**Pursuant to the Programme for the
Issuance of Securities**

*This prospectus constitutes a base prospectus (the “**Base Prospectus**”) for the purposes of Article 8 of the Regulation (EU) 2017/1129 (as amended, the “**Prospectus Regulation**”) in respect of notes (other than Exempt Notes (as defined below) to be admitted to the Official List of the Financial Conduct Authority (in its capacity as competent authority for the purposes of Part VI of the Financial Services and Markets Act 2000 as amended, (the “**FCA**”) and admitted to trading on the Main Market of the London Stock Exchange plc (the “**London Stock Exchange**”).*

*Under this Base Prospectus pursuant to the Programme for the Issuance of Securities described under “Description of the Programme Limit” herein (the “**Programme**”), Royal Bank of Canada (the “**Issuer**” or the “**Bank**”) may from time to time issue (i) unsubordinated notes which constitute deposit liabilities of the Issuer pursuant to the Bank Act (Canada) and will rank pari passu with all present or future deposit liabilities of the Issuer (except as otherwise prescribed by law and subject to the exercise of bank resolution powers) and without preference amongst themselves (the “**Senior Notes**”) or (ii) non-viability contingent capital subordinated notes which constitute subordinated indebtedness of the Issuer for the purposes of the Bank Act (Canada) (the “**Subordinated Notes**”, and together with the Senior Notes, the “**Notes**”). The Notes may be denominated or payable in any currency agreed between the Issuer and the relevant Dealer(s) (as defined herein).*

The Notes may be issued in bearer or registered form or dematerialised and uncertificated book-entry form. The maximum aggregate principal amount of all Notes and other instruments evidencing deposit liabilities under the Bank Act (Canada) outstanding under the Programme (calculated as described under “Description of the Programme Limit”) at any time will not exceed U.S.\$40,000,000,000 (or its equivalent in other currencies calculated as described in the Dealership Agreement described herein), subject to increase as described herein. The maximum aggregate principal amount of Subordinated Notes that can be issued at any time will also be subject to the limits set out in the Standing Resolution of the Board of Directors of the Bank regarding subordinated indebtedness then in effect. See “General Information”. The price and amount of the Notes to be issued under the Base Prospectus will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions. The Bank may issue Notes that bear interest at fixed rates or floating rates or that do not bear interest.

*This Base Prospectus has been approved by the United Kingdom Financial Conduct Authority (the “**FCA**”) as competent authority under the Prospectus Regulation. The FCA only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation and such an approval should not be considered as an endorsement of the Issuer nor as an endorsement of the quality of any Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in such Notes. This Base Prospectus is valid for a period of 12 months from the date of approval.*

Applications have been made for Notes (other than Exempt Notes) to be admitted during the period of 12 months from the date of approval of this Base Prospectus to listing on the Official List of the FCA (the "**Official List**") and to the London Stock Exchange for such Notes to be admitted to trading on the London Stock Exchange's main market (the "**Market**"). The Market is a regulated market for the purposes of Directive 2014/65/EU (as amended, "**MiFID II**"). Notes may also be admitted to trading on the regulated market of the Luxembourg Stock Exchange. Swedish Notes (as defined herein) and may be listed on the securities exchange operated by NASDAQ OMX Stockholm AB (the "**Nasdaq Stockholm Exchange**"). The Nasdaq Stockholm Exchange and the Luxembourg Stock Exchange's regulated market are regulated markets for the purposes of MiFID II.

Exempt Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges of markets (which will not be regulated markets for purposes of MIFID II) agreed between the Issuer and the relevant Dealer in relation to the Series. Exempt Notes which are neither listed nor admitted to trading on any market may also be issued.

Additionally, application has been made for Exempt Notes to be admitted to trading on the International Securities Market of the London Stock Exchange (the "**ISM**"). The relevant Final Terms (or Pricing Supplement, as the case may be) (each as defined below) will state on which market(s) the relevant Notes will be admitted to trading, if any. Reference in this Base Prospectus to "**Exempt Notes**" are to Notes for which no prospectus is required to be published pursuant to the Prospectus Regulation.

The ISM is not a regulated market for the purposes of MIFID II. The ISM is a market designated for professional investors. The Exempt Notes which are designated in the relevant Pricing Supplement as being admitted to trading on the ISM ("ISM Notes") are not admitted to listing on the Official List. Such Exempt Notes do not form part of this Base Prospectus and in relation to such Exempt Notes neither the FCA nor the London Stock Exchange has approved, reviewed or verified the contents of this Base Prospectus.

Amounts payable under the Notes may be calculated by reference to one or more "benchmarks" for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of June 8, 2016 (as amended, the "Benchmarks Regulation"). In this case, a statement will be included in the relevant Final Terms (as defined below) as to whether or not the relevant administrator of the "benchmark" is included in ESMA's register of administrators under Article 36 of the Benchmarks Regulation. Certain "benchmarks" may not fall within the scope of the Benchmarks Regulation by virtue of Article 2 of that regulation and transitional provisions in Article 51 of the Benchmarks Regulation may apply to certain other "benchmarks", such that at the date of the relevant Final Terms the administrator of the "benchmark" is not required to be included in the register of administrators.

Unless otherwise specified in the applicable Final Terms, the Bank will issue Senior Notes whose Branch of Account for purposes of the Bank Act (Canada) is the main branch in Toronto. The Bank may also issue such Senior Notes whose Branch of Account for Bank Act (Canada) purposes is the London branch, if specified in the applicable Final Terms. Irrespective of any specified Branch of Account, the Bank is (a) the legal entity that is the issuer of the Notes and (b) the legal entity obligated to repay the Notes. The Bank is the only legal entity that will issue Notes pursuant to this Programme. The determination by the Bank of the Branch of Account for Senior Notes will be based on various considerations, including those relating to (i) the market or jurisdiction into which the Notes are being issued, based on factors including investors' preferences in a specific market or jurisdiction, (ii) specific regulatory requirements, such as a regulator requiring that a branch increase its liquidity through locally sourced funding, or (iii) tax implications that would affect the Bank or investors, such as the imposition of a new tax if an alternative branch was used. A branch of the Bank is not a subsidiary of the Bank or a separate legal entity from the Bank.

Senior Notes that are Bail-inable Notes (as defined below) are subject to conversion in whole or in part - by means of a transaction or series of transactions and in one or more steps – into common shares of the Bank or any of its affiliates under subsection 39.2(2.3) of the Canada Deposit Insurance Corporation Act (Canada) (the “CDIC Act”) and to variation or extinguishment in consequence and subject to the application of the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the operation of the CDIC Act with respect to the Bail-inable Notes. See “Risk Factors – FACTORS THAT ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME - Risks relating to the structure of a particular issue of Notes – Risks applicable to Bail-inable Notes” and Condition 3.02 of the “Terms and Conditions of the Notes”. The applicable Final Terms will indicate whether the Senior Notes are Bail-inable Notes. Senior Notes are also potentially subject to resolution powers of authorities outside of Canada in exceptional circumstances. See Risk Factors included under “Risk Factors – FACTORS THAT ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME - Risks related to the structure of a particular issue of Notes – UK resolution risks applicable to the Senior Notes” and “Risk Factors –FACTORS THAT ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME - Risks related to the Notes generally – Notes may be subject to write-off, write down or conversion under the resolution powers of authorities outside of Canada”.

Subject to the more detailed description set out in the Terms and Conditions of the Notes herein, the Subordinated Notes will automatically and immediately convert (“NVCC Automatic Conversion”) into common shares of the Bank (“Common Shares”) upon the occurrence of a Non-Viability Trigger Event (as defined in Condition 8). See discussion under risk factors under “Risk Factors – FACTORS THAT ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME - Risks related to the structure of a particular issue of Notes – Risks related to Subordinated Notes”.

Subordinated Notes issued under this Base Prospectus will be issued with a denomination of at least Euro 100,000 (or its equivalent in any other currency), while Senior Notes (other than ISM Notes) may be issued with a denomination of less than Euro 100,000 (or its equivalent in any other currency). See the second paragraph under “Restrictions on Distribution of this Base Prospectus and offers of Notes” on page vi for more information on Senior Notes with denominations less than Euro 100,000.

