplement; and

(ii) any additional redemption events which shall enable the Issuer to redeem the Notes of any Series shall be set forth in the applicable Pricing Supplement

6. Credit Linked Redemption Notes

This Condition applies to Exempt Notes only.

Provisions relating to the redemption of Credit Linked Redemption Notes will be set out in the applicable Pricing Supplement.

7. Index Linked Notes

If the Notes are specified as Index Linked Interest Notes and/or Index Linked Redemption Amount Notes in the applicable Issue Terms, then the provisions of this Condition 7 shall apply.

7.01 Redemption of Index Linked Redemption Notes

Unless previously redeemed or purchased and cancelled, each principal amount of the Index Linked Redemption Notes equal to the Calculation Amount set out in the applicable Issue Terms
will be redeemed by the Issuer on the Maturity Date at the Final Redemption Amount specified in
the applicable Final Terms or, in the case of an Exempt Note, determined in the manner specified
in, the applicable Pricing Supplement.

7.02 Adjustments to an Index and Additional Disruption Events

(i) Successor Index Sponsor Calculates and Reports an Index

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is
calculated and announced by a successor sponsor (the “Successor Index Sponsor”) acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the
determination of the Calculation Agent, the same or a substantially similar formula for and
method of calculation as used in the calculation of that Index, then in each case that
index (the “Successor Index”) will be deemed to be the Index.

(ii) Modification and Cessation of Calculation of an Index

If (x) on or prior to a Valuation Date, an Observation Date or an Averaging Date (or, in the
case of Exempt Notes, such other date as specified in the applicable Pricing Supplement)
the relevant Index Sponsor makes or announces that it will make a material change in the
formula for or the method of calculating a relevant Index or in any other way materially
modifies that Index (other than a modification prescribed in that formula or method to
maintain that Index in the event of changes in constituent stock and capitalisation,
contracts and other routine events) (an “Index Modification”) or permanently cancels the
Index and no Successor Index exists (an “Index Cancellation”), or (y) on a Valuation
Date, an Observation Date or an Averaging Date (or, in the case of Exempt Notes, such
other date as specified in the applicable Pricing Supplement), the Index Sponsor or (if
applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index
(an “Index Disruption” and, together with an Index Modification and an Index
Cancellation, each an “Index Adjustment Event”), then the Issuer in its sole and
absolute discretion may:

(A) require the Calculation Agent in its sole and absolute discretion to determine if
such Index Adjustment Event has a material effect on the Notes and, if so, to
calculate the Reference Level using, in lieu of a published level for that Index, the
level for that Index as at the Valuation Time on that Valuation Date, Observation
Date or Averaging Date or, in the case of Exempt Notes, such other date as
specified in the applicable Pricing Supplement, as the case may be, as
determined by the Calculation Agent in accordance with the formula for and
method of calculating that Index last in effect prior to the change, failure or
cancellation, but using only those securities that comprised that Index
immediately prior to that Index Adjustment Event; or

(B) on giving notice to the Holders in accordance with Condition 23, redeem all, but
not some only, of the Notes, each principal amount of Notes equal to the
Calculation Amount being redeemed at the Early Redemption Amount.

Upon the occurrence of an Index Adjustment Event, the Issuer shall give notice as soon
as practicable to Holders in accordance with Condition 23 stating the occurrence of an
Index Adjustment Event and giving details thereof and the action proposed to be taken in
relation thereto provided that any failure to give, or non-receipt of, such notice shall not
affect the validity of such action. The Issuer shall make available for inspection by Holders copies of any such determinations.

(iii) Additional Disruption Events

If Additional Disruption Events are specified as applicable in the applicable Issue Terms, then if an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may:

(A) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of the terms of these Conditions and/or the applicable Issue Terms to account for the Additional Disruption Event and determine the effective date of that adjustment;

(B) give notice to the Holders in accordance with Condition 23 and redeem all, but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount; or

(C) if the applicable Issue Terms provide that “Index Substitution” is applicable, then on or after the Additional Disruption Event the Calculation Agent may select one or more indices (each a “Substitute Index”) in accordance with the Index Substitution Criteria to substitute in place of the Indices (each an “Affected Index”) which are affected by such Additional Disruption Event and each Substitute Index will be deemed to be an “Index” for the purposes of the Notes, and the Calculation Agent will make such adjustment, if any, to any of the terms of the Conditions and/or the applicable Issue Terms as the Calculation Agent in its sole and absolute discretion determines appropriate.

Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 23 stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice shall not affect the validity of such action. The Issuer shall make available for inspection by Holders copies of any such determinations.

(iv) Correction to an Index

In the event that any price or level published by the relevant Index Sponsor or Successor Index Sponsor which is utilised for any calculation or determination made for the purposes of the Notes is subsequently corrected, the Calculation Agent will in its sole and absolute discretion adjust the terms of the Notes to account for such correction, provided that such correction is published and made available to the public by the Index Sponsor or Successor Index Sponsor during a period following original publication equal in duration to the period in which a trade in futures or options contracts relating to the Index on the relevant Related Exchange would customarily settle according to the rules of such Related Exchange, or if there are multiple Related Exchanges in respect of the Index, the longest such period, and further provided, that such publication of such correction is made sufficiently (in the sole and absolute discretion of the Calculation Agent) in advance of the Maturity Date or the relevant Specified Interest Payment Date to make such adjustment prior to the Maturity Date or the relevant Specified Interest Payment Date, as the case may be.
7.03 Definitions applicable to Index Linked Notes

"Additional Disruption Event" means Change in Law, Hedging Disruption, Increased Cost of Hedging in each case if specified in the applicable Issue Terms, or, in the case of an Exempt Note, any other Additional Disruption Event, as specified in the applicable Pricing Supplement.

"Affiliate" means any entity controlled directly or indirectly, by the Issuer, any entity that controls, directly or indirectly, the Issuer, or any entity under common control with the Issuer. As used herein “control” means the ownership of a majority of the voting power of the entity and “controlled by” and “controls” shall be construed accordingly.

"Averaging Date" means each date specified as an Averaging Date in the applicable Issue Terms provided that, if such date is not a Scheduled Trading Day, the Averaging Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If any Averaging Date is a Disrupted Day, then:

(i) if 'Omission' is specified in the applicable Issue Terms, such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Reference Level. If through operation of this provision no Averaging Date would occur, then for the purposes of determining the Reference Level on the final Averaging Date, such Averaging Date shall be deemed to be a Valuation Date that was a Disrupted Day;

(ii) if 'Postponement' is specified in the applicable Issue Terms, then for purposes of determining the Reference Level, such Averaging Date shall be deemed to be a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date for the Index Linked Notes; or

(iii) if 'Modified Postponement' is specified in the applicable Issue Terms, then:

(A) where the Notes relate to a single Index, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) and (ii) the Calculation Agent shall determine the Reference Level for that Averaging Date in accordance with sub paragraph (i)(B) of the definition of "Valuation Date" below; or

(B) where the Notes relate to a Basket of Indices, the Averaging Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date, and the Averaging Date for each Index affected by the occurrence of a Disrupted Day (each an “Affected Index”) shall be the first succeeding Valid Date in relation to such Affected Index. If the first succeeding Valid Date has not occurred as of
the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in respect of the Affected Index and (ii) the Calculation Agent shall determine the Reference Level of the Affected Index for that Averaging Date in accordance with sub paragraph (ii)(B) of the definition of “Valuation Date” below; and

(C) “Valid Date” shall mean a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date in respect of the relevant Valuation Date does not or is not deemed to occur.

“Basket of Indices” means a basket comprising two or more indices specified in the applicable Issue Terms in the relevant Weightings as specified in the applicable Issue Terms.

“Change in Law” means that, on or after the Trade Date (as specified in the applicable Issue Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (X) it has become illegal to hold, acquire or dispose of any relevant security comprised in an Index or (Y) the Issuer will incur a materially increased cost in performing its obligations in relation to the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer and/or any Hedging Entity).

“Closing Level” means the official closing level of the Index as published by the relevant Index Sponsor.

“Disrupted Day” means (i) where the Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index, any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred; or (ii) where the Index is specified in the applicable Issue Terms as being a Multi-Exchange Index, any Scheduled Trading Day on which (a) the Index Sponsor fails to publish the level of the Index, (b) any Related Exchange fails to open for trading during its regular trading session or (c) a Market Disruption Event has occurred.

“Exchange” means, (i) where the Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index, each exchange or quotation system specified as such for such Index in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the securities comprising such Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the securities comprising such Index on such temporary substitute exchange or quotation system as on the original
Exchange); or (ii) where the Index is specified in the applicable Issue Terms as being a Multi-Exchange Index, in relation to each component security included in that Index (each a “Component Security”), the principal stock exchange on which such Component Security is principally traded, as determined by the Calculation Agent.

“Exchange Business Day” means, (i) where the Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index, any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such relevant Exchange or Related Exchange closing prior to its Scheduled Closing Time; or (ii) where the Index is specified in the applicable Issue Terms as being a Multi-Exchange Index, any Scheduled Trading Day on which (i) the Index Sponsor publishes the level of the Index and (ii) each Related Exchange is open for trading during its regular trading session, notwithstanding any such Related Exchange closing prior to its Scheduled Closing Time.

“Final Redemption Amount” means:

(i) in the case of a Non-Exempt Note which is an Index Linked Redemption Note, an amount calculated in accordance with the provisions of Condition 30 and Condition 31;

(ii) in the case of an Exempt Note which is an Index Linked Redemption Note, an amount calculated by the Calculation Agent equal to:

(a) if Call Option is specified as applicable in the applicable Pricing Supplement (“Call Index Linked Redemption Note”):

\[
\frac{\text{Reference Level}}{\text{Initial Level}} \times \text{Specified Denomination}; \quad \text{or}
\]

(b) if Put Option is specified as applicable in the applicable Pricing Supplement (“Put Index Linked Redemption Note”), an amount calculated by the Calculation Agent equal to:

\[
\frac{\text{Initial Level}}{\text{Reference Level}} \times \text{Specified Denomination}; \quad \text{or}
\]

(c) such other amount specified in, or determined in the manner specified in, the applicable Pricing Supplement,

provided always that the Final Redemption Amount shall in no event be less than zero.

The Final Redemption Amount will be rounded as provided in Condition 4.07.

“Hedging Disruption” means that the Hedging Entity is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the Index or other price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s).
“Hedging Entity” means (a) the Issuer or (b) any Affiliate or any entity (or entities) acting on behalf of the Issuer as specified in the applicable Issue Terms that is engaged in any underlying or hedging transactions related to the Index in respect of the Issuer’s obligations under the Notes.

“Increased Cost of Hedging” means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk of the relevant securities or other risk of the Issuer issuing and performing its obligations with respect to the Notes, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or the Hedging Entity shall not be deemed an Increased Cost of Hedging.

“Index” and “Indices” mean, subject to adjustment in accordance with Condition 7.02, the index or indices specified in the applicable Issue Terms and related expressions shall be construed accordingly.

“Index Sponsor” means, in relation to an Index, the corporation or other entity that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any, related to such Index and (b) announces (directly or through an agent) the level of such Index on a regular basis during each Scheduled Trading Day, which as of the Issue Date is the index sponsor specified for such Index in the applicable Issue Terms.

“Index Substitution Criteria” means that the main characteristics of the Substitute Index are equivalent to the Affected Index which characteristics may include, without limitation, its strategy, its currency, the periodicity of its computation and publication, its level, the category(ies) and listing or quotation on an exchange or quotation system of its underlying assets, the geographical and economic sectors reflected and its management procedures (dates of rebalancing), all as determined by the Calculation Agent in its sole and absolute discretion or, in the case of Exempt Notes, such other criteria as specified in the applicable Pricing Supplement.

“Initial Level” means, in respect of an Index, the level specified as such in the applicable Issue Terms.

“Intraday Level” means the level of an Index observed by the Calculation Agent at any time during the regular trading session hours of the relevant Exchange, without regard to after hours or any other trading outside of the regular trading session hours.

“Least Performer” means, with respect to an Exchange Business Day during the Observation Period, the Index in respect of which the following formula yields, in the determination of the Calculation Agent, the smallest positive number if the results of the formula below are positive for all indices comprised in the basket or, if not, the largest negative number, on such Exchange Business Day:

(Reference Level of the Index on the Exchange Business Day minus the Initial Level with respect to such Index) divided by the Initial Level with respect to such Index,
provided that if the above formula yields the same number with respect to two or more Indices the Calculation Agent shall determine the Least Performer.

"Market Disruption Event" means, in respect of an Index:

(i) where the relevant Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index:
   (a) the occurrence or existence at any time during the one hour period that ends at the relevant Valuation Time of:
      (A) any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:
         (x) on any relevant Exchange(s) relating to securities that comprise 20 per cent. or more of the level of the relevant Index; or
         (y) in futures or options contracts relating to the relevant Index on any relevant Related Exchange; or
      (B) any event (other than an event described in ((b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (x) to effect transactions in, or obtain market values for securities that comprise 20 per cent. or more of the level of the relevant Index on any relevant Exchange(s), or (y) to effect transactions in, or obtain market values for, futures or options contracts relating to the relevant Index on any relevant Related Exchange,
         which in either case the Calculation Agent determines is material; or
   (b) the closure on any Exchange Business Day of any relevant Exchange(s) relating to securities that comprise 20 per cent. or more of the level of the relevant Index or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to the earlier of (A) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange(s) on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

For the purposes of determining whether a Market Disruption Event in respect of an Index exists at any time, if a Market Disruption Event occurs in respect of a Component Security at any time, then the relevant percentage contribution of that Component Security to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that
Component Security and (ii) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

(ii) where the relevant Index is specified in the applicable Issue Terms as being a Multi-Exchange Index either:

(a) the occurrence or existence, in respect of any Component Security, of:

(x) a Trading Disruption which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;

(y) an Exchange Disruption, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; or

(z) an Early Closure; and

(b) the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists, comprises 20 per cent. or more of the level of the Index; or

(c) the occurrence or existence, in respect of futures or options contracts relating to the Index, of: (A) a Trading Disruption or (B) an Exchange Disruption which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the Valuation Time in respect of any Related Exchange or (C) an Early Closure.

As used above:

“Early Closure” means the closure on any Exchange Business Day of the Exchange in respect of any Component Security or any Related Exchange prior to its Scheduled Closing Time unless such earlier closing is announced by such Exchange or Related Exchange, as the case may be, at least one hour prior to the earlier of: (i) the actual closing time for the regular trading session on such Exchange or Related Exchange, as the case may be, on such Exchange Business Day; and (ii) the submission deadline for orders to be entered into the relevant Exchange or Related Exchange system for execution at the relevant Valuation Time on such Exchange Business Day.

“Exchange Disruption” means any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general to effect transactions in, or obtain market values for: (i) any Component Security on the Exchange in respect of such Component Security; or (ii) futures or options contracts relating to the Index on any Related Exchange.

“Trading Disruption” means any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange, as the case may be, or otherwise and whether by reason of movements in price exceeding limits
permitted by the relevant Exchange or Related Exchange or otherwise: (i) relating to any Component Security on the Exchange in respect of such Component Security; or (ii) in futures or options contracts relating to the Index on any Related Exchange.

For the purposes of determining whether a Market Disruption Event exists in respect of a Multi-Exchange Index exists at any time, if a Market Disruption Event occurs in respect of such Component Security included in the Index at any time, then the relevant percentage contribution of that Component Security to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that Component Security and (ii) the overall level of the Index, in each case using the official opening weightings as published by the relevant Index Sponsor as part of the market “opening data” immediately before the occurrence of such Market Disruption Event.

“Multi-Exchange Index” means an Index identified or specified as such in the applicable Issue Terms or, if not so identified or specified, any Index which the Calculation Agent determines to be a Multi-Exchange Index.

“Observation Date(s)” means each date specified as such in the applicable Issue Terms, provided that if such date is not a Scheduled Trading Day, the Observation Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

(i) where the Notes relate to a single Index, the Observation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day. In that case, (i) the eighth Scheduled Trading Day shall be deemed to be the Observation Date, notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent, shall, where practicable in the case of Exempt Notes determine the Reference Level in the manner set out in the applicable Pricing Supplement, or if not set out or not so practicable or in the case of Non-Exempt Notes, determine the Reference Level by determining the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with (and subject to Condition 7.02 (i), (ii) and (iv)) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted level as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day (as defined in Condition 8.05 in relation to such security) has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value of the relevant security as of the Valuation Time on that eighth Scheduled Trading Day); or

(ii) where the Notes relate to a Basket of Indices, the Observation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Observation Date, and the Observation Date for each Index affected by the occurrence of a Disrupted Day (each an “Affected Index”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Index unless each of the eight Scheduled Trading Days immediately
following the Scheduled Observation Date is a Disrupted Day relating to the Affected Index. In that case, (i) the eighth Scheduled Trading Day shall be deemed to be that Observation Date for the Affected Index, notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent shall where practicable in the case of Exempt Notes, determine the Reference Level in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt Notes, determine the Reference Level by using the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with (and subject to Condition 7.02 (i), (ii) and (iv)) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted level as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day (as defined in Condition 8.05 in relation to such security) has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value of the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

"Observation Period" means the period specified as such in the applicable Issue Terms.

"Principal Protected" means an amount equal to 100 per cent. of the Calculation Amount. For the avoidance of doubt, the Principal Protection does not apply if the Notes are redeemed early or sold by an Investor prior to the Maturity Date.

"Protection Amount" means, in respect of a Series to which a Protection Amount is specified as applicable in the applicable Issue Terms, means that the Final Redemption Amount will, subject to the applicable Issue Terms, in no circumstances be repayable, at the stated Maturity Date, at less than the specified percentage of the Calculation Amount. For the avoidance of doubt, the Protection Amount will not apply in the event that Notes are redeemed prior to their stated Maturity Date or upon, among others, the occurrence of an Early Redemption for Taxation Reasons, an Index Adjustment Event, a Potential Adjustment Event, or an Event of Default.

"Reference Level" means, in the case of an Exempt Note unless otherwise specified in the applicable Pricing Supplement, in respect of a Valuation Date, Observation Date or Averaging Date:

(i) where the Notes are specified in the applicable Issue Terms to relate to a single Index, an amount (which shall be deemed to be an amount of the Specified Currency) equal to the Specified Level of the Index on the relevant date (or if a Valuation Time is specified in the applicable Issue Terms, the level of the Index determined by the Calculation Agent at such Valuation Time on the relevant date) or as otherwise determined by the Calculation Agent subject as provided in this Condition 7; and

(ii) where the Notes are specified in the applicable Issue Terms to relate to a Basket of Indices, an amount (which shall be deemed to be an amount of the Specified Currency) equal to the sum of the values calculated for each Index as the Specified Level of each Index on the relevant date, (or if a Valuation Time is
specified in the applicable Issue Terms, the level of each Index determined by the Calculation Agent at such Valuation Time on the relevant date), or as otherwise determined by the Calculation Agent subject as provided in this Condition 7, multiplied by the relevant Weighting specified in the applicable Issue Terms.

“Related Exchange” means, subject to the proviso below, in relation to an Index, each exchange or quotation system specified as such for such Index in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Index on such temporary substitute exchange or quotation system as on the original Related Exchange), provided that where ‘All Exchanges’ is specified as the Related Exchange in the applicable Issue Terms, ‘Related Exchange’ shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

“Scheduled Averaging Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Averaging Date.

“Scheduled Closing Time” means, in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“Scheduled Observation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Observation Date.

“Scheduled Trading Day” means:

(i) where the Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index, any day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions; or

(ii) where the Index is specified in the applicable Issue Terms as being a Multi-Exchange Index, any day on which (i) the Index Sponsor is scheduled to publish the level of that Index and (ii) each Related Exchange is scheduled to be open for trading for its regular trading session.

“Scheduled Valuation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Valuation Date.

“Specified Level” means the Closing Level or the Intraday Level, as specified in the applicable Issue Terms.

“Trade Date” means the date specified as such in the applicable Issue Terms.

“Valuation Date” means each date specified as such in the applicable Issue Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:
(i) where the Notes relate to a single Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day. In that case (A) the eighth Scheduled Trading Day for the Index shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (B) the Calculation Agent, shall, where practicable in the case of Exempt Notes, determine the Reference Level in the manner set out in the applicable Pricing Supplement, or if not set out or not so practicable or in the case of Non-Exempt Notes, determine the Reference Level by determining the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with (and subject to Condition 7.02 (i), (ii) and (iv)) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted level as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day (as defined in Condition 8.05 in relation to such security) has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value of the relevant security as of the Valuation Time on that eighth Scheduled Trading Day); or

(ii) where the Notes relate to a Basket of Indices, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Index affected by the occurrence of a Disrupted Day (each an “Affected Index”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Index, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Index. In that case (A) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Index, notwithstanding the fact that such day is a Disrupted Day, and (B) the Calculation Agent shall where practicable in the case of Exempt Notes, determine the Reference Level in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt Notes, determine the Reference Level by determining the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with (and subject to Condition 7.02 (i), (ii) and (iv)) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted level as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day (as defined in Condition 8.05 in relation to such security) has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value of the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

“Valuation Time” means:

(i) where the Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index, the Valuation Time specified in the applicable Issue Terms or, if
no Valuation Time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date, Observation Date or Averaging Date, as the case may be, in relation to each Index to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time;

(ii) where the Index is specified in the applicable Issue Terms as being a Multi-Exchange Index, the Valuation Time specified in the applicable Issue Terms or, if no Valuation Time is specified, (i) for the purposes of determining whether a Market Disruption Event has occurred: (A) in respect of a Component Security, the Scheduled Closing Time on the relevant Exchange in respect of such Component Security and (B) in respect of any options contracts or futures contracts on the Index, the close of trading on the relevant Related Exchange, and (ii) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor. If, for the purposes of (i) above, the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time; or

(iii) where the Specified Level is the Intraday Level, each relevant time at which the Reference Level is determined.

"Weighting" means the weight to be applied to each of the Indices comprising the Basket of Indices, as specified in the applicable Issue Terms.

8. Equity Linked Notes

If the Notes are specified as Equity Linked Interest Notes and/or Equity Linked Redemption Amount Notes in the applicable Issue Terms, the provision of this Condition 8 shall apply.

8.01 Redemption of Equity Linked Redemption Notes

Unless previously redeemed or purchased and cancelled, each principal amount of Equity Linked Redemption Notes equal to the Calculation Amount set out in the applicable Issue Terms will be redeemed by the Issuer on the Maturity Date (A) if Cash Settlement is specified in the applicable Issue Terms, by payment of the Final Redemption Amount specified in the applicable Final Terms or, in the case of an Exempt Note, determined in the manner specified in, the applicable Pricing Supplement on the Maturity Date or (B) if Physical Delivery is specified in the applicable Issue Terms, by delivery of the Entitlement, in the case of a Non-Exempt Note, determined in the manner specified in Condition 30 or, in the case of an Exempt Note, specified in, or determined in the manner specified in, the applicable Pricing Supplement (subject as provided below) or (C) in the case of an Exempt Note, if Cash Settlement and/or Physical Delivery is specified in the applicable Pricing Supplement, by payment of the Final Redemption Amount and/or by delivery of the Entitlement on the terms set out in the applicable Pricing Supplement, in each case on the Maturity Date (subject as provided below).
8.02 Potential Adjustment Events; De-listing, Merger Event, Tender Offer, Nationalisation and Insolvency; Additional Disruption Events; and Adjustments for Equity Linked Notes in respect of Non-Euro Quoted Entities

(i) If Potential Adjustment Events are specified as applicable in the applicable Issue Terms, then following the declaration by an Equity Issuer of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting, concentrative or other effect on the theoretical value of the Equities and, if so, the Issuer in its sole and absolute discretion shall either:

(A) (1) require the Calculation Agent to make the corresponding adjustment, if any, to any one or more of the terms of these Conditions and/or the applicable Issue Terms, as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Equity) and (2) determine the effective date of that adjustment; or

(B) after giving notice to the Holders in accordance with Condition 23, redeem all, but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount; or

(C) if the applicable Issue Terms provide that "Equity Substitution" is applicable, then on or after the relevant Potential Adjustment Event, the Calculation Agent may select one or more equities (each a "Substitute Equity") in accordance with the Equity Substitution Criteria to substitute in place of the Equity or Equities (each an "Affected Equity") which are affected by such Potential Adjustment Event and each Substitute Equity will be deemed to be an "Equity" and the relevant issuer of such equities, a "Equity Issuer" for the purposes of the Notes, and the Calculation Agent will make such adjustment, if any, to any of the terms of the Conditions and/or the applicable Issue Terms as the Calculation Agent in its sole and absolute discretion determines appropriate.

If the provisions of Condition 8.02(i) apply, the Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Equities traded on that options exchange.

Upon making an adjustment pursuant to Condition 8.02(i)(A), the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 23, stating the adjustment made to the terms of these Conditions and/or the applicable Issue Terms and giving brief details of the Potential Adjustment Event provided that any failure to give, or non-receipt of, such notice will not affect the validity of such adjustment.
(ii) If (x) De-listing, Merger Event, Nationalisation and/or Insolvency is specified as applicable in the applicable Issue Terms and/or (y) Tender Offer is specified as applicable in the applicable Issue Terms, and (in the case of (x)) a De-listing, Merger Event, Nationalisation or Insolvency occurs or (in the case of (y)) a Tender Offer occurs, in each case, in relation to an Equity, the Issuer in its sole and absolute discretion may:

(A) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of the terms of these Conditions and/or the applicable Issue Terms to account for the De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment; or

(B) where the Equity Linked Notes relate to a Basket of Equities on giving notice to the Holders in accordance with Condition 23 redeem each Note in part. If a Note is so redeemed in part the portion (the “Partial Amount”) of each such Note representing the affected Equity(s) shall be redeemed and the Issuer will (x) pay to each Holder in respect of each Note held by it an amount equal to the fair market value of the Partial Amount together with any accrued interest thereon, taking into account the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion; and (y) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the terms of the Conditions and/or the applicable Issue Terms to account for such redemption in part. For the avoidance of doubt the remaining part of each such Note after redemption and adjustment shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Holders in accordance with Condition 23; or

(C) after giving notice to the Holders in accordance with Condition 23, redeem all, but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount; or

(D) if the applicable Issue Terms provide that “Equity Substitution” is applicable, then on or after the relevant Merger Date, Tender Offer Date, or the date of the Nationalisation, Insolvency or De-listing (as the case may be), the Calculation Agent may select one or more equities (each a “Substitute Equity”) in accordance with the Equity Substitution Criteria to substitute in place of the Equity or Equities (each an “Affected Equity”) which are affected by such Merger Event, Tender Offer, Nationalisation, Insolvency or De-listing and each Substitute Equity will be deemed to be an “Equity” and the relevant issuer of such equities, a “Equity Issuer” for the purposes of the Notes, and the Calculation Agent
will make such adjustment, if any, to any of the terms of the Conditions and/or the applicable Issue Terms as the Calculation Agent in its sole and absolute discretion determines appropriate.

If the provisions of Condition 8.02(ii) apply, the Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, made by an options exchange to options on the Equities traded on that options exchange.

Upon the occurrence (if applicable) of a De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 23 stating the occurrence of the De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto provided that failure to give, or non-receipt of, such notice will not affect the validity of such action.

(iii) If Additional Disruption Events are specified as applicable in the applicable Issue Terms, then if an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may:

(A) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of the terms of these Conditions and/or the applicable Issue Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or

(B) give notice to the Holders in accordance with Condition 23 and redeem all, but not some only, of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount; or

(C) if the applicable Issue Terms provide that “Equity Substitution” is applicable, then on or after the relevant Additional Disruption Event, the Calculation Agent may select one or more equities (each a “Substitute Equity”) in accordance with the Equity Substitution Criteria to substitute in place of the Equity or Equities (each an “Affected Equity”) which are affected by such Additional Disruption Event and each Substitute Equity will be deemed to be an “Equity” and the relevant issuer of such equity, a “Equity Issuer” for the purposes of the Notes, and the Calculation Agent will make such adjustment, if any, to any of the terms of the Conditions and/or the applicable Issue Terms as the Calculation Agent in its sole and absolute discretion determines appropriate.

Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 23 stating the occurrence of the Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto, provided that failure to give, or non-receipt of, such notice will not affect the validity of such action.
(iv) Non-Euro Quoted Equities

In respect of Equity Linked Redemption Notes relating to Equities originally quoted, listed and/or dealt as of the Trade Date in a currency of a member state of the European Union that has not adopted the euro, if such Equities are at any time after the Trade Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange or, where no Exchange is specified in the applicable Issue Terms, the principal market on which those Equities are traded, then the Calculation Agent will adjust any one or more of the terms of these Conditions and/or the applicable Issue Terms as the Calculation Agent determines in its sole and absolute discretion to be appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the relevant Valuation Time at the official conversion rate, if any, or an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the relevant Valuation Time. No adjustments under this Condition 8.02(iv) will affect the currency denomination of any payment obligation arising out of the Notes.

(v) Correction of Prices or Levels of an Equity

In the event that any price or level of an Equity published by an Exchange which is utilised for any calculation or determination made for the purposes of the Notes is subsequently corrected, the corrected price or level is deemed to be the relevant price or level for such Equity, provided that such correction is published and made available to the public by the relevant Exchange during a period following original publication equal in duration to the period in which a trade in the Equity would customarily settle according to the rules of such Exchange, and further provided, that such publication of such correction is made sufficiently (in the sole and absolute discretion of the Calculation Agent) in advance of the Maturity Date or the Specified Interest Payment Date to make such adjustment prior to the relevant date.

Partial Lookthrough Depositary Receipt Provisions

8.03 Where the applicable Issue Terms specify that the “Partial Lookthrough Depositary Receipt Provisions” shall apply to an Equity, then the provisions set out in this Condition 8.03 shall apply, and, in relation to such Equity, the other provisions of this Condition 8 shall be deemed to be amended and modified as set out in this Condition 8.03.

The definition of “Potential Adjustment Event” shall be amended so that it reads as follows:

"Potential Adjustment Event" means any of the following:

(A) a subdivision, consolidation or reclassification of relevant Equities and/or Underlying Equities (unless resulting in a Merger Event or Tender Offer), or a free distribution or dividend of any such Equities and/or Underlying Equities to existing holders by way of bonus, capitalisation or similar issue;
(B) a distribution, issue or dividend to existing holders of the relevant Equities and/or Underlying Equities of (i) such Equities and/or Underlying Equities, (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of an Equity Issuer or Underlying Equity Issuer, as appropriate, equally or proportionately with such payments to holders of such Equities and/or Underlying Equities, (iii) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Equity Issuer or Underlying Equity Issuer, as appropriate, as a result of a spin-off or other similar transaction or (iv) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;

(C) an extraordinary dividend (determined by the Calculation Agent, in its sole and absolute discretion);

(D) a call by an Equity Issuer or Underlying Equity Issuer, as appropriate, in respect of relevant Equities and/or Underlying Equities that are not fully paid;

(E) a repurchase by an Equity Issuer or Underlying Equity Issuer, as appropriate, or any of its subsidiaries of relevant Equities and/or Underlying Equities whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;

(F) in respect of an Equity Issuer or Underlying Equity Issuer, as appropriate, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Equity Issuer or Underlying Equity Issuer, as appropriate, pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights;

(G) any other event having, in the opinion of the Calculation Agent, a diluting, concentrative or other effect on the theoretical value of the relevant Equities and/or Underlying Equities; or

(H) the making of any amendment or supplement to the terms of the Deposit Agreement,

provided that an event under (A) to (G) (inclusive) above in respect of Underlying Equities shall not constitute a Potential Adjustment Event unless, in the opinion of the Calculation Agent, such event has a diluting or concentrative effect on the theoretical value of the Equities.

If the Calculation Agent determines that:
(A) an event under (A) to (G) (inclusive) of the definition of “Potential Adjustment Event” has occurred and constitutes a Potential Adjustment Event in respect of any Underlying Equities; or

(B) an event under (H) of the definition of “Potential Adjustment Event” has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has an economic effect on the Notes

and, in each case, the Calculation Agent will make the corresponding adjustment(s), if any, to one or more of the terms of these Conditions and/or the relevant Issue Terms as the Calculation Agent determines appropriate to account for (x) in respect of an event under (A) to (G) (inclusive) of the definition of “Potential Adjustment Event”, the diluting or concentrative effect on the theoretical value of the Equities, and (y) in respect of an event under (H) of the definition of “Potential Adjustment Event”, such economic effect on the Notes, as the case may be, (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Equity), following the Potential Adjustment Event. The Calculation Agent may (among other factors) have reference to any adjustment made by the Depositary under the Deposit Agreement.

If the Calculation Agent determines that no adjustment that it could make will produce a commercially reasonable result it shall notify the Issuer and the Holders that the relevant consequence shall be the early redemption of the Notes, in which case, on such date as selected by the Issuer in its sole and absolute discretion, the Issuer shall redeem all of the Notes upon prior notice made to the Holders, and the Issuer will cause to be paid to each Holder in respect of each Note held by it an amount equal to the Early Redemption Amount of such Notes.

The definitions of “Merger Event” and “Tender Offer” shall be amended in accordance with the DR Amendment.

If the Calculation Agent determines that a Merger Event or Tender Offer has occurred in respect of any Underlying Equity, then, where the Calculation Agent makes an adjustment to these Conditions and/or the relevant Issue Terms in connection with a Merger Event or Tender Offer, the Calculation Agent may (among other factors) have reference to any adjustment made by the Depositary under the Deposit Agreement.

The definitions of “Nationalisation”, “Insolvency” and “De-listing” shall be amended in accordance with the DR Amendment.

If the Calculation Agent determines that a Nationalisation or Insolvency has occurred in respect of an Equity or the Depositary, then, notwithstanding anything to the contrary herein, the Calculation Agent may determine that the affected Equity be substituted with Replacement DRs selected by it in accordance with the DR Substitution Criteria and may make any appropriate adjustments to the terms of these Conditions and/or the relevant Issue Terms. In such case, the Issuer shall not redeem the Notes early and, following such replacement, references to Equities therein shall be replaced by references to such Replacement DRs, and the Calculation Agent will determine the effective date of any adjustments.
If the Calculation Agent determines that a De-listing of Equities has occurred or if the Depositary announces that the Deposit Agreement is (or will be terminated), then, notwithstanding anything to the contrary herein, the Calculation Agent may determine that the affected Equity be substituted with Replacement DRs selected by it in accordance with the DR Substitution Criteria or the Underlying Equities and may make any appropriate adjustments to the terms of these Conditions and/or the relevant Issue Terms. In such case, the Issuer shall not redeem the Notes early and, following such replacement, references to Equities herein shall be replaced by references to such Replacement DRs or the Underlying Equities, as applicable, and the Calculation Agent will determine the effective date of any adjustments.

The definition of “Insolvency Filing” shall be amended in accordance with the DR Amendment.

The definition of “Change in Law” shall be amended in accordance with the DR Amendment.

For the avoidance of doubt, where a provision is amended pursuant to this Condition 8.03 in accordance with the DR Amendment, if the event described in such provision occurs in respect of the Underlying Equities or the Underlying Equity Issuer, then the consequence of such event shall be interpreted consistently with the DR Amendment and such event.

**Full Lookthrough Depositary Receipt Provisions**

8.04 Where the applicable Issue Terms specify that the “Full Lookthrough Depositary Receipt Provisions” shall apply to an Equity, then the provisions set out in this Condition 8.04 shall apply, and, in relation to such Equity, the other provisions of this Condition 8 shall be deemed to be amended and modified as set out in this Condition 8.04.

The definition of “Potential Adjustment Event” shall be amended so that it reads as follows:

“Potential Adjustment Event” means any of the following:

- **(A)** a subdivision, consolidation or reclassification of relevant Equities and/or Underlying Equities (unless resulting in a Merger Event or Tender Offer), or a free distribution or dividend of any such Equities and/or Underlying Equities to existing holders by way of bonus, capitalisation or similar issue;

- **(B)** a distribution, issue or dividend to existing holders of the relevant Equities and/or Underlying Equities of (i) such Equities and/or Underlying Equities, (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of an Equity Issuer or Underlying Equity Issuer, as appropriate, equally or proportionately with such payments to holders of such Equities and/or Underlying Equities, (iii) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Equity Issuer or Underlying Equity Issuer, as appropriate, as a result of a spin-off or other similar transaction or (iv) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;

- **(C)** an extraordinary dividend (determined by the Calculation Agent, in its sole and absolute discretion);
(D) a call by an Equity Issuer or Underlying Equity Issuer, as appropriate, in respect of relevant Equities and/or Underlying Equities that are not fully paid;

(E) a repurchase by an Equity Issuer or Underlying Equity Issuer, as appropriate, or any of its subsidiaries of relevant Equities and/or Underlying Equities whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;

(F) in respect of an Equity Issuer or Underlying Equity Issuer, as appropriate, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Equity Issuer or Underlying Equity Issuer, as appropriate, pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights;

(G) any other event having, in the opinion of the Calculation Agent, a diluting, concentrative or other effect on the theoretical value of the relevant Equities and/or Underlying Equities; or

(H) the making of any amendment or supplement to the terms of the Deposit Agreement,

provided that an event under (A) to (G) (inclusive) above in respect of Underlying Equities shall not constitute a Potential Adjustment Event unless, in the opinion of the Calculation Agent, such event has a diluting or concentrative effect on the theoretical value of the Equities.

If the Calculation Agent determines that:

(A) an event under (A) to (G) (inclusive) of the definition of “Potential Adjustment Event” has occurred and constitutes a Potential Adjustment Event in respect of any Underlying Equities; or

(B) an event under (H) of the definition of “Potential Adjustment Event” has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has an economic effect on the Notes;

and, in each case, the Calculation Agent will make the corresponding adjustment(s), if any, to one or more of any terms of these Conditions and/or the relevant Issue Terms as the Calculation Agent determines appropriate to account for (x) in respect of an event under (A) to (G) (inclusive) of the definition of “Potential Adjustment Event”, the diluting or concentrative effect on the theoretical value of the Equities, and (y) in respect of an event under (H) of the definition of “Potential Adjustment Event”, such economic effect on the Notes, as the case may be (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Equity) following the Potential Adjustment Event. The Calculation Agent shall (among other factors) have reference to any adjustment made by the Depositary under the Deposit Agreement.
If the Calculation Agent determines that no adjustment that it could make will produce a commercially reasonable result, it shall notify the Issuer and the Holders that the relevant consequence shall be the early redemption of the Notes, in which case, on such date as selected by the Calculation Agent in its sole and absolute discretion, the Issuer shall redeem all of the Notes upon prior notice made to the Holders, and the Issuer will cause to be paid to each Holder in respect of each Note held by it an amount equal to the Early Redemption Amount of such Notes.

The definitions of “Merger Event” and “Tender Offer” shall be amended in accordance with the DR Amendment.

If the Calculation Agent determines that a Merger Event or Tender Offer has occurred in respect of an Underlying Equity, then, where the Calculation Agent makes an adjustment to these Conditions and/or the relevant Issue Terms in connection with a Merger Event or Tender Offer, the Calculation Agent may (among other factors) have reference to any adjustment made by the Depositary under the Deposit Agreement.

The definitions of “Nationalisation”, “Insolvency” and “De-listing” shall be amended in accordance with the DR Amendment.

If the Calculation Agent determines that a Nationalisation or Insolvency has occurred in respect of an Equity or the Depositary, then, notwithstanding anything to the contrary herein, the Calculation Agent may determine that the affected Equity be substituted with Replacement DRs selected in accordance with the DR Substitution Criteria and may make any appropriate adjustments to the terms of these Conditions and/or the relevant Issue Terms. In such case, the Issuer shall not redeem the Notes early and, following such replacement, references to Equities herein shall be replaced by references to such Replacement DRs, and the Calculation Agent will determine the effective date of any adjustments.

If the Calculation Agent determines that a De-listing of Equities has occurred or if the Depositary announces that the Deposit Agreement is (or will be terminated), then notwithstanding anything to the contrary herein, the Calculation Agent may determine that the affected Equity be substituted with Replacement DRs selected in accordance with the DR Substitution Criteria or the Underlying Equities and may make any appropriate adjustments to the terms of these Conditions and/or the relevant Issue Terms. In such case, the Issuer shall not redeem the Notes early, and following such replacement, references to Equities herein shall be replaced by references to such Replacement DRs or the Underlying Equities, as applicable, and the Calculation Agent will determine the effective date of any adjustments.

The definition of any Additional Disruption Event specified as applicable in the relevant Issue Terms shall be amended in accordance with the DR Amendment.

Each reference to the Exchange in the definitions of “Exchange Business Day”, “Scheduled Closing Time”, “Scheduled Trading Day”, “Market Disruption Event” and “Disrupted Day” shall be deemed to include a reference to the primary exchange on which the Underlying Equities are traded, as determined by the Calculation Agent.

The definitions of “Market Disruption Event” and “Related Exchange” shall be amended in accordance with the DR Amendment. For the avoidance of doubt, where a provision is amended pursuant to this Condition 8.04 in accordance with the DR Amendment, if the event described in such provision occurs in respect of the Underlying Equities or the Underlying Equity Issuer, then
the consequence of such event shall be interpreted consistently with the DR Amendment and such event.

8.05 **Definitions applicable to Equity Linked Notes**

"**Additional Disruption Event**" means Change in Law, Hedging Disruption, Increased Cost of Hedging, Insolvency Filing, in each case if specified in the applicable Final Terms, or, in the case of an Exempt Note, any other Additional Disruption Event, if specified in the applicable Pricing Supplement.

"**Affiliate**" means any entity controlled directly or indirectly, by the Issuer, any entity that controls, directly or indirectly, the Issuer, or any entity under common control with the Issuer. As used herein "control" means the ownership of a majority of the voting power of the entity and "controlled by" and "controls" shall be construed accordingly.

"**Averaging Date**" means each date specified as an Averaging Date in the applicable Issue Terms provided that if such date is not a Scheduled Trading Day, the Averaging Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If any Averaging Date is a Disrupted Day, then:

(i) if 'Omission' is specified in the applicable Issue Terms, such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Reference Price. If through the operation of this provision, no Averaging Date would occur with respect to the relevant Valuation Date, then for the purposes of determining the Reference Price on the final Averaging Date, such Averaging Date shall be deemed to be a Valuation Date that was a Disrupted Day;

(ii) if 'Postponement' is specified in the applicable Issue Terms then, for purposes of determining the Reference Price, such Averaging Date shall be deemed to be a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date for the Equity Linked Notes; or

(iii) if 'Modified Postponement' is specified in the applicable Issue Terms, then:

(A) where the Notes relate to a single Equity, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day for the Equity shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) and (ii) the Calculation Agent shall determine the Reference Price for that Averaging Date in accordance with sub paragraph (i)(B) of the definition of “Valuation Date” below; or

(B) where the Notes relate to a Basket of Equities and the applicable Issue Terms provide that "Common Disrupted Days" is not applicable, the
Averaging Date for each Equity not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date, and the Averaging Date for each Equity affected by the occurrence of a Disrupted Date (each an “Affected Equity”) shall be the first succeeding Valid Date in relation to such Affected Equity. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day for such Equity shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in respect of the Affected Equity and (ii) the Calculation Agent shall determine the Reference Price of the Affected Equity for that Averaging Date in accordance with sub paragraph (ii)(B) of the definition of “Valuation Date” below; or

(C) where the Notes relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Averaging Date for each Equity shall be the first succeeding Common Valid Date. If the first succeeding Common Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) and (ii) the Calculation Agent shall determine the relevant Reference Price for each Equity for that Averaging Date in accordance with sub-paragraph (iii)(B)(x) or (y), as applicable of the definition of “Valuation Date” below; and

(D) “Valid Date” shall mean a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date in respect of the relevant Valuation Date does not or is not deemed to occur, and “Common Valid Date” shall mean a Scheduled Trading Day that is not a Disrupted Day for any Equity comprised in the Basket of Equities and on which another Averaging Date does not or is deemed not to occur.

“Basket of Equities” means a basket composed of the Equities specified in the applicable Issue Terms in the relative Weightings or numbers of Equities specified in the applicable Issue Terms.

“Change in Law” means that, on or after the Trade Date (as specified in the applicable Issue Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (X) it has become illegal to hold, acquire or dispose of any relevant Equity or (Y) the Issuer will incur a materially increased cost in
performing its obligations in relation to the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer and/or any Hedging Entity).

“Closing Price” means the official closing price of an Equity on the relevant Exchange.

“De-listing” means, in respect of any relevant Equities, the Exchange announces that pursuant to the rules of such Exchange, such Equities cease (or will cease) to be listed, traded or publicly quoted on such Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on (i) where the Exchange is located in the United States, any of the New York Stock Exchange, the American Stock Exchange or the NASDAQ Global Market or Global Select Market (or their respective successors) or (ii) an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in any member state of the European Union).

If the relevant Equities are immediately re-listed, re-traded or re-quoted on any exchange or quotation system, such exchange or quotation system shall be deemed to be the Exchange in respect of such Equities.

“Deposit Agreement” means, in relation to the Equities, the agreements or other instruments constituting the Equities, as from time to time amended or supplemented in accordance with their terms.

“Depositary” means, where the relevant Issue Terms specifies that (a) the “Partial Lookthrough Depositary Receipt Provisions” shall apply to the Equity, the Equity Issuer or any successor issuer of the Equities from time to time or (b) the “Full Lookthrough Depositary Receipt Provisions” shall apply to an Equity or the Equity Issuer.

“Disrupted Day” means any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

“DR Amendment” means, in respect of the definitions of Merger Event, Tender Offer, Nationalisation, Insolvency, De-listing, Insolvency Filing, Change in Law, any other Additional Disruption Event specified as applicable in the relevant Issue Terms and Market Disruption Event, that the following changes shall be made to such definition or provision where provided for in Condition 8: (a) all references to “Equities” shall be deleted and replaced with the words “Equities and/or the Underlying Equities”; and (b) all references to “Equity Issuer” shall be deleted and replaced with the words “Equity Issuer or Underlying Equity Issuer, as appropriate”.

“DR Substitution Criteria” means:

(a) (i) where the Notes relate to a Basket of Equities, the Replacement DR shall not be an Equity already comprised in the Basket of Equities or assets;

(ii) the relevant issuer of the Replacement DR belongs to the same broad economic sector as the issuer of the affected Equity;

(iii) the Replacement DR shall be of an issuer that is of a similar international standing, market capitalisation, exposure and creditworthiness as the issuer of the affected Equity, on the date immediately prior to the relevant Equity becoming an affected Equity, ignoring for this purpose the occurrence of the relevant Nationalisation, Insolvency or De-listing; and
(iv) the Replacement DR shall be of the same geographical zone as the issuer of the affected Equity,

all as determined by the Calculation Agent in its sole and absolute discretion; or

(b) in the case of Exempt Notes, such other criteria as specified in the applicable Pricing Supplement.

“Equity” means the share(s) or other securities specified in the applicable Issue Terms subject to adjustment in accordance with these Conditions.

“Equity Issuer” means, in respect of an Equity, the issuer of such Equity.

“Equity Substitution Criteria” means:

(a) (i) where the Notes relate to a Basket of Equities, the Substitute Equity shall be an equity which is not already comprised in the Basket of Equities or assets;

(ii) the relevant issuer of the Substitute Equity belongs to the same broad economic sector as the Issuer of the Affected Equity;

(iii) the Substitute Equity shall be of an issuer that is of a similar international standing, market capitalisation, exposure and creditworthiness as the Issuer of the Affected Equity, on the date immediately prior to the relevant Equity becoming an Affected Equity, ignoring for this purpose the occurrence of the relevant Potential Adjustment Event, Merger Event, Tender Offer, Nationalisation, Insolvency, De-listing or Additional Disruption Event; and

(iv) the Substitute Equity shall be of the same geographical zone as the Issuer of the Affected Equity,

all as determined by the Calculation Agent in its sole and absolute discretion; or

(b) in the case of Exempt Notes, such other criteria as specified in the applicable Pricing Supplement.

“Exchange” means, in respect of an Equity, each exchange or quotation system specified as such for such Equity in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Equity has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such Equity on such temporary substitute exchange or quotation system as on the original Exchange).

“Exchange Business Day” means any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

“Final Redemption Amount” means:

(i) in the case of a Non-Exempt Note which is an Equity Linked Redemption Note, an amount calculated in accordance with the provisions of Condition 30;
(ii) in the case of an Exempt Note which is an Equity Linked Redemption Note, an amount calculated by the Calculation Agent equal to:

(a) if Call Option is specified as applicable in the applicable Pricing Supplement (“Call Equity Linked Redemption Note”):

\[
\text{Reference Price} \times \frac{\text{Initial Price}}{\text{Specified Denomination}}
\]

(b) if Put Option is specified as applicable in the applicable Pricing Supplement (“Put Equity Linked Redemption Note”):

\[
\text{Reference Price} \times \frac{\text{Initial Price}}{\text{Specified Denomination}}
\]

(c) such other amount specified in, or determined in the manner specified in, the applicable Pricing Supplement,

provided always that the Final Redemption Amount shall in no event be less than zero. The Final Redemption Amount will be rounded as provided in Condition 4.07.

“Hedging Disruption” means that the Hedging Entity is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“Hedging Entity” means (a) the Issuer or (b) any Affiliate or any entity (or entities) acting on behalf of the Issuer as specified in the applicable Issue Terms that is engaged in any underlying or hedging transactions related to the Equity in respect of the Issuer’s obligations under the Notes.

“Increased Cost of Hedging” means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or the Hedging Entity shall not be deemed an Increased Cost of Hedging.

“Initial Price” means the price specified as such in the applicable Issue Terms.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of, or any analogous proceeding affecting, an Equity Issuer (a) all the Equities of that Equity Issuer are required to be transferred to a trustee, liquidator or
other similar official or (b) holders of the Equities of that Equity Issuer become legally prohibited from transferring them.

"Insolvency Filing" means that the Equity Issuer institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Equity Issuer shall not be deemed an Insolvency Filing.

"Intraday Price" means the price of an Equity at any time during the regular trading session hours of the relevant Exchange, without regard to after hours trading or any other trading outside of the regular trading session hours.

"Least Performer" means, with respect to an Exchange Business Day during the Observation Period, the Equity in respect of which the following formula yields, in the determination of the Calculation Agent, the smallest positive number or the largest negative number, on such Exchange Business Day:

\[
\frac{(\text{Reference Price of the Equity on the Exchange Business Day} - \text{Initial Price with respect to such Equity})}{\text{Initial Price with respect to such Equity}},
\]

provided that if the above formula yields the same number with respect to two or more Equities the Calculation Agent shall determine the Least Performer.

"Market Disruption Event" means, in respect of an Equity:

(i) the occurrence or existence at any time during the one hour period that ends at the relevant Valuation Time of:

(A) any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:

(x) relating to the Equity on the Exchange; or

(y) in futures or options contracts relating to the Equity on any relevant Related Exchange; or

(B) any event (other than as described in (ii) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (x) to effect transactions, in or obtain market values for, the Equities on the Exchange or (y) to effect transactions in, or obtain market values for, futures or options contracts on or relating to the Equity on any relevant Related Exchange, which in either case the Calculation Agent determines is material; or

(ii) the closure on any Exchange Business Day of the relevant Exchange or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier
closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to (A) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange(s) on such Exchange Business Day or if earlier (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day; or

(iii) in the case of an Exempt Note, any other event specified in the applicable Pricing Supplement.

"Merger Date" means, the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event” means, in respect of any relevant Equities, any (i) reclassification or change of such Equities that results in a transfer of or an irrevocable commitment to transfer all of such Equities outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of an Equity Issuer, with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such Equity Issuer is the continuing entity and which does not result in a reclassification or change of all of such Equities outstanding), (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Equities of the Equity Issuer that results in a transfer of or an irrevocable commitment to transfer all such Equities (other than such Equities owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the Equity Issuer or its subsidiaries with or into another entity in which the Equity Issuer is the continuing entity and which does not result in a reclassification or change of all such Equities outstanding but results in the outstanding Equities of the Equity Issuer that results in a transfer of or an irrevocable commitment to transfer all such Equities (other than Equities owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Equities immediately following such event (a "Reverse Merger"), in each case if the Merger Date is (a) in the case of Cash Settled Notes, on or before the last occurring Valuation Date or Observation Date, as the case may be, or where Averaging is specified in the applicable Issue Terms, the final Averaging Date in respect of the relevant Notes or, (b) if the Notes are to be redeemed by Physical Delivery, the Maturity Date.

"Nationalisation” means that all the Equities or all or substantially all the assets of an Equity Issuer are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

"Observation Date(s)” means each date specified as such in the applicable Issue Terms provided that, if such date is not a Scheduled Trading Day, the Observation Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

(i) where the Notes relate to a single Equity, the Observation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day. In that case, (i) the eighth Scheduled Trading Day for such Equity shall be deemed to be the Observation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation
Agent, shall, where practicable in the case of Exempt Notes, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or not so practicable or in the case of Non-Exempt Notes, determine the Reference Price in accordance with its good faith estimate of the value of the Equity as of the Valuation Time on that eighth Scheduled Trading Day; or

(ii) where the Notes relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Observation Date for each Equity not affected by the occurrence of a Disrupted Day shall be the Scheduled Observation Date, and the Observation Date for each Equity affected by the occurrence of a Disrupted Day (each an “Affected Equity”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Equity unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day relating to the Affected Equity. In that case, (i) the eighth Scheduled Trading Day for such Equity shall be deemed to be the Observation Date for the Affected Equity, notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent shall where practicable in the case of Exempt Notes, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt Notes, determine the Reference Price in accordance with its good faith estimate of the value of the Affected Equity as of the Valuation Time on that eighth Scheduled Trading Day; or

(iii) where the Notes relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Observation Date for each Equity shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day for any Equity, unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day relating to any Equity. In that case, (A) the eighth Scheduled Trading Day shall be deemed to be the Observation Date for each Equity (notwithstanding the fact that such day is a Disrupted Day in respect of one or more Equities (each an “Affected Equity”)); and (B) the Calculation Agent shall determine the Reference Price using (x) in relation to each Equity other than an Affected Equity its price as provided in paragraph (ii) of the definition of Reference Price; and (y) in relation to each Affected Equity, its price as determined, in the case of Exempt Notes, in the manner set out in the applicable Pricing Supplement, or if not set out or if not practicable or in the case of Non-Exempt Notes, as its good faith estimate of the value of the Affected Equity as of the Valuation Time on that eighth Scheduled Trading Day.

“Observation Period” means the period specified as such in the applicable Issue Terms.

“Potential Adjustment Event” means any of the following:

(i) a subdivision, consolidation or reclassification of relevant Equities (unless resulting in a Merger Event or Tender Offer), or a free distribution or dividend of any such Equities to existing holders by way of bonus, capitalisation or similar issue;
(ii) a distribution, issue or dividend to existing holders of the relevant Equities of (i) such Equities or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of an Equity Issuer equally or proportionately with such payments to holders of such Equities, or (iii) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Equity Issuer as a result of a spin-off or other similar transaction or (iv) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;

(iii) an extraordinary dividend as determined by the Calculation Agent;

(iv) a call by an Equity Issuer in respect of relevant Equities that are not fully paid;

(v) a repurchase by an Equity Issuer or any of its subsidiaries of relevant Equities whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or

(vi) in respect of an Equity Issuer, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Equity Issuer, pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; and

(vii) any other event having, in the opinion of the Calculation Agent, a diluting, concentrative or other effect on the theoretical value of the relevant Equities.

"Principal Protected" means an amount equal to 100 per cent. of the Calculation Amount. For the avoidance of doubt, the Principal Protection does not apply if the Notes are redeemed early or sold by an Investor prior to the Maturity Date.

"Protection Amount" means, in respect of a Series to which a Protection Amount is specified as applicable in the applicable Issue Terms, means that the Final Redemption Amount will, subject to the applicable Issue Terms, in no circumstances be repayable, at the stated Maturity Date, at less than the specified percentage of the Calculation Amount of such Note. For the avoidance of doubt, the Protection Amount will not apply in the event that Notes are redeemed prior to their stated Maturity Date or upon, among others, the occurrence of an Early Redemption for Taxation Reasons, any event specified in Condition 8.02 or an Event of Default.

"Reference Price" means, in the case of an Exempt Note unless otherwise specified in the applicable Pricing Supplement, in respect of a Valuation Date, Observation Date or Averaging Date:

(i) where the Notes relate to a single Equity, an amount equal to the Specified Price on the relevant date (or the price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) of the Equity quoted on the relevant Exchange as determined by or on behalf of the Calculation Agent (or if, in the opinion of the Calculation Agent, no such Specified Price (or, as the case may be, price

-173-
at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) can be determined, unless the relevant date is a Disrupted Day, the Calculation Agent’s good faith estimate of the price of the Equity at the Valuation Time on the relevant date) or as otherwise determined by the Calculation Agent subject to the provisions of this Condition 8. The amount determined pursuant to the foregoing shall be converted, if Exchange Rate is specified as applicable in the applicable Issue Terms, into the Specified Currency at the Exchange Rate and such converted amount shall be the Reference Price; and

(ii) where the Notes relate to a Basket of Equities, an amount equal to the sum of the values calculated for each Equity as the Specified Price (or the price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) of the Equity quoted on the relevant Exchange as determined by or on behalf of the Calculation Agent (or if, in the opinion of the Calculation Agent, no such Specified Price (or price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) can be determined, unless the relevant date is a Disrupted Day, the Calculation Agent’s good faith estimate of the price of the Equity as of the Valuation Time on the relevant date), or as otherwise determined by the Calculation Agent subject to the provisions of this Condition 8, multiplied by the relevant Weighting. Each amount determined pursuant to the foregoing shall be converted, if the Exchange Rate is specified as applicable in the applicable Issue Terms, into the Specified Currency at the Exchange Rate and the sum of such converted amounts shall be the Reference Price.

“Related Exchange” means, in relation to an Equity, each exchange or quotation system specified as such in relation to such Equity in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Equity has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Equity on such temporary substitute exchange or quotation system as on the original Related Exchange), provided that where ‘All Exchanges’ is specified as the Related Exchange in the applicable Issue Terms, ‘Related Exchange’ shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Equity.

“Replacement DRs” means depositary receipts other than the Equities over the same Underlying Equities.

“Scheduled Averaging Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Averaging Date.

“Scheduled Closing Time” means, in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“Scheduled Observation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Observation Date.

“Scheduled Trading Day” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.
“Scheduled Valuation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Valuation Date.

“Specified Price” means the Closing Price or the Intraday Price, as specified in the applicable Issue Terms.

“Tender Offer” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than ten (10) per cent. and less than 100 per cent. of the outstanding voting shares of the Equity Issuer, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

“Trade Date” means the date specified as such in the applicable Issue Terms.

“Underlying Equity” means the share(s) or other securities which are the subject of the Deposit Agreement.

“Underlying Equity Issuer” means the issuer of the Underlying Equities.

“Valuation Date” means each date specified as such in the applicable Issue Terms or, if such date is not a Scheduled Trading Day, the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

(i) where the Notes relate to a single Equity, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, (A) the eighth Scheduled Trading Day for the Equity shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and (B) the Calculation Agent shall, where practicable in the case of Exempt Notes, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or not so practicable or in the case of Non-Exempt Notes, determine the Reference Price in accordance with its good faith estimate of the value of the Equity as of the Valuation Time on that eighth Scheduled Trading Day; or

(ii) where the Notes relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Valuation Date for each Equity not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Equity affected by the occurrence of a Disrupted Day (each an “Affected Equity”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Equity unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Equity. In that case, (A) the eighth Scheduled Trading Day for the Affected Equity shall be deemed to be the Valuation Date for the Affected Equity, notwithstanding the fact that such day is a Disrupted Day and (B) the Calculation Agent shall where practicable in the case of Exempt Notes, determine the Reference Price in relation to the Affected Equity, a price determined in the manner set out in the applicable Pricing Supplement or, if not set out or if not
so practicable or in the case of Non-Exempt Notes, determine the Reference Price in accordance with its good faith estimate of the value of the Affected Equity as of the Valuation Time on that eighth Scheduled Trading Day; or

(iii) where the Notes relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Valuation Date for each Equity shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day for any Equity, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to any Equity. In that case, (A) the eighth Scheduled Trading Day shall be deemed to be the Valuation Date for each Equity (notwithstanding the fact that such day is a Disrupted Day in respect of one or more Equities (each an “Affected Equity”)); and (B) the Calculation Agent shall determine the Reference Price using (x) in relation to each Equity other than an Affected Equity, its price as provided in paragraph (ii) of the definition of Reference Price; and (y) in relation to each Affected Equity, its price as determined, in the case of Exempt Notes, in the manner set out in the applicable Pricing Supplement, or if not set out or if not practicable or in the case of Non-Exempt Notes, as its good faith estimate of the value of the Affected Equity as of the Valuation Time on that eighth Scheduled Trading Day.

“Valuation Time” means:

(i) the Valuation Time specified in the applicable Issue Terms or, if no Valuation Time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date, Observation Date or Averaging Date, as the case may be, in relation to each Equity to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time; or

(ii) where the Specified Price is the Intraday Price, each relevant time at which the Reference Price is determined.

“Weighting” means the weight to be applied to each of the Equities comprising the Basket of Equities, as specified in the applicable Issue Terms.

9. Physical Delivery

If Physical Delivery is specified as applicable in the applicable Issue Terms, the provisions of this Condition 9 shall apply, as modified by, in the case of a Non-Exempt Note, Condition 30 and Condition 31 as completed by the applicable Final Terms or, in the case of an Exempt Note, the applicable Pricing Supplement. Conditions 9.01 and 9.02 shall not apply to Swiss Notes in the form of Intermediated Securities.

9.01 In order to obtain delivery of the Entitlement in respect of such Note:

(A) if such Note is represented by a Global Note, the relevant Holder must deliver or have delivered to Euroclear or Clearstream, Luxembourg (as applicable), with a copy to the Issuer, Issuing and Paying Agent and Delivery Agent, not later than the close of business in each place of receipt on the Cut-Off Date, a duly completed Asset Transfer Notice (as defined below); and
(B) if such Note is a Definitive Note, the relevant Holder must deliver to any Paying Agent, with a copy to the Issuing and Paying Agent, the Issuer and Delivery Agent, not later than the close of business in each place of receipt on the Cut-Off Date, a duly completed Asset Transfer Notice.

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Note is represented by a Global Note, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be, or (ii) if such Note is a Definitive Note, in writing or by tested telex.

If such Note is a Definitive Note, it must be delivered together with the duly completed Asset Transfer Notice.

9.02 An Asset Transfer Notice must:

(A) specify the name and address of the relevant Holder and the person from whom the Issuer may obtain details for the delivery of the Entitlement;

(B) in the case of Notes represented by a Global Note, specify the principal amount of Notes which are the subject of such notice and the number of the Holder’s account at Euroclear or Clearstream, Luxembourg, as the case may be, to be debited with such Notes and irrevocably instruct and authorise Euroclear or Clearstream, Luxembourg, as the case may be, to debit the relevant Holder’s account with such Notes on or before the Delivery Date (as defined below);

(C) include an undertaking to pay all Expenses (as defined below) and, in the case of Notes represented by a Global Note, an authority to debit a specified account of the Holder at Euroclear or Clearstream, Luxembourg, as the case may be, in respect thereof and to pay such Expenses;

(D) specify an account to which dividends (if any) or any other cash amounts payable by the Issuer are to be paid, including without limitation, any cash amount constituting the Entitlement or any dividends relating to the Entitlement;

(E) certify that the beneficial owner of each Security is not a “U.S. Person” defined as any person who is (i) an individual who is a citizen or resident of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the CFTC’s regulations by virtue of its participants being non-U.S. Persons; or (vii) any other “U.S. Person” as such term
may be defined in Rule 902(k) of Regulation S under the Securities Act of 1933, as amended or in regulations adopted under the Commodity Exchange Act, as amended (a "U.S. Person"), the Security is not being redeemed within the United States or on behalf of a U.S. Person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. Person in connection with any redemption thereof; and

(F) authorise the production of such notice in any applicable administrative or legal proceedings.

No Asset Transfer Notice may be withdrawn after receipt thereof by Euroclear or Clearstream, Luxembourg or a Paying Agent, as the case may be, as provided above. After delivery of Asset Transfer Notice, the relevant Holder may not transfer the Notes which are the subject of such notice.

In the case of Notes represented by a Global Note, upon receipt of such notice, Euroclear or Clearstream, Luxembourg, as the case may be, shall verify that the person specified therein as the Holder is the holder of the specified principal amount of Notes according to its books.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such Asset Transfer Notice has been properly completed and delivered as provided in these Conditions shall be made, in the case of Notes represented by a Global Note, by Euroclear or Clearstream, Luxembourg, as the case may be, after consultation with the Issuer and Issuing and Paying Agent and shall be conclusive and binding on the Issuer and the relevant Holder and, in the case of Definitive Notes, by the relevant Paying Agent, after consultation with the Issuer and Issuing and Paying Agent, and shall be conclusive and binding on the Issuer and the relevant Holder.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of Euroclear or Clearstream, Luxembourg, as the case may be, or the relevant Paying Agent, in each case in consultation with the Issuing and Paying Agent and the Issuer, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

Euroclear, Clearstream, Luxembourg or the relevant Paying Agent, as applicable, shall use its best efforts promptly to notify the Holder submitting an Asset Transfer Notice if, in consultation with the Issuing and Paying Agent and the Issuer, it has determined that such Asset Transfer Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Paying Agents, Euroclear, Clearstream, Luxembourg or the Issuing and Paying Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

Delivery of the Entitlement in respect of each Note shall be made at the risk of the relevant Holder in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine to be appropriate and notified to the person designated by the Holder in the relevant Asset Transfer Notice or, in the case of an Exempt Note, in such manner as is specified in the applicable Pricing Supplement on the Maturity Date (such date, subject to adjustment in accordance with this Condition, the "Delivery Date"), provided that the Asset Transfer Notice is duly delivered to Euroclear, Clearstream, Luxembourg or a Paying Agent, as the case may be,
with a copy to the Issuer and Issuing and Paying Agent, as provided above, not later than the close of business in each place of receipt on the Cut-Off Date specified in the applicable Issue Terms.

If a Holder fails to give an Asset Transfer Notice as provided herein with a copy to the Issuer and Issuing and Paying Agent, not later than the close of business in each place of receipt on the Cut-Off Date, then the Entitlement will be delivered as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Delivery Date) at the risk of such Holder in the manner provided above; provided that, if in respect of a Note, an Asset Transfer Notice is not delivered to Euroclear, Clearstream, Luxembourg or a Paying Agent, as the case may be, with a copy to the Issuing and Paying Agent and the Issuer by the close of business in each place of receipt on the 180th calendar day following the Cut-Off Date, the Issuer’s obligations in respect of such Note shall be discharged and no further liability in respect thereof shall attach to the Issuer. For the avoidance of doubt, in such circumstances such Holder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the originally designated Delivery Date and no liability in respect thereof shall attach to the Issuer.

Delivery of the Entitlement – Intermediated Securities

9.02a Delivery of the Entitlement in respect of Swiss Notes in the form of Intermediated Securities will be made to the Holders on the due date for such delivery, subject to Condition 2.04 and in accordance with the rules and procedures applied by SIX SIS from time to time.

Delivery of the Entitlement – Swiss Definitive Notes

9.02b Delivery of the Entitlement in respect of Swiss Notes in definitive registered form will be made in accordance with the provisions of 9.01 and 9.02 relating to Definitive Notes which shall be read as if all references therein to “Paying Agent” or “Issuing and Paying Agent” are to the “Swiss Programme and Paying Agent”.

Delivery of Entitlement – General Provisions

9.03 All Expenses arising from the delivery of the Entitlement in respect of such Notes shall be for the account of the relevant Holder and no delivery of the Entitlement shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Holder.

After delivery of the Entitlement and for such period of time after the Delivery Date as any person other than the relevant Holder shall continue to be the legal owner of the securities or obligations comprising the Entitlement (the “Intervening Period”), none of the Issuer, the Calculation Agent, Issuing and Paying Agent nor any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Holder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to the relevant Holder in respect of any loss or damage which such Holder may sustain or suffer as a result, whether directly or indirectly, of that person being during such Intervening Period the legal owner of such securities or obligations.

Where the Entitlement is, in the determination of the Issuer, an amount other than an amount of Relevant Assets capable of being delivered, the Holders will receive an Entitlement comprising of
the nearest number (rounded down) of Relevant Assets capable of being delivered by the Issuer (taking into account that a Holder’s entire holding may be aggregated at the Issuer’s discretion for the purpose of delivering the Entitlements), and in respect of the amount of Relevant Assets not capable of being delivered the Holder will receive an amount in the Specified Currency (“Cash Adjustment”) which shall be the value of the amount of the Relevant Assets so rounded down, as calculated by the Calculation Agent in its sole discretion from such source(s) as it may select (converted if necessary into the Specified Currency by reference to such exchange rate as the Calculation Agent deems appropriate) or, in the case of an Exempt Note, otherwise in the manner specified in the applicable Pricing Supplement. Payment will be made to the account specified by the Holder in the Asset Transfer Notice referred to in Condition 9.02 or otherwise in such manner as shall be notified to the Holders in accordance with Condition 23.

For the purposes of the Notes, where the Entitlement comprises an Equity or a Fund Share of an ETF (i) the Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in the register of members or shareholders register of any Equity Issuer or ETF, and (ii) any interest, dividend or other distribution in respect of any Entitlement will be payable to the party that would receive such interest, dividend or other distribution according to market practice for a sale of the relevant Equity or Fund Share executed on the Delivery Date and to be delivered in the same manner as the Entitlement. Any such interest, dividend or other distribution to be paid to a Holder shall be paid to the account specified in the relevant Asset Transfer Notice.

9.04 Settlement Disruption Event

If, prior to the delivery of the Entitlement in accordance with this Condition, a Settlement Disruption Event is subsisting, then the Delivery Date in respect of such Note shall be postponed until the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event and notice thereof shall be given to the relevant Holder, in accordance with Condition 23. Such Holder shall not be entitled to any payment, whether of interest or otherwise, on such Note as a result of any delay in the delivery of the Entitlement pursuant to this Condition. Where delivery of the Entitlement has been postponed as provided in this Condition the Issuer shall not be in breach of these Conditions and no liability in respect thereof shall attach to the Issuer.

For so long as delivery of the Entitlement in respect of any Note is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by payment to the relevant Holder of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election substantially in the form set out in the Issue and Paying Agency Agreement (the “Election Notice”) is given to the Holders in accordance with Condition 23. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Holders in accordance with Condition 23.