CREDIT RATINGS

The Senior Notes to be issued under the Programme pursuant to the Base Prospectus have been rated Aa2 (legacy long-term senior debt)¹, A2 (long-term senior debt)² and P-1 (short-term debt) by Moody's Canada Inc. ("**Moody's Canada**") and AA- (legacy long-term senior debt)¹, A (long-term senior debt)² and A-1+ (short-term debt) by S&P Global Ratings, acting through S&P Global Ratings Canada, a business unit of S&P Global Canada Corp. ("**S&P Canada**"). The Subordinated Notes to be issued under the Programme have been rated Baa1 by Moody's Canada and A- by S&P Canada.

In addition to the Programme ratings provided by Moody's Canada and S&P Canada, each of Moody's Investors Service, Inc. ("**Moody's USA**"), Standard & Poor's Financial Services LLC ("**S&P USA**"), Fitch Ratings, Inc. ("**Fitch**") and DBRS Limited ("**DBRS**") has provided issuer ratings for the Issuer as set out in the Registration Document incorporated by reference herein.

In accordance with Article 4.1 of the Regulation (EC) No. 1060/2009, as amended (the "**CRA Regulation**"), please note that the following documents (as defined in the section entitled "Documents Incorporated by Reference") incorporated by reference in this Base Prospectus contain references to credit ratings from the same rating agencies as well as Kroll Bond Rating Agency ("**KBRA**"), which provided an unsolicited rating:

- (a) the 2019 AIF (pages 13, 14, 28, 29 and 30);
- (b) the 2019 Annual Report (page 77); and
- (c) the Second Quarter 2020 Report to Shareholders (page 42).

None of S&P Canada, S&P USA, Moody's Canada, Moody's USA, Fitch or DBRS (together, the "**non-EU CRAs**") is established or regulated in the European Union or the UK or certified under the CRA Regulation. However, S&P Global Ratings Europe Limited, which is an affiliate of S&P USA and which is established in the European Union and registered under the CRA Regulation and Moody's Investors Service Ltd., DBRS Ratings Limited and Fitch Ratings Limited, which are affiliates of S&P USA, Moody's Canada, Moody's USA, Fitch and DBRS, respectively, and which are established in the UK and registered under the CRA Regulation have endorsed the ratings of their affiliated non-EU CRAs. KBRA is certified under the CRA Regulation.

Notes issued under the Base Prospectus may be rated or unrated. The rating of a Tranche of Notes to be issued under the Base Prospectus may be specified in the applicable Final Terms. Where a Tranche of Notes is rated, such credit rating will not necessarily be the same as the ratings assigned to the Programme, the Issuer or to notes already issued.

The European Securities and Markets Authority ("**ESMA**") is obliged to maintain on its website, www.esma.europa.eu, a list of credit rating agencies registered and certified in accordance with the CRA Regulation. This list must be updated within five working days of ESMA's adoption of any

decision to withdraw the registration of a credit rating agency under the CRA Regulation. Therefore, such list is not conclusive evidence of the status of the relevant rating agency as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such credit ratings are issued by a credit rating agency established in the European Union ("EU") or the United Kingdom ("UK") and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU and non-UK credit rating agencies, unless the relevant credit ratings are endorsed by an EU- or United Kingdom- registered credit rating agency or the relevant non-EU and non-UK credit rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances).

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, revision or withdrawal at any time by the assigning agency and each rating should be evaluated independently of any other. Investors may suffer losses if the credit rating assigned to the Notes does not reflect the then creditworthiness of such Notes.

All capitalised terms used will be defined in this Base Prospectus or the Final Terms.

Responsibility for the Base Prospectus

To the best of the knowledge of the Bank, the information contained in the Base Prospectus is in accordance with the facts and the Base Prospectus makes no omission likely to affect its import.

References hereinafter to Final Terms include Pricing Supplements for Exempt Notes.

Restrictions on Distribution of this Base Prospectus and offers of Notes

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer, the Arranger and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, including restrictions in Canada, the United States, the European Economic Area (including Belgium, France, Italy, The Netherlands and Sweden), the United Kingdom, Hong Kong, Japan, Singapore and Switzerland, see “*Subscription and Sale*”.

This Base Prospectus has been prepared on the basis that any offer of Notes in a member state of the EEA or the UK (each a “**Relevant State**”) will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of Notes. In particular, any offer of Notes with a minimum denomination of less than Euro 100,000 (or its equivalent in any other currency) will (i) only be offered to the public in a Relevant State pursuant to an exemption

under Article 1(4) of the Prospectus Regulation and (ii) only be admitted to trading on a regulated market (as defined in MiFID II) in a Relevant State, or a specific segment of a regulated market in a Relevant State to which only qualified investors (as defined in the Prospectus Regulation) can have access (in which case they shall not be offered or sold to persons who are not qualified investors (as defined in the Prospectus Regulation)). Accordingly, any person making or intending to make an offer in a Relevant State of Notes which are the subject of an offering contemplated in this Base Prospectus as completed by Final Terms in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do any of them authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended and may include Notes in bearer form which are subject to United States tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons.

Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations.

MIFID II Product Governance / Target Market

The Final Terms in respect of any Notes may include a legend entitled “**MIFID II PRODUCT GOVERNANCE**” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II Product Governance rules under Commission Delegated Directive (EU) 2017/593 (the “**MiFID II Product Governance Rules**”), any Dealer subscribing for a Tranche of Notes is a manufacturer in respect of such Notes, but otherwise none of the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MIFID II Product Governance Rules.

PRIIPs Regulation Prohibition of Sales to EEA and UK Retail Investors

If the applicable Final Terms in respect of any Notes includes a legend entitled “**PRIIPS REGULATION PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS**”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA or in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation (as defined below). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended,

the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore (as modified or amended from time to time, the “SFA”)

Unless otherwise stated in the Final Terms in respect of any Notes all Notes issued or to be issued under the Programme shall be prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Issue Price

The Issue Price will be determined by the Issuer in consultation with the relevant Dealer(s) at the time of the relevant issue and will depend, amongst other things, on the interest rate (if any) applicable to the Notes and prevailing market conditions at that time.

Unauthorised Information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any amendment or supplement hereto or any document incorporated herein or therein by reference or entered into in relation to the Programme or any information supplied by the Issuer in connection with the Programme and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer, the Arranger or any Dealer.

Other Relevant Information

None of the Dealers nor any of their respective affiliates have authorised the whole or any part of this Base Prospectus, nor have they independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Arranger or the Dealers or any of their respective affiliates as to the accuracy or completeness of the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme. No Arranger or Dealer nor any of its respective affiliates accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme.

This Base Prospectus should be read and construed with any amendment or supplement hereto and with any other documents which are deemed to be incorporated herein or therein by reference and shall be read and construed on the basis that such documents are so incorporated and form part of this document. Any reference in this document to the “**Base Prospectus**” means this document together with the documents incorporated by reference herein, any supplementary prospectus approved by the FCA and any documents specifically incorporated by reference therein. In relation to any Series (as defined herein) of Notes, this document shall also be read and construed together with the applicable Final Terms.

Independent Evaluation

Neither this Base Prospectus, any Final Terms nor any other information supplied in connection with the Programme or any Notes should be considered as a recommendation by the Issuer, the Arranger or any of the Dealers that any recipient of this document, any Final Terms or any other information supplied in connection with the Programme should subscribe for or purchase any Notes, nor are they intended to provide the basis of any credit or other evaluation. Each recipient of this Base Prospectus, any Final Terms and each investor contemplating purchasing any Notes shall be taken to have made its own independent investigation of the condition (financial or otherwise) and affairs, and its own appraisal of the creditworthiness, of the Issuer. None of this document, any Final Terms or any other information supplied in connection with the Programme constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

Currency of Information

Subject to the Issuer's obligations to supplement the Base Prospectus under Article 23 of the Prospectus Regulation, neither the delivery of this document nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Arranger and the Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in the Notes of any information coming to their attention.

Investment Considerations

Each potential investor in the Notes must determine (at the time of the initial investment and on an on-going basis) the suitability of that investment in light of its own circumstances. In particular, each potential investor, either on its own or with the help of its financial or other professional advisers, should consider whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or Notes whose terms provide that the currency for principal or interest payments is different from the potential investor's currency or Subordinated Notes which will be converted into Common Shares upon the occurrence of a Non-Viability Trigger Event (as defined in Condition 8) or Bail-inable Notes which will be converted (in whole or in part) into Common Shares of the Bank or an affiliate upon a Bail-in Conversion (as defined in Condition 3.02);
- (iv) understands thoroughly the terms of the Notes and be familiar with the behaviour of any relevant financial markets; and

- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing, (3) Notes can be used as repo-eligible securities, and (4) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Additional investment considerations in relation to Green Bonds, Social Bonds or Sustainable Bonds

The Issuer will exercise its judgement and sole discretion in determining the organisations, businesses and projects that will be financed by the proceeds of issues of Green Bonds, Social Bonds or Sustainable Bonds (although is under no contractual obligation with respect to the allocation of such proceeds). If the use of the proceeds of Green Bonds, Social Bonds or Sustainable Bonds is a factor in an investor's decision to invest in Green Bonds, Social Bonds or Sustainable Bonds, investors should consider the disclosure in "Use of Proceeds" set out in the applicable Final Terms and this Base Prospectus and consult with their legal or other advisers before making an investment in Green Bonds, Social Bonds or Sustainable Bonds.

While it is the intention of the Issuer, no representation or assurance is given by the Issuer, the Arranger or any Dealer that:

- any of the organisations, businesses and projects funded with the proceeds from Green Bonds, Social Bonds or Sustainable Bonds will meet the Sustainable Bond Framework;
- any projects or uses the subject of, or related to, and any of the organisations, businesses and projects funded with the proceeds from Green Bonds, Social Bonds or Sustainable Bonds will meet investor expectations or requirements, whether as to green, social or sustainability impact or outcome, or other equivalently-labelled performance objectives or otherwise;
- any adverse environmental, social, sustainability and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any of the organisations, businesses and projects funded with the proceeds from Green Bonds, Social Bonds or Sustainable Bonds;
- any listing or admission to trading of Green Bonds, Social Bonds or Sustainable Bonds on any dedicated "green", "environmental", "social", "sustainability" or other equivalently-labelled segment of any stock exchange or securities market will be obtained, or if obtained, that any such listing or admission to trading will be maintained during the life of the relevant Green Bonds, Social Bonds or Sustainable Bonds; and
- any such listing or admitting to trading satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply (whether by any present or future applicable law or regulations or by its own bylaws or other governing rules or

investment portfolio mandates, in particular with regard to any direct or indirect environmental, social or sustainability impact of any projects or uses, the subject of or related to, any of the organisations, businesses and projects funded with the proceeds from Green Bonds, Social Bonds or Sustainable Bonds).

None of the Arranger or the Dealers have undertaken, nor are they responsible for, any assessment of the Issuer's Sustainable Bond Framework or the eligibility criteria for the Green Bonds, Social Bonds or Sustainable Bonds. No Dealer will verify or monitor the application of the proceeds of any Green Bonds, Social Bonds or Sustainable Bonds during the life of the relevant Green Bonds, Social Bonds or Sustainable Bonds.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any report, assessment, opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of Green Bonds, Social Bonds or Sustainable Bonds and in particular with any of the organisations, businesses and projects funded with the proceeds from Green Bonds, Social Bonds or Sustainable Bonds to fulfil any environmental, social, sustainability and/or other criteria. None of the Issuer's Sustainable Bond Framework, the "second-party opinion" or any other report, assessment, opinion or certification is, nor shall they be deemed, to be incorporated in and/or form part of this Base Prospectus. Any such report, assessment, opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Arranger or any Dealer or any other person to buy, sell or hold Green Bonds, Social Bonds or Sustainable Bonds. Any "second party-opinion" and any such other report, assessment, opinion or certification is only current as at the date that it was initially issued. Prospective investors must determine for themselves the relevance of any such report, assessment, opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in any Green Bonds, Social Bonds or Sustainable Bonds. The providers of such reports, assessments, opinions and certifications are not currently subject to any specific regulatory or other regime or oversight.

In all cases see further "Notes issued as "Green Bonds", "Social Bonds" or "Sustainable Bonds" may not be a suitable investment for all investors seeking exposure to green, social or sustainability assets" in "Risk Factors" below for risks in relation thereto.

Stabilisation

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES UNDER THE PROGRAMME, THE DEALER OR DEALERS (IF ANY) APPOINTED AS STABILISATION MANAGER(S) (THE "STABILISATION MANAGERS") (OR PERSONS ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION WILL NOT NECESSARILY OCCUR. ANY STABILISATION ACTION OR OVER-ALLOTMENT MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISATION MANAGER(S) (OR PERSONS

ACTING ON BEHALF OF ANY STABLISATION MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

From time to time, the Issuer makes written or oral forward-looking statements within the meaning of certain securities laws, including the “safe harbour” provisions of the *United States Private Securities Litigation Reform Act of 1995* and any applicable Canadian securities legislation. The Issuer may make forward-looking statements in this Base Prospectus and in the documents incorporated by reference herein, in other filings with Canadian regulators, the United States Securities and Exchange Commission or other securities regulators or, in reports to shareholders and in other communications, including statements by the Issuer’s President and Chief Executive Officer. The forward-looking statements contained in this Base Prospectus and in the documents incorporated by reference herein include, but are not limited to, statements relating to the Issuer’s financial performance objectives, vision and strategic goals, the Economic, market and regulatory review and outlook for Canadian, U.S., European and global economies, the regulatory environment in which the Issuer operates, the “Strategic priorities” and “Outlook” sections for each of the Issuer’s business segments, and the risk environment including the Issuer’s liquidity and funding risk, and the potential continued impacts of the coronavirus (COVID-19) pandemic on the Issuer’s business operations, financial results and financial condition and on the global economy and financial market condition.

The forward-looking information contained in this Base Prospectus is presented for the purpose of assisting the holders and potential purchasers of the Notes and financial analysts in understanding the Issuer’s financial position and results of operations as at and for the periods ended on the dates presented, as well as the Issuer’s financial performance objectives, vision and strategic goals, and may not be appropriate for other purposes. Forward-looking statements are typically identified by words such as “believe”, “expect”, “foresee”, “forecast”, “anticipate”, “intend”, “estimate”, “goal”, “plan” and “project” and similar expressions of future or conditional verbs such as “will”, “may”, “should”, “could” or “would”.

By their very nature, forward-looking statements require the Issuer to make assumptions and are subject to inherent risks and uncertainties, which give rise to the possibility that the Issuer’s predictions, forecasts, projections, expectations or conclusions will not prove to be accurate, that the Issuer’s assumptions may not be correct and that the financial performance objectives, vision and strategic goals will not be achieved. Readers are cautioned not to place undue reliance on these statements as a number of risk factors could cause the Issuer’s actual results to differ materially from the expectations expressed in such forward-looking statements. These factors – many of which are beyond the Issuer’s control and the effects of which can be difficult to predict – include: credit, market, liquidity and funding, insurance, operational, regulatory compliance, strategic, reputation, legal and regulatory environment, competitive and systemic risks and other risks discussed in the risk sections of the Issuer’s 2019 MD&A (as defined in the section entitled “Documents Incorporated by Reference”) contained in the Issuer’s 2019 Annual Report (and incorporated by reference herein) and in the “Risk management” and “Significant developments: COVID-19” sections of the Issuer’s Second Quarter 2020 MD&A (as defined in the section entitled “Documents Incorporated by Reference”) contained in the Issuer’s Second Quarter 2020 Report to Shareholders (and incorporated by reference herein); including information technology and cyber risk, privacy, data and third-party related risks, geopolitical uncertainty, Canadian housing and household

indebtedness; regulatory changes, digital disruption and innovation, climate change, the business and economic conditions in the geographic regions in which the Issuer operates, the effects of changes in government fiscal, monetary and other policies, tax risk and transparency, environmental and social risk and the emergence of widespread health emergencies or public health crises such as pandemics and epidemics, including the COVID-19 pandemic and its impact on the global economy and financial market conditions and the Issuer's business operations, financial results and financial condition.

The Issuer cautions that the foregoing list of risk factors is not exhaustive and other factors could also adversely affect the Issuer's results. When relying on the Issuer's forward-looking statements to make decisions with respect to the Issuer, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Material economic assumptions underlying the forward-looking statements contained in this Base Prospectus and in the documents incorporated by reference herein are set out in the "Economic, market and regulatory review and outlook" section and for each business segment under the "Strategic priorities" and "Outlook" headings of the Issuer's 2019 MD&A contained in its 2019 Annual Report, as updated by the "Economic, market and regulatory review and outlook" and "Significant developments: COVID-19" sections of the Issuer's Second Quarter 2020 MD&A contained in its Second Quarter 2020 Report to Shareholders, which sections are incorporated by reference herein. Except as required by law, none of the Issuer, any Dealer or any other person undertakes to update any forward-looking statement, whether written or oral, that may be made from time to time by or on behalf of the Issuer.