9.05 If “Failure to Deliver due to Illiquidity” is specified as applicable in the Issue Terms and if, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets comprising the Entitlement (the “Affected Relevant Assets”) due to illiquidity in the market for the Relevant Assets (a “Failure to Deliver”), then:
subject as provided elsewhere in these Conditions and/or the applicable Issue Terms, any Relevant Assets which are not Affected Relevant Assets, will be delivered pro rata on the originally designated Delivery Date in accordance with this Condition 9; and

in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion, in lieu of delivery of the Affected Relevant Assets, to pay to the Holder the Failure to Deliver Settlement Price (as defined below) on the fifth Business Day following the date on which the Failure to Deliver Notice (as defined below) is given to the Holders in accordance with Condition 23. Payment of the Failure to Deliver Settlement Price will be made in such manner as shall be notified to the Holders in accordance with Condition 23. The Issuer shall give notice (such notice a “Failure to Deliver Notice”) as soon as reasonably practicable to the Holders in accordance with Condition 23 that the provisions of this Condition 9.05 apply.

Option to Vary Settlement

9.06 If the applicable Pricing Supplement indicate that the Issuer has the option to vary settlement in respect of the Notes, the Issuer may in its sole and unfettered discretion in respect of each such Note, elect not to pay the relevant Holders the Final Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Holders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Final Redemption Amount on the Maturity Date to the relevant Holders, as the case may be. Notification of such election will be given to Holders in accordance with Condition 23.

Definitions

9.07 For the purposes of this Condition 9:

"Asset Transfer Notice" means a duly completed asset transfer notice substantially in the form set out in the Agency Agreement.

"Cut-Off Date" has the meaning given to it in the applicable Issue Terms.

"Delivery Agent" has the meaning given to it in the applicable Issue Terms.

"Disruption Cash Settlement Price" means, in respect of each principal amount of Notes equal to the Calculation Amount, an amount equal to the fair market value of the relevant Note (but not taking into account any interest accrued on such Note and paid pursuant to Conditions 5 and 19) on such day as shall be selected by the Issuer in its sole and absolute discretion provided that such day is not more than 15 days before the date on which the Election Notice is given as provided above adjusted to take account fully for any losses, expenses and costs to the Hedging Entity of unwinding or adjusting any related hedging arrangements in respect of the Note, all as calculated by the Calculation Agent in its sole and absolute discretion.

"Entitlement" means the quantity of the Relevant Asset or the Relevant Assets, as the case may be, which the Holder is entitled to receive on the Maturity Date following payment of the Expenses, as determined by the Calculation Agent as set out in Condition 30, in the case of a Non-Exempt Note, or the applicable Pricing Supplement, in the case of an Exempt Note, including any documents evidencing such Entitlement.
“Expenses” means all costs, taxes, duties and/or expenses, including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes arising from the delivery of the Entitlement.

“Failure to Deliver Settlement Price” means, in respect of each principal amount of the Notes equal to the Calculation Agent, the fair market value of the Affected Relevant Assets on the fifth Business Day prior to the date on which the Failure to Deliver Notice is given as provided above, less the proportionate cost to the Hedging Entity of unwinding or adjusting any related hedging arrangements in respect of the Notes, all as calculated by the Calculation Agent in its sole and absolute discretion.

“Relevant Assets” means the assets specified as such in the applicable Issue Terms.

“Settlement Business Day” has the meaning ascribed to it in the applicable Issue Terms.

“Settlement Disruption Event” means an event beyond the control of the Issuer (including but not limited to non-delivery of the Entitlement by a counterparty to an agreement entered into by the Hedging Entity to hedge the Notes) as a result of which, in the opinion of the Calculation Agent, delivery of the Entitlement by or on behalf of the Issuer in accordance with these Conditions and/or the applicable Issue Terms is not practicable.

10. Fund Linked Notes

10.01 If the Notes are specified as Fund Linked Notes in the applicable Issue Terms, the provisions of Condition 11 shall apply if the Funds are not ETFs (as defined in Condition 12.09) and the provisions of Condition 12 shall apply if the Funds are ETFs.

11. Provisions relating to Funds other than Exchange Traded Funds

Redemption of Fund Linked Redemption Notes

11.01 Unless previously redeemed or purchased and cancelled, each principal amount of the Fund Linked Redemption Notes equal to the Calculation Amount set out in the applicable Issue Terms will be redeemed by the Issuer on the Maturity Date (A) in the case of an Exempt Note, if Cash Settlement is specified in the applicable Pricing Supplement, at the Final Redemption Amount specified in or determined in the manner specified in, the applicable Pricing Supplement or (B) if Physical Delivery is specified in the applicable Issue Terms, by delivery of the Entitlement, in the case of a Non-Exempt Note, determined in the manner specified in Condition 30 or, in the case of an Exempt Note, specified in, or determined in the manner specified in, the applicable Pricing Supplement (subject as provided below).

Consequences of Fund Events

11.02 “Fund Event” means the occurrence of each of a Additional Fund Disruption Event, a Fund Disruption Event and/or a Fund Extraordinary Event as determined by the Calculation Agent.

(i) “Additional Fund Disruption Event” means each of Change in Law, Fund Hedging Disruption or Increased Cost of Hedging.

“Change in Law” means that, on or after the Trade Date (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any
applicable law or regulation (including any action taken by a taxing authority), the Hedging Entity determines in good faith that (x) it has become illegal to hold, acquire or dispose of any Fund Interests, or (y) the Issuer will incur a materially increased cost in performing its obligations under the Fund Linked Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).

“Fund Hedging Disruption” means that the Hedging Entity is unable, or it is impractical for the Hedging Entity, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction or asset it deems necessary or appropriate to hedge the price risk relating to any Fund Interest of the Issuer issuing and performing its obligations with respect to the Fund Linked Notes, or (ii) realise, recover or remit the proceeds of any such transaction or asset, including, without limitation, where such inability or impracticability has arisen by reason of (x) any restrictions or increase in charges or fees imposed by a Fund on an investor's ability to redeem the related Fund Interest, in whole or in part, or any existing or new investor's ability to make new or additional investments in such Fund Interest, or (y) any mandatory redemption, in whole or in part, of a Fund Interest imposed by the related Fund (in each case other than any restriction in existence on the Trade Date or, in respect of a Replacement Fund Interest, the relevant replacement date).

“Increased Cost of Hedging” means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk relating to any Fund Interest of the Issuer issuing and performing its obligations with respect to the Fund Linked Notes, or (ii) realise, recover or remit the proceeds of any transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or the Hedging Entity shall not be deemed an Increased Cost of Hedging.

(ii) “Fund Disruption Event” means at any time the occurrence or continuance of any of the following events, as determined by the Calculation Agent in its sole and absolute discretion, if the Calculation Agent determines that such event is material:

(a) Fund Valuation Disruption: “Fund Valuation Disruption” means (x) the failure of a Scheduled Fund Redemption Valuation Date in respect of a Fund Interest to be a Fund Redemption Valuation Date in respect of such Fund Interest or any continued postponement of such Fund Redemption Valuation Date, or (y) the failure of a Scheduled Fund Valuation Date in respect of a Fund Interest to be a Fund Valuation Date in respect of such Fund Interest or any continued postponement of such Fund Valuation Date;
(b) Fund Settlement Disruption: “Fund Settlement Disruption” means a failure by a Fund on any day to pay the full amount (whether expressed as a percentage or otherwise) of any fund redemption proceeds with respect to any Fund Interest scheduled to have been paid on or by such day according to the relevant Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Fund to delay or refuse redemption of Fund Interests).

(c) “Fund Extraordinary Event” means each of the following events:

(A) Nationalisation: “Nationalisation” means that all the Fund Interests or all or substantially all the assets of a Fund are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof;

(B) Insolvency: “Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting a Fund, (x) all the Fund Interests of that Fund are required to be transferred to a trustee, liquidator or other similar official or (y) holders of the Fund Interests of that Fund become legally prohibited from transferring or redeeming them;

(C) Fund Insolvency Event: “Fund Insolvency Event” means a Fund or relevant Fund Service Provider (A) is dissolved or has a resolution passed for its dissolution, winding-up or official liquidation (other than pursuant to a consolidation, amalgamation or merger); (B) makes a general assignment or arrangement with or for the benefit of its creditors; (C) (x) institutes or has instituted against it, by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official, or (y) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation by a person or entity not described in clause (x) above and either (1) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (2) is not dismissed, discharged, stayed or restrained in each case within fifteen days of the institution or presentation thereof; (D) seeks or becomes subject
to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets; (E) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all of its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within fifteen days thereafter; or (F) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in paragraphs (E) and (F) above;

(D) NAV Trigger Event: “NAV Trigger Event” means that (x) the aggregate net asset value of a Fund has decreased by an amount equal to or greater than the NAV Trigger since the Trade Date or, in respect of a Replacement Fund Interest, the relevant replacement date; or (y) a Fund has violated any leverage restriction that is applicable to, or affecting, it or its assets by operation of any law, any order or judgment of any court or other agency of government applicable to it or any of its assets, the relevant Fund Documents or any contractual restriction binding on or affecting the Fund or any of its assets;

(E) Adviser Resignation Event: “Adviser Resignation Event” means the resignation, termination of appointment, or replacement of a Fund’s Fund Adviser;

(F) Fund Modification: “Fund Modification” means any change or modification of the relevant Fund Documents that could reasonably be expected to affect the value of a Fund Interest or the rights or remedies of any holders thereof (in each case, as determined by the Calculation Agent) from those prevailing on the Trade Date or, in respect of a Replacement Fund Interest, the relevant replacement date; or the imposition of any fees or charges in relation to redemptions, subscriptions or transfers of Fund Interests;

(G) Strategy Breach: “Strategy Breach” means any breach or violation of any strategy or investment guidelines stated in the relevant Fund Documents that is reasonably likely to affect the value of a Fund Interest or the rights or remedies of any holders thereof (in each case, as determined by the Calculation Agent); or any change of the nature of a Fund, including but not limited to the type of investments, the duration, the credit risk and diversification of the investments to which that Fund is exposed, which, in the opinion of the Calculation Agent, results in a material deterioration of the risk profile of that Fund;
(H) Regulatory Action: “Regulatory Action” means (x) the cancellation, suspension or revocation of the registration or approval of a Fund Interest or the related Fund by any governmental, legal or regulatory entity with authority over such Fund Interest or Fund, (y) any change in the legal, tax, accounting, or regulatory treatments of a Fund or its Fund Adviser that is reasonably likely to have an adverse impact on the value of the related Fund Interest or on any investor therein (as determined by the Calculation Agent), or (z) a Fund or any of its Fund Administrator or Fund Adviser becoming subject to investigation, proceeding or litigation by any relevant governmental, legal or regulatory authority involving the alleged violation of applicable law for any activities relating to or resulting from the operation of such Fund, Fund Administrator or Fund Adviser;

(I) Reporting Disruption: “Reporting Disruption” means (x) occurrence of any event affecting a Fund Interest that, in the determination of the Calculation Agent, would make it impossible or impracticable for the Calculation Agent to determine the value of such Fund Interest in respect of a Scheduled Fund Valuation Date or a Scheduled Fund Redemption Valuation Date, and such event continues for at least two consecutive Scheduled Fund Valuation Dates or Scheduled Fund Redemption Valuation Dates, as the case may be or any other Reporting Disruption Period specified in the applicable Issue Terms; (y) any failure of a Fund to deliver, or cause to be delivered, (A) information that such Fund has agreed to deliver, or cause to be delivered to the Calculation Agent, including, but not limited to, information to determine the occurrence of a Fund Event and the annual audited financial report and semi-annual financial report, if any, in relation to the related Fund Interests, or (B) information that has been previously delivered to the Calculation Agent, in accordance with such Fund's, or its authorised representative's, normal practice and that the Calculation Agent deems necessary to monitor such Fund's compliance with any investment guidelines, asset allocation methodologies or any other similar policies relating to the related Fund Interests;

(J) Fund Service Provider Cessation: “Fund Service Provider Cessation” means that one or more Fund Service Provider(s) in respect of a Fund ceases to provide the service as outlined in the relevant Fund Documents prevailing on the Trade Date or, where the related Fund Interest is a Replacement Fund Interest, the relevant replacement date, and any such Fund Service Provider is not immediately replaced by another service provider acceptable to the Calculation Agent;
(K) Fund Administrator Disruption: “Fund Administrator Disruption” means any event or circumstances compromising the independence of a Fund Administrator performing services for a Fund from the relevant Fund Adviser; or

(L) Related Agreement Termination: “Related Agreement Termination” means a Fund or any of its Fund Administrator or Fund Adviser is in breach of or has terminated any existing agreement with the Calculation Agent in respect of, but not limited to, retrocession, dealing fees, liquidity and licensing.

11.03 Following the occurrence of a Fund Event, the Issuer may take the action described in (i) or (ii) below:

(i) require the Calculation Agent to make such determinations and/or adjustments to the Conditions and/or the applicable Issue Terms as it determines in its sole and absolute discretion appropriate to account for the Fund Event, which may include, without limitation:

(a) delaying any calculation, determination or related payment date under the Notes until it determines that no Fund Event exists;

(b) calculating the value of the relevant Fund Interest(s) and/or replacing the relevant Fund Interest(s) (the “Affected Fund Interest(s)”) with one or more replacement fund interests (each a “Replacement Fund Interest”) with a value as determined by the Calculation Agent equal to the Removal Value for the Affected Fund Interest and in a fund which in the determination of the Calculation Agent has similar characteristics, investment objectives and policies to those applicable to the Fund in respect of the Affected Fund Interest immediately prior to the occurrence of the Fund Event; or

(ii) on giving notice to the Holders in accordance with Condition 23, redeem all (but not some only) of the Notes, each principal amount of Notes equal to the Calculation Amount being redeemed at its Early Redemption Amount.

If the Calculation Agent replaces an Affected Fund Interest with a Replacement Fund Interest, such replacement shall take effect on the first reasonably practicable date following the Removal Date for such Affected Fund Interest on which the Calculation Agent determines that a Hypothetical Investor could acquire the Replacement Fund Interest.

Upon the occurrence of a Fund Event, the Issuer shall give notice as soon as reasonably practicable to the Holders in accordance with Condition 23 giving details of the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of such action.
Fund Potential Adjustment Events

11.04 “Fund Potential Adjustment Event” means any of the following:

(i) a subdivision, consolidation or reclassification of relevant Fund Interests or a free
distribution or dividend of any such Fund Interests to existing holders by way of
bonus, capitalisation or similar issue;

(ii) a distribution, issue or dividend to existing holders of relevant Fund Interests of
(A) such Fund Interests or (B) other share capital or securities granting the right
to payment of dividends and/or the proceeds of liquidation of the related Fund
equally or proportionately with such payments to holders of such Fund Interests
or (C) share capital or other securities of another issuer acquired or owned
(directly or indirectly) by the related Fund as a result of a spin-off or other similar
transaction or (D) any other type of securities, rights or warrants or other assets,
in any case for payment (in cash or in other consideration) at less than the
prevailing market price as determined by the Calculation Agent;

(iii) an extraordinary dividend as determined by the Calculation Agent;

(iv) a repurchase by a Fund of relevant Fund Interests whether out of profits or
capital and whether the consideration for such repurchase is cash, securities or
otherwise other than where such repurchase is a redemption of Fund Interests
initiated by an investor in such Fund Interests and consistent with the relevant
Fund Documents; or

(v) any other event that may have, in the opinion of the Calculation Agent, a diluting,
concentrative or other effect on the theoretical value of relevant Fund Interests.

11.05 Following the declaration by a Fund of the terms of any Fund Potential Adjustment Event,
the Calculation Agent will, in its sole and absolute discretion, determine whether such Fund
Potential Adjustment Event has a diluting, concentrative or other effect on the theoretical value
of the relevant Fund Interest and, if so, will make the corresponding adjustment, if any, to any one or
more of any of the terms of the Conditions and/or the applicable Issue Terms as the Calculation
Agent in its sole and absolute discretion, determines appropriate to account for that diluting,
concentrative or other effect (provided that no adjustments will be made to account solely for
changes in volatility, expected dividends or liquidity relative to the relevant Fund Interest) and
determine the effective date of that adjustment.

Upon the making of any such adjustment by the Calculation Agent, the Issuer shall give notice as
soon as reasonably practicable to the Holders in accordance with Condition 23, stating the
adjustment to any of the terms of the Conditions, and/or the applicable Issue Terms and giving
brief details of the Fund Potential Adjustment Event, provided that any failure to give, or non
receipt of, such notice will not affect the validity of any such adjustment.

11.06 Definitions (Funds other than Exchange Traded Funds)

“Affiliate” means any entity controlled, directly or indirectly, by the Issuer, any entity that
controls, directly or indirectly, the Issuer, or any entity under common control with the
Issuer. As used herein “control” means the ownership of a majority of the voting power
of the entity and “controlled by” and “controls” shall be construed accordingly.
“Averaging Date” means, in respect of an Actual Exercise Date or Redemption Date, as the case may be, each date specified as an Averaging Date in the applicable Pricing Supplement.

“Basket of Funds” means a basket composed of the Funds specified in the applicable Issue Terms in the relative Weightings of Funds or numbers of Funds specified in the applicable Issue Terms.

“Fund” means, subject to adjustment in accordance with these Conditions, each fund specified in the applicable Issue Terms and related expressions shall be construed accordingly.

“Fund Administrator” means the fund administrator, manager, trustee or similar person with the primary administrative responsibilities for a Fund according to the relevant Fund Documents.

“Fund Adviser” means any person appointed in the role of discretionary investment manager or non-discretionary investment adviser (including a non-discretionary investment adviser to a discretionary investment manager or to another non-discretionary investment adviser).

“Fund Documents” means the constitutive and governing documents, subscription agreements and other agreements of a Fund specifying the terms and conditions relating to the related Fund Interest, as amended from time to time.

“Fund Interest” means, subject to adjustment in accordance with these Conditions, each fund interest specified in the applicable Issue Terms and related expressions shall be construed accordingly.

“Fund Redemption Valuation Date” means, in respect of a Fund Interest, the date as of which a Fund (or its Fund Service Provider that generally determines such value) would determine the net asset value of such Fund Interest for purposes of calculating the redemption proceeds to be paid to a Hypothetical Investor that has submitted a valid and timely notice for redemption of Fund Interests based on the value determined as of such date.

“Fund Service Provider” means any person who is appointed to provide services, directly or indirectly, to a Fund, whether or not specified in the relevant Fund Documents, including without limitation any Fund Administrator, Fund Adviser, operator, management company, depositary, custodian, sub-custodian, prime broker, administrator, trustee, registrar and transfer agent or domiciliary agent.

“Fund Valuation Date” means a date as of which a Fund (or its Fund Service Provider that generally determines such value) determines the value of the related Fund Interest.

“Hedging Entity” means (a) the Issuer or (b) any Affiliate or any entity (or entities) acting on behalf of the Issuer as specified in the applicable Issue Terms that is engaged in any underlying or hedging transactions related to the Fund Interest in respect of the Issuer’s obligations under the Notes.

“Hypothetical Investor” means a hypothetical or actual investor (as determined by the Calculation Agent in the context of the relevant situation) in Fund Interests which is deemed to have the benefits and obligations, as provided in the relevant Fund
Documents, of an investor holding Fund Interests at the relevant time. The Hypothetical Investor may be deemed by the Calculation Agent to be resident or organised in any jurisdiction, and to be, without limitation, the Issuer, the Calculation Agent or any of their affiliates (as determined by the Calculation Agent in the context of the relevant situation).

“Initial Price” means the price specified as such in the applicable Issue Terms.

“NAV Trigger” means the percentage specified as such in the applicable Issue Terms.

“Removal Date” means, in respect of an Affected Fund Interest, the date on which the Calculation Agent determines that a Hypothetical Investor would receive the Removal Value in respect of a redemption or realisation of such Affected Fund Interest effected as soon as reasonably practicable following the occurrence of the relevant Fund Event.

“Removal Value” means, in respect of an Affected Fund Interest, the amount that the Calculation Agent determines a Hypothetical Investor would receive on the redemption or realisation of such Affected Fund Interest at the relevant time, provided that if any such redemption proceeds would comprise non-monetary assets the Removal Value shall include the amount (if any) that the Calculation Agent determines would be received by the Hypothetical Investor in respect of a realisation (in whatsoever manner the Calculation Agent determines appropriate) of such non-monetary assets as soon as reasonably practicable after their receipt.

“Reporting Disruption Period” means the period specified as such in the applicable Issue Terms.

“Scheduled Fund Redemption Valuation Date” means the date as of which a Fund (or its Fund Service Provider that generally determine such value) is scheduled, according to the relevant Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Fund to delay or refuse redemption of Fund Interests), to determine the net asset value of the related Fund Interest for purposes of calculating the redemption proceeds to be paid to an investor that has submitted a valid and timely notice for redemption of Fund Interests based on the value determined as of such date.

“Scheduled Fund Valuation Date” means, in respect of a Fund Interest, a date as of which the related Fund (or its Fund Service Provider that generally determines such value) is scheduled, according to the relevant Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Fund to delay or refuse redemption of Fund Interests), to determine the value of the related Fund Interest or, if the Fund only reports its aggregate net asset value, the date as of which such Fund is scheduled to determine its aggregate net asset value.

“Valuation Date” means each Valuation Date specified in the applicable Pricing Supplement.

“Valuation Time” means the time specified in the applicable Pricing Supplement.

“Weighting” means the weight to be applied to each of the Funds comprising the Basket of Funds, as specified in the applicable Issue Terms.
12. Provisions relating to Exchange Traded Funds

Market Disruption

12.01 Redemption of ETF Linked Notes

Unless previously redeemed or purchased and cancelled, each principal amount of ETF Linked Redemption Notes equal to the Calculation Amount set out in the applicable Issue Terms will be redeemed by the Issuer on the Maturity Date (A) if Cash Settlement is specified in the applicable Issue Terms, by payment of the Final Redemption Amount specified in the applicable Final Terms or, in the case of an Exempt Note, determined in the manner specified in, the applicable Pricing Supplement on the Maturity Date or (B) if Physical Delivery is specified in the applicable Issue Terms, by delivery of the Entitlement, in the case of a Non-Exempt Note, determined in the manner specified in Condition 30 or, in the case of an Exempt Note, specified in, or determined in accordance with the manner specified in, the applicable Pricing Supplement (subject as provided below) on the Maturity Date or (C) in the case of an Exempt Note, if Cash Settlement and/or Physical Delivery is specified in the applicable Pricing Supplement, by payment of the Final Redemption Amount and/or by delivery of the Entitlement on the terms set out in the applicable Pricing Supplement, in each case on the Maturity Date (subject as provided below).

12.02 “Market Disruption Event” means, in respect of a Fund Share:

(a) the occurrence or existence at any time during the one hour period that ends at the relevant Valuation Time:

(i) of any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:

(A) relating to the relevant Fund Share on such Exchange; or

(B) relating to securities that comprise 20 percent. or more of the level of the relevant Underlying Index or any relevant successor index; or

(C) in futures or options contracts relating to such Fund Shares or the relevant Underlying Index on any relevant Related Exchange, or

(ii) of any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general to (A) effect transactions in, or obtain market values for, the Fund Shares on the Exchange, (B) effect transactions in, or obtain market values for securities that comprise 20 percent. or more of the level of the relevant Underlying Index, or (C) to effect transactions in, or obtain market values for, futures or options contracts relating to such Fund Shares or the relevant Underlying Index on any relevant Related Exchange,

which in either case the Calculation Agent determines is material; or
(b) the closure on any Exchange Business Day of any relevant Exchange(s) or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange on such Exchange Business Day and (ii) the submission deadline for orders to be entered into such Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

12.03 For the purpose of determining whether a Market Disruption Event exists in respect of a Fund Share at any time, if an event giving rise to a Market Disruption Event occurs in respect of a security included in the relevant Underlying Index at that time, then the relevant percentage contribution of that security to the level of the relevant Underlying Index shall be based on a comparison of (i) the portion of the level of the relevant Underlying Index attributable to that security, and (ii) the overall level of the relevant Underlying Index immediately before the occurrence of such Market Disruption Event.

The Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 23 of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been a Valuation Date provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Disrupted Day.

Potential Adjustment Event

12.04 “Potential Adjustment Event” means any of the following:

(i) a subdivision, consolidation or reclassification of relevant Fund Shares (unless resulting in a Merger Event or Tender Offer), or a free distribution or dividend of any such Fund Shares to existing holders by way of bonus, capitalisation or similar issue;

(ii) a distribution, issue or dividend to existing holders of the relevant Fund Shares of (A) such Fund Shares or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the ETF equally or proportionately with such payments to holders of such Fund Shares or (C) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the ETF as a result of a spin-off or other similar transaction, or (D) any other type of securities, rights or warrants or other assets in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;

(iii) an extraordinary dividend as determined by the Calculation Agent;

(iv) a call by the ETF in respect of relevant Fund Shares that are not fully paid;

(v) a repurchase by the ETF or any of its subsidiaries of relevant Fund Shares, whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;

(vi) in respect of an ETF, an event that results in any shareholder rights being distributed or becoming separated from Fund Shares of common stock or other shares of the capital stock of the ETF pursuant to a shareholder rights plan or
arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value, as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or (vii) any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Fund Shares.

Following a Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Fund Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the terms of the Conditions and/or the applicable Issue Terms as the Calculation Agent determines appropriate to account for that diluting or concentrative effect and (b) determine the effective date(s) of that adjustment(s). The Calculation Agent may, but need not, determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by an options exchange to options on the relevant Fund Shares traded on such options exchange.

Upon the making of any such adjustment, the Calculation Agent shall as soon as is reasonably practicable under the circumstances give notice to the Holders in accordance with Condition 23 stating the adjustment made and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such adjustment.

De-listing, Insolvency, Material Underlying Event, Merger Date, Merger Event, Nationalisation, Tender Offer

12.05 "De-listing" means, in respect of any relevant Fund Share, the Exchange announces that pursuant to the rules of such Exchange, such Fund Share ceases (or will cease) to be listed, traded or publicly quoted on such Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on (i) where the Exchange is located in the United States, any of the New York Stock Exchange, the American Stock Exchange or the NASDAQ Global Market or Global Select Market (or their respective successors) or (ii) an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in any member state of the European Union).

If the relevant Fund Shares are immediately re-listed, re-traded or re-quoted on any exchange or quotation system, such exchange or quotation system shall be deemed to be the Exchange in respect of such Fund Shares.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting an ETF, (i) all the Fund Shares of that ETF are required to be transferred to a trustee, liquidator or other similar official or (ii) holders of the Fund Shares of that ETF become legally prohibited from transferring them.

"Material Underlying Event" means any of the following:
(i) the investment objectives and/or policies in respect of the ETF are materially changed;

(ii) an illegality occurs or a relevant authorisation or licence is revoked in respect of the ETF and/or the ETF is required by a competent authority (other than any holder of the Fund Shares) to redeem any Fund Shares;

(iii) there is a change in any relevant jurisdiction in respect of any payments made by the ETF in respect of any Fund Share as a result of which the amounts paid or to be paid by the Hedging Entity in connection with hedging arrangements relating to the Notes are materially reduced or otherwise adversely affected; and/or

(iv) any other event occurs in relation to the ETF and/or the Fund Shares which is materially prejudicial to the Issuer in connection with the issue of the Notes or to the Hedging Entity in connection with any hedging arrangements relating to the Notes,
as determined by the Calculation Agent.

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means, in respect of any relevant Fund Shares, any (i) reclassification or change of such Fund Shares that results in a transfer of or an irrevocable commitment to transfer all of such Fund Shares outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of the ETF with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such ETF is the continuing entity and which does not result in any such reclassification or change of all such Fund Shares outstanding) or (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, greater than 10 per cent. and less than 100 per cent. of the outstanding shares, units or interests of the relevant ETF, as

"Nationalisation" means that all the Fund Shares or all or substantially all the assets of an ETF are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

"Tender Offer" means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding shares, units or interests of the relevant ETF, as
determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

“Tender Offer Date” means, in respect of a Tender Offer, the date on which shares, units or interests in the amount of the applicable percentage threshold are actually purchased or otherwise obtained (as determined by the Calculation Agent).

12.06 If a De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event occurs in relation to any Fund Share, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:

(i) require the Calculation Agent, in its sole and absolute discretion, to determine the appropriate adjustment(s), if any, to be made to any one or more of the terms of the Conditions and/or the applicable Issue Terms to account for the De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, as the case may be, and determine the effective date(s) of that adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of the De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event made by any options exchange to options on the relevant Fund Share traded on that options exchange; or

(ii) redeem all (but not some only) of the Notes by giving notice to Holders in accordance with Condition 23, each principal amount of such Notes equal to the Calculation Amount being redeemed at the Early Redemption Amount.

Upon the occurrence of a Merger Event, Tender Offer, De-listing, Nationalisation, Insolvency or Material Underlying Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 23 stating the occurrence of the Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be.

12.07 Correction of the Reference Price

In the event that any price or level published by an Exchange which is utilised for any calculation or determination made under the Notes is subsequently corrected, the Calculation Agent will in its sole and absolute discretion adjust the terms of the Notes to account for such correction, provided that such correction is published and made available to the public by the relevant Exchange during a period following original publication equal in duration to the period in which a trade in the Fund Share would customarily settle according to the rules of such Exchange, and further provided, that such publication of such correction is made sufficiently (in the sole and absolute discretion of the Calculation Agent) in advance of the Redemption Date, or the Specified Interest Payment Date, as the case may be, to make such adjustment prior to such relevant date.

Additional Disruption Events

12.08 (a) “Additional Disruption Event” means any of Change in Law, Hedging Disruption, Insolvency Filing and/or Increased Cost of Hedging, in each case if specified in the applicable Issue Terms.
“Change in Law” means that, on or after the Trade Date (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (A) it has become illegal to hold, acquire or dispose of any relevant Fund Share or (B) the Issuer will incur a materially increased cost in performing its obligations in relation to the Fund Linked Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer and/or the Hedging Entity).

“Hedging Disruption” means that the Hedging Entity is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Fund Linked Notes, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“Hedging Entity” means (a) the Issuer or (b) any Affiliate or any entity (or entities) acting on behalf of the Issuer as specified in the applicable Issue Terms that is engaged in any underlying or hedging transactions related to the Fund Shares in respect of the Issuer’s obligations under the Notes.

“Increased Cost of Hedging” means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Fund Linked Notes, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or the Hedging Entity shall not be deemed an Increased Cost of Hedging.

“Inolvency Filing” means that the ETF institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the ETF shall not be deemed an Insolvency Filing.

(b) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:

(i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the Conditions and/or the
applicable Issue Terms to account for the Additional Disruption Event and
determine the effective date of that adjustment; or

(ii) redeem all (but not some only) of the Notes by giving notice to the Holders in
accordance with Condition 23, each principal amount of Notes equal to the
Calculation Amount being redeemed at its Early Redemption Amount.

(c) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as
soon as practicable to the Holders in accordance with Condition 23, stating the
occurrence of the Additional Disruption Event giving details thereof and the action
proposed to be taken in relation thereto provided that any failure to give, or non-receipt
of, such notice will not affect the validity of the Additional Disruption Event.

12.09 Definitions (Exchange Traded Funds)

“Affiliate” means any entity controlled, directly or indirectly, by the Issuer, any entity that
controls, directly or indirectly, the Issuer, or any entity under common control with the
Issuer. As used herein “control” means the ownership of a majority of the shares, units
or interests of the entity and “controlled by” and “controls” shall be construed
accordingly.

“Averaging Date” means each date specified as an Averaging Date in the applicable
Issue Terms provided that if such date is not a Scheduled Trading Day, the Averaging
Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion
of the Calculation Agent, such day is a Disrupted Day. If any Averaging Date is a
Disrupted Day, then:

(i) if ‘Omission’ is specified in the applicable Issue Terms, such Averaging Date will
be deemed not to be a relevant Averaging Date for purposes of determining the
relevant Reference Price. If through the operation of this provision no Averaging
Date would occur with respect to the relevant Valuation Date then for the
purposes of determining the Reference Price on the final Averaging Date, such
Averaging Date shall be deemed to be a Valuation Date that was a Disrupted
Day;

(ii) if ‘Postponement’ is specified in the applicable Issue Terms then, for purposes of
determining the Reference Price, such Averaging Date shall be deemed to be a
Valuation Date that was a Disrupted Day irrespective of whether, pursuant to
such determination, that deferred Averaging Date would fall on a date that
already is or is deemed to be an Averaging Date for the Fund Linked Notes; or

(iii) if ‘Modified Postponement’ is specified in the applicable Issue Terms, then:

(A) where the Notes relate to a single Fund Share, the Averaging Date shall
be the first succeeding Valid Date. If the first succeeding Valid Date has
not occurred as of the Valuation Time on the eighth Scheduled Trading
Day immediately following the original date, that, but for the occurrence
of another Averaging Date or Disrupted Day, would have been the final
Averaging Date in respect of the relevant Scheduled Valuation Date,
then (i) that eighth Scheduled Trading Day for the Fund Share shall be
deemed to be the Averaging Date (irrespective of whether that eighth
Scheduled Trading Day is already an Averaging Date) and (ii) the Calculation Agent shall determine the Reference Price for that Averaging Date in accordance with sub paragraph (i)(B) of the definition of “Valuation Date” below; or

(B) where the Notes relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Averaging Date for each Fund Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date, and the Averaging Date for each Fund Share affected by the occurrence of a Disrupted Day (each an “Affected Fund Share”) shall be the first succeeding Valid Date in relation to such Affected Fund Share. If the first succeeding Valid Date in relation to such Affected Fund Share has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day for such Fund Share shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in respect of the Affected Fund Share and (ii) the Calculation Agent shall determine the Reference Price of the Affected Fund Share for that Averaging Date in accordance with sub paragraph (ii)(B) of the definition of “Valuation Date” below; or

(C) where the Notes relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Averaging Date for each Fund Share shall be the first succeeding Common Valid Date. If the first succeeding Common Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) and (ii) the Calculation Agent shall determine the relevant Reference Price for each Fund Share for that Averaging Date in accordance with sub-paragraph (iii)(B)(x) or (y), as applicable of the definition of “Valuation Date” below; and

(D) “Valid Date” shall mean a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date in respect of the relevant Valuation Date does not or is not deemed to occur, and “Common Valid Date” shall mean a Scheduled Trading Day that is not a Disrupted Day for any Fund Share comprised in the Basket of Fund Shares and on which another Averaging Date does not or is deemed not to occur.
“Basket of Fund Shares” means a basket composed of the Fund Shares specified in the applicable Issue Terms in the relative Weightings or numbers of Fund Shares specified in the applicable Issue Terms.

“Closing Price” means the official closing price of the Fund Share on the relevant Exchange.

“Disrupted Day” means any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

“ETF” means any Fund which is an exchange traded fund as specified in the applicable Issue Terms, or if not so specified, any Fund which the Calculation Agent determines to be an exchange traded fund.

“Exchange” means, in relation to a Fund Share, the exchange or principal trading market for such ETF specified in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Fund Shares in respect of such ETF has temporarily relocated.

“Exchange Business Day” means any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

“Fund Share” means a share of each ETF, and references to “holder of Fund Shares” and “Fund Shareholder” shall be construed accordingly.

“Hedging Entity” means (a) the Issuer or (b) any Affiliate or any entity (or entities) acting on behalf of the Issuer as specified in the applicable Issue Terms that is engaged in any underlying or hedging transactions related to a Fund Share in respect of the Issuer’s obligations under the Notes.

“Initial Price” means the price specified as such in the applicable Issue Terms.

“Intraday Price” means the price of a Fund Share observed by the Calculation Agent at any time during the regular trading session hours of the relevant Exchange, without regard to after hours or any other trading outside of the regular trading session hours.

“Observation Date(s)” means each date specified as such in the applicable Issue Terms provided that, if such date is not a Scheduled Trading Day, the Observation Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

(i) where the Notes relate to a single Fund Share, the Observation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day. In that case, (i) the eighth Scheduled Trading Day for such Fund Share shall be deemed to be the Observation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent, shall, where practicable in the case of Exempt Notes, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if
not set out or not so practicable or in the case of Non-Exempt Notes, determine the Reference Price in accordance with its good faith estimate of the value of the Fund Share as of the Valuation Time on that eighth Scheduled Trading Day; or

(ii) where the Notes relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Observation Date for each Fund Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Observation Date, and the Observation Date for each Fund Share affected by the occurrence of a Disrupted Day (each an “Affected Fund Share”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Fund Share unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day relating to the Affected Fund Share. In that case, (i) the eighth Scheduled Trading Day for such Fund Share shall be deemed to be the Observation Date for the Affected Fund Share, notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent shall where practicable in the case of Exempt Notes, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt Notes, determine the Reference Price in accordance with its good faith estimate of the value of the Affected Fund Share as of the Valuation Time on that eighth Scheduled Trading Day; or

(iii) where the Notes relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Observation Date for each Fund Share shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day for any Fund Share, unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day relating to any Fund Share. In that case, (A) the eighth Scheduled Trading Day shall be deemed to be the Observation Date for each Fund Share (notwithstanding the fact that such day is a Disrupted Day in respect of one or more Fund Shares (each an “Affected Fund Share”)); and (B) the Calculation Agent shall determine the Reference Price using (x) in relation to each Fund Share other than an Affected Fund Share its price as provided in paragraph (ii) of the definition of Reference Price; and (y) in relation to each Affected Fund Share, its price as determined, in the case of Exempt Notes, in the manner set out in the applicable Pricing Supplement, or if not set out or if not practicable or in the case of Non-Exempt Notes, as its good faith estimate of the value of the Affected Fund Share as of the Valuation Time on that eighth Scheduled Trading Day.

“Observation Period” means the period specified as such in the applicable Issue Terms.

“Reference Price” means, in the case of an Exempt Note unless otherwise specified in the applicable Pricing Supplement, in respect of a Valuation Date, Observation Date or Averaging Date:

(i) where the Notes relate to a single Fund Share, an amount equal to the Specified Price on the relevant date (or the price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) of the Fund
Share quoted on the relevant Exchange as determined by or on behalf of the Calculation Agent (or if, in the opinion of the Calculation Agent, no such Specified Price (or, as the case may be, price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) can be determined at such time, unless the relevant date is a Disrupted Day, the Calculation Agent’s good faith estimate of the value of the Fund Share at the Valuation Time on the relevant date) or as otherwise determined by the Calculation Agent subject to the provisions of this Condition 12. The amount determined pursuant to the foregoing shall be converted, if Exchange Rate is specified as applicable in the applicable Issue Terms, into the Specified Currency at the Exchange Rate and such converted amount shall be the Reference Price; and

(ii) where the Notes relate to a Basket of Fund Shares, an amount equal to the sum of the values calculated for each Fund Share as the Specified Price (or the price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) of the Fund Share quoted on the relevant Exchange as determined by or on behalf of the Calculation Agent (or if, in the opinion of the Calculation Agent, no such Specified Price (or price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) can be determined at such time, unless the relevant date is a Disrupted Day, the Calculation Agent’s good faith estimate of the value of the Fund Share at the Valuation Time on the relevant date), or as otherwise determined by the Calculation Agent subject to the provisions of this Condition 12, multiplied by the relevant Weighting. Each amount determined pursuant to the foregoing shall be converted, if the Exchange Rate is specified as applicable in the applicable Issue Terms, into the Specified Currency at the Exchange Rate and the sum of such converted amounts shall be the Reference Price.

“Related Exchange” means, in relation to a Fund Share, each exchange or principal trading market specified as such for such Fund Share in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Fund Shares in respect of such Fund Share has temporarily relocated (provided the Calculation Agent has determined that there is comparable liquidity relative to such Fund Shares on such temporary substitute exchange or quotation system as on the original Related Exchange), provided however, that where “All Exchanges” is specified as the Related Exchange in the applicable Issue Terms, “Related Exchange” shall mean each exchange or principal trading market where trading has a material effect (as determined by the Calculation Agent) on the overall market for such Fund Shares.

“Scheduled Averaging Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Averaging Date.

“Scheduled Closing Time” means, in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“Scheduled Observation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Observation Date.
“Scheduled Trading Day” means any day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.

“Specified Price” means the Closing Price or the Intraday Price, as specified in the applicable Issue Terms.

“Trade Date” means the date specified as such in the applicable Issue Terms.

“Underlying Index” means the underlying index specified in the applicable Issue Terms.

“Valuation Date” means each date specified as such in the applicable Issue Terms or, if such date is not a Scheduled Trading Day, the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

(i) where the Notes relate to a single Fund Share, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, (A) the eighth Scheduled Trading Day for the Fund Share shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and (B) the Calculation Agent shall, where practicable in the case of Exempt Notes, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or not so practicable or in the case of Non-Exempt Notes, determine the Reference Price in accordance with its good faith estimate of the value of the Fund Share as of the Valuation Time on that eighth Scheduled Trading Day; or

(ii) where the Notes relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Valuation Date for each Fund Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Fund Share affected by the occurrence of a Disrupted Day (each an “Affected Fund Share”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Fund Share unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Fund Share. In that case, (A) the eighth Scheduled Trading Day for the Affected Fund Share shall be deemed to be the Valuation Date for the Affected Fund Share, notwithstanding the fact that such day is a Disrupted Day and (B) the Calculation Agent shall where practicable in the case of Exempt Notes, determine the Reference Price using, in relation to the Affected Fund Share, a price determined, in the case of Exempt Notes, in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt Notes, determine the Reference Price in accordance with its good faith estimate of the value of the Affected Fund Share as of the Valuation Time on that eighth Scheduled Trading Day; or

(iii) where the Notes relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Valuation Date for each Fund Share shall be the first succeeding Scheduled Trading Day that is
not a Disrupted Day for any Fund Share, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to any Fund Share. In that case, (A) the eighth Scheduled Trading Day shall be deemed to be the Valuation Date for each Fund Share (notwithstanding the fact that such day is a Disrupted Day in respect of one or more Fund Shares (each an “Affected Fund Share”)); and (B) the Calculation Agent shall determine the Reference Price using (x) in relation to each Fund Share other than an Affected Fund Share, its price as provided in paragraph (ii) of the definition of Reference Price; and (y) in relation to each Affected Fund Share, its price as determined, in the case of Exempt Notes, in the manner set out in the applicable Pricing Supplement, or if not set out or if not practicable or in the case of Non-Exempt Notes, as its good faith estimate of the value of the Affected Fund Share as of the Valuation Time on that eighth Scheduled Trading Day.

“Valuation Time” means:

(i) the Valuation Time specified in the applicable Issue Terms or, if no Valuation Time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date in relation to each Fund Share to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time; or

(ii) where the Specified Price is the Intraday Price, each relevant time at which the Reference Price is determined.

“Weighting” means the weight to be applied to each of the Fund Shares comprising the Basket of Fund Shares, as specified in the applicable Issue Terms.

13. Commodity Linked Notes

If the Notes are specified as Commodity Linked Interest Notes and/or Commodity Linked Redemption Notes in the applicable Issue Terms, then the provisions of this Condition 13 shall apply.

13.01 Redemption of Commodity Linked Redemption Notes

Unless previously redeemed or purchased and cancelled, each principal amount of Commodity Linked Redemption Notes equal to the Calculation Amount set out in the applicable Issue Terms will be redeemed by the Issuer on the Maturity Date at the Final Redemption Amount specified in the applicable Final Terms or, in the case of an Exempt Note, determined in the manner specified in, the applicable Pricing Supplement.
If, in the opinion of the Calculation Agent, a Market Disruption Event (as defined below) has occurred and is continuing on the Pricing Date (or, if different, the day on which the price for the Pricing Date would, in the ordinary course, be published by the Price Source), the Relevant Price (or method for determining the Relevant Price) for the Pricing Date will be determined by the Calculation Agent in accordance with the first applicable Disruption Fallback (as set out below) that provides a Relevant Price:

(a) Market Disruption Event

"Market Disruption Event" means the occurrence of any of the following events:

(i) with respect to all Commodities:
   (A) Price Source Disruption;
   (B) Commodity Trading Disruption;
   (C) Disappearance of Commodity Reference Price; and
   (D) in the case of an Exempt Note, any additional Market Disruption Events specified in the applicable Pricing Supplement; and

(ii) with respect to all Commodities other than gold, silver, platinum or palladium:
   (A) Material Change in Formula;
   (B) Material Change in Content; and
   (C) in the case of an Exempt Note, any additional Market Disruption Events specified in the applicable Pricing Supplement; and

(iii) with respect to a Commodity Index:
   (A) a temporary or permanent failure by the applicable exchange or other price source to announce or publish (x) the Commodity Reference Price (provided that the Calculation Agent may, in its sole and absolute discretion, determine that such failure shall not be a Market Disruption Event and (i) shall fall within paragraph (i) of the proviso to the definition of Price Source in Condition 13.07, or (ii) shall be an Index Adjustment Event in respect of such Commodity Index) or (y) the closing price for any futures contract included in the Commodity Index; or
   (B) a material limitation, suspension or disruption of trading in one or more of the futures contracts included in the Commodity Index which results in a failure by the exchange on which each applicable futures contract is traded to report a closing price for such contract on the day on which such event occurs or any succeeding day on which it continues; or
(C) the closing price for any futures contract included in the Commodity Index is a “limit price”, which means that the closing price for such contract for a day has increased or decreased from the previous day’s closing price by the maximum amount permitted under applicable exchange rules.

(iv) Disruption Fallback

“Disruption Fallback” means a source or method that may give rise to an alternative basis for determining the Relevant Price in respect of a specified Commodity Reference Price when a Market Disruption Event occurs or exists on a day that is a Pricing Date in respect of the Notes. A Disruption Fallback is applicable if it is specified in the applicable Issue Terms or, if no Disruption Fallback is specified in the applicable Issue Terms, shall mean:

(A) with respect to a relevant Commodity (in the following order):

I. Fallback Reference Price (if applicable);

II. Delayed Publication or Announcement and Postponement (each to operate concurrently with the other and each subject to a period of two consecutive Commodity Business Days (measured from and including the original day that would otherwise have been the Pricing Date)) provided, however, that the price determined by Postponement shall be the Relevant Price only if Delayed Publication or Announcement does not yield a Relevant Price within those two consecutive Commodity Business Days; and

III. Calculation Agent Determination;

(B) with respect to a Commodity Index the Calculation Agent shall determine the Relevant Price:

(a) using:

(i) with respect to each futures contract included in the Commodity Index which is not affected by the Market Disruption Event, the closing prices of each such contract on the applicable determination date; and

(ii) with respect to each futures contract included in the Commodity Index which is affected by the Market Disruption Event, the closing prices of each such contract on the first day following the applicable determination date on which no Market Disruption Event is occurring with respect to such contract; or

(b) in the case of an Exempt Note, as specified in the applicable Pricing Supplement.
Subject as provided below, the Calculation Agent shall determine the Relevant Price by reference to the closing prices determined in (a)(i) and (a)(ii) above or as provided in (b) above using the then current method for calculating the Commodity Reference Price.

Where a Market Disruption Event with respect to one or more futures contracts included in the Commodity Index has occurred on an applicable determination date and continues to exist as of the relevant Commodity Index Cut-Off Date for such applicable determination date, the Calculation Agent shall determine the Relevant Price on such Commodity Index Cut-Off Date. In calculating the Relevant Price as set out herein, the Calculation Agent shall use the formula for calculating the Commodity Reference Price last in effect prior to the Market Disruption Event.

13.03 Adjustments to a Commodity Index

(a) Successor Index Sponsor Calculates and Reports a Commodity Index

If a relevant Commodity Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the “Successor Index Sponsor”) acceptable to the Issuer, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Commodity Index, then in each case that index (the “Successor Index”) will be deemed to be the Commodity Index.

(b) Modification and Cessation of Calculation of a Commodity Index

If on or prior to a Pricing Date (i) the relevant Index Sponsor makes a material change in the formula for or the method of calculating a relevant Commodity Index or in any other way materially modifies that Commodity Index (other than a modification prescribed in that formula or method to maintain that Commodity Index in the event of changes in constituent commodities and weightings and other routine events), or (ii) the Index Sponsor permanently cancels a relevant Commodity Index or (iii) the Index Sponsor fails to calculate and announce a relevant Commodity Index and there is no Successor Index Sponsor or Successor Index then the Calculation Agent may at its option (in the case of (i)) and shall (in the case of (ii) and (iii)) (such events (i) (ii) and (iii) to be collectively referred to as “Index Adjustment Events”) (provided that the Calculation Agent may, in its sole and absolute discretion, determine that event (iii) shall not be an Index Adjustment Event but (y) shall fall within paragraph (i) of the proviso to the definition of Price Source specified in Condition 13.07, or (z) shall be a Market Disruption Event in respect of such Commodity Index) calculate the Relevant Price using in lieu of the published level for that Commodity Index, the level for that Commodity Index as at the relevant determination date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Commodity Index last in effect prior to the relevant Index Adjustment Event, but using only those futures contracts that comprised that Commodity Index immediately prior to the relevant Index Adjustment Event (other than those futures contracts that have ceased to be listed on any relevant exchange).

13.04 Correction to Published Prices
For purposes of determining or calculating the Relevant Price, if the price published or announced on a given day and used or to be used by the Calculation Agent to determine a Relevant Price is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within 30 calendar days after the original publication or announcement (or, if earlier, the day falling two Commodity Business Days preceding the date on which payment of any amount or delivery of any amount of assets to be calculated by reference to such Relevant Price), the Calculation Agent may, in its sole discretion, use such corrected price in such calculation.

13.05 Common Pricing

If with respect to Commodity Linked Notes relating to a Basket of Commodities, “Common Pricing” is specified in the applicable Issue Terms as:

(i) “Applicable” then, no date will be a Pricing Date unless such date is a day on which all referenced Commodity Reference Prices (for which such date would otherwise be a Pricing Date) are scheduled to be published or announced, as determined on the Trade Date of the Securities; or

(ii) “Not Applicable” then, if the Calculation Agent determines that a Market Disruption Event has occurred or exists on the Pricing Date in respect of any relevant Commodity and/or Commodity Index (each an “Affected Commodity”), the Relevant Price of each Commodity and/or Commodity Index within the basket which is not affected by the occurrence of a Market Disruption Event shall be determined on its scheduled Pricing Date and the Relevant Price for each Affected Commodity shall be determined in accordance with the first applicable Disruption Fallback that provides a Relevant Price.

All determinations made by the Calculation Agent pursuant to this condition will be conclusive and binding on the Holders and the Issuer, except in the case of manifest error.

“Postponement” means that the Pricing Date will be deemed, for purposes of the application of the definition of Disruption Fallback, to be the first succeeding Commodity Business Day on which the Market Disruption Event ceases to exist, unless that Market Disruption Event continues to exist for two consecutive Commodity Business Days (measured from and including the original day that would otherwise have been the Pricing Date). In that case, the next Disruption Fallback specified in the definition of Disruption Fallback above will apply.

“Price Source” means the publication (or such other origin of reference, including an Exchange) containing (or reporting) the Specified Price (or prices from which the Specified Price is calculated) specified in the specified Commodity Reference Price or otherwise in the applicable Issue Terms (provided that in respect of a Commodity Index, if the relevant Commodity Reference Price is not published on such Price Source, the Calculation Agent may, in its sole and absolute discretion, (i) use a successor page or publication or alternative source as it considers appropriate, (ii) determine that such non-publication is a Market Disruption Event in respect of such Commodity Index, or (iii) determine that such non-publication is an Index Adjustment Event in respect of the Commodity Index.

“Price Source Disruption” means:

(i) the failure of the Price Source to announce or publish the Specified Price (or the information necessary for determining the Specified Price) for the relevant Commodity Reference Price (or, if there is no Specified Price for a Commodity Reference Price, such Commodity Reference Price); or

(ii) the temporary or permanent discontinuance or unavailability of the Price Source.

For these purposes:

(a) a suspension of the trading in the Futures Contract or the Commodity on any Commodity Business Day shall be deemed to be material only if:

(i) all trading in the Futures Contract or the Commodity is suspended for the entire Pricing Date; or

(ii) all trading in the Futures Contract or the Commodity is suspended subsequent to the opening of trading on the Pricing Date, trading does not recommence prior to the regularly scheduled close of trading in such Futures Contract or such Commodity on such Pricing Date and such suspension is announced less than one hour preceding its commencement; and
(b) a limitation of trading in the Futures Contract or the Commodity on any Commodity Business Day shall be deemed to be material only if the relevant Exchange establishes limits on the range within which the price of the Futures Contract or the Commodity may fluctuate and the closing price, settlement price or afternoon fixing price of the Futures Contract or the Commodity on such day is at the upper or lower limit of that range.

“Pricing Date” has the meaning given it in the applicable Issue Terms.

“Relevant Price” means for any Pricing Date, the price, expressed as a price per unit of the Commodity or the price or level of the Commodity Index, determined with respect to that day and, where Intraday Price is specified as applicable in the applicable Issue Terms, at any time thereon for the specified Commodity Reference Price calculated as provided in these Conditions and, in the case of an Exempt Note, the applicable Pricing Supplement.

“Reuters” means Reuters or its successor.

“Reuters Screen” means, when used in connection with any designated page and Commodity Reference Price, the display page so designated on Reuters (or such other page as may replace that page on that service for the purpose of displaying rates or prices comparable to that Commodity Reference Price).

“Silver” means silver bars or unallocated silver complying with the rules of LBMA relating to good delivery and fineness from time to time in effect.

“Specified Price” means, in respect of a Commodity Reference Price, any of the following prices (which must be a price reported in or by, or capable of being determined from information reported in or by, the relevant Price Source) as specified in the applicable Issue Terms (and, if applicable, as of the time so specified): (A) the high price; (B) the low price; (C) the average of the high price and the low price; (D) the closing price; (E) the opening price; (F) the bid price; (G) the asked price; (H) the average of the bid price and the asked price; (I) the settlement price; (J) the official settlement price; (K) the official price; (L) the morning fixing; (M) the afternoon fixing; (N) the spot price; or (O) any other price specified in the applicable Issue Terms.

14. Currency Linked Notes

If the Notes are specified as Currency Linked Interest Notes and/or Currency Linked Redemption Notes in the applicable Issue Terms, then the provisions of this Condition 14 shall apply.

14.01 Redemption of Currency Linked Redemption Notes

Unless previously redeemed or purchased and cancelled, each principal amount of the Currency Linked Redemption Notes equal to the Calculation Amount set out in the applicable Issue Terms will be redeemed by the Issuer on the Maturity Date at the Final Redemption Amount specified in the applicable Final Terms or, in the case of an Exempt Note, determined in the manner specified in, the applicable Pricing Supplement.

14.02 Definitions applicable to Currency Linked Notes
“Averaging Date” means each date specified as an Averaging Date in the applicable Issue Terms.

“Currency Price” means, in the case of an Exempt Note, the Currency Price specified in the applicable Pricing Supplement, or if not so specified in the applicable Pricing Supplement or in the case of a Non-Exempt Note:

(i) in the case of Currency Linked Notes relating to a Basket of Subject Currencies, an amount equal to the sum of the values calculated for each Subject Currency as the spot rate of exchange appearing on the FX Price Source at the Valuation Time on (A) if Averaging is not specified in the applicable Issue Terms, the Valuation Date or (B) if Averaging is specified in the applicable Issue Terms, an Averaging Date, for the exchange of such Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Base Currency for which one unit of the Subject Currency can be exchanged), multiplied by the relevant Weighting; and

(ii) in the case of Currency Linked Notes relating to a single Subject Currency, an amount equal to the spot rate of exchange appearing on the FX Price Source at the Valuation Time on (A) if Averaging is not specified in the applicable Issue Terms, the Valuation Date or (B) if Averaging is specified in the applicable Issue Terms, an Averaging Date, for the exchange of such Subject Currency into the Base Currency (expressed as the number of units (or part units) of the Base Currency for which one unit of the Subject Currency can be exchanged).

“FX Business Day” means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits), or but for the occurrence of a FX Market Disruption Event would have settled payments and been open for general business in each of the Specified Financial Centres specified in the applicable Issue Terms.

“FX Disrupted Day” means any FX Business Day on which a FX Market Disruption Event occurs.

“FX Market Disruption Event” means the occurrence or existence, as determined by the Calculation Agent in its sole and absolute discretion, of any FX Price Source Disruption, any FX Trading Suspension or Limitation and/or any Inconvertibility Event, in each case if specified in the applicable Issue Terms, and/or, in the case of an Exempt Note, any other event specified as applicable in the applicable Pricing Supplement.

“FX Price Source(s)” means, in respect of a Subject Currency, the price source(s) specified in the applicable Issue Terms for such Subject Currency or if the relevant rate is not published or announced by such FX Price Source at the relevant time, the successor or alternative price source or page/publication for the relevant rate as determined by the Calculation Agent in its sole and absolute discretion.

“FX Price Source Disruption” means it becomes impossible or otherwise impracticable to obtain and/or execute the relevant rate(s) required to calculate the Currency Price on the Averaging
Date or Valuation Date or, if different, the day on which rates for that Averaging Date or Valuation Date, as the case may be, would in the ordinary course be published or announced by the relevant FX Price Source.

“FX Trading Suspension or Limitation” means the suspension of and/or limitation of trading in the currencies required to calculate the relevant Currency Price in the Interbank Market provided that such suspension or limitation of trading is material in the opinion of the Calculation Agent.

“Inconvertibility Event” means the occurrence, as determined by the Calculation Agent in its sole and absolute discretion, of any action, event or circumstance whatsoever which, from a legal or practical perspective:

(i) has the direct or indirect effect of hindering, limiting or restricting (i) the convertibility of the relevant Subject Currency into the Base Currency, or (ii) the transfer of the Subject Currency or the Base Currency to countries other than the countries for which the Subject Currency or the Base Currency, as the case may be, is the lawful currency (including without limitation, by way of any delays, increased costs or discriminatory rates of exchange or any current or future restrictions on the repatriation of the Base Currency into the Subject Currency); and

(ii) results in the unavailability of any relevant Base Currency or Subject Currency in the interbank foreign exchange market in any Specified Financial Centre(s) in accordance with normal commercial practice.

“Interbank Market” means the over-the-counter foreign exchange spot market open continuously from and including 5.00 a.m. Sydney time on a Monday in any week to and including 5.00 p.m. New York time on the Friday of such week.

“Observation Period” means the period specified as such in the applicable Issue Terms.

“Specified Financial Centre(s)” means the financial centre(s) specified in the applicable Issue Terms.

“Scheduled Valuation Date” means any original date, that but for the occurrence of an event causing an FX Disrupted Day, would have been a Valuation Date.

“Valuation Cut-Off Date” means the Valuation Cut-Off Date specified in the applicable Issue Terms.

“Valuation Date” means each date specified as such in the applicable Issue Terms or, if that is not FX Business Day, the first FX Business Day thereafter unless, in the opinion of the Calculation Agent such day is an FX Disrupted Day. If such day is an FX Disrupted Day, then:

(i) where the Currency Linked Notes relate to a single Subject Currency, the Valuation Date shall be the first succeeding FX Business Day that is not an FX
Disrupted Day, unless each of the FX Business Days up to and including the Valuation Cut-Off Date is an FX Disrupted Day. In that case, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date (notwithstanding the fact that such day is an FX Disrupted Day) and (ii) the Calculation Agent shall, in the case of Exempt Notes, determine the relevant price in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable or in the case of Non-Exempt Notes, determine the relevant price in accordance with its good faith estimate of the relevant price as of the Valuation Time on the Valuation Cut-Off Date; or

(ii) where the Currency Linked Notes relate to a Basket of Subject Currencies, the Valuation Date for each Subject Currency not affected by the occurrence of an FX Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Subject Currency affected (each an "Affected Subject Currency") by the occurrence of an FX Disrupted Day shall be the first succeeding FX Business Day that is not an FX Disrupted Day relating to the Affected Subject Currency, unless each of the FX Business Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is an FX Disrupted Day relating to the Affected Subject Currency. In that case, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date for the Affected Subject Currency (notwithstanding the fact that such day is an FX Disrupted Day) and (ii) the Calculation Agent shall, in the case of Exempt Notes, determine the relevant price using, in relation to the Affected Subject Currency, a price determined in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable or in the case of Non-Exempt Notes, using its good faith estimate of the price for the Affected Subject Currency as of the Valuation Time on the Valuation Cut-Off Date, and otherwise in accordance with the above provisions.

"Valuation Time" means:

(i) the Valuation Time specified in the applicable Issue Terms; or

(ii) where Intraday Price is specified as applicable in the applicable Issue Terms, each relevant time at which the Currency Price is determined.

"Weighting" means the weight of each of the Subject Currencies comprising the Basket of Subject Currencies as specified in the applicable Issue Terms.

15. Preference Share Linked Notes

If the Notes are specified as Preference Share Linked Notes in the applicable Issue Terms, then the provisions of this Condition 15 shall apply.

15.01 Redemption of Preference Share Linked Notes

Unless previously redeemed or purchased and cancelled, each Preference Share Linked Note will be redeemed by the Issuer on the Maturity Date by payment of the Final Redemption Amount, in the case of a Non-Exempt Note, determined in the manner specified in Condition 30 and Condition 31 or, in the case of an Exempt Note, specified in, or determined in the manner specified in, the applicable Pricing Supplement on the Maturity Date.

15.02 Early Redemption for Taxation Reasons
If the Preference Share Linked Notes are redeemed pursuant to Condition 5.02, each Preference Share Linked Note shall be redeemed by payment of the Early Redemption Amount.

15.03 Call Option

If Call Option is specified in the applicable Issue Terms as being applicable, the provisions of Condition 5.03 shall apply to the Preference Share Linked Notes as if the words “redeem all or some only” in the fourth and fifth lines were replaced with the words “redeem all (but not some only)”.

15.04 Early Redemption of Preference Share Linked Notes

Upon the occurrence of a Preference Share Early Redemption Event, the Issuer may give notice to the Holders in accordance with Condition 23 and will redeem all (but not some only) of the Preference Share Linked Notes on the tenth Business Day immediately preceding the date on which the Preference Shares are to be redeemed (as specified in the Early Redemption Notice), each Preference Share Linked Note to be redeemed by payment of the Early Redemption Amount.

15.05 Extraordinary Events

If in the determination of the Calculation Agent an Extraordinary Event occurs, the Issuer may (but is not obliged to) redeem all (but not some only) of the Preference Share Linked Notes (giving notice to the Holders in accordance with Condition 23), each Preference Share Linked Note being redeemed at the Early Redemption Amount on the tenth Business Day immediately following the date on which such determination is made by the Calculation Agent.

15.06 Additional Disruption Events

If the Calculation Agent determines, in its sole and absolute discretion that an Additional Disruption Event occurs, the Issuer may (but is not obliged to) redeem all (but not some only) of the Preference Share Linked Notes (giving notice to Holders in accordance with Condition 23), such Preference Share Linked Note being redeemed at the Early Redemption Amount on the tenth Business Day immediately following the date on which such determination is made by the Calculation Agent.

15.07 Cancellation of Redeemed and Purchased Preference Share Linked Notes

The provisions of Condition 5.11 shall apply to the Preference Share Linked Notes as if the words “by the Issuer” were inserted between the words “purchased” and “in accordance” in the third line thereof.

15.08 Definitions applicable to Preference Share Linked Notes

“Additional Disruption Event” means any of Change in Law, Hedging Disruption and/or Insolvency Filing, in each case if specified in the applicable Issue Terms.

“Change in Law” means that, on or after the Trade Date (as specified in the applicable Issue Terms) (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the
interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (A) it has become illegal to hold, acquire or dispose of any Preference Share or (B) it will incur a materially increased cost in performing its obligations in relation to the Preference Share Linked Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer and/or any Hedging Entity).

“Early Redemption Notice” means a notice from the Preference Share Issuer that the Preference Shares are to be redeemed early.

“Early Redemption Valuation Date” means the third Business Day immediately preceding the date for early redemption of the Preference Share Linked Notes.

“Extraordinary Event” means a Merger Event, a Nationalisation, a Tender Offer and/or an Insolvency or, in the case of an Exempt Note, such other event specified as such in the applicable Pricing Supplement.

"Final Valuation Date" means the date specified as such in the applicable Issue Terms or, if any date(s) for valuation of or any determination of the underlying asset or reference basis (or any part thereof) for the Preference Shares falling on or about such day is to be delayed in accordance with the terms and conditions of the Preference Shares by reason of a disruption or adjustment event, the Final Valuation Date shall be such delayed valuation or determination date(s), all as determined by the Calculation Agent.

“Hedging Disruption” means that the Hedging Entity is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Preference Share Linked Notes, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“Hedging Entity” means (a) the Issuer or (b) any Affiliate or any entity (or entities) acting on behalf of the Issuer as specified in the applicable Issue Terms that is engaged in any underlying or hedging transactions related to the Preference Shares in respect of the Issuer’s obligations under the Notes.

"Initial Valuation Date" means the Issue Date or, if the date for valuation of or any determination of the underlying asset or reference basis (or any part thereof) for the Preference Shares falling on or about such day is to be delayed in accordance with the terms and conditions of the Preference Shares by reason of a disruption or adjustment event, the Initial Valuation Date shall be such delayed valuation or determination date(s), all as determined by the Calculation Agent.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting the Preference Share Issuer (A) all the Preference Shares are required to be transferred to a trustee, liquidator or other similar official or (B) holders of the Preference Shares become legally prohibited from transferring them.
“Insolvency Filing” means that the Preference Share Issuer institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Preference Share Issuer shall not be deemed an Insolvency Filing.

“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event” means any (A) reclassification or change of the Preference Shares that results in a transfer of or an irrevocable commitment to transfer all of such Preference Shares outstanding to another entity or person, (B) consolidation, amalgamation, merger or binding share exchange of the Preference Share Issuer with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which the Preference Share Issuer is the continuing entity and which does not result in a reclassification or change of all of such Preference Shares outstanding), (C) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Preference Shares that results in a transfer of or an irrevocable commitment to transfer all such Preference Shares (other than such Preference Shares owned or controlled by such other entity or person), or (D) consolidation, amalgamation, merger or binding share exchange of the Preference Share Issuer with or into another entity in which the Preference Share Issuer is the continuing entity and which does not result in a reclassification or change of all such Preference Shares outstanding but results in the outstanding Preference Shares (other than Preference Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Preference Shares immediately following such event, in each case if the Merger Date is on or before the Maturity Date.

“Nationalisation” means that all the Preference Shares or all or substantially all the assets of the Preference Share Issuer are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

“Preference Share Early Redemption Event” means that the Issuer or any of its affiliates has received notice from the Preference Share Issuer that the Preference Shares are to be redeemed early.

“Preference Share Issuer” means RBC GELP (UK) Limited.

“Preference Shares” means the preference shares of the Preference Share Issuer specified in the applicable Issue Terms.

“Preference Share Value” means, in respect of any day, the fair market value of a Preference Share at the Valuation Time on such day as determined by the Calculation Agent.
“Tender Offer” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the Preference Share Issuer as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

“Valuation Time” has the meaning given to it in the applicable Issue Terms or if not set out in the applicable Issue Terms, 3 p.m. (London time).

15.09 Calculations and Determinations

The Calculation Agent will make the calculations and determinations as described in this Condition 15 in such a manner as the Calculation Agent determines is appropriate acting in good faith and in a commercially reasonable manner (having regard in each case to the criteria stipulated in the Conditions and the hedging arrangements in respect of the Notes).

Notwithstanding that certain calculations, determinations and adjustments in this Condition 15 may be expressed to be on a certain date, the Calculation Agent may make such calculations, determinations and adjustments in respect of that date on a date after that date determined by it in its discretion.

Pursuant to this Condition 15 the Calculation Agent has a number of discretions. These are necessary since in certain circumstances it is not reasonably practicable or otherwise not appropriate for certain valuations to be carried out in relation to relevant reference assets and in these circumstances the Calculation Agent may exercise certain discretions.

The provisions of the second paragraph of Condition 4.07 will not apply to the calculation of the Final Redemption Amount or Early Redemption Amount.

15.10 Payments – General Provisions

Condition 18.19 shall not apply to the Preference Share Linked Notes.

16. Events of Default

16.01 The following events or circumstances (each an “Event of Default”) shall be acceleration events in relation to the Notes of any Series, namely:

(i) the Issuer fails to pay any Outstanding Principal Amount or deliver any Entitlement in respect of the Notes of the relevant Series or any of them on the due date for payment or delivery thereof or fails to pay any amount of interest in respect of the Notes of the relevant Series or any of them within 30 days of the due date of payment thereof; or

(ii) if the Issuer shall have become insolvent or bankrupt, or if a liquidator, receiver or receiver and manager of the Issuer or any other officer having similar powers shall be appointed, or if the Superintendent of Financial Institutions (Canada) shall have taken control of the assets of the Issuer or of the Issuer itself.
16.02 If any Event of Default shall occur in relation to any Series of Notes, any Holder of a Note of the relevant Series may, by written notice to the Issuer, at the specified office of the Issuing and Paying Agent, declare that such Note and (unless the Note is a Zero Coupon Note) all interest then accrued on such Note shall be forthwith due and payable, whereupon the same shall become immediately due and payable at the Early Redemption Amount determined in accordance with Condition 5.09, together with all interest (if any) accrued thereon without presentment, demand, protest or other notice of any kind, all of which the Issuer will expressly waive, anything contained in such Notes to the contrary notwithstanding, unless, prior thereto, all Events of Default in respect of the Notes of the relevant Series shall have been cured.

17. Taxation

17.01 All amounts payable (whether in respect of principal, interest or otherwise) in respect of the Notes, Receipts or Coupons will be paid free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied (i) by or on behalf of Canada, any province or territory or political subdivision thereof or any authority or agency therein or thereof having power to tax and, in the case of Notes issued by a branch of the Issuer located outside Canada, the country in which such branch is located or any political subdivision thereof or any authority or agency therein or thereof having power to tax or (ii) pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “Code”) or otherwise imposed pursuant to the FATCA Withholding Tax Rules, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law or the interpretation or administration thereof (including pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to the FATCA Withholding Tax Rules). In that event, the Issuer will pay such additional amounts as may be necessary in order that the net amounts received by the holder after such withholding or deduction shall equal the respective amounts of principal, interest or other amounts which would have been received in respect of the Notes, Receipts or Coupons (as the case may be), in the absence of such withholding or deduction; except that no additional amounts shall be payable with respect to any payment in respect of any Note, Receipt or Coupon:

(i) to, or to a third party on behalf of, a holder who is liable for such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with Canada or the country in which such branch is located otherwise than the mere holding of such Note, Receipt or Coupon; or

(ii) to, or to a third party on behalf of, a holder in respect of whom such tax, duty, assessment or governmental charge is required to be withheld or deducted by reason of the holder being a person with whom the Issuer is not dealing at arm’s length (within the meaning of the Income Tax Act (Canada)); or

(iii) to, or to a third party on behalf of, a holder who is, or who does not deal at arm’s length with a person who is, a “specified shareholder” (as defined in subsection 18(5) of the Income Tax Act (Canada)) of the Issuer; or
(iv) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or

(v) presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a member state of the European Union; or

(vi) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such additional amount on presenting the same for payment on the thirtieth such day; or

(vii) where such withholding or deduction is required by reason of an agreement described in Section 1471(b) of the Code or otherwise required by FATCA or the FATCA Withholding Tax Rules.