Additional information about these and other factors can be found in the risk sections of the Issuer's 2019 MD&A contained in its 2019 Annual Report and the "Risk management" and "Significant developments: COVID-19" sections of the Issuer's Second Quarter 2020 MD&A contained in its Second Quarter 2020 Report to Shareholders, which sections are incorporated by reference herein.

References hereinafter to Final Terms includes Pricing Supplements for Exempt Notes.

Status of Senior Notes:

Senior Notes will constitute deposit liabilities of the Bank for the purposes of the *Bank Act* (Canada) (the “**Bank Act**”) and constitute unsubordinated and unsecured obligations of the Issuer and will rank *pari passu* without any preference amongst themselves and at least *pari passu* with all other present and future unsubordinated and unsecured obligations of the Issuer (including deposit liabilities), except as otherwise prescribed by law and subject to the exercise of bank resolution powers.

Senior Notes that are Bail-inable Notes (as defined in Condition 3.02) are subject to a Bail-in Conversion (as defined below) under subsection 39.2(2.3) of the *Canada Deposit Insurance Corporation Act* (Canada) (the “**CDIC Act**”) and to variation or extinguishment in consequence and subject to the application of the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the operation of the CDIC Act with respect to the Bail-inable Notes. See “*Risk Factors – FACTORS THAT ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME - Risks relating to the structure of a particular issue of Notes – Risks applicable to Bail-inable Notes*”.

The Senior Notes will not be deposits insured under the CDIC Act.

The Bank has been granted an authority to carry on banking business in Australia pursuant to section 9 of the *Banking Act 1959* of the Commonwealth of Australia (“**Banking Act**”) and is an authorised deposit-taking institution (“**ADI**”) within the meaning of the Banking Act. Senior Notes issued by the Bank are not covered by the depositor protection provisions contained in section 13A of the Banking Act, and will not entitle holders of Senior Notes to claim under Division 2AA – Financial claims scheme for account-holders with insolvent ADIs in the Banking Act.

Agreement with respect to the exercise of Canadian Bail-in powers in relation to Bail-inable Notes:

By acquiring Bail-inable Notes, each Holder (which, for the purposes of this provision, includes each beneficial owner) is deemed to:

(i) agree to be bound, in respect of the Bail-inable Notes, by the CDIC Act, including the conversion of the Bail-inable Notes, in whole or in part – by means of a transaction or series of transactions and in one or more steps - into common shares of the Bank or any of its affiliates under subsection 39.2(2.3) of the CDIC Act and the variation or extinguishment of the Bail-inable Notes in consequence, and by the application of the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the operation of the CDIC Act with respect to such Bail-inable Notes (a “**Bail-in Conversion**”);

(ii) attorn to the jurisdiction of the courts in the Province of Ontario in Canada with respect to the CDIC Act and the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the operation of the CDIC Act with respect to the Bail-inable Notes;

(iii) have represented and warranted to the Bank that the Bank has not directly or indirectly provided financing to the Holder for the express purpose of investing in the Bail-inable Notes; and

(iv) acknowledge and agree that the terms referred to in paragraphs (i) and (ii), above, are binding on such Holder despite any provisions in these Conditions, any other law that governs such Bail-inable Notes and any other agreement, arrangement or understanding between such Holder and the Bank with respect to such Bail-inable Notes.

The applicable Final Terms will indicate whether Senior Notes are Bail-inable Notes. All Bail-inable Notes are subject to Bail-in Conversion.

Each Holder of the Bail-inable Notes that acquires an interest in the Bail-inable Notes in the secondary market and any successors, assigns, heirs, executors, administrators, trustees in bankruptcy and legal representatives of any such Holder shall be deemed to acknowledge, accept, agree to be bound by and consent to the same provisions specified herein to the same extent as the Holders that acquire an interest in the Bail-inable Notes upon their initial issuance, including, without limitation, with respect to the acknowledgement and agreement to be bound by and consent to the terms of the Bail-inable Notes related to the Bail-in Regime.

Status of Subordinated Notes:

Subordinated Notes will be direct unsecured obligations of the Issuer constituting subordinated indebtedness for the purposes of the Bank Act, which, if the Issuer becomes insolvent or is wound-up (prior to the occurrence of a Non-Viability Trigger Event), will rank *pari passu* with all other present or future subordinated indebtedness of the Issuer other than subordinated indebtedness having priority to the Notes by

virtue of any law now or hereafter in force.

The subordinated indebtedness evidenced by the Subordinated Notes will, in the event of the insolvency or winding-up of the Issuer, be subordinate in right of payment to all deposit liabilities of the Issuer, including Senior Notes and all other liabilities of the Issuer except those that, by their terms, rank equally with or are subordinate to such subordinated indebtedness and except as otherwise prescribed by law.

On the occurrence of a Non-Viability Trigger Event, the Subordinated Notes are subject to mandatory and automatic conversion into Common Shares as further described in Condition 8 of the Terms and Conditions of the Notes.

The Subordinated Notes are not deposit liabilities of the Bank and will not be deposits insured under the CDIC Act or any other deposit insurance regime.

Covenant (Subordinated Notes):

If specified in the applicable Final Terms as being applicable, the Bank will not create, issue or incur any indebtedness subordinate in right of payment to the deposit liabilities of the Bank which, in the event of insolvency or winding-up of the Bank, would rank in right of payment in priority to the Subordinated Notes.

Issuance in Series:

Notes will be issued in series (each, a “**Series**”). Each Series may comprise one or more tranches (“**Tranches**” and each, a “**Tranche**”) issued on different issue dates. The Notes of each Series will all be subject to identical terms, except that (i) the issue date and the amount of the first payment of interest may be different in respect of different Tranches and (ii) a Series may comprise Notes in bearer form and Notes in registered form and Notes in more than one denomination. The Notes of each Tranche will be subject to identical terms in all respects save that a Tranche may comprise Notes in bearer form and Notes in registered form and may comprise Notes of different denominations.

The Issuer does not intend to re-open a Series of Senior Notes where such re-opening would have the effect of making the relevant Senior Notes subject to Bail-in Conversion.

Forms:

Notes may be issued in (a) bearer, (b) registered or (c) in the case of Swedish Notes, dematerialised book-entry form settled in Euroclear Sweden AB (“**Swedish Notes**”). In respect of each Tranche of Notes issued in bearer form, the Issuer will deliver a temporary global note or, in respect of Notes to which U.S. Treasury Regulation §1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) applies, a permanent global Note. Such global Note will be deposited on or before the relevant issue date therefor with a depository or a common depository for Euroclear Bank SA/NV (“**Euroclear**”) and/or Clearstream Banking

S.A. (“**Clearstream, Luxembourg**”) and/or any other relevant clearing system. Each temporary global Note will be exchangeable either for a permanent global Note or, in certain cases, for Notes in definitive bearer form and/or (in the case of certain Series comprising both bearer Notes and registered Notes) registered form in accordance with its terms. Each permanent global Note will be exchangeable for Notes in definitive bearer form and/or (in the case of certain Series comprising both bearer Notes and registered Notes) registered form in accordance with its terms. Notes in definitive bearer form will, if interest-bearing, either have interest coupons (“**Coupons**”) attached and, if appropriate, a talon (“**Talon**”) for further Coupons. Notes in bearer form are exchangeable in accordance with the terms thereof for Notes in registered form. Notes in registered form may not be exchanged for Notes in bearer form.

Fixed Rate Notes:

Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer (as indicated the applicable Final Terms) and on redemption and will either be fixed amounts or will be calculated on the basis of such Fixed Day Count Fraction as may be agreed between the Issuer and the relevant Dealer(s) and as indicated in the applicable Final Terms.

Fixed Rate Resettable Notes:

Fixed Rate Resettable Notes will, in respect of an initial period, bear interest at the initial fixed rate of interest specified in the applicable Final Terms. Thereafter, the fixed rate of interest will be reset on one or more date(s) specified in the applicable Final Terms by reference to a Mid-Swap Rate, a Benchmark Gilt Rate, a Reference Bond Rate or a CMT Rate and for a period equal to the reset period, as adjusted for any applicable margin, in each case as may be specified in the applicable Final Terms. Interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes:

Floating Rate Notes (as defined in the applicable Final Terms) will bear interest at a rate determined either:

(i) on the same basis as the floating rate under a notional interest–rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as amended and updated as at the date of issue of the first Tranche of Notes of the relevant Series (as specified in the relevant Final Terms) as published by the International Swaps and Derivatives Association, Inc.) or, if so specified in the relevant Final Terms, the 2006 ISDA Definitions (as amended and updated as at the date of issue of the first Tranche of Notes of the relevant Series (as specified in the relevant Final Terms) as published by the International Swaps and Derivatives Association, Inc.); or

(ii) on the basis of a reference rate appearing on the agreed screen

page of a commercial quotation service; or

(iii) on such other basis as may be agreed between the Issuer and the relevant Dealer, as indicated in the applicable Final Terms.