17.02 For the purposes of these Conditions:

"Relevant Date" means, in respect of any Note, Receipt or Coupon, the date on which payment thereof first become due and payable, or, if the full amount of the moneys payable has not been received by the Issuing and Paying Agent, or as the case may be, the Registrar on or prior to such due date, the date on which, the full amount of such moneys shall have been so received and notice to that effect shall have been duly given to the Holders in accordance with Condition 23.

"FATCA" means Sections 1471 and 1472 of the Internal Revenue Code of 1986, as amended (including the United States Treasury regulations and other guidance issued and any agreements entered into thereunder).

"FATCA Withholding Tax Rules" means as (i) any tax imposed under FATCA and (ii) any tax imposed by any jurisdiction pursuant to an intergovernmental agreement to improve tax compliance and to implement FATCA entered into between any relevant authorities on behalf of the United States and such jurisdiction.

17.03 If the Issuer becomes subject generally at any time to any taxing jurisdiction other than or in addition to Canada or the country in which the relevant Branch of Account is located, references in Condition 5.02 and Condition 17.01 to Canada or the country in which the relevant branch is located shall be read and construed as references to Canada or the country in which such branch is located and/or to such other jurisdiction(s).

17.04 Unless the context otherwise requires, any reference in these Conditions to any payment due in respect of the Notes, Receipts or Coupons shall be deemed to include (a) any additional amounts which may be payable under this Condition 17 and (b) the delivery of an Entitlement. Unless the context otherwise requires, any reference in these Conditions to "principal" shall include any premium payable in respect of a Note, any Instalment Amount, Redemption Amount and any other amounts in the nature of principal payable pursuant to these Conditions, any Disruption Cash Settlement Price and any Failure to Deliver Settlement Price and "interest" shall
include all amounts payable pursuant to Condition 4 and any other amounts in the nature of interest payable pursuant to these Conditions.

18. Payments

Payments – Bearer Notes

18.01 Conditions 18.01 to 18.07 are applicable in relation to Notes in bearer form.

18.02 Payment of amounts (other than interest) due in respect of Bearer Notes will be made against presentation and (save as provided below) surrender of the relevant Bearer Notes at the specified office of any of the Paying Agents.

18.03 Payment of amounts in respect of interest on Bearer Notes will be made:

(i) in the case of a Temporary Global Note or Permanent Global Note, against presentation of the relevant Temporary Global Note or Permanent Global Note at the specified office of any of the Paying Agents outside (unless Condition 18.04 applies) the United States and, in the case of a Temporary Global Note, upon due certification as required therein;

(ii) in the case of Definitive Notes without Coupons attached thereto at the time of their initial delivery, against presentation of the relevant Definitive Notes at the specified office of any of the Paying Agents outside (unless Condition 18.04 applies) the United States; and

(iii) in the case of Definitive Notes delivered with Coupons attached thereto at the time of their initial delivery, against surrender of the relevant Coupons or, in the case of interest due otherwise than on an Interest Payment Date, against presentation of the relevant Definitive Notes, in either case at the specified office of any of the Paying Agents outside (unless Condition 18.04 applies) the United States.

18.04 Notwithstanding the foregoing (and in relation to payments in U.S. dollars only), payments of amounts due in respect of interest on the Bearer Notes and exchanges of Talons for Coupon sheets in accordance with Condition 18.07 will not be made at the specified office of any Paying Agent in the United States (as defined in the United States Internal Revenue Code and Regulations thereunder) unless (i) payment in full of amounts due in respect of interest on such Notes when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (ii) such payment or exchange is permitted by applicable United States law. If clauses (i) and (ii) of the previous sentence apply, the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

18.05 If the due date for payment of any amount due in respect of any Bearer Note is not a Payment Date (as defined in Condition 18.17), then the Holder thereof will not be entitled to payment thereof until the next day which is a Payment Date and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a
subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4.05 or, if appropriate, Condition 4.08.

18.06 Each Definitive Note initially delivered with Coupons or, Talons attached thereto should be presented and, save in the case of partial payment of the Redemption Amount, surrendered for final redemption together with all unmatured Coupons and Talons relating thereto, failing which:

(i) the amount of any missing unmatured Coupons (or, in the case of a payment not being made in full, that portion of the amount of such missing Coupon which the Redemption Amount paid bears to the Redemption Amount due) relating to Definitive Notes that are Fixed Rate Notes or bear interest in fixed amounts will be deducted from the amount otherwise payable on such final redemption, the amount so deducted being payable against surrender of the relevant Coupon at the specified office of any of the Paying Agents at any time within two years of the Relevant Date applicable to payment of such Redemption Amount (whether or not the Issuer's obligation to make payment in respect of such Coupon would otherwise have ceased under Condition 19);

(ii) all unmatured Coupons relating to such Definitive Notes that are Floating Rate Notes or Reference Item Linked Interest Notes (whether or not such Coupons are surrendered therewith) shall become void and no payment shall be made thereafter in respect of them; and

(iii) in the case of Definitive Notes initially delivered with Talons attached thereto, all unmatured Talons (whether or not surrendered therewith) shall become void and no exchange for Coupons shall be made thereafter in respect of them.

The provisions of paragraph (i) of this Condition 18.06 notwithstanding, if any Definitive Notes should be issued with a Maturity Date and Rate or Rates of Interest such that, on the presentation for payment of any such Definitive Note without any unmatured Coupons attached thereto or surrendered therewith, the amount required by paragraph (i) to be deducted would be greater than the Redemption Amount otherwise due for payment, then, upon the due date for redemption of any such Definitive Note, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of the provisions of paragraph (i) in respect of such Coupons as have not so become void, the amount required by paragraph (i) to be deducted would not be greater than the Redemption Amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Note to become void, the relevant Paying Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

18.07 In relation to Definitive Notes initially delivered with Talons attached thereto, on or after the Interest Payment Date of the final Coupon comprised in any Coupon sheet, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside (unless Condition 18.04 applies) the United States in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 19 below.
Each Talon shall, for the purpose of these Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relevant Coupon sheet matures.

**Payments – Registered Notes**

18.08 Conditions 18.09 to 18.11 are applicable in relation to Registered Notes. For the avoidance of doubt Conditions 18.09 to 18.11 shall not apply in relation to Swiss Notes in the form of Intermediated Securities.

18.09 Payment of the Final Redemption Amount (together with accrued interest) due in respect of Registered Notes will be made against presentation and, save in the case of partial payment of the Final Redemption Amount, surrender of the relevant Registered Notes at the specified office of the Registrar. If the due date for payment of the Final Redemption Amount of any Registered Note is not a Payment Date (as defined in Condition 18.17), then the Holder thereof will not be entitled to payment thereof until the next day which is a Payment Date, and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4.05 or, as appropriate, Condition 4.11.

18.10 Payment of amounts (whether principal, interest or otherwise) due (other than the Final Redemption Amount and accrued interest in respect thereof) in respect of Registered Notes will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the register kept by the Registrar (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date and (ii) where in definitive form, as at opening of business (local time in the place of the specified office of the Registrar) on the fifteenth Relevant Banking Day (as defined in Condition 2.07) before the due date for such payment (the “Record Date”).

18.11 Notwithstanding the provisions of Condition 18.15, payment of amounts (whether principal, interest or otherwise) due (other than the Final Redemption Amount and accrued interest in respect thereof) in respect of Registered Notes will be made in the currency in which such amount is due by cheque and posted to the address (as recorded in the register held by the Registrar) of the Holder thereof (or, in the case of joint Holders, the first-named) on the Relevant Banking Day (as defined in Condition 2.07) not later than the relevant due date for payment unless prior to the relevant Record Date the Holder thereof (or, in the case of joint Holders, the first-named) has applied to the Registrar and the Registrar has acknowledged such application for payment to be made to a designated account denominated in the relevant currency in which case payment shall be made on the relevant due date for payment by transfer to such account. In the case of payment by transfer to an account, if the due date for any such payment is not a Payment Date, then the Holder thereof will not be entitled to payment thereof until the first day thereafter which is a Payment Date and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4.05 or, as appropriate, Condition 4.11.

**Payments – Swedish Notes**
18.11a Payments in respect of Swedish Notes will be made on the due date for payments to the persons registered as Holders in the Swedish Notes Register on the fifth (5) Banking Day (or in accordance with the rules and procedures applied by Euroclear Sweden from time to time), prior to the due date for such payment. If the date for payment of any amount in respect of Swedish Notes is not a Payment Date, the holder thereof shall not be entitled to payment until the next following Payment Date and shall not be entitled to interest or other payment in respect of such delay.

Payments – Swiss Notes

18.11b Payments in respect of Swiss Notes in the form of Intermediated Securities will be made to the Holders on the due date for such payment, subject to Condition 2.04 and in accordance with the rules and procedures applied by SIX SIS from time to time.

Payments – Swiss Definitive Notes

18.11c Payments in respect of Swiss Notes in definitive registered form will be made in accordance with Condition 18.09, 18.10(ii) and 18.11 with all references to “Registrar”, “Euroclear and Clearstream, Luxembourg” and “register” being read as references to the “Swiss Programme and Paying Agent”, “SIX SIS” and the “Swiss Register” respectively.

Payments – Specific provisions in relation to payments in respect of certain types of Exempt Notes

18.12 Payment of Instalment Amounts (other than the final Instalment Amount) in respect of an Instalment Note which is a Definitive Note with Receipts will be made against presentation of the Note together with the relevant Receipt and surrender of such Receipt. Payment of the Final Instalment Amount in respect of an Instalment Note which is a Definitive Note with Receipts will be made only against presentation and surrender (or, in the case of any part payment, endorsement) of the relevant Note and Receipt. Upon the date on which any Definitive Note becomes due and repayable, unmatured Receipts (in any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

The Receipts are not and shall not in any circumstances be deemed to be documents of title and if separated from the Note to which they relate will not represent any obligation of the Issuer. Accordingly, the presentation of a Note without the relevant Receipt or the presentation of a Receipt without the Note to which it appertains shall not entitle the Holder to any payment in respect of the relevant Instalment Amount.

18.13 Upon the date on which any Dual Currency Note or Note which bears interest in variable amounts which is a Definitive Note becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

Payments – General Provisions

18.14 Save as otherwise specified in these Conditions, Conditions 18.15 to 18.18 are applicable in relation to Bearer Notes, Registered Notes and Swedish Notes.
18.15 Payments of amounts due (whether principal, interest or otherwise) in respect of Notes (other than Swedish Notes) will be made in the currency in which such amount is due (a) by cheque or (b) at the option of the payee, by transfer to an account denominated in the relevant currency (or in the case of euro, an account to which euro may be credited or transferred) specified by the payee. In the case of Bearer Notes, if payments are made by transfer, such payments will only be made by transfer to an account maintained by the payee outside of the United States. In no event will payment of amounts due in respect of Bearer Notes be made by a cheque mailed to an address in the United States.

Payments of amounts due (whether principal, interest or otherwise) in respect of Swedish Notes will be made in accordance with Condition 18.11a in the currency in which such amount is due by transfer to an account denominated in the relevant currency (or in the case of euro, an account to which euro may be credited or transferred) specified by the payee.

Payments will, without prejudice to the provisions of Condition 17, be subject in all cases to any applicable fiscal or other laws and regulations.

For the avoidance of doubt, if any withholding is required under the FATCA Withholding Tax Rules, the Issuer will not be required to pay any additional amount under Condition 17 on account of such withholding.

18.16 If the determination of any amount (whether in respect of principal, interest or otherwise) due in respect of the Notes on an Interest Payment Date, Instalment Date, early redemption date or the Maturity Date (such date a "Scheduled Payment Date") is calculated by reference to the valuation of one or more Reference Item(s) and the date (or final date, as the case may be) for such valuation is postponed or delayed as provided herein or in the applicable Issue Terms to a date (such date the "Delayed Date") falling less than two Business Days preceding such Scheduled Payment Date, notwithstanding any provision to the contrary herein or in the applicable Issue Terms to a date (such date the "Delayed Date") falling less than two Business Days preceding such Scheduled Payment Date, notwithstanding any provision to the contrary herein or in the applicable Issue Terms to a date (such date the "Delayed Date") falling less than two Business Days preceding such Scheduled Payment Date, notwithstanding any provision to the contrary herein or in the applicable Issue Terms to a date (such date the "Delayed Date") falling less than two Business Days preceding such Scheduled Payment Date, notwithstanding any provision to the contrary herein or in the applicable Issue Terms to a date (such date the "Delayed Date") falling less than two Business Days preceding such Scheduled Payment Date, notwithstanding any provision to the contrary herein or in the applicable Issue Terms to a date (such date the "Delayed Date") falling less than two Business Days preceding such Scheduled Payment Date, notwithstanding any provision to the contrary herein or in the applicable Issue Terms to a date (such date the "Delayed Date") falling less than two Business Days following such Delayed Date and no interest or other amount shall be payable on the Notes in respect of such delay.

18.17 For the purposes of these Conditions (other than with respect to payments to be made on Swedish Notes) "Payment Date" means:

(i) a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in (A) in the case of Notes in definitive form only, the place of presentation of the relevant Note or, as the case may be, Coupon and (B) each Financial Centre specified in the applicable Issue Terms; and

(ii) either (A) in the case of any currency other than euro, a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) and foreign exchange markets settle payments in the principal financial of the country of the relevant Specified Currency (if other than the place of presentation and any Financial Centre and which if the Specified Currency is Australian
dollars or New Zealand dollars shall be Sydney and Auckland, respectively); or (B) in the case of payment in euro, a day which is a TARGET Business Day.

18.17a In relation to payments to be made on Swedish Notes, for the purposes of these Conditions, “Payment Date” means any day (other than a Saturday or a Sunday) on which commercial banks are generally open for business (including dealings in foreign exchange and foreign currency deposits) in Stockholm.

18.18 No commissions or expenses shall be charged to the Holders of Notes or Coupons in respect of such payments.

18.19 If the Issuer is due to make a payment in a currency (the “original currency”) other than euro in respect of any Note, Coupon or Receipt and the original currency is not available on the foreign exchange markets due to the imposition of exchange controls, the original currency’s replacement or disuse or other circumstances beyond the Issuer’s control, the Issuer will be entitled to satisfy its obligations in respect of such payment by making payment in euro on the basis of the spot exchange rate (the “Euro FX Rate”) at which the original currency is offered in exchange for euro in the London foreign exchange market (or, at the option of the Calculation Agent, in the foreign exchange market of any other financial centre which is then open for business) at noon, London time, two London Banking Days prior to the date on which payment is due or, if the Euro FX Rate is not available on that date, on the basis of a substitute exchange rate determined by the Calculation Agent acting in its absolute discretion from such source(s) and at such time as it may select. For the avoidance of doubt, the Euro FX Rate or substitute exchange rate as aforesaid may be such that the resulting euro amount is zero and in such event no amount of euro or the original currency will be payable. Any payment made in euro or non-payment in accordance with this paragraph will not constitute an Event of Default under Condition 16.

19. Prescription

19.01 In respect of Notes governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein, subject to applicable law, the Issuer’s obligation to pay an amount of principal and interest in respect of Notes will cease if the Notes or Coupons, as the case may be, are not presented within two years after the Relevant Date (as defined in Condition 17.02) for payment thereof, or such other length of time as is specified in the applicable Issue Terms.

19.02 In respect of Notes governed by English law (whether in bearer or registered form), Notes and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 17.02) therefor.

19.03 In relation to Definitive Notes initially delivered with Talons attached thereto, there shall not be included in any Coupon sheet issued upon exchange of a Talon any Coupon which would be void pursuant to Condition 18.06 or this Condition 19 or the maturity date or due date for the payment of which would fall after the due date for the redemption of the relevant Note, or any Talon the maturity date of which would fall after the due date for the redemption of the relevant Note.
19.04 In relation to Swedish Notes, the Issuer’s obligation to pay an amount of principal or interest in respect of such Notes will cease if a claim for payment of such principal or interest is not made within ten years after the Relevant Date.

For the purposes of this Condition 19.04, “Relevant Date” means the date on which such payment first becomes due, or such later date on which an interruption of the period of limitation (Sw. preskriptionsavbrott) is made in accordance with the Swedish Limitations Act 1981 (Sw. preskriptionslagen (1981: 130)).

20. The Paying Agents, the Registrar and the Calculation Agent

20.01 The Issuing and Paying Agent and the Registrar and their respective initial specified offices are specified below. The Calculation Agent in respect of any Notes and any additional or other Paying Agents shall be specified in Part A or Part B of the applicable Issue Terms, respectively. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent (including the Issuing and Paying Agent) or the Registrar or the Calculation Agent and to appoint additional or other Paying Agents or another Registrar or another Calculation Agent provided that it will at all times maintain (i) an Issuing and Paying Agent, (ii) in the case of Registered Notes, a Registrar, (iii) following the issue of Definitive Notes, and while any such Definitive Notes are outstanding, a Paying Agent (which may be the Issuing and Paying Agent) with a specified office in a continental European city, (iv) a Paying Agent in a member state of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive (v) so long as the Notes are admitted to trading on the Irish Stock Exchange and/or admitted to listing or trading on any other stock exchange or relevant authority and the rules of such exchange or relevant authority so require, a Paying Agent (which may be the Issuing and Paying Agent) and a Registrar each with a specified office in London and/or in such other place as may be required by the rules of such other stock exchange or other relevant authority, (vi) in the circumstances described in Condition 17.04, a Paying Agent with a specified office in New York City, and (vii) a Calculation Agent where required by the Conditions applicable to any Notes (in the case of (i), (ii), (iii) and (vii) with a specified office located in such place (if any) as may be required by the Conditions). The Paying Agents, the Registrar and the Calculation Agent reserve the right at any time to change their respective specified offices to some other specified office in the same metropolitan area. Notice of all changes in the identities or specified offices of any Paying Agent, the Registrar or the Calculation Agent will be given promptly by the Issuer to the Holders in accordance with Condition 23.

20.01a The Swedish Notes Issuing and Paying Agent and its initial specified offices are specified below. The Issuer reserves the right at any time to vary or terminate the appointment of the Swedish Notes Issuing and Paying Agent provided that the Issuer shall at all times maintain a Swedish Notes Issuing and Paying Agent authorised to act both as an account operating institution (Sw. kontoförande institut) and issuing agent (Sw. emissionsinstitut) with Euroclear Sweden. Notice of all changes in the identity or specified offices of the Swedish Notes Issuing and Paying Agent will be given promptly by the Issuer to the Holders in accordance with Condition 23.
**20.01b** The Swiss Programme and Paying Agent and its initial specified offices are specified below. The Issuer reserves the right at any time to vary or terminate the appointment of the Swiss Programme and Paying Agent provided that the Issuer shall at all times maintain a Swiss Programme and Paying Agent authorised to act in such capacity. Notice of all changes in the identity or specified offices of the Swiss Programme and Paying Agent will be given promptly by the Issuer to the Holders in accordance with Condition 23.

**20.02** The Paying Agents, the Registrar and the Calculation Agent act solely as agents of the Issuer and, save as provided in the Issue and Paying Agency Agreement or any other agreement entered into with respect to their respective appointments, do not assume any obligations towards or relationship of agency or trust for any Holder of any Note, Receipt or Coupon and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Issue and Paying Agency Agreement or other agreement entered into with respect to its appointment or incidental thereto.

**20.03** Notwithstanding the foregoing, the Issuing and Paying Agent, on behalf of itself and the other Paying Agents, shall have the right to decline to act as the Paying Agent with respect of any Notes issued pursuant to the Programme that are payable and/or dischargeable by the Issuer by the payment or delivery of securities and/or other property or any combination of cash, securities and/or property whereupon the Issuer or an affiliate thereof shall either (i) act as Paying Agent or (ii) engage another financial institution to act as Paying Agent in respect of such Notes. The applicable Issue Terms relating to such Notes shall include the relevant details regarding the applicable Paying Agent.

**21. Replacement of Notes (other than Swedish Notes)**

If any Note (other than any Swedish Note), Receipt or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issuing and Paying Agent or any Paying Agent (in the case of Bearer Notes and Coupons) or of the Registrar (in the case of Registered Notes) (the "Replacement Agent"), subject to all applicable laws and the requirements of any stock exchange on which the Notes are listed, upon payment by the claimant of all expenses incurred in connection with such replacement and upon such terms as to evidence, security, indemnity and otherwise as the Issuer and the Replacement Agent may require. Mutilated or defaced Notes, Receipts and Coupons must be surrendered before replacements will be delivered therefor.

**22. Meetings of Holders and Modification**

The Issue and Paying Agency Agreement contains provisions for convening meetings of the Holders of Notes of any Series (other than Swedish Notes) to consider any matter affecting their interest, including (without limitation) the modification by Extraordinary Resolution (as defined in the Issue and Paying Agency Agreement) of these Conditions insofar as the same may apply to such Notes. An Extraordinary Resolution passed at any meeting of the Holders of Notes of any Series will be binding on all Holders of the Notes of such Series, whether or not they are present at the meeting, and on all Holders of Coupons relating to Notes of such Series, except that without the consent and affirmative vote of each Holder of Notes, no Extraordinary Resolution may: (i) amend the Maturity Date or other redemption date of the Notes, any date for payment of an Instalment Amount or any Interest Payment Date in respect of any Notes (ii) reduce or cancel
the Outstanding Principal Amount or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) reduce the Rates of Interest in respect of the Notes, Fixed Coupon Amounts or vary the manner in which the Rate(s) of Interest are to be determined, (iv) if a Minimum Rate of Interest and/or a Maximum Rate of Interest, Instalment Amount, or Redemption Amount is indicated in the Issue Terms, reduce any such minimum and/or maximum, (v) change any method of or basis for, calculating the Redemption Amount, including the method of or basis for, calculating the Amortised Face Amount, (vi) in the case of an Exempt Note subject to any applicable redenomination provisions specified in the Pricing Supplement, change the Specified Currency or Currencies of payment or Specified Denomination of the Notes, (vii) modify the provisions concerning the quorum required at any meeting of Holders of Notes or the majority required to pass an Extraordinary Resolution or (viii) modify or eliminate any of items (i) through (vii), inclusive above unless passed at a meeting of the Holders of Notes (or at any adjournment thereof) at which a special quorum (provided for in the Issue and Paying Agency Agreement) is present.

In addition to Extraordinary Resolutions passed at meetings of the Holders of Notes, the Issue and Paying Agency Agreement provides that either (i) a resolution in writing signed on behalf of the Holders of not less than three-fourths of the aggregate principal amount of Notes for the timing being outstanding (whether such resolution in writing is contained in one document or several documents in the same form, each signed on behalf of one or more Noteholders) or (ii) consents given by way of electronic consents through the relevant clearing systems by or on behalf of a Holder of not less than three-fourths in principal amount of the Notes for the time being outstanding will take effect as an Extraordinary Resolution.

The Issuer may, with the consent of the Issuing and Paying Agent, but without the consent of the Holders of the Notes, make any modification to these Terms and Conditions (i) which is not materially prejudicial to the interests of the Holders of Notes, or (ii) to correct a manifest or proven error or an error that is of a formal, minor or technical nature, or to correct, cure or supplement any defective provision contained herein in respect of Notes. Subject as aforesaid, no other modification may be made to these Terms and Conditions except with the sanction of an Extraordinary Resolution adopted by the Holders.

Save as provided therein, the Issue and Paying Agency Agreement may be amended by agreement among the parties thereto and without the consent of any Holders of the Notes.

22a. Meetings of Holders of Swedish Notes and Modification

The Swedish Notes Issuing and Paying Agent Agreement contains provisions for convening meetings of the Holders of Swedish Notes of any Series to consider any matter affecting their interest, including (without limitation) the modification by Extraordinary Resolution (as defined in the Swedish Notes Issuing and Paying Agent Agreement) of these Conditions insofar as the same may apply to such Swedish Notes. An Extraordinary Resolution passed at any meeting of the Holders of Swedish Notes of any Series will be binding on all Holders of the Swedish Notes of such Series, whether or not they are present at the meeting, and on all Holders of Coupons relating to Swedish Notes of such Series, except that without the consent and affirmative vote of each Holder of Swedish Notes, no Extraordinary Resolution may: (i) amend the Maturity Date or other redemption date of the Swedish Notes, any date for payment of an Instalment Amount or any Interest Payment Date in respect of any Swedish Notes (ii) reduce or cancel the Outstanding
Principal Amount or any Instalment Amount of, or any premium payable on redemption of, the Swedish Notes, (iii) reduce the Rates of Interest in respect of the Swedish Notes, Fixed Coupon Amounts or vary the manner in which the Rate(s) of Interest are to be determined, (iv) if a Minimum Rate of Interest and/or a Maximum Rate of Interest, Instalment Amount, or Redemption Amount is indicated in the Issue Terms, reduce any such minimum and/or maximum, (v) change any method of or basis for, calculating the Redemption Amount, including the method of or basis for, calculating the Amortised Face Amount, (vi) in the case of an Exempt Note subject to any applicable redenomination provisions specified in the Pricing Supplement, change the Specified Currency or Currencies of payment or Specified Denomination of the Swedish Notes, (vii) modify the provisions concerning the quorum required at any meeting of Holders of Swedish Notes or the majority required to pass an Extraordinary Resolution or (viii) modify or eliminate any of items (i) through (vii), inclusive above unless passed at a meeting of the Holders of Swedish Notes (or at any adjournment thereof) at which a special quorum (provided for in the Swedish Notes Issuing and Paying Agent Agreement) is present.

If the holder of Swedish Notes held through a nominee (an "Indirect Noteholder") attends the meeting (in person or through a duly authorised agent) and shows a certificate from the relevant nominee showing that such Indirect Noteholder on the fifth (5th) Business Day prior to the meeting was a holder of Swedish Notes, the Indirect Noteholder shall be regarded a Holder of Swedish Notes for the purposes of this Condition 22a.

In connection with a meeting of Holders of Swedish Notes, the Swedish Notes Issuing and Paying Agent shall have access to the Swedish Notes Register.

Save as provided therein, the Swedish Notes Issuing and Paying Agent Agreement may be amended by agreement among the parties thereto and without the consent of any Holders of the Swedish Notes.

23. Notices

To Holders of Bearer Notes

23.01 Notices to Holders of Bearer Notes will be deemed to be validly given if published in a leading daily newspaper having general circulation in London (which is expected to be the Financial Times) or, if permitted by the rules of the relevant stock exchange or other relevant authority, in the case of Notes represented by a Temporary Global Note or Permanent Global Note, if delivered to Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system for communication by them to the persons shown in their respective records as having interests therein. The Issuer shall also ensure that notices are duly published in compliance with the requirements of each stock exchange or any other relevant authority on which the Notes are listed. Any notice so given will be deemed to have been validly given on the date of first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers) or, as the case may be, on the fourth weekday after the date of such delivery to Euroclear and Clearstream, Luxembourg and/or such other clearing system. Holders of Coupons will be deemed for all purposes to have notice of the contents of any notice given to Holders of Bearer Notes in accordance with this Condition.
To Holders of Registered Notes

23.02 Notices to Holders of Registered Notes will be deemed to be validly given if sent by first class mail (or equivalent) or, if posted to an overseas address, by air mail to them (or, in the case of joint Holders, to the first-named in the register kept by the Registrar) at their respective addresses as recorded in the register kept by the Registrar, or permitted by the rules of the relevant stock exchange or other relevant authority, in the case of Registered Notes in global form, if delivered to Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system for communication by them to persons shown in their respective records as having interests therein. Any notice so given will be deemed to have been validly given on the fourth weekday after the date of such mailing or, if posted from another country, on the fifth such day. The Issuer shall also ensure that notices are duly published in compliance with the requirements of each stock exchange or any other relevant authority on which the Notes are listed.

To Issuer

23.03 Notices to be given by any Holder shall be in writing and given by lodging the same, together with the relevant Note or Notes, with the Issuing and Paying Agent or the Registrar (as applicable). While any of the Notes are represented by a Global Note, such notice may be given by any Holder to the Issuing and Paying Agent or the Registrar (as applicable) through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Issuing and Paying Agent or the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

In relation to Swedish Notes

23.04 All notices regarding the Swedish Notes will be deemed to be validly given if sent by mail to a Holder of Swedish Notes to the address registered for such Holder in the system of Euroclear Sweden or in accordance with the legislation, rules and regulations applicable to, and/or issued by, Euroclear Sweden. Any such notice shall be deemed to have been given, if sent by mail to the Holder, on the fourth Business Day following the day the notice was sent by mail.

In relation to Swiss Notes listed on the SIX Swiss Exchange

23.05 All notices regarding Swiss Notes listed on the SIX Swiss Exchange to be made to Holders will be additionally given through the online information system of the SIX Swiss Exchange, by publishing on SIX Swiss Exchange’s website as provided for in the rules of the SIX Swiss Exchange. The SIX Swiss Exchange’s designated website is:

24. Further Issues

The Issuer may from time to time, without the consent of the Holders of any Notes or Coupons, create and issue further Notes, bonds or debentures having the same terms and conditions as such Notes in all respects (or in all respects except for the first payment of interest, if any, on them and/or the Specified Denomination thereof) so as to form a single series with the Notes of any particular Series.
25. Currency Indemnity

Subject to Condition 18.19, the currency in which the Notes are denominated or, if different, payable, as specified in the Issue Terms (the “Contractual Currency”), is the sole currency of account and payment for all sums payable by the Issuer in respect of the Notes, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgement or order of a court of any jurisdiction or otherwise) by any Holder of a Note or Coupon in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the Contractual Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first day on which it is practicable to do so). If that amount is less than the amount in the Contractual Currency expressed to be due to any Holder of a Note or Coupon in respect of such Note or Coupon the Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the Issuer shall indemnify each such Holder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder of a Note or Coupon and shall continue in full force and effect despite any judgement, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Notes or any judgement or order. Any such loss aforesaid shall be deemed to constitute a loss suffered by the relevant Holder of a Note or Coupon and no proof or evidence of any actual loss will be required by the Issuer.

26. Waiver and Remedies

No failure to exercise, and no delay in exercising, on the part of the Holder of any Note, any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights provided by law. No notice or demand given in any case shall constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

27. Branch of Account

27.01 For the purposes of the Bank Act (Canada) the branch of the Bank set out in the applicable Issue Terms shall be the branch of account (the “Branch of Account”) for the deposit liabilities under the Bank Act (Canada) evidenced by this Note. If not specified in the applicable Issue Terms, the Branch of Account will be the main branch of the Issuer in Toronto. Notes issued by a Branch of Account are obligations of the Bank.

27.02 Notes will be paid without the necessity of first being presented for payment at the Branch of Account.

27.03 If the Branch of Account is not in Canada, the Bank may change the Branch of Account for the deposit liabilities under the Bank Act (Canada) evidenced by the relevant Note, upon not less than seven days’ prior notice to the Holder given in accordance with Condition 23 and upon and subject to the following terms and conditions:
(i) if the Note is denominated in Yen, the Branch of Account or Branch, as the case may be, shall not be in Japan;

(ii) the Issuer shall indemnify and hold harmless the holders of the Notes, Receipts and Coupons relating thereto against any tax, duty, assessment or governmental charge which is imposed or levied upon such holder as a consequence of such change, and shall pay the reasonable costs and expenses of the Issuing and Paying Agent in connection with such change; and

(iii) notwithstanding (ii) above, no change of the Branch of Account may be made unless immediately after giving effect to such change (a) no Event of Default, and no event which, after the giving of notice or lapse of time or both, would become an Event of Default shall have occurred and be continuing and (b) payments of principal, interest or other amounts on Notes of this Series, Coupons and Receipts relating thereto to holders thereof (other than Excluded Holders, as hereinafter defined) shall not, in the opinion of counsel to the Issuer, be subject to any taxes, as hereinafter defined, to which they would not have been subject had such change not taken place. For the purposes of this section, an “Excluded Holder” means a holder of a Note of this Series, Coupon or Receipts relating thereto who is subject to taxes by reason of its having some connection with the Relevant Jurisdiction other than the mere holding of a Note of this Series, Coupon or Receipts as a non-resident of such Relevant Jurisdiction. “Relevant Jurisdiction” means Canada, its provinces or territories and the jurisdiction in which the new Branch of Account is located, and “taxes” means any tax, duty, assessment or other governmental charge imposed or levied in respect of the payment of the principal of the Notes of this Series or interest thereon for or on behalf of a Relevant Jurisdiction or any authority therein or thereof having power to tax.

28. **Contracts (Rights of Third Parties) Act 1999**

No person shall have any rights to enforce any Condition of any Notes governed by English law under the **Contracts (Rights of Third Parties) Act 1999**, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

29. **Law and Jurisdiction**

29.01 The Issue and Paying Agency Agreement, the Notes and Receipts, Coupons and Talons related thereto and, unless otherwise specified in the applicable Issue Terms, the Notes and Receipts, Coupons and Talons related thereto are governed by and shall be construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein.

29.02 In the case of Notes issued on a non-syndicated basis only, if specified in the applicable Issue Terms, the Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with such Notes, Receipt, Coupons and Talons shall be governed by, and shall be construed in accordance with, English law.

29.03 The Swedish Notes and any non-contractual obligations arising out of or in connection with them shall be governed by, and shall be construed in accordance with, English law.
29.04 The Swiss Notes and any non-contractual obligations arising out of or in connection with them shall be governed by, and shall be construed in accordance with, English law.

29.05a If the governing law for the Notes, the Receipts, the Coupons and the Talons is specified in the applicable Issue Terms as being English law, subject to Condition 29.05c below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with any such Notes, Receipts, Coupons or Talons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with any such Notes, Receipts, Coupons or Talons a “Dispute”) and accordingly each of the Issuer and any Holder of such Notes, Receipts, Coupons or Talons in relation to any Dispute submits to the exclusive jurisdiction of the English courts.

29.05b For the purposes of this Condition 29.05, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

29.05c To the extent allowed by law, the Holder of such Notes, Receipts, Coupons or Talons may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

29.05d The Issuer irrevocably agrees that service of process in any such proceedings in England in relation to any Dispute shall be deemed completed on delivery to its London branch at Riverbank House, 2 Swan Lane, London EC4R 3BF, England (whether or not it is forwarded to and received by the Issuer). If for any reason such branch ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint another person as its agent for service of process in England in respect of any Dispute and shall immediately notify Holders of such appointment in accordance with Condition 23. Nothing shall affect the right to serve process in any manner permitted by law.

30. Additional Payouts Condition

The following condition (the "Payout Condition"), subject to completion in the applicable Final Terms, relates to the payouts in respect of certain Notes as specified below. In particular, certain sections of the Payout Condition will be completed in the applicable Final Terms. Depending upon the relevant Reference Item, the provisions of Condition 7 (Index Linked Notes), Condition 8 (Equity Linked Notes), Condition 9 (Physical Delivery), Condition 10 (Fund Linked Notes) and Condition 12 (Provisions relating to Exchange Traded Funds), Condition 13 (Commodity Linked Notes) or Condition 14 (Currency Linked Notes), as applicable, will apply to the Notes, in each case as amended as set out in this Payout Condition. In the event of any inconsistency between any other provisions of the Terms and Conditions of the Notes and this Payout Condition, this Payout Condition shall prevail. In the event of any inconsistency between (i) other provisions of the Terms and Conditions of the Notes and/or this Payout Condition and (ii) the Final Terms, the Final Terms shall prevail.

30.01 Final Redemption Amount

If the Notes are specified in the applicable Final Terms as Non-Exempt Reference Item Linked Redemption Notes, the provisions of this Condition 30.01 will apply and:
"Final Redemption Amount" means an amount (which may never be less than zero) calculated by the Calculation Agent equal to:

(a) if Capital Barrier Event is specified as applicable in the applicable Final Terms:

(i) if a Capital Barrier Event has occurred:

(x) if Final Redemption Amount 1 is specified in the applicable Final Terms:

Min (Calculation Amount x Relevant Reference Performance in respect of the Relevant Monitoring Date, Cap); or

(y) if Final Redemption Amount 2 is specified in the applicable Final Terms:

Calculation Amount x (Relevant Reference Performance in respect of the Relevant Monitoring Date / Capital Barrier Level); or

(ii) if a Capital Barrier Event has not occurred:

(x) if Final Redemption Amount 7 is specified in the applicable Final Terms:

Calculation Amount x 100%; or

(y) otherwise:

(A) if the Relevant Reference Performance in respect of the Relevant Monitoring Date is below 100%:

(1) if Final Redemption Amount 3 is specified in the applicable Final Terms:

Calculation Amount x (P% + [X% x Max (Floor, Relevant Reference Performance in respect of the Relevant Monitoring Date))]; or

(2) if Final Redemption Amount 4 is specified in the applicable Final Terms:

Calculation Amount x (X1% + [X% x Max (Floor, K1% – Relevant Reference Performance in respect of the Relevant Monitoring Date))]; or

(B) if the Relevant Reference Performance in respect of the Relevant Monitoring Date is equal to or greater than 100%:

(1) if Final Redemption Amount 5 is specified in the applicable Final Terms:

Calculation Amount x (P% + [Y% x Min (Cap, Max (Floor, Relevant Reference Performance in respect of the Relevant Monitoring Date))]); or
(2) if Final Redemption Amount 6 is specified in the applicable Final Terms:

Calculation Amount x (X2% + [Y% x Min (Cap, Max (Floor, Relevant Reference Performance in respect of the Relevant Monitoring Date – K2%))]);

(b) if Put Strike Event is specified as applicable in the applicable Final Terms:

(i) if a Put Strike Event has occurred:

Calculation Amount x (Relevant Reference Performance in respect of the Relevant Monitoring Date / Put Strike Level); or

(ii) if a Put Strike Event has not occurred:

(x) if Final Redemption Amount 7 is specified in the applicable Final Terms:

Calculation Amount x 100%; or

(y) otherwise:

(A) if the Relevant Reference Performance in respect of the Relevant Monitoring Date is below 100%:

(1) if Final Redemption Amount 3 is specified in the applicable Final Terms:

Calculation Amount x (P% + [X% x Max (Floor, Relevant Reference Performance in respect of the Relevant Monitoring Date))]; or

(2) if Final Redemption Amount 4 is specified in the applicable Final Terms:

Calculation Amount x (X1% + [X% x Max (Floor, K1% – Relevant Reference Performance in respect of the Relevant Monitoring Date)]); or

(B) if the Relevant Reference Performance in respect of the Relevant Monitoring Date is equal to or greater than 100%:

(1) if Final Redemption Amount 5 is specified in the applicable Final Terms:

Calculation Amount x (P% + [Y% x Min (Cap, Max (Floor, Relevant Reference Performance in respect of the Relevant Monitoring Date)]); or

(2) if Final Redemption Amount 6 is specified in the applicable Final Terms:
Calculation Amount \times (X\% + \{Y\% \times \text{Min}(\text{Cap, Max} (\text{Floor, Relevant Reference Performance in respect of the Relevant Monitoring Date – K}\%))\});

(c) if the Notes are specified in the applicable Final Terms as Preference Share Linked Notes:

Calculation Amount \times \frac{\text{Preference Share Value}_{\text{final}}}{\text{Preference Share Value}_{\text{initial}}}, \text{ or }

(d) if the Notes are not specified in the applicable Final Terms as Preference Share Linked Notes and neither Capital Barrier Event nor Put Strike Event is specified as applicable in the applicable Final Terms:

Calculation Amount \times (100\% + X\%).

For the purposes of this definition of Final Redemption Amount for Preference Share Linked Notes, the Issue Price must be 100 per cent. of the Aggregate Principal Amount.

30.02 Non-Exempt Trigger Early Redemption Notes

If Condition 5.08 (Trigger Early Redemption) is specified in the applicable Final Terms, the provisions of this Condition 30.02 will apply and:

"Trigger Early Redemption Amount" is:

(a) if Trigger Early Redemption Event 2 applies, an amount (which may never be less than zero) calculated by the Calculation Agent equal to:

Calculation Amount \times (X\% + \text{Composite Rate in respect of the Trigger Event Date}); or

(b) otherwise, as specified in the applicable Final Terms;

"Trigger Early Redemption Date" is as specified in the applicable Final Terms; and

"Trigger Early Redemption Event" means Trigger Early Redemption Event 1, Trigger Early Redemption Event 2 or Trigger Early Redemption Event 3, as specified in the applicable Final Terms.

30.03 Interest Amount

If the Notes are specified in the applicable Final Terms as Non-Exempt Reference Item Linked Interest Notes, the provisions of this Condition 30.03 will apply and:

"Interest Amount" means, in respect of an Interest Period:

(a) if the Notes are specified in the applicable Final Terms as Interest Barrier Notes:

(i) if an Interest Barrier Event occurs in respect of such Interest Period, an amount (which may never be less than zero) calculated by the Calculation Agent equal to:
(Calculation Amount x Rate of Interest x Day Count Fraction) – Paid Interest; or

(ii) otherwise, zero; or

(b) if the Notes are specified in the applicable Final Terms as Interest Reference Performance Notes, Digital Range Accrual Interest Notes, Floating Ratchet Interest Notes or Floating Participation Interest Notes, an amount (which may never be less than zero) calculated by the Calculation Agent equal to:

Calculation Amount x Rate of Interest x Day Count Fraction,

Provided That:

(i) if Global Interest Cap Event is specified as applicable in the applicable Final Terms and a Global Interest Cap Event occurs in respect of an Interest Period:

(x) the Interest Amount otherwise determined in respect of such Interest Period as provided above will be reduced by an amount equal to the Global Interest in respect of such Interest Period less the Global Interest Cap; and

(y) the Interest Amount in respect of each Interest Period thereafter will be zero; and/or

(ii) if Global Interest Floor Event is specified as applicable in the applicable Final Terms, the Notes are redeemed pursuant to Condition 5.01 (Redemption at Maturity), Condition 5.03 (Call Option), Condition 5.08 (Trigger Early Redemption), Condition 7.01 (Redemption of Index Linked Redemption Notes), Condition 8.01 (Redemption of Equity Linked Redemption Notes), Condition 11.01 (Redemption of Fund Linked Redemption Notes), Condition 12.01 (Redemption of ETF Linked Redemption Notes), Condition 13.01 (Redemption of Currency Linked Redemption Notes), Condition 14.01 (Redemption of Commodity Linked Redemption Notes) or Condition 15.01 (Redemption of Preference Share Linked Redemption Notes) and a Global Interest Floor Event occurs in respect of the final Interest Period, the Interest Amount otherwise determined in respect of such Interest Period as provided above will be increased by an amount equal to the Global Interest Floor less the Global Interest in respect of such Interest Period.

If the Notes are Switchable Interest Notes, the applicable interest basis in respect of the Notes will change as provided under "Change of Interest Basis" in the applicable Final Terms on:

(a) if Issuer's Switch Option is specified as applicable in the applicable Final Terms and the Issuer gives a notice to the Holders in accordance with Condition 23 stating that the interest basis will change, on the date specified in such notice;

(b) if Switchable Interest Trigger Event is specified as applicable in the applicable Final Terms and a Switchable Interest Trigger Event occurs, the Switch Interest Date; or

(c) otherwise, the Switch Interest Date.
30.04 Physical Delivery Payout

If the Notes are specified in the applicable Final Terms as Non-Exempt Physical Delivery Notes, the provisions of this Condition 30.04 will apply and:

"Entitlement" means:

\[
\frac{\text{Calculation Amount}}{\text{Initial Valuation}} / \text{FX Rate}.
\]

"Settlement Business Day" means any day on which the Entitlement Clearing System is (or but for the occurrence of a Settlement Disruption Event would have been) open for the acceptance and execution of settlement instructions.

31. Additional Definitions relating to the Payout Condition

"Basket Relevant Reference Performance" means:

(a) if Capital Barrier Event 3 applies, in respect of any time, the weighted average of the Single Underlying Relevant Reference Performance in respect of each Reference Item, such time and the Relevant Monitoring Date, weighted by reference to the Weighting specified for such Reference Item in the applicable Final Terms; or

(b) otherwise, the weighted average of the Single Underlying Relevant Reference Performance in respect of each Reference Item and the Relevant Monitoring Date, weighted by reference to the Weighting specified for such Reference Item in the applicable Final Terms.

"Benchmark Rate" means:

(a) for the purposes of Rate of Interest 2 or Trigger Early Redemption Event 2:

(i) in respect of a Floating Rate Option and a day which is a Benchmark Rate Business Day, the ISDA Rate that would be determined pursuant to Condition 4 were ISDA Rate Determination applicable with the Benchmark Rate provisions specified in relation to such Floating Rate Option under the Reference Item Linked Interest Notes or Trigger Early Redemption provisions, as applicable, in the applicable Final Terms and references therein to "Rate of Interest" and "Interest Period" to "Benchmark Rate" and "Benchmark Rate Business Day" respectively; or

(ii) in respect of a Floating Rate Option and a day which is not a Benchmark Rate Business Day, the Benchmark Rate in respect of the immediately preceding Benchmark Rate Business Day,

Provided That if the Notes are specified in the applicable Final Terms as Digital Range Accrual Interest Notes, the Benchmark Rate in respect of each Range Observation Date in the relevant Range Observation Period falling after the Range Observation Cut-Off Date in such Range Observation Period will be the Benchmark Rate in respect of the Range Observation Cut-Off Date; or
for the purposes of Switchable Interest Trigger Event, Rate of Interest 5 or Rate of Interest 6, in respect of a Floating Rate Option and an Interest Period, the ISDA Rate that would be determined pursuant to Condition 4 were ISDA Rate Determination applicable with the Benchmark Rate provisions specified in relation to such Floating Rate Option under the Change of Interest Basis or Reference Item Linked Interest Notes provisions, as applicable, in the applicable Final Terms and references therein to "Rate of Interest" to "Benchmark Rate".

"Benchmark Rate Business Day" means:

(a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the locations specified for such purposes in the applicable Final Terms; and/or

(b) if TARGET is specified for such purposes in the applicable Final Terms, a day which is a TARGET Business Day.

"Benchmark Weighting", in respect of a Floating Rate Option, is as specified in the applicable Final Terms.

"Best-of Basket Relevant Reference Performance" means:

(a) if Capital Barrier Event 3 applies, the Single Underlying Relevant Reference Performance in respect of the Best Performer, the relevant time and the Relevant Monitoring Date; or

(b) otherwise, the Single Underlying Relevant Reference Performance in respect of the Best Performer and the Relevant Monitoring Date.

"Best Performer" means the Reference Item in respect of which the Single Underlying Relevant Reference Performance is, in the determination of the Calculation Agent, the largest positive number, provided that if the Single Underlying Relevant Reference Performance is the same number with respect to two or more Reference Items the Calculation Agent shall determine the Best Performer.

"Cap" is as specified in the applicable Final Terms.

"Capital Barrier Event" means Capital Barrier Event 1, Capital Barrier Event 2 or Capital Barrier Event 3, as specified in the applicable Final Terms.

"Capital Barrier Event 1" means the Relevant Reference Performance in respect of the Relevant Monitoring Date is less than the Capital Barrier Level.

"Capital Barrier Event 2" means the Relevant Reference Performance in respect of any Relevant Monitoring Date is less than the Capital Barrier Level.

"Capital Barrier Event 3" means the Relevant Reference Performance in respect of any time and a Relevant Monitoring Date is less than the Capital Barrier Level.

"Capital Barrier Level" is as specified in the applicable Final Terms.
"Composite Rate" means, in respect of an Interest Period or a Relevant Monitoring Date, a rate calculated by the Calculation Agent equal to the sum, for each Floating Rate Option specified in the applicable Final Terms of:

Benchmark Weighting x Benchmark Rate.

"Entitlement Clearing System" is as specified in the applicable Final Terms.

"Exchange Rate" is as specified in the applicable Final Terms.

"First Outperformance Reference Item" is as specified in the applicable Final Terms.

"Floor" is as specified in the applicable Final Terms.

"FX Rate" means:

(a) if FX Rate is specified as applicable in the applicable Final Terms, the Exchange Rate in respect of the last occurring Monitoring Date; and

(b) if FX Rate is not specified as applicable in the applicable Final Terms, one.

"Global Interest Cap" is as specified in the applicable Final Terms.

"Global Interest Cap Event" means, in respect of an Interest Period, the Global Interest in respect of such Interest Period is greater than the Global Interest Cap.

"Global Interest Floor" is as specified in the applicable Final Terms.

"Global Interest Floor Event" means, in respect of an Interest Period, the Global Interest in respect of such Interest Period is less than the Global Interest Floor.

"Global Interest" means, in respect of an Interest Period, the sum of (a) the Interest Amount in respect of each principal amount of Notes equal to the Calculation Amount and each previous Interest Period and (b) the Interest Amount in respect of each principal amount of Notes equal to the Calculation Amount and such Interest Period (ignoring for such purposes the proviso to the definition of Interest Amount).

"Initial Monitoring Date" means each date specified as such in the applicable Final Terms.

"Initial Valuation" is:

(a) the level or price specified in the applicable Final Terms; or

(b) if not so specified, Initial Valuation 1, Initial Valuation 2, Initial Valuation 3 or Initial Valuation 4, as specified in the applicable Final Terms.

"Initial Valuation 1" means:

(a) if Capital Barrier Event 3 applies, the Reference Item Level in respect of a Reference Item, the relevant time and the Relevant Initial Monitoring Date; or
(b) otherwise, the Reference Item Level in respect of a Reference Item and the Relevant Initial Monitoring Date.

"Initial Valuation 2" means:

(a) if Capital Barrier Event 3 applies, the arithmetic average of the Reference Item Levels in respect of a Reference Item, the relevant time and the Initial Monitoring Dates in respect of the Relevant Monitoring Date; or

(b) otherwise, the arithmetic average of the Reference Item Levels in respect of a Reference Item and the Initial Monitoring Dates in respect of the Relevant Monitoring Date.

"Initial Valuation 3" means:

(a) if Capital Barrier Event 3 applies, the highest of the Reference Item Levels in respect of a Reference Item, the relevant time and the Initial Monitoring Dates in respect of the Relevant Initial Monitoring Date; or

(b) otherwise, the highest of the Reference Item Levels in respect of a Reference Item and the Initial Monitoring Dates in respect of the Relevant Initial Monitoring Date.

"Initial Valuation 4" means:

(a) if Capital Barrier Event 3 applies, the lowest of the Reference Item Levels in respect of a Reference Item, the relevant time and the Initial Monitoring Dates in respect of the Relevant Initial Monitoring Date; or

(b) otherwise, the lowest of the Reference Item Levels in respect of a Reference Item and the Initial Monitoring Dates in respect of the Relevant Initial Monitoring Date.

"Interest Barrier Event" means the Relevant Reference Performance in respect of any Relevant Monitoring Date in respect of the relevant Interest Period is equal to or greater than the Interest Barrier Level.

"Interest Barrier Level" is as specified in the applicable Final Terms.

"K1%" is as specified in the applicable Final Terms.

"K2%" is as specified in the applicable Final Terms.

"Maximum Rate of Interest" means, in respect of an Interest Period:

(a) if Composite Rate Cap is specified in the applicable Final Terms:

    XXX% + Composite Rate; or

(b) otherwise, as specified in the applicable Final Terms.

"Minimum Rate of Interest" means, in respect of an Interest Period:

(a) if Composite Rate Floor is specified in the applicable Final Terms:
XXX% + Composite Rate; or

(b) otherwise, as specified in the applicable Final Terms.

"Monitoring Date" means each date specified as such in the applicable Final Terms.

"n" means:

(a) if the Notes are specified in the applicable Final Terms as Interest Barrier Notes, the number of Relevant Monitoring Dates in respect of the relevant Interest Period in respect of which the Relevant Reference Performance is equal to or greater than the Interest Barrier Level; or

(b) if the Notes are specified in the applicable Final Terms as Digital Range Accrual Interest Notes, the number of Range Observation Dates in the Range Observation Period in respect of the relevant Interest Period on which the Composite Rate is:

(i) if Lower Barrier is specified as applicable in the applicable Final Terms:

(x) if Equal to or Greater than is specified as applicable in the applicable Final Terms, equal to or greater than the Interest Barrier Level; or

(y) if Greater than is specified as applicable in the applicable Final Terms, greater than the Interest Barrier Level; and/or

(ii) if Upper Barrier is specified as applicable in the applicable Final Terms:

(x) if Equal to or Less than is specified as applicable in the applicable Final Terms, equal to or less than the Interest Barrier Level; or

(y) if Less than is specified as applicable in the applicable Final Terms, less than the Interest Barrier Level.

"N" means:

(a) if Rate of Interest 1 applies, an integer corresponding to the number of Relevant Monitoring Dates in the period from (but excluding) the Trade Date to (and including) the Relevant Monitoring Date immediately preceding the Interest Payment Date for the relevant Interest Period; or

(b) if Rate of Interest 2 applies:

(i) if the Notes are specified in the applicable Final Terms as Interest Barrier Notes, the number of Relevant Monitoring Dates in respect of the relevant Interest Period; or

(ii) if the Notes are specified in the applicable Final Terms as Digital Range Accrual Interest Notes, the number of Range Observation Dates in the Range Observation Period in respect of the relevant Interest Period.
"Outperformance Relevant Reference Performance" means:

(a) if Capital Barrier Event 3 applies, an amount equal to (a) the Specified Outperformance Relevant Reference Performance in respect of the First Outperformance Reference Item, the relevant time and the Relevant Monitoring Date minus (b) the Specified Outperformance Relevant Reference Performance in respect of the Second Outperformance Reference Item, the relevant time and the Relevant Monitoring Date; or

(b) otherwise, an amount equal to (a) the Specified Outperformance Relevant Reference Performance in respect of the First Outperformance Reference Item and the Relevant Monitoring Date minus (b) the Specified Outperformance Relevant Reference Performance in respect of the Second Outperformance Reference Item and the Relevant Monitoring Date.

"P%" is as specified in the applicable Final Terms.

"Paid Interest" means, in respect of an Interest Period:

(a) if Memory Feature is specified as applicable in the applicable Final Terms, the sum of the Interest Amount in respect of each principal amount of Notes equal to the Calculation Amount and each previous Interest Period; or

(b) if Memory Feature is not specified as applicable in the applicable Final Terms, zero.

"Preference Share Value_{final}" means the Preference Share Value on the Final Valuation Date.

"Preference Share Value_{initial}" means the Preference Share Value on the Initial Valuation Date.

"Put Strike Event" means the Relevant Reference Performance in respect of any Relevant Monitoring Date is less than the Put Strike Level.

"Put Strike Level" is as specified in the applicable Final Terms.

"Range Observation Cut-Off Date" is as specified in the applicable Final Terms.

"Range Observation Date" is as specified in the applicable Final Terms.

"Range Observation Period" is as specified in the applicable Final Terms.

"Ranked Relevant Reference Performance" means:

(a) if Capital Barrier Event 3 applies, the weighted average of the Single Underlying Relevant Reference Performances in respect of each Reference Item, the relevant time and the Relevant Monitoring Date, weighted by reference to the Ranked Weighting which will be allocated to such Reference Item on the basis of the ranking of the relevant Single Underlying Relevant Reference Performance; or

(b) otherwise, the weighted average of the Single Underlying Relevant Reference Performances in respect of each Reference Item and the Relevant Monitoring Date, weighted by reference to the Ranked Weighting which will be allocated to such
Reference Item on the basis of the ranking of the relevant Single Underlying Relevant Reference Performance.

"Ranked Weighting" is as specified in the applicable Final Terms.

"Rate of Interest" means, in respect of an Interest Period, Rate of Interest 1, Rate of Interest 2, Rate of Interest 3, Rate of Interest 4, Rate of Interest 5 or Rate of Interest 6, as specified in the applicable Final Terms.

"Rate of Interest 1" means, in respect of an Interest Period, a rate calculated by the Calculation Agent equal to:

XXX% x N.

"Rate of Interest 2" means, in respect of an Interest Period, a rate calculated by the Calculation Agent equal to:

XXX% x (n / N).

"Rate of Interest 3" means, in respect of an Interest Period, XXX%.

"Rate of Interest 4" means, in respect of an Interest Period, a rate calculated by the Calculation Agent equal to:

P% x [T% + Max (Floor, Relevant Reference Performance in respect of the Relevant Monitoring Date in respect of the relevant Interest Period – XXX%)].

"Rate of Interest 5" means, in respect of an Interest Period, a rate calculated by the Calculation Agent equal to:

Rate of Interest in respect of the previous Interest Period + XXX% + Composite Rate.

"Rate of Interest 6" means, in respect of an Interest Period, a rate calculated by the Calculation Agent equal to:

XXX% + Composite Rate.

"Reference Item Level" means:

(a) where the Reference Item is an Index, the Reference Level;
(b) where the Reference Item is an Equity or an ETF Fund Share, the Reference Price;
(c) where the Reference Item is a Commodity, the Relevant Price; or
(d) where the Reference Item is a Currency, the Currency Price,

in each case assuming for such purposes that the Notes relate to a single Reference Item.
"Relevant Initial Monitoring Date" means each Initial Monitoring Date specified as such in the applicable Final Terms.

"Relevant Monitoring Date" means each Monitoring Date specified as such in the applicable Final Terms.

"Relevant Reference Performance" means Single Underlying Relevant Reference Performance, Basket Relevant Reference Performance, Best-of Basket Relevant Reference Performance, Outperformance Relevant Reference Performance, Ranked Relevant Reference Performance or Worst-of Basket Relevant Reference Performance, as specified in the applicable Final Terms.

"Relevant Valuation" means Relevant Valuation 1, Relevant Valuation 2, Relevant Valuation 3 or Relevant Valuation 4, as specified in the applicable Final Terms.

"Relevant Valuation 1" means:
(a) for the purposes of Capital Barrier Event 3, the Reference Item Level in respect of a Reference Item, the relevant time and the Relevant Monitoring Date; or
(b) otherwise, the Reference Item Level in respect of a Reference Item and the Relevant Monitoring Date.

"Relevant Valuation 2" means:
(a) for the purposes of Capital Barrier Event 3, the arithmetic average of the Reference Item Levels in respect of a Reference Item, the relevant time and the Monitoring Dates in respect of the Relevant Monitoring Date; or
(b) otherwise, the arithmetic average of the Reference Item Levels in respect of a Reference Item and the Monitoring Dates in respect of the Relevant Monitoring Date.

"Relevant Valuation 3" means:
(a) for the purposes of Capital Barrier Event 3, the highest of the Reference Item Levels in respect of a Reference Item, the relevant time and the Monitoring Dates in respect of the Relevant Monitoring Date; or
(b) otherwise, the highest of the Reference Item Levels in respect of a Reference Item and the Monitoring Dates in respect of the Relevant Monitoring Date.

"Relevant Valuation 4" means:
(a) for the purposes of Capital Barrier Event 3, the lowest of the Reference Item Levels in respect of a Reference Item, the relevant time and the Monitoring Dates in respect of the Relevant Monitoring Date; or
(b) otherwise, the lowest of the Reference Item Levels in respect of a Reference Item and the Monitoring Dates in respect of the Relevant Monitoring Date.

"Second Outperformance Reference Item" is as specified in the applicable Final Terms.
"Single Underlying Relevant Reference Performance" means:

(a) for the purposes of a Capital Barrier Event or Put Strike Event:

(i) if Capital Barrier Event 3 applies:

(x) if Final – Initial Level is specified as applicable in the applicable Final Terms:

Relevant Valuation in respect of the relevant time and the Relevant Monitoring Date / Initial Valuation, if applicable, in respect of the relevant time and the Relevant Initial Monitoring Date; or

(y) otherwise:

Relevant Valuation in respect of the relevant time and the Relevant Monitoring Date; or

(ii) if Capital Barrier Event 3 does not apply:

(x) if Final – Initial Level is specified as applicable in the applicable Final Terms:

Relevant Valuation in respect of the Relevant Monitoring Date / Initial Valuation, if applicable, in respect of the Relevant Initial Monitoring Date; or

(y) otherwise:

Relevant Valuation in respect of the Relevant Monitoring Date; or

(b) for other purposes:

Relevant Valuation in respect of the Relevant Monitoring Date / Initial Valuation, if applicable, in respect of the Relevant Initial Monitoring Date.

"Specified Outperformance Relevant Reference Performance" means Basket Relevant Reference Performance, Best-of Basket Relevant Reference Performance, Ranked Relevant Reference Performance, Single Underlying Relevant Reference Performance or Worst-of Basket Relevant Reference Performance, as specified in the applicable Final Terms.

"Switch Barrier Level" is as specified in the applicable Final Terms.

"Switch Interest Date" is as specified in the applicable Final Terms.

"Switchable Interest Trigger Event" means the Composite Rate in respect of an Interest Period is:

(a) if Upper Switch Barrier is specified as applicable in the applicable Final Terms:

(i) if Equal to or Greater than is specified as applicable in the applicable Final Terms, equal to or greater than the Switch Barrier Level; or
(ii) if Greater than is specified as applicable in the applicable Final Terms, greater than the Switch Barrier Level; or

(b) if Lower Switch Barrier is specified as applicable in the applicable Final Terms:

(i) if Equal to or Less than is specified as applicable in the applicable Final Terms, equal to or less than the Switch Barrier Level; or

(ii) if Less than is specified as applicable in the applicable Final Terms, less than the Switch Barrier Level.

"T%" is as specified in the applicable Final Terms.

"Trigger Barrier Level" is as specified in the applicable Final Terms.

"Trigger Early Redemption Event 1" means the Relevant Reference Performance in respect of a Relevant Monitoring Date (the "Trigger Event Date") is:

(a) if Lower Trigger Barrier is specified as applicable in the applicable Final Terms:

(i) if Equal to or Greater than is specified as applicable in the applicable Final Terms, equal to or greater than the Trigger Barrier Level; or

(ii) if Greater than is specified as applicable in the applicable Final Terms, greater than the Trigger Barrier Level; and/or

(b) if Upper Trigger Barrier is specified as applicable in the applicable Final Terms:

(i) if Equal to or Less than is specified as applicable in the applicable Final Terms, equal to or less than the Trigger Barrier Level; or

(ii) if Less than is specified as applicable in the applicable Final Terms, less than the Trigger Barrier Level.

"Trigger Early Redemption Event 2" means the Composite Rate in respect of a Relevant Monitoring Date (the "Trigger Event Date") is:

(a) if Upper Trigger Barrier is specified as applicable in the applicable Final Terms:

(i) if Equal to or Greater than is specified as applicable in the applicable Final Terms, equal to or greater than the Trigger Barrier Level; or

(ii) if Greater than is specified as applicable in the applicable Final Terms, greater than the Trigger Barrier Level; or

(b) if Lower Trigger Barrier is specified as applicable in the applicable Final Terms:

(i) if Equal to or Less than is specified as applicable in the applicable Final Terms, equal to or less than the Trigger Barrier Level; or

(ii) if Less than is specified as applicable in the applicable Final Terms, less than the Trigger Barrier Level.
"Trigger Early Redemption Event 3" means the Global Interest in respect of the Interest Period in which the Relevant Monitoring Date falls (the "Trigger Event Date") is equal to or greater than the Trigger Barrier Level.

"Worst-of Basket Relevant Reference Performance" means:

(a) if Capital Barrier Event 3 applies, the Single Underlying Relevant Reference Performance in respect of the Worst Performer, the relevant time and the Relevant Monitoring Date; or

(b) otherwise, the Single Underlying Relevant Reference Performance in respect of the Worst Performer and the Relevant Monitoring Date.

"Worst Performer" means the Reference Item in respect of which the Single Underlying Relevant Reference Performance is, in the determination of the Calculation Agent, the smallest positive number, provided that if the Single Underlying Relevant Reference Performance is the same number with respect to two or more Reference Items the Calculation Agent shall determine the Worst Performer.

"X%" is as specified in the applicable Final Terms.

"XXX%" is as specified in the applicable Final Terms.

"X1%" is as specified in the applicable Final Terms.

"X2%" is as specified in the applicable Final Terms.

"Y%" is as specified in the applicable Final Terms.

3. **[INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE [ISSUE/OFFER]]**

Need to include a description of any interest, including conflicting ones, that is material to the issue/offer, detailing the persons involved and the nature of the interest. May be satisfied by the inclusion of one of the following statements:

[Save [for any fees payable to the [Managers/Dealers][and any Authorised Offeror[s]]] and as discussed in ["Subscription and Sale"], so far as the Issuer is aware, no person involved in the offer of the Notes has an interest material to the offer.]
[The Issue Price may include a fee or commission payable to a distributor or third party. Such fee or commission will be determined by reference to a number of factors including but not limited to the maturity date of the Notes, hedging costs and legal fees. Further details in respect of the fee or commission are available upon request.]

[The Issue Price includes a fee or commission of [●] per cent. of the notional amount of the Notes payable to a distributor or third party.]

[For Hong Kong issuances: The Issue Price may include a fee or commission payable to a distributor or third party, such a fee or commission will be determined by a number of factors including but not limited to maturity of the note, hedging costs and legal fees. Further details in respect of the fee or commission are available upon request.]

[Consider any additional conflicts of interest to be included with respect to the Notes, including without limitation, for Notes listed on the Italian Stock Exchange]

[When adding any other description, consideration should be given as to whether such terms constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.]

4. REASONS FOR THE OFFER, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES

[(i) Reasons for the offer  
(See [“Use of Proceeds”] wording in Base Prospectus – if reasons for offer different from that set out in the Base Prospectus will need to include those reasons here.)]

[(ii)] Estimated net proceeds:

This document constitutes the Pricing Supplement for the Notes described herein. This document must be read in conjunction with the Structured Securities Base Prospectus dated June 24, 2013

¹ Include for Notes to be listed on SIX Swiss Exchange which qualify as derivatives with dynamic structures according to article 8 of the Directive on Debt Securities with Specific Structures of SIX Swiss Exchange.
² Include in the case of a private placement in Switzerland.
[as supplemented by the supplement[s] dated [●]] (the “Base Prospectus”). Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of this Pricing Supplement and the Base Prospectus. Copies of the Base Prospectus may be obtained from [the offices of the Issuer, Royal Bank Plaza, 200 Bay Street, 8th Floor, South Tower, Toronto, Ontario, Canada and the offices of the Issuing and Paying Agent, One Canada Square, London E14 5AL, England].

[Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the “Conditions”) set forth in the [Base Prospectus] dated [original date] which are incorporated by reference in the Base Prospectus.]

[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or sub-paragraphs. Italics denote guidance for completing the Pricing Supplement.]

[By investing in the Notes each investor represents that:

(a) Non-Reliance. It is acting for its own account, and it has made its own independent decisions to invest in the Notes and as to whether the investment in the Notes is appropriate or proper for it based upon its own judgement and upon advice from such advisers as it has deemed necessary. It is not relying on any communication (written or oral) of the Issuer or any Dealer as investment advice or as a recommendation to invest in the Notes, it being understood that information and explanations related to the Conditions of the Notes shall not be considered to be investment advice or a recommendation to invest in the Notes. No communication (written or oral) received from the Issuer or any Dealer shall be deemed to be an assurance or guarantee as to the expected results of the investment in the Notes.

(b) Assessment and Understanding. It is capable of assessing the merits of and understanding (on its own behalf or through independent professional advice), and understands and accepts the terms and conditions and the risks of the investment in the Notes. It is also capable of assuming, and assumes, the risks of the investment in the Notes.

(c) Status of Parties. Neither the Issuer nor any Dealer is acting as fiduciary for or adviser to it in respect of the investment in the Notes.]

[Notes listed on SIX Swiss Exchange may be suspended from trading in accordance with Article 57 of the SIX Listing Rules or be de-listed from SIX Swiss Exchange during the lifetime of the Notes.]

2. RATINGS

Ratings: [Not Applicable] [The Notes to be issued [have been] / [are expected to be] rated [insert details] by [insert the legal name of the relevant credit rating agency/entity(ies)]

(The above disclosure is only required if the ratings of the Notes are different to those stated in the Base Prospectus)

3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE

Need to include a description of any interest, including conflicting ones, that is material to the issue, detailing the persons involved and the nature of the interest. May be satisfied by the inclusion of one of the following statements:

[Save [for any fees payable to the [Managers/Dealers] and] as discussed in ["Subscription and Sale"], so far as the Issuer is aware, no person involved in the issue of the Notes has an interest material to the issue.]

* Include this in case of SIX Swiss Exchange listing.
[The Issue Price may include a fee or commission payable to a distributor or third party. Such fee or commission will be determined by reference to a number of factors including but not limited to the maturity date of the Notes, hedging costs and legal fees. Further details in respect of the fee or commission are available upon request.]

[The Issue Price includes a fee or commission of [●] per cent. of the notional amount of the Notes payable to a distributor or third party.]

[For Hong Kong issuances: The Issue Price may include a fee or commission payable to a distributor or third party, such a fee or commission will be determined by a number of factors including but not limited to maturity of the note, hedging costs and legal fees. (vi) Names and addresses of additional Paying Agent(s), [Registrar and Transfer Agents] (if any): [ ]
(vii) Intended to be held in a manner which would allow Eurosystem eligibility: [Yes].

Note that the designation "yes" simply means that the Notes are intended upon issue to be
deposited with one of the ICSDs as common safe-keeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.

[No. Whilst the designation is specified as “no” at the date of this Pricing Supplement, should the Eurosystem eligibility criteria be amended in the future such that the Notes are capable of meeting them the Notes may then be deposited with one of the ICSDs as common safe-keeper. Note that this does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.]

TERMS AND CONDITIONS OF THE W&C SECURITIES

The following are the terms and conditions of the W&C Securities, which as completed, in the case of Non-Exempt W&C Securities (as defined below) in relation to any Series of W&C Securities by the applicable Final Terms, or as supplemented, modified or replaced, in the case of Exempt W&C Securities (as defined below) in relation to any Series of W&C Securities by the applicable Pricing Supplement, will be applicable to each Series of W&C Securities and shall be incorporated by reference in each Global W&C Security and the applicable Issue Terms attached thereto. All capitalised terms that are not defined in these Terms and Conditions will have the meanings given to them in the applicable Issue Terms.

The W&C Securities (other than the Swiss W&C Securities (as defined below)) are issued pursuant to and in accordance with an amended and restated issue and paying agency agreement dated June 24, 2013 (as further amended, supplemented, restated or replaced, the “Issue and Paying Agency Agreement”) and made between Royal Bank of Canada (the “Issuer”), The Bank of New York Mellon, London Branch, in its capacities as issuing and principal paying agent and principal certificate and warrant agent (the “Issuing and Paying Agent”, which expression shall include any successor to The Bank of New York Mellon, London Branch in its capacity as such) and The Bank of New York Mellon (Luxembourg) S.A. as registrar (the “Registrar”, which expression shall include any successor to The Bank of New York Mellon (Luxembourg) S.A. in its capacity as such and any additional registrars appointed, if any, in accordance with the Issue and Paying Agency Agreement either with respect to the Programme or with respect to a particular Series). The Holders of W&C Securities governed by English law (including Swiss W&C Securities) are entitled to the benefit of the Deed of Covenant (as amended, supplemented, restated or replaced from time to time) (the “Deed of Covenant” dated June 24, 2013 and made by the Issuer. The original Deed of Covenant is held by a common depositary for the Clearing Systems (as defined below). Copies of the Issue and Paying Agency Agreement and the Deed of Covenant are available for inspection during normal business hours at the specified office of the Issuing and Paying Agent or, in the case of the Swiss W&C Securities, the Swiss Programme and Paying Agent. All persons from time to time entitled to the benefit of obligations under the W&C Securities shall be deemed to have notice of, and shall be bound by, all of the provisions of the Issue and Paying Agency Agreement insofar as they relate to the W&C Securities.