The Margin (if any) relating to such Floating Rate Notes will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Notes.

Benchmark Discontinuation:

In the case of Notes with an Original Reference Rate required to calculate an Interest Rate (or a component thereof) other than SOFR or U.S dollar LIBOR, if the Issuer determines that a Benchmark Event has occurred, the Issuer may (subject to certain conditions and following consultation with an Independent Adviser (as defined in “*Terms and Conditions of the Notes*”)) determine a Successor Rate, or if there is no Successor Rate, an Alternative Rate and, in either case, an Adjustment Spread, if any, and any Benchmark Amendments (and if the Issuer is unable to appoint an Independent Adviser or unable to make the relevant determination in consultation with an Independent Adviser, determined by the Issuer itself) in accordance with Condition 5.11.

In the case of Notes with SOFR or U.S. dollar LIBOR as the Original Reference Rate required to calculate an Interest Rate (or a component thereof), if the Issuer or its designee determines that a Benchmark Transition Event and its related Benchmark Replacement Date has occurred, the then current benchmark will be replaced by a replacement rate (determined by the Issuer or its designee in accordance with Condition 5.12 for all purposes in respect of all determinations on such date and for all determinations on all subsequent dates). In connection with the implementation of a Benchmark Replacement, the Issuer or its designee will have the right to make Benchmark Replacement Conforming Changes from time to time, without any requirement for the consent or approval of the Noteholders.

Zero Coupon Notes:

Zero Coupon Notes will be offered and sold at par or at a discount to their nominal amount and will not bear interest other than in the case of late payment.

Change of Interest Basis:

Notes may be converted from one interest basis to another if so provided in the applicable Final Terms.

Exempt Notes:

The Issuer may agree with any Dealer that Exempt Notes may be issued in a form not contemplated by the Terms and Conditions, in which event the relevant terms and conditions will be included in the applicable Pricing Supplement.

Redemption:

The Final Terms relating to each Tranche of Notes will indicate either that the Notes of such Tranche cannot be redeemed prior to their stated maturity (other than following an Event of Default pursuant to Condition 7 or for taxation reasons as described in Condition 6.02 or, in the case of Subordinated Notes only, for a Regulatory Event as described below) or that such Notes will be redeemable prior to their stated maturity at the option of the Issuer and/or the Holders upon giving not less than 30 nor more than 60 days' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Final Terms) to the Holders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such terms as are indicated in the applicable Final Terms); provided that, except in the case of an early redemption of Bail-inable Notes for a TLAC Disqualification Event, where a redemption of Bail-inable Notes would lead to a breach of the Bank's TLAC requirements, such redemption will be subject to the prior approval of the Superintendent of Financial Institutions (Canada) (the "**Superintendent**"). All early redemptions of Bail-inable Notes for a TLAC Disqualification Event and of Subordinated Notes require the prior approval of the Superintendent in all cases. Bail-inable Notes may not be redeemed prior to maturity at the option of Holders. As at the date hereof, Subordinated Notes may only be redeemed at the option of the Issuer with the prior approval of the Superintendent on or after the fifth anniversary of the closing date of the latest Tranche of a Series of Notes.

If so specified in the applicable Final Terms, Bail-inable Notes may be redeemed at the option of the Issuer prior to maturity at any time within 90 days following the occurrence of a TLAC Disqualification Event, as described in Condition 6.02A.

Subordinated Notes may be redeemed at the option of the Issuer prior to maturity, upon the occurrence of a Regulatory Event, as described in Condition 6.02B.

A notice of redemption shall be irrevocable, except that the making of an order under subsection 39.13(1) of the CDIC Act in respect of Bail-inable Notes or the occurrence of a Non-Viability Trigger Event in respect of Subordinated Notes prior to the date fixed for redemption shall automatically rescind such notice of redemption and, in such circumstances, no Bail-inable Notes or Subordinated Notes, as the case may be, shall be redeemed and no payment in respect of the Bail-inable Notes or Subordinated Notes shall be due and payable.

Bail-inable Notes will continue to be subject to Bail-in Conversion until repaid in full.

Denominations:

Senior Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer and as indicated in the

applicable Final Terms, save that the minimum denomination of each Note (i) admitted to trading on an EEA or UK regulated market or the ISM or offered to the public in a Relevant State in circumstances which would otherwise require a prospectus to be prepared and published under the Prospectus Regulation will be at least Euro 100,000 (or the equivalent amount in another currency), or (ii) admitted to trading only on a regulated market in a Relevant State, or a specific segment of such a regulated market to which only qualified investors (as defined in the Prospectus Regulation) have access, will be at least Euro 1,000 (or the equivalent amount in another currency).

Subordinated Notes will be issued with a minimum denomination of at least Euro 100,000 (or its equivalent in any other currency).

Subject to compliance with all applicable legal and/or regulatory and/or central bank requirements, the minimum denomination of each Note will be such as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

Taxation:

Payments in respect of Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Canada or any province or territory thereof, or of the country in which the branch of account for Senior Notes is located or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer will (subject to customary exceptions) pay such additional amounts as will result in the holders of Notes or Coupons receiving such amounts as they would have received in respect of such Notes or Coupons had no such withholding or deduction been required (see "*Terms and Conditions of the Notes – Taxation*"). See also the discussion under the caption "*Taxation – Canada*" and "*Taxation – United Kingdom*" in the Base Prospectus.

Cross Default:

None.

Negative Pledge:

None.

Events of Default for Senior Notes:

The terms of the Senior Notes provide for events of default which are limited to (a) non-payment for more than 30 business days of interest or principal; and (b) certain bankruptcy or insolvency events occurring in respect of the Issuer; provided that Holders of Bail-inable Notes may only exercise or direct the exercise of those rights to accelerate the Bail-inable Notes upon such an event where an order has not been made pursuant to subsection 39.13(1) of the CDIC Act in respect of the Bank and, notwithstanding the exercise of any right to accelerate the

Bail-inable Notes, Bail-inable Notes will continue to be subject to a Bail-in Conversion until repaid in full. Neither a Bail-in Conversion nor an NVCC Automatic Conversion upon the occurrence of a Non-Viability Trigger Event will constitute an event of default under the Senior Notes.

Events of Default for Subordinated Notes:

The events of default for the Subordinated Notes are limited to certain bankruptcy or insolvency events occurring in respect of the Issuer.

Neither an NVCC Automatic Conversion upon the occurrence of a Non-Viability Trigger Event nor a Bail-in Conversion will constitute an event of default under the Subordinated Notes.

Waiver of Set-Off – Bail-inable Notes:

Bail-inable Notes are not subject to set-off or netting rights.

Rating:

The current credit ratings assigned to the Issuer and the Programme will be set out in the applicable Final Terms.

Notes issued under the Programme may be rated or unrated.

Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the applicable Final Terms. Such rating(s) will not necessarily be the same as the ratings assigned to the Issuer, the Programme or to Notes already issued.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning rating agency. Investors may suffer losses if the credit rating assigned to the Notes does not reflect the then creditworthiness of such Notes.

Risk Factors:

There are certain risks relating to any issue of Notes, which investors should ensure they fully understand. A non-exhaustive description of such Notes is set out under “*Risk Factors*”.

Listing and Admission to Trading:

Application has been made for Notes (other than Exempt Notes) issued under the Programme to be admitted to the Official List of the FCA and admitted to trading on the Main Market of the London Stock Exchange, which is a regulated market for the purposes of MIFID II.

The Programme provides that Exempt Notes may be unlisted or listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or market(s) (provided that such exchange or market is not a regulated market for the purposes of MiFID II) as may be agreed between the Issuer and the relevant purchaser(s) in relation to such issue as may be specified in the applicable Pricing Supplement.

Additionally, application has been made for Exempt Notes to be admitted to trading on the International Securities Market of the London

Stock Exchange (the "**ISM**"). The ISM is not a regulated market for the purposes of MIFID II. The ISM is a market designated for professional investors.

Exempt Notes which are designated in the relevant Pricing Supplement as being admitted to trading on the ISM are not admitted to listing on the Official List.

Governing Law and Jurisdiction: The Notes and all non-contractual obligations arising out of, or in connection with them, will be governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein, except that the registration of the Swedish Notes in Euroclear Sweden AB shall be governed by Swedish law. Ontario Courts have jurisdiction in the event of litigation in respect of the Notes.

Clearing Systems: Euroclear, Clearstream, Luxembourg and/or, in relation to any Notes, any other clearing system as may be specified in the relevant Final Terms.

Selling Restrictions: There are selling restrictions in relation to the United States, Canada, the European Economic Area (including Italy, France, The Netherlands, Belgium and Sweden), the United Kingdom, Switzerland, Japan and Hong Kong and such other restrictions as may be required in connection with the offering and sale of a particular Tranche of Notes.

The relevant Dealer(s) will be required to comply with such other additional restrictions as the Issuer and the relevant Dealer shall agree in respect of any Tranche of Notes and as shall be set out in the applicable Final Terms.

U.S. Restrictions: The Issuer is Category 2 for Regulation S purposes.

The Notes will be issued in compliance with U.S. Treas. Reg. §1.163(c)(2)(i)(D) (the "**D Rules**") unless (i) the relevant Final Terms states that the Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the "**C Rules**") or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**"), which circumstances will be referred to in the relevant Final Terms as a transfer to which TEFRA is not applicable.

RISK FACTORS

The Issuer believes that the following factors, which are specific to the Issuer, may affect its ability to fulfil its obligations under the Notes. Most of these factors are contingencies which may or may not occur.

In addition, material risk factors which are specific to the Notes issued under the programme are also described below.

The Issuer believes that the factors described below represent the material risks inherent in investing in the Notes issued by it as at the date of this Base Prospectus. If any or a combination of these risks actually occurs, the business, results of operation, financial condition and/or prospects of the Issuer could be materially and adversely affected, which could result in the Issuer being unable to pay interest, principal or other amounts on or in connection with any Notes issued by it or materially and adversely affect the trading price of any such Notes.

Prospective investors should note that the risks relating to the Issuer summarised in this section are risks that the Issuer believes to be essential to an assessment by the prospective investor of whether to make an investment in the Notes and the Issuer does not represent that the statements below regarding the risks of investing in the Notes are exhaustive. Additional risks and uncertainties not presently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its results of operations or financial condition or affect the ability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes issued by it. As the risks which the Issuer faces relate to events and depend on circumstances that may or may not occur, prospective investors should also read the detailed information set out elsewhere in this document (including information incorporated by reference) and any Final Terms or Pricing Supplement to reach their own views prior to making any investment decisions.

A. FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING RISKS ASSOCIATED WITH THE ISSUER

Prospective investors should consider the section entitled “Risk Factors” at pages 1 to 22 in the Registration Document as referred to in, and incorporated by reference into, this Base Prospectus as set out in “Documents Incorporated by Reference” on page 42 of this Base Prospectus.

B. FACTORS THAT ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

1. Risks related to Subordinated Notes

1.1 General Risks related to Subordinated Notes

A Noteholder’s remedies for the Issuer’s breach of its obligations under the Subordinated Notes are limited

Absent an Event of Default (which shall occur if the Issuer becomes insolvent or bankrupt or subject to the provisions of the *Winding-Up and Restructuring Act* (Canada), the Issuer goes into liquidation either voluntarily or under an order of a court of competent jurisdiction, or the Issuer otherwise acknowledges its insolvency), the holders of the Subordinated Notes shall not be entitled to declare the principal amount of the Subordinated Notes due and payable under any circumstance. As a result, investors will have no right of acceleration in the

event of a non-payment of interest or a failure or breach in the performance of any other covenant of the Issuer although legal action could be brought to enforce any covenant of the Issuer. Neither an NVCC Automatic Conversion upon the occurrence of a Non-Viability Trigger Event nor a Bail-in Conversion will constitute an Event of Default under the terms of the Subordinated Notes.

Early Redemption on Occurrence of Regulatory or Tax Events

The Issuer may redeem all but not less than all of the outstanding Subordinated Notes of such Series at any time on or after a Tax Event or, in the case of a Regulatory Event, on or within 90 days after the occurrence of Regulatory Event, in each case with the prior consent of the Superintendent. An investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Subordinated Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

1.2 Risks related to NVCC Automatic Conversion

The Subordinated Notes are loss-absorption financial instruments that involve risk and may not be a suitable investment for all investors

The Subordinated Notes are loss-absorption financial instruments designed to comply with applicable Canadian banking regulations and involve certain risks. In particular, each potential investor of the Subordinated Notes must determine the suitability (either alone or with the help of a financial adviser) of that investment in light of its own circumstances. In particular, each potential investor should understand thoroughly the terms of the Subordinated Notes, such as the provisions governing the NVCC Automatic Conversion, including under what circumstances a Non-Viability Trigger Event could occur.

A potential investor should not invest in the Subordinated Notes unless it has the knowledge and expertise (either alone or with a financial advisor) to evaluate how the Subordinated Notes will perform under changing conditions, the resulting effects on the likelihood of the NVCC Automatic Conversion into Common Shares and the value of the Subordinated Notes, and the impact this investment will have on the potential investor's overall investment portfolio. Prior to making an investment decision, potential investors should consider carefully, in light of their own financial circumstances and investment objectives, all the information contained in this Base Prospectus or incorporated by reference herein.

The Subordinated Notes are subject to an automatic and immediate conversion into Common Shares upon a Non-Viability Trigger Event

Upon the occurrence of an NVCC Automatic Conversion following a Non-Viability Trigger Event, an investment in the Subordinated Notes will automatically and immediately become an investment in Common Shares. Upon an NVCC Automatic Conversion, any accrued but unpaid interest will be added to the nominal amount of the Subordinated Notes held by the investor and such accrued but unpaid interest, together with the principal amount of the Subordinated Notes, will be deemed repaid in full by the issuance of Common Shares upon such conversion and the holders of Subordinated Notes shall have no further rights and the Issuer shall have no further obligations to holders of the Subordinated Notes.

Potential investors in Subordinated Notes should understand that, if a Non-Viability Trigger Event occurs and Subordinated Notes are converted into Common Shares, investors are obliged to accept the Common Shares even if they do not at the time consider such Common Shares to be an appropriate investment for them and despite any change in the financial position of the Issuer since the issue of the Subordinated Notes or any disruption to the market for those Common Shares or to capital markets generally.

The number and value of Common Shares to be received on an NVCC Automatic Conversion may be worth significantly less than the par value of the Subordinated Notes and are variable and subject to further dilution

The number of Common Shares to be received for each Subordinated Note is calculated by reference to the prevailing market price of Common Shares immediately prior to a Non-Viability Trigger Event, subject to the Floor Price. Upon the occurrence of an NVCC Automatic Conversion, there is no certainty of the value of the Common Shares to be received by the holders of the Subordinated Notes and the value of such Common Shares could be significantly less than the nominal amount of the Subordinated Notes. Moreover, there may be an illiquid market, or no market at all, in Common Shares received upon an NVCC Automatic Conversion, and investors may not be able to sell the Common Shares at a price equal to the value of their investment in the Subordinated Notes and as a result may suffer significant loss.

If the Subordinated Notes are denominated in a currency other than Canadian dollars and any Common Shares are traded in Canadian dollars, fluctuations in the exchange rates between these two currencies may adversely affect the number of Common Shares delivered to a Noteholder as a result of an NVCC Automatic Conversion.

The Issuer is expected to have outstanding from time to time other securities including, without limitation, other subordinated indebtedness, that will automatically and immediately convert into Common Shares upon a Non-Viability Trigger Event. Certain other securities of the Issuer may use a lower effective floor price or a higher multiplier than those applicable to the Subordinated Notes to determine the maximum number of Common Shares to be issued to holders of such instruments upon an NVCC Automatic Conversion. Accordingly, holders of Subordinated Notes will receive Common Shares pursuant to an NVCC Automatic Conversion at a time when other securities of the Issuer may be converted into Common Shares at a conversion rate that is more favorable to the holders of such securities than the rate applicable to the holders of Subordinated Notes, therefore the value of the Common Shares received by holders of Subordinated Notes following an NVCC Automatic Conversion could be further diluted.