W&C Securities to be settled in SIX SIS (the “Swiss W&C Securities”) are issued pursuant to and in accordance with the Issue and Paying Agency Agreement as amended and supplemented by an amended and restated Swiss Supplemental Agency Agreement (as further amended, supplemented, restated or replaced from time to time, the “Swiss Supplemental Agency Agreement”) dated June 24, 2013 and made between the Issuer and BNP Paribas Securities Services, Paris, Zurich Branch (the “Swiss Programme and Paying Agent”). Any reference in the Terms and Conditions of the W&C Securities to “Issue and Paying Agency Agreement” in connection with Swiss W&C Securities shall be deemed to include reference to the Issue and Paying Agency Agreement as amended and supplemented by the Swiss Supplemental Agency Agreement. Copies of the Issue and Paying Agency Agreement and the Swiss Supplemental Agency Agreement are available for inspection during normal business hours and the specified
office of the Swiss Programme and Paying Agent. All persons from time to time entitled to the
benefit of obligations under the Swiss W&C Securities shall be deemed to have notice of, and
shall be bound by, all other provisions of the Issue and Paying Agency Agreement as amended
and supplemented by the Swiss Supplemental Agency Agreement.

Following their delivery into Euroclear and/or Clearstream, Luxembourg, if applicable, interests in
W&C Securities may be delivered, held and settled in Euroclear UK & Ireland Limited (formerly
known as CRESTCo Limited) (“CREST”) through the issuance of dematerialised depository
interests (“CREST Depository Interests” or “CDIs”) issued, held, settled and transferred through
CREST, representing the interests in the relevant W&C Securities underlying the CDIs (the
“Underlying W&C Securities”). The CDIs will be issued by the CREST Depository Limited (the
“CREST Depository”) to investors who hold through CREST through the issuance of CDIs (“CDI
Holders”) and will be issued pursuant to the global deed poll dated 25 June 2001 governed by
English law (as subsequently modified, supplemented and/or restated) (the “CREST Deed Poll”).

The W&C Securities are issued in series (each, a “Series”), and each Series may comprise one
or more tranches (“Tranches” and each, a “Tranche”) of W&C Securities.

References in these Terms and Conditions (the “Terms and Conditions” or the “Conditions”) to
W&C Securities are to W&C Securities of the relevant Series and include the relevant Global
W&C Security.

Each Tranche of Non-Exempt W&C Securities will be the subject of Final Terms (each, “Final
Terms”), a copy of which will be available free of charge during normal business hours at the
specified office of the Issuing and Paying Agent and each other Paying Agent. If the W&C
Securities are to be admitted to trading on the regulated market of the Irish Stock Exchange the
applicable Final Terms will be published on the website of the Irish Stock Exchange. If a W&C
Security is not so listed but is not an Exempt W&C Security the applicable Final Terms will be
published on the website of the Central Bank of Ireland (www.centralbank.ie) as the competent
authority of the home member state for such W&C Security. Each Tranche of Exempt W&C
Securities will be the subject of a Pricing Supplement (each, a “Pricing Supplement”), a copy of
which will be available free of charge during normal business hours at the specified office of the
Issuing and Paying Agent and/or, as the case may be, the applicable Registrar and each other
Paying Agent only by a Holder of such W&C Securities. For the purposes hereof, “Issue Terms”
means either (i) where the W&C Securities are Non-Exempt W&C Securities, the relevant Final
Terms or (ii) where the W&C Securities are Exempt W&C Securities, the relevant Pricing
Supplement, and should be construed accordingly.

The applicable Issue Terms for W&C Securities supplement these Conditions and, in the case of
a W&C Security which is neither admitted to trading on a regulated market in the European
Economic Area nor offered in the European Economic Area in circumstances where a prospectus
is required to be published under the Prospectus Directive (an “Exempt W&C Securities”), the
applicable Pricing Supplement, may specify other terms and conditions which shall to the extent
so specified or to the extent that it is inconsistent with these Conditions, replace or modify these
Conditions for the purposes of the W&C Securities. The expression “Prospectus Directive”
means Directive 2003/71/EC, as amended (which includes the amendments made by Directive
2010/73/EU to the extent that such amendments have been implemented in a relevant Member
State of the European Economic Area). Any references to a "Non-Exempt W&C Security" are to a W&C Security that is not an Exempt W&C Security.

References in these Conditions to the applicable Issue Terms are, unless otherwise stated, to Part A of the Issue Terms or each Issue Terms (in the case of any further securities issued pursuant to Condition 12 and forming a single series with the W&C Securities) (which, for the avoidance of doubt, may be issued in respect of more than one series of W&C Securities) attached to the Global W&C Security (as defined below).

Royal Bank of Canada, London branch shall undertake the duties of calculation agent (the “Calculation Agent”, which expression shall include any successor calculation agent) in respect of the W&C Securities unless another entity is so specified as Calculation Agent in the applicable Issue Terms in which case the expression Calculation Agent shall, in relation to such W&C Securities, be such other specified Calculation Agent.

1. Form, Type, Title and Transfer

Type

1.01 The W&C Securities are either redeemable certificates ("Redeemable Certificates"), exercisable certificates ("Exercisable Certificates") or warrants ("Warrants") as specified in the applicable Issue Terms.

In the case of Non-Exempt W&C Securities, the W&C Securities relate to an index or basket of indices ("Index Linked W&C Securities"), a specified currency or basket of currencies ("Currency Linked W&C Securities"), a single fund or a basket of funds ("Fund Linked W&C Securities"), a commodity or commodity index or a basket of commodities or commodity indices ("Commodity Linked W&C Securities"), a single equity security or a basket of equity securities ("Equity Linked W&C Securities") or, in the case of Warrants, an interest rate ("Interest Rate Linked Warrants") or a combination of any of the foregoing specified in the applicable Issue Terms. In the case of Exempt W&C Securities, the W&C Securities may be Index Linked W&C Securities, Currency Linked W&C Securities, Fund Linked W&C Securities, Commodity Linked W&C Securities, Equity Linked W&C Securities, Interest Rate Linked Warrants or a combination of any of the foregoing or any other kind of W&C Security specified in the applicable Pricing Supplement.

A Non-Exempt W&C Security will be a Cash Settled W&C Security and may be a Final Settlement Call W&C Security or a Final Settlement Put W&C Security (each as defined below). An Exempt W&C Security may be a Cash Settled W&C Security or a Physical Delivery W&C Security (as defined below).

1.02 The applicable Issue Terms will indicate whether settlement will be by way of cash payment ("Cash Settled W&C Securities") or, in the case of Exempt W&C Securities, physical delivery ("Physical Delivery W&C Securities"), whether averaging ("Averaging") will apply to the W&C Securities and, in the case of Non-Exempt W&C Securities, whether the W&C Securities are call W&C Securities ("Final Settlement Call W&C Securities") or put W&C Securities ("Final Settlement Put W&C Securities").
If Averaging is specified as applying in the applicable Issue Terms, the applicable Issue Terms will state the relevant Averaging Dates and, in respect of Index Linked W&C Securities, Equity Linked W&C Securities and Fund Linked W&C Securities, if an Averaging Date is a Disrupted Day, whether Omission, Postponement or Modified Postponement applies.

References in these Terms and Conditions, unless the context otherwise requires, to Cash Settled W&C Securities which are Exempt W&C Securities shall be deemed to include references to Physical Delivery W&C Securities, which include an option (as set out in the applicable Pricing Supplement) at the Issuer’s election to request cash settlement of such W&C Security and where settlement is to be by way of cash payment, and references in these Terms and Conditions, unless the context otherwise requires, to Physical Delivery W&C Securities which are Exempt W&C Securities shall be deemed to include references to Cash Settled W&C Securities which include an option (as set out in the applicable Pricing Terms) at the Issuer’s election to request physical delivery of the relevant underlying asset in settlement of such W&C Security and where settlement is to be by way of physical delivery.

W&C Securities may, if so specified and provided for in the applicable Issue Terms, allow Holders to elect for settlement by way of cash payment or by way of physical delivery. Those W&C Securities where the Holder has elected for cash payment will be Cash Settled W&C Securities and those W&C Securities where the Holder has elected for physical delivery will be Physical Delivery W&C Securities. The rights of a Holder as described in this paragraph may be subject to the Issuer’s right to vary settlement if so indicated in the applicable Issue Terms.

**Form of W&C Securities**

1.03 The Issue Terms shall specify whether either U.S. Treasury Regulation § 1.163-5(c)(2)(i)(D) (the “TEFRA D Rules”) or U.S. Treasury Regulation § 1.163-5(c)(2)(i)(C) (the “TEFRA C Rules”) will apply or whether the TEFRA rules are not applicable. Each Tranche of W&C Securities with an original maturity of more than one year is represented upon issue by a temporary global W&C Security (a “Temporary Global W&C Security”), unless the Issue Terms specify otherwise, in particular, when the TEFRA C Rules apply.

Where the applicable Issue Terms so specify or where a Tranche of W&C Securities has an original maturity of one year or less, such Tranche is (unless otherwise specified in the Issue Terms) represented upon issue by a permanent global W&C Security (a “Permanent Global W&C Security” and, together with the Temporary Global W&C Security, the “Global W&C Securities” and each a “Global W&C Security”).

Subject to any applicable laws, definitive W&C Securities will not be issued. In the event that any W&C Securities in definitive form are required by applicable laws to be issued in exchange for interests in the Global W&C Security, the Issuer shall then determine their form as well as any necessary technical changes required to these Terms and Conditions in consultation with the Issuing and Paying Agent.

On or after the Exchange Date (as specified in the Issue Terms), interests in such Temporary Global W&C Security will be exchangeable for a Permanent Global W&C Security, only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such W&C Security are not United States persons or persons who have purchased for resale to any United States person, as required by U.S. Treasury Regulations, has been received.
by the relevant Clearing Systems and the relevant Clearing Systems have given a like certification (based on the certification received) to the Issuing and Paying Agent.

The Holder of a Temporary Global W&C Security shall not (unless, upon due presentation of such Temporary Global W&C Security for exchange (in whole but not in part only) for a Permanent Global W&C Security, such exchange is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) to be entitled to any payment in respect of the W&C Securities represented by each Temporary Global W&C Security which falls due on or after the Exchange Date or be entitled to exercise any option on a date after the Exchange Date.

Unless the Issue Terms specify that TEFRA C Rules are applicable to the W&C Securities and subject to the preceding paragraph, if any date on which a payment of Additional Amounts is due on the W&C Securities of a Tranche occurs while any W&C Securities of that Tranche are represented by a Temporary Global W&C Security, the related Additional Amount payable will be made on the Temporary Global W&C Security only to the extent that certification as to the beneficial ownership thereof as required by U.S. Treasury Regulations (in the form to be provided), had been received by the relevant Clearing Systems and the relevant Clearing Systems have given a like certification (based on the certification received) to the Issuing and Paying Agent.

1.04 Swiss W&C Securities will be issued in the form of a Permanent Global W&C Security and will be transformed into intermediated securities (the “Intermediated Securities”) in accordance with article 6 of the Swiss Federal Intermediated Securities Act (the “FISA”).

The Intermediated Securities will be created (i) by the deposit of the Permanent Global W&C Security with SIX SIS or any other intermediary in Switzerland recognised for such purposes by the SIX Swiss Exchange (SIX SIS or such other intermediary, the “relevant Swiss clearing system”), acting as custodian as defined in article 4 FISA (the “Custodian”) and (ii) by the relevant Swiss clearing system, acting as Custodian, crediting the respective rights to securities accounts of the relevant participants with the relevant Swiss clearing system in accordance with articles 4 and 6 FISA. In respect of Swiss W&C Securities, subject to any applicable laws, neither the Issuer nor the Holders of such Permanent Global W&C Security shall at any time have the right to effect or demand the conversion of the Permanent Global W&C Security into, or the delivery of, uncertificated W&C securities or definitive W&C Securities.

Title to W&C Securities

1.05 Each person who is for the time being shown in the records of the Clearing System as the holder of a particular number of W&C Securities (in which regard any certificate or other document issued by the Clearing Systems as to the number of W&C Securities standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest or proven error) shall be treated by the Issuer, the Issuing and Paying Agent and any Paying Agent as the holder of such number of W&C Securities for all purposes, and the expression “Holder” and related expressions shall be construed accordingly, except that (i) Euroclear shall not be treated as the Holder of any W&C Securities held in an account with Clearstream, Luxembourg on behalf of Euroclear’s accountholders and (ii) Clearstream, Luxembourg shall not be treated as the Holder of any W&C Security held in an account with Euroclear on behalf of Clearstream, Luxembourg’s accountholders.
1.06 Title to Intermediated Securities is construed and will pass in accordance with the legislation, in particular the FISA, rules and regulations applicable to and/or issued by the Clearing System, acting as Custodian, and any other custodian, if any, that are in force and effect from time to time (the "Rules"). Accordingly, reference to the “Holders” of Intermediated Securities herein means any person recognised as a holder of the Intermediated Securities pursuant to the Rules.

Notwithstanding the above and anything contrary herein, the Issuer shall make all payments and/or delivery of Entitlements due to the Holders under the Swiss W&C Securities to the Swiss Programme and Paying Agent and, upon receipt by the Swiss Programme and Paying Agent of the due and punctual payment of such funds and or delivery of Entitlements in Switzerland, shall be discharged from its obligations to the Holders under such W&C Securities to the extent that such funds and/or Entitlement have been received by the Swiss Programme and Paying Agent as of such date.

Transfers

1.07 All transactions (including permitted transfers of W&C Securities) in the open market or otherwise must be effected through an account at a Clearing System, subject to and only in accordance with the then current rules and procedures of such Clearing System, as the case may be. Title (other than in the case of Intermediated Securities) will pass upon registration of the transfer in the books of each Clearing System. Title to Intermediated Securities will pass in accordance with the Rules.

The number of W&C Securities which may be transferred by a Holder must be equal to the Minimum Trading Size and any integral multiple thereof or of such other number, each as specified in the applicable Issue Terms.

2. Status of the W&C Securities

2.01 W&C Securities constitute legal, valid and binding direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank pari passu without any preference among themselves and at least pari passu with all other present and future unsubordinated and unsecured obligations of the Issuer (including its deposit liabilities), except as otherwise prescribed by law.

3. Definitions

3.01 For the purposes of these Terms and Conditions, the following general definitions will apply:

“Actual Exercise Date” means, in respect of Exercisable Certificates and Warrants, the Exercise Date (in the case of European Style W&C Securities), or, subject to Condition 22.09 (B), the date during the Exercise Period on which the Exercisable Certificate or Warrant is actually or is deemed exercised (in the case of American Style W&C Securities) (as more fully set out in Condition 21.01) or the date on which the Exercisable Certificate or Warrant is actually or is deemed exercised (in the case of Open-Ended W&C Securities).

“Affiliate” means any entity controlled, directly or indirectly, by the Issuer, any entity that controls, directly or indirectly, the Issuer or any entity under common control with the Issuer. As used
herein, “control” means ownership of a majority of the voting power (or, in the case of Condition 33, shares, units or interests) of an entity and “controlled by” and “controls” shall be construed accordingly.

“Business Day” means (a) a day (other than a Saturday or Sunday) (i) on which commercial banks and foreign exchange markets are open for general business (including dealings in foreign exchange and foreign currency deposits) in London and the relevant Business Day Centre(s) specified in the applicable Issue Terms and (ii) on which each Clearing System is open for business and (b) for the purposes of making payments in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System or any successor thereto is open.

“Cash Settlement Amount” means, in relation to a Cash Settled W&C Security, the amount (which may never be less than zero) which the Holder is entitled to receive on the Settlement Date or Redemption Date, as applicable, in the Settlement Currency in relation to each such W&C Security, or, in the case of Exercisable Certificates or Warrants, if Units are specified in the applicable Issue Terms, each Unit, as the case may be, as determined by the Calculation Agent:

(a) in the case of a Non-Exempt W&C Security, equal to:
   (i) where Averaging is not specified in the applicable Final Terms:
      (x) if such W&C Security is a Final Settlement Call W&C Security:
          (Settlement Price less, in the case of a Warrant, the Exercise Price) multiplied by the Multiplier; or
      (y) if such W&C Security is a Final Settlement Put W&C Security:
          (Exercise Price less Settlement Price) multiplied by the Multiplier; or
      (z) if such W&C Security is an Interest Rate Linked Warrant:
          (Settlement Price less Exercise Price) x Notional Amount per Warrant x Interest Rate Day Count Fraction; or
   (ii) where Averaging is specified in the applicable Final Terms:
      (x) if such W&C Security is a Final Settlement Call W&C Security:
          (the arithmetic mean of the Settlement Prices for all the Averaging Dates less, in the case of a Warrant, the Exercise Price) multiplied by the Multiplier;
      (y) if such W&C Security is a Final Settlement Put W&C Security:
          (Exercise Price less the arithmetic mean of the Settlement Prices for all the Averaging Dates) multiplied by the Multiplier; or
(b) in the case of an Exempt W&C Security:
   (i) if such W&C Security is an Interest Rate Linked Warrant:
      (Settlement Price less Exercise Price) x Notional Amount per Warrant x Interest Rate Day Count Fraction; or
(ii) otherwise, the amount specified in, or determined pursuant to, the applicable Pricing Supplement.

The Cash Settlement Amount will be rounded to the nearest two decimal places (or, in the case of Japanese Yen, the nearest whole unit) in the relevant Settlement Currency, 0.005 (or, in the case of Japanese Yen, half a unit) being rounded upwards, with W&C Securities exercised or redeemed at the same time by the same Holder being aggregated for the purpose of determining the aggregate Cash Settlement Amounts payable in respect of such W&C Securities.

If a Protection Amount is specified in the applicable Issue Terms, the Cash Settlement Amount will, subject to the applicable Issue Terms, at the stated Redemption Date or Settlement Date, as the case may be, be no less than the amount specified as such in the applicable Issue Terms. For the avoidance of doubt, the Protection Amount will not apply in the event that W&C Securities are redeemed or cancelled prior to their stated Redemption Date or Settlement Date, as the case may be.

“Cash Settlement Period” means the period commencing on (and including) the Exercise Date to (but excluding) the Settlement Date.

“Clearing System” means Euroclear and/or Clearstream, Luxembourg or SIS SIX or such further or alternative clearing system approved by the Issuer and the Issuing and Paying Agent as specified in the applicable Issue Terms.

“Clearstream, Luxembourg” means Clearstream Banking, société anonyme.

“Entitlement” means, as specified in the applicable Pricing Supplement, in relation to an Exempt W&C Security which is a Physical Delivery W&C Security, or, in the case of an Exercisable Certificate or Warrant, if Units are specified in the applicable Issue Terms, each Unit, as the case may be, the quantity of the Relevant Asset or the Relevant Assets, as the case may be, which a Holder is entitled to receive on the Settlement Date or Redemption Date, as applicable, in respect of each such W&C Security or Unit, as the case may be, following payment of the Expenses and (in the case of Warrants) the Exercise Price, rounded down as provided in Condition 21.05 or 25.01, as determined by the Calculation Agent including any documents evidencing such Entitlement.

“Euroclear” means Euroclear Bank S.A./N.V.

“FATCA” means Sections 1471 and 1472 of the Internal Revenue Code of 1986, as amended (including the United States Treasury regulations and other guidance issued and any agreements entered into thereunder).

“FATCA Withholding Tax Rules” means as (i) any tax imposed under FATCA and (ii) any tax imposed by any jurisdiction pursuant to an intergovernmental agreement to improve tax compliance and to implement FATCA entered into between any relevant authorities on behalf of the United States and such jurisdiction.

“Hedging Entity” means (a) the Issuer or (b) any Affiliate or any entity (or entities) acting on behalf of the Issuer as specified in the applicable Issue Terms that is engaged in any underlying or hedging transactions related to the Index, Equity, Fund Interest, Fund Share or interest rate to which the W&C Security is linked, as the case may be, in respect of the Issuer’s obligations under the W&C Securities.
"Interest Rate Day Count Fraction" means, in respect of the calculation of a Cash Settlement Amount:

(a) if 30/360 (Floating)" or "360/360" or "Bond Basis" is specified in the applicable Issue Terms, the number of days in the Cash Settlement Period divided by 360, calculated on a formula basis as follows:

\[
\text{Interest Rate Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + 30 \times (M_2 - M_1) + (D_2 - D_1)}{360}
\]

where:

"Y_1" is the year, expressed as a number, in which the first day of the Cash Settlement Period falls;

"Y_2" is the year, expressed as a number, in which the day immediately following the last day of the Cash Settlement Period falls;

"M_1" is the calendar month, expressed as a number, in which the first day of the Cash Settlement Period falls;

"M_2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Cash Settlement Period falls;

"D_1" is the first calendar day, expressed as a number, of the Cash Settlement Period, unless such number would be 31, in which case D_1 will be 30; and

"D_2" is the calendar day, expressed as a number, immediately following the last day included in the Cash Settlement Period, unless such number would be 31 and D_1 is greater than 29, in which case D_2 will be 30;

(b) if "30E/360" or "Eurobond Basis" is specified in the applicable Issue Terms, the number of days in the Cash Settlement Period divided by 360, calculated on a formula basis as follows:

\[
\text{Interest Rate Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + 30 \times (M_2 - M_1) + (D_2 - D_1)}{360}
\]

where:

"Y_1" is the year, expressed as a number, in which the first day of the Cash Settlement Period falls;

"Y_2" is the year, expressed as a number, in which the day immediately following the last day of the Cash Settlement Period falls;

"M_1" is the calendar month, expressed as a number, in which the first day of the Cash Settlement Period falls;

"M_2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Cash Settlement Period falls;

"D_1" is the first calendar day, expressed as a number, of the Cash Settlement Period, unless such number would be 31, in which case D_1 will be 30; and
“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Cash Settlement Period, unless such number would be 31, in which case D₂ will be 30;

(c) if “30E/360 (ISDA)” is specified in the applicable Issue Terms, the number of days in the Cash Settlement Period divided by 360, calculated on a formula basis as follows:

\[
\text{Interest Rate Day Count Fraction} = \frac{360 \times (Y₂ - Y₁) + 30 \times (M₂ - M₁) + (D₂ - D₁)}{360}
\]

where:

“Y₁” is the year, expressed as a number, in which the first day of the Cash Settlement Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Cash Settlement Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Cash Settlement Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Cash Settlement Period falls;

“D₁” is the first calendar day, expressed as a number, of the Cash Settlement Period, unless (a) that day is the last day of February or (b) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Cash Settlement Period, unless (a) that day is the last day of February but not the Exercise Date or (b) such number would be 31, in which case D₂ will be 30;

(d) if “Actual/360” is specified in the applicable Issue Terms, the actual number of days in the Cash Settlement Period divided by 360.

(e) if “Actual/Actual (ISDA)” is specified in the applicable Issue Terms, the actual number of days in the Cash Settlement Period divided by 365 (or, if any portion of that Cash Settlement Period falls in a leap year, the sum of (a) the actual number of days in that portion of the Cash Settlement Period falling in a leap year divided by 366; and (b) the actual number of days in that portion of the Cash Settlement Period falling in a non-leap year divided by 365); and

(f) if “Actual/365 (Fixed)” is specified in the applicable Issue Terms, the actual number of days in the Cash Settlement Period divided by 365.

"ISDA Definitions" means the 2006 ISDA Definitions (as amended, supplemented and updated as at the date of issue of the first Tranche of the W&C Securities of the relevant Series (as specified in the Issue Terms) as published by the International Swaps and Derivatives Association, Inc.).

"ISDA Rate" means, in respect of an Exercise Date, a rate equal to the Floating Rate that would be calculated by the Issuing and Paying Agent under an interest rate swap transaction if the Issuing and Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement to which the ISDA Definitions applied and under which:
— the Floating Rate Option (which may refer to a Rate Option or a Price Option, specified in the ISDA Definitions) is as specified in the applicable Issue Terms;
— the Designated Maturity is the period specified in the applicable Issue Terms;
and
— the relevant Reset Date is the day specified in the applicable Issue Terms.

For the purposes of this definition “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

"Italian Listed Certificates" means Italian Listed Exercisable Certificates or Italian Listed Redeemable Certificates.

"Italian Listed Exercisable Certificates" means any Exercisable Certificates which are Cash Settled W&C Securities and which are specified as such in the applicable Issue Terms and for which it is intended to seek listing and admission to trading on the "electronic securitised derivatives market" ("SeDex") organised and managed by Borsa Italiana S.p.A. or any Italian multilateral trading facility, as the case may be.

"Italian Listed Redeemable Certificates" means any Redeemable Certificates which are Cash Settled W&C Securities and which are specified as such in the applicable Issue Terms and for which it is intended to seek listing and admission to trading on SeDex or any Italian multilateral trading facility, as the case may be.

"Minimum Trading Size" has the meaning ascribed to it in the applicable Issue Terms.

"Multiplier" has the meaning ascribed to it in the applicable Issue Terms.

"Redemption Date" has the meaning ascribed to it in the applicable Issue Terms.

"Renouncement Notice" has the meaning given in Condition 21.08 (Exercise Rights in respect of Italian Listed Exercisable Certificates).

"Settlement Date" has the meaning ascribed to it in the applicable Issue Terms.

"Settlement Price” means:
(a) in respect of Index Linked W&C Securities, the Reference Level;
(b) in respect of Equity Linked W&C Securities and Fund Linked W&C Securities, the Reference Price;
(c) in respect of Commodity Linked W&C Securities, the Relevant Price;
(d) in respect of Currency Linked W&C Securities, the Currency Price; and
(e) in respect of Interest Rate Linked Warrants, the ISDA Rate,
in each case in respect of the relevant Averaging Date, Observation Date, Pricing Date, Valuation Date or Exercise Date, as applicable.

“SIX SIS” means SIX SIS AG.

4. General Provisions relating to Physical Settlement
This Condition applies to Exempt W&C Securities only.

4.01 The provisions of Conditions 4.01, 4.02 and 4.03 apply to all W&C Securities.

Settlement Disruption

4.02 If, following the exercise or upon redemption of Physical Delivery W&C Securities in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the applicable Pricing Supplement is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on any Settlement Date or Redemption Date, as the case may be, then such Settlement Date or Redemption Date, as the case may be, for such W&C Securities shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant W&C Securities or Units, as the case may be, by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date or Redemption Date, as the case may be, shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Settlement Date or Redemption Date, as the case may be, for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Settlement Date or Redemption Date, as the case may be. In the case of Warrants, in the event that a Settlement Disruption Event will result in the delivery on a Settlement Date of some but not all of the Relevant Assets comprising the Entitlement, the Calculation Agent shall determine in its discretion the appropriate pro rata portion of the Exercise Price to be paid by the relevant Holder in respect of that partial settlement. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy and discharge its obligations in respect of the relevant W&C Securities or Units, as the case may be, by payment to the relevant Holder of the Disruption Cash Settlement Price (as defined below) on the third Business Day following the date that notice of such election is given to the Holders in accordance with Condition 10. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with Condition 10 that a Settlement Disruption Event has occurred provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Settlement Disruption Event. No Holder shall be entitled to any payment in respect of the relevant W&C Security or Unit, as the case may be, in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

“Disruption Cash Settlement Price” in respect of any relevant W&C Securities or Unit, as the case may be, shall be the fair market value of such W&C Securities or Unit, as the case may be, (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non-affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements), all as determined by the Issuer in its sole and absolute discretion plus (in the case of Warrants), if already paid, the Exercise Price (or, where as
provided above some Relevant Assets have been delivered, and a pro rata portion thereof has been paid, such pro rata portion); and

“Settlement Business Day” has the meaning ascribed to it in the applicable Pricing Supplement.

“Settlement Disruption Event” means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer as a result of which the Issuer cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Pricing Supplement.

Failure to Deliver due to Illiquidity

4.03 If “Failure to Deliver due to Illiquidity” is specified as applicable in the applicable Pricing Supplement and, following exercise or upon redemption of Physical Delivery W&C Securities, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the “Affected Relevant Assets”) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a “Failure to Deliver due to Illiquidity”), then:

(a) subject as provided elsewhere in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Settlement Date or Redemption Date, as the case may be and (in the case of Warrants) the Calculation Agent shall determine in its discretion the appropriate pro rata portion of the Exercise Price to be paid by the relevant Holder in respect of that partial settlement; and

(b) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant W&C Securities or Unit, as the case may be, by payment to the relevant Holder of the Failure to Deliver Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Holders in accordance with Condition 10. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with Condition 10 that the provisions of this Condition 4.03 apply.

For the purposes hereof:

“Failure to Deliver Settlement Price” means, in respect of any relevant W&C Security or Unit, as the case may be, the fair market value of such W&C Security or Unit, as the case may be (taking into account, the Relevant Assets comprising the Entitlement which have been duly delivered as provided above), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion plus (in the case of Warrants), if already paid, the Exercise Price (or, where as provided above some Relevant Assets have been delivered, and a pro rata portion thereof has been paid, such pro rata portion).

Issuer’s Option to Vary Settlement

4.04 In the applicable Pricing Supplement indicates that the Issuer has an option to vary settlement in respect of the W&C Securities, upon a valid exercise or a redemption of W&C Securities in accordance with these Terms and Conditions, the Issuer may, at its sole and unfettered discretion, in respect of each such W&C Security or Unit, as the case may be, elect not
to pay the relevant Holders the Cash Settlement Amount or not to deliver or procure delivery of the Entitlement to the relevant Holders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Settlement Date or Redemption Date, as the case may be, to the relevant Holders, as the case may be. Notification of such election will be given to Holders no later than 10.00 a.m. (London time) on the second Business Day following the Actual Exercise Date (in the case of Exercisable Certificates or Warrants) or the second Business Day immediately preceding the Redemption Date (in the case of Redeemable Certificates).

**General provisions relating to Settlement**

4.05 None of the Issuer, the Calculation Agent or the Issuing and Paying Agent shall have any responsibility for any errors or omissions in the calculation of any Cash Settlement Amount or of any Entitlement.

Exercise or redemption of the W&C Securities, as applicable, is subject to all applicable laws, regulations and practices in force on the relevant Exercise Date or Redemption Date, as the case may be, and none of the Issuer or any of its Affiliates or the Issuing and Paying Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer or any of its Affiliates or the Issuing and Paying Agent shall under any circumstances be liable for any acts or defaults of any Clearing System in relation to the performance of their duties in relation to the W&C Securities.

The purchase of W&C Securities does not confer on any holder of such W&C Securities any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

5. **Illegality and Early Cancellation for Tax Reasons**

*Illegality*

_This Condition 5.01 applies to W&C Securities which are subject to cancellation prior to the Settlement Date or Redemption Date, as the case may be, at the option of the Issuer upon an illegality as described below. The applicable Issue Terms contain provisions applicable to such event and must be read in conjunction with this Condition 5.01 for full information. In particular, the applicable Issue Terms will identify the applicable notice periods._

5.01 If the Issuer determines in good faith that the performance of its obligations under the W&C Securities or that any arrangements made to hedge the Issuer’s obligations under the W&C Securities have become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power, or the interpretation thereof, the Issuer having given not less than the minimum period and not more than the maximum period of notice specified in the applicable Issue Terms to Holders in accordance with Condition 10 (which notice shall be irrevocable) may, on expiry of such notice, cancel (in the case of Exercisable Certificates or Warrants) or redeem (in the case of Redeemable Certificates) the W&C Securities.

Should any one or more of the provisions contained in these Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.
If the Issuer cancels (in the case of Exercisable Certificates or Warrants) or redeems (in the case of Redeemable Certificates) the W&C Securities then the Issuer will, if and to the extent permitted by applicable law, pay an amount to each Holder in respect of each W&C Security or each Unit, as the case may be, held by such Holder, which amount shall be the fair market value of a W&C Security or Unit, as the case may be, notwithstanding such illegality, together with accrued Additional Amounts (if applicable), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus (in the case of Warrants), if already paid, by or on behalf of the Holder, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with Condition 10.

**Early Cancellation for Taxation Reasons**

This Condition 5.02 applies to W&C Securities which are subject to cancellation prior to the Settlement Date or Redemption Date, as the case may be, at the option of the Issuer for taxation reasons as described below. The applicable Issue Terms contain provisions applicable to any such event and must be read in conjunction with this Condition 5.02 for full information. In particular, the applicable Issue Terms will identify the applicable notice periods.

5.02 If, (i) as a result of any change in the laws or regulations of Canada or any province or territory thereof or any authority or agency therein or thereof having power to tax or, in the case of W&C Securities issued by a Branch of Account (as defined in Condition 14.01) of the Issuer outside Canada, of the country in which such branch is located or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws or regulations which become effective on or after the Issue Date of such W&C Securities or any other date specified in the applicable Issue Terms, the Issuer would be required to pay extra amounts as provided in Condition 11.03, (ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it and (iii) such circumstances are evidenced by the delivery by the Issuer to the Issuing and Paying Agent of a certificate signed by two senior officers of the Issuer stating that the said circumstances prevail and describing the facts leading thereto and an opinion of independent legal advisers of recognised standing to the effect that such circumstances prevail, the Issuer may, at its option and having given no less than the minimum period and no more than the maximum period of notice specified in the applicable Issue Terms (ending, in the case of W&C Securities paying Additional Amounts at a floating rate, on an Additional Amount Payment Date) to the Holders of the W&C Securities in accordance with Condition 10 (which notice shall be irrevocable), cancel (in the case of Exercisable Certificates or Warrants) or redeem (in the case of Redeemable Certificates) all (but not some only) of the outstanding W&C Securities, provided, however, that no such notice of cancellation or redemption may be given earlier than 90 days (or, in the case of W&C Securities paying Additional Amounts at a floating rate a number of days which is equal to the aggregate of the number of days falling within the then current Additional Amount Period plus 60 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the W&C Securities then due.

The Issuer may not exercise such option in respect of any W&C Security which is the subject of either a prior exercise by the Holder thereof or an automatic exercise (in the case of Exercisable Certificates and Warrants) or the prior exercise by the Holder of its option to require the redemption of such Certificate under Condition 25.04 (in the case of Redeemable Certificates).
If the Issuer cancels (in the case of Exercisable Certificates or Warrants) or redeems (in the case of Redeemable Certificates) the W&C Securities then the Issuer will pay an amount to each Holder in respect of each W&C Security or each Unit, as the case may be, held by such Holder, which amount shall be the fair market value of a W&C Security or Unit, as the case may be, notwithstanding such cancellation (in the case of Exercisable Certificates or Warrants) or redemption (in the case of Redeemable Certificates), together with accrued Additional Amounts (if applicable), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus (in the case of Warrants), if already paid, by or on behalf of the Holder, the Exercise Price all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with Condition 10.

6. Events of Default

6.01 The following events or circumstances (each, and “Event of Default”) shall be acceleration events in relation to the W&C Securities of any Series, namely:

   (i) the Issuer fails to pay any Cash Settlement Amount or deliver any Entitlement in respect of the W&C Securities of the relevant Series or any of them on the settlement date or due date for payment thereof or fails to pay any Additional Amount in respect of the W&C Security of the relevant Series or any of them within 30 days of the due date for payment thereof; or

   (ii) if the Issuer shall have come insolvent or bankrupt, or if a liquidator, receiver or receiver and manager of the Issuer or any other officer having similar powers shall be appointed, or if the Superintendent of Financial Institutions (Canada) shall have taken control of the assets of the Issuer or of the Issuer itself.

6.02 If any Event of Default shall occur, any Holder may, by notice given to the Issuing and Paying Agent through the relevant Clearing Systems in such manner as the Issuing and Paying Agent and the relevant Clearing Systems may approve for this purpose, declare such W&C Security to be immediately cancelled (in the case of Exercisable Certificates and Warrants) or repayable (in the case of Redeemable Certificates) whereupon an amount equal to the fair market value of such W&C Security or Unit, as the case may be, shall become immediately due and repayable notwithstanding the Event of Default, together with accrued Additional Amounts (if applicable), less the cost to the Issuer and/or the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus (in the case of Warrants), if already paid, by or on behalf of the Holder, the Exercise Price all as determined by the Calculation Agent in its sole and absolute discretion, unless, prior thereto, all Events of Default in respect of such W&C Security shall have been cured.
7. **Purchases**

The Issuer or any of its Affiliates may, but is not obliged to, at any time purchase W&C Securities at any price in the open market or by tender or private treaty. Any W&C Securities so purchased may be held or resold or surrendered for cancellation.

8. **Payments – Unavailability of Settlement Currency**

If the Settlement Currency is a currency other than euro and on or around a due date for payment under the W&C Securities, the Calculation Agent determines that the Settlement Currency is not available on the foreign exchange markets due to the imposition of exchange controls, the Settlement Currency’s replacement or disuse or other circumstances beyond the Issuer’s control, the Issuer will be entitled to satisfy its obligations in respect of such payment by making payment in euro on the basis of the spot exchange rate (the “Euro FX Rate”) at which the Settlement Currency is offered in exchange for euro in the London foreign exchange market (or, at the option of the Calculation Agent, in the foreign exchange market of any other financial centre which is then open for business) at noon, London time, two Business Days prior to the date on which payment is due or, if the Euro FX Rate is not available on that date, on the basis of a substitute exchange rate determined by the Calculation Agent acting in its absolute discretion from such source(s) and at such time as it may select. For the avoidance of doubt, the Euro FX Rate or substitute exchange rate as aforesaid may be such that the resulting euro amount is zero and in such event no amount of euro or the Settlement Currency will be payable.

9. **The Issuing and Paying Agent, Calculation Agent, Paying Agents, Determinations, Modifications and Meeting Provisions**

9.01 The initial Issuing and Paying Agent and its initial specified office is specified at the end of these Conditions. The Calculation Agent in respect of any W&C Securities and any additional or other Paying Agents shall be specified in Part A or Part B of the applicable Issue Terms, respectively. The Issuer reserves the right at any time to vary or terminate the appointment of the Issuing and Paying Agent or the Calculation Agent and to appoint additional Paying Agents or another Calculation Agent provided that it will at all times maintain (i) an Issuing and Paying Agent, (ii) a Calculation Agent, and (iii) so long as the W&C Securities are admitted to trading and/or listed on any stock exchange or admitted to trading or listing by another relevant authority, a Paying Agent with a specified office in such place as may be required by the rules and regulations of such stock exchange or other relevant authority. The Paying Agents and the Calculation Agent reserve the right at any time to change their respective specified offices to some other specified office in the same metropolitan area. Notice of all changes in the identities or specified offices of any Paying Agent and Calculation Agent will be given promptly by the Issuer to the Holders in accordance with Condition 10.

9.01a The Swiss Programme and Paying Agent and its initial specified offices are specified below. The Issuer reserves the right at any time to vary or terminate the appointment of the Swiss Programme and Paying Agent provided that the Issuer shall at all times maintain a Swiss Programme and Paying Agent authorised to act in such capacity. Notice of all changes in the identity or specified offices of the Swiss Programme and Paying Agent will be given promptly by the Issuer to the Holders in accordance with Condition 10.
9.02 The Paying Agents act solely as agent of the Issuer and, save as provided in the Issue and Paying Agency Agreement or any other agreement entered into with respect to its appointment, does not assume any obligations towards or relationship of agency or trust for any Holder of any W&C Security and shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Issue and Paying Agency Agreement or other agreement entered into with respect to its appointment or incidental thereto.

9.03 In relation to each issue of W&C Securities, the Calculation Agent (whether it be the Royal Bank of Canada, London branch or another entity) acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders. All calculations and determinations made in respect of the W&C Securities by the Calculation Agent shall (save in the case of manifest or proven error) be final, conclusive and binding on the Issuer, the Issuing and Paying Agent and the Holders. The Calculation Agent shall promptly notify the Issuer and the Issuing and Paying Agent and the Holders. The Calculation Agent shall promptly notify the Issuer and the Issuing and Paying Agent upon any such calculations and determinations, and (in the absence of wilful default, bad faith or manifest error) no liability to the Issuer, the Issuing and Paying Agent or the Holders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a suitably competent third party of good standing as it deems appropriate.

Determinations

9.04 Any determination made by the Calculation Agent pursuant to these Terms and Conditions shall (save in the case of proven or manifest error) be final, conclusive and binding on the Issuer and the Paying Agents and the Holders.

Modifications and Meetings Provisions

9.05 The Issue and Paying Agency Agreement contains provisions for convening meetings of the Holders of the W&C Securities to consider any matter affecting their interest, including (without limitation) the modification by Extraordinary Resolution (as defined in the Issue and Paying Agency Agreement) of these Terms and Conditions. An Extraordinary Resolution passed at any meeting of the Holders of the W&C Securities will be binding on all Holders of the W&C Securities, whether or not they are present at the meeting, except that without the consent and affirmative vote of each Holder of the W&C Securities, no Extraordinary Resolution may: (i) amend the Redemption Date, Exercise Date or Exercise Period or any Additional Amount Payment Date (as applicable) in respect of the W&C Securities (ii) reduce or cancel the Cash Settlement Amount or the Entitlement (as applicable), (iii) reduce any Additional Amount payable, (iv) in the case of Exempt W&C Securities subject to any applicable redenomination provisions specified in the Pricing Supplement, change the Settlement Currency, (v) modify the provisions concerning the quorum required at any meeting of Holders of the W&C Securities or the majority required to pass an Extraordinary Resolution or (vi) modify or eliminate any of items (i) through (v), inclusive above unless passed at a meeting of the Holders of the W&C Securities (or at any adjournment thereof) at which a special quorum (provided for in the Issue and Paying Agency Agreement) is present.
In addition to Extraordinary Resolutions passed at meetings of the Holders of W&C Securities, the Issue and Paying Agency Agreement provides that either (i) a resolution in writing signed on behalf of the Holders of W&C Securities of not less than three-fourths of the W&C Securities for the timing being outstanding (whether such resolution in writing is contained in one document or several documents in the same form, each signed on behalf of one or more Holders of W&C Securities) or (ii) consents given by way of electronic consents through the relevant clearing systems by or on behalf of a Holder of W&C Securities of not less than three-fourths of the W&C Securities for the time being outstanding will take effect as an Extraordinary Resolution.

The Issuer may, with the consent of the Issuing and Paying Agent, but without the consent of the Holders of the W&C Securities, make any modification to these Terms and Conditions (i) which is not materially prejudicial to the interests of the Holders of W&C Securities, or (ii) to correct a manifest or proven error or an error that is of a formal, minor or technical nature, or to correct, cure or supplement any defective provision contained herein. Subject as aforesaid, no other modification may be made to these Terms and Conditions except with the sanction of an Extraordinary Resolution adopted by the Holders.

Save as provided therein, the Issue and Paying Agency Agreement may be amended by agreement among the parties thereto and without the consent of any Holders of the W&C Securities.

10. Notices

All notices to Holders shall be valid: (i) if delivered to each Clearing System for communication by them to the Holders; and (ii) if and so long as the W&C Securities are admitted to trading on, and listed on any stock exchange or are admitted to trading by another relevant authority, in accordance with the rules and regulations of the relevant stock exchange or other relevant authority.

Any such notice shall be deemed to have been given on the second Business Day following such publication or delivery.

All notices regarding Swiss W&C Securities listed on the SIX Swiss Exchange to be made to Holders will be additionally given through the online information system of the SIX Swiss Exchange, by publishing on the SIX Swiss Exchange's website as provided for in the rules of SIX Swiss Exchange.

The SIX Swiss Exchange's designated website is:
11. Expenses and Taxation

11.01 Subject to Condition 11.03 below, a Holder of W&C Securities must pay all taxes, duties and/or expenses, including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising from the exercise and settlement or redemption (as applicable) of such W&C Securities and/or, if applicable, the delivery of the Entitlement pursuant to the terms of such W&C Securities (together “Expenses”).

11.02 Subject to Condition 11.03 below, the Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, exercise, redemption or enforcement of any W&C Security by any person and all payments or deliveries made by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

11.03 Taxation

(i) All amounts payable in respect of the W&C Securities will be paid free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied (i) by or on behalf of Canada, any province or territory or political subdivision thereof or any authority or agency therein or thereof having power to tax and, in the case of W&C Securities issued by a branch of the Issuer located outside Canada, the country in which such branch is located or any political subdivision thereof or any authority or agency therein or thereof having power to tax or (ii) pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “Code”) or otherwise imposed pursuant to the FATCA Withholding Tax Rules, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law or the interpretation or administration thereof (including pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to the FATCA Withholding Tax Rules). In that event, but in the case of Redeemable Certificates and Exercisable Certificates that evidence deposit liabilities under the Bank Act (Canada) only (and the applicable Issue Terms will indicate whether the Exercisable Certificates evidence deposit liabilities under the Bank Act (Canada)), the Issuer will pay such extra amounts as may be necessary in order that the net amounts received by the holder after such withholding or deduction shall equal the amounts which would have been received in respect of such Certificates, in the absence of such withholding or deduction; except that no extra amounts shall be payable with respect to any payment in respect of any such Certificate:

(v) to, or to a third party on behalf of, a holder who is liable for such taxes, duties, assessments or governmental charges in respect of such Certificate by reason of his having some connection with Canada or the country in which such branch is located otherwise than the mere holding of such Certificate; or

(w) to, or to a third party on behalf of, a holder in respect of whom such tax, duty, assessment or governmental charge is required to be withheld or deducted by
reason of the holder being a person with whom the Issuer is not dealing at arm’s length (within the meaning of the Income Tax Act (Canada)); or

(x) to, or to a third party on behalf of, a holder who is, or who does not deal at arm’s length with a person who is, a “specified shareholder” (as defined in subsection 18(5) of the Income Tax Act (Canada)) of the Issuer; or

(y) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or

(z) where such withholding or deduction is required by reason of an agreement described in Section 1471(b) of the Code or otherwise required by FATCA.

(ii) If the Issuer becomes subject generally at any time to any taxing jurisdiction other than or in addition to Canada or the country in which the relevant Branch of Account is located, references in Condition 5.02 and Condition 11.03 to Canada or the country in which the relevant branch is located shall be read and construed as references to Canada or the country in which such branch is located and/or to such other jurisdiction(s).

(iii) Unless the context otherwise requires, any reference in these Conditions to any payment due in respect of the W&C Securities shall be deemed to include (x) the delivery of any Entitlements and (y) any extra amounts which may be payable under this Condition 11.03.

12. Further Issues

The Issuer may from time to time, without the consent of the Holders, create and issue further W&C Securities so as to be consolidated with and form a single series with the outstanding W&C Securities of a particular Series.

13. Currency Indemnity

Subject to Condition 8, the Settlement Currency is the sole currency of account and payment for all sums payable by the Issuer in respect of the W&C Securities or Units, as the case may be, including damages. Any amount received or recovered in a currency other than the Settlement Currency (whether as a result of, or of the enforcement of, a judgement or order of a court of any jurisdiction or otherwise) by any Holder of a W&C Security or Unit, as the case may be, in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the Settlement Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first day on which it is practicable to do so). If that amount is less than the amount in the Settlement Currency expressed to be due to any Holder of a W&C Security or Unit, as the case may be, in respect of such W&C Security or Unit, as the case may be, the Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the Issuer shall indemnify each such Holder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any
indulgence granted by any Holder of a W&C Security or Unit, as the case may be, and shall continue in full force and effect despite any judgement, order, claim or proof for a liquidated amount in respect of any sum due in respect of the W&C Securities or Units, as the case may be, or any judgement or order. Any such loss aforesaid shall be deemed to constitute a loss suffered by the relevant Holder of a W&C Security or Unit, as the case may be, and no proof or evidence of any actual loss will be required by the Issuer.

14. Branch of Account

14.01 This Condition 14 applies only to Redeemable Certificates and Exercisable Certificates that evidence deposit liabilities under the Bank Act (Canada). For the purposes of the Bank Act (Canada) the branch of the Bank set out in the applicable Issue Terms shall be the branch of account (the “Branch of Account”) for the deposit liabilities under the Bank Act (Canada) evidenced by the relevant Redeemable Certificates and Exercisable Certificates. If not specified in the applicable Issue Terms, the Branch of Account for such Redeemable Certificates and Exercisable Certificates will be the main branch of the Issuer in Toronto. Such Redeemable Certificates and Exercisable Certificates will be paid without the necessity of first being presented for payment at the Branch of Account. Redeemable Certificates and Exercisable Certificates issued by a Branch of Account are obligations of the Bank.

14.02 If the Branch of Account is not in Canada, the Bank may change the Branch of Account for the deposit liabilities under the Bank Act (Canada) evidenced by the W&C Security, upon not less than seven days’ prior notice to the Holders given in accordance with Condition 10 and upon and subject to the following terms and conditions:

(i) if the W&C Security is payable in Yen, the Branch of Account shall not be in Japan;

(ii) the Issuer shall indemnify and hold harmless the holder of the W&C Security against any tax, duty, assessment or governmental charge which is imposed or levied upon such holder as a consequence of such change, and shall pay the reasonable costs and expenses of the Issuing and Paying Agent in connection with such change; and

(iii) notwithstanding (ii) above, no change of the Branch of Account may be made unless immediately after giving effect to such change (a) no Event of Default, and no event which, after the giving of notice or lapse of time or both, would become an Event of Default shall have occurred and be continuing and (b) payments on the W&C Securities to holders thereof (other than Excluded Holders, as hereinafter defined) shall not, in the opinion of counsel to the Issuer, be subject to any taxes, as hereinafter defined, to which they would not have been subject had such change not taken place. For the purposes of this section, an “Excluded Holder” means a holder of a W&C Security of this Series who is subject to taxes by reason of its having some connection with the Relevant Jurisdiction other than the mere holding of a W&C Security of this Series as a non-resident of such Relevant Jurisdiction. “Relevant Jurisdiction” means Canada, its provinces or territories and the jurisdiction in which the new Branch of Account is located, and “taxes” means and includes any tax, duty, assessment or other governmental
charge imposed or levied in respect of the payments on the W&C Securities for or on behalf of a Relevant Jurisdiction or any authority therein or thereof having power to tax.

15. Adjustments for European Monetary Union

15.01 The Issuer may, without the consent of the Holders, on giving notice to the Holders in accordance with Condition 10:

(i) elect that, with effect from the Adjustment Date specified in the notice, certain terms of the W&C Securities shall be redenominated in euro.

The election will have effect as follows:

(a) where the Settlement Currency of the W&C Securities is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Calculation Agent may decide and as may be specified in the notice, and after the Adjustment Date, all payments of the Cash Settlement Amount in respect of the W&C Securities will be made solely in euro as though references in the W&C Securities to the Settlement Currency were to euro;

(b) where the Exchange Rate and/or any other terms of these Terms and Conditions are expressed in or, in the case of the Exchange Rate, contemplate the exchange from or into, the currency (the “Original Currency”) of a country which is participating in the third stage of European Economic and Monetary Union, such Exchange Rate and/or any other terms of these Terms and Conditions shall be deemed to be expressed in or, in the case of the Exchange Rate, converted for or, as the case may be into, euro at the Established Rate; and

(c) such other changes shall be made to these Terms and Conditions as the Issuer may decide, in its sole and absolute discretion to conform them to conventions then applicable to instruments expressed in euro; and/or

(ii) require that the Calculation Agent make such adjustments to the Weighting and/or (in the case of Warrants) the Exercise Price and/or any other terms of these Terms and Conditions and/or the applicable Issue Terms as the Calculation Agent, in its sole discretion, may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union on the Weighting and/or (in the case of Warrants) the Exercise Price and/or such other terms of these Terms and Conditions.

Notwithstanding the foregoing, neither the Issuer, any of its Affiliates or agents nor the Calculation Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.
In these Conditions, the following expressions have the following meanings:

“Adjustment Date” means a date specified by the Issuer in the notice given to the Holders pursuant to this Condition which falls on or after the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

“Established Rate” means the rate for the conversion of the Original Currency (including compliance with rules relating to rounding in accordance with applicable European Community regulations) into euro established by the Council of the European Union pursuant to first sentence of Article 1091(4) of the Treaty;

“euro” means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

“National Currency Unit” means the unit of the currency of a country, as those units are defined on the date on which the country of the Original Currency first participates in European Economic and Monetary Union; and

“Treaty” means the treaty on the Functioning of the European Union, as amended.

16. Contracts (Rights of Third Parties) Act 1999

In the case of English Law W&C Securities (as defined below), the W&C Securities do not confer on any third party any rights under the Contracts (Rights of Third Parties) Act 1999 (the “Act”) to enforce any term of the W&C Securities, but this does not affect any right or remedy of a third party which exists or is available apart from the Act.

16A. Prescription

16A.01 In respect of W&C Securities governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein, claims against the Issuer for payment or delivery in respect of the W&C Securities shall become void unless made within two years from the relevant due date for payment or delivery and no claims shall be made after such date.

16A.02 In respect of W&C Securities governed by English law, claims against the Issuer for payment or delivery in respect of the W&C Securities shall become void unless made within five years from the relevant due date for payment or delivery and no claims shall be made after such date.

17. Law and Jurisdiction

17.01 The Issue and Paying Agency Agreement and, unless otherwise specified in the applicable Issue Terms, the W&C Securities and the Global W&C Securities and any non-contractual obligations arising out of or in connection therewith are governed by and shall be construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein.

17.02 If specified in the applicable Issue Terms, the W&C Securities and the Global W&C Securities and any non-contractual obligations arising out of or in connection therewith shall be governed by, and shall be construed in accordance with, English law (such W&C Securities, “English Law W&C Securities”).
17.03 The Swiss W&C Securities and any non-contractual obligations arising out of or in connection with them, shall be governed by, and construed in accordance with, English law.

17.04a In the case of English Law W&C Securities, subject to Condition 17.04c below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the W&C Securities, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the W&C Securities (a “Dispute”) and accordingly each of the Issuer and any Holders of the W&C Securities in relation to any Dispute submits to the exclusive jurisdiction of the English courts.

17.04b For the purposes of this Condition 17.04, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

17.04c To the extent allowed by law, the Holders of the W&C Securities may, in respect of any Dispute or Disputes, take proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

17.04d The Issuer irrevocably agrees that service of process in any such proceedings in England in relation to any Dispute shall be deemed completed on delivery to its London branch at Riverbank House, 2 Swan Lane, London EC4R 3BF, England (whether or not it is forwarded to and received by the Issuer). If for any reason such branch ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint another person as its agent for service of process in England in respect of any Dispute and shall immediately notify Holders of such appointment in accordance with Condition 10. Nothing shall affect the right to serve process in any other manner permitted by law.

18. Terms applicable to Exercisable Certificates and Warrants only

Conditions 19, 20, 21, 22 and 23 apply to Exercisable Certificates and Warrants only.

19. Definitions (Exercisable Certificates and Warrants)

For the purposes of the Exercisable Certificates and Warrants:

“Exercise Business Day” means a day that is a Business Day and, in the case of an Index Linked W&C Security or Equity Linked W&C Security, a Scheduled Trading Day; and

“In-The-Money” means

(a) in the case of a Cash Settled W&C Security, the Cash Settlement Amount in respect of such W&C Security; or

(b) in the case of an Exempt W&C Security which is a Physical Delivery W&C Security, the value of the Entitlement on the Actual Exercise Date for such W&C Security less (in the case of Warrants) the Exercise Price,

is in each case greater than zero.

20. Type (Exercisable Certificates and Warrants)

The applicable Issue Terms will indicate whether the Exercisable Certificates or Warrants are American style W&C Securities (“American Style W&C Securities”), European Style W&C Securities “European Style W&C Securities”), open-ended W&C Securities (“Open-Ended
W&C Securities”) or, in the case of Exempt W&C Securities, such other type as may be specified in the applicable Pricing Supplement and whether automatic exercise (“Automatic Exercise”) applies to the Exercisable Certificates or Warrants and whether the Exercisable Certificates or Warrants may only be exercised in Units. If Automatic Exercise is specified in the applicable Issue Terms in respect of Cash Settled W&C Securities, the applicable Issue Terms will specify whether Delivery of Exercise Notice is applicable. If Units are specified in the applicable Issue Terms, Exercisable Certificates or Warrants, as the case may be must be exercised in Units and any Exercise Notice which purports to exercise W&C Securities in breach of this provision shall be void and of no effect.

21. Exercise Rights (Exercisable Certificates and Warrants)

Exercise Period

American Style W&C Securities

21.01 American Style W&C Securities are exercisable on any Exercise Business Day during the Exercise Period.

If Automatic Exercise is not specified in the applicable Issue Terms any such American Style W&C Security with respect to which no Exercise Notice (as defined below) has been delivered in the manner set out in Condition 22, at or prior to 10.00 a.m., Brussels or Luxembourg time, as the case may be, on the last Exercise Business Day of the Exercise Period (the “Expiration Date”), shall become void.

If Automatic Exercise is specified in the applicable Issue Terms any such American Style W&C Security with respect to which no Exercise Notice has been delivered in the manner set out in Condition 22, at or prior to 10.00 a.m., Brussels or Luxembourg time, as the case may be, on the Expiration Date and which is in the determination of the Calculation Agent “In-The-Money” will be exercised by the Calculation Agent on behalf of the relevant Holder on the Expiration Date and (i) in the case of Cash Settled W&C Securities, if Delivery of Exercise Notice is specified as applicable in the applicable Issue Terms, or (ii) in the case of Exempt W&C Securities which are Physical Delivery W&C Securities, the provisions of Condition 22.08 shall apply (such an exercise an "Automatic Exercise" and references to "automatically exercised" shall be construed accordingly).

The Exercise Business Day during the Exercise Period on which an Exercise Notice is delivered prior to 10.00 a.m., Brussels or Luxembourg time (as appropriate), to Euroclear or Clearstream, Luxembourg or, in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent, as the case may be, and, a copy thereof is delivered to the Issuer and (other than in the case of Swiss W&C Securities) the Issuing and Paying Agent, in each case as provided in Condition 22, or, if Automatic Exercise is specified in the applicable Issue Terms and the W&C Securities are automatically exercised on the Expiration Date as provided above, the Expiration Date, is referred to herein as the “Actual Exercise Date”. If any such Exercise Notice is received by Euroclear or Clearstream, Luxembourg, or, in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent, as the case may be, or if a copy thereof is delivered to the Issuer and (other than in the case of Swiss W&C Securities) the Issuing and Paying Agent, in each case, after 10.00 a.m., Brussels or Luxembourg time (as appropriate), on any Exercise Business Day during the Exercise Period, such Exercise Notice will be deemed to have been delivered on the next Exercise Business Day, which Exercise Business Day shall be deemed to be the Actual Exercise Date, provided that any such W&C Securities in respect of which no Exercise Notice has been
delivered in the manner set out in Condition 22 at or prior to 10.00 a.m. Brussels or Luxembourg time (as appropriate) on the Expiration Date shall (i) if Automatic Exercise is not specified in the applicable Issue Terms, become void or (ii) if Automatic Exercise is specified in the applicable Issue Terms, be automatically exercised on the Expiration Date as provided above.

The expressions “exercise”, “due exercise” and related expressions shall be construed to apply to any W&C Securities which are automatically exercised on the Expiration Date in accordance with this provision.

European Style Exercisable Certificates and Warrants

21.02 This paragraph 21.02 applies only to Exercisable Certificates and Warrants:

European Style Exercisable Certificates and Warrants are only exercisable on the Exercise Date.

If Automatic Exercise is not specified in the applicable Issue Terms, any European Style Exercisable Certificate or Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 22, at or prior to 10.00 a.m., Brussels or Luxembourg time (as appropriate) on the Exercise Date, shall become void.

If Automatic Exercise is specified in the applicable Issue Terms, any such European Style Exercisable Certificate or Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 22, at or prior to 10.00 a.m., Brussels or Luxembourg time, as the case may be, on the Exercise Date and which is in the determination of the Calculation Agent “In-The-Money”, will be exercised by the Calculation Agent on behalf of the relevant Holder on the Exercise Date and, (i) in the case of Cash Settled W&C Securities, if Delivery of Exercise Notice is specified as applicable in the applicable Issue Terms, or (ii) in the case of Exempt W&C Securities which are Physical Delivery W&C Securities, the provisions of Condition 22.08 shall apply (such an exercise an "Automatic Exercise" and references to "automatically exercised" shall be construed accordingly).

The expressions “exercise”, “due exercise” and related expressions shall be construed to apply to any Exercisable Certificates or Warrants which are Automatically Exercised on the Exercise Date in accordance with this provision.

Open-Ended W&C Securities

21.03 Open-Ended W&C Securities are exercisable on any Exercise Date. If any such Exercise Notice is received by the relevant Clearing System or, in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent or if a copy thereof is delivered to the Issuer and, in the case of other than Swiss W&C Securities, the Issuing and Paying Agent, in each case, after 10.00 a.m., Brussels or Luxembourg time (as appropriate), on an Exercise Date, such Exercise Notice will be deemed to have been delivered on the next Exercise Date, which Exercise Date shall be deemed to be the Actual Exercise Date.

Cash Settlement

21.04 In the case of Exercisable Certificates or Warrants which are Cash Settled W&C Securities, each such W&C Security or, if Units are specified in the applicable Issue Terms, each Unit, entitles its Holder, upon due exercise and subject to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date the Cash Settlement Amount.

Physical Settlement
This Condition applies to Exempt W&C Securities only.

21.05 If Exercisable Certificates or Warrants are Physical Delivery W&C Securities, each such W&C Security or, if Units are specified in the applicable Pricing Supplement, each Unit, as the case may be, entitles its Holder, upon due exercise and, subject to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date the Entitlement subject to payment of the Exercise Price (in the case of Warrants) and any Expenses or sums payable. The method of delivery of the Entitlement is set out in the applicable Pricing Supplement.

Unless otherwise specified in the applicable Pricing Supplement, W&C Securities or Units, as the case may be, exercised at the same time by the same Holder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such W&C Securities or Units, as the case may be, provided that the aggregate Entitlements in respect of the same Holder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment (the “Cash Adjustment”) in the Settlement Currency calculated by the Calculation Agent in its sole and absolute discretion or otherwise in the manner specified in the applicable Pricing Supplement shall be paid to the Holder.

Following exercise of an Equity Linked W&C Security or ETF Linked W&C Security which is a Physical Delivery W&C Security, (i) none of the Issuer or the Calculation Agent shall be under any obligation to register or procure the registration of any Holder or any other person as the registered shareholder in the register of members of the Equity Issuer or ETF and (ii) all dividends on the relevant Equities or Fund Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Equities or Fund Shares executed on the relevant Actual Exercise Date and to be delivered in the same manner as such relevant Equities or Fund Shares. Any such dividends to be paid to a Holder will be paid to the account specified by the Holder in the relevant Exercise Notice as referred to in Condition 22.02(E).

After delivery of the Entitlement and for such period of time after the Settlement Date as any person other than the relevant Holder shall continue to be the legal owner of the securities or obligations comprising the Entitlement (the “Intervening Period”), none of the Issuer, the Calculation Agent nor any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Holder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a Holder in respect of any loss or damage which such Holder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations.

All references in this Condition to “Brussels or Luxembourg time” shall, where W&C Securities are cleared through a clearing system other than Clearstream, Luxembourg or Euroclear be deemed to refer as appropriate to the time in the city where the relevant clearing system is located.

Issuer Call Option

21.06 If Issuer Call Option is specified as applicable in the applicable Issue Terms, the Issuer may having given not less than the minimum period and not more than the maximum period of
notice specified in the applicable Issue Terms to the Holders in accordance with Condition 10 (which notice shall be irrevocable) elect that the Expiration Date (in the case of American Style W&C Securities) or the Exercise Date (in the case of European Style Certificates) in respect of all (but not some only) of the W&C Securities will be brought forward and such W&C Securities will be Automatically Exercised on the Call Option Date. If Call Option Cash Settlement is specified as applicable in the applicable Issue Terms, notwithstanding any provision to the contrary in the Terms and Conditions and/or the applicable Issue Terms (a) if the W&C Securities are not Cash Settled W&C Securities, the W&C Securities shall be deemed to be Cash Settled W&C Securities and (b) the Cash Settlement Amount shall be the Call Option Cash Settlement Amount specified in the applicable Issue Terms.

If the W&C Securities are Automatically Exercised on the Call Option Date, (i) the Expiration Date (in the case of American Style W&C Securities) or the Exercise Date (in the case of European Style W&C Securities) shall be the Call Option Date, (ii) the provisions of Conditions 22.06 shall apply and (iii) the expressions “exercise”, “due exercise” and related expressions shall be construed to apply to any W&C Securities which are Automatically Exercised on the Call Option Date in accordance with this provision.

**Trigger Early Exercise**

This Condition applies to Exempt W&C Securities only.

**21.07** If Trigger Early Exercise is specified as applicable in the applicable Pricing Supplement and a Trigger Early Exercise Event occurs, the Expiration Date (in the case of American Style W&C Securities) or the Exercise Date (in the case of European Style W&C Securities) in respect of all (but not some only) of the W&C Securities will be brought forward and such W&C Securities will be Automatically Exercised on the Trigger Early Exercise Date. If Trigger Early Exercise Cash Settlement is specified as applicable in the applicable Pricing Supplement, notwithstanding any provision to the contrary in the Terms and Conditions and/or the applicable Pricing Supplement (a) if the W&C Securities are not Cash Settled W&C Securities, the W&C Securities shall be deemed to be Cash Settled W&C Securities and (b) the Cash Settlement Amount shall be the Trigger Early Exercise Cash Settlement Amount specified in the applicable Pricing Supplement.

If the W&C Securities are Automatically Exercised on the Trigger Early Exercise Date, (i) the Expiration Date (in the case of American Style W&C Securities) or the Exercise Date (in the case of European Style W&C Securities) shall be the Trigger Early Exercise Date, (ii) the provisions of Conditions 22.06 shall apply and (iii) the expressions “exercise”, “due exercise” and related expressions shall be construed to apply to any W&C Securities which are Automatically Exercised on the Trigger Early Exercise Date in accordance with this provision.

**Exercise Rights (Italian Listed Exercisable Certificates)**

**21.08** This paragraph 21.08 applies only to Italian Listed Exercisable Certificates and any other Condition providing otherwise with respect thereto shall not apply:

(a) **Automatic Exercise**

Italian Listed Exercisable Certificates will be automatically exercised on the Exercise Date in accordance with Condition 21.02. Delivery of Exercise Notice shall not apply.

(b) **Fees and Expenses in connection with Exercise, Renouncement and Settlement**
Notwithstanding the provisions of Condition 11.01, each Holder of an Italian Listed Exercisable Certificate must pay all taxes and duties relating to such Italian Listed Exercisable Certificate.

Notwithstanding the provisions of Condition 11.02, the Issuer shall be liable for all expenses, including any applicable depository charges, transaction or exercise charges arising from the exercise, settlement and renouncement (as applicable) of Italian Listed Exercisable Certificates. The Issuer shall not otherwise be liable for or obliged to pay any tax, duty or withholding which may arise as a result of the ownership, transfer, exercise (and renouncement, if applicable) or enforcement of Italian Listed Exercisable Certificates and all payments made by the Issuer shall be made subject to any such tax, duty or withholding.

No amounts relating to the cost of unwinding any underlying related hedging arrangements shall be deducted with respect to Italian Listed Exercisable Certificates and the words "less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements)" shall be deemed to be deleted in, inter alia, Conditions 5.01, 5.02, 6.02, 29.03, 29.05, 30.02, 30.03, 30.04, 33.05, 33.07 and the definitions of Disruption Cash Settlement Price and Failure to Deliver Settlement Price.

(c) **Right to Renounce**

The Holder of an Italian Listed Exercisable Certificate may, prior to the Renouncement Cut-off Time, as specified in the applicable Issue Terms, on an Exercise Date, renounce automatic exercise of such Certificate by the delivery of a duly completed Renouncement Notice (a "Renouncement Notice") substantially in the form set out in Schedule 15 to the Issue and Paying Agency Agreement and in Annex 1 to this Base Prospectus to The Bank of New York Mellon (Luxembourg) S.A. Italian Branch, Via Carducci, 31 – 20123, Milan, Italy ("BNY Italy") in compliance with the laws and regulations of the Italian Stock Exchange applicable from time to time. Copies of the form of Renouncement Notice may be obtained from the offices of the Issuer, Royal Bank Plaza, 200 Bay Street, 8th Floor, South Tower, Toronto, Ontario, Canada and the offices of the Issuing and Paying Agent, One Canada Square, London E14 5AL, England and its Italian Branch, Via Carducci 31, 20123, Milan, Italy. The number of Italian Listed Exercisable Certificates specified in a Renouncement Notice must be a multiple of the Minimum Trading Size, otherwise such number of Italian Listed Exercisable Certificates so specified shall be rounded down to the preceding multiple of the Minimum Trading Size and the Renouncement Notice shall not be valid in respect of a number of such Italian Listed Exercisable Certificates exceeding such rounded number.

(d) **Fees and Expenses in connection with renouncement**

Neither any Paying Agent nor the Issuer shall apply any charge for the renouncement of the exercise of any Italian Listed Exercisable Certificates. Any other taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties which may arise in connection with the renouncement of any Italian Listed Exercisable Certificates are payable by the Holders.

(e) **Delivery of Renouncement Notice**
A Renouncement Notice must be delivered by fax to BNY Italy with a copy to the Issuer prior to the Renouncement Cut-off Time specified in the applicable Issue Terms. Once delivered a Renouncement Notice shall be irrevocable.

(f) **Failure to complete a Renouncement Notice**

If, in respect of an Italian Listed Exercisable Certificate the Holder does not deliver a duly completed Renouncement Notice in accordance with the provisions hereof, such Italian Listed Exercisable Certificate shall be automatically exercised in accordance with Condition 21.02.

(g) **Paying Agent’s discretion**

Any determination as to whether a Renouncement Notice is duly completed and in proper form shall be made by the Paying Agent (in consultation with the relevant Clearing System in which such Certificates are held) and shall be conclusive and binding on the Issuer and the Holders. Subject as set out below, any Renouncement Notice so determined to be incomplete or not in proper form shall be null and void. If such Renouncement Notice is subsequently corrected to the satisfaction of the Paying Agent, it shall be deemed to be a new Renouncement Notice submitted at the time such correction was delivered to the Paying Agent.

(h) **Discretionary Determinations**

In the case of Italian Listed Exercisable Certificates, any determinations to be made by the Calculation Agent or the Issuer will be made in good faith and in a reasonable manner.