In addition, in the circumstances surrounding a Non-Viability Trigger Event, the Superintendent or other governmental authorities or agencies may also require other steps to be taken to restore or maintain the viability of the Issuer under the Canadian bank resolution powers, such as the injection of new capital and the issuance of additional Common Shares or other securities. Accordingly, holders of Subordinated Notes will receive Common Shares pursuant to an NVCC Automatic Conversion at a time when other debt obligations of the Issuer may be converted into Common Shares at a conversion rate that is more favourable to the holders of such obligations than the rate applicable to the Subordinated Notes, and additional Common Shares or securities ranking in priority to the Common Shares may be issued, thereby causing substantial dilution to holders of Common Shares, the holders of shares other than Common Shares and the holders of Subordinated Notes, who will become holders of Common Shares upon the Non-Viability Trigger Event.

Given that the Subordinated Notes are subject to an NVCC Automatic Conversion, the Subordinated Notes are not subject to a Bail-in Conversion. However, the Bail-in Regime provides that the CDIC must use its best efforts to ensure that the prescribed types of shares and liabilities are converted only if all subordinate prescribed shares and liabilities and any subordinate non-viability contingent capital (such as the Subordinated Notes) have previously been converted or are converted at the same time. Accordingly, in the case of a Bail-in Conversion, the Subordinated Notes would be subject to an NVCC Automatic Conversion prior to, or at the same time, as a Bail-in Conversion. In addition, the Bail-in Regime prescribes that holders of unsubordinated or senior ranking bail-in eligible instruments, including Senior Notes that are Bail-in-able Notes, that are subject to a Conversion Order must receive more common shares per dollar amount converted than holders of any subordinate ranking bail-in eligible instruments or NVCC instruments converted, including Subordinated Notes.

The holders of Bail-inable Notes that are subject to a Conversion Order would therefore receive Common Shares at a conversion rate that would be more favourable to the holders of such obligations than the rate applicable to holders of the Subordinated Notes.

In addition, fractions of Common Shares will not be issued or delivered pursuant to an NVCC Automatic Conversion and no cash payment will be made in lieu of a fractional Common Share.

The circumstances surrounding or triggering an NVCC Automatic Conversion are unpredictable

The decision as to whether a Non-Viability Trigger Event will occur is a subjective determination by the Superintendent that is outside the control of the Issuer. OSFI has stated that the Superintendent will consult with the CDIC, the Bank of Canada, the Department of Finance Canada (the “**Department of Finance**”) and the Financial Consumer Agency of Canada prior to making a non-viability determination. The conversion of non-viability contingent instruments alone may not be sufficient to restore an institution to viability and other public sector interventions, including liquidity assistance, would likely be used in tandem with the conversion of non-viability contingent instruments to maintain an institution as a going concern. Consequently, while the Superintendent would have the authority to trigger conversion, in practice, the Superintendent’s decision to activate the trigger would be conditioned by the legislative provisions and decision frameworks associated with the accompanying interventions by one or more of the CDIC, the Bank of Canada, the Department of Finance and the Financial Consumer Agency of Canada. In assessing whether the Issuer has ceased, or is about to cease, to be viable and that, after the conversion of all contingent instruments, it is reasonably likely that the viability of the Issuer will be restored or maintained, OSFI has stated that the Superintendent would consider, in consultation with the authorities referred to above, all relevant facts and circumstances, including the criteria outlined in relevant legislation and regulatory guidance. Those facts and circumstances may include a consideration of the following criteria, which may be mutually exclusive and should not be viewed as an exhaustive list:

- whether the assets of the Issuer are, in the opinion of the Superintendent, sufficient to provide adequate protection to the Issuer’s depositors and creditors;
- whether the Issuer has lost the confidence of depositors or other creditors and the public (for example, ongoing increased difficulty in obtaining or rolling over short-term funding);
- whether the Issuer’s regulatory capital has, in the opinion of the Superintendent, reached a level, or is eroding in a manner, that may detrimentally affect its depositors and creditors;
- whether the Issuer has failed to pay any liability that has become due and payable or, in the opinion of the Superintendent, the Issuer will not be able to pay its liabilities as they become due and payable;
- whether the Issuer failed to comply with an order of the Superintendent to increase its capital;
- whether, in the opinion of the Superintendent, any other state of affairs exists in respect of the Issuer that may be materially prejudicial to the interests of the Issuer’s depositors or creditors or the owners of any assets under the Issuer’s administration; and
- whether the Issuer is unable to recapitalise on its own through the issuance of Common Shares or other forms of regulatory capital (for example, no suitable investor or group of investors exists that is willing or capable of investing in sufficient quantity and on terms that will restore the Issuer’s viability, nor is there any reasonable prospect of such an investor emerging in the near-term in the absence of conversion of contingent instruments).

The facts and circumstances that the Superintendent may consider may change from time to time as a result of evolving legal and regulatory developments.

If a Non-Viability Trigger Event occurs, then the interests of the Issuer's depositors, other creditors of the Issuer, and holders of the Issuer's securities, including Senior Notes that are Bail-inable Notes, will all rank in priority to the holders of the Subordinated Notes. The Superintendent retains full discretion to choose whether or not to trigger NVCC Automatic Conversion notwithstanding a determination that the Issuer has ceased, or is about to cease, to be viable. Under such circumstances, the holders of Subordinated Notes may be exposed to losses through the use of other resolution tools or in liquidation. For more information on such resolution tools, see the discussion under "*— The Subordinated Notes may become subject to other resolution actions under current and proposed Canadian resolution powers*" below.

Because of the inherent uncertainty regarding the determination of when an NVCC Automatic Conversion may occur, it will be difficult to predict when, if at all, the Subordinated Notes will be mandatorily converted into Common Shares. In addition, investors in the Subordinated Notes are likely not to receive any advance notice of the occurrence of a Non-Viability Trigger Event. As a result of this uncertainty, trading behavior in respect of the Subordinated Notes is not necessarily expected to follow trading behavior associated with other types of convertible or exchangeable securities. Any indication, whether real or perceived, that the Issuer is trending towards a Non-Viability Trigger Event can be expected to have an adverse effect on the market price of the Subordinated Notes and the Common Shares, whether or not such Non-Viability Trigger Event actually occurs. Therefore, in such circumstances, investors may not be able to sell their Subordinated Notes easily or at prices that will provide them with a yield comparable to other types of subordinated securities, including the Issuer's other subordinated debt securities. In addition, subject to the applicable floor price, the risk of NVCC Automatic Conversion could drive down the price of Common Shares and have a material adverse effect on the market value of Common Shares received upon NVCC Automatic Conversion.

Following an NVCC Automatic Conversion, Noteholders will no longer have rights as a creditor and will only have rights as a holder of Common Shares

Upon an NVCC Automatic Conversion, the rights, terms and conditions of the Subordinated Notes, including with respect to priority and rights on liquidation, will no longer apply as all such Subordinated Notes will have been converted on a full and permanent basis into Common Shares ranking on parity with all other outstanding Common Shares. If an NVCC Automatic Conversion occurs, then the interest of the Issuer's depositors, other creditors of the Issuer, and holders of the Issuer's securities which are not contingent instruments, including Senior Notes that are Bail-inable Notes, will all rank in priority to the holders of contingent instruments, including the Subordinated Notes.

Given the nature of the Non-Viability Trigger Event, a holder of Subordinated Notes will become a holder of Common Shares at a time when the Issuer's financial condition has deteriorated. If the Issuer were to become insolvent or wound-up after the occurrence of a Non-Viability Trigger Event, as holders of Common Shares investors may receive substantially less than they might have received had the Subordinated Notes not been converted into Common Shares.

An NVCC Automatic Conversion may also occur at a time when a federal or provincial government or other government agency in Canada has provided, or will provide, a capital injection or equivalent support, the terms of which may rank in priority to the Common Shares with respect to the payment of dividends, rights on liquidation or other terms.

The Issuer's obligations under the Subordinated Notes will be unsecured and subordinated, and the rights of the holders of Subordinated Notes will be further subordinated upon an NVCC Automatic Conversion

The Subordinated Notes will be the Issuer's direct unsecured subordinated obligations which, if the Issuer becomes insolvent or is wound-up (prior to the occurrence of a Non-Viability Trigger Event), will rank equally with the Issuer's other subordinated indebtedness and will be subordinate in right of payment to the claims of the Issuer's depositors and other unsubordinated creditors, including Senior Notes that are Bail-inable Notes.