22. **Exercise Procedure (Exercisable Certificates and Warrants)**

**Exercise Notices**

22.01 Subject as provided in Condition 22.08, Exercisable Certificates and Warrants may only be exercised by delivering in a manner acceptable to the relevant Clearing System or, in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent, an exercise notice (an “Exercise Notice”) to the relevant Clearing System or, in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent, with a copy to the Issuer and, in the case of other than Swiss W&C Securities, the Issuing and Paying Agent in accordance with the provisions of Condition 21 and this Condition including the information set out below:

In the case of Cash Settled W&C Securities, the Exercise Notice shall:

(A) specify the ISIN and series of the W&C Securities and the number of W&C Securities being exercised and, if Units are specified in the applicable Issue Terms, the number of Units being exercised;

(B) specify the number of the Holder’s account at the relevant Clearing System to be debited with the W&C Securities being exercised;

(C) irrevocably instruct the relevant Clearing System to debit on or before the Settlement Date the Holder’s account with the W&C Securities being exercised;

(D) specify the number of the Holder’s account at the relevant Clearing System to be credited with the Cash Settlement Amount (if any) for each W&C Security or Unit, as the case may be, being exercised;
(E) include an undertaking to pay all Expenses and an authority to the relevant Clearing System to deduct an amount in respect thereof from any Cash Settlement Amount due to such Holder and/or to debit a specified account of the Holder at Euroclear or Clearstream, Luxembourg, or any other Clearing System, as the case may be, in respect thereof and to pay such Expenses;

(F) certify that the beneficial owner of each W&C Security being exercised is not a U.S. person, as defined as any person who is (i) an individual who is a citizen or resident of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the CFTC’s regulations by virtue of its participants being non-U.S. Persons; or (vii) any other “U.S. Person” as such term may be defined in Rule 902(k) of Regulation S under the Securities Act of 1933, as amended or in regulations adopted under the Commodity Exchange Act, as amended (a “U.S. Person”), such W&C Securities were not held on behalf of a U.S. person and no cash, securities or other property has been or will be delivered within the United States or its possessions or to, or for the account or benefit of, a U.S. person in connection with such exercise and, where appropriate in the case of an Exempt W&C Security, undertake to provide such various forms of certification in respect of selling restrictions under the securities, commodities and other laws of the United States of America as set out in the applicable Pricing Supplement; and

(G) authorise the production of such certification in applicable administrative or legal proceedings.

22.02 In the case of Exempt W&C Securities which are Physical Delivery W&C Securities, the Exercise Notice shall:

(A) specify the ISIN and series of the W&C Securities and the number of W&C Securities being exercised and, if Units are specified in the applicable Issue Terms, the number of Units being exercised;

(B) specify the number of the Holder’s account at the relevant Clearing System to be debited with the W&C Securities being exercised;

(C) irrevocably instruct the relevant Clearing System to debit on or before the Settlement Date the Holder’s account with the W&C Securities being exercised;
(D) in the case of Warrants, irrevocably instruct the relevant Clearing System, to debit on the Actual Exercise Date a specified account of the Holder with the relevant Clearing System, with the aggregate Exercise Prices in respect of such Warrants or Units, as the case may be, (together with any other amounts payable);

(E) include an undertaking to pay all Expenses and an authority to the relevant Clearing System to debit a specified account of the Holder at the relevant Clearing System in respect thereof and to pay such Expenses;

(F) include such details as are required by the applicable Pricing Supplement for delivery of the Entitlement which may include account details and/or the name and address of any person(s) into whose name evidence of the Entitlement is to be registered and/or any bank, broker or agent to whom documents evidencing the Entitlement are to be delivered and specify the name and the number of the Holder’s account with the relevant Clearing System to be credited with any cash payable by the Issuer, either in respect of any cash amount constituting the Entitlement or any dividends relating to the Entitlement or as a result of the occurrence of a Settlement Disruption Event and the Issuer electing to pay the Disruption Cash Settlement Price or the occurrence of a Failure to Deliver due to Illiquidity and the Issuer electing to pay the Failure to Deliver Settlement Price;

(G) in the case of Currency Linked W&C Securities only, specify the number of the Holder’s account at the relevant Clearing System to be credited with the amount due upon exercise of the W&C Securities;

(H) certify, inter alia, that the beneficial owner of each W&C Security being exercised is not a U.S. person as defined in Condition 22.01, such W&C Securities were not held on behalf of a U.S. person and no cash, securities or other property has been or will be delivered within the United States or its possessions or to, or for the account or benefit of, a U.S. person in connection with such exercise and, where appropriate, undertake to provide such various forms of certification in respect of selling restrictions under the securities, commodities and other laws of the United States of America as set out in the applicable Pricing Supplement; and

(I) authorise the production of such certification in any applicable administrative or legal proceedings.

22.03 If Condition 4.04 applies, the form of Exercise Notice required to be delivered will be different from that set out above. Copies of such Exercise Notice may be obtained from Euroclear, Clearstream, Luxembourg and the Issuing and Paying Agent or, in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent.

Irrevocable Election

22.04 Delivery of an Exercise Notice shall constitute an irrevocable election by the relevant Holder to exercise the W&C Securities specified. After the delivery of such Exercise Notice, such exercising Holder may not transfer such W&C Securities.

Verification of the Holder
Upon receipt of an Exercise Notice, the relevant Clearing System or, in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent, shall verify that the person exercising the W&C Securities is the Holder thereof according to the books of the relevant Clearing System. Subject thereto, the relevant Clearing System will confirm to the Issuing and Paying Agent, the ISIN and series and the number of W&C Securities being exercised and the account details of the Holder, if applicable, for the payment of the Cash Settlement Amount or, as the case may be, the details for the delivery of the Entitlement in respect of each W&C Security or Unit, as the case may be, being exercised. Upon receipt of such confirmation, the Issuing and Paying Agent will inform the Issuer thereof. The relevant Clearing System will on or before the Settlement Date debit the account of the relevant Holder with the W&C Securities being exercised. If the W&C Securities are American Style W&C Securities or Open-Ended W&C Securities, upon exercise of less than all the W&C Securities constituted by a Global W&C Security, the Common Depositary will, on the instructions of, and on behalf of, the Issuing and Paying Agent, note such exercise on the Schedule to such Global W&C Security and the number of W&C Securities so constituted shall be reduced by the cancellation *pro tanto* of the W&C Securities so exercised.

Settlement

(a) Cash Settled W&C Securities

The Issuer, through the Issuing and Paying Agent, or, in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent shall on the Settlement Date pay or cause to be paid the Cash Settlement Amount (if any) for each duly exercised W&C Security or Unit, as the case may be, to (i) where the relevant Clearing System is Euroclear or Clearstream, Luxembourg, the common depositary for Euroclear and Clearstream, Luxembourg in whose name the Global W&C Security is registered or (ii) otherwise, the Holder’s account with the relevant Clearing System specified in the relevant Exercise Notice (if applicable), in either case for value on the Settlement Date less any Expenses not already paid.

Payment will be made in accordance with the rules of the relevant Clearing System. The Issuer will be discharged by payment, in the case of (i) above, to the common depositary as aforesaid or, in the case of (ii) above to, or to the order of the relevant Clearing System, in either case in respect of the amount so paid. Each of the persons shown in the records of the relevant Clearing System as the holder of a particular number of W&C Securities must look solely to such Clearing System for his share of each such payment so made to the common depositary or, as applicable, to, or to the order of such Clearing System.

Payments will, without prejudice to the provisions of Condition 11.03, be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment.

For the avoidance of doubt, if any withholding is required under the FATCA Withholding Tax Rules, the Issuer will not be required to pay any additional amount under Condition 11.03 on account of such withholding.

(b) Physical Delivery W&C Securities

*This Condition applies to Exempt W&C Securities only.*

Subject to payment of the aggregate Exercise Prices (in the case of Warrants) and any Expenses with regard to the relevant W&C Securities or Units, as the case may be, the Issuer shall on the Settlement Date deliver, or procure the delivery of, the Entitlement for each duly exercised W&C Security or Unit, as the case may be, (subject to certification as to non-U.S. beneficial ownership)
pursuant to the details specified in the Exercise Notice subject as provided in Condition 21.06. The Entitlement shall be delivered and evidenced in such manner as set out in the applicable Pricing Supplement.

(c) Physical Delivery W&C Securities – Intermediated Securities

Subject to Condition (b) above, delivery of the Entitlement in respect of Swiss W&C Securities in the form of Intermediated Securities will be made to the Holders subject to Condition 1.06 and in accordance with the rules and procedures applied by SIX SIS from time to time.

22.07 Determinations

Any determination as to whether an Exercise Notice is duly completed and in proper form shall be made by the relevant Clearing System, in consultation with the Issuer and the Issuing and Paying Agent or, in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent, and shall be conclusive and binding on the Issuer, the Issuing and Paying Agent or the Swiss Programme and Paying Agent, as the case may be, and the relevant Holder. Subject as set out below, any Exercise Notice so determined to be incomplete or not in proper form, or which is not copied to the Issuing and Paying Agent and/or the Issuer immediately after being delivered or sent to the relevant Clearing System shall be null and void.

If such Exercise Notice is subsequently corrected to the satisfaction of the Clearing Systems or in the case of Swiss W&C Securities, of the Swiss Programme and Paying Agent, in consultation with the Issuing and Paying Agent (other than in the case of Swiss W&C Securities) and the Issuer it shall be deemed to be a new Exercise Notice submitted at the time such correction was delivered to the relevant Clearing System with a copy to the Issuing and Paying Agent (other than in the case of Swiss W&C Securities) and the Issuer.

If Automatic Exercise is not specified in the applicable Issue Terms, any W&C Securities (other than Open-Ended W&C Securities) with respect to which the Exercise Notice has not been duly completed and delivered in the manner set out above by the cut-off time specified in Condition 21.01, in the case of American Style W&C Securities, or Condition 21.02, in the case of European Style W&C Securities, shall become void.

The relevant Clearing System shall use its best efforts promptly to notify the Holder submitting an Exercise Notice if, in consultation with the Issuing and Paying Agent and the Issuer, it has determined that such Exercise Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Issuing and Paying Agent or the Clearing Systems shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
Automatic Exercise

22.08 This paragraph only applies to W&C Securities (i) (A) if Automatic Exercise is specified in the applicable Issue Terms and the W&C Securities are automatically exercised as provided in Condition 21.01 or, Condition 21.02 or (B) if the W&C Securities are Exempt W&C Securities and are automatically exercised pursuant to Condition 21.07 and (ii) in the case of Cash Settled W&C Securities, if Delivery of Exercise Notice is specified as applicable in the applicable Issue Terms.

In order to receive the Cash Settlement Amount, if the W&C Securities are Cash Settled W&C Securities, or the Entitlement, if the W&C Securities are Exempt W&C Securities which are Physical Delivery W&C Securities, in respect of a W&C Security, or if Units are specified in the applicable Issue Terms, a Unit, as the case may be, the relevant Holder must deliver in a form acceptable to the relevant Clearing System or in the case of Swiss W&C Securities, to the Swiss Programme and Paying Agent, an Exercise Notice to the relevant Clearing System or in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent, with a copy to the Issuer and (other than in the case of Swiss W&C Securities) the Issuing and Paying Agent on any Business Day until not later than 10.00 a.m., Brussels or Luxembourg time (as appropriate), on the day (the “Cut-Off Date”) falling 180 calendar days after (i) the Expiration Date, in the case of American Style W&C Securities, or (ii) the Actual Exercise Date, in the case of European Style W&C Securities. The Exercise Notice shall include the applicable information set out in the Exercise Notice referred to in Condition 22.01 or Condition 22.02, as applicable. The Business Day during the period from the Expiration Date or the Actual Exercise Date, as the case may be, until the Cut-Off Date on which an Exercise Notice is delivered to Euroclear or Clearstream, Luxembourg or the Swiss Programme and Paying Agent, as the case may be, and a copy thereof delivered to the Issuer and the Issuing and Paying Agent is referred to in this Condition as the “Exercise Notice Delivery Date”, provided that if the Exercise Notice is delivered to the relevant Clearing System or in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent, and (other than in the case of Swiss W&C Securities) a copy thereof delivered to the Issuing and Paying Agent at or after 10:00 a.m., Brussels or, Luxembourg time (as appropriate) on a Business Day the Exercise Notice Delivery Date shall be deemed to be the next succeeding Business Day.

Subject to the relevant Holder performing its obligations in respect of the relevant W&C Security or Unit, as the case may be, in accordance with these Terms and Conditions, the Settlement Date for such W&C Securities or Units, as the case may be, shall be (i) in the case of Cash Settled W&C Securities, the fourth Business Day following the Exercise Notice Delivery Date and (ii) in the case of Exempt W&C Securities which are Physical Delivery W&C Securities and subject to Conditions 4.03 and 4.04, the fourth Settlement Business Day following the Exercise Notice Delivery Date. In the event that a Holder does not so deliver an Exercise Notice in accordance with this Condition prior to 10.00 a.m. Brussels or Luxembourg time (as appropriate) on the Cut-Off Date, the Issuer’s obligations in respect of such W&C Securities and shall be discharged and no further liability in respect thereof shall attach to the Issuer.

Minimum and Maximum Number of W&C Securities Exercisable

American Style W&C Securities and Open-Ended W&C Securities

22.09 This paragraph 22.09 applies only to American Style W&C Securities or Open-Ended W&C Securities:

(A) The number of W&C Securities exercisable by any Holder on any Actual Exercise Date, as determined by the Issuer, must not be less than the Minimum
Exercise Number specified in the applicable Issue Terms and, if specified in the applicable Issue Terms, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Issue Terms. Any Exercise Notice which purports to exercise W&C Securities in breach of this provision shall be void and of no effect.

(B) If the Issuer determines that the number of W&C Securities being exercised on any Actual Exercise Date by any Holder or a group of Holders (whether or not acting in concert) exceeds the Maximum Exercise Number (a number equal to the Maximum Exercise Number being the “Quota”), the Issuer may deem the Actual Exercise Date for the first Quota of such W&C Securities, selected at the discretion of the Issuer, to be such day and the Actual Exercise Date for each additional Quota of such W&C Securities (and any remaining number thereof) to be each of the succeeding Exercise Business Days until all such W&C Securities have been attributed with an Actual Exercise Date, provided, however, that in the case of American Style W&C Securities the deemed Actual Exercise Date for any such W&C Securities which would thereby fall after the Expiration Date shall fall on the Expiration Date. In any case where more than the Quota of W&C Securities are exercised on the same day by Holder(s), the order of settlement in respect of such W&C Securities shall be at the sole discretion of the Issuer.

**European Style W&C Securities**

22.10 This paragraph 22.10 applies only to European Style W&C Securities:

The number of W&C Securities exercisable by any Holder on any Exercise Date as determined by the Issuer must be equal to the Minimum Exercise Number specified in the applicable Issue Terms and, if specified in the applicable Issue Terms, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Issue Terms. Any Exercise Notice which purports to exercise W&C Securities in breach of this provision shall be void and be of no effect.

23. **Additional Amounts**

**Calculation of Additional Amounts**

23.01 If so specified in the applicable Issue Terms, each W&C Security pays additional amounts from and including the Issue Date at the Additional Amount Rate payable in arrear on each Additional Amount Payment Date.

The additional amount payable in respect of each W&C Security on each Additional Amount Payment Date will amount to the Additional Amount for the Additional Amount Period ending on (but excluding) such Additional Amount Payment Date.

If an additional amount is required to be calculated for a period ending other than on (but excluding) an Additional Amount Payment Date, it will be calculated on the basis of the number of days from and including the most recent Additional Amount Payment Date (or, if none, the Issue Date) to but excluding the relevant payment date (the “Calculation Period”) and the Additional Amount Rate Day Count Fraction.
Accrual of Additional Amounts

23.02 Each W&C Security will cease to accrue additional amounts from and including the Additional Amount Cut-Off Date or, if earlier, the date on which the W&C Security is cancelled (the “Cancellation Date”), if applicable, in accordance with these Terms and Conditions unless payment of the amount and/or, in the case of an Exempt W&C Security which is a Physical Delivery W&C Security, delivery of any Entitlement due on the Settlement Date or Cancellation Date, as the case may be, is improperly withheld or refused or unless default is otherwise made in respect of the payment or delivery in which case additional amount(s) shall accrue from the date such amount or delivery of such Entitlement was due until such amount or delivery of such Entitlement is paid or delivered, as the case may be.

For the avoidance of doubt, no additional amount on the W&C Security shall accrue beyond (a) the Exercise Date in the event that delivery of any Entitlement, in the case of an Exempt W&C Security which is a Physical Delivery W&C Security, is postponed due to the occurrence of a Settlement Disruption Event or (b) the Additional Amount Cut-Off Date, notwithstanding that the Settlement Date may be postponed as provided in the applicable Issue Terms.

In the event that an Additional Amount Payment Date is postponed as provided in the applicable Issue Terms, no additional amount or other amount shall be payable on the W&C Securities in respect of such delay.

Payment of Additional Amounts

23.03 Where the W&C Securities pay additional amounts as specified in the applicable Issue Terms, subject as provided below, the Issuer shall pay or cause to be paid the Additional Amount for each W&C Security in respect of each Additional Amount Period on the relevant Additional Amount Payment Date by credit or transfer to the Holder’s account with the relevant Clearing System for value on the relevant Additional Amount Payment Date, such payment to be made in accordance with the rules of the relevant Clearing System.

The Issuer will be discharged by payment to, or to the order of, the relevant Clearing System in respect of the amount so paid. Each of the persons shown in the records of the relevant Clearing System as the holder of a particular amount of the W&C Security must look solely to such Clearing System for his share of each such payment so made to, or to the order of, the relevant Clearing System.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment.

For the avoidance of doubt, if any withholding is required under the FATCA Withholding Tax Rules, the Issuer will not be required to pay any additional amount under Condition 11.03 on account of such withholding.

Definitions

“Additional Amount” means, in respect of each W&C Security and each Additional Amount Period, an amount calculated by the Calculation Agent as follows:

Notional Amount per W&C Security x Additional Amount Rate x Additional Amount Rate Day Count Fraction.

“Additional Amount Day Count Fraction” means, in respect of the calculation of an additional amount and a period:
23.04 (a) if “30/360 (Floating)” or “360/360” or “Bond Basis” is specified in the applicable Issue Terms, the number of days in the Additional Amount Period divided by 360, calculated on a formula basis as follows:

$$\text{Additional Amount Rate Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + 30 \times (M_2 - M_1) + (D_2 - D_1)}{360}$$

where:

“Y_1” is the year, expressed as a number, in which the first day of the Additional Amount Period falls;

“Y_2” is the year, expressed as a number, in which the day immediately following the last day of the Additional Amount Period falls;

“M_1” is the calendar month, expressed as a number, in which the first day of the Additional Amount Period falls;

“M_2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Additional Amount Period falls;

“D_1” is the first calendar day, expressed as a number, of the Additional Amount Period, unless such number would be 31, in which case D_1 will be 30; and

“D_2” is the calendar day, expressed as a number, immediately following the last day included in the Additional Amount Period, unless such number would be 31 and D_1 is greater than 29, in which case D_2 will be 30;

(b) if “30E/360” or “Eurobond Basis” is specified in the applicable Issue Terms, the number of days in the Additional Amount Period divided by 360, calculated on a formula basis as follows:

$$\text{Additional Amount Rate Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + 30 \times (M_2 - M_1) + (D_2 - D_1)}{360}$$

where:

“Y_1” is the year, expressed as a number, in which the first day of the Additional Amount Period falls;

“Y_2” is the year, expressed as a number, in which the day immediately following the last day of the Additional Amount Period falls;

“M_1” is the calendar month, expressed as a number, in which the first day of the Additional Amount Period falls;

“M_2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Additional Amount Period falls;

“D_1” is the first calendar day, expressed as a number, of the Additional Amount Period, unless such number would be 31, in which case D_1 will be 30; and

“D_2” is the calendar day, expressed as a number, immediately following the last day included in the Additional Amount Period, unless such number would be 31, in which case D_2 will be 30;
“30E/360 (ISDA)” is specified in the applicable Issue Terms, the number of days in the Additional Amount Period divided by 360, calculated on a formula basis as follows:

\[
\text{Additional Amount Rate Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + 30 \times (M_2 - M_1) + (D_2 - D_1)}{360}
\]

where:

“\(Y_1\)” is the year, expressed as a number, in which the first day of the Additional Amount Period falls;

“\(Y_2\)” is the year, expressed as a number, in which the day immediately following the last day of the Additional Amount Period falls;

“\(M_1\)” is the calendar month, expressed as a number, in which the first day of the Additional Amount Period falls;

“\(M_2\)” is the calendar month, expressed as a number, in which the day immediately following the last day of the Additional Amount Period falls;

“\(D_1\)” is the first calendar day, expressed as a number, of the Additional Amount Period, unless (a) that day is the last day of February or (b) such number would be 31, in which case \(D_1\) will be 30; and

“\(D_2\)” is the calendar day, expressed as a number, immediately following the last day included in the Additional Amount Period, unless (a) that day is the last day of February but not the Exercise Date or (b) such number would be 31, in which case \(D_2\) will be 30;

(d) if “Actual/360” is specified in the applicable Issue Terms, the actual number of days in the Additional Amount Period divided by 360;

(e) if “Actual/Actual (ISDA)” is specified in the applicable Issue Terms, the actual number of days in the Additional Amount Period divided by 365 (or, if any portion of that Additional Amount Period falls in a leap year, the sum of (a) the actual number of days in that portion of the Additional Amount Period falling in a leap year divided by 366; and (b) the actual number of days in that portion of the Additional Amount Period falling in a non-leap year divided by 365); and

(f) if “Actual/365 (Fixed)” is specified in the applicable Issue Terms, the actual number of days in the Additional Amount Period divided by 365.

“Additional Amount Period” means the period commencing on (and including) the Issue Date to (but excluding) the first Additional Amount Accrual Date (or if earlier the Additional Amount Cut-Off Date) and each period commencing on (and including) an Additional Amount Accrual Date to (but excluding) the next following Additional Amount Accrual Date (or if earlier the Additional Amount Cut-Off Date) or the Calculation Period, as the case may be.

24. Terms applicable to Redeemable Certificates only

Conditions 25, 26 and 27 inclusive apply to Redeemable Certificates only.
25 Redemption (Redeemable Certificates)

25.01 Redeemable Certificates shall be redeemed on the Redemption Date. If the Redeemable Certificates are Cash Settled W&C Securities, each such Redeemable Certificate entitles its Holder to receive from the Issuer on the Redemption Date the Cash Settlement Amount. If the Redeemable Certificates are Exempt W&C Securities which are Physical Delivery W&C Securities, each such Redeemable Certificate entitles its Holder, subject to certification as to non-U.S. beneficial ownership and to the provisions of Condition 26.01, to receive from the Issuer on the Redemption Date the Entitlement subject to payment of any Expenses. The method of delivery of the Entitlement is set out in the applicable Pricing Supplement.

If (i) the date for payment of any amount in respect of the Redeemable Certificates is not a Business Day, the Holder shall not be entitled to payment until the next following Business Day and shall not be entitled to any further payment in respect of such delay or (ii) the date for delivery of the Entitlement in respect of Exempt W&C Securities which are Redeemable Certificates is not a Settlement Business Day, the Holder shall not be entitled to delivery of the Entitlement until the next following Settlement Business Day.

The following three paragraphs apply to Exempt W&C Securities only

Unless otherwise specified in the applicable Pricing Supplement, Redeemable Certificates (other than Swiss W&C Securities) of the same Holder redeemed and in respect of which a Collection Notice (as defined below) has been duly given as provided in Condition 26.01, will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Redeemable Certificates, provided that the aggregate Entitlements will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment (the "Cash Adjustment") calculated by the Calculation Agent in its sole and absolute discretion or otherwise in the manner specified in the applicable Pricing Supplement shall be paid to the Holder.

Following redemption of an Equity Linked W&C Security or ETF Linked W&C Security which is a Physical Delivery W&C Security, (i) none of the Issuer or the Calculation Agent shall be under any obligation to register or procure the registration of any Holder or any other person as the registered shareholder in the register of members or shareholders of the Equity Issuer or ETF and (ii) all dividends on the relevant Equities or Fund Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Equities or Fund Shares executed on the Redemption Date and to be delivered in the same manner as such relevant Equities or Fund Shares. Any such dividends to be paid to a Holder will be paid to the account specified by the Holder in the relevant Collection Notice as referred to in Condition 26.01(E).

After delivery of the Entitlement and for such period of time after the Redemption Date as any person other than the relevant Holder shall continue to be the legal owner of the securities or obligations comprising the Entitlement (the "Intervening Period"), none of the Issuer, the Calculation Agent nor any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Holder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure exercise of any or all
rights attaching to such securities or obligations or (iii) be under any liability to a Holder in respect of any loss or damage which such Holder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations.

**Issuer Call Option**

25.02 If Issuer Call Option is specified as applicable in the applicable Issue Terms the Issuer may, having given not less than the minimum period and not more than the maximum period of notice specified in the applicable Issue Terms to the Holders in accordance with Condition 10 (which notice shall be irrevocable) elect that the Redemption Date for all (but not some only) of the Redeemable Certificates be brought forward to the Call Option Date. If Call Option Cash Settlement is specified as applying in the applicable Issue Terms, notwithstanding any provision to the contrary in the Terms and Conditions and/or the applicable Issue Terms (a) if the Redeemable Certificates are not Cash Settled W&C Securities, the Redeemable Certificates shall be deemed to be Cash Settled W&C Securities and (b) the Cash Settlement Amount shall be the Call Option Cash Settlement Amount specified in the applicable Issue Terms.

**Trigger Early Redemption**

This Condition applies to Exempt W&C Securities only.

25.03 If Trigger Early Redemption is specified as applicable in the applicable Pricing Supplement and a Trigger Early Redemption Event occurs, the Redemption Date for all (but not some only) of the Redeemable Certificates will be brought forward to the Trigger Early Redemption Date. If Trigger Early Redemption Cash Settlement is specified as applicable in the applicable Issue Terms, notwithstanding any provision to the contrary in the Terms and Conditions and/or the applicable Pricing Supplement (a) if the Redeemable Certificates are not Cash Settled W&C Securities, the Redeemable Certificates shall be deemed to be Cash Settled W&C Securities and (b) the Cash Settlement Amount shall be the Trigger Early Redemption Cash Settlement Amount specified in the applicable Pricing Supplement.

**Holder Put Option**

25.04 If Holder Put Option is specified as applicable in the applicable Issue Terms, a Holder may, by giving not less than the minimum period and not more than the maximum period of notice as set out below elect to bring forward the Redemption Date for his Redeemable Certificates to the Put Option Date set out in the relevant Put Notice (as defined below). If Put Option Cash Settlement is specified as applying in the applicable Issue Terms, notwithstanding any provision to the contrary in the Terms and Conditions and/or the applicable Issue Terms (a) if the Redeemable Certificates are not Cash Settled W&C Securities, the Redeemable Certificates shall be deemed to be Cash Settled W&C Securities and (b) the Cash Settlement Amount for the relevant Redeemable Certificates shall be the Put Option Cash Settlement Amount specified in the applicable Issue Terms.

In order to exercise the right to bring forward the Redemption Date of a Redeemable Certificate the Holder must deliver in a form acceptable to the relevant Clearing System or in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent, a duly completed notice of exercise (a “Put Notice”) in the form set out in the Issue and Paying Agency Agreement to the relevant Clearing System or in the case of Swiss W&C Securities, the Swiss Programme and Paying Agent, with a copy to the Issuer and (other than in the case of Swiss W&C Securities) the
Issuing and Paying Agent. Copies of the Put Notice are available at the specified offices of the Paying Agents. Once delivered a Put Notice shall be irrevocable and the Redeemable Certificates the subject of such notice may not be transferred.

**Redemption (Italian Listed Redeemable Certificates)**

25.05 This paragraph 25.05 applies to Italian Listed Redeemable Certificates and in the event of a conflict with any other Condition, such other Condition shall not apply.

(a) **Redemption**

Italian Listed Redeemable Certificates will be redeemed on the Redemption Date. The provisions of Conditions 25.01, 25.02, 25.03, 25.04 and 26 shall apply to Italian Listed Redeemable Certificates, as applicable.

(b) **Fees and Expenses in connection with Redemption and Settlement**

Notwithstanding the provisions of Condition 11.01, each Holder of an Italian Listed Redeemable Certificate must pay all taxes and duties relating to such Italian Listed Redeemable Certificate.

Notwithstanding the provisions of Condition 11.02, the Issuer shall be liable for all expenses, including any applicable depositary charges or transaction charges arising from the settlement or renouncement (as applicable) of Italian Listed Redeemable Certificates. The Issuer shall not otherwise be liable for or obliged to pay any tax, duty or withholding which may arise as a result of the ownership, transfer, redemption or enforcement of Italian Listed Redeemable Certificates and all payments made by the Issuer shall be made subject to any such tax, duty or withholding.

Notwithstanding anything to the contrary in the Conditions, no amounts relating to the cost of unwinding any underlying related hedging arrangements shall be deducted with respect to Italian Listed Redeemable Certificates and the words "less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements)" shall be deemed to be deleted in, *inter alia*, Conditions 5.01, 5.02, 6.02, 29.03, 29.05, 30.02, 30.03, 30.04, 33.05, 33.07 and the definitions of Cash Settlement Price and Failure to Deliver Settlement Price.

(c) **Discretionary Determinations**

In the case of Italian Listed Redeemable Certificates, any determinations to be made by the Calculation Agent or the Issuer will be made in good faith and in a reasonable manner.

26. **Collection Notices and Settlement (Redeemable Certificates)**

**Collection Notices**

This Condition applies to Exempt W&C Securities only.

26.01 In order to receive the Entitlement in respect of a Redeemable Certificate (other than Swiss W&C Securities), the relevant Holder must provide in a form acceptable to the relevant Clearing System, a collection notice (a “Collection Notice”) to the relevant Clearing System with a copy to the Issuer and the Issuing and Paying Agent, not later than 10.00 am Brussels or Luxembourg time (as appropriate) on the date falling two Business Days prior to the Redemption Date (the “Cut-Off Date”).

The Collection Notice shall:
(A) specify the ISIN and series of the Redeemable Certificates and the number of Redeemable Certificates the subject of such Collection Notice;

(B) specify the number of the Holder’s account at the relevant Clearing System to be debited with the Redeemable Certificates the subject of such Collection Notice;

(C) irrevocably instruct the relevant Clearing System to debit on or before the Redemption Date the Holder’s account with the Redeemable Certificates the subject of such Collection Notice;

(D) include an undertaking to pay all Expenses and an authority to the relevant Clearing System to debit a specified account of the Holder at the relevant Clearing System in respect thereof and to pay such Expenses;

(E) include such details as are required by the applicable Pricing Supplement for delivery of the Entitlement which may include account details and/or the name and address of any person(s) into whose name evidence of the Entitlement is to be registered and/or any bank, broker or agent to whom documents evidencing the Entitlement are to be delivered and specify the name and the number of the Holder’s account with the relevant Clearing System to be credited with any cash payable by the Issuer, either in respect of any cash amount constituting the Entitlement or any dividends relating to the Entitlement or as a result of the occurrence of a Settlement Disruption Event or a Failure to Deliver due to Illiquidity and the Issuer electing to pay the Disruption Cash Settlement Price or Failure to Deliver Settlement Price, as applicable, or in respect of any Partial Cash Settlement Amount;

(F) in the case of Currency Linked W&C Securities only, specify the number of the Holder’s account at the relevant Clearing System to be credited with the amount due upon exercise of the Redeemable Certificates;

(G) certify, *inter alia*, that the beneficial owner of each Redeemable Certificate which is the subject of such Collection Notice is not a U.S. person (as defined in the Collection Notice), the Redeemable Certificate was not held on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or its possessions or to, or for the account or benefit of, a U.S. person in connection with such exercise and, where appropriate, undertake to provide such various forms of certification in respect of selling restrictions under the securities, commodities and other laws of the United States of America as set out in the applicable Pricing Supplement; and

(H) authorise the production of such certification in any applicable administrative or legal proceedings.

26.02 If Condition 4.04 applies, the form of Collection Notice required to be delivered will be different from that set out above. Copies of such Collection Notice may be obtained from Euroclear or Clearstream, Luxembourg.

**Late Delivery and Non-delivery of Collection Notice**

26.03 If a Holder so delivers a duly completed Collection Notice after the Cut-Off Date, the Entitlement shall be delivered as soon as practicable after the Redemption Date, provided that if
a Holder does not so deliver a duly completed Collection Notice in accordance with this Condition 26.03 prior to the close of business in the place of receipt on the 180th calendar day following the Cut-Off Date, the Issuer’s obligations in respect of such Redeemable Certificates shall be discharged and no further liability in respect thereof shall attach to the Issuer. For the avoidance of doubt, in such circumstances such Holder shall not be entitled to any payment, whether of interest or otherwise as a result of such Redemption Date falling after the originally designated Redemption Date and no liability in respect hereof shall attach to the Issuer.

After the delivery of a Collection Notice, the relevant Holder may not transfer the Redeemable Certificates to which the Collection Notice relates.

Verification of the Holder

26.04 Upon receipt of a Collection Notice, the relevant Clearing System shall verify that the person submitting the Collection Notice is the Holder of the relevant Redeemable Certificates according to the books of the relevant Clearing System. Subject thereto, the relevant Clearing System will confirm to the Issuing and Paying Agent, the ISIN and series and the number of Redeemable Certificates being exercised, the relevant account details of the Holder (if applicable) and the details for the delivery of the Entitlement in respect of each Redeemable Certificate the subject of the relevant Collection Notice. Upon receipt of such confirmation, the Issuing and Paying Agent will inform the Issuer thereof. The relevant Clearing System will on or before the Redemption Date debit the account of the relevant Holder with the Redeemable Certificates the subject of the relevant Collection Notice.

Redemption

Cash Settled Redeemable Certificates

26.05 Subject as provided below, the Issuer shall pay or cause to be paid the Cash Settlement Amount (if any) for each Redeemable Certificate by credit or transfer to the Holder’s account with the relevant Clearing System for value on the Redemption Date less any Expenses, such payment to be made in accordance with the rules of the relevant Clearing System. The Issuer will be discharged by payment to, or to the order of the relevant Clearing System in respect of the amount so paid. Each of the persons shown in the records of the relevant Clearing System as the holder of a particular number of the Redeemable Certificates must look solely to such Clearing System for his share of each such payment so made to, or to the order of such Clearing System.

Payments will, without prejudice to the provisions of Condition 11.03, be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment.

For the avoidance of doubt, if any withholding is required under the FATCA Withholding Tax Rules, the Issuer will not be required to pay any additional amount under Condition 11.03 on account of such withholding.

The Cash Settlement Amount is payable as consideration for the use of the Issue Price of the Redeemable Certificates and as compensation in recognition that the Cash Settlement Amount might otherwise have been less than the Issue Price.
Physical Delivery W&C Securities

This Condition applies to Exempt W&C Securities only.

26.06 Subject to payment of any Expenses with regard to the relevant Redeemable Certificates, the Issuer shall deliver, or procure the delivery of, the Entitlement for each Redeemable Certificate (other than Swiss W&C Securities) in respect of which a valid Collection Notice has been delivered as provided in Condition 26.01 pursuant to the details specified in the Collection Notice subject as provided in Condition 4.

The Entitlement shall be delivered and evidenced in such manner as set out in the applicable Pricing Supplement.

Physical Delivery W&C Securities – Intermediated Securities

26.06a Delivery of the Entitlement in respect of Swiss W&C Securities in the form of Intermediated Securities will be made to the Holders on the due date for such delivery, subject to Condition 1.06 and in accordance with the rules and procedures applied by SIX SIS from time to time.

Determinations

26.07 Any determination as to whether a Collection Notice is duly completed and in proper form shall be made by the relevant Clearing System in consultation with the Issuing and Paying Agent, and shall be conclusive and binding on the Issuer, the Issuing and Paying Agent and the relevant Holder. Subject as set out below, any Collection Notice so determined to be incomplete or not in proper form, or which is not copied to the Issuing and Paying Agent and the Issuer immediately after being delivered or sent to Euroclear or Clearstream, Luxembourg, the Issuing and Paying Agent or the Issuer, as applicable, shall be null and void.

If such Collection Notice is subsequently corrected to the satisfaction of the relevant Clearing System in consultation with the Issuing and Paying Agent, it shall be deemed to be a new Collection Notice submitted at the time such correction was delivered to the relevant Clearing System and copied to the Issuing and Paying Agent and the Issuer.

The Clearing System, in consultation with the Issuing and Paying Agent, shall use its best efforts promptly to notify the Holder submitting a Collection Notice if it has determined that such Collection Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Issuing and Paying Agent or the Clearing System shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

27. Additional Amounts

Calculation of Additional Amounts

27.01 If so specified in the applicable Issue Terms, each Redeemable Certificate pays additional amounts from and including the Issue Date at the Additional Amount Rate payable in arrear on each Additional Amount Payment Date.

The additional amount payable in respect of each Redeemable Certificate on each Additional Amount Payment Date will amount to the Additional Amount for the Additional Amount Period ending on (but excluding) such Additional Amount Payment Date.
If an additional amount is required to be calculated for a period ending other than on (but excluding) an Additional Amount Payment Date, it will be calculated on the basis of the number of days from and including the most recent Additional Amount Payment Date (or, if none, the Issue Date) to but excluding the relevant payment date (the “Calculation Period”) and the Additional Amount Rate Day Count Fraction.

**Accrual of Additional Amount**

27.02 Each Redeemable Certificate will cease to accrue additional amount from and including the Additional Amount Cut-Off Date or, if earlier, the date on which the Redeemable Certificates are redeemed (the “Cancellation Date”), if applicable, in accordance with these Terms and Conditions unless payment of the amount and/or, in the case of Exempt W&C Securities, delivery of any Entitlement due on the Redemption Date or Cancellation Date, as the case may be, is improperly withheld or refused or unless default is otherwise made in respect of the payment or delivery in which case additional amount(s) shall accrue from the date such amount or delivery of such Entitlement was due until such amount or delivery of such Entitlement is paid or delivered, as the case may be.

For the avoidance of doubt, no additional amount on the Redeemable Certificates shall accrue beyond (a) the Redemption Date in the event that delivery of any Entitlement is postponed due to the occurrence of a Settlement Disruption Event or (b) the Additional Amount Cut-Off Date, notwithstanding that the Redemption Date may be postponed as provided in the applicable Issue Terms.

In the event that an Additional Amount Payment Date is postponed as provided in the applicable Issue Terms, no additional amount or other amount shall be payable on the Redeemable Certificates in respect of such delay.

**Payment of Additional Amounts**

27.03 Where the Redeemable Certificates pay additional amounts, subject as provided below, the Issuer shall pay or cause to be paid the Additional Amount for each Redeemable Certificate in respect of each Additional Amount Period on the relevant Additional Amount Payment Date by credit or transfer to the Holder’s account with the relevant Clearing System for value on the relevant Additional Amount Payment Date, such payment to be made in accordance with the rules of the relevant Clearing System.

The Issuer will be discharged by payment to, or to the order of the relevant Clearing System in respect of the amount so paid. Each of the persons shown in the records of the relevant Clearing System as the holder of a particular amount of the Redeemable Certificates must look solely to the relevant Clearing System for his share of each such payment so made to, or to the order of, the relevant Clearing System.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment.

For the avoidance of doubt, if any withholding is required under the FATCA Withholding Tax Rules, the Issuer will not be required to pay any additional amount under Condition 11.03 on account of such withholding.

Where the Redeemable Certificates pay an Additional Amount, the Additional Amount is payable as consideration for the use of the Issue Price in respect of a Redeemable Certificate and as
compensation for and in recognition that the Additional Amount on any or all of the Additional Amount Payment Dates may be equal to zero or less than a commercial rate of return on the Redeemable Certificates and/or that the Cash Settlement Amount and/or value of the Entitlement, as the case may be, may be less than the Issue Price. For the avoidance of doubt, in the event that the Additional Amount for an Additional Amount Payment Date is zero, no amount shall be payable by the Issuer in respect of such Additional Amount Payment Date.

**Definitions**

“Additional Amount” means, in respect of each Redeemable Certificate and each Additional Amount Period, an amount calculated by the Calculation Agent as follows:

\[
\text{Notional Amount per Redeemable Certificate} \times \text{Additional Amount Rate} \times \text{Additional Amount Rate Day Count Fraction.}
\]

“Additional Amount Day Count Fraction” means, in respect of the calculation of an additional amount and a period:

27.04  
(a) if “30/360 (Floating)” or “360/360” or “Bond Basis” is specified in the applicable Issue Terms, the number of days in the Additional Amount Period divided by 360, calculated on a formula basis as follows:

\[
\text{Additional Amount Rate Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + 30 \times (M_2 - M_1) + (D_2 - D_1)}{360}
\]

where:

“Y_1” is the year, expressed as a number, in which the first day of the Additional Amount Period falls;

“Y_2” is the year, expressed as a number, in which the day immediately following the last day of the Additional Amount Period falls;

“M_1” is the calendar month, expressed as a number, in which the first day of the Additional Amount Period falls;

“M_2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Additional Amount Period falls;

“D_1” is the first calendar day, expressed as a number, of the Additional Amount Period, unless such number would be 31, in which case D_1 will be 30; and

“D_2” is the calendar day, expressed as a number, immediately following the last day included in the Additional Amount Period, unless such number would be 31 and D_1 is greater than 29, in which case D_2 will be 30;

(b) if “30E/360” or “Eurobond Basis” is specified in the applicable Issue Terms, the number of days in the Additional Amount Period divided by 360, calculated on a formula basis as follows:

\[
\text{Additional Amount Rate Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + 30 \times (M_2 - M_1) + (D_2 - D_1)}{360}
\]

where:
“Y₁” is the year, expressed as a number, in which the first day of the Additional
Amount Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following
the last day of the Additional Amount Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the
Additional Amount Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately
following the last day of the Additional Amount Period falls;

“D₁” is the first calendar day, expressed as a number, of the Additional Amount
Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last
day included in the Additional Amount Period, unless such number would be 31,
in which case D₂ will be 30;

(c) if “30E/360 (ISDA)” is specified in the applicable Issue Terms, the number of days
in the Additional Amount Period divided by 360, calculated on a formula basis as
follows:

\[
\text{Additional Amount Rate Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + 30 \times (M_2 - M_1) + (D_2 - D_1)}{360}
\]

where:

“Y₁” is the year, expressed as a number, in which the first day of the Additional
Amount Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following
the last day of the Additional Amount Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the
Additional Amount Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately
following the last day of the Additional Amount Period falls;

“D₁” is the first calendar day, expressed as a number, of the Additional Amount
Period, unless (a) that day is the last day of February or (b) such number would
be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last
day included in the Additional Amount Period, unless (a) that day is the last day
of February but not the Exercise Date or (b) such number would be 31, in which
case D₂ will be 30;

(d) if “Actual/360” is specified in the applicable Issue Terms, the actual number of
days in the Additional Amount Period divided by 360;

(e) if “Actual/Actual (ISDA)” is specified in the applicable Issue Terms, the actual
number of days in the Additional Amount Period divided by 365 (or, if any portion
of that Additional Amount Period falls in a leap year, the sum of (a) the actual
number of days in that portion of the Additional Amount Period falling in a leap year divided by 366; and (b) the actual number of days in that portion of the Additional Amount Period falling in a non-leap year divided by 365); and

(f) if “Actual/365 (Fixed)” is specified in the applicable Issue Terms, the actual number of days in the Additional Amount Period divided by 365.

“Additional Amount Period” means the period commencing on (and including) the Issue Date to (but excluding) the first Additional Amount Accrual Date (or if earlier the Additional Amount Cut-Off Date) and each period commencing on (and including) an Additional Amount Accrual Date to (but excluding) the next following Additional Amount Accrual Date (or if earlier the Additional Amount Cut-Off Date) or the Calculation Period, as the case may be.

28. Credit Linked W&C Securities

This Condition applies to Exempt W&C Securities only.

Provisions relating to the redemption of Credit Linked W&C Securities will be set out in the applicable Pricing Supplement.

29. Index Linked W&C Securities

29.01 If the W&C Securities are specified as Index Linked W&C Securities in the applicable Issue Terms, then the provisions of this Condition 29 apply.

Adjustments to an Index and Additional Disruption Events

Successor Index Sponsor Calculates and Reports an Index

29.02 If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the “Successor Index Sponsor”) acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the “Successor Index”) will be deemed to be the Index.

Modification and Cessation of Calculation of an Index

29.03 If (x) on or prior to a Valuation Date, an Observation Date or an Averaging Date (or, in the case of Exempt W&C Securities, such other date as specified in the applicable Pricing Supplement), the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation, contracts and other routine events) (an “Index Modification”) or permanently cancels the Index and no Successor Index exists (an “Index Cancellation”), or (y) on a Valuation Date, an Observation Date or an Averaging Date (or, in the case of Exempt W&C Securities, such other date as specified in the applicable Pricing Supplement), the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an “Index Disruption” and, together with an Index Modification and an Index Cancellation, each an “Index Adjustment Event”) then the Issuer in its sole and absolute discretion may:
(A) require the Calculation Agent in its sole and absolute discretion to determine if such Index Adjustment Event has a material effect on the W&C Securities and, if so, to calculate the Reference Level using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Valuation Date, Observation Date or Averaging Date or, in the case of Exempt W&C Securities, such other date as specified in the applicable Pricing Supplement, as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event; or

(B) on giving notice to the Holders in accordance with Condition 10, cancel the W&C Securities. If the W&C Securities are so cancelled, the Issuer will pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by it which amount shall be the fair market value of a W&C Security or a Unit, as the case may be, taking into account the Index Adjustment Event, together with accrued Additional Amounts (if applicable), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with Condition 10.

29.04 Upon the occurrence of an Index Adjustment Event, the Issuer shall give notice as soon as practicable to Holders in accordance with Condition 10 stating the occurrence of an Index Adjustment Event, giving details thereof and the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of such action. The Issuer will make available for inspection by Holders copies of any such determinations.

29.05 If Additional Disruption Events are specified as applicable in the applicable Issue Terms, then if an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may:

(A) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of the terms of these Terms and Conditions and/or the applicable Issue Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or

(B) give notice to the Holders in accordance with Condition 10 and cancel all, but not some only, of the W&C Securities, and pay any amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by it which amount shall be the fair market value of a W&C Security or a Unit, as the case may be, taking into account the Additional Disruption Event, together with accrued Additional Amounts (if applicable), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion, payment being made in such manner as shall be notified to the Holders in accordance with Condition 10; or

(C) if the applicable Issue Terms provide that "Index Substitution" is applicable, then on or after the Additional Disruption Event the Calculation Agent may select one or more indices (each a "Substitute Index") in accordance with the Index Substitution Criteria to substitute in place of the Indices (each an "Affected Index") which are affected by such Additional Disruption Event and each Substitute Index will be deemed to be an “Index” for the
purposes of the W&C Securities, and the Calculation Agent will make such adjustment, if any, to any of the terms of the Terms and Conditions and/or the applicable Issue Terms as the Calculation Agent in its sole and absolute discretion determines appropriate.

29.06 Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 10 stating the occurrence of the Additional Disruption Event, giving details thereof and the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of such action. The Issuer shall make available for inspection by Holders copies of any such determinations.

*Correction to an Index*

29.07 In the event that any price or level published by the relevant Index Sponsor or Successor Index Sponsor which is utilised for any calculation or determination made for the purposes of the W&C Securities is subsequently corrected, the Calculation Agent will in its sole and absolute discretion adjust the terms of the W&C Securities to account for such correction, provided that such correction is published and made available to the public by the Index Sponsor or Successor Index Sponsor during a period following original publication equal in duration to the period in which a trade in futures or options contracts relating to the Index on the relevant Related Exchange would customarily settle according to the rules of such Related Exchange, or if there are multiple Related Exchanges in respect of the Index, the longest such period, and further provided, that such publication of such correction is made sufficiently (in the sole and absolute discretion of the Calculation Agent) in advance of the Redemption Date, Settlement Date or the relevant Additional Amount Payment Date to make such adjustment prior to the Redemption Date, Settlement Date or the relevant Additional Amount Payment Date, as the case may be.

29.08 *Definitions applicable to Index Linked W&C Securities*

"Additional Disruption Event" means Change in Law, Hedging Disruption, Increased Cost of Hedging, or, in the case of an Exempt W&C Security, any other Additional Disruption Event, in each case if specified in the applicable Issue Terms.

"Averaging Date" means each date specified as an Averaging Date in the applicable Issue Terms provided that, if such date is not a Scheduled Trading Day, the Averaging Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If any Averaging Date is a Disrupted Day, then:

(i) if 'Omission' is specified in the applicable Issue Terms, such Averaging Date will be deemed not to be a relevant Averaging Date for the purposes of determining the relevant Reference Level. If through the operation of this provision no Averaging Date would occur, then for the purposes of determining the Reference Level on the final Averaging Date, such Averaging Date shall be deemed to be a Valuation Date that was a Disrupted Day;

(ii) if 'Postponement' is specified in the applicable Issue Terms, then for the purposes of determining the Reference Level, such Averaging Date shall be deemed to be a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date for the Index Linked W&C Securities; or
(iii) if 'Modified Postponement' is specified in the applicable Issue Terms, then:

(A) where the W&C Securities relate to a single Index, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) and (ii) the Calculation Agent shall determine the Reference Level for that Averaging Date in accordance with sub paragraph (i)(B) of the definition of "Valuation Date" below; or

(B) where the W&C Securities relate to a Basket of Indices, the Averaging Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date, and the Averaging Date for each Index affected by the occurrence of a Disrupted Day (each an "Affected Index") shall be the first succeeding Valid Date in relation to such Affected Index. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in respect of the Affected Index and (ii) the Calculation Agent shall determine the Reference Level of the Affected Index for that Averaging Date in accordance with sub paragraph (ii)(B) of the definition of "Valuation Date" below; and

(C) "Valid Date" shall mean a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date in respect of the relevant Valuation Date does not or is not deemed to occur.

"Basket of Indices" means a basket comprising two or more indices specified in the applicable Issue Terms in the relevant Weightings specified in the applicable Issue Terms.

"Change in Law" means that, on or after the Trade Date (as specified in the applicable Issue Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (X) it has become illegal to hold, acquire or dispose of any relevant security comprised in an Index or (Y) the Issuer will incur a materially increased cost in performing its obligations in relation to the W&C Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer and/or any Hedging Entity).
“Closing Level” means the official closing level of the Index as published by the relevant Index Sponsor.

“Disrupted Day” means (i) where the Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index, any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred; or (ii) where the Index is specified in the applicable Issue Terms as being a Multi-Exchange Index, any Scheduled Trading Day on which (a) the Index Sponsor fails to publish the level of the Index, (b) any Related Exchange fails to open for trading during its regular trading session or (c) a Market Disruption Event has occurred.

“Exchange” means, (i) where the Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index, each exchange or quotation system specified as such for such Index in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the securities comprising such Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the securities comprising such Index on such temporary substitute exchange or quotation system as on the original Exchange); or (ii) where the Index is specified in the applicable Issue Terms as being a Multi-Exchange Index, in relation to each component security included in that Index (each a “Component Security”), the principal stock exchange on which such Component Security is principally traded, as determined by the Calculation Agent.

“Exchange Business Day” means, (i) where the Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index, any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such relevant Exchange or Related Exchange closing prior to its Scheduled Closing Time; or (ii) where the Index is specified in the applicable Issue Terms as being a Multi-Exchange Index, any Scheduled Trading Day on which (i) the Index Sponsor publishes the level of the Index and (ii) each Related Exchange is open for trading during its regular trading session, notwithstanding any such Related Exchange closing prior to its Scheduled Closing Time.

“Hedging Disruption” means that the Hedging Entity is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the Index or other price risk of the Issuer issuing and performing its obligations with respect to the W&C Securities, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“Increased Cost of Hedging” means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk of the relevant securities or other risk of the Issuer issuing and performing its obligations with respect to the W&C Securities, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or the Hedging Entity shall not be deemed an Increased Cost of Hedging.

“Index” and “Indices” mean, subject to adjustment in accordance with Condition 29.02, the index or indices specified in the applicable Issue Terms and related expressions shall be construed accordingly.
“Index Sponsor” means, in relation to an Index, the corporation or other entity that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any, related to such Index and (b) announces (directly or through an agent) the level of such Index on a regular basis during each Scheduled Trading Day, which as of the Issue Date is the index sponsor specified for such Index in the applicable Issue Terms.

“Index Substitution Criteria” means that the main characteristics of the Substitute Index are equivalent to the Affected Index which characteristics may include, without limitation, its strategy, its currency, the periodicity of its computation and publication, its level, the category(ies) and listing or quotation on and exchange or quotation system of its underlying assets, the geographical and economic sectors reflected and its management procedures (dates of rebalancing), all as determined by the Calculation Agent in its sole and absolute discretion or, in the case of Exempt Notes, such other criteria as specified in the applicable Pricing Supplement.

“Initial Level” means, in respect of an Index, the level specified as such in the applicable Issue Terms.

“Intraday Level” means the level of an Index observed by the Calculation Agent at any time during the regular trading session hours of the relevant Exchange, without regard to after hours or any other trading outside of the regular trading session hours.

“Least Performer” means, with respect to an Exchange Business Day during the Observation Period, the Index in respect of which the following formula yields, in the determination of the Calculation Agent, the smallest positive number if the results of the formula below are positive for all indices comprised in the basket or, if not, the largest negative number, on such Exchange Business Day:

\[
\frac{\text{Reference Level of the Index on the Exchange Business Day minus the Initial Level with respect to such Index}}{\text{Initial Level with respect to such Index}},
\]

provided that if the above formula yields the same number with respect to two or more Indices the Calculation Agent shall determine the Least Performer.

“Market Disruption Event” means, in respect of an Index:

(i) where the relevant Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index,

(a) the occurrence or existence at any time during the one hour period that ends at the relevant Valuation Time of:

(A) any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:

(x) on any relevant Exchange(s) relating to securities that comprise 20 per cent. or more of the level of the relevant Index; or

(y) in futures or options contracts relating to the relevant Index on any relevant Related Exchange; or
(B) any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (x) to effect transactions in, or obtain market values for securities that comprise 20 per cent. or more of the level of the relevant Index on any relevant Exchange(s), or (y) to effect transactions in, or obtain market values for, futures or options contracts relating to the relevant Index on any relevant Related Exchange, which in either case the Calculation Agent determines is material; or

(b) the closure on any Exchange Business Day of any relevant Exchange(s) relating to securities that comprise 20 per cent. or more of the level of the relevant Index or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to the earlier of (A) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange(s) on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

For the purposes of determining whether a Market Disruption Event in respect of an Index exists at any time, if a Market Disruption Event occurs in respect of a Component Security at any time, then the relevant percentage contribution of that Component Security to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that Component Security and (ii) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

(ii) where the relevant Index is specified in the applicable Issue Terms as being a Multi-Exchange Index either:

(a) the occurrence or existence, in respect of any Component Security, of:

(x) a Trading Disruption which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;

(y) an Exchange Disruption, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; or

(z) an Early Closure; and

(b) the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists, comprises 20 per cent. or more of the level of the Index; or
the occurrence or existence, in respect of futures or options contracts relating to the Index, of: (A) a Trading Disruption or (B) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the Valuation Time in respect of any Related Exchange or (C) an Early Closure.

As used above:

“Early Closure” means the closure on any Exchange Business Day of the Exchange in respect of any Component Security or any Related Exchange prior to its Scheduled Closing Time unless such earlier closing is announced by such Exchange or Related Exchange, as the case may be, at least one hour prior to the earlier of: (i) the actual closing time for the regular trading session on such Exchange or Related Exchange, as the case may be, on such Exchange Business Day; and (ii) the submission deadline for orders to be entered into the relevant Exchange or Related Exchange system for execution at the relevant Valuation Time on such Exchange Business Day.

“Exchange Disruption” means any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general to effect transactions in, or obtain market values for: (i) any Component Security on the Exchange in respect of such Component Security; or (ii) futures or options contracts relating to the Index on any Related Exchange.

“Trading Disruption” means any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange, as the case may be, or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise: (i) relating to any Component Security on the Exchange in respect of such Component Security; or (ii) in futures or options contracts relating to the Index on any Related Exchange.

For the purposes of determining whether a Market Disruption Event exists in respect of a Multi-Exchange Index exists at any time if a Market Disruption Event occurs in respect of such Component Security included in the Index at any time, then the relevant percentage contribution of that Component Security to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that Component Security and (ii) the overall level of the Index, in each case using the official opening weightings as published by the relevant Index Sponsor as part of the market “opening data” immediately before the occurrence of such Market Disruption Event.

“Multi-Exchange Index” means an Index identified or specified as such in the applicable Issue Terms or, if not so identified or specified, any Index which the Calculation Agent determines to be a Multi-Exchange Index.

“Observation Date(s)” means each date specified as such in the applicable Issue Terms, provided that if such date is not a Scheduled Trading Day, the Observation Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:
(i) where the W&C Securities relate to a single Index, the Observation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day. In that case, (i) the eighth Scheduled Trading Day for the Index shall be deemed to be the Observation Date, notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent, shall, where practicable in the case of Exempt W&C Securities, determine the Reference Level in the manner set out in the applicable Pricing Supplement, or if not set out or not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Level by using the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance (and subject to Conditions 29.02, 29.03 and 29.07) with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted level as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day (as defined in Condition 30.05 in relation to such security) has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value of the relevant security as of the Valuation Time on that eighth Scheduled Trading Day); or

(ii) where the W&C Securities relate to a Basket of Indices, the Observation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Observation Date, and the Observation Date for each Index affected by the occurrence of a Disrupted Day (each an “Affected Index”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Index unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day relating to the Affected Index. In that case, (i) the eighth Scheduled Trading Day shall be deemed to be the Observation Date for the Affected Index, notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent shall where practicable in the case of Exempt W&C Securities, determine the Reference Level in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Level by using the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with (subject to Conditions 29.02, 29.03 and 29.07) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted level as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day (as defined in Condition 30.05 in relation to such security) has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value of the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

“Observation Period” means the period specified as such in the applicable Issue Terms.
“Reference Level” means, unless in the case of an Exempt W&C Security otherwise specified in the applicable Pricing Supplement, in respect of a Valuation Date, Observation Date or Averaging Date:

(i) where the W&C Securities are specified in the applicable Issue Terms to relate to a single Index, an amount (which shall be deemed to be an amount of the Settlement Currency) equal to the Specified Level of the Index on the relevant date (or if a Valuation Time is specified in the applicable Issue Terms, the level of the Index determined by the Calculation Agent at such Valuation Time on the relevant date) or as otherwise determined by the Calculation Agent subject as provided in this Condition 29; and

(ii) where the W&C Securities are specified in the applicable Issue Terms to relate to a Basket of Indices, an amount (which shall be deemed to be an amount of the Specified Currency) equal to the sum of the values calculated for each Index as the Specified Level of each Index on the relevant date, (or if a Valuation Time is specified in the applicable Issue Terms, the level of each Index determined by the Calculation Agent at such Valuation Time on the relevant date), or as otherwise determined by the Calculation Agent subject as provided in this Condition 29, multiplied by the relevant Weighting specified in the applicable Issue Terms.

“Related Exchange” means, subject to the proviso below, in relation to an Index, each exchange or quotation system specified as such for such Index in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Index on such temporary substitute exchange or quotation system as on the original Related Exchange), provided that where ‘All Exchanges’ is specified as the Related Exchange in the applicable Issue Terms, ‘Related Exchange’ shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

“Scheduled Averaging Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Averaging Date.

“Scheduled Closing Time” means, in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“Scheduled Observation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Observation Date.
“Scheduled Trading Day” means:

(i) where the Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index, any day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions; or

(ii) where the Index is specified in the applicable Issue Terms as being a Multi-Exchange Index, any day on which (i) the Index Sponsor is scheduled to publish the level of that Index and (ii) each Related Exchange is scheduled to be open for trading for its regular trading session.

“Scheduled Valuation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Valuation Date.

“Specified Level” the Closing Level or the Intraday Level, as specified in the applicable Issue Terms.

“Trade Date” means the date specified as such in the applicable Issue Terms.

“Valuation Date” means each date specified as such in the applicable Issue Terms or, if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day then:

(i) where the W&C Securities relate to a single Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day. In that case (A) the eighth Scheduled Trading Day for the Index shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (B) the Calculation Agent shall, where practicable in the case of Exempt W&C Securities, determine the Reference Level in the manner set out in the applicable Pricing Supplement, or, if not so set out or not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Level by determining the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day (subject to Conditions 29.02, 29.03 and 29.07) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day (as defined in Condition 30.05 in relation to such security) using the Exchange traded or quoted level as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value of the relevant security as of the Valuation Time on that eighth Scheduled Trading Day); or

(ii) where the W&C Securities relate to a Basket of Indices, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Index affected by the occurrence of a Disrupted Day (each an “Affected Index”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the
Affected Index, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Index. In that case (A) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Index, notwithstanding the fact that such day is a Disrupted Day, and (B) the Calculation Agent shall where practicable in the case of Exempt W&C Securities, determine the Reference Level in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Level by determining the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with (subject to Conditions 29.02, 29.03 and 29.07) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted level as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day (as defined in Condition 30.05 in relation to such security) has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value of the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

“Valuation Time” means:

(i) where the Index is not specified in the applicable Issue Terms as being a Multi-Exchange Index, the Valuation Time specified in the applicable Issue Terms or, if no Valuation Time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date, Observation Date or Averaging Date, as the case may be, in relation to each Index to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time;

(ii) where the Index is specified in the applicable Issue Terms as being a Multi-Exchange Index, the Valuation Time specified in the applicable Issue Terms or, if no Valuation Time is specified, (i) for the purposes of determining whether a Market Disruption Event has occurred: (A) in respect of a Component Security, the Scheduled Closing Time on the relevant Exchange in respect of such Component Security and (B) in respect of any options contracts or futures contracts on the Index, the close of trading on the relevant Related Exchange, and (ii) in all other circumstances, the time at which the official closing level of the Index is calculated and published by the Index Sponsor. If, for the purposes of (i) above, the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time; or

(iii) where the Specified Level is the Intraday Level, each relevant time at which the Reference Level is determined.

“Weighting” means the weight to be applied to each of the Indices comprising the Basket of Indices, as specified in the applicable Issue Terms.

30. Equity Linked W&C Securities
30.01 If the W&C Securities are specified as Equity Linked W&C Securities in the applicable Issue Terms, the provisions of this Condition 30 shall apply.

**Potential Adjustment Events: De-listing, Merger Event, Tender Offer, Nationalisation and Insolvency; Additional Disruption Events and Adjustments for Equity Linked W&C Securities in respect of Non-Euro Quoted Entities**

30.02 (i) If Potential Adjustment Events are specified as applicable in the applicable Issue Terms, then following the declaration by an Equity Issuer of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting, concentrative or other effect on the theoretical value of the Equities and, if so, the Issuer in its sole and absolute discretion shall either:

(A) (1) require the Calculation Agent to make the corresponding adjustment, if any, to any one or more of the terms of these Terms and Conditions and/or the applicable Issue Terms, in each case, as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Equity) and (2) determine the effective date of that adjustment; or

(B) on giving notice to the Holders in accordance with Condition 10, cancel or redeem all, but not some only, of the W&C Securities, and pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by it, which amount shall be the fair market value of a W&C Security or Unit, as the case may be, taking into account the relevant event, together with accrued Additional Amounts (if applicable), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus (in the case of Warrants), if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion, payment being made in such manner as shall be notified to the Holders in accordance with Condition 10; or

(C) if the applicable Issue Terms provide that “Equity Substitution” is applicable, then on or after the relevant Potential Adjustment Event, the Calculation Agent may select one or more equities (each a “Substitute Equity”) in accordance with the Equity Substitution Criteria to substitute in place of the Equity or Equities (each an “Affected Equity”) which are affected by such Potential Adjustment Event and each Substitute Equity will be deemed to be an “Equity” and the relevant issuer of such equities, a “Equity Issuer” for the purposes of the W&C Securities, and the Calculation Agent will make such adjustment, if any, to any of the terms of the Terms and Conditions and/or the applicable Issue Terms as the Calculation Agent in its sole and absolute discretion determines appropriate.
If the provisions of Condition 30.02(i)(A) apply, the Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Equities traded on that options exchange.

Upon making an adjustment pursuant to Condition 30.02(i)(A), the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 10, stating the adjustment made to the terms of these Conditions and/or the applicable Issue Terms and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of such adjustment.

(ii) If (x) De-listing, Merger Event, Nationalisation and/or Insolvency is specified as applicable in the applicable Issue Terms and/or (y) Tender Offer is specified as applicable in the applicable Issue Terms, and (in the case of (x)) a De-listing, Merger Event, Nationalisation or Insolvency occurs or (in the case of (y)) a Tender Offer occurs, in each case, in relation to an Equity, the Issuer in its sole and absolute discretion may:

(A) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any terms of these Terms and Conditions and/or the applicable Issue Terms to account for the De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment; or

(B) where the Equity Linked W&C Securities relate to a Basket of Equities on giving notice to the Holders in accordance with Condition 10 cancel or redeem each W&C Security in part. If a W&C Security is so cancelled or redeemed in part the portion (the “Partial Amount”) of each such W&C Security representing the affected Equity(s) shall be cancelled and the Issuer will (x) pay to each Holder in respect of each W&C Security or Unit, as the case may be, held by it an amount equal to the fair market value of the Partial Amount, taking into account the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, together with accrued Additional Amounts (if applicable), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion; and (y) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the terms of the Terms and Conditions and/or the applicable Issue Terms to account for such redemption or cancellation in part. For the avoidance of doubt the remaining part of each such W&C Security after redemption or cancellation and adjustment shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Holders in accordance with Condition 10; or
(C) on giving notice to the Holders in accordance with Condition 10, cancel all, but not some only, of the W&C Securities, and pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by it, which amount shall be the fair market value of a W&C Security or Unit, as the case may be, taking into account the relevant event, together with accrued Additional Amounts (if applicable), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus (in the case of Warrants), if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion, payment being made in such manner as shall be notified to the Holders in accordance with Condition 10.

(D) if the applicable Issue Terms provide that “Equity Substitution” is applicable, then on or after the relevant Merger Date, Tender Offer Date, or the date of the Nationalisation, Insolvency or De-listing (as the case may be), the Calculation Agent may select one or more equities (each a “Substitute Equity”) in accordance with the Equity Substitution Criteria to substitute in place of the Equity or Equities (each an “Affected Equity”) which are affected by such Merger Event, Tender Offer, Nationalisation, Insolvency or De-listing and each Substitute Equity will be deemed to be an “Equity” and the relevant issuer of such equities, a “Equity Issuer” for the purposes of the W&C Securities, and the Calculation Agent will make such adjustment, if any, to any of the terms of the Terms and Conditions and/or the applicable Issue Terms as the Calculation Agent in its sole and absolute discretion determines appropriate.

If the provisions of Condition 30.02(ii) apply, the Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, made by an options exchange to options on the Equities traded on that options exchange.

Upon the occurrence (if applicable) of a De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 10 stating the occurrence of the De-listing, Merger Event, Tender Offer, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto, provided that failure to give, or non-receipt of, such notice will not affect the validity of such action.

(iii) If Additional Disruption Events are specified as applicable in the applicable Issue Terms, then if an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may:

(A) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the terms of these Terms and Conditions and/or the applicable Issue Terms,
to account for the Additional Disruption Event and determine the effective date of that adjustment; or

(B) give notice to the Holders in accordance with Condition 10 and cancel all, but not some only, of the W&C Securities, and pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by it, which amount shall be the fair market value of a W&C Security or Unit, as the case may be, taking into account the relevant Additional Disruption Event, together with accrued Additional Amounts (if applicable), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus (in the case of Warrants), if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion, payment being made in such manner as shall be notified to the Holders in accordance with Condition 10; or

(C) if the applicable Issue Terms provide that “Equity Substitution” is applicable, then on or after the relevant Additional Disruption Event, the Calculation Agent may select one or more equities (each a “Substitute Equity”) in accordance with the Equity Substitution Criteria to substitute in place of the Equity or Equities (each an “Affected Equity”) which are affected by such Additional Disruption Event and each Substitute Equity will be deemed to be an “Equity” and the relevant issuer of such equity, a “Equity Issuer” for the purposes of the W&C Securities, and the Calculation Agent will make such adjustment, if any, to any of the terms of the Terms and Conditions and/or the applicable Issue Terms as the Calculation Agent in its sole and absolute discretion determines appropriate.

Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 10 stating the occurrence of the Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of such action to be taken.

(iv) Non-Euro Quoted Equities

In respect of Equity Linked W&C Securities relating to Equities originally quoted, listed and/or dealt as of the Trade Date in a currency of a member state of the European Union that has not adopted the euro, if such Equities are at any time after the Trade Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange or, where no Exchange is specified in the applicable Issue Terms, the principal market on which those Equities are traded, then the Calculation Agent will adjust any one or more of the terms of these Terms and Conditions and/or the applicable Issue Terms as the Calculation Agent determines in its sole and absolute discretion to be appropriate to preserve the economic terms of the W&C Securities. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the relevant Valuation Time at the official conversion rate, if any, or an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the relevant Valuation Time. No adjustments
under this Condition 30.02(iv) will affect the currency denomination of any payment obligation arising out of the W&C Securities.

(xiii) Correction of the Prices or Levels of an Equity

In the event that any price or level of an Equity published by an Exchange which is utilised for any calculation or determination made for the purposes of the W&C Securities is subsequently corrected, the corrected level or price is deemed to be the relevant price or level for such Equity, provided that such correction is published and made available to the public by the relevant Exchange during a period following original publication equal in duration to the period in which a trade in the Equity would customarily settle according to the rules of such Exchange, and further provided, that such publication of such correction is made sufficiently (in the sole and absolute discretion of the Calculation Agent) in advance of the Redemption Date, the Settlement Date or the Specified Additional Amount Payment Date, as the case may be, to make such adjustment prior to such relevant date.

Partial Lookthrough Depositary Receipt Provisions

30.03 Where the applicable Issue Terms specify that the “Partial Lookthrough Depositary Receipt Provisions” shall apply to an Equity, then the provisions set out in this Condition 30.03 shall apply, and, in relation to such Equity, the other provisions of this Condition 30 shall be deemed to be amended and modified as set out in this Condition 30.03.

The definition of “Potential Adjustment Event” shall be amended so that it reads as follows:

"Potential Adjustment Event" means any of the following:

(A) a subdivision, consolidation or reclassification of relevant Equities and/or Underlying Equities (unless resulting in a Merger Event or Tender Offer), or a free distribution or dividend of any such Equities and/or Underlying Equities to existing holders by way of bonus, capitalisation or similar issue;

(B) a distribution, issue or dividend to existing holders of the relevant Equities and/or Underlying Equities of (i) such Equities and/or Underlying Equities, (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of an Equity Issuer or Underlying Equity Issuer, as appropriate, equally or proportionately with such payments to holders of such Equities and/or Underlying Equities, (iii) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Equity Issuer or Underlying Equity Issuer, as appropriate, as a result of a spin-off or other similar transaction or (iv) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;

(C) an extraordinary dividend (determined by the Calculation Agent, in its sole and absolute discretion);

(D) a call by an Equity Issuer or Underlying Equity Issuer, as appropriate, in respect of relevant Equities and/or Underlying Equities that are not fully paid;
(E) a repurchase by an Equity Issuer or Underlying Equity Issuer, as appropriate, or any of its subsidiaries of relevant Equities and/or Underlying Equities whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;

(F) in respect of an Equity Issuer or Underlying Equity Issuer, as appropriate, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Equity Issuer or Underlying Equity Issuer, as appropriate, pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights;

(G) any other event having, in the opinion of the Calculation Agent, a diluting, concentrative or other effect on the theoretical value of the relevant Equities and/or Underlying Equities; or

(H) the making of any amendment or supplement to the terms of the Deposit Agreement,

provided that an event under (A) to (G) (inclusive) above in respect of Underlying Equities shall not constitute a Potential Adjustment Event unless, in the opinion of the Calculation Agent, such event has a diluting or concentrative effect on the theoretical value of the Equities."

If the Calculation Agent determines that:

(A) an event under (A) to (G) (inclusive) of the definition of “Potential Adjustment Event” has occurred and constitutes a Potential Adjustment Event in respect of any Underlying Equities; or

(B) an event under (H) of the definition of “Potential Adjustment Event” has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has an economic effect on the W&C Securities

and, in each case, the Calculation Agent will make the corresponding adjustment(s), if any, to one or more of the terms of these Terms and Conditions and/or the relevant Issue Terms as the Calculation Agent determines appropriate to account for (x) in respect of an event under (A) to (G) (inclusive) of the definition of “Potential Adjustment Event”, the diluting or concentrative effect on the theoretical value of the Equities, and (y) in respect of an event under (H) of the definition of “Potential Adjustment Event”, such economic effect on the W&C Securities, as the case may be, (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Equity), following the Potential Adjustment Event. The Calculation Agent may (among other factors) have reference to any adjustment made by the Depositary under the Deposit Agreement.
If the Calculation Agent determines that no adjustment that it could make will produce a commercially reasonable result, it shall notify the Issuer and the Holders that the relevant consequence shall be the cancellation of the W&C Securities, in which case, on such date as selected by the Calculation Agent in its sole and absolute discretion, the Issuer shall cancel all but not some only of the W&C Securities, and pay any amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by it, which amount shall be the fair market value of a W&C Security or a Unit, as the case may be, less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus (in the case of Warrants), if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion, payment being made in such manner as shall be notified to the Holders in accordance with Condition 10.

The definitions of “Merger Event” and “Tender Offer” shall be amended in accordance with the DR Amendment.

If the Calculation Agent determines that a Merger Event or Tender Offer has occurred in respect of any Underlying Equity, then, where the Calculation Agent makes an adjustment to these Terms and Conditions and/or the relevant Issue Terms in connection with a Merger Event or Tender Offer, the Calculation Agent may (among other factors) have reference to any adjustment made by the Depositary under the Deposit Agreement.

The definitions of “Nationalisation”, “Insolvency” and “De-listing” shall be amended in accordance with the DR Amendment.

If the Calculation Agent determines that a Nationalisation or Insolvency has occurred in respect of an Equity or the Depositary, then, notwithstanding anything to the contrary herein, the Calculation Agent may determine that the affected Equity be substituted with Replacement DRs selected by it in accordance with the DR Substitution Criteria and may make any appropriate adjustments to the terms of these Terms and Conditions and/or the relevant Issue Terms. In such case, the Issuer shall not cancel the W&C Securities and, following such replacement, references to Equities therein shall be replaced by references to such Replacement DRs, and the Calculation Agent will determine the effective date of any adjustments.

If the Calculation Agent determines that a De-listing of Equities has occurred or if the Depositary announces that the Deposit Agreement is (or will be terminated), then, notwithstanding anything to the contrary herein, the Calculation Agent may determine that the affected Equity be substituted with Replacement DRs selected by it in accordance with the DR Substitution Criteria or the Underlying Equities and may make any appropriate adjustments to the terms of these Terms and Conditions and/or the relevant Issue Terms. In such case, the Issuer shall not cancel the W&C Securities and, following such replacement, references to Equities herein shall be replaced by references to such Replacement DRs or the Underlying Equities, as applicable, and the Calculation Agent will determine the effective date of any adjustments.

The definition of “Insolvency Filing” shall be amended in accordance with the DR Amendment.

The definition of “Change in Law” shall be amended in accordance with the DR Amendment.
For the avoidance of doubt, where a provision is amended pursuant to this Condition 30.03 in accordance with the DR Amendment, if the event described in such provision occurs in respect of the Underlying Equities or the Underlying Equity Issuer, then the consequence of such event shall be interpreted consistently with the DR Amendment and such event.

Full Lookthrough Depositary Receipt Provisions

30.04 Where the applicable Issue Terms specify that the “Full Lookthrough Depositary Receipt Provisions” shall apply to an Equity, then the provisions set out in this Condition 30.04 shall apply, and, in relation to such Equity, the other provisions of this Condition 30 shall be deemed to be amended and modified as set out in this Condition 30.04.

The definition of “Potential Adjustment Event” shall be amended so that it reads as follows:

“Potential Adjustment Event” means any of the following:

(A) a subdivision, consolidation or reclassification of relevant Equities and/or Underlying Equities (unless resulting in a Merger Event or Tender Offer), or a free distribution or dividend of any such Equities and/or Underlying Equities to existing holders by way of bonus, capitalisation or similar issue;

(B) a distribution, issue or dividend to existing holders of the relevant Equities and/or Underlying Equities of (i) such Equities and/or Underlying Equities, (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of an Equity Issuer or Underlying Equity Issuer, as appropriate, equally or proportionately with such payments to holders of such Equities and/or Underlying Equities, (iii) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Equity Issuer or Underlying Equity Issuer, as appropriate, as a result of a spin-off or other similar transaction or (iv) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;

(C) an extraordinary dividend (determined by the Calculation Agent, in its sole and absolute discretion);

(D) a call by an Equity Issuer or Underlying Equity Issuer, as appropriate, in respect of relevant Equities and/or Underlying Equities that are not fully paid;

(E) a repurchase by an Equity Issuer or Underlying Equity Issuer, as appropriate, or any of its subsidiaries of relevant Equities and/or Underlying Equities whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;

(F) in respect of an Equity Issuer or Underlying Equity Issuer, as appropriate, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Equity Issuer or Underlying Equity Issuer, as appropriate, pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment
effected as a result of such an event shall be readjusted upon any redemption of such rights;

(G) any other event having, in the opinion of the Calculation Agent, a diluting, concentrative or other effect on the theoretical value of the relevant Equities and/or Underlying Equities; or

(H) the making of any amendment or supplement to the terms of the Deposit Agreement,

provided that an event under (A) to (G) (inclusive) above in respect of Underlying Equities shall not constitute a Potential Adjustment Event unless, in the opinion of the Calculation Agent, such event has a diluting or concentrative effect on the theoretical value of the Equities."

If the Calculation Agent determines that:

(A) an event under (A) to (G) (inclusive) of the definition of “Potential Adjustment Event” has occurred and constitutes a Potential Adjustment Event in respect of any Underlying Equities; or

(B) an event under (H) of the definition of “Potential Adjustment Event” has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has an economic effect on the W&C Securities;

and, in each case, the Calculation Agent will make the corresponding adjustment(s), if any, to one or more of the terms of these Terms and Conditions and/or the relevant Issue Terms as the Calculation Agent determines appropriate to account for (x) in respect of an event under (A) to (G) (inclusive) of the definition of “Potential Adjustment Event”, the diluting or concentrative effect on the theoretical value of the Equities, and (y) in respect of an event under (H) of the definition of “Potential Adjustment Event”, such economic effect on the W&C Securities, as the case may be (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Equity) following the Potential Adjustment Event. The Calculation Agent shall (among other factors) have reference to any adjustment made by the Depositary under the Deposit Agreement.

If the Calculation Agent determines that no adjustment that it could make will produce a commercially reasonable result, it shall notify the Issuer and the Holders that the relevant consequence shall be the cancellation of the W&C Securities, in which case, on such date as selected by the Calculation Agent in its sole and absolute discretion, the Issuer shall cancel all but not some only of the W&C Securities, and pay any amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by it, which amount shall be the fair market value of a W&C Security or a Unit, as the case may be, less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements) plus (in the case of Warrants), if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion, payment being made in such manner as shall be notified to the Holders in accordance with Condition 10.

The definitions of “Merger Event” and “Tender Offer” shall be amended in accordance with the DR Amendment.
If the Calculation Agent determines that a Merger Event or Tender Offer has occurred in respect of an Underlying Equity, then, where the Calculation Agent makes an adjustment to these Terms and Conditions and/or the relevant Issue Terms in connection with a Merger Event or Tender Offer, the Calculation Agent may (among other factors) have reference to any adjustment made by the Depositary under the Deposit Agreement.

The definitions of “Nationalisation”, “Insolvency” and “De-listing” shall be amended in accordance with the DR Amendment.

If the Calculation Agent determines that a Nationalisation or Insolvency has occurred in respect of an Equity or the Depositary, then, notwithstanding anything to the contrary herein, the Calculation Agent may determine that the affected Equity be substituted with Replacement DRs selected in accordance with the DR Substitution Criteria and may make any appropriate adjustments to the terms of these Terms and Conditions and/or the relevant Issue Terms. In such case, the Issuer shall not cancel the W&C Security and, following such replacement, references to Equities herein shall be replaced by references to such Replacement DRs, and the Calculation Agent will determine the effective date of any adjustments.

If the Calculation Agent determines that a De-listing of Equities has occurred or if the Depositary announces that the Deposit Agreement is (or will be terminated), then notwithstanding anything to the contrary herein, the Calculation Agent may determine that the affected Equity be substituted with Replacement DRs selected in accordance with the DR Substitution Criteria or the Underlying Equities and may make any appropriate adjustments to the terms of these Terms and Conditions and/or the relevant Issue Terms. In such case, the Issuer shall not cancel the W&C Securities, and following such replacement, references to Equities herein shall be replaced by references to such Replacement DRs or the Underlying Equities, as applicable, and the Calculation Agent will determine the effective date of any adjustments.

The definition of any Additional Disruption Event specified as applicable in the relevant Issue Terms shall be amended in accordance with the DR Amendment.

Each reference to the “Exchange” in the definitions of “Exchange Business Day”, “Scheduled Closing Time”, “Scheduled Trading Day”, “Market Disruption Event” and “Disrupted Day” shall be deemed to include a reference to the primary exchange on which the Underlying Equities are traded, as determined by the Calculation Agent.

The definitions of “Market Disruption Event” and “Related Exchange” shall be amended in accordance with the DR Amendment. For the avoidance of doubt, where a provision is amended pursuant to this Condition 30.04 in accordance with the DR Amendment, if the event described in such provision occurs in respect of the Underlying Equities or the Underlying Equity Issuer, then the consequence of such event shall be interpreted consistently with the DR Amendment and such event.
Definitions applicable to Equity Linked W&C Securities

“Additional Disruption Event” means Change in Law, Hedging Disruption, Increased Cost of Hedging, Insolvency Filing in each case specified in the applicable Issue Terms or, in the case of an Exempt W&C Security, any other Additional Disruption Event specified in the applicable Pricing Supplement.

“Average Date” means each date specified as an Averaging Date in the applicable Issue Terms provided that if such date is not a Scheduled Trading Day, the Averaging Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If any Averaging Date is a Disrupted Day, then:

(i) if ‘Omission’ is specified in the applicable Issue Terms, such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Reference Price. If through the operation of this provision, no Averaging Date would occur with respect to the relevant Valuation Date, then for the purposes of determining the Reference Price on the final Averaging Date, such Averaging Date shall be deemed to be a Valuation Date that was a Disrupted Day;

(ii) if ‘Postponement’ is specified in the applicable Issue Terms then, for purposes of determining the Reference Price, such Averaging Date shall be deemed to be a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date for the Equity Linked Certificates; or

(iii) if ‘Modified Postponement’ is specified in the applicable Issue Terms, then:

(A) where the W&C Securities relate to a single Equity, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day for the Equity shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) and (ii) the Calculation Agent shall determine the Reference Price for that Averaging Date in accordance with sub paragraph (i)(B) of the definition of “Valuation Date” below; or

(B) where the W&C Securities relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Averaging Date for each Equity not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date, and the Averaging Date for each Equity affected by the occurrence of a Disrupted Day (each an “Affected Equity”) shall be the first succeeding Valid Date in relation to such Affected Equity. If the first succeeding Valid Date in relation to such Affected Equity has not occurred as of the
Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day for such Equity shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in respect of the Affected Equity and (ii) the Calculation Agent shall determine the Reference Price of the Affected Equity for that Averaging Date in accordance with sub paragraph (ii)(B) of the definition of “Valuation Date” below; or

(C) where the W&C Securities relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Averaging Date for each Equity shall be the first succeeding Common Valid Date. If the first succeeding Common Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) and (ii) the Calculation Agent shall determine the relevant Reference Price for each Equity for that Averaging Date in accordance with sub-paragraph (iii)(B)(x) or (y), as applicable of the definition of “Valuation Date” below; and

(D) “Valid Date” shall mean a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date in respect of the relevant Valuation Date does not or is not deemed to occur, and “Common Valid Date” shall mean a Scheduled Trading Day that is not a Disrupted Day for any Equity comprised in the Basket of Equities and on which another Averaging Date does not or is deemed not to occur.

“Basket of Equities” means a basket composed of the Equities specified in the applicable Issue Terms in the relative Weightings or numbers of Equities specified in the applicable Issue Terms.

“Change in Law” means that, on or after the Trade Date (as specified in the applicable Issue Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (X) it has become illegal to hold, acquire or dispose of any relevant Equity or (Y) the Issuer will incur a materially increased cost in performing its obligations in relation to the W&C Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer and/or any Hedging Entity).

“Closing Price” means the official closing price of an Equity on the relevant Exchange.
“De-listing” means, in respect of any relevant Equities, the Exchange announces that pursuant to the rules of such Exchange, such Equities cease (or will cease) to be listed, traded or publicly quoted on such Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on (i) where the Exchange is located in the United States, any of the New York Stock Exchange, the American Stock Exchange or the NASDAQ Global Market or Global Select Market (or their respective successors) or (ii) an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in any member state of the European Union).

If the relevant Equities are immediately re-listed, re-traded or re-quoted on any exchange or quotation system, such exchange or quotation system shall be deemed to be the Exchange in respect of such Equities.

“Deposit Agreement” means, in relation to the Equities, the agreements or other instruments constituting the Equities, as from time to time amended or supplemented in accordance with their terms.

“Depositary” means, where the relevant Issue Terms specifies that (a) the “Partial Lookthrough Depositary Receipt Provisions” shall apply to the Equity, the Equity Issuer or any successor issuer of the Equities from time to time or (b) the “Full Lookthrough Depositary Receipt Provisions” shall apply to an Equity or the Equity Issuer.

“Disrupted Day” means any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

“DR Amendment” means, in respect of the definitions of Merger Event, Tender Offer, Nationalisation, Insolvency, De-listing, Insolvency Filing, Change in Law, any other Additional Disruption Event specified as applicable in the relevant Issue Terms and Market Disruption Event, that the following changes shall be made to such definition or provision where provided for in Condition 30: (a) all references to “Equities” shall be deleted and replaced with the words “Equities and/or the Underlying Equities”; and (b) all references to “Equity Issuer” shall be deleted and replaced with the words “Equity Issuer or Underlying Equity Issuer, as appropriate”.

“DR Substitution Criteria” means:

(a) (i) where the W&C Securities relate to a Basket of Equities, the Replacement DR shall not be by an Equity already comprised in the Basket of Equities or assets;

(ii) the relevant issuer of the Replacement DR belongs to the same broad economic sector as the issuer of the affected Equity;

(iii) the Replacement DR shall be of an issuer that is of a similar international standing, market capitalisation, exposure and creditworthiness as the issuer of the affected Equity, on the date immediately prior to the relevant Equity becoming an affected Equity, ignoring for this purpose the occurrence of the relevant Nationalisation, Insolvency or De-listing; and

(iv) the Replacement DR shall be of the same geographical zone as the issuer of the affected Equity,

all as determined by the Calculation Agent in its sole and absolute discretion; or
(b) in the case of Exempt Notes, such other criteria as specified in the applicable Pricing Supplement.

“Equity” means the share(s) or other securities specified in the applicable Issue Terms subject to adjustment in accordance with these Conditions.

“Equity Issuer” means, in respect of an Equity, the issuer of such Equity.

“Equity Substitution Criteria” means:

(a) (i) where the W&C Securities relate to a Basket of Equities, the Substitute Equity shall be an equity which is not already comprised in the Basket of Equities or assets;

(ii) the relevant issuer of the Substitute Equity belongs to the same broad economic sector as the Issuer of the Affected Equity;

(iii) the Substitute Equity shall be of an issuer that is of a similar international standing, market capitalisation, exposure and creditworthiness as the Issuer of the Affected Equity, on the date immediately prior to the relevant Equity becoming an Affected Equity, ignoring for this purpose the occurrence of the relevant Potential Adjustment Event, Merger Event, Tender Offer, Nationalisation, Insolvency, De-listing or Additional Disruption Event; and

(iv) the Substitute Equity shall be of the same geographical zone as the Issuer of the Affected Equities,

all as determined by the Calculation Agent in its sole and absolute discretion; or

(b) in the case of Exempt Notes, such other criteria as specified in the applicable Pricing Supplement.

“Exchange” means, in respect of an Equity, each exchange or quotation system specified as such for such Equity in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Equity has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such Equity on such temporary substitute exchange or quotation system as on the original Exchange).

“Exchange Business Day” means any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

“Hedging Disruption” means that the Hedging Entity is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the W&C Securities, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“Increased Cost of Hedging” means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or
other price risk of the Issuer issuing and performing its obligations with respect to the W&C Securities, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or the Hedging Entity shall not be deemed an Increased Cost of Hedging.

"Initial Price" means the price specified as such in the applicable Issue Terms.

"Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of, or any analogous proceeding affecting, an Equity Issuer (a) all the Equities of that Equity Issuer are required to be transferred to a trustee, liquidator or other similar official or (b) holders of the Equities of that Equity Issuer become legally prohibited from transferring them.

"Insolvency Filing" means that the Equity Issuer institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Equity Issuer shall not be deemed an Insolvency Filing.

"Intraday Price" means the price of an Equity at any time during the regular trading session hours of the relevant Exchange, without regard to after hours trading or any other trading outside of the regular trading session hours.

"Least Performer" means, with respect to an Exchange Business Day during the Observation Period, the Equity in respect of which the following formula yields, in the determination of the Calculation Agent, the smallest positive number or the largest negative number, on such Exchange Business Day:

\[
\frac{(\text{Reference Price of the Equity on the Exchange Business Day minus the Initial Price with respect to such Equity})}{\text{Initial Price with respect to such Equity}},
\]

provided that if the above formula yields the same number with respect to two or more Equities the Calculation Agent shall determine the Least Performer.

"Market Disruption Event" means, in respect of an Equity:

(i) the occurrence or existence at any time during the one hour period that ends at the relevant Valuation Time of:

(A) any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:

(x) relating to the Equity on the Exchange; or

(y) in futures or options contracts relating to the Equity on any relevant Related Exchange; or
(B) any event (other than as described in (ii) below) that disrupts or impairs
(as determined by the Calculation Agent) the ability of market
participants in general (x) to effect transactions, in or obtain market
values for, the Equities on the Exchange or (y) to effect transactions in,
or obtain market values for, futures or options contracts on or relating to
the Equity on any relevant Related Exchange,

which in either case the Calculation Agent determines is material; or

(ii) the closure on any Exchange Business Day of the relevant Exchange or any
Related Exchange(s) prior to its Scheduled Closing Time unless such earlier
closing time is announced by such Exchange(s) or such Related Exchange(s), as
the case may be, at least one hour prior to (A) the actual closing time for the
regular trading session on such Exchange(s) or such Related Exchange(s) on
such Exchange Business Day or if earlier (B) the submission deadline for orders
to be entered into the Exchange or Related Exchange system for execution at
the Valuation Time on such Exchange Business Day; or

(iii) in the case of an Exempt W&C Security, any other event specified in the
applicable Pricing Supplement.

"Merger Date" means, the closing date of a Merger Event or, where a closing date cannot be
determined under the local law applicable to such Merger Event, such other date as determined
by the Calculation Agent.

"Merger Event" means, in respect of any relevant Equities, any (i) reclassification or change of
such Equities that results in a transfer of or an irrevocable commitment to transfer all of such
Equities outstanding to another entity or person, (ii) consolidation, amalgamation, merger or
binding share exchange of an Equity Issuer, with or into another entity or person (other than a
consolidation, amalgamation, merger or binding share exchange in which such Equity Issuer is
the continuing entity and which does not result in a reclassification or change of all of such
Equities outstanding), (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or
other event by any entity or person to purchase or otherwise obtain 100 per cent. of the
outstanding Equities of the Equity Issuer that results in a transfer of or an irrevocable commitment
to transfer all such Equities (other than such Equities owned or controlled by such other entity or
person), or (iv) consolidation, amalgamation, merger or binding share exchange of the Equity
Issuer or its subsidiaries with or into another entity in which the Equity Issuer is the continuing
entity and which does not result in a reclassification or change of all such Equities outstanding but
results in the outstanding Equities (other than Equities owned or controlled by such other entity)immediately prior to such event collectively representing less than 50 per cent. of the outstandingEquities immediately following such event (a "Reverse Merger"), in each case if the Merger Date
is (a) in the case of Cash Settled W&C Securities, on or before the last occurring Valuation Date
or Observation Date, as the case may be, or where Averaging is specified in the applicable Issue
Terms, the final Averaging Date in respect of the relevant W&C Security, or, (b) if the W&C
Securities are to be redeemed by Physical Delivery, the relevant Settlement Date or Redemption
Date, as the case may be.

"Nationalisation" means that all the Equities or all or substantially all the assets of an Equity
Issuer are nationalised, expropriated or are otherwise required to be transferred to any
governmental agency, authority, entity or instrumentality thereof.
“Observation Date(s)” means each date specified as such in the applicable Issue Terms provided that, if such date is not a Scheduled Trading Day, the Observation Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

(i) where the W&C Securities relate to a single Equity, the Observation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day. In that case, (i) the eighth Scheduled Trading Day for such Equity shall be deemed to be the Observation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent, shall, where practicable in the case of Exempt W&C Securities, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Price in accordance with its good faith estimate of the value of the Equity as of the Valuation Time on that eighth Scheduled Trading Day; or

(ii) where the W&C Securities relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Observation Date for each Equity not affected by the occurrence of a Disrupted Day shall be the Scheduled Observation Date, and the Observation Date for each Equity affected by the occurrence of a Disrupted Day (each an “Affected Equity”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Equity unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day relating to the Affected Equity. In that case, (i) the eighth Scheduled Trading Day shall be deemed to be the Observation Date for the Affected Equity, notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent shall where practicable in the case of Exempt W&C Securities, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Price in accordance with its good faith estimate of the value of the Affected Equity as of the Valuation Time on that eighth Scheduled Trading Day; or

(iii) where the W&C Securities relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Observation Date for each Equity shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day for any Equity, unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day relating to any Equity. In that case, (A) the eighth Scheduled Trading Day shall be deemed to be the Observation Date for each Equity (notwithstanding the fact that such day is a Disrupted Day in respect of one or more Equities (each an “Affected Equity”)); and (B) the Calculation Agent shall determine the Reference Price using (x) in relation to each Equity other than an Affected Equity, its price as provided in paragraph (ii) of the definition of Reference Price; and (y) in relation to each Affected Equity, its price as determined, in the case of Exempt
W&C Securities, in the manner set out in the applicable Pricing Supplement, or if not set out or if not practicable or in the case of Non-Exempt W&C Securities, as its good faith estimate of the value of the Affected Equity as of the Valuation Time on that eighth Scheduled Trading Day.

“Observation Period” means the period specified as such in the applicable Issue Terms.

“Potential Adjustment Event” means any of the following:

(i) a subdivision, consolidation or reclassification of relevant Equities (unless resulting in a Merger Event or Tender Offer), or a free distribution or dividend of any such Equities to existing holders by way of bonus, capitalisation or similar issue;

(ii) a distribution, issue or dividend to existing holders of the relevant Equities of (i) such Equities or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of an Equity Issuer equally or proportionately with such payments to holders of such Equities, or (iii) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Equity Issuer as a result of a spin-off or other similar transaction or (iv) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;

(iii) an extraordinary dividend as determined by the Calculation Agent;

(iv) a call by an Equity Issuer in respect of relevant Equities that are not fully paid;

(v) a repurchase by an Equity Issuer or any of its subsidiaries of relevant Equities whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or

(vi) in respect of an Equity Issuer, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Equity Issuer, pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; and

(vii) any other event having, in the opinion of the Calculation Agent, a diluting, concentrative or other effect on the theoretical value of the relevant Equities.

“Reference Price” means, unless in the case of an Exempt W&C Security otherwise specified in the applicable Pricing Supplement, in respect of a Valuation Date, Observation Date or Averaging Date:

(i) where the W&C Securities relate to a single Equity, an amount equal to the Specified Price on the relevant date (or the price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) of the Equity quoted on the relevant Exchange as determined by or on behalf of the
Calculation Agent (or if, in the opinion of the Calculation Agent, no such Specified Price (or, as the case may be, price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) can be determined, unless the relevant date is a Disrupted Day, the Calculation Agent’s good faith estimate of the price of the Equity at the Valuation Time on the relevant date) or as otherwise determined by the Calculation Agent subject to the provisions of this Condition 30. The amount determined pursuant to the foregoing shall be converted, if Exchange Rate is specified as applicable in the applicable Issue Terms, into the Specified Currency at the Exchange Rate and such converted amount shall be the Reference Price; and

(ii) where the W&C Securities relate to a Basket of Equities, an amount equal to the sum of the values calculated for each Equity as the Specified Price (or the price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) of the Equity quoted on the relevant Exchange as determined by or on behalf of the Calculation Agent (or if, in the opinion of the Calculation Agent, no such Specified Price (or price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) can be determined, unless the relevant date is a Disrupted Day, the Calculation Agent’s good faith estimate of the price of the Equity at the Valuation Time on the relevant date), or as otherwise determined by the Calculation Agent subject to the provisions of this Condition 30, multiplied by the relevant Weighting. Each amount determined pursuant to the foregoing shall be converted, if the Exchange Rate is specified as applicable in the applicable Issue Terms, into the Specified Currency at the Exchange Rate and the sum of such converted amounts shall be the Reference Price.

“Related Exchange” means, in relation to an Equity, each exchange or quotation system specified as such in relation to such Equity in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Equity has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Equity on such temporary substitute exchange or quotation system as on the original Related Exchange), provided that where ‘All Exchanges’ is specified as the Related Exchange in the applicable Issue Terms, ‘Related Exchange’ shall mean each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Equity.

“Replacement DRs” means depositary receipts other than the Equities over the same Underlying Equities.

“Scheduled Averaging Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Averaging Date.

“Scheduled Closing Time” means, in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.
“Scheduled Observation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Observation Date.

“Scheduled Trading Day” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.

“Scheduled Valuation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Valuation Date.

“Specified Price” means the Closing Price or Intraday Price, as specified in the applicable Issue Terms.

“Tender Offer” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than ten (10) per cent. and less than 100 per cent. of the outstanding voting shares of the Equity Issuer, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

“Trade Date” means the date specified as such in the applicable Issue Terms.

“Underlying Equity” means the share(s) or other securities which are the subject of the Deposit Agreement.

“Underlying Equity Issuer” means the issuer of the Underlying Equities.

“Valuation Date” means each date specified as such in the applicable Issue Terms or if such date is not a Scheduled Trading Day, the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

(i) where the W&C Securities relate to a single Equity, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, (A) the eighth Scheduled Trading Day for the Equity shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and (B) the Calculation Agent shall, where practicable in the case of Exempt W&C Securities, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or not so practicable or in the case of Exempt W&C Securities, determine the Reference Price in accordance with its good faith estimate of the value of the Equity as of the Valuation Time on that eighth Scheduled Trading Day;

(ii) where the W&C Securities relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Valuation Date for each Equity not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Equity affected by the occurrence of a Disrupted Day (each an “Affected Equity”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Equity unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating
to the Affected Equity. In that case, (A) the eighth Scheduled Trading Day for the Affected Equity shall be deemed to be the Valuation Date for the Affected Equity, notwithstanding the fact that such day is a Disrupted Day and (B) the Calculation Agent shall where practicable in the case of Exempt W&C Securities, determine the Reference Price using, in relation to the Affected Equity, a price determined in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Price in accordance with its good faith estimate of the value of the Affected Equity as of the Valuation Time on that eighth Scheduled Trading Day; or

(iii) where the W&C Securities relate to a Basket of Equities and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Valuation Date for each Equity shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day for any Equity, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to any Equity. In that case, (A) the eighth Scheduled Trading Day shall be deemed to be the Valuation Date for each Equity (notwithstanding the fact that such day is a Disrupted Day in respect of one or more Equities (each an “Affected Equity”)); and (B) the Calculation Agent shall determine the Reference Price using (x) in relation to each Equity other than an Affected Equity, its price as provided in paragraph (ii) of the definition of Reference Price; and (y) in relation to each Affected Equity, its price as determined, in the case of Exempt W&C Securities, in the manner set out in the applicable Pricing Supplement, or if not set out or if not practicable or in the case of Non-Exempt W&C Securities, as its good faith estimate of the value of the Affected Equity as of the Valuation Time on that eighth Scheduled Trading Day.

“Valuation Time” means:

(i) the Valuation Time specified in the applicable Issue Terms or, if no Valuation Time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date, Observation Date or Averaging Date, as the case may be in relation to each Equity to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time; or

(ii) where the Specified Price is the Intraday Price, each relevant time at which the Reference Price is determined.

“Weighting” means the weight to be applied to each of the Equities comprising the Basket of Equities, as specified in the applicable Issue Terms.

31. Fund Linked W&C Securities

If the W&C Securities are specified as Fund Linked W&C Securities in the applicable Issue Terms, the provisions of Condition 32 shall apply if the Reference Funds are not ETFs (as defined in Condition 33.08) and the provisions of Condition 33 shall apply if the Funds are ETFs. If the W&C Securities are Non-Exempt W&C Securities the Funds may only be ETFs.
32. Provisions relating to Funds other than Exchange Traded Funds

This Condition applies to Exempt W&C Securities only

Consequences of Fund Events

32.01 "Fund Event" means the occurrence of each of an Additional Fund Disruption Event, a Fund Disruption Event and/or a Fund Extraordinary Event as determined by the Calculation Agent.

(i) "Additional Fund Disruption Event" means each of Change in Law, Fund Hedging Disruption or Increased Cost of Hedging.

"Change in Law" means that, on or after the Trade Date (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Hedging Entity determines in good faith that (x) it has become illegal to hold, acquire or dispose of any Fund Interests, or (y) the Issuer will incur a materially increased cost in performing its obligations under the Fund Linked W&C Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).

"Fund Hedging Disruption" means that the Hedging Entity is unable, or it is impractical for the Hedging Entity, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction or asset it deems necessary or appropriate to hedge the price risk relating to any Fund Interest of the Issuer issuing and performing its obligations with respect to the Fund Linked W&C Securities, or (ii) realise, recover or remit the proceeds of any such transaction or asset, including, without limitation, where such inability or impracticability has arisen by reason of (x) any restrictions or increase in charges or fees imposed by a Fund on an investor's ability to redeem the related Fund Interest, in whole or in part, or any existing or new investor's ability to make new or additional investments in such Fund Interest, or (y) any mandatory redemption, in whole or in part, of a Fund Interest imposed by the related Fund (in each case other than any restriction in existence on the Trade Date or, in respect of a Replacement Fund Interest, the relevant replacement date).

"Increased Cost of Hedging" means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk relating to any Fund Interest of the Issuer issuing and performing its obligations with respect to the Fund Linked W&C Securities, or (ii) realise, recover or remit the proceeds of any transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or the Hedging Entity shall not be deemed an Increased Cost of Hedging.
(ii) “Fund Disruption Event” means at any time the occurrence or continuance of any of the following events, as determined by the Calculation Agent in its sole and absolute discretion, if the Calculation Agent determines that such event is material:

(a) Fund Valuation Disruption: “Fund Valuation Disruption” means (x) the failure of a Scheduled Fund Redemption Valuation Date in respect of a Fund Interest to be a Fund Redemption Valuation Date in respect of such Fund Interest or any continued postponement of such Fund Redemption Valuation Date, or (y) the failure of a Scheduled Fund Valuation Date in respect of a Fund Interest to be a Fund Valuation Date in respect of such Fund Interest or any continued postponement of such Fund Valuation Date;

(b) Fund Settlement Disruption: “Fund Settlement Disruption” means a failure by a Fund on any day to pay the full amount (whether expressed as a percentage or otherwise) of any fund redemption proceeds with respect to any Fund Interest scheduled to have been paid on or by such day according to the relevant Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Fund to delay or refuse redemption of Fund Interests).

(c) “Fund Extraordinary Event” means each of the following events:

(A) Nationalisation: “Nationalisation” means that all the Fund Interests or all or substantially all the assets of a Fund are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof;

(B) Insolvency: “Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting a Fund, (x) all the Fund Interests of that Fund are required to be transferred to a trustee, liquidator or other similar official or (y) holders of the Fund Interests of that Fund become legally prohibited from transferring or redeeming them;

(C) Fund Insolvency Event: “Fund Insolvency Event” means a Fund or relevant Fund Service Provider (A) is dissolved or has a resolution passed for its dissolution, winding-up or official liquidation (other than pursuant to a consolidation, amalgamation or merger); (B) makes a general assignment or arrangement with or for the benefit of its creditors; (C) (x) institutes or has instituted against it, by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or
liquidation by it or such regulator, supervisor or similar official, or (y) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation, and such proceeding or petition is instituted or presented by a person or entity not described in clause (x) above and either (1) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (2) is not dismissed, discharged, stayed or restrained in each case within fifteen days of the institution or presentation thereof; (D) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets; (E) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all of its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within fifteen days thereafter; or (F) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in paragraphs (E) and (F) above;

(D) NAV Trigger Event: “NAV Trigger Event” means that (x) the aggregate net asset value of a Fund has decreased by an amount equal to or greater than the NAV Trigger since the Trade Date or, in respect of a Replacement Fund Interest, the relevant replacement date; or (y) a Fund has violated any leverage restriction that is applicable to, or affecting, it or its assets by operation of any law, any order or judgment of any court or other agency of government applicable to it or any of its assets, the relevant Fund Documents or any contractual restriction binding on or affecting the Fund or any of its assets;

(E) Adviser Resignation Event: “Adviser Resignation Event” means the resignation, termination of appointment, or replacement of a Fund’s Fund Adviser;

(F) Fund Modification: “Fund Modification” means any change or modification of the relevant Fund Documents that could reasonably be expected to affect the value of a Fund Interest or the rights or remedies of any holders thereof (in each case, as determined by the Calculation Agent) from those prevailing on the Trade Date or, in respect of a Replacement Fund Interest, the relevant replacement date; or the imposition of any fees or
charges in relation to redemptions, subscriptions or transfers of Fund Interests;

(G) Strategy Breach: "Strategy Breach" means any breach or violation of any strategy or investment guidelines stated in the relevant Fund Documents that is reasonably likely to affect the value of a Fund Interest or the rights or remedies of any holders thereof (in each case, as determined by the Calculation Agent); or any change of the nature of a Fund, including but not limited to the type of investments, the duration, the credit risk and diversification of the investments to which that Fund is exposed, which, in the opinion of the Calculation Agent, results in a material deterioration of the risk profile of that Fund;

(H) Regulatory Action: "Regulatory Action" means (x) the cancellation, suspension or revocation of the registration or approval of a Fund Interest or the related Fund by any governmental, legal or regulatory entity with authority over such Fund Interest or Fund, (y) any change in the legal, tax, accounting, or regulatory treatments of a Fund or its Fund Adviser that is reasonably likely to have an adverse impact on the value of the related Fund Interest or on any investor therein (as determined by the Calculation Agent), or (z) a Fund or any of its Fund Administrator or Fund Adviser becoming subject to investigation, proceeding or litigation by any relevant governmental, legal or regulatory authority involving the alleged violation of applicable law for any activities relating to or resulting from the operation of such Fund, Fund Administrator or Fund Adviser;

(I) Reporting Disruption: "Reporting Disruption" means (x) occurrence of any event affecting a Fund Interest that, in the determination of the Calculation Agent, would make it impossible or impracticable for the Calculation Agent to determine the value of such Fund Interest in respect of a Scheduled Fund Valuation Date or a Scheduled Fund Redemption Valuation Date, and such event continues for at least two consecutive Scheduled Fund Valuation Dates or Scheduled Fund Redemption Valuation Dates, as the case may be or any other Reporting Disruption Period specified in the applicable Issue Terms; (y) any failure of a Fund to deliver, or cause to be delivered, (A) information that such Fund has agreed to deliver, or cause to be delivered to the Calculation Agent, including, but not limited to, information to determine the occurrence of a Fund Event and the annual audited financial report and semi-annual financial report, if any, in relation to the related Fund Interests, or (B) information that has been previously delivered to the Calculation Agent, in accordance with such Fund’s, or its authorised representative's,
normal practice and that the Calculation Agent deems necessary to monitor such Fund’s compliance with any investment guidelines, asset allocation methodologies or any other similar policies relating to the related Fund Interests;

(J) Fund Service Provider Cessation: “Fund Service Provider Cessation” means that one or more Fund Service Provider(s) in respect of a Fund ceases to provide the service as outlined in the relevant Fund Documents prevailing on the Trade Date or, where the related Fund Interest is a Replacement Fund Interest, the relevant replacement date, and any such Fund Service Provider is not immediately replaced by another service provider acceptable to the Calculation Agent;

(K) Fund Administrator Disruption: “Fund Administrator Disruption” means any event or circumstances compromising the independence of a Fund Administrator performing services for a Fund from the relevant Fund Adviser; or

(L) Related Agreement Termination: “Related Agreement Termination” means a Fund or any of its Fund Administrator or Fund Adviser is in breach of or has terminated any existing agreement with the Calculation Agent in respect of, but not limited to, retrocession, dealing fees, liquidity and licensing.

32.02 Following the occurrence of a Fund Event, the Issuer may take the action described in (i) or (ii) below:

(i) require the Calculation Agent to make such determinations and/or adjustments to the Terms and Conditions and/or the applicable Pricing Supplement as it determines in its sole and absolute discretion appropriate to account for the Fund Event, which may include, without limitation:

(a) delaying any calculation, determination or related payment date under the W&C Securities until it determines that no Fund Event exists;

(b) calculating the value of the relevant Fund Interest(s) and/or replacing the relevant Fund Interest(s) (the “Affected Fund Interest”) with one or more replacement fund interests (each a “Replacement Fund Interest”) with a value as determined by the Calculation Agent equal to the Removal Value for the Affected Fund Interest and in a fund which in the determination of the Calculation Agent has similar characteristics, investment objectives and policies to those applicable to the Fund in respect of the Affected Fund Interest immediately prior to the occurrence of the Fund Event; or

(ii) on giving notice to the Holders in accordance with Condition 10, cancel the W&C Securities. If the W&C Securities are so cancelled the Issuer will pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by it which amount shall be the fair market value of a W&C Security or Unit, as the case may be, taking into account the Fund Event, less the cost to Hedging Entity of unwinding any underlying related hedging arrangements, plus (in the
case of Warrants), if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion.

If the Calculation Agent replaces an Affected Fund Interest with a Replacement Fund Interest, such replacement shall take effect on the first reasonably practicable date following the Removal Date for such Affected Fund Interest on which the Calculation Agent determines that a Hypothetical Investor could acquire the Replacement Fund Interest.

Upon the occurrence of a Fund Event, the Issuer shall give notice as soon as reasonably practicable to the Holders in accordance with Condition 10 giving details of the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of such action.

**Fund Potential Adjustment Events**

32.03 “Fund Potential Adjustment Event” means any of the following:

(i) a subdivision, consolidation or recategorization of relevant Fund Interests or a free distribution or dividend of any such Fund Interests to existing holders by way of bonus, capitalization or similar issue;

(ii) a distribution, issue or dividend to existing holders of relevant Fund Interests of (A) such Fund Interests or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the related Fund equally or proportionately with such payments to holders of such Fund Interests or (C) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the related Fund as a result of a spin-off or other similar transaction or (D) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or in other consideration) at less than the prevailing market price as determined by the Calculation Agent;

(iii) an extraordinary dividend as determined by the Calculation Agent;

(iv) a repurchase by a Fund of relevant Fund Interests whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise other than where such repurchase is a redemption of Fund Interests initiated by an investor in such Fund Interests and consistent with the relevant Fund Documents; or

(v) any other event that may have, in the opinion of the Calculation Agent, a diluting, concentrative or other effect on the theoretical value of relevant Fund Interests.

32.04 Following the declaration by a Fund of the terms of any Fund Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Fund Potential Adjustment Event has a diluting, concentrative or other effect on the theoretical value of the relevant Fund Interest and, if so, will make the corresponding adjustment, if any, to any one or more of any of the terms of the Terms and Conditions and/or the applicable Pricing Supplement as the Calculation Agent in its sole and absolute discretion, determines appropriate to account for that diluting, concentrative or other effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends or liquidity relative to the relevant Fund Interest) and determine the effective date of that adjustment.
Upon the making of any such adjustment by the Calculation Agent, the Issuer shall give notice as
soon as reasonably practicable to the Holders in accordance with Condition 10, stating the
adjustment to any of the terms of the Terms and Conditions, and/or the applicable Pricing
Supplement and giving brief details of the Fund Potential Adjustment Event, provided that any
failure to give, or non receipt of, such notice will not affect the validity of any such adjustment.

32.05 Definitions (Funds other than Exchange Traded Funds)

"Averaging Date" means, in respect of an Actual Exercise Date or Redemption Date, as
the case may be, each date specified as an Averaging Date in the applicable Pricing
Supplement.

"Basket of Funds" means a basket composed of the Funds specified in the applicable
Pricing Supplement in the relative Weightings or numbers of Funds specified in the
applicable Pricing Supplement.

"Fund" means, subject to adjustment in accordance with these Conditions, each fund
specified in the applicable Pricing Supplement and related expressions shall be
construed accordingly.

"Fund Administrator" means the fund administrator, manager, trustee or similar person
with the primary administrative responsibilities for a Fund according to the relevant Fund
Documents.

"Fund Adviser" means any person appointed in the role of discretionary investment
manager or non-discretionary investment adviser (including a non-discretionary
investment adviser to a discretionary investment manager or to another non-discretionary
investment adviser).

"Fund Documents" means the constitutive and governing documents, subscription
agreements and other agreements of a Fund specifying the terms and conditions relating
to the related Fund Interest, as amended from time to time.

"Fund Interest" means, subject to adjustment in accordance with these Conditions, each
fund interest specified in the applicable Pricing Supplement and related expressions shall
be construed accordingly.

"Fund Redemption Valuation Date" means, in respect of a Fund Interest, the date as of
which a Fund (or its Fund Service Provider that generally determines such value) would
determine the net asset value of such Fund Interest for purposes of calculating the
redemption proceeds to be paid to a Hypothetical Investor that has submitted a valid and
timely notice for redemption of Fund Interests based on the value determined as of such
date.

"Fund Service Provider" means any person who is appointed to provide services,
directly or indirectly, to a Fund, whether or not specified in the relevant Fund Documents,
including without limitation any Fund Administrator, Fund Adviser, operator, management
company, depositary, custodian, sub-custodian, prime broker, administrator, trustee,
registrar and transfer agent or domiciliary agent.

"Fund Valuation Date" means a date as of which a Fund (or its Fund Service Provider
that generally determines such value) determines the value of the related Fund Interest.
“Hypothetical Investor” means a hypothetical or actual investor (as determined by the Calculation Agent in the context of the relevant situation) in Fund Interests which is deemed to have the benefits and obligations, as provided in the relevant Fund Documents, of an investor holding Fund Interests at the relevant time. The Hypothetical Investor may be deemed by the Calculation Agent to be resident or organised in any jurisdiction, and to be, without limitation, the Issuer, the Calculation Agent or any of their affiliates (as determined by the Calculation Agent in the context of the relevant situation).

“NAV Trigger” means the percentage specified as such in the applicable Pricing Supplement.

“Removal Date” means, in respect of an Affected Fund Interest, the date on which the Calculation Agent determines that a Hypothetical Investor would receive the Removal Value in respect of a redemption or realisation of such Affected Fund Interest effected as soon as reasonably practicable following the occurrence of the relevant Fund Event.

“Removal Value” means, in respect of an Affected Fund Interest, the amount that the Calculation Agent determines a Hypothetical Investor would receive on the redemption or realisation of such Affected Fund Interest at the relevant time, provided that if any such redemption proceeds would comprise non-monetary assets the Removal Value shall include the amount (if any) that the Calculation Agent determines would be received by the Hypothetical Investor in respect of a realisation (in whatsoever manner the Calculation Agent determines appropriate) of such non-monetary assets as soon as reasonably practicable after their receipt.

“Reporting Disruption Period” means the period specified as such in the applicable Pricing Supplement.

“Scheduled Fund Redemption Valuation Date” means the date as of which a Fund (or its Fund Service Provider that generally determine such value) is scheduled, according to the relevant Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Fund to delay or refuse redemption of Fund Interests), to determine the net asset value of the related Fund Interest for purposes of calculating the redemption proceeds to be paid to an investor that has submitted a valid and timely notice for redemption of Fund Interests based on the value determined as of such date.

“Scheduled Fund Valuation Date” means, in respect of a Fund Interest, a date as of which the related Fund (or its Fund Service Provider that generally determines such value) is scheduled, according to the relevant Fund Documents (without giving effect to any gating, deferral, suspension or other provisions permitting the Fund to delay or refuse redemption of Fund Interests), to determine the value of the related Fund Interest or, if the Fund only reports its aggregate net asset value, the date as of which such Fund is scheduled to determine its aggregate net asset value.

“Valuation Date” means each Valuation Date specified in the applicable Pricing Supplement.

“Valuation Time” means the time specified in the applicable Pricing Supplement.

“Weighting” means the weight to be applied to each of the Funds comprising the Basket of Funds, as specified in the applicable Pricing Supplement.
33. **Provisions relating to Exchange Traded Funds**

**Market Disruption**

**33.01** “Market Disruption Event” means, in respect of a Fund Share:

(a) the occurrence or existence at any time during the one hour period that ends at the relevant Valuation Time:

(i) of any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:

(A) relating to the relevant Fund Share on such Exchange; or

(B) relating to securities that comprise 20 percent or more of the level of the relevant Underlying Index or any relevant successor index; or

(C) in futures or options contracts relating to such Fund Shares or the relevant Underlying Index on any relevant Related Exchange, or

(ii) of any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general to (A) effect transactions in, or obtain market values for, the Fund Shares on the Exchange, (B) effect transactions in, or obtain market values for securities that comprise 20 percent or more of the level of the relevant Underlying Index, or (C) to effect transactions in, or obtain market values for, futures or options contracts relating to such Fund Shares or the relevant Underlying Index on any relevant Related Exchange, which in either case the Calculation Agent determines is material; or

(b) the closure on any Exchange Business Day of any relevant Exchange(s) or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange on such Exchange Business Day and (ii) the submission deadline for orders to be entered into such Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

**33.02** For the purpose of determining whether a Market Disruption Event exists in respect of a Fund Share at any time, if an event giving rise to a Market Disruption Event occurs in respect of a security included in the relevant Underlying Index at that time, then the relevant percentage contribution of that security, to the level of the relevant Underlying Index shall be based on a comparison of (i) the portion of the level of the relevant Underlying Index attributable to that security, and (ii) the overall level of the relevant Underlying Index immediately before the occurrence of such Market Disruption Event.
The Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 10 of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been a Valuation Date provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Disrupted Day.

**Potential Adjustment Event**

33.03 “Potential Adjustment Event” means any of the following:

(i) a subdivision, consolidation or reclassification of relevant Fund Shares (unless resulting in a Merger Event or Tender Offer), or a free distribution or dividend of any such Fund Shares to existing holders by way of bonus, capitalisation or similar issue;

(ii) a distribution, issue or dividend to existing holders of the relevant Fund Shares of (A) such Fund Shares or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the ETF equally or proportionately with such payments to holders of such Fund Shares or (C) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the ETF as a result of a spin-off or other similar transaction, or (D) any other type of securities, rights or warrants or other assets in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;

(iii) an extraordinary dividend as determined by the Calculation Agent;

(iv) a call by the ETF in respect of relevant Fund Shares that are not fully paid;

(v) a repurchase by the ETF or any of its subsidiaries of relevant Fund Shares, whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;

(vi) in respect of an ETF, an event that results in any shareholder rights being distributed or becoming separated from Fund Shares of common stock or other shares of the capital stock of the ETF pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value, as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or

(vii) any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Fund Shares.

Following a Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Fund Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the terms of the Terms and Conditions of the W&C Securities and/or the applicable Issue Terms as the Calculation Agent determines appropriate to account for that diluting or concentrative effect and (b) determine the effective date(s) of that adjustment(s). The Calculation Agent may, but need not, determine the appropriate adjustment(s) by reference to the
adjustment(s) in respect of such Potential Adjustment Event made by an options exchange to options on the relevant Fund Shares traded on such options exchange.

Upon the making of any such adjustment, the Calculation Agent shall as soon as is reasonably practicable under the circumstances give notice to the Holders in accordance with Condition 10 stating the adjustment made and giving brief details of the Potential Adjustment Event, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such adjustment.

**De-listing, Insolvency, Material Underlying Event, Merger Date, Merger Event, Nationalisation, Tender Offer**

33.04  “De-listing” means, in respect of any relevant Fund Share, the Exchange announces that pursuant to the rules of such Exchange, such Fund Share ceases (or will cease) to be listed, traded or publicly quoted on such Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on (i) where the Exchange is located in the United States, any of the New York Stock Exchange, the American Stock Exchange or the NASDAQ Global Market or Global Select Market (or their respective successors) or (ii) an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in any member state of the European Union).

If the relevant Fund Shares are immediately re-listed, re-traded or re-quoted on any exchange or quotation system, such exchange or quotation system shall be deemed to be the Exchange in respect of such Fund Shares.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting an ETF, (i) all the Fund Shares of that ETF are required to be transferred to a trustee, liquidator or other similar official or (ii) holders of the Fund Shares of that ETF become legally prohibited from transferring them.

“Material Underlying Event” means any of the following:

(i) the investment objectives and/or policies in respect of the ETF are materially changed;

(ii) an illegality occurs or a relevant authorisation or licence is revoked in respect of the ETF and/or the ETF is required by a competent authority (other than any holder of the Fund Shares) to redeem any Fund Shares;

(iii) there is a change in any relevant jurisdiction in respect of any payments made by the ETF in respect of any Fund Share as a result of which the amounts paid or to be paid by the Hedging Entity in connection with hedging arrangements relating to the W&C Securities are materially reduced or otherwise adversely affected; and/or

(iv) any other event occurs in relation to the ETF and/or the Fund Shares which is materially prejudicial to the Issuer in connection with the issue of the W&C Securities or to the Hedging Entity in connection with any hedging arrangements relating to the W&C Securities,

as determined by the Calculation Agent.
“Merger Date” means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

“Merger Event” means, in respect of any relevant Fund Shares, any (i) reclassification or change of such Fund Shares that results in a transfer of or an irrevocable commitment to transfer all of such Fund Shares outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of the ETF with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such ETF is the continuing entity and which does not result in any such reclassification or change of all such Fund Shares outstanding) or (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Fund Shares of the relevant ETF that results in a transfer of or an irrevocable commitment to transfer all such Fund Shares (other than Fund Shares owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the ETF or its subsidiaries with or into another entity in which the ETF is the continuing entity and which does not result in a reclassification or change of all such Fund Shares outstanding but results in the outstanding Fund Shares (other than Fund Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Fund Shares immediately following such event (a “Reverse Merger”), in each case if the Merger Date is on or before the Valuation Date (or such other date as is specified in the applicable Issue Terms).

“Nationalisation” means that all the Fund Shares or all or substantially all the assets of an ETF are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

“Tender Offer” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding shares, units or interests of the relevant ETF, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

“Tender Offer Date” means, in respect of a Tender Offer, the date on which shares, units or interests in the amount of the applicable percentage threshold are actually purchased or otherwise obtained (as determined by the Calculation Agent).

33.05 If a De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event occurs in relation to any Fund Share, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:

(i) require the Calculation Agent, in its sole and absolute discretion, to determine the appropriate adjustment(s), if any, to be made to any one or more of the terms of the Terms and Conditions and/or the applicable Issue Terms to account for the De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, as the case may be, and determine the effective date(s) of that adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of the De-listing, Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event.
Underlying Event made by any options exchange to options on the relevant Fund Share traded on that options exchange; or

(ii) cancel the W&C Securities by giving notice to Holders in accordance with Condition 10. If the W&C Securities are so cancelled the Issuer will pay an amount to each Holder in respect of each W&C Security, or Unit, as the case may be, held by it which amount shall be the fair market value of a W&C Security, or Unit, as the case may be, taking into account the Merger Event, Tender Offer, De-listing, Nationalisation, Insolvency or Material Underlying Event, as the case may be, together with accrued Additional Amounts (if applicable), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements), plus (in the case of Warrants), if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with Condition 10.

Upon the occurrence of a Merger Event, Tender Offer, De-listing, Nationalisation, Insolvency or Material Underlying Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 10 stating the occurrence of the Merger Event, Tender Offer, Nationalisation, Insolvency or Material Underlying Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be.

33.06 Correction of the Reference Price

In the event that any price or level published by an Exchange which is utilised for any calculation or determination made under the W&C Securities is subsequently corrected, the Calculation Agent will in its sole and absolute discretion adjust the terms of the W&C Securities to account for such correction, provided that such correction is published and made available to the public by the relevant Exchange during a period following original publication equal in duration to the period in which a trade in the Fund Share would customarily settle according to the rules of such Exchange, and further provided, that such publication of such correction is made sufficiently (in the sole and absolute discretion of the Calculation Agent) in advance of the Redemption Date, the Settlement Date or the Specified Additional Amount Payment Date, as the case may be, to make such adjustment prior to such relevant date.

Additional Disruption Events

33.07 (a) “Additional Disruption Event” means any of Change in Law, Hedging Disruption, Insolvency Filing and/or Increased Cost of Hedging, in each case if specified in the applicable Issue Terms.

“Change in Law” means that, on or after the Trade Date (i) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (ii) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (A) it has become illegal to hold, acquire or dispose of any relevant Fund Share or (B) the Issuer will incur a materially increased cost in
performing its obligations in relation to the Fund Linked W&C Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of the Issuer and/or the Hedging Entity).

“Hedging Disruption” means that the Hedging Entity is unable, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Fund Linked W&C Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

“Increased Cost of Hedging” means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Fund Linked W&C Securities, or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or the Hedging Entity shall not be deemed an Increased Cost of Hedging.

“Insolvency Filing” means that the ETF institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors’ rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the ETF shall not be deemed an Insolvency Filing.

(b) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:

(i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other Terms and Conditions and/or the applicable Issue Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or

(ii) give notice to the Holders in accordance with Condition 10 and cancel the W&C Securities. If the W&C Securities are so cancelled the Issuer will pay an amount to each Holder in respect of each W&C Security or Unit, as the case may be, held by it which amount shall be the fair market value of a W&C Security or a Unit, as the case may be, held by it which amount shall be the fair market value of a W&C Security or a Unit, as the case may be, taking into account the Additional Disruption Event, together with accrued Additional Amounts (if applicable), less the cost to the Hedging Entity of unwinding any underlying related hedging arrangements (including any cost of funding in respect of such hedging arrangements), plus (in the case of Warrants), if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made
in such manner as shall be notified to the Holders in accordance with Condition 10.

(c) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 10, stating the occurrence of the Additional Disruption Event giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event.

33.08 Definitions (Exchange Traded Funds)

“Averaging Date” means each date specified as an Averaging Date in the applicable Issue Terms provided that if such date is not a Scheduled Trading Day, the Averaging Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If any Averaging Date is a Disrupted Day, then:

(i) if ‘Omission’ is specified in the applicable Issue Terms, such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Reference Price. If through the operation of this provision, no Averaging Date would occur with respect to the relevant Valuation Date, then for the purposes of determining the Reference Price on the final Averaging Date, such Averaging Date shall be deemed to be a Valuation Date that was a Disrupted Day;

(ii) if ‘Postponement’ is specified in the applicable Issue Terms then, for purposes of determining the Reference Price, such Averaging Date shall be deemed to be a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date for the Fund Linked W&C Securities; or

(iii) if ‘Modified Postponement’ is specified in the applicable Issue Terms, then:

(A) where the W&C Securities relate to a single Fund Share, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day for the Fund Share shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) and (ii) the Calculation Agent shall determine the Reference Price for that Averaging Date in accordance with sub paragraph (i)(B) of the definition of “Valuation Date” below; or

(B) where the W&C Securities relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Averaging Date for each Fund Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date, and the Averaging Date for each Fund Share affected by the occurrence
of a Disrupted Day (each an “Affected Fund Share”) shall be the first succeeding Valid Date in relation to such Affected Fund Share. If the first succeeding Valid Date in relation to such Affected Fund Share has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day for such Fund Share shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in respect of the Affected Fund Share and (ii) the Calculation Agent shall determine the Reference Price of the Affected Fund Share for that Averaging Date in accordance with sub paragraph (ii)(B) of the definition of “Valuation Date” below; or

(C) where the W&C Securities relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Averaging Date for each Fund Share shall be the first succeeding Common Valid Date. If the first succeeding Common Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date, that, but for occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (i) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) and (ii) the Calculation Agent shall determine the relevant Reference Price for each Fund Share for that Averaging Date in accordance with sub-paragraph (iii)(B)(x) or (y), as applicable of the definition of “Valuation Date” below; and

(D) “Valid Date” shall mean a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date in respect of the relevant Valuation Date does not or is not deemed to occur, and “Common Valid Date” shall mean a Scheduled Trading Day that is not a Disrupted Day for any Fund Share comprised in the Basket of Fund Shares and on which another Averaging Date does not or is deemed not to occur.

“Basket of Fund Shares” means a basket composed of the Fund Shares specified in the applicable Issue Terms in the relative Weightings or numbers of Fund Shares specified in the applicable Issue Terms.

“Closing Price” means the official closing price of the Fund share on the relevant Exchange.

“Disrupted Day” means any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.
“ETF” means any fund which is an exchange traded fund as specified in the applicable Issue Terms, or if not so specified, any fund which the Calculation Agent determines to be an exchange traded fund.

“Exchange” means, in relation to a Fund Share, the exchange or principal trading market for such ETF specified in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Fund Shares in respect of such ETF has temporarily relocated.

“Exchange Business Day” means any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

“Fund Share” means a share of each ETF, and references to “holder of Fund Shares” and “Fund Shareholder” shall be construed accordingly.

“Initial Price” means the price specified as such in the applicable Issue Terms.

“Intraday Price” means the price of a Fund Share observed by the Calculation Agent at any time during the regular trading session hours of the relevant Exchange, without regard to after hours or any other trading outside of the regular trading session hours.

“Observation Date(s)” means each date specified as such in the applicable Issue Terms provided that, if such date is not a Scheduled Trading Day, the Observation Date shall be the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

(i) where the W&C Securities relate to a single Fund Share, the Observation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day. In that case, (i) the eighth Scheduled Trading Day for such Fund Share shall be deemed to be the Observation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent, shall, where practicable in the case of Exempt W&C Securities, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Price in accordance with its good faith estimate of the value of the Fund Share as of the Valuation Time on that eighth Scheduled Trading Day; or

(ii) where the W&C Securities relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Observation Date for each Fund Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Observation Date, and the Observation Date for each Fund Share affected by the occurrence of a Disrupted Day (each an “Affected Fund Share”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Fund Share unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day relating to the Affected Fund Share. In that case, (i) the eighth Scheduled Trading Day shall be deemed to be the Observation Date for
the Affected Fund Share, notwithstanding the fact that such day is a Disrupted Day and (ii) the Calculation Agent shall where practicable in the case of Exempt W&C Securities, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Price in accordance with its good faith estimate of the value of the Affected Fund Share as of the Valuation Time on that eighth Scheduled Trading Day; or

(iii) where the W&C Securities relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Observation Date for each Fund Share shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day for any Fund Share, unless each of the eight Scheduled Trading Days immediately following the Scheduled Observation Date is a Disrupted Day relating to any Fund Share. In that case, (A) the eighth Scheduled Trading Day shall be deemed to be the Observation Date for each Fund Share (notwithstanding the fact that such day is a Disrupted Day in respect of one or more Fund Shares (each an “Affected Fund Share”)); and (B) the Calculation Agent shall determine the Reference Price using (x) in relation to each Fund Share other than an Affected Fund Share, its price as provided in paragraph (ii) of the definition of Reference Price; and (y) in relation to each Affected Fund Share, its price as determined, in the case of Exempt W&C Securities, in the manner set out in the applicable Pricing Supplement, or if not set out or if not practicable in the case of Exempt W&C Securities, as its good faith estimate of the value of the Affected Fund Share as of the Valuation Time on that eighth Scheduled Trading Day.

“Observation Period” means the period specified as such in the applicable Issue Terms.

“Reference Price” means, unless in the case of an Exempt W&C Security otherwise specified in the applicable Pricing Supplement, in respect of a Valuation Date, Observation Date or Averaging Date:

(i) where the W&C Securities relate to a single Fund Share, an amount equal to the Specified Price on the relevant date (or the price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) of the Fund Share quoted on the relevant Exchange as determined by or on behalf of the Calculation Agent (or if, in the opinion of the Calculation Agent, no such Specified Price (or, as the case may be, price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) can be determined at such time, unless the relevant date is a Disrupted Day, the Calculation Agent’s good faith estimate of the value of the Fund Share as at the Valuation Time on the relevant date) or as otherwise determined by the Calculation Agent subject to the provisions of this Condition 33. The amount determined pursuant to the foregoing shall be converted, if Exchange Rate is specified as applicable in the applicable Issue Terms, into the Specified Currency at the Exchange Rate and such converted amount shall be the Reference Price; and
(ii) where the W&C Securities relate to a Basket of Fund Shares, an amount equal to the sum of the values calculated for each Fund Share as the Specified Price (or the price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) of the Fund Share quoted on the relevant Exchange as determined by or on behalf of the Calculation Agent (or if, in the opinion of the Calculation Agent, no such Specified Price (or price at the Valuation Time on the relevant date, if a Valuation Time is specified in the applicable Issue Terms) can be determined at such time, unless the relevant date is a Disrupted Day, the Calculation Agent’s good faith estimate of the value of the Fund Share at the Valuation Time on the relevant date), or as otherwise determined by the Calculation Agent subject to the provisions of this Condition 33, multiplied by the relevant Weighting. Each amount determined pursuant to the foregoing shall be converted, if the Exchange Rate is specified as applicable in the applicable Issue Terms, into the Specified Currency at the Exchange Rate and the sum of such converted amounts shall be the Reference Price.

“Related Exchange” means, in relation to a Fund Share, each exchange or principal trading market specified as such for such Fund Share in the applicable Issue Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Fund Shares in respect of such Fund Share has temporarily relocated (provided the Calculation Agent has determined that there is comparable liquidity relative to such Fund Shares on such temporary substitute exchange or quotation system as on the original Related Exchange), provided however, that where “All Exchanges” is specified as the Related Exchange in the applicable Issue Terms, “Related Exchange” shall mean each exchange or principal trading market where trading has a material effect (as determined by the Calculation Agent) on the overall market for such Fund Shares.

“Scheduled Averaging Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Averaging Date.

“Scheduled Closing Time” means, in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“Scheduled Observation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Observation Date.

“Scheduled Trading Day” means any day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.

“Specified Price” means the Closing Price or the Intraday Price, as specified in the applicable Issue Terms.

“Trade Date” means the date specified as such in the applicable Issue Terms.

“Underlying Index” means the underlying index specified in the applicable Issue Terms.

“Valuation Date” means each date specified as such in the applicable Issue Terms or if such date is not a Scheduled Trading Day, the immediately succeeding Scheduled Trading Day
unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

(i) where the W&C Securities relate to a single Fund Share, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, (A) the eighth Scheduled Trading Day for the Fund Share shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and (B) the Calculation Agent shall, where practicable in the case of Exempt W&C Securities, determine the Reference Price in the manner set out in the applicable Pricing Supplement or, if not set out or not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Price in accordance with its good faith estimate of the value of the Fund Share as of the Valuation Time on that eighth Scheduled Trading Day;

(ii) where the W&C Securities relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is not applicable, the Valuation Date for each Fund Share not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Fund Share affected by the occurrence of a Disrupted Day (each an “Affected Fund Share”) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Fund Share unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Fund Share. In that case, (A) the eighth Scheduled Trading Day for the Affected Fund Share shall be deemed to be the Valuation Date for the Affected Fund Share, notwithstanding the fact that such day is a Disrupted Day and (B) the Calculation Agent shall where practicable in the case of Exempt W&C Securities, determine the Reference Price using, in relation to the Affected Fund Share, a price determined in the manner set out in the applicable Pricing Supplement or, if not set out or if not so practicable or in the case of Non-Exempt W&C Securities, determine the Reference Price in accordance with its good faith estimate of the value of the Affected Fund Share as of the Valuation Time on that eighth Scheduled Trading Day; or

(iii) where the W&C Securities relate to a Basket of Fund Shares and the applicable Issue Terms provide that “Common Disrupted Days” is applicable, the Valuation Date for each Fund Share shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day for any Fund Share, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to any Fund Share. In that case, (A) the eighth Scheduled Trading Day shall be deemed to be the Valuation Date for each Fund Share (notwithstanding the fact that such day is a Disrupted Day in respect of one or more Fund Shares (each an “Affected Fund Share”)); and (B) the Calculation Agent shall determine the Reference Price using (x) in relation to each Fund Share other than an Affected Fund Share, its price as provided in paragraph (ii) of the definition of Reference Price; and (y) in relation to each
Affected Fund Share, its price as determined, in the case of Exempt W&C Securities, in the manner set out in the applicable Pricing Supplement, or if not set out or if not practicable or in the case of Non-Exempt W&C Securities, as its good faith estimate of the value of the Affected Fund Share as of the Valuation Time on that eighth Scheduled Trading Day.

"Valuation Time" means:

(i) the Valuation Time specified in the applicable Issue Terms or, if no Valuation Time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date in relation to each Fund Share to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time; or

(ii) where the Specified Price is the Intraday Price, each relevant time at which the Reference Price is determined.

"Weighting" means the weight to be applied to each of the Fund Shares comprising the Basket of Fund Shares, as specified in the applicable Issue Terms.

34. Commodity Linked W&C Securities

If the W&C Securities are specified as Commodity Linked W&C Securities in the applicable Issue Terms, then the provisions of this Condition 34 shall apply.

34.01 Market Disruption Event and Disruption Fallback

If, in the opinion of the Calculation Agent, a Market Disruption Event (as defined below) has occurred and is continuing on the Pricing Date (or, if different, the day on which the price for the Pricing Date would, in the ordinary course, be published by the Price Source), the Relevant Price (or method for determining the Relevant Price) for the Pricing Date will be determined by the Calculation Agent in accordance with the first applicable Disruption Fallback (as set out below) that provides a Relevant Price:

(a) Market Disruption Event

"Market Disruption Event" means the occurrence of any of the following events:

(i) with respect to all Commodities:

(A) Price Source Disruption;

(B) Commodity Trading Disruption;

(C) Disappearance of Commodity Reference Price; and

(D) in the case of an Exempt W&C Security, any additional Market Disruption Events specified in the applicable Pricing Supplement; and
(ii) with respect to all Commodities other than gold, silver, platinum or palladium:

(A) Material Change in Formula;

(B) Material Change in Content; and

(C) in the case of an Exempt W&C Security, any additional Market Disruption Events specified in the applicable Pricing Supplement; and

(iii) with respect to a Commodity Index:

(A) a temporary or permanent failure by the applicable exchange or other price source to announce or publish (x) the Commodity Reference Price (provided that the Calculation Agent may, in its sole and absolute discretion, determine that such failure shall not be a Market Disruption Event and (i) shall fall within paragraph (i) of the proviso to the definition of Price Source in Condition 34.06, or (ii) shall be an Index Adjustment Event in respect of such Commodity Index) or (y) the closing price for any futures contract included in the Commodity Index;

(B) a material limitation, suspension or disruption of trading in one or more of the futures contracts included in the Commodity Index which results in a failure by the exchange on which each applicable futures contract is traded to report a closing price for such contract on the day on which such event occurs or any succeeding day on which it continues; or

(C) the closing price for any futures contract included in the Commodity Index is a “limit price”, which means that the closing price for such contract for a day has increased or decreased from the previous day’s closing price by the maximum amount permitted under applicable exchange rules.

(iv) Disruption Fallback

“Disruption Fallback” means a source or method that may give rise to an alternative basis for determining the Relevant Price in respect of a specified Commodity Reference Price when a Market Disruption Event occurs or exists on a day that is a Pricing Date in respect of the W&C Securities. A Disruption Fallback is applicable if it is specified in the applicable Issue Terms or, if no Disruption Fallback is specified in the applicable Issue Terms, shall mean:

(A) with respect to a relevant Commodity (in the following order):

   I. Fallback Reference Price (if applicable);

   II. Delayed Publication or Announcement and Postponement (each to operate concurrently with the other and each subject to a period of two consecutive Commodity Business Days (measured from and including the original day that would otherwise have been the Pricing Date)) provided, however, that the price
determined by Postponement shall be the Relevant Price only if Delayed Publication or Announcement does not yield a Relevant Price within those two consecutive Commodity Business Days; and

III. Calculation Agent Determination;

(B) with respect to a Commodity Index the Calculation Agent shall determine the Relevant Price:

(a) using:

(i) with respect to each futures contract included in the Commodity Index which is not affected by the Market Disruption Event, the closing prices of each such contract on the applicable determination date; and

(ii) with respect to each futures contract included in the Commodity Index which is affected by the Market Disruption Event, the closing prices of each such contract on the first day following the applicable determination date on which no Market Disruption Event is occurring with respect to such contract; or

(b) in the case of an Exempt W&C Security, as specified in the applicable Pricing Supplement.

Subject as provided below, the Calculation Agent shall determine the Relevant Price by reference to the closing prices determined in (a)(i) and (a)(ii) above or as provided in (b) above using the then current method for calculating the Commodity Reference Price.

Where a Market Disruption Event with respect to one or more futures contracts included in the Commodity Index has occurred on an applicable determination date and continues to exist as of the relevant Commodity Index Cut-Off Date for such applicable determination date, the Calculation Agent shall determine the Relevant Price on such Commodity Index Cut-Off Date. In calculating the Relevant Price as set out herein, the Calculation Agent shall use the formula for calculating the Commodity Reference Price last in effect prior to the Market Disruption Event.

34.02 Adjustments to a Commodity Index

(a) Successor Index Sponsor Calculates and Reports a Commodity Index

If a relevant Commodity Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the "Successor Index Sponsor") acceptable to the Issuer, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and
method of calculation as used in the calculation of that Commodity Index, then in each case that index (the “Successor Index”) will be deemed to be the Commodity Index.

(b) Modification and Cessation of Calculation of a Commodity Index

If on or prior to a Pricing Date (i) the relevant Index Sponsor makes a material change in the formula for or the method of calculating a relevant Commodity Index or in any other way materially modifies that Commodity Index (other than a modification prescribed in that formula or method to maintain that Commodity Index in the event of changes in constituent commodities and weightings and other routine events), or (ii) the Index Sponsor permanently cancels a relevant Commodity Index or (iii) the Index Sponsor fails to calculate and announce a relevant Commodity Index and there is no Successor Index Sponsor or Successor Index then the Calculation Agent may at its option (in the case of (i)) and shall (in the case of (ii) and (iii)) (such events (i) (ii) and (iii) to be collectively referred to as “Index Adjustment Events”) (provided that the Calculation Agent may, in its sole and absolute discretion, determine that event (iii) shall not be an Index Adjustment Event but (y) shall fall within paragraph (i) of the proviso to the definition of Price Source specified in Condition 34.06, or (z) shall be a Market Disruption Event in respect of such Commodity Index) calculate the Relevant Price using in lieu of the published level for that Commodity Index, the level for that Commodity Index as at the relevant determination date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Commodity Index last in effect prior to the relevant Index Adjustment Event, but using only those futures contracts that comprised that Commodity Index immediately prior to the relevant Index Adjustment Event (other than those futures contracts that have ceased to be listed on any relevant exchange).

34.03 Correction to Published Prices

For purposes of determining or calculating the Relevant Price, if the price published or announced on a given day and used or to be used by the Calculation Agent to determine a Relevant Price is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within 30 calendar days after the original publication or announcement (or, if earlier, the day falling two Commodity Business Days preceding the date on which payment of any amount or delivery of any amount of assets to be calculated by reference to such Relevant Price), the Calculation Agent may, in its sole discretion, use such corrected price in such calculation.

34.04 Common Pricing

If with respect to Commodity Linked W&C Securities relating to a Basket of Commodities, “Common Pricing” is specified in the applicable Issue Terms as:

(i) “Applicable” then, no date will be a Pricing Date unless such date is a day on which all referenced Commodity Reference Prices (for which such date would otherwise be a Pricing Date) are scheduled to be published or announced, as determined on the Trade Date of the Securities; or

(ii) “Not Applicable” then, if the Calculation Agent determines that a Market Disruption Event has occurred or exists on the Pricing Date in respect of any relevant Commodity and/or Commodity Index (each an “Affected Commodity”), the Relevant Price of each
Commodity and/or Commodity Index within the basket which is not affected by the occurrence of a Market Disruption Event shall be determined on its scheduled Pricing Date and the Relevant Price for each Affected Commodity shall be determined in accordance with the first applicable Disruption Fallback that provides a Relevant Price.

All determinations made by the Calculation Agent pursuant to this condition will be conclusive and binding on the Holders and the Issuer, except in the case of manifest error.

34.05 Commodity Reference Prices

Subject to this Condition 34, for purposes of determining the Relevant Price for a Commodity or Commodity Index:

Agricultural products:

(a) Cocoa

“COCOA-NYBOT” means that the price for a Pricing Date will be that day's Specified Price per metric ton of deliverable grade cocoa beans on NYBOT of the First Nearby Month Cocoa Futures Contract or if the Pricing Date falls on or after the second Commodity Business Day immediately preceding the First Notice Date, the Second Nearby Month Cocoa Futures Contract stated in U.S. Dollars, as made public by NYBOT and displayed on the Price Source on that Pricing Date.

35.01 Definitions applicable to Currency Linked W&C Securities

“Averaging Date” means each date specified as an Averaging Date in the applicable Issue Terms.

“Currency Price” means, in relation to each W&C Security or, in the case of Exercisable Certificates or Warrants, if Units are specified in the applicable Issue Terms, each Unit, as the case may be, in the case of an Exempt W&C Security, the Currency Price specified in the applicable Pricing Supplement, or if not so specified in the applicable Pricing Supplement or in the case of a Non-Exempt W&C Security:

(i) in the case of Currency Linked W&C Securities relating to a Basket of Subject Currencies, an amount equal to the sum of the values calculated for each Subject Currency as the spot rate of exchange appearing on the FX Price Source at the Valuation Time on (A) if Averaging is not specified in the applicable Issue Terms, the Valuation Date or (B) if Averaging is specified in the applicable Issue Terms, an Averaging Date, for the exchange of such Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Base Currency for which one unit of the Subject Currency can be exchanged), multiplied by the relevant Weighting; and

(ii) in the case of Currency Linked W&C Securities relating to a single Subject Currency, an amount equal to the spot rate of exchange appearing on the FX Price Source at the Valuation Time on (A) if Averaging is not specified in the applicable Issue Terms, the Valuation Date or (B) if Averaging is specified in the applicable Issue Terms, an Averaging Date, for the exchange of such Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Base Currency for which one unit of the Subject Currency can be exchanged), multiplied by the relevant Weighting; and
units) of the Base Currency for which one unit of the Subject Currency can be exchanged).

“FX Business Day” means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits), or but for the occurrence of a FX Market Disruption Event would have settled payments and been open for general business in each of the Specified Financial Centres specified in the applicable Issue Terms.

“FX Disrupted Day” means any FX Business Day on which a FX Market Disruption Event occurs.

“FX Market Disruption Event” means the occurrence or existence, as determined by the Calculation Agent in its sole and absolute discretion, of any FX Price Source Disruption, any FX Trading Suspension or Limitation and/or any Inconvertibility Event, in each case if specified in the applicable Issue Terms, and/or, in the case of an Exempt W&C Security, any other event specified as applicable in the applicable Pricing Supplement.

“FX Price Source(s)” means, in respect of a Subject Currency, the price source(s) specified in the applicable Issue Terms for such Subject Currency or if the relevant rate is not published or announced by such FX Price Source at the relevant time, the successor or alternative price source or page/publication for the relevant rate as determined by the Calculation Agent in its sole and absolute discretion.

“FX Price Source Disruption” means it becomes impossible or otherwise impracticable to obtain and/or execute the relevant rate(s) required to calculate the Currency Price on the Averaging Date or Valuation Date or, if different, the day on which rates for that Averaging Date or Valuation Date, as the case may be, would in the ordinary course be published or announced by the relevant FX Price Source.

“FX Trading Suspension or Limitation” means the suspension of and/or limitation of trading in the currencies required to calculate the relevant Currency Price in the Interbank Market provided that such suspension or limitation of trading is material in the opinion of the Calculation Agent.

“Inconvertibility Event” means the occurrence, as determined by the Calculation Agent in its sole and absolute discretion, of any action, event or circumstance whatsoever which, from a legal or practical perspective:

(i) has the direct or indirect effect of hindering, limiting or restricting (i) the convertibility of the relevant Subject Currency into the Base Currency, or (ii) the transfer of the Subject Currency or the Base Currency to countries other than the countries for which the Subject Currency or the Base Currency, as the case may be, is the lawful currency (including without limitation, by way of any delays, increased costs or discriminatory rates of exchange or any current or future restrictions on the repatriation of the Base Currency into the Subject Currency); and
(ii) results in the unavailability of any relevant Base Currency or Subject Currency in the interbank foreign exchange market in any Specified Financial Centre(s) in accordance with normal commercial practice.

"Interbank Market" means the over-the-counter foreign exchange spot market open continuously from and including 5.00 a.m. Sydney time on a Monday in any week to and including 5.00 p.m. New York time on the Friday of such week.

"Observation Period" means the period specified as such in the applicable Issue Terms.

"Specified Financial Centre(s)" means the financial centre(s) specified in the applicable Issue Terms.

"Scheduled Valuation Date" means any original date, that but for the occurrence of an event causing an FX Disrupted Day, would have been a Valuation Date.

"Valuation Cut-Off Date" means the Valuation Cut-Off Date specified in the applicable Issue Terms.

"Valuation Date" means each date specified as such in the applicable Issue Terms or if that is not FX Business Day the first FX Business Day thereafter unless, in the opinion of the Calculation Agent such day is an FX Disrupted Day. If such day is an FX Disrupted Day, then:

(i) where the Currency Linked W&C Securities relate to a single Subject Currency, the Valuation Date shall be the first succeeding FX Business Day that is not an FX Disrupted Day, unless each of the FX Business Days up to and including the Valuation Cut-Off Date is an FX Disrupted Day. In that case, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date (notwithstanding the fact that such day is an FX Disrupted Day) and (ii) the Calculation Agent shall, in the case of Exempt W&C Securities, determine the relevant price in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable or in the case of Non-Exempt W&C Securities, determine the relevant price in accordance with its good faith estimate of the relevant price as of the Valuation Time on the Valuation Cut-Off Date; or

(ii) where the Currency Linked W&C Securities relate to a Basket of Subject Currencies, the Valuation Date for each Subject Currency not affected by the occurrence of an FX Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Subject Currency affected (each an "Affected Subject Currency") by the occurrence of an FX Disrupted Day shall be the first succeeding FX Business Day that is not an FX Disrupted Day relating to the Affected Subject Currency, unless each of the FX Business Days immediately following the Scheduled Valuation Date up to and including the Valuation Cut-Off Date is an FX Disrupted Day relating to the Affected Subject Currency. In that case, (i) the Valuation Cut-Off Date shall be deemed to be the Valuation Date for the Affected Subject Currency (notwithstanding the fact that such day is an FX Disrupted Day).
Disrupted Day) and (ii) the Calculation Agent shall, in the case of Exempt W&C Securities determine the relevant price using, in relation to the Affected Subject Currency, a price determined in the manner set out in the applicable Pricing Supplement or, if not set out or if not practicable or in the case of Non-Exempt W&C Securities, using its good faith estimate of the price for the Affected Subject Currency as of the Valuation Time on the Valuation Cut-Off Date, and otherwise in accordance with the above provisions.

“Valuation Time” means:

(i) the Valuation Time specified in the applicable Issue Terms; or

(ii) if Intraday Price is specified as applicable in the applicable Issue Terms, each relevant time at which the Currency Price is determined.

² Include in the case of a private placement in Switzerland.
³ Include in the case of W&C Securities offered in Switzerland.
PART A – CONTRACTUAL TERMS

This document constitutes the Pricing Supplement for the W&C Securities described herein. This document must be read in conjunction with the Structured Securities Base Prospectus dated June 24, 2013 [as supplemented by the supplement[s] dated [●]] (the “Base Prospectus”). Full information on the Issuer and the offer of the W&C Securities is only available on the basis of the combination of this Pricing Supplement and the Base Prospectus. Copies of the Base Prospectus may be obtained from [the offices of the Issuer, Royal Bank Plaza, 200 Bay Street, 8th Floor, South Tower, Toronto, Ontario, Canada and the offices of the Issuing and Paying Agent, One Canada Square, London E14 5AL, England].

[Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the “Conditions”) set forth in the Base Prospectus dated [original date].] 4

[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or sub-paragraphs. Italics denote guidance for completing the Pricing Supplement.]

[By investing in the W&C Securities each investor represents that:

(a) Non-Reliance. It is acting for its own account, and it has made its own independent decisions to invest in the W&C Securities and as to whether the investment in the W&C Securities is appropriate or proper for it based upon its own judgement and upon advice from such advisers as it has deemed necessary. It is not relying on any communication (written or oral) of the Issuer or any Dealer as investment advice or as a recommendation to invest in the W&C Securities, it being understood that information and explanations related to the terms and conditions of the W&C Securities shall not be considered to be investment advice or a recommendation to invest in the W&C Securities. No communication (written or oral) received from the Issuer or any Dealer shall be deemed to be an assurance or guarantee as to the expected results of the investment in the W&C Securities.

(b) Assessment and Understanding. It is capable of assessing the merits of and understanding (on its own behalf or through independent professional advice), and understands and accepts the terms and conditions and the risks of the investment in the W&C Securities. It is also capable of assuming, and assumes, the risks of the investment in the W&C Securities.

(c) Status of Parties. Neither the Issuer nor any Dealer is acting as fiduciary for or adviser to it in respect of the investment in the W&C Securities.]

DESCRIPTION OF THE PREFERENCE SHARE ISSUER AND THE PREFERENCE SHARES

The following is a summary description of the Preference Share Issuer and the Preference Shares.

The Preference Share Issuer

RBC GELP (UK) Limited (the "Preference Share Issuer" or "RBC GELP") is a private company limited by shares and was incorporated under the Companies Act 2006 on 10 October 2012 (with registered number 7804433). RBC GELP is governed by the laws of England and Wales and has its registered office at Riverbank House, 2 Swan Lane, London EC4R 3BF, United Kingdom.

The sole business activity of RBC GELP is to issue redeemable preference shares. Accordingly, RBC GELP does not have any trading assets and does not generate any significant net income.

A copy of RBC GELP's constitutional documents and the Preference Share terms and conditions are available (free of charge) from the registered office of RBC GELP at Riverbank House, 2 Swan Lane, London EC4R 3BF, United Kingdom.

The Preference Shares

The Preference Share Issuer will from time to time issue tranches of 100 redeemable preferred shares (the "Preference Shares") with a par value of £0.01 each. The Preference Shares will be issued fully paid to Royal Bank of Canada and at a premium of £0.99, for total consideration of £1.00 each.

The Preference Share Issuer may issue redeemable preference shares of any kind, including but not limited to preference shares linked to a specified index or basket of indices, share or basket of shares, currency or basket of currencies, debt instrument or basket of debt instruments, commodity or basket of commodities, fund unit or share or basket of fund units or shares or to such other underlying instruments, bases of reference or factors (each a "Preference Share Underlying") and on such terms as may be determined by the Preference Share Issuer and specified in the applicable terms and conditions of the relevant series of preference shares (the "Preference Share Terms"). The Preference Share Terms, and any non-contractual obligations arising out of or in connection with the Preference Share Terms and any non-contractual obligations arising out of or in connection with them, are governed by and construed in accordance with English law.

The Preference Share Terms provide that the Preference Shares will be redeemable on their final redemption date (or otherwise in accordance with the Preference Share Terms). On redemption, the Preference Shares will carry preferred rights to receive an amount calculated by reference to the performance of the Preference Share Underlying.

The Preference Share Terms also provide that the Preference Share Issuer may redeem the Preference Shares early if:

(a) the calculation agent in respect of the Preference Shares determines that for reasons beyond the Preference Share Issuer's control, the performance of the Preference Share Issuer's obligations under the Preference Shares has become illegal or impractical in whole or in part for any reason; or
(b) any event occurs in respect of which the provisions of the Preference Share Terms relating to any adjustment, delay, modification, cancellation or determination in relation to the Preference Share Underlying, the valuation procedure for the Preference Share Underlying or the Preference Shares provide that the Preference Shares may be redeemed; or

(c) a change in applicable law or regulation occurs that in the determination of the Preference Share Calculation Agent results, or will result, by reason of the Preference Shares being outstanding, in the Preference Share Issuer being required to be regulated by any additional regulatory authority, or being subject to any additional legal requirement or regulation or tax considered by the Preference Share Issuer to be onerous to it; or

(d) the Preference Share Issuer is notified that the Preference Share Linked Notes have become subject to early redemption.

The value of the Preference Shares will be published on each Business Day on the Bloomberg service on page RBPB.

*The Preference Share Underlying*

The performance of the Preference Shares depends on the performance of the Preference Share Underlying to which the relevant Preference Shares are linked.

Investors should review the Preference Share Terms and the Preference Share Issuer's constitutional documents and consult with their own professional advisers if they consider it necessary.
TAXATION

Canadian Taxation

The following summary describes the principal Canadian federal withholding tax considerations under the Income Tax Act (Canada) (the “Act”) and Income Tax Regulations (the “Regulations”) generally applicable to a holder of Securities who acquires such Securities pursuant to the Base Prospectus, and who, for the purposes of the Act and at all relevant times: (i) is not resident and is not deemed to be resident in Canada, (ii) deals at arm’s length with the Issuer and any Canadian resident (or deemed Canadian resident) to whom the holder assigns or otherwise transfers the Securities, (iii) does not use or hold and is not deemed to use or hold Securities in or in the course of carrying on a business in Canada, (iv) is entitled to receive all payments (including any interest, principal and Additional Amounts) made on the Securities, (v) is not, and deals at arm’s length with each person who is, a “specified shareholder” (as defined in subsection 18(5) of the Act) of the Issuer; and (vi) is not an insurer carrying on an insurance business in Canada and elsewhere (a “Non-resident Holder”).

This summary is based upon the provisions of the Act and the Regulations in force on the date hereof, proposed amendments to the Act and the Regulations in a form publicly announced prior to the date hereof by or on behalf of the Minister of Finance (Canada) (included for this purpose in the reference to the Act and Regulations) and the current administrative policies and assessing practices published in writing by the Canada Revenue Agency. This summary assumes that such proposed amendments will be enacted as currently proposed but no assurance can be given that this will be the case. This summary does not take into account or anticipate any other changes in law, whether by legislative, governmental or judicial action or interpretation, nor does it take into account provincial, territorial or foreign income tax legislation. Subsequent developments could have a material effect on the following description.

It is the intention of the Issuer that the terms and conditions of any Security, and in particular, any Reference Item(s) in respect of such Security, will not cause the Security to be “taxable Canadian property” (within the meaning of the Act). On this basis, this summary assumes that the Securities issued pursuant to this Base Prospectus will not be taxable Canadian property for Canadian federal income tax purposes. Non-resident Holders should consult their own tax advisors to determine whether a particular Security will be taxable Canadian property in their particular circumstances and to determine their Canadian federal income tax obligations in this regard.

This summary is of a general nature only, and is not intended to be, nor should it be considered to be, legal or tax advice to any particular person including any Non-resident Holder. This summary describes only the Canadian federal withholding tax considerations associated with a Non-resident Holder acquiring, holding and disposing of a Security and does not describe any other Canadian federal income tax considerations which may be relevant to a prospective investor’s decision to acquire Securities pursuant to the Base Prospectus. In particular, this summary does not describe the Canadian federal income tax considerations (including withholding tax) associated with holding or disposing of any property acquired on the repayment of, in satisfaction of, or on the exercise of, a Security.
Prospective investors, including Non-resident Holders, should therefore consult their own legal and/or tax advisers with respect to their particular circumstances.

The Canadian federal withholding tax considerations applicable to Securities may be described more particularly, when such Securities are offered (and then only to the extent that they differ materially from the summary contained herein), in the Drawdown Prospectus or, in the case of Exempt Securities, in the Pricing Supplement, as appropriate, related thereto. In the event the Canadian federal income tax considerations are described in the Drawdown Prospectus or, in the case of Exempt Securities, in the Pricing Supplement, as appropriate, the following description will be superseded by the description in such document to the extent indicated therein.

Notes

Interest paid or credited or deemed to be paid or credited on a Note (including amounts on account or in lieu of payment of, or in satisfaction of, interest, any amount paid at maturity in excess of the principal amount and interest deemed to be paid on the Note in certain cases involving the assignment or other transfer of the Note to a resident or deemed resident of Canada) to a Non-resident Holder will not be subject to Canadian non-resident withholding tax unless all or any portion of such interest (other than on a “prescribed obligation” described below) is contingent or dependent on the use of or production from property in Canada or is computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class or series of shares of the capital stock of a corporation (“Participating Debt Interest”). A “prescribed obligation” is a debt obligation the terms or conditions of which provide for an adjustment to an amount payable in respect of the obligation for a period during which the obligation was outstanding which adjustment is determined by reference to a change in the purchasing power of money (an “indexed debt obligation”) and no amount payable in respect thereof, other than an amount determined by reference to a change in the purchasing power of money, is contingent or dependent upon the use or production from property in Canada or is computed by reference to any of the criteria described in the definition of Participating Debt Interest. If any interest paid or credited or deemed to be paid or credited on a Note is to be calculated by reference to a Reference Item which could be viewed as a proxy for the profit of the Issuer, such interest may be subject to Canadian non-resident withholding tax.

In the event that a Note on which any interest paid or credited or deemed to be paid or credited is, or would be, Participating Debt Interest is redeemed, cancelled, repurchased, as applicable, or purchased by the Issuer or any other person resident or deemed to be resident in Canada from a Non-resident Holder or is otherwise assigned or transferred by a Non-resident Holder to a person resident or deemed to be resident in Canada for an amount which exceeds, generally, the issue price thereof, the excess may, in certain circumstances, be deemed to be interest and may, together with any interest that has accrued or is deemed to have accrued on the Note to that time, be subject to Canadian non-resident withholding tax. Such excess will not be subject to withholding tax if the Note is considered to be an “excluded obligation” for purposes of the Act. A Note will be an excluded obligation for this purposes if it is not an indexed debt obligation and it was issued for an amount not less than 97% of the principal amount (as defined for the purposes of the Act) of the Note and the yield from which, expressed in terms of an annual rate (determined
in accordance with the Act) on the amount for which the Note was issued does not exceed 4/3 of
the interest stipulated to be payable on the Note, expressed in terms of an annual rate on the
outstanding principal amount from time to time.

W&C Securities

The Canadian federal withholding tax consequences to a Non-resident Holder of acquiring,
holding and disposing of a Certificate that is considered debt for Canadian federal income tax
purposes, will, except as otherwise indicated in the applicable Drawdown Prospectus or, in the
case of Exempt Securities, in the Pricing Supplement, as appropriate, generally be as described
above under the heading “Notes”. In particular, if a Certificate is considered debt of the Issuer for
Canadian federal income tax purposes, the payment by the Issuer of an Additional Amount in
respect of the Certificate to a Non-resident Holder will not be subject to Canadian non-resident
withholding tax unless all or any portion of the interest, or amounts deemed to be interest for
purposes of the Act (including such Additional Amount), is Participating Debt Interest.

Except as otherwise indicated in the applicable Drawdown Prospectus or, in the case of Exempt
Securities, in the Pricing Supplement, as appropriate, any amount paid or credited or deemed to
be paid or credited to a Non-resident Holder in respect of a Warrant or a Certificate that is not
considered debt for Canadian federal income tax purposes, will generally not be subject to
Canadian federal withholding tax.

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of Securities and is a
summary of the Issuer's understanding of current United Kingdom law and published HM
Revenue and Customs ("HMRC") practice in the United Kingdom relating only to United
Kingdom withholding tax treatment of payments of principal and interest in respect of the
Securities. It does not deal with any other United Kingdom taxation implications of
acquiring, holding or disposing of the Securities. Some aspects do not apply to certain
classes of person (such as dealers and persons connected with the Issuer) to whom
special rules may apply. The United Kingdom tax treatment of prospective holders of
Securities depends on their individual circumstances and may be subject to change in the
future. Prospective holders of Securities who may be subject to tax in a jurisdiction other
than the United Kingdom or who may be unsure as to their tax position should seek their
own professional advice.

Notes and Redeemable Certificates (together, the “Redeemable Securities”) issued by the
Issuer’s London branch
Payments of interest on the Redeemable Securities

The Issuer, provided that it continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the "UK Act"), and provided that the interest on the Redeemable Securities is paid in the ordinary course of its business within the meaning of section 878 of the UK Act, will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom income tax. Interest will not be regarded as being paid in the ordinary course of business where the borrowing relates to the capital structure of the Issuer. The borrowing will be regarded as relating to the capital structure of the Issuer if it conforms to any of the definitions of tier 1, 2 or 3 capital adopted by the FSA, whether or not the borrowing actually counts towards tier 1, 2 or 3 capital for regulatory purposes.

Payments of interest on the Redeemable Securities may be made without deduction of or withholding on account of United Kingdom income tax provided that the Redeemable Securities continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the UK Act. The Irish Stock Exchange is a recognised stock exchange. The Redeemable Securities will satisfy this requirement if they are and continue to be officially listed in Ireland in accordance with provisions corresponding to those generally applicable in EEA states and are and continue to be admitted to trading on the Irish Stock Exchange. Provided, therefore, that the Redeemable Securities remain so listed, interest on the Redeemable Securities will be payable without withholding or deduction on account of United Kingdom tax whether or not the Issuer carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

Interest on the Redeemable Securities may also be paid without withholding or deduction on account of United Kingdom tax where interest on the Notes is paid by a company and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the Redeemable Securities is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest, provided that HM Revenue & Customs has not given a direction (in circumstances where it has reasonable grounds to believe that it is likely that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on the Redeemable Securities may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of the Redeemable Securities is less than 365 days and those Redeemable Securities do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount generally must be withheld from payments of interest on the Redeemable Securities on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a holder of Redeemable Securities, HM Revenue & Customs can issue a notice to the Issuer to pay interest to the holder of Redeemable Securities without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).
Exercisable Certificates and Warrants issued by the Issuer's London branch

*Payments in respect of the Exercisable Certificates and Warrants*

Payments made in respect of the Exercisable Certificates and Warrants may be made without deduction or withholding for or on account of United Kingdom income tax where such payments are not regarded either as interest or as annual payments for United Kingdom tax purposes.

*Stamp duty and stamp duty reserve tax (SDRT) in relation to Securities*

A charge to stamp duty or SDRT may, in certain circumstances, arise on the issue, transfer and/or settlement of Securities and SDRT may also be payable in relation to any agreement to transfer Securities. This will depend upon the Terms and Conditions of the relevant Securities (as supplemented by the applicable Final Terms or, in the case of Exempt Securities, as amended and supplemented by the applicable Pricing Supplement). Holders of Securities should take their own advice from an appropriately qualified professional advisor in this regard.

*Reporting of information in respect of the Securities*

HM Revenue & Customs ("HMRC") has powers, in certain circumstances, to obtain information about: payments derived from securities (whether income or capital); certain payments of interest (including the amount payable on the redemption of a deeply discounted security); and securities transactions.

The persons from whom HMRC can obtain information include: a person who receives (or is entitled to receive) a payment derived from securities; a person who makes such a payment (received from, or paid on behalf of another person); a person by or through whom interest is paid or credited; a person who effects or is a party to securities transactions (which includes an issue of securities) on behalf of others; registrars or administrators in respect of securities transactions; and each registered or inscribed holder of securities.

The information HMRC can obtain includes: details of the beneficial owner of securities; details of the person for whom the securities are held, or the person to whom the payment is to be made (and, if more than one, their respective interests); information and documents relating to securities transactions; and, in relation to interest paid or credited on money received or retained in the United Kingdom, the identity of the security under which interest is paid. HMRC is generally not able to obtain information (under its power relating solely to interest) about a payment of interest to (or a receipt for) a person that is not an individual. This limitation does not apply to HMRC's power to obtain information about payments derived from securities.

HMRC has indicated that it will not use its information-gathering power on interest to obtain information about amounts payable on the redemption of deeply discounted securities which are paid before April 6, 2014.

In certain circumstances the information which HMRC has obtained using these powers may be exchanged with tax authorities in other jurisdictions.
Austrian Taxation

The following is a brief summary of Austrian (income) tax aspects in connection with the Securities. It does not claim to fully describe all Austrian tax consequences of the acquisition, ownership, disposition or redemption of the Securities. In some cases a different tax regime may apply. As under the Programme different types of Securities may be issued, the tax treatment of such Securities can be different due to their specific terms. Further, this summary does not take into account or discuss the tax laws of any country other than Austria nor does it take into account the investors’ individual circumstances. Prospective investors are advised to consult their own professional advisors to obtain further information about the tax consequences of the acquisition, ownership, disposition, redemption, exercise or settlement of any of the Securities. Only personal advisors are in a position to adequately take into account special tax aspects of the particular Securities in question as well as the investor’s personal circumstances and any special tax treatment applicable to the investor. Tax risks resulting from the Securities (in particular from a potential qualification as a foreign investment fund within the meaning of sec 188 of the Austrian Investment Funds Act) shall in any case be borne by the investors.

This overview is based on Austrian law as in force as of the date of this Structured Securities Base Prospectus. The laws and their interpretation by the tax authorities may change and such changes may also have retroactive effect. With regard to certain innovative or structured financial securities or instruments there is currently neither case law nor comments of the financial authorities as to the tax treatment of such financial securities and instruments. Accordingly, it cannot be ruled out that the Austrian financial authorities and courts or the Austrian paying agents adopt a view different from that outlined below.

1. Individual Investors

1.1 Individual is Austrian resident or has his/her habitual abode in Austria

All payments of interest and principal by the Issuer under the Securities can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Austria or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Austrian law, subject however to:

The application of 25% Austrian withholding tax (Kapitalertragsteuer), if income from the Securities is paid out by a custodian or a paying agent (credit institutions including Austrian branches of foreign credit institutions paying out the income to the holder of the Securities (depotführende oder auszahlende Stelle)) located in Austria. The term “income from the Securities” includes (i) interest payments as well as (ii) income, if any, realised upon redemption or prior redemption or (iii) income realised upon sale of the Securities (capital gains). In the case of Securities that are performance linked (e.g., structured notes, index certificates) with reference items such as shares, bonds, certificates, indices, commodities, currency exchange rates, fund shares, future contracts, interest rates or baskets of such assets including discounted share certificates and bonus certificates, the total capital gains would be treated as income from derivative financial instruments. Additional special rules on deducting 25% withholding tax apply to cash or share notes.
In case no withholding tax is levied on income from the Securities (i.e., interest income is not paid out by a custodian or paying agent in Austria), Austrian resident individual investors will have to declare the income derived from the Securities in their income tax returns pursuant to the Austrian Income Tax Act. In this case the income from the Securities is subject to a flat income tax rate of 25% pursuant to section 27a subpara 1 of the Austrian Income Tax Act provided that the Securities are in addition legally and factually offered to an indefinite number of persons.

The redemption by delivery of reference items (physical settlement) results in an acquisition of the reference item by the investor. Capital gains upon disposal of the reference item are generally taxable at the 25% tax rate in case of capital investments. In case of investment funds, the securities in the fund are relevant. Capital gains from the disposal of raw materials or precious metals are subject to income tax at the regular progressive tax rate if disposal is effected less than one year after the acquisition.

Upon relocation abroad investment income until the time of relocation is taxable in Austria. However, in case of relocation within the European Union or the European Economic Area (under certain conditions regarding assistance among the authorities) taxation can be postponed upon actual realisation of the income based on a respective application. Special rules also apply to the transfer of a custodian account from Austria abroad.

The 25% withholding tax generally constitutes a final taxation (Endbesteuerung) for all Austrian resident individuals, if they hold the Securities as a non-business asset under the condition that the Securities are in addition legally and factually offered to an indefinite number of persons (i.e., public placement or public offering of the Securities). Final taxation means that no further income tax will be assessed and the income is not to be included in the investor's income tax return. In case of an average income tax rate below 25%, the income may, nevertheless, be included in the individual tax return and the withholding tax is credited against income tax or paid back, respectively. Loss compensation to a certain extent is applicable under certain conditions.

### 1.2 Risk of requalification

Further, special withholding tax rules will apply if a requalification of any of the Securities into units of a foreign investment fund in the meaning of section 188 of the Austrian Investment Funds Act takes place. Pursuant to section 188 of the Austrian Investment Funds Act, a foreign investment fund is defined as any assets subject to a foreign jurisdiction which, irrespective of the legal form they are organised in, are invested according to the principle of risk-spreading on the basis either of a statute, of the entity's articles of association or of customary exercise. This term, however, does not encompass collective real estate investment vehicles pursuant to section 20 of the Austrian Real Estate Funds Act (Immobilien-Investmentfondsgesetz). In this respect it should be noted that the Austrian tax authorities have commented upon the distinction between index certificates of foreign issuers on the one hand and foreign investment funds on the other hand in the Investment Fund Regulations. Pursuant to these Investment Fund Regulations, a foreign investment fund may be assumed if for the purpose of the issuance a predominant actual purchase of the reference asset by the issuer or a trustee of the issuer, if any, is made or actively managed assets exist. Direct held debt securities, whose performance depend on an index, should not be seen as foreign investment funds.
1.3 Individual is neither Austrian resident nor has his/her habitual abode in Austria

In case of non-resident holders of the Securities, Austrian withholding tax will apply on resulting interest payments and capital gains, provided that such payments are made by a custodian or paying agent in Austria. If the non-resident individual investors are not subject to limited income tax liability in Austria with the income from such Securities (e.g., if the investor does not have an Austrian permanent establishment (Betriebsstätte) the Securities are attributable to), but if at the same time the income is subject to withholding by virtue of an Austrian custodian or paying agent, the withholding tax will be refunded upon the investor's application. The Austrian Ministry of Finance has also provided for the possibility for the non-resident investor to furnish proof of non-residency, in which case the Austrian custodian or paying agent may refrain from withholding already at source.

2. Corporations / Private Foundations

Corporate investors deriving business income from the Securities may avoid the application of withholding tax by filing a declaration of exemption (Befreiungserklärung) in the meaning of section 94 no 5 of the Austrian Corporate Income Tax Act with the custodian or paying agent. Otherwise the withholding tax is credited against corporate income tax. Generally, income from the Securities is subject to corporate income tax at a rate of 25%.

In case of private foundations pursuant to the Austrian Private Foundations Act fulfilling the prerequisites contained in section 13 subpara 1 of the Austrian Corporate Income Tax Act and holding the Securities as a non-business asset no withholding tax is levied on income on such Securities under the conditions set forth in section 94 no 12 of the Austrian Income Tax Act. However, on income from the Securities an interim tax (Zwischensteuer) at a rate of 25% is levied. This interim tax can be credited against withholding tax for amounts granted to beneficiaries of the private foundation pursuant to the Austrian Private Foundations Act.

3. EU Savings Directive

Under the EC Council Directive 2003/48/EC on the taxation of savings income, each Member State is required, from July 1, 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria, Belgium and Luxembourg instead were entitled to apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate at the end of the first full fiscal year following the agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from July 1, 2005, a number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.
Austria implemented the European Union Savings Directive with the Austrian EU Withholding Tax Act 2004, which may be applicable if a paying agent in Austria (which might be, e.g., any Austrian bank holding a securities account for a holder of Securities) pays out interest within the meaning of the European Union Savings Directive to a beneficial owner who is an individual resident in another Member State than Austria, provided that no exception from such withholding applies. The withholding tax amounts to 35%. Regarding the issue of whether certificates are subject to the withholding tax, the Austrian tax authorities distinguish between certificates with and without a capital guarantee (a capital guarantee being the promise of a repayment of a minimum amount of the capital invested or the promise of the payment of interest), with the reference items being of relevance. Furthermore, pursuant to the guidelines published by the Austrian Federal Ministry of Finance, income from derivatives, such as futures, options or swaps, does, in general, not qualify as interest in the meaning of the Austrian EU Withholding Tax Act.

4. Responsibility for Withholding of Taxes

The Issuer is not liable for the withholding of taxes at source. Withholding tax is levied by an Austrian custodian or paying agent.

5. Inheritance and Gift Tax

In Austria, no inheritance and gift tax is levied any more. Gifts are, however, to be notified to the tax authorities. This applies if the donor or the acquirer is an Austrian tax resident at the time of the donation. In case of corporations, the registered seat or the actual place of management in Austria is relevant. Exemptions apply to donations between close family members if the value of the gift(s) does not exceed EUR 50,000 within one year and to donations between other persons if the value of the gift(s) does not exceed EUR 15,000 within five years. Although this disclosure requirement does not trigger any tax for the donation in Austria, breach of the disclosure requirement may be fined with an amount up to 10% of the value of the gift.

Finland Taxation

The following summary relates only to Finnish withholding tax issues with respect to payments made in respect of the Securities to persons who are generally liable to tax on Finland (i.e. persons that are resident of Finland for tax purposes). The summary does not deal with any other Finnish tax implications of acquiring, holding or disposing of the Securities. Investors are advised to seek professional advice relating to other tax implications in respect of acquiring, holding or disposing of the Securities.

As the Issuer is not resident in Finland for tax purposes, there is no Finnish withholding tax (Fi. lähdevero) applicable to the payments made by the Issuer in respect of the Securities.

However, Finland operates a system of preliminary taxation (Fi. ennakonpidätysjärjestelmä) to secure payment of taxes in certain circumstances. In the context of the Securities, a tax of 30 per cent. will be deducted and withheld from all payments that are treated as interest or as compensation comparable to interest, when such payments are made by a Finnish paying agent to individuals. Any preliminary tax (Fi. ennakonpidätys) will be used for the payment of the individual's final taxes (i.e. they will be credited against the individual's final tax liability). If,
however, the Securities are regarded as warrants for Finnish tax purposes, any payments made in respect of the Securities may generally be made by the Issuer without deduction or withholding for or on account of Finnish tax.

France Taxation

This summary is of a general nature only, and is not intended to be, nor should it be considered to be, legal or tax advice to any particular person. The following applies only to persons who are the beneficial owners of the Securities and is a summary of the Issuer’s understanding of current French legislation in force as at June 20, 2013 and may be subject to change, sometimes with retrospective effect.

The summary does not address, amongst others, credit of foreign taxes. Investors should consult their own professional tax advisors with regard to the tax regulations applicable to their individual situation as per the tax consequences (including the applicability and effect of tax treaties for the avoidance of double taxation) of acquiring, owning and disposing of Securities in their particular circumstances.

1.1 French Withholding tax on payment made by the Issuer

Provided that the Issuer of the Securities is not a tax resident of France for French tax purposes and does not have a permanent establishment in France and is not acting through any intermediary or paying agent based in France, payments made under the Securities may be paid by the Issuer without withholding or deduction for or on account of French withholding tax in accordance with the applicable French law.

1.2 French tax resident Investors

(a) Individuals holding Securities as part of their personal estate and who are not frequently involved in stock exchange transactions as part of their professional activity.

As a general principle and subject to treaty provisions, French tax resident investors are taxable in France on their worldwide income. Income derived by French tax resident investors holding Securities as part of their personal estate and who are not frequently involved in stock exchange transactions as part of their professional activity should be subject to personal income tax at progressive rates (marginal rate of 45%) and exceptional contribution on high income (contribution exceptionnelle sur les hauts revenus) if applicable. Social security contributions at the global rate of 15.5% are also due.

(i) Wealth tax

Securities owned by individuals are included in their taxable assets and are therefore subject to wealth tax (Impôt de solidarité sur la fortune - ISF) as the case may be.

(ii) Inheritance and gift tax
Securities transferred upon inheritance or gift are subject to inheritance (droits de succession) or gift tax (droits de donation) in France, subject to any applicable double taxation treaty.

(b) French tax resident legal entities subject to corporate income tax

Subject to relevant tax treaty, interest, redemption premium and gains Securities are included in the taxable income subject to corporation tax, unless the ownership of the Securities is attributable to a permanent establishment or a fixed base the investor has outside France. Special regime applies in respect of participating shares (titres de participation) in certain circumstances.

The standard rate of corporation tax is 33.33%. Moreover, a company (i) whose turnover exceeds EUR 7,630,000 or (ii) whose share-capital is not held by individuals for more than 75% of their share-capital is subject to an additional social contribution of 3.3% assessed on the amount of corporation tax, after applying a EUR 763,000 rebate (effective tax rate is then 34.43%).

Companies with revenues higher than EUR 250,000,000 are subject to an exceptional tax of 5% assessed on the corporation tax (effective tax rate is then 36.10%). The contribution is applicable to fiscal years closed until 30 December 2015 (article 235 ter ZAA of the FTC as modified by the Finance Bill for 2013).

Small and medium-sized companies ("PME") whose net turnover is lower to EUR 7,630,000, and whose share capital is fully paid and was held at least by 75% continuously during the concerned fiscal year by individuals or by companies themselves fulfilling such requirements, may, under certain conditions, be subject to corporate income tax at a reduced rate of 15% (up to EUR 38,120 only) and benefit from an exemption of the 3.3% surtax.

German Taxation

The following is a general discussion of certain German tax consequences of the acquisition, holding and disposal of Securities. It does not consider all aspects of taxation in the Federal Republic of Germany ("Germany") that may be relevant to a holder of Securities in the light of its particular circumstances and tax situation. As each Tranche of Securities may be subject to a different tax treatment due to the specific terms of such Tranche, the following section only provides some general information on the possible tax treatment and is not intended to be nor should it be construed to be, legal or tax advice.

This discussion is based on German tax laws and regulations, all as currently in effect (except where explicitly stated otherwise) and all subject to change at any time, possibly with retroactive effect.

Prospective Holders of Securities should consult their own tax advisers as to the particular tax consequences to them of subscribing, purchasing, holding and disposing of the Securities, including the application and effect of state, local, foreign and other tax laws and the possible effects of changes in the tax laws of Germany.
Tax Residents

The section “Tax Residents” refers to persons who are tax residents of Germany (i.e persons whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany). “Individual Securityholder” means an individual that is considered the owner of a Security for German tax purposes and whose Security forms part of his non-business assets (Privatvermögen).

Withholding tax on ongoing payments and capital gains

Ongoing payments received by an Individual Securityholder will be subject to German withholding tax if the Securities are kept in a custodial account with a German branch of a German or non-German bank or financial services institution, a German securities trading company or a German securities trading bank (each, a "Disbursing Agent", auszahlende Stelle). The tax rate is 25 per cent. (plus solidarity surcharge at a rate of 5.5 per cent. thereon, the total withholding being 26.375 per cent.). If the Individual Securityholder is subject to church tax, upon application a church tax surcharge will also be withheld.

The same treatment applies to capital gains (i.e. the difference between the proceeds from the disposal, redemption, payment or assignment after deduction of expenses directly related to the disposal, disposal, payment or assignment and the cost of acquisition) derived by an Individual Securityholder provided the Securities have been held in a custodial account with the same Disbursing Agent since the time of their acquisition. Where Securities are issued in a currency other than Euro any currency gains or losses are part of the capital gains.

In case of a physical settlement of certain Securities which grant the Issuer or the Individual Securityholder the right to opt for a physical delivery of a predetermined number of underlying securities instead of a (re)payment of the Securities’ nominal amount, generally no withholding tax has to be withheld by the Disbursing Agent as such exchange of the Securities into the predetermined number of underlying securities does not result in a taxable gain or loss for the Individual Securityholder. Under these circumstances acquisition costs of the Securities are regarded as acquisition costs of the underlying securities received by the Individual Securityholder upon physical settlement. However, withholding tax may then apply to any gain from the disposal, redemption, repayment or assignment of the securities received in exchange for the Securities. In this case, the gain will be the difference between the proceeds from the disposal, redemption, repayment or assignment of the underlying securities and the acquisition costs of the Securities (after deduction of expenses related directly to the disposal, if any). In other cases, e.g. where the Security has no nominal amount or the underlying is not a security, the physical settlement may trigger withholding tax that would be payable by the Individual Securityholder to the Disbursing Agent.

To the extent the Securities have not been kept in a custodial account with the same Disbursing Agent since the time of acquisition, upon the disposal, redemption, repayment or assignment withholding tax applies at a rate of 26.375 per cent. (including solidarity surcharge) to 30 per cent. of the disposal proceeds (including interest accrued on the Securities and paid separately (Accrued Interest, Stückzinsen), if any), unless the current Disbursing Agent has been notified of the actual acquisition costs of the Securities by the previous Disbursing Agent or by a statement of a bank or financial services institution within the European Economic Area or certain other countries in accordance with art. 17 para. 2 of the EC Council Directive 2003/48/EC.
In computing any German tax to be withheld, the Disbursing Agent may - subject to certain requirements and restrictions - deduct from the basis of the withholding tax negative investment income realised by the Individual Securityholder via the Disbursing Agent (e.g. losses from sale of other securities with the exception of shares). The Disbursing Agent may also deduct Accrued Interest on the Securities or other securities paid separately by the Individual Securityholder upon the acquisition of the respective security via the Disbursing Agent. In addition, subject to certain requirements and restrictions the Disbursing Agent may credit foreign withholding taxes levied on investment income in a given year regarding securities held in the custodial account with the Disbursing Agent to the extent such foreign withholding taxes cannot be reclaimed in the respective foreign country.

In addition, for Individual Securityholders an annual allowance (Sparer-Pauschbetrag) of Euro 801 (Euro 1,602 for married couples filing jointly) applies to all investment income received in a given year. Upon the Individual Securityholder filing an exemption certificate (Freistellungsauftrag) with the Disbursing Agent, the Disbursing Agent will take the allowance into account when computing the amount of tax to be withheld. No withholding tax will be deducted if the Securityholder has submitted to the Disbursing Agent a certificate of non-assessment (Nichtveranlagungsbescheinigung) issued by the competent local tax office.

German withholding tax will not apply to gains from the disposal of Securities held by a corporation as Securityholder while ongoing payments, such as interest payments under a coupon, are subject to withholding tax. Losses and foreign taxes are not taken into account when calculating the withholding tax. The same rules apply where the Securities form part of a trade or business (Betriebsvermögen) subject to further requirements being met.

**Taxation of current income and capital gains**

The personal income tax liability of an Individual Securityholder deriving income from capital investments under the Securities is, in principle, settled by the tax withheld. To the extent withholding tax has not been levied, such as in case of Securities kept in custody abroad or if no Disbursing Agent is involved in the payment process or if the withholding tax on disposal, redemption, repayment or assignment has been calculated from 30 per cent. Of the disposal proceeds (rather than from the actual gain), the Individual Securityholder must report his or her income and capital gains derived from the Securities on his or her tax return and then will also be taxed at a rate of 25 per cent. (plus solidarity surcharge and church tax thereon, where applicable). Further, an Individual Securityholder may request that all investment income of a given year is taxed at his or her lower individual tax rate based upon an assessment to tax with any withholding tax withheld in excess of the tax assessed being refunded. In each case, the deduction of expenses (other than transaction costs) on an itemized basis is disallowed. Losses from the disposal, redemption, repayment or assignment of Securities cannot be used to offset other income like employment or business income but can only be offset against capital investment income subject to certain limitations. Any losses realised upon the disposal of shares in stock corporations received in exchange for the Securities can only be offset against capital gains deriving from the disposal of shares. Losses from a worthless expiration of Warrants may be non-deductible altogether.

Where Securities form part of a trade or business or the income from the Securities qualifies as income from the letting and leasing of property the withholding tax, if any, will not settle the
personal or corporate income tax liability. Where Securities form part of the property of a trade or business interest (accrued) must be taken into account as income. Where Securities qualify as zero bonds and form part of a trade or business, each year the part of the difference between the issue or purchase price and the redemption amount attributable to such year must be taken into account as interest income. The respective Securityholder will have to report income and related (business) expenses on the tax return and the balance will be taxed at the Securityholder's applicable tax rate. Withholding tax levied, if any, will be credited against the personal or corporate income tax of the Securityholder. Where Securities form part of the property of a German trade or business the current income and the proceeds from the disposal, redemption, repayment or assignment of the Securities may also be subject to German trade tax. The trade tax liability depends on the applicable trade tax factor of the relevant municipality where the business is located.

**German Investment Tax Act**

German tax consequences different from those discussed above would arise if the respective Securities or the underlying securities delivered upon physical delivery are, or were to be regarded as, investment fund units within the meaning of the German Investment Tax Act. In such case, the withholding tax requirements for the Disbursing Agent as well as the taxation of the German holders would depend on whether the disclosure and reporting requirements of the German Investment Tax Act were fulfilled. The German holder may be subject to tax on unrealised income or, in case the reporting and disclosure requirements are not fulfilled, on fictitious income on a lump-sum basis. Such deemed distributed income or fictitious income may be offset against any capital gains realised upon disposal of the Securities or the underlying securities received, respectively, subject to certain requirements.

**Non Tax Residents**

Interest, including Accrued Interest, and capital gains are not subject to German taxation, unless (i) the Securities form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the Securityholder; or (ii) the income otherwise constitutes German-source income. In cases (i) and (ii) a tax regime similar to that explained above under "Tax Residents" applies.

Non Tax Residents of Germany are, in general, exempt from German withholding tax on interest and the solidarity surcharge thereon. However, where the interest is subject to German taxation as set forth in the preceding paragraph and the Securities are held in a custodial account with a Disbursing Agent, withholding tax may be levied under certain circumstances. Where Securities are not kept in a custodial account with a Disbursing Agent and interest or proceeds from the disposal, assignment or redemption of a Security are paid by a Disbursing Agent to a Non Tax Resident, withholding tax generally will also apply. The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

**Inheritance and Gift Tax**

No inheritance or gift taxes with respect to any Securities will arise under the laws of Germany, if, in the case of inheritance tax, neither the deceased nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Security is not attributable to
a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

Other Taxes

No stamp, issue or registration taxes or such duties will be payable in Germany in connection with the issuance, delivery or execution of the Securities. Currently, net wealth tax (Vermögensteuer) is not levied in Germany.

Italian Taxation

The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

Prospective purchaser of Securities should consult their tax advisers as to the overall consequences of their ownership of Securities.

Tax treatment of the Securities qualifying as Notes

Legislative Decree No. 239 of April 1, 1996, as subsequently amended (“Decree No. 239”), provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from Securities falling within the category of bonds (obbligazioni) or debentures similar to bonds (titoli similari alle obbligazioni) issued, inter alia, by non-Italian resident issuers and which embed the unconditional obligation of the issuer to fully repay the principal invested upon redemption (the “Notes”).

Where the Italian resident Securityholder is (i) an individual not engaged in an entrepreneurial activity to which the Notes are connected (unless he has opted for the application of the risparmio gestito regime – see “Capital Gains Tax” below), (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, interest, premium and other income relating to the Notes, accrued during the relevant holding period, are subject to a withholding tax, referred to as imposta sostitutiva, levied at the rate of 20 per cent. In the event that the Holders described under (i) and (iii) above are engaged in an entrepreneurial activity to which the Notes are connected, the imposta sostitutiva applies as a provisional tax.

Where an Italian resident Securityholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Notes are effectively connected and the Notes are deposited with an authorised intermediary, interest, premium and other income from the Notes will not be subject to imposta sostitutiva, but must be included in the relevant Holder's income tax return and are therefore subject to general Italian corporate taxation
(and, in certain circumstances, depending on the "status" of the Holder, also to the regional tax on productive activities ("IRAP")).

Under the current regime provided by Law Decree No. 351 of September 25, 2001, converted into law with amendments by Law No. 410 of November 23, 2001 ("Decree 351"), as clarified by the Italian Ministry of Economy and Finance through Circular No. 47/E of August 8, 2003, payments of interest in respect of the Notes made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of February 24, 1998, as amended and supplemented, and Article 14-bis of Law No. 86 of January 25, 1994 are subject neither to substitute tax nor to any other income tax in the hands of a real estate investment fund.

If the investor is an open-ended or closed-ended investment fund or an Italian investment company with variable capital (società d'investimento a capitale variabile) ("SICAV") established in Italy and either (i) the fund or SICAV or (ii) their manager is subject to the supervision of a regulatory authority (together a “Fund”), and the relevant Notes are held by an authorised intermediary, interest, premium and other income accrued during the holding period on the Notes will not be subject to imposta sostitutiva, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such result, but a substitutive tax of 20 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the “Collective Investment Fund Substitute Tax”).

Where an Italian resident Securityholder is a pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of December 5, 2005) and the Notes are deposited with an authorised intermediary, interest, premium and other income relating to the Notes and accrued during the holding period will not be subject to imposta sostitutiva, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 11 per cent. substitute tax.

Pursuant to Decree No. 239, imposta sostitutiva is applied by banks, Italian investment firms (società d'intermediazione mobiliare) (SIMs), fiduciary companies, Italian asset management companies (società di gestione del risparmio) (SGRs), stockbrokers and other entities identified by a decree of the Ministry of Economy and Finance (each an "Intermediary").

An Intermediary must (i) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary and (ii) intervene, in any way, in the collection of interest or in the transfer of the Notes. For the purpose of the application of the imposta sostitutiva, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are not deposited with an Intermediary, the imposta sostitutiva is applied and withheld by any entity paying interest to a Securityholder.

**Non-Italian Resident Holder of Notes**

No Italian imposta sostitutiva is applied on payments to a non-Italian resident holder of Notes of interest or premium relating to the Notes provided that, if the Notes are deposited with an Intermediary in Italy, the non-Italian resident holder of Notes declares itself to be a non-Italian resident according to Italian tax regulations.
Atypical securities

Interest payments relating to Securities qualifying as debt instruments but which are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 20 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay an amount not lower than their nominal value.

The 20 per cent. withholding tax mentioned above does not apply to interest payments made to a non-Italian resident holder of the Securities and to an Italian resident holder of Securities which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership, or (iii) a commercial private or public institution.

Capital Gains Tax

Any gain obtained from the sale or redemption of the Securities would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Holder, also as part of the net value of production for IRAP purposes) if realised by an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Securities are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Securities are connected.

Where an Italian resident holder of Securities is an individual not holding the Securities in connection with an entrepreneurial activity and certain other persons, any capital gain realised by such holder of Securities from the sale or redemption of the Securities would be subject to an *imposta sostitutiva*, levied at the current rate of 20 per cent. Holders of Securities may set off losses with gains.

In respect of the application of the *imposta sostitutiva*, taxpayers may opt for one of the three regimes described below.

Under the "tax declaration" regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individuals holding Securities not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Securities carried out during any given tax year. Italian resident individuals holding Securities not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance of income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Italian resident individuals holding the Securities not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Securities (the "risparmio amministrato" regime). Such separate taxation of capital gains is allowed subject to (i) the Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and (ii) an express election for the *risparmio amministrato* regime being punctually made in
writing by the relevant holder of Securities. The depository is responsible for accounting for
imposta sostitutiva in respect of capital gains realised on each sale or redemption of the
Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net
of any incurred capital loss, and is required to pay the relevant amount to the Italian tax
authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be
credited to the holder of Securities or using funds provided by the holder of Securities for this
purpose. Under the risparmio amministrato regime, where a sale or redemption of the Securities
results in a capital loss, such loss may be deducted from capital gains subsequently realised,
within the same securities management, in the same tax year or in the following tax years up to
the fourth. Under the risparmio amministrato regime, the holder of Securities is not required to
declare the capital gains in its annual tax return.

Any capital gains realised by Italian resident individuals holding the Securities not in connection
with an entrepreneurial activity who have entrusted the management of their financial assets,
including the Securities, to an authorised intermediary and have opted for the so-called "risparmio
gestito" regime will be included in the computation of the annual increase in value of the
managed assets accrued, even if not realised, at year end, subject to a 20 per cent. substitute
tax, to be paid by the managing authorised intermediary. Under the risparmio gestito regime, any
depreciation of the managed assets accrued at year end may be carried forward against any
increase in value of the managed assets accrued in any of the four succeeding tax years. Under
the risparmio gestito regime, the holder of Securities is not required to declare the capital gains
realised in its annual tax return.

Any capital gains realised by a holder of Securities which is a Fund will not be subject to imposta
sostitutiva, but will be included in the result of the relevant portfolio. Such result will not be taxed
with the Fund, but subsequent distributions in favour of unitholders or shareholders may be
subject to the Collective Investment Fund Substitute Tax. Any capital gains realised by a holder of
Securities which is an Italian pension fund (subject to the regime provided for by article 17 of the
Legislative Decree No. 252 of December 5, 2005) will be included in the result of the relevant
portfolio accrued at the end of the tax period, to be subject to the 11 per cent. substitute tax.

Under the current regime provided by Decree 351, as clarified by the Italian Ministry of
Economics and Finance through Circular No. 47/E of August 8, 2003, payments of interest in
respect of the Securities made to Italian resident real estate investment funds established
pursuant to Article 37 of Legislative Decree No. 58 of February 24, 1998, as amended and
supplemented, and Article 14-bis of Law No. 86 of January 25, 1994 are subject neither to
substitute tax nor to any other income tax in the hands of a real estate investment fund.

Capital gains realised by non-Italian resident holder of Securities from the sale or redemption of
the Securities are not subject to Italian taxation, provided that the Securities (i) are transferred on
regulated markets, or (ii) if not transferred on regulated markets, are held outside Italy.

Italian taxation of Securities qualifying as derivative products: W&C Securities

The following regime may apply to payments or premium deriving from Securities that (i) do not
qualify as bonds (obbligazioni) or debentures similar to bonds (titoli simili alle obbligazioni) and
(ii) do not generate income from the investment of capital (reddito di capitale) pursuant to the
Article 44 of Presidential Decree No. 917 of December 22, 1986 (the Italian Income Tax
Consolidated Code or IITCC), but are deemed to produce other income (redditi diversi) for Italian tax purposes, pursuant to Article 67 (1)(c-quater and c-quinquies) of the IITCC. Securities falling within this category are referred to as "W&C Securities".

Pursuant to Article 67 of the IITCC and Legislative Decree No. 461 of November 21, 1997, as subsequently amended, where the Italian resident investor is (i) an individual not engaged in an entrepreneurial activity to which the W&C Securities are connected, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, capital gains accrued under the sale or the exercise of the W&C Securities are subject to a 20 per cent. substitute tax (imposta sostitutiva). The recipient may opt for the three different taxation criteria, regime della dichiarazione, risparmio amministrato and risparmio gestito described in the "Capital Gains Tax" paragraph above.

Where an Italian resident investor is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the W&C Securities are effectively connected, capital gains arising from the W&C Securities will not be subject to imposta sostitutiva, but must be included in the relevant investor's income tax return and are therefore subject to Italian corporate tax and, in certain circumstances, depending on the "status" of the investors also as a part of the net value of production for IRAP purposes.

Any capital gains realised by Italian resident Holders which is a Fund will not be subject to imposta sostitutiva, but will be included in the result of the relevant portfolio. Such result will not be taxed with the Fund, but subsequent distributions in favour of unitholders or shareholders may be subject to the Collective Investment Fund Substitute Tax.

Capital gains realised by non-Italian resident Holders are not subject to Italian taxation, provided that the W&C Securities (i) are transferred on regulated markets, or (ii) if not transferred on regulated markets, are held outside of Italy.

Please note that in accordance with a different interpretation of current tax law, there is a remote possibility that the W&C Securities would be considered as 'atypical' securities pursuant to Article 8 of Law Decree No. 512 of September 30, 1983 as implemented by Law No. 649 of November 25, 1983. In this event, payments relating to W&C Securities may be subject to an Italian withholding tax, levied at the rate of 20 per cent.

The 20 per cent. withholding tax mentioned above does not apply to payments made to a non-Italian resident holder of W&C Securities and to an Italian resident holder of W&C Securities which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership, or (iii) a commercial private or public institution. This withholding is levied by any entities, resident in Italy, which intervene, in any way, in the collection of payment of the W&C Securities or in the transfer of the W&C Securities.

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of October 3, 2006, converted into Law No. 286 of November 24, 2006, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation by or for benefit of an Italian tax resident are taxed as follows:
transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of four per cent. on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 1,000,000;

(ii) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of six per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the six per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 100,000; and

(iii) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of eight per cent. on the entire value of the inheritance or the gift.

Transfer Tax

Following the repeal of the Italian transfer tax, as from December 31, 2007 contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds executed in Italy are subject to fixed registration tax at rate of EUR 168; (ii) private deeds are subject to registration tax only in the case of use or voluntary registration.

Stamp duty

Pursuant to Article 19(1) of Decree No. 201 of December 6, 2011 ("Decree 201"), a proportional stamp duty applies on an annual basis to any periodic reporting communications which may be sent by a financial intermediary to a holder of Securities in respect of any Securities which may be deposited with such financial intermediary. The stamp duty applies at a rate of 0.15 per cent.; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the Securities held. The stamp duty can neither be lower than EUR 34.20, nor (for taxpayers other than individuals) exceed EUR 4,500.

In the absence of specific guidelines, the stamp duty may apply both to Italian resident and non-Italian resident holders of Securities, to the extent that the Securities are held with an Italian-based financial intermediary.

Wealth Tax on Securities deposited abroad

Pursuant to Article 19(18) of Decree No. 201, Italian resident individuals holding Securities outside the Italian territory are required to pay an additional tax at a rate of 0.15 per cent.

This tax is calculated on the market value of the Securities at the end of the relevant year or, if no market value figure is available, the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

Italian Financial Transaction Tax

As of March 1, 2013 Italian shares and other participating instruments, as well as depository receipts representing those shares and participating instruments, irrespective of the relevant issuer (cumulatively referred to as “In-Scope Shares”), received by an investor upon physical
settlement of Securities may be subject to a 0.22 per cent. (reduced to 0.2 per cent. from 2014 onwards) Finance Transaction Tax ("FTT") calculated on the higher of the exercise value of the Securities and the normal value of the In-Scope Shares (which for listed securities is generally equal to the 30 day prior average market price).

As of July 1, 2013 investors in derivative transactions or securitised derivatives, other than bonds or debt securities but including certificates, the value of which is linked mainly to In-Scope Shares are subject to FTT at a rate ranging between EUR 0.01875 and EUR 200, depending on the notional value of the relevant securitised derivative calculated pursuant to Article 9 of Ministerial Decree of February 21, 2013.

FTT applies upon subscription, negotiation or modification of the relevant W&C Securities.

**Italian implementation of the EU Savings Tax Directive**

Italy has implemented the EU Savings Tax Directive through Legislative Decree No. 84 of April 18, 2005 ("Decree No. 84"). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified Paying Agents shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner and shall not apply the withholding tax. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

**Luxembourg Taxation**

The following is a summary of certain material Luxembourg tax consequences of purchasing, owning and disposing of the Securities. It does not purport to be a complete analysis of all possible tax situations that may be relevant to a decision to purchase, own or dispose of the Securities. It is included herein solely for preliminary information purposes and is not intended to be, nor should it construed to be, legal or tax advice. Prospective purchasers of the Securities should consult their own tax advisers as to the applicable tax consequences of the ownership of the Securities, based on their particular circumstances. The following description of Luxembourg tax law is based upon the Luxembourg law and regulations as in effect and as interpreted by the Luxembourg tax authorities on the date of this Base Prospectus and is subject to any amendments in law (or in interpretation) later introduced, whether or not on a retroactive basis.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature refers to Luxembourg tax laws and/or concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (impôt sur le revenu des collectivités), municipal business tax (impôt commercial communal), a solidarity surcharge (contribution au fonds pour l’emploi) and personal income tax (impôt sur le revenu) generally. Corporate taxpayers may further be subject to net worth tax (impôt sur la fortune), as well as other duties, levies or taxes. Corporate income tax, municipal business tax, as well as the solidarity surcharge invariably applies to most corporate taxpayers resident of Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where
an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

Luxembourg Tax Residency of the Holders of the Securities

A Holder of the Securities will not become resident, nor be deemed to be resident, in Luxembourg by reason only of the holding of the Securities or the execution, performance, settlement, delivery and/or enforcement of the Securities.

Withholding Taxation with respect to the Notes

Resident Holders of the Notes

A 10% Luxembourg withholding tax is levied on interest payments made by Luxembourg paying agents to beneficial owners who are Luxembourg resident individuals or to certain entities that secure interest payments on behalf of such individuals (unless such entities have opted either to be treated as UCITS recognised in accordance with the European Council Directive 85/611/EEC as replaced by the European Council Directive 2009/65/EC). This withholding tax also applies on accrued interest received upon disposal, redemption or repurchase of the Notes. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth.

Further, Luxembourg resident individuals who are the beneficial owners of interest payments made by a paying agent established outside Luxembourg in a Member State of the European Union or the European Economic Area or in a jurisdiction having concluded an agreement with Luxembourg in connection with the EU Savings Directive, and acting in the course of their private wealth, may also opt for a final 10% levy. In such case, the 10% levy is calculated on the same amounts as for the payments made by Luxembourg resident paying agents. The option for the 10% final levy must cover all interest payments made by the paying agents to the Luxembourg resident beneficial owner during the entire civil year.

Non-resident Holders of the Notes

Under the Luxembourg tax laws currently in effect and subject to the application of the Luxembourg laws dated 21 June 2005 (the “Laws”) implementing the EU Savings Directive and several agreements concluded between Luxembourg and certain dependent or associated territories of the European Union, there is no withholding tax on payments of interests (including accrued but unpaid interest) made to a Luxembourg non-resident Holder of the Notes. There is also no Luxembourg withholding tax, upon repayment of the principal, or subject to the application of the Laws, upon redemption or exchange of the Notes.

Under the Laws, a Luxembourg based paying agent (within the meaning of the EU Savings Directive) is required since 1 July 2005, to withhold tax on interest and other similar income (including reimbursement premium received at maturity) paid by it to (or under certain circumstances, to the benefit of) an individual or a residual entity (“Residual Entity”) in the sense of article 4.2. of the EU Savings Directive (i.e. an entity without legal personality except for (1) a Finnish avoin yhtiö and kommanditityhtiö / öppet bolag and kommanditbolag and (2) a Swedish handelsbolag and kommanditbolag, and whose profits are not taxed under the general arrangements for the business taxation and that is not, or has not opted to be considered as, an
undertaking for collective investment subject to the law of 17 December 2010 ("UCITS")
2009/65/EC), resident or established in another Member State of the European Union unless the
beneficiary of the interest payments elects for an exchange of information. The same regime
applies to payments to individuals or Residual Entities resident in any of the following territories:
Aruba, British Virgin Islands, Curaçao, Guernsey, Isle of Man, Jersey, Montserrat and Sint
Maarten. The current withholding tax is 35% since 1 July 2011. Holders of the Notes should note
that the European Commission adopted a new draft EU Savings Directive, which, among other
changes, seeks to extend the application of the EU Savings Directive to (i) payments challenged
through certain intermediate structures (whether or not established in a Member State) for the
ultimate benefit of an EU resident individual, and (ii) a wider range of income similar to savings
income. Further developments in this respect should be monitored on a continuing basis, since
no certainty exists over whether and when the proposed amendments to the EU Savings
Directive will be implemented. Holders of Notes who are in any doubt as to their position should
consult their professional advisors. Holders should further also note that the Luxembourg
government has publicly announced that Luxembourg will replace the current withholding tax
regime with respect to the EU Savings Directive with an automatic information exchange
mechanism as of 1 January 2015. In each case described here above, responsibility for the
withholding tax will be assumed by the Luxembourg paying agent. **Withholding Taxation with
respect to the W&C Securities** The Luxembourg withholding tax consequences to a Holder of
acquiring, holding and disposing of a W&C Securities that are considered debt for Luxembourg
tax purposes, will, except as otherwise indicated in the applicable Pricing Supplement or
Drawdown Prospectus, as appropriate, generally be as described above under the heading
"Withholding Taxation with respect to the Notes". **Income Taxation with respect to the
Notes** For the purposes of this section, a disposal may include a sale, an exchange, a
contribution, a redemption, any other kind of transfer, as well as the settlement of the
Notes. **Taxation of Luxembourg Non-residents** Holders of Notes who are non-residents of
Luxembourg and who do not have a permanent establishment or a permanent representative in
Luxembourg to which the Notes are attributable are not liable to any Luxembourg income tax,
whether they receive payments of principal or interest (including accrued but unpaid interest) or
realise capital gains on the disposal of any Notes.

Holders of Notes who are non-residents of Luxembourg who have a permanent establishment or
a permanent representative in Luxembourg to which the Notes are attributable have to include
any interest received or accrued, as well as any capital gain realised on the disposal of the Notes
in their taxable income for Luxembourg income tax assessment purposes.

**Taxation of Luxembourg Residents**

**Luxembourg Resident Individuals**

An individual Holder of Notes acting in the course of the management of his/her private wealth, is
subject to Luxembourg income tax in respect of interest received, redemption premiums or issue
discounts under the notes except if a final withholding tax has been levied on such payments in
accordance with the rules mentioned above.

Under Luxembourg domestic tax law, gains realised upon the disposal in any form whatsoever of
the Notes which do not constitute Zero Coupon Notes, by an individual Holder of Notes who acts
in the course of the management of his/her private wealth are not subject to Luxembourg income
tax, provided this disposal takes place at least six months after the acquisition of the Notes. An
individual Holder of Notes who acts in the course of the management of his/her private wealth
has to include the portion of the gain corresponding to accrued but unpaid income in respect of
the Notes in his/her taxable income, insofar as the accrued but unpaid interest is indicated
separately in the agreement. A gain realised upon a disposal of Zero Coupon Notes before their
maturity by Luxembourg resident Holders of Zero Coupon Notes in the course of the
management of their private wealth must be included in their taxable income for Luxembourg
income tax assessment purposes.

Luxembourg resident individual Holders of Notes acting in the course of the management of a
professional or business undertaking to which the Notes are attributable, have to include any
interest received or accrued, as well as any gain realised on the disposal of the Notes in their
taxable income for Luxembourg income tax assessment purposes. Taxable gains are determined
as being the difference between the disposal price (including accrued but unpaid interest) and the
lower of the cost or book value of the Notes disposed of.

**Luxembourg Corporate Residents**

Luxembourg corporate Holders of Notes must include any interest received or accrued, as well as
any gain realised on the disposal in any form whatsoever of the notes in their taxable income for
Luxembourg income tax assessment purposes. Taxable gains are determined as being the
difference between the disposal price (including accrued but unpaid interest) and the lower of the
cost or book value of the Notes disposed of.

**Luxembourg Residents Benefiting from a Special Tax Regime**

Luxembourg Holders of the Notes who benefit from a special tax regime, such as, for example, (i)
undertakings for collective investment subject to the law of 17 December 2010 or (ii) specialized
investment funds subject to the amended law of 13 February 2007 or (iii) family wealth
management companies governed by the amended law of 11 May 2007, are exempt from income
taxes in Luxembourg and thus income derived from the Notes as well as gains realized thereon,
are not subject to income taxes.

**Income taxation with respect to the W&C Securities**

The Luxembourg income tax consequences to a Holder of acquiring, holding and disposing of
W&C Securities that are considered debt for Luxembourg tax purposes, will, except as otherwise
indicated in the applicable Pricing Supplement or Drawdown Prospectus, as appropriate,
generally be as described above under the heading “Income Taxation with respect to the Notes”.

**Net Wealth Tax**

Luxembourg resident Holders of the Securities and non-resident Holders of the Securities, who
have a permanent establishment or a permanent representative in Luxembourg to which the
Securities are attributable, may be subject to Luxembourg net wealth tax on such Securities,
except if the Holder of the Securities is (i) a resident or non-resident individual taxpayer, (ii) an
undertaking for collective investment subject to the law of 17 December 2010, (iii) a securitization
company governed by the amended law of 22 March 2004 on securitisation, (iv) a company
governed by the amended law of 15 June 2004 on venture capital vehicles or (v) a specialized
investment fund governed by the amended law of 13 February 2007 or (vi) a family wealth

**Other Taxes**

There is no Luxembourg registration tax, stamp duty or any other similar tax or duty payable in
Luxembourg by the Holders of the Securities as a consequence of the issuance of the Securities
nor will any of these taxes be payable as a consequence of a subsequent transfer of redemption,
repurchase or settlement of the Securities, unless registered with the Luxembourg registration
authorities (which is generally not mandatory unless evidenced by notarial deed).

Under current Luxembourg tax law, where an individual Holder of the Securities is a resident for
inheritance tax purposes of Luxembourg at the time of his/her death, the Securities are included
in his/her taxable estate for inheritance tax purposes. Gift tax may be due on a gift or donation of
Securities if the gift is recorded in a deed passed in front of a Luxembourg notary or otherwise
registered in Luxembourg.

**Taxation in the Netherlands**

The following information is of a general nature only and solely for preliminary information
purposes. It is a general description of the major tax consequences under Dutch law as of the
date of this Base Prospectus. It does not purport to be a comprehensive description of all Dutch
tax considerations that might be relevant to an investment decision or to all categories of
investors, some which (such as Holders that are subject to taxation in Bonaire, St. Eustatius and
Saba) may be subject to special rules. It may not include certain tax considerations which arise
from rules of general application or are assumed to be generally known by Holders of Securities.
This summary is based on the laws in force in the Netherlands on the date of this Base
Prospectus and is subject to any changes in law, court decisions, changes of the administrative
practice or other changes that may be made after such date. The Netherlands means the part of
the Kingdom of the Netherlands that is located in Europe. The following information is neither
intended to be, nor should be regarded as, legal or tax advice. Prospective Holders should
consult their tax and legal advisors as to the particular legal consequences which may arise from
the laws applicable to them.

**Withholding tax**

All payments made by the Issuer under the Securities can be made free of withholding or
deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld or
assessed by the Netherlands or any political subdivision or taxing authority of or in the
Netherlands.

**Taxation of interest income and capital gains**

The summary in this section does not describe the Dutch tax consequences for:

- Holders, if such holders, and in the case of individuals, his/her partner or certain of
  their relatives by blood or marriage in the direct line (including foster children) have a
  substantial interest or a deemed substantial interest in the Issuer as defined in the
Dutch Income Tax Act 2001 (Wet inkomstenbelasting 2001). Generally, a Holder of Securities in a company is considered to hold a substantial interest in such company, if such Holder, alone or, in case of individuals, together with his/her partner (as defined in the Dutch Income Tax Act 2001), directly or indirectly, holds (i) an interest of 5% or more of the total issued and outstanding capital of that company or of 5% or more of the issued and outstanding capital of a certain class of shares of that company; or (ii) holds rights to acquire, directly or indirectly, such interest; or (iii) holds certain profit sharing rights in that company that relate to 5% or more of the company’s annual profits and/or to 5% or more of the company's liquidation proceeds. A deemed substantial profit exists if a substantial interest (or part thereof) in a company has been disposed of, or is deemed to have been disposed of, on a non-recognition basis;

- pension funds, investment institutions (fiscale beleggingsinstelling), exempt investment institutions (vrijgestelde beleggingsinstelling) as defined in the Dutch Corporate Income Tax Act 1969 (Wet op de vennootschapsbelasting 1969) and other entities that are exempt from Dutch corporate income tax; and

- who receive or have received the Securities as employment income, deemed employment income or receive benefits from the Securities as a remuneration or deemed remuneration for activities performed by such holders of certain individuals related to such Holders (as defined in the Dutch Income Tax Act 2001).

Residents of the Netherlands

Generally, if a Holder is an entity that is a resident or deemed to be resident of the Netherlands for Dutch corporate income tax purposes, any payment under the Securities or any gain or loss realized on the disposal or deemed disposal of the Securities, is subject to Dutch corporate income tax at a rate of 25% (a rate of 20% applies with respect to taxable profits up to €200,000).

If a Holder is an individual, resident or deemed to be resident of the Netherlands for Dutch income tax purposes (including the non-resident individual holder who has made an election for the application of the rules of the Dutch Income Tax Act 2001 as they apply to residents of the Netherlands), any payment under the Securities or any gain realized on the disposal or deemed disposal of the Securities is taxable at the progressive income tax rates (with a maximum of 52%), if:

(a) the Securities are attributable to an enterprise from which the Holder derives a share of the profit, whether as an entrepreneur or as a person who has a co-entitlement to the net worth of such enterprise; or

(b) the Holder is considered to perform activities with respect to the Securities that go beyond ordinary asset management (normaal actief vermogensbeheer) or derives benefits from the Securities that are (otherwise) taxable as benefits from other activities (resultaat uit overige werkzaamheden).
If the above-mentioned conditions (a) and (b) do not apply to the individual Holder, such Holder will be taxed annually on a deemed income of 4% of his/her net investment assets for the year at a tax rate of 30%. The net investment assets for the year is the fair market value of the investment assets less the qualifying liabilities on 1 January of the relevant calendar year. The Securities are included as investment assets. A tax free allowance may be available. An actual gain or loss in respect of the Securities is as such not subject to Dutch income tax.

**Non-residents of the Netherlands**

A Holder that is neither a resident nor deemed to be a resident of the Netherlands (and, if such Holder is an individual, such Holder not made an election to be taxed as a resident of the Netherlands for Dutch tax purposes), will not be subject to Dutch taxes on income or capital gains in respect of any payment under the Securities or in respect of any gain or loss realized on the disposal or deemed disposal or redemption of the Securities, provided that:

(a) the Securitiesholder does not have an enterprise or an interest in an enterprise (as defined in the Dutch Income Tax Act 2001 and the Dutch Corporate Income Tax Act 1969) which is, in whole or in part, either effectively managed in the Netherlands or carried on through a (deemed) permanent establishment, or a permanent representative in the Netherlands and to which enterprise or part of an enterprise the Securities are attributable; and

(b) the Holder is not an individual who derives any income or gain from the Securities which income or gain otherwise qualifies as income from miscellaneous activities (resultaat uit overige werkzaamheden) in the Netherlands as defined in the Netherlands Income Tax Act 2001.

**Gift, estate and inheritance taxes**

No Dutch gift, estate or inheritance taxes will arise on the occasion of the acquisition of Securities by way of gift by, or on the death of, a Holder who is neither resident nor deemed to be resident in the Netherlands, unless:

(a) in the case of gift of a Security by any individual who, at the date of gift, was neither a resident nor deemed to be a resident in the Netherlands, such individual dies within 180 days after the date of gift, while being resident or deemed resident in the Netherlands; or

(b) the transfer of a Security is otherwise construed as a gift or inheritance made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in the Netherlands.

For purposes of the above, a gift of a Security made under a condition precedent is deemed to be made at the time the condition precedent is satisfied.

**Other taxes and duties**
No Dutch registration tax, transfer tax, stamp duty or any other similar tax or duty is by the Issuer or the Holder by reason only of the issue, acquisition or transfer of the Securities.

**Swedish Taxation**

The following summary outlines certain Swedish tax consequences relating to holders of Securities that are considered to be Swedish residents for Swedish tax purposes. The summary is based on the laws of Sweden as currently in effect and is intended to provide general information only. The summary does not address the rules regarding reporting obligations for, among others, payers of interest. Further, the summary does not address credit of foreign taxes. Investors should consult their professional tax advisors regarding the Swedish tax and other tax consequences (including the applicability and effect of tax treaties for the avoidance of double taxation) of acquiring, owning and disposing of Securities in their particular circumstances.

**Holders resident in Sweden**

Generally, for Swedish corporations and private individuals (and estates of deceased individuals) with residence in Sweden for Swedish tax purposes, all capital income (e.g. income that is considered to be interest for Swedish tax purposes and capital gains on Securities) will be taxable. Specific tax consequences, however, may be applicable to certain categories of corporations, e.g. life insurance companies. Further, specific tax consequences may be applicable if, and to the extent, a holder of Securities realizes a capital loss on the Securities and to any currency exchange gains or losses.

If amounts that are considered to be interest for Swedish tax purposes are paid by Euroclear Sweden or by another legal entity domiciled in Sweden, including a Swedish branch, to a private individual (or an estate of a deceased individual) with residence in Sweden for Swedish tax purposes, Swedish preliminary taxes are normally withheld by Euroclear Sweden or the legal entity on such payments. Swedish preliminary taxes should normally be withheld also on other return on Securities (but not capital gains), if the return is paid out together with such a payment of interest referred to above.

**Swiss Taxation**

The following is a general summary of the Issuer's understanding of certain Swiss tax consequences in relation to dealings in the Securities according to the currently valid Swiss tax laws and the Swiss tax authorities' practice as at the date of this Base Prospectus. This outline is a summary and not exhaustive and does not take into consideration possible special circumstances of some investors. Tax laws and the tax authorities' practice may undergo changes (or their interpretation or application may change) and their validity might also be retroactive.

Holders and prospective holders of Securities are advised to consult with their tax advisers with respect to the Swiss tax consequences of the purchase, ownership, disposition, laps or exercise or redemption of a Security in light of their particular circumstances.
1. **General Information**

The Swiss tax treatment of notes, bonds and other financial instruments are primarily regulated pursuant to the conditions set forth in the Circular Letter no. 15 of the Federal Tax Administration regarding the treatment of Bonds and Derivatives Financial Instruments for the purpose of the Federal Income Tax, Federal Withholding Tax and Federal Stamp Duties, as published on February 7, 2007. These rules are usually also applied by the Cantonal and Communal tax authorities. It should be noted that the Swiss tax terms “notes” and “bonds” are not consistent with the corresponding terms stipulated by Swiss security laws and the international or foreign understanding of such terms.

2. **Federal Stamp Duties**

2.1 **Issue Stamp Tax ("Emissionsabgabe")**

The issuance of Securities issued by a foreign resident issuer is in general not subject to Issue Stamp Tax ("Emissionsabgabe").

2.2 **Securities Transfer Tax ("Umsatzabgabe")**

Secondary market transactions of Securities which, due to specific features, are considered as (debt) financing instruments, share-like or fund-like products for purposes of Swiss tax law are subject to the Securities Transfer Tax (i) of up to 0.15% in the case of a Security which has been issued by a Swiss resident issuer or (ii) of up to 0.3% in the case of a Security which has been issued by an issuer resident abroad, provided in both cases that a Swiss securities dealer ("Effektenhändler"), as defined in art. 13 para. 3 of the Swiss Federal Act on Stamp Duties ("Stempelabgabengesetz"), is a party to the securities transaction or acts as an intermediary thereto. Furthermore, the issuance of a Security which is considered as a fund-like product for Swiss tax purposes is in general also subject to the Securities Transfer Tax. If upon the exercise or redemption of a Security an underlying security is delivered to the holder of the Security, the transfer of the underlying security may be subject to Securities Transfer Tax. Certain exemptions may, inter alia, apply with regard to institutional investors such as mutual funds, life insurance companies and social security institutions.

3. **Federal Withholding Tax ("Verrechnungssteuer")**

Securities issued by a foreign resident issuer are in general not subject to Federal withholding tax.

Payments or credits of (deemed) interest or dividends on a Security issued by a Swiss resident issuer may be subject to Federal withholding tax at a rate of 35%. This may apply likewise to payments or credits of yield from Securities which classify for tax purposes as fund-like products.

The holder of a Security who is resident in Switzerland may be entitled to a full refund of or a full tax credit for the Federal withholding tax, subject to conditions being met.

A non Swiss resident holder of a Security may be able to claim a full or partial refund of the Federal withholding tax if such a holder is entitled to claim the benefits with regard to such a payment of a double taxation treaty between Switzerland and his or her country of residence.
4. Federal Income Tax ("Direkte Bundessteuer")

4.1 Income Taxation of Securities Held by Private Investors (Individuals) with Tax Residence in Switzerland as Part of Private Property

Gains or losses realised upon a sale or other disposition by individuals holding a Security as part of their private property (private capital gains or losses) are in general not subject to income taxation or are not deductible from taxable income respectively. Capital gains may, however, be subject to income taxation, if a Security or a distinguishable part thereof qualifies as a bond where the predominant part of the annual yield is paid in a one time payment ("überwiegende Einmalverzinsung"). Losses arising from predominant one time interest paying bonds may be deducted from gains from similar instruments in the same tax period.

Gains or losses realised by buying or selling Securities which are considered for Swiss tax purposes as pure derivatives (options and futures) are not subject to income tax as they are considered as tax-exempt capital gains or losses.

Income derived from a Security which is neither a private capital gain, as set out above, nor a repayment of paid in capital (or face value in case of shares) is generally subject to income tax. This applies, inter alia, to any issuance discount, repayment premium, other guaranteed payments (besides repayment of capital or option premium) or any combination thereof. Payments or credits received by a holder because of dividends, interest etc. of the underlying may be subject to income tax for such a holder. This may apply likewise to payments or credits derived from underlying funds.

The specific income tax treatment of a Security is depending on certain features of the Security such as pay-off structure, underlying, term, guaranteed coupon payments, capital protection etc. Some Securities may be divided into taxable bond and a tax-exempt option (or combinations of options) provided that the Security is for Swiss tax purposes made transparent by the issuer. Under the condition of transparency, the option premium paid by the issuer is exempt from income taxation. In this case the taxation is limited to the interest of the bond part which would have been paid for an investment in a comparable straight bond of the same issuer with a similar term and the same currency at market conditions. If the interest part of the Security is paid as a one-time compensation, the so-called "modifizierte Differenzbesteuerung" may apply in each case of pre-maturity sale or redemption of the Security. If a Security is not made transparent for Swiss tax purposes (only if the security needs to be transparent for Swiss tax purposes) the total payment to the investor (except the repayment of the invested capital) could be considered as taxable income.

For Swiss resident investors the taxable income needs to be converted into Swiss Francs. Therefore, for all Securities which are not issued in CHF, any change of the exchange rate to the Swiss Francs has an influence on the taxable income.
4.2 Income Taxation of Securities Held by Swiss Resident Entities or Individuals as Part of Business Property

Income of any kind realised from and losses incurred for business reasons on Securities as part of the business property of individuals (including deemed securities dealers due to frequent dealing, debt financing and similar criteria ("Wertschriftenhändler")) or entities resident in Switzerland are subject to personal income tax or corporate income tax respectively as a part of the overall net income.

5. Wealth Taxation of Products Held by Swiss Resident Individuals

Market value of Securities may be subject to wealth tax levied on overall net wealth of Swiss resident individuals, regardless of whether the Security are held as part of the private or business property.

On October 26, 2004, the European Community and Switzerland entered into an agreement on the taxation of savings income pursuant to which Switzerland adopts measures equivalent to those of the European Directive 2003/48/EC of June 3, 2003 on the taxation of savings income in the form of interest payments (see section “EU Savings Directive” below). The agreement came into force as of July 1, 2005.

On the basis of this agreement, Switzerland introduced a withholding tax on interest payments and other similar income paid by a paying agent within Switzerland to an individual resident in an EU member state. The withholding tax is withheld at a rate of 15% for the first three years beginning with July 1, 2005, 20% for the next three years and 35% thereafter, with the option of such an individual to have the paying agent and Switzerland provide to the tax authorities of the Member State details of the payments in lieu of the withholding. The beneficial owner of the interest payments may be entitled to a tax credit or refund of the withholding, if any, provided that certain conditions are met.

7. Final Withholding Tax

In autumn 2011 and April 2012, Switzerland signed bilateral withholding tax agreements with the United Kingdom and Austria. Both agreements entered into force on January 1, 2013. The implementation of the withholding tax agreements are governed by the Federal Act on International Withholding Tax (IWTA), which was brought into force by the Federal Council on December 20, 2012. On the basis of these withholding tax agreements, Switzerland introduced a final withholding tax on investment income and capital gains.

For paying agents in Switzerland, the Securities may be subject to the final withholding tax, if they are held directly or indirectly by a relevant person resident in the United Kingdom or in Austria.

Negotiations on similar agreements are under way with Greece and Italy. Other countries both within and outside of Europe have also shown an interest in such agreements.

Foreign Account Tax Compliance Act
Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("FATCA") impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or "FFI" (as defined by FATCA)) that does not become a "Participating FFI" and (ii) any investor that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States Account" of the Issuer (a "Recalcitrant Holder"). A Participating FFI is an FFI that enters into an agreement with the U.S. Internal Revenue Service ("IRS") to provide the IRS with certain information in respect of its account holders and investors. The Issuer is classified as an FFI.

The new withholding regime will be phased in beginning January 1, 2014 for payments from sources within the United States and will apply to "foreign passthru payments" (a term not yet defined) no earlier than January 1, 2017. This withholding would potentially apply to payments in respect of: (i) any Securities having a fixed term and not characterized as equity obligations for U.S. federal tax purposes that are issued on or after the "grandfathering date"; (ii) any Securities characterized as equity obligations; and (iii) any Securities that do not have a fixed term. The grandfathering date will be one of three dates, depending upon the precise nature of the Securities. The earliest possible grandfathering date is January 1, 2014; and the latest possible grandfathering date is the latter of (i) the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register and (ii) January 1, 2017. "Grandfathered Securities" are Securities that (i) have a fixed term; (2) are not characterized as equity obligations for U.S. federal tax purposes; and (3) are issued prior to the grandfathering date. Payments on Grandfathered Securities will cease to be exempt from withholding under FATCA if the Securities are materially modified on or after the applicable grandfathering date. If additional Securities of the same series as Grandfathered Securities are issued on or after the applicable grandfathering date, the additional Securities may not be treated as Grandfathered Securities, which may have negative consequences for the Grandfathered Securities of such series, including a negative impact on market price.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an "IGA"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, to the extent an FFI is operating in an IGA signatory country, the FFI could be treated as a "Reporting FI" not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would generally not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "FATCA Withholding") from payments it makes (unless it has agreed to do so under the U.S. "qualified intermediary," "withholding foreign partnership," or "withholding foreign trust" regimes). The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, regardless of any withholding performed, a Reporting FI would still be required to report certain information in respect of its account holders and investors to the relevant IGA signatory country or to the IRS, as applicable. Information provided to an IGA signatory country by a Reporting FI pursuant to the requirements of an IGA (or any law implementing an IGA) would be provided by such country to the IRS.
The Issuer and financial institutions through which payments on the Securities are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Securities is made does not provide proper documentation establishing that it is a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

If an amount in respect of FATCA Withholding were to be deducted or withheld from interest, principal or other payments made in respect of the Securities, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Securities, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest, principal or other payments made in respect of the Securities than expected.

Whilst the Securities are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Securities by the Issuer, any paying agent and the common depositary or common safekeeper, as the case may be, given that each of the entities in the payment chain beginning with the Issuer and ending with the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Securities. The documentation expressly contemplates the possibility that the Securities may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Securities will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Securities.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

Portuguese Taxation

The statements herein regarding taxation are based on the laws in force in Portugal as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which could be made on a retroactive basis. The statements relate only to the position of persons who are final beneficial owners of the Securities and considered as tax residents in Portugal or as non-residents with a permanent establishment to whom income is attributable and does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities issued under the
Programme. Prospective purchaser of Securities should consult their tax advisers as to the overall consequences of their ownership of Securities.

The references to “investment income”, “interest” and “capital gains” in the paragraphs below mean “investment income”, “interest” and “capital gains” as treated under Portuguese tax law.

1. General Information

The taxation of structured securities depends on their domestic qualification for Portuguese tax purposes. Income derived from the holding (distributions) and disposal of Notes should be generally subject to the Portuguese tax regime for debt securities (obrigações). Income arising from the exercise and disposal of autonomous warrants (warrants autónomos) should generally qualify as a capital gain subject to Portuguese income tax. Income arising from the exercise and disposal of Certificates (certificados) should be generally subject to the Portuguese tax regime for certificates, which qualify the income as: (i) investment income for certificates that guarantee the certificate holder the right to receive a minimum return above the capital invested, or (ii) capital gain in all other circumstances (namely for certificates that grant the Holder the right to receive the value of a certain underlying asset).

2. Tax treatment of the Securities qualifying as Notes or Certificates

2.1 Resident Individuals or Individuals with Permanent Establishment in Portugal

Interest or other investment income (including the remuneration received on the exercise of Certificates that entitle the Holder to receive a predetermined amount higher than the subscription value) made available to Portuguese resident individuals is subject to Personal Income Tax (PIT). Payments of interest or other investment income made to resident individuals by a Portuguese paying agent (which may be either a Portuguese resident entity or a Portuguese permanent establishment of a foreign entity) are subject to final withholding tax at a 28 per cent rate.

Foreign sourced interests or other investment income made available to Portuguese resident individuals without a Portuguese paying agent (i.e. not subject to withholding tax) may be taxed at the special flat rate of 28 per cent.

If the Issuer is resident in a country, territory or region subject to a clearly more favourable tax regime, as listed in the Ministerial Order 150/2004 of 13 February (as amended by Ministerial Order 292/2011 of 8 November 2011), the tax rate is increased to 35 per cent.

Upon election by the taxpayer, interest income may be aggregated with all other items of income and subject to tax at progressive rates up to 48 per cent. Additional income tax will be due on the part of the taxable income exceeding Euro 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding Euro 80,000 up to Euro 250,000 and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding Euro 250,000 (levied upon option of aggregation of the interest income).

Any withholding tax levied on such interests is considered a payment in account of the tax finally due and payable.

Resident beneficiaries are entitled under certain circumstances to claim an appropriate credit for any foreign withholding tax against their personal income tax liability.
The final withholding tax rate is increased to 35 per cent. when interests are paid or made available by a local paying agent to accounts opened in the name of one or more account holders on behalf of undisclosed third parties, unless the beneficial owner of such income is identified, in which case the general rules described above apply.

The positive balance of capital gains and losses on the sale of Notes (and other securities) assessed at year end is taxed at a special rate of 28 per cent, except when the taxpayer elects to aggregate such income and be taxed at progressive rates up to 48 per cent. Additional income tax will be due on the part of the taxable income exceeding Euro 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding Euro 80,000 up to Euro 250,000 and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding Euro 250,000 (levied upon option of aggregation of the capital gains income). For 2013, a 3.5% extraordinary surtax is also levied (including on any capital gains derived from the sale of Notes and regardless of the option of aggregation).

The computation of the annual balance of gains and losses for PIT purposes does not include losses arising from transactions entered into with counterparts resident in a country, territory or region subject to a favourable tax regime, listed in Ministerial Order 150/2004 of 13 February (as amended by Ministerial Order 292/2011 of 8 November 2011).

Gratuitous acquisitions of notes issued by a foreign entity by resident individuals are not subject to stamp tax.

There is no wealth or estate tax in Portugal.

2.2 Non-habitual resident individuals

Non-habitual resident individuals in Portugal may be exempt from on investment income arising from the Notes or Certificates issued by non-resident entities, under certain circumstances.

2.3 Resident Companies or Non-Resident Companies with a Permanent Establishment in Portugal

Interest and other investment income as well as capital gains income derived from the holding or transfer of the Notes by resident corporate taxpayers and Portuguese permanent establishments of non-resident corporate taxpayers to which the income or gains is attributable is included in their taxable profit and subject to Corporate Income Tax (CIT). A CIT exemption may apply to specific entities (such as pension funds, retirement and/or education savings funds, share savings funds and venture capital funds constituted under the laws of Portugal).

Portuguese CIT is generally levied at a 25 per cent. rate, to which may be added a municipal surtax (derrama municipal) up to 1.5 per cent. levied on taxable profits (depending on the municipality of the activities), as well as a state surtax (derrama estadual) of 3 per cent. on taxable profits of the company exceeding Euro 1,500,000 and a state surtax of 5 per cent. on taxable profits exceeding Euro 7,500,000.

Resident beneficiaries are entitled to claim an appropriate credit for any foreign withholding tax against their final corporate income tax liability.
The gratuitous acquisition of Notes by a Portuguese resident company or a Portuguese permanent establishment of a non-resident entity is taxable in accordance with general CIT rules set out above.

2.4 Non-Resident individuals or companies without a Permanent Establishment in Portugal

Interest, other investment income or principal payments on the Notes made to a non-resident individual or corporate entity without a Portuguese permanent establishment to which such income is attributable is not subject to Portuguese income taxes.

Capital gains income derived by a non-resident individual or corporate entity without a Portuguese permanent establishment to which such income is attributable is not subject to Portuguese income taxes.

3. Portuguese taxation of Securities qualifying as derivative: W&C Securities

3.1 Resident Individuals or Individuals with Permanent Establishment in Portugal

The following regime may apply to payments or premium deriving from Securities that (i) do not qualify as notes debt securities (obrigações) or certificates that guarantee the certificate holder the right to receive a minimum return above the capital invested (certificados) and (ii) do not generate investment income pursuant to the Portuguese Income Tax. Securities falling within this category are referred to as "W&C Securities".

There is no Portuguese withholding tax on capital gains. Gains obtained from the exercise or disposal of Warrants and transactions related to Certificates that entitle the Holder to receive the value of a certain underlying asset (with the exception of the remuneration arising from Certificates that guarantee the Holder the right to receive a minimum value in excess of the subscription value) derived by an individual resident in Portugal for tax purposes are subject to Portuguese capital gains taxation. A CIT exemption may apply to specific entities (such as pension funds, retirement and/or education savings funds, share savings funds and venture capital funds constituted under the laws of Portugal).

There is no Portuguese withholding tax on capital gains.

The positive balance of capital gains and losses on the sale of W&C Securities assessed at year end is taxed at a special rate of 28 per cent, except when the taxpayer elects to aggregate such income and be taxed at progressive rates up to 48 per cent. Additional income tax will be due on the part of the taxable income exceeding Euro 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding Euro 80,000 up to Euro 250,000 and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding Euro 250,000 (levied upon option of aggregation of the capital gains income). For 2013, a 3.5% extraordinary surtax is also levied (including on any capital gains derived from the sale of W&C Securities and regardless of the option of aggregation).

The computation of the annual balance of gains and losses for PIT purposes does not include losses arising from transactions entered into with counterparts resident in a country, territory or region subject to a favourable tax regime, listed in Ministerial Order 150/2004 of 13 February (as amended by Ministerial Order 292/2011 of 8 November 2011).
Accrued interest qualifies as interest for tax purposes and is taxed as investment income.

Gratuitous acquisitions of W&C Securities issued by a foreign entity by resident individuals are not subject to stamp tax.

There is no wealth or estate tax in Portugal.

3.2 Non-habitual resident individuals

Non-habitual resident individuals in Portugal are generally taxable on capital gains income arising from the holding or transfer of the W&C Securities, in which case the general tax rules for resident individuals will apply.

3.3 Resident Companies or Non-Resident Companies with a Permanent Establishment in Portugal

Any capital gains income (or other financial income) derived from the holding or transfer of the W&C Securities by resident corporate taxpayers and Portuguese permanent establishments of non-resident corporate taxpayers to which the income or gains is attributable is included in their taxable profit and subject to Corporate Income Tax (CIT).

Portuguese CIT is generally levied at a 25 per cent. rate, to which may be added a municipal surtax (derrama municipal) up to 1.5 per cent. levied on taxable profits (depending on the municipality of the activities), as well as a state surtax (derrama estadual) of 3 per cent. on taxable profits of the company exceeding Euro 1,500,000 and a state surtax of 5 per cent. on taxable profits exceeding Euro 7,500,000.

The gratuitous acquisition of Notes by a Portuguese resident company or a Portuguese permanent establishment of a non-resident entity is taxable in accordance with general CIT rules set out above.

3.4 Non-Resident individuals or companies without a Permanent Establishment in Portugal

Capital gains income or other investment income derived from the transfer of W&C Securities by a non-resident individual or corporate entity without a Portuguese permanent establishment to which such income is attributable is not subject to Portuguese income taxes.

4. Portuguese implementation of the EU Savings Tax Directive

Under EU Savings Directive, each Member State is required to provide to the tax authorities of another member state details of payments of interest or other similar income paid by a paying agent within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State. Portugal has implemented EU Savings Tax Directive into Portuguese law through Decree-Law 62/2005, of 11 March 2005, as amended by Law 39-A/2005, of 29 July 2005. Under the implementing provisions, subject to certain conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Portuguese qualified paying agents shall report to the Portuguese Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Portuguese
Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

Spanish Taxation

The following summary is a general description of certain Spanish tax considerations relating to the purchase, holding, redemption and disposition of the Securities and does not purport to be a comprehensive description of all tax considerations that may be relevant to a decision to acquire or dispose of the Securities. This section is based upon the laws, regulations and administration and judicial interpretations presently in force in Spain, and is subject to any change that may take effect in the future. This summary does not purport to deal with all aspects of taxation that may be relevant to investors in the light of their individual circumstances, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors should consult their own tax advisors with respect to the tax consequences of purchasing, holding, redeeming or disposing of the Securities.

Please be aware that the residence concept used under the respective headings below applies for Spanish income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature refers to Spanish law and/or concepts only. Also, please note that a reference to Spanish income tax encompasses corporate income tax (Impuesto sobre Sociedades) as well as personal income tax (Impuesto sobre la Renta de las Personas Físicas) generally. Investors may further be subject to other duties, levies or taxes.

Notes

1. Individuals with Tax Residence in Spain

(i) Interest on the Notes and Disposal of the Notes

Both interest received and income derived from the transfer, redemption or reimbursement of the Notes constitute a return on investment obtained from the transfer of a person’s own capital to third parties in accordance with the provisions of Section 25 of the Personal Income Tax (“PIT”) Law (Law 35/2006, of November 28, 2006), and therefore will form part of the savings income tax base and will be taxed at a flat rate of 21% on the first €6,000 portion of the savings income, at a 25% flat rate on any amount ranging between €6,001 and €18,000 and at a 27% flat rate on any amount exceeding such €18,000 threshold.

In the event that such interest or the income derived from the transfer, redemption or reimbursement of the Notes becomes subject to withholding tax in a country other than Spain, individuals with tax residence in Spain should be entitled to a tax credit for the avoidance of double taxation when determining their tax liability, in accordance with (i) the provisions of the PIT Law or, (ii) if such were the case, a tax treaty in force signed by Spain.

(ii) Spanish Withholding Tax on the Notes
Even though the Issuer is not a Spanish tax resident entity, a withholding at a 21% rate is applicable on interest payments made to individual Spanish holders in the event the Notes are deposited before or managed by Spanish-resident entities or persons or by non-resident entities or persons operating in the Spanish territory through a permanent establishment or if the above-mentioned persons or entities have been entrusted with the collection of the income derived from the Securities, provided that such income has not been previously subject to withholding tax in Spain. In addition, income obtained upon transfer or redemption of the Notes may also be subject to PIT withholdings.

In any event, individual Spanish holders may credit the withholding against their final PIT liability for the relevant fiscal year.

2. Corporations Resident in Spain for Tax Purposes or Permanent Establishments in Spain of Non-Spanish Tax Residents

(i) Interest on the Notes

Under Spanish law, interest collected by a Spanish resident holder of the Notes is subject to Corporate Income Tax (“CIT”) and if obtained by a permanent establishment in Spain of Non-Spanish Tax residents to Non-Residents’ Income Tax (“NRIT”) at the relevant tax rates (30% as a general rule).

In the event that such interest becomes subject to withholding tax in a country other than Spain, Spanish tax resident corporations should be entitled to a tax credit for the avoidance of double taxation when determining their tax liability, in accordance with (i) the provisions of the CIT Law (approved by Legislative Royal Decree 4/2004, of March 5, 2004) or, (ii) if such were the case, a tax treaty in force signed by Spain.

In addition, in accordance with the NRIT Law (approved by Legislative Royal-Decree, of March 5, 2004), permanent establishments in Spain of non-Spanish tax residents would also be entitled to apply a tax credit to avoid double taxation on interest payments.

(ii) Disposal of the Notes

As a general rule, a disposal, whether in the form of a transfer, redemption or reimbursement, of the Notes by a Spanish holder may give rise to a taxable income or an allowable loss for the purposes of either CIT or NRIT, as the case may be, at the relevant applicable tax rate (30% as a general rule).

If for any reason a Spanish tax resident corporation or permanent establishment in Spain of a Non-Spanish Tax residents is subject to tax in a country other than Spain, on the income it obtains upon the disposal of the Notes, it will be entitled to a tax credit for the avoidance of double taxation when determining their tax liability, in accordance with (i) the provisions of the CIT Law or, (ii) if such were the case, a tax treaty in force signed by Spain.

(iii) Spanish Withholding Tax on the Notes

No withholding on account of Spanish CIT or NRIT is levied in Spain on any income arising from Notes held by a Spanish holder that is a corporation or a permanent
establishment in Spain of a non-Spanish tax resident, if the Notes are traded on an OECD country’s official stock market.

However, the financial institution (only if resident in Spain or acting through a permanent establishment in Spain) acting as paying agent or intervening in any transfer, redemption or refund of the Notes will be obliged to calculate the taxable income of the Spanish holder arising from the relevant transaction and to report such income to the Spanish holder and to the Spanish tax authorities. In addition, the financial institution must provide the Spanish tax authorities with information regarding the persons participating in the transaction.

If the Notes are not traded on an OECD country’s official stock market and the Notes are deposited with or managed by a financial institution resident in Spain, or acting through a permanent establishment in Spain, in accordance with the Spanish tax laws in force, the financial institution, acting as depositary or manager of such Notes, will be responsible for making the relevant Spanish withholding on account of tax on any payment to a Spanish holder deriving from the Notes at the corresponding withholding tax rate (currently 21%). It should be noted that the financial institution acting as custodian or manager of the Notes may become obliged to comply with the formalities contained in the Spanish CIT Regulations when intervening in the repayment and/or transfer of the Notes.

3. Holders Not Resident in Spain without a Permanent Establishment

If Holders of the Notes are not resident for tax purposes in Spain and do not obtain the income through a permanent establishment located in Spain, they will normally not be subject to Spanish taxation in respect to income realised in connection with the Notes, unless it could be considered as Spanish-source income, such as when interest is deemed remuneration relating to capital used within the Spanish territory.

In such a situation, the Holder of the Notes could also apply (i) the tax rate applicable under a treaty for the avoidance of double taxation with Spain or (ii) any exemption foreseen in the Spanish Non-Resident Income Tax legislation, if applicable, and provided that corresponding formal requirements are met.

**W&C Securities**

The following regime may apply to income derived from W&C Securities to the extent that securities falling within such category do not generate income obtained from the transfer of a person’s own capital to third parties, for Spanish purposes, pursuant to Article 25 of PIT.

1. **Individuals with Tax Residence in Spain**

Capital gains realized by individuals tax resident in Spain and derived from W&C Securities that have been less than one year in the taxpayer’s wealth will be taxed as general income. Capital gains derived from W&C Securities that have been more than one year in the taxpayer’s wealth are considered savings income and therefore will be taxed at a flat rate of 21% on the first €6,000 portion of the savings income, at a 25% flat rate on any amount ranging between €6,001 and €18,000 and at a 27% flat rate on any amount exceeding such €18,000 threshold.

"-576-"
2. Corporations Resident in Spain for Tax Purposes or Permanent Establishments in Spain of Non-Spanish Tax Residents

Capital gains realized by Spanish Corporate Income Tax, taxpayers shall be computed as taxable income in accordance with the general rules set out in the Corporate Income Tax Law and will therefore be taxed at the corresponding tax rate (30% as a general rule).

Capital gains realized by non-Spanish tax resident Holders acting through a permanent establishment in Spain in respect of the W&C Securities will be taxed under the rules provided by Chapter III of the Non-Resident Income Tax Law. These Holders will be subject to taxation substantially in the same manner as Spanish Corporate Income Tax taxpayers.

3. Holders Not Resident in Spain without a Permanent Establishment

Capital gains realized by Holders non-resident in Spain for tax purposes and derived from W&C Securities shall not be subject to Spanish Non-resident Income Tax.

Wealth Tax

Individuals who are resident in Spain for tax purposes are subject to Wealth Tax in the tax year 2013 to the extent that their net worth exceeds €700,000. Therefore they should take into account the value of the Securities which they hold as at December 31, 2013 and the Laws and Regulations in force in each Autonomous Region.

Individuals not resident in Spain for tax purposes shall not be subject to Wealth Tax in Spain to the extent that the Securities do not provide rights that can be exercised within the Spanish territory.

Legal entities are not subject to Wealth Tax.

Inheritance and Gift Tax

Individuals who are resident in Spain for tax purposes that acquire ownership or other rights over any Securities by inheritance, gift or legacy will be subject to the Spanish Inheritance and Gift Tax in accordance with the applicable Spanish regional and State rules. The applicable tax rates range between 0 per cent and 81.6 per cent, depending on relevant factors.

Legal entities which are resident in Spain for tax purposes that acquire ownership or other rights over any Securities by inheritance, gift or legacy are not subject to the Spanish Inheritance and Gift Tax but must include the market value of the acquired Securities in their taxable income for Spanish Corporate Income Tax purposes.

Individuals not resident in Spain for tax purposes shall not be subject to Inheritance and Gift Tax in Spain to the extent that the Securities do not provide rights that can be exercised within the Spanish territory.

Irish Taxation
The following is a summary of the Irish withholding tax treatment of the Securities. The summary does not purport to be a comprehensive description of all of the Irish tax considerations that may be relevant to a decision to purchase, own or dispose of the Securities.

The summary is based upon the laws of Ireland and the published practices of the Revenue Commissioners of Ireland as in effect on the date of this Base Prospectus. Prospective investors in the Securities should consult their own advisers as to the Irish or other tax consequences of the purchase, beneficial ownership and disposition of the Securities including, in particular, the effect of any state or local law taxes, if applicable.

Irish Withholding Tax

Irish withholding tax applies to certain payments including payments of:

- Irish source yearly interest (yearly interest is interest that is capable of arising for a period in excess of one year);
- Irish source annual payments (annual payments are payments that are capable of being made for a period in excess of one year and are pure income-profit in the hands of the recipient); and
- Distributions (including interest that is treated as a distribution under Irish law) made by companies that are resident in Ireland for the purposes of Irish tax;

at the standard rate of income tax (currently 20 per cent).

On the basis that the Issuer is not resident in Ireland for the purposes of Irish tax, nor does the Issuer operate in Ireland through a branch or agency with which the issue of the Securities is connected, nor are the Securities held in Ireland through a depository or otherwise located in Ireland, then to the extent that payments of interest or annual payments arise on the Securities, such payments should not be regarded as payments having an Irish source for the purposes of Irish taxation.

Accordingly, the Issuer or any paying agent acting on behalf of the Issuer should not be obliged to deduct any amount on account of these Irish withholding taxes from payments made in connection with the Securities.

Separately, for as long as the Securities are quoted on a stock exchange, a purchaser of the Securities should not be obliged to deduct any amount on account of Irish tax from a payment made by it in connection with the purchase of the Securities.

Irish Encashment Tax

Payments on any Securities paid by a paying agent in Ireland or collected or realised by an agent in Ireland acting on behalf of the beneficial owner of Securities will be subject to Irish encashment tax at the standard rate of Irish tax (currently 20 per cent), unless it is proved, on a claim made in the required manner to the Revenue Commissioners of Ireland, that the beneficial owner of the Securities entitled to the interest or distribution is not resident in Ireland for the purposes of Irish tax and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be income of another person that is resident in Ireland.
EU Savings Tax Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "Savings Tax Directive"), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Austria and Luxembourg are instead required (unless during that period they elect otherwise – see below for Luxembourg) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories, including Switzerland, have adopted similar measures (a withholding system in the case of Switzerland).

In April 2013, the Luxembourg Government announced its intention to abolish the withholding system described above with effect from January 1, 2015, in favour of automatic information exchange under the Directive.

The European Commission has proposed certain amendments to the Savings Tax Directive; which may, if implemented, amend or broaden the scope of the requirements described above.

The proposed financial transactions tax

The European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in Securities (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Securities where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of Securities are advised to seek their own professional advice in relation to the FTT.
SUBSCRIPTION AND SALE

Securities may be sold from time to time by the Issuer to RBC Europe Limited (a "Dealer"). Securities may also be sold by the Issuer directly to institutions who are not Dealers. The arrangements under which Securities may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in a dealership agreement dated June 24, 2013 (as amended, supplemented or replaced from time to time, the "Dealership Agreement") and made between the Issuer and the Dealer. Any such agreement will, inter alia, make provision for the form and terms and conditions of the relevant Securities, the price at which such Securities will be purchased by the Dealer and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

RBC Europe Limited is an affiliate of the Bank.

Canada

The Securities have not been and will not be qualified for sale under the securities laws of any province or territory of Canada.

If the applicable Issue Terms specify "Canadian Sales Not Permitted", the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or distributed, and that it will not offer, sell or distribute, any Securities, directly or indirectly, in Canada or to, or for the benefit of any resident thereof.

If the applicable Issue Terms specify "Canadian Sales Permitted", the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has offered, sold or distributed, and that it will offer, sell or distribute, any Securities, in Canada in compliance with the securities laws of Canada or any province or territory thereof.

The Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will not distribute or deliver this Base Prospectus, any Issue Terms and, as applicable, any Drawdown Prospectus or any other offering material relating to the Securities in Canada in contravention of the securities laws of Canada or any province or territory thereof.

United States of America

Regulation S, Category 2, TEFRA D Rules apply, unless TEFRA D rules apply in accordance with usual Swiss practice or TEFRA C Rules are specified as applicable in the applicable Issue Terms (or Pricing Supplement in the case of Exempt Securities) or unless TEFRA Rules are specified to be not applicable.
The Securities and, in certain cases, any Entitlement have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”) or under any state securities laws, and trading in the Securities has not been approved by the United States Commodity Futures Trading Commission (the “CFTC”) under the United States Commodity Exchange Act, as amended (the “Commodity Exchange Act”).

No Securities of any series, or interests therein or Entitlement with respect thereto, may at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States of America (including the states and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction (the “United States”) or directly or indirectly offered, sold, resold, traded, pledged, redeemed, transferred or delivered to, or for the account or benefit of, any person who is (i) an individual who is a citizen or resident of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the CFTC’s regulations by virtue of its participants being non-U.S. Persons; or (vii) any other “U.S. Person” as such term may be defined in Rule 902(k) of Regulation S under the Securities Act of 1933, as amended (“Regulation S”) or in regulations adopted under the Commodity Exchange Act, as amended (a “U.S. Person”).

Offers, sales, resales or deliveries of Securities of any series, or interests therein or any Entitlement with respect thereto, directly or indirectly, in the United States or to, or for the account or benefit of U.S. Persons would constitute a violation of United States securities laws unless made in compliance with the registration requirements of the Securities Act or pursuant to an exemption therefrom. In addition, in the absence of relief from the CFTC, offers, sales, resales, trades or deliveries of Securities of any series, or interests therein or any Entitlement with respect thereto, directly or indirectly, in the United States or to, or for the account or benefit of, US Persons, may constitute a violation of United States law governing commodities trading. Consequently, any offer, sale, resale, trade, pledge, redemption, transfer or delivery of any Securities of any series, or interests therein or any Entitlement with respect thereto, made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised.

The Dealer has agreed and each further Dealer in respect of an issue of Securities will be required to agree that they will not at any time offer, sell, resell, trade, pledge, redeem, transfer or deliver, directly or indirectly, Securities of any series, or interests therein or any Entitlement with respect thereto, in the United States or to, or for the account or benefit of, any U.S. Person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any such U.S. Person. The Issuer will also be required to notify all initial Holders, and require that such notice be repeated to all subsequent Holders, that every person
exercising such Securities of any series, or interests therein or any Entitlement with respect thereto, will be required to represent that neither it nor any person on whose behalf it is acting is a U.S. Person.

The Dealer has further agreed and each further Dealer in respect of an issue of Securities will be required to agree that it, its affiliates, and any person acting on its or their behalf will not offer or sell the Securities at any time except in accordance with Rule 903 of Regulation S, and that neither it, its affiliates, nor any persons acting on its or their behalf will engage in any directed selling efforts with respect to the Securities and it and they will comply with the offering restrictions requirements of Regulation S. The terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until forty days after the commencement of the offering of Securities comprising any Tranche, any offer or sale of Securities within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Prior to the delivery of any Entitlement in respect of a Physical Delivery Security the holder thereof will be required to represent that, inter alia, he is not a U.S. Person, the Security was not redeemed on behalf of a U.S. Person and no cash, securities or other property have been or will be delivered within the United States or to, or the account or benefit of, a U.S. Person in connection with any exercise thereof (see Condition 9.02 in “Terms and Conditions of the Notes” and Condition 22.02 in “Terms and Conditions of the W&C Securities”).

Notes in bearer form and W&C Securities are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. tax regulations. Terms used in the preceding sentence have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), each Dealer has represented and agreed, and the further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the applicable Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

(a) if the applicable Final Terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “Non-exempt Offer”) following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the
applicable Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Final Terms, as applicable and the issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

(b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;

(c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors, as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of Securities referred to in (b) to (d) above shall require the Issuer or any Dealer(s) to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression an “offer of Securities to the public” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an Investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State;

- the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State) and includes any relevant implementing measure in the Relevant Member State; and

**United Kingdom**

The Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Securities in circumstances in which Section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer; and
(b) it has complied and will comply with all applicable provisions of the FSMA with respect to
anything done by it in relation to any Securities in, from or otherwise involving the United
Kingdom.

Austria

For selling restrictions in respect of Austria, please see “Public Offer Selling Restriction under the
Prospectus Directive” above, provided that:

(i) section (a) in “Public Offer Selling Restriction under the Prospectus Directive” above
shall, in relation to Austria, read as follows:

(a) if the applicable Final Terms in relation to the Securities specify that an offer of
those Securities may be made other than pursuant to Article 3(2) of the
Prospectus Directive in Austria (a "Non-exempt Offer") following one banking
day after the date of publication of a prospectus in relation to such Securities
which has been approved by the Finanzmarktaufsichtsbehörde (the "FMA") as
the competent authority in Austria or, where appropriate, approved in another
Relevant Member State and notified to the FMA and the European Securities and
Markets Authority (ESMA), provided that any such prospectus has been
completed by the applicable Final Terms contemplating such Non-exempt Offer
and such applicable Final Terms have been communicated to the FMA, in each
case in accordance with the Prospectus Directive (as defined above and
including, without limitation, the Austrian Capital Market Act (Kapitalmarktgesetz)), in the period beginning and ending on the dates specified
in such prospectus or Final Terms, as applicable and the issuer has consented in
writing to its use for the purpose of that Non-exempt Offer;

(ii) any offer of Securities in Austria, made pursuant to Article 3(2) of the Prospectus
Directive or otherwise, may require the Issuer or any Dealer(s) to file with
Oesterreichische Kontrollbank AG as soon as possible certain information relating to the
applicable offer and the applicable Securities.

Finland

For selling restrictions in respect of Finland, please see below and “Public Offer Selling
Restriction under the Prospectus Directive” above.

Further, when offers of Securities are made pursuant to Article 3(2) of the Prospectus Directive,
the Dealer has confirmed and agreed and each further Dealer appointed under the Programme
will be required to confirm and agree that it will not, directly or indirectly, offer for subscription or
purchase or issue invitations to subscribe for or buy Securities or distribute any draft or final
document in relation to any such offer, invitation or sale except in circumstances that will not
result in a requirement to prepare a Finnish national prospectus pursuant to the provisions of the Finnish Securities Markets Act 746/2012.

**Republic of France**

The Issuer and the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

(a) it has only made and will only make an offer of Securities to the public in France in the period beginning (i) when a prospectus in relation to those Securities has been approved by the Autorité des marchés financiers (the “**AMF**”), on the date of such publication or, (ii) when a prospectus has been approved by the competent authority of another Member State of the European Economic Area which has implemented the Prospectus Directive, on the date of notification of such approval to the AMF, and ending at the latest on the date which is 12 months after the date of approval of the Base Prospectus, all in accordance with articles L.412-1 and L.621-8 of the French Code monétaire et financier and the Règlement général of the AMF; or

(b) it has not offered or sold and will not offer or sell, directly or indirectly, Securities to the public in France, and has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the Base Prospectus, the applicable Final Terms or any other offering material relating to the Securities, and that such offers, sales and distributions have been and will be made in France only to (i) providers of investment services relating to portfolio management for the account of third parties, and/or (ii) qualified investors (investisseurs qualifiés) acting for their own account, other than individuals, all as defined in, and in accordance with, articles L 411-1, L.411-2 and D.411-1 to D.411-3 of the French Code monétaire et financier.

This Base Prospectus has not been submitted for clearance to the AMF in France.

**Federal Republic of Germany**

*For selling restrictions in respect of Germany see “Public Offer Selling Restrictions under the Prospectus Directive” above.*

Further, the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, to offer and sell Securities issued under the Programme in compliance with the provisions of the German Securities Prospectus Act (Wertpapierprospektgesetz) as amended from time to time and all other applicable legislation and regulation in Germany.

**Ireland**

Each Dealer has represented, warranted and agreed that (and each further Dealer appointed under the Programme will be required to represent, warrant and agree that) it has not offered,
sold, placed or underwritten and will not offer, sell, place or underwrite the Securities, or do
anything in Ireland in respect of the Securities, otherwise than in conformity with the provisions of:

(a) any rules issued by the Central Bank of Ireland under section 51 of the Investment Funds,
Companies and Miscellaneous Provisions Act, 2005 of Ireland, as amended, (the “2005 Act”);

(b) the Irish Companies Acts 1963 to 2012;

(c) the Irish Central Bank Acts, 1942 to 2011 of Ireland and any codes of conduct made under
Section 117(1) thereof;

(d) the provisions of the Prospectus (Directive 2003/71/EC) Regulations 2005 and the Prospectus
(Directive 2003/71/EC) (Amendment) Regulations 2012 of Ireland;

(e) the European Communities (Markets in Financial Instruments) Regulations 2007 (No.s 1 to
3), as amended, of Ireland and it will conduct itself in accordance with any rules or codes of
conduct and any conditions or requirements, or any other enactment, imposed or approved by the
Central Bank of Ireland; and

(f) the Irish Market Abuse (Directive 2003/6/EC) Regulations 2005 and any rules issued by the
Central Bank of Ireland under section 34 of the 2005 Act.

Republic of Italy

Unless it is specified within the applicable Final Terms that a Non-exempt Offer may be made in
the Republic of Italy, the offering of any Securities has not been registered pursuant to Italian
securities legislation and, accordingly, the Dealer has represented and agreed, and each further
Dealer appointed under the Programme will be required to represent and agree, that no
Securities may be offered, sold or delivered, nor may copies of the Base Prospectus or any
other document relating to the Securities be distributed in the Republic of Italy, except:

(a) to qualified investors (investitori qualificati), as defined pursuant to Article 100 of Legislative
Decree No. 58 of February 24 1998, as amended (the “Financial Services Act”) and Article
34-ter, first paragraph, letter b) of CONSOB Regulation No. 11971 of May 14, 1999, as
amended from time to time (“Regulation No. 11971”); or

(b) in other circumstances which are exempted from the rules on public offerings pursuant to
Article 100 of the Financial Services Act and Article 34-ter of Regulation No. 11971.

Any offer, sale or delivery of any Securities or distribution of copies of the Base Prospectus or any
other document relating to any Securities in Italy under (i) or (ii) above must be:

(a) made by an investment firm, bank or financial intermediary permitted to conduct such
activities in the Republic of Italy in accordance with the Financial Services Act, CONSOB
Regulation No. 16190 of 29 October 2007 (as amended from time to time) and Legislative
Decree No. 385 of September 1, 1993, as amended (the “Banking Act”); and
(b) in compliance with Article 129 of the Banking Act, as amended, and the implementing guidelines of the Bank of Italy, as amended from time to time, pursuant to which the Bank of Italy may request information on the issue or the offer of securities in the Republic of Italy; and

(c) in compliance with any other applicable laws and regulations or requirement imposed by CONSOB or other Italian authority.

**Provisions relating to the secondary market in Italy**

Investors should note that in accordance with Article 100-bis of the Financial Services Act, where no exemption from the rules on public offerings applies under (i) and (ii) above, the subsequent distribution of the Securities on the secondary market in Italy must be made in compliance with the public offer and the prospectus requirement rules provided under the Financial Services Act and Regulation No. 11971. Failure to comply with such rules may result in the sale of such Securities being declared null and void and in the liability of the intermediary transferring the financial instruments for any damages suffered by the investors.

**The Netherlands**

For selling restrictions in respect of the Netherlands see “Public Offer Selling Restrictions under the Prospectus Directive” above.

The Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that unless it is specified within the applicable Final Terms that a Non-exempt Offer may be made in the Netherlands, any Securities will only be offered in the Netherlands to Qualified Investors within the meaning of section 1:1 of the Act on the Financial Supervision (Wet op het financieel toezicht).

In addition to the above, if the Issuer issues Zero Coupon Notes and these Zero Coupon Notes are offered in the Netherlands as part of their initial distribution or immediately thereafter:

(a) transfer and acceptance of such Zero Coupon Notes may only take place either by and between individuals not acting in the course of their profession or business or through the mediation of either a permit holder (Toegelaten Instelling) of Euronext Amsterdam N.V. or the Issuer itself in accordance with the Savings Certificate Act of 21 May 1985 (Wet inzake Spaarbewijzen); and

(b) certain identification requirements in relation to the issue and transfer of, and payment on the Zero Coupon Notes have to be complied with pursuant to section 3a of the Savings Certificate Act;

Furthermore, unless such Zero Coupon Notes qualify as commercial paper or certificates of deposit and the transaction is carried out between professional lenders and borrowers:

(c) each transaction concerning such Zero Coupon Notes must be recorded in a transaction note, stating the name and address of the other party to the transaction, the nature of the transaction and details, including the number and serial number of the Zero Coupon Notes concerned;
(d) the obligations referred to under (c) above must be indicated on a legend printed on Zero Coupon Notes that are not listed on a stock market; and

(e) any reference to the words “to bearer” in any documents or advertisements in which a forthcoming offering of Zero Coupon Notes is publicly announced is prohibited.

For purposes of this paragraph, Zero Coupon Notes are Notes to bearer in definitive form that constitute a claim for a fixed sum of money against the Issuer and on which interest does not become due prior to maturity or on which no interest is due whatsoever.

**Portugal**

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree, that the Securities may not be and will not be offered to the public in Portugal under circumstances which are deemed to be a public offer under the Portuguese Securities Code (Código dos Valores Mobiliários) enacted by Decree-Law no. 486/99 of 13 November 1999 (as amended and restated from time to time) (the “Portuguese Securities Code”) unless the requirements and provisions applicable to the public offering in Portugal are met and registration, filing, approval or recognition procedure with the Portuguese Securities Market Commission (Comissão do Mercado de Valores Mobiliários or “CMVM”) is made.

In addition, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that unless in compliance with all applicable provisions of the Portuguese Securities Code (i) it has not directly or indirectly taken any action or offered, advertised, marketed, invited to subscribe, gathered investment intentions, sold or delivered and will not directly or indirectly take any action, offer, advertise, invite to subscribe, gather investment intentions, sell, re-sell, re-offer or deliver any Securities in circumstances which could qualify as a public offer (oferta pública) of securities pursuant to the Portuguese Securities Code, notably in circumstances which could qualify as a public offer addressed to individuals or entities resident in Portugal or having permanent establishment located in Portuguese territory, as the case may be; (ii) it has not distributed, made available or caused to be distributed and will not distribute, make available or cause to be distributed the Base Prospectus or any other offering material relating to the Securities to the public in Portugal; other than in compliance with all applicable provisions of the Portuguese Securities Code, the Prospectus Regulation implementing the Prospectus Directive and any applicable CMVM Regulations and all relevant Portuguese securities laws and regulations, in any such case that may be applicable to it in respect of any offer or sale of Securities by it in Portugal or to individuals or entities resident in Portugal or having permanent establishment located in Portuguese territory, as the case may be, including compliance with the rules and regulations that require the publication of a prospectus, when applicable, and that such placement shall only be authorised and performed to the extent that there is full compliance with such laws and regulations.

**Spain**
The Dealer has represented and agreed, and each further Dealer appointed under the
Programme will be required to represent and agree, that the Securities may only be offered or
sold in Spain by means of a public offer in compliance with Title III of the Spanish Securities
Market Law of 28 July 1998 (Ley 24/1998, de 28 de Julio, del Mercado de Valores) and Royal
Decree 1310/2005 of 4 November 2005 (Real Decreto 1310/2005, de 4 de noviembre), each, as
amended and restated. In addition, each Dealer has represented and agreed, and each further
Dealer appointed under the Programme will be required to represent and agree that, unless in
compliance with all applicable provisions of the Spanish Securities Market Law and Royal Decree
1310/2005 (i) it has not directly or indirectly taken any action or offered, advertised, marketed,
invited to subscribe, gathered investment intentions, sold or delivered and will not directly or
indirectly take any action, offer, advertise, invite to subscribe, gather investment intentions, sell,
re-sell, re-offer or deliver any Securities in circumstances which could qualify as a public offer
(oferta pública) of securities pursuant to the Spanish Securities Market Law and Royal Decree
1310/2005, notably in circumstances which could qualify as a public offer addressed to
individuals or entities resident in Spain or having permanent establishment located in Spanish
territory, as the case may be; (ii) it has not distributed, made available or caused to be distributed
and will not distribute, make available or cause to be distributed the Base Prospectus or any other
offering material relating to the Securities to the public in Spain; other than in compliance with all
applicable provisions of the Spanish Securities Market Law and Royal Decree 1310/2005, the
Prospectus Regulation implementing the Prospectus Directive and any applicable CMVM
Regulations and all relevant Spanish securities laws and regulations, in any such case that may
be applicable to it in respect of any offer or sale of Securities by it in Spain or to individuals or
entities resident in Spain or having permanent establishment located in Spanish territory, as the
case may be, including compliance with the rules and regulations that require the publication of a
prospectus, when applicable, and that such placement shall only be authorised and performed to
the extent that there is full compliance with such laws and regulations.

Sweden

The Dealer has confirmed and agreed and each further Dealer appointed under the Programme
will be required to confirm and agree that, to the extent it intends to make an exempt offer, it will
not, directly or indirectly, offer for subscription or purchase or issue invitations to subscribe for or
buy or sell Securities or distribute any draft or final document in relation to any such offer,
invitation or sale in Sweden except in circumstances that will not result in a requirement to
prepare a prospectus pursuant to the provisions of the Swedish Financial Instruments Trading Act
1991 (Sw. lag (1991:980) om handel med finansiella instrument) (the “Trading Act”). However, to
the extent it intends to make a Non-exempt Offer, such offer will be made in accordance with the
requirements in the Trading Act.

Japan

The Securities have not been and will not be registered under the Financial Instruments and
Exchange Act of Japan (Act No. 25 of 1948, as amended) (the “FIEA”). The Dealer has
represented and agreed, and each further Dealer appointed under the Programme will be
required to represent and agree, that it will not offer or sell any Securities, directly or indirectly, in
Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1,
Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or
to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

Hong Kong

In relation to each Tranche of Securities issued by the Issuer, the Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that (i) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Securities other than (a) to “professional investors” as defined in the Securities and Futures Ordinance and any rules made under the Securities and Futures Ordinance; or (b) in other circumstances which do not result in the document being a “prospectus” as defined in the Companies Ordinance or which do not constitute an offer to the public within the meaning of that Ordinance; and (ii) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Securities, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Securities which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” as defined in the Securities and Futures Ordinance and any rules made thereunder.

Switzerland

The Dealer has acknowledged and agreed and each further Dealer appointed under the Programme will be required to acknowledge and agree as follows:

Other than in compliance with the requirements of article 5 of the CISA and article 4 of the Swiss Federal Ordinance on Collective Investment Schemes (the “CISO”), the Securities may not be distributed to non-qualified investors in or from Switzerland. Neither this Base Prospectus nor any other offering or marketing material relating to the Securities constitutes a prospectus as such term is understood pursuant to article 652a or article 1156 of the Swiss Federal Code of Obligations or a simplified prospectus pursuant to article 5 of the CISA. Other than in compliance with the requirements of article 5 of the CISA, the Securities may only be distributed to qualified investors and this Base Prospectus and any other offering or marketing material relating to the Securities may only be distributed in or from Switzerland by way of private placement to qualified investors within the meaning of the CISA.

United Arab Emirates (excluding Dubai International Financial Centre)

The Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree as follows:
(a) the Securities to be issued under the Programme have not been and will not be offered, sold or publicly promoted or advertised by it in the United Arab Emirates other than in compliance with any laws applicable in the United Arab Emirates governing the issue, offering and sale of securities; and

(b) that the information contained in the Base Prospectus does not constitute a public offer of securities in the United Arab Emirates in accordance with the Commercial Companies Law (Federal Law No. 8 of 1984 (as amended)) or otherwise and is not intended to be a public offer and the information contained in the Base Prospectus is not intended to lead to the conclusion of any contract of whatsoever nature within the territory of the United Arab Emirates.

(c) that, to the extent a Security offered for sale to a potential investor constitutes a Structured Product for the purposes of the United Arab Emirates Central Bank's (the "Central Bank") notice of August 2009 relating to Structured Products (the "Notice") then, as applicable, either (i) the Dealer is satisfied that the investor is not within the category of purchasers for whom the consent of the Central Bank for the sale of the Security is required, or (ii) the Dealer has obtained the relevant consent of the Central Bank for such sale.

Dubai International Financial Centre

The Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it has not offered and will not offer the Securities to be issued under the Programme to any person in the Dubai International Financial Centre unless such offer is:

(a) an "Exempt Offer" in accordance with Rule 2.3 of the Markets Rules of the Dubai Financial Services Authority (the "DFSADFSA"); and

(b) made only to persons, who are not Natural Persons, who meet the Professional Client criteria set out in Rule 2.3.2 of the DFSA Conduct of Business Module, or

(c) such offer satisfies the criteria of another category of Exempt Offer for the purposes of Rule 2.3 of the DFSA Markets Rules.

Singapore

The Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that this Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore (the "MAS"). Accordingly, the Dealers have represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree that they have not offered or sold any Securities or caused the Securities to be made the subject of an invitation for subscription or purchase and will not offer or sell any Securities or cause the Securities to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Securities, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the
Securities and Futures Act, Chapter 289 of Singapore (the “SFA”), (ii) to a relevant person pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Securities are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

(a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or

(b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities (as defined in Section 239(1) of the SFA) of that corporation or the beneficiaries’ rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Securities pursuant to an offer made under Section 275 of the SFA except:

(i) to an institutional investor or to a relevant person defined in Section 275(2) of the SFA, or (in the case of such corporation) where the transfer arises from an offer referred to in Section 276(3)(i)(B) of the SFA or (in the case of such trust) where the transfer arises from an offer referred to in Section 276(4)(i)(B) of the SFA;

(ii) where no consideration is or will be given for the transfer;

(iii) where the transfer is by operation of law;

(iv) as specified in Section 276(7) of the SFA; or

(v) as specified in Regulation 32 of the Securities and Futures (Offer of Investments) (Shares and Debentures) Regulations 2005 of Singapore.

Any person who may be in doubt as to the restrictions set out in the SFA or the laws, regulations and directives in each jurisdiction in which it subscribes for, purchases, offers, sells or delivers the Securities or any interest therein or rights in respect thereof and the consequences arising from a contravention thereof should consult his own professional advisers and should make his own inquiries as to the laws, regulations and directives in force or applicable in any particular jurisdiction at any relevant time.

**Bahrain Selling Restrictions**

In relation to investors in the Kingdom of Bahrain, Securities issued in connection with this Base Prospectus and related offering documents may only be offered in registered form to existing account holders and accredited investors as defined by the Central Bank of Bahrain (the “CBB”), in the Kingdom of Bahrain where such investors make a minimum investment of at least U.S.$100,000 (or its equivalent in other currencies).

This offer does not constitute a public offer of Securities in the Kingdom of Bahrain in terms of Article(81) of the Central Bank and Financial Institutions Law 2006 (decree Law No. 64 of 2006). This Base Prospectus and related offering documents have not been and will not be registered as a prospectus with the CBB. Accordingly, no Securities may be offered, sold or made the subject
of an invitation for subscription or purchase nor will this Base Prospectus or any other related
document or material be used in connection with any offer, sale or invitation to subscribe or
purchase Securities, whether directly or indirectly, to persons in the Kingdom of Bahrain.

The Issuer has represented, warranted and undertaken that it has not and will not make an offer
available to the public. The CBB has not reviewed or approved this Base Prospectus or related
offering documents and it has not in any way considered the merits of the Securities to be offered
for investment, whether in or outside the Kingdom of Bahrain. Neither the CBB nor the Bahrain
Bourse assume responsibility for the accuracy and completeness of the statements and
information contained in this document or for the performance of the Securities. The CBB shall
not have any liability whatsoever for any loss howsoever arising from reliance upon the whole or
any part of the contents of this document.

General

Unless otherwise specified in the applicable Final Terms, no action has been or will be taken in
any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of
Securities, or possession or distribution of any offering material in relation thereto, in such country
or jurisdiction where action for that purpose is required. The Dealership Agreement provides that
each Dealer will comply to the best of its knowledge with all applicable laws and regulations in
each country or jurisdiction in or from which it purchases, offers, sells or delivers Securities or has
in its possession or distributes the Base Prospectus or any such offering material, in all cases at
its own expense.

The Dealership Agreement also provides that the Dealers shall not be bound by any of the
restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions
shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, in
applicable laws and regulations, no longer be applicable but without prejudice to the obligations of
the Dealers described in the paragraph headed “General” above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such
supplement or modification will be set out, in the case of Exempt Securities, in the applicable
Pricing Supplement or, in the case of Securities which are not Exempt Securities, Drawdown
Prospectus (in the case of a supplement or modification relevant only to a particular Tranche of
Securities) or (in any other case) in a supplement to this document.

Persons into whose hands the Base Prospectus, any Final Terms or any Security comes are
required by the Issuer and the Dealers to comply with all applicable laws and regulations in each
country or jurisdiction in or from which they purchase, offer, sell or deliver Securities or have in
their possession or distribute such offering material, in all cases at their own expense.
GENERAL INFORMATION

2. Other than the litigation disclosed in the “Litigation” section (with the exception of the subsection entitled “Other matters”) in Note 12 to the Second Quarter 2013 Unaudited Interim Condensed Financial Statements set out on page 71 and 72 of the Bank’s Second Quarter 2013 Report to Shareholders and incorporated by reference herein, there are no, nor have there been any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) which may have, or have had during the twelve months prior to the date of this document, individually or in the aggregate, a significant effect on the financial position or profitability of the Issuer or of the Issuer and its subsidiaries taken as a whole.

3. Since April 30, 2013, the last day of the financial period in respect of which the most recent unaudited interim condensed consolidated financial statements of the Issuer have been prepared, there has been no significant change in the financial position of the Issuer and its subsidiaries taken as a whole. Since October 31, 2012, the date of its last published audited consolidated financial statements, there has been no material adverse change in the prospects of the Bank and its subsidiaries taken as a whole.

4. For so long as the Programme remains in effect or any Securities shall be outstanding, copies of the following documents may be inspected, in physical form, during normal business hours at the specified office of (a) the Issuing and Paying Agent and the Registrar, and (b) in respect of Securities listed on SIX Swiss Exchange, the Swiss Programme and Paying Agent and obtained from the executive and head offices of the Issuer, namely:

(i) the Bank Act (Canada) (being the charter of the Issuer) and by-laws of the Issuer;

(ii) the Issue and Paying Agency Agreement (which includes the form of the Global Securities, the Definitive Notes, the Certificates, the Coupons, the Receipt and the Talons), the Swiss Supplemental Agency Agreement and the Swedish Notes Issuing and Paying Agent Agreement;

(iii) the Dealership Agreement;
(iv) the Deed of Covenant for the Notes, the Deed of Covenant for the W&C Securities and the Swedish Deed of Covenant;

(v) the Registration Document of the Issuer dated May 10, 2013;

(vi) the Annual Report of the Issuer for the two most recently completed fiscal years, which includes audited annual comparative consolidated financial statements of the Issuer and the auditor’s reports thereon;

(vii) the most recent quarterly report including the unaudited interim condensed consolidated financial statements and the auditor’s combined interim review report thereon;

(viii) each Final Terms and Pricing Supplement (in the case of Exempt Securities) (save that Pricing Supplements will only be available for inspection by a holder of such Security and such holder must produce evidence satisfactory to the Issuer and the Issuing and Paying Agent, Registrar or Swiss Programme and Paying Agent, as applicable, as to its holding of Securities and identity);

(ix) a copy of the Base Prospectus together with any supplementary listing particulars or other supplement to the Base Prospectus or Drawdown Prospectus; and

(x) a copy of the subscription agreement for Securities issued on a syndicated basis which are admitted to the Official List.

5. The Securities have been accepted for clearance through Euroclear and Clearstream, Luxembourg, SIX SIS or Euroclear Sweden, as the case may be, which are the entities in charge of keeping the records in respect of the Securities. Interests in the Securities may also be held through CREST through the issuance of CDIs representing Underlying Securities. The appropriate common code and International Securities Identification Number or other relevant identification numbers for the relevant Securities will be contained in the Final Terms relating thereto. If the Securities are to clear through an additional or alternative clearing system, the appropriate information (including address) will be specified in the applicable Final Terms. The address of Euroclear is 3 Boulevard du Roi Albert II, B.1210 Brussels, Belgium and the address of Clearstream, Luxembourg is 42 Avenue J. F. Kennedy, L-1855 Luxembourg. The address of SIX SIS is Baslerstrasse 100, CH-4601 Olten, Switzerland and the address of Euroclear Sweden is Regeringsgatan 65, P.O. Box 7822, 103 97 Stockholm, Sweden. The address of CREST is Euroclear UK & Ireland, 33 Cannon Street, London EC4M 5SB.

6. The price and amount of Securities to be issued under the Programme will be determined by the Issuer and the relevant Dealer at the time of issue in accordance with prevailing market conditions.

7. Bearer Notes and any Coupon appertaining thereto and W&C Securities will bear a legend substantially to the following effect: "Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code." The sections referred to in such legend provide that a United States person who holds a Bearer Note or Coupon or W&C Security generally will not be allowed to deduct any loss realised on the sale, exchange or redemption of such Bearer Note or Coupon or W&C
Security and any gain (which might otherwise be characterized as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

8. Settlement arrangements will be agreed between the Issuer, the relevant Dealer and the Issuing and Paying Agent or, as the case may be, the Registrar in relation to each Tranche of Securities.

9. The Issuer has no intention to provide any post-issuance information in relation to any issue of Securities.

10. Yield

The yield for any particular Tranche of Notes will be specified in the applicable Final Terms. The yield is calculated on the basis of the compound annual rate of return if the relevant Notes were purchased at the Issue Price on the Issue Date and held to maturity using the formula below. It is not an indication of future yield.

\[
\text{Issue Price} = \text{Rate of Interest} \times \frac{1 - \left( \frac{1}{1 + \text{Yield}} \right)^n}{\text{Yield}} + \frac{\text{FRA} \times \frac{1}{(1 + \text{Yield})^n}}{\text{Yield}}
\]

Where:

"FRA" means principal amount of the Notes due on redemption;

"Issue Price" means the Issue Price of the Notes as specified in the applicable Final Terms;

"Rate of Interest" means the rate of interest expressed as a percentage as specified in the applicable Final Terms and adjusted according to frequency;

"n" means the number of interest payments to maturity; and

"Yield" means the yield to maturity calculated on a frequency commensurate with the frequency of interest payments as specified in the applicable Final Terms.