Therefore, if, prior to the occurrence of a Non-Viability Trigger Event, the Issuer becomes insolvent or is wound-up, the assets of the Issuer would first be applied to satisfy all rights and claims of holders of senior indebtedness (including deposit liabilities). If the Issuer does not have sufficient assets to settle claims of such senior indebtedness holders (including deposit liabilities) in full, the claims of the holders of the Subordinated Notes will not be settled and, as a result, the holders will lose the entire amount of their investment in the Subordinated Notes. The Subordinated Notes will share equally in payment with claims under other subordinated indebtedness if the Issuer does not have sufficient funds to make full payments on all of them, as applicable. In such a situation, holders could lose all or part of their investment.

In addition, holders should be aware that, upon the occurrence of a Non-Viability Trigger Event, all of the Issuer's obligations under the Subordinated Notes shall be deemed repaid in full by the issuance of Common Shares upon an NVCC Automatic Conversion, and each holder will be effectively further subordinated due to the change in their status following an NVCC Automatic Conversion from being the holder of a debt instrument ranking ahead of holders of Common Shares to being the holder of Common Shares.

As a result, upon the occurrence of an NVCC Automatic Conversion, the holders could lose all or part of their investment in the Subordinated Notes irrespective of whether the Issuer has sufficient assets available to settle what would have been the claims of the holders of the Subordinated Notes or other securities subordinated to the same extent as the Subordinated Notes, in proceedings relating to an insolvency or winding-up.

Holders do not have anti-dilution protection in all circumstances

The Floor Price that is used to calculate the Conversion Price is subject to adjustment in a limited number of events:

- (1) the issuance of Common Shares or securities exchangeable for or convertible into Common Shares to all holders of Common Shares as a stock dividend;
- (2) the subdivision, redivision or change of the Common Shares into a greater number of Common Shares; and
- (3) the reduction, combination or consolidation of the Common Shares into a lesser number of Common Shares.

In addition, in the event of a capital reorganisation, consolidation, merger or amalgamation of the Issuer or comparable transaction affecting the Common Shares after the date of this Base Prospectus, the Issuer will take necessary action to ensure that holders of Subordinated Notes receive, pursuant to an NVCC Automatic Conversion, the number of Common Shares or other securities that such holders would have received if the NVCC Automatic Conversion occurred immediately prior to the record date for such event. However, there is no requirement that there will be an adjustment of the Floor Price or other anti-dilutive action by the Issuer for every corporate or other event that may affect the market price of the Common Shares. Accordingly, the

occurrence of events in respect of which no adjustment to the Floor Price is made may adversely affect the number of Common Shares issuable to a holder of Subordinated Notes upon an NVCC Automatic Conversion.

The tax consequences of holding Common Shares following an NVCC Automatic Conversion will likely be different for most categories of holders from the tax consequences for them of holding Subordinated Notes.

Upon the occurrence of a Non-Viability Trigger Event, Subordinated Notes will automatically and immediately convert into Common Shares. The tax consequences of holding Common Shares following an NVCC Automatic Conversion will likely be different for most categories of holders from the tax consequences for them of holding Subordinated Notes. Each prospective investor should consult their own tax advisor regarding the tax consequences of a conversion of the Subordinated Notes into Common Shares.

A Noteholder shall be responsible for all taxes arising upon an NVCC Automatic Conversion

The Terms and Conditions provide that a Noteholder shall be responsible for paying any taxes and capital, stamp, issue, registration and transfer taxes and duties arising to such Noteholder on an NVCC Automatic Conversion.

2. Risks applicable to Bail-inable Notes

Bail-inable Notes will be subject to risks, including non-payment in full or conversion in whole or in part – by means of a transaction or series of transactions and in one or more steps – into common shares of the Issuer or any of its affiliates, under Canadian bank resolution powers.

Senior Notes that are Bail-inable Notes (as defined below) are subject to conversion in whole or in part – by means of a transaction or series of transactions and in one or more steps – into common shares of the Issuer or any of its affiliates under subsection 39.2(2.3) of the *Canada Deposit Insurance Corporation Act* (Canada) (the “**CDIC Act**”) and to variation or extinguishment in consequence, and subject to the application of the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the operation of the CDIC Act with respect to the Bail-inable Notes. Notwithstanding any other terms of the Issuer’s liability, any other law that governs the Issuer’s liability and any other agreement, arrangement or understanding between the parties with respect to the Issuer’s liability, each holder or beneficial owner of an interest in the Bail-inable Notes is deemed to be bound by the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the operation of the CDIC Act with respect to the Bail-inable Notes and is deemed to attorn to the jurisdiction of the courts in the Province of Ontario in Canada.

Certain provisions of and regulations under the *Bank Act* (Canada) (the “**Bank Act**”), the CDIC Act and certain other Canadian federal statutes pertaining to banks (collectively, the “**Bail-in Regime**”), provide for a bank recapitalization regime for banks designated by the Superintendent of Financial Institutions (Canada) (the “**Superintendent**”) as domestic systemically important banks (“**D-SIBs**”), which include the Issuer.

The expressed objectives of the Bail-in Regime include reducing government and taxpayer exposure in the unlikely event of a failure of a D-SIB, reducing the likelihood of such a failure by increasing market discipline and reinforcing that bank shareholders and creditors are responsible for the D-SIBs’ risks and not taxpayers, and preserving financial stability by empowering the Canada Deposit Insurance Corporation (“**CDIC**”), Canada’s resolution authority, to quickly restore a failed D-SIB to viability and allow it to remain open and operating, even where the D-SIB has experienced severe losses.

Under the CDIC Act, in circumstances where the Superintendent is of the opinion that the Issuer has ceased, or is about to cease, to be viable and viability cannot be restored or preserved by exercise of the

Superintendent's powers under the Bank Act, the Superintendent, after providing the Issuer with a reasonable opportunity to make representations, is required to provide a report to CDIC. Following receipt of the Superintendent's report, CDIC may request the Minister of Finance for Canada (the "**Minister of Finance**") to recommend that the Governor in Council (Canada) make an Order (as defined below) and, if the Minister of Finance is of the opinion that it is in the public interest to do so, the Minister of Finance may recommend that the Governor in Council (Canada) make, and on such recommendation, the Governor in Council (Canada) may make, one or more Orders including a Conversion Order (see "*Risks related to the Notes generally – Canadian bank resolution powers confer substantial powers on Canadian authorities designed to enable them to take a range of actions in relation to the Issuer where a determination is made that the Issuer has ceased, or is about to cease, to be viable and such viability cannot be restored or preserved, which if taken could result in holders or beneficial owners of Notes being exposed to losses*").

Upon the making of a Conversion Order, prescribed shares and liabilities under the Bail-in Regime that are subject to that Conversion Order will, to the extent converted, be converted into common shares of the Issuer or any of its affiliates, as determined by CDIC (a "**Bail-in Conversion**"). Subject to certain exceptions discussed below, the Bail-in Regime provides that senior debt issued on or after September 23, 2018, with an initial or amended term to maturity, (including explicit or embedded options) greater than 400 days, that is unsecured or partially secured and that has been assigned a CUSIP or ISIN or similar identification number are subject to a Bail-in Conversion. Shares, other than common shares, and subordinated debt of the Issuer will also be subject to a Bail-in Conversion, unless they are non-viability contingent capital. All Notes that are subject to Bail-in Conversion will be identified as Bail-inable Notes in the applicable Final Terms ("**Bail-inable Notes**").

Covered bonds, derivatives and certain structured notes (as such term is used under the Bail-in Regime) are expressly excluded from a Bail-in Conversion. To the extent that any Notes constitute structured notes (as such term is used under the Bail-in Regime) they will not be Bail-inable Notes and will not be identified as Bail-inable Notes in the applicable Final Terms. As a result, claims of some creditors whose claims would otherwise rank equally with those of the holders of Bail-inable Notes would be excluded from a Bail-in Conversion and thus the holders and beneficial owners of Bail-inable Notes will have to absorb losses ahead of these other creditors as a result of the Bail-in Conversion while other creditors may not be exposed to losses.

If the CDIC were to take action under the Canadian bank resolution powers with respect to the Issuer, this could result in holders or beneficial owners of Bail-inable Notes being exposed to conversion of the Bail-inable Notes in whole or in part. Upon a Bail-in Conversion, the holders of Notes ("**Noteholders**") holding Bail-inable Notes that are converted will be obligated to accept the common shares of the Issuer or any of its affiliates into which such Bail-inable Notes, or any portion thereof, are converted even if such Noteholders do not at the time consider such common shares to be an appropriate investment for them, and despite any change in the Issuer or any of its affiliates, or the fact that such common shares are issued by an affiliate of the Issuer or any disruption to or lack of a market for such common shares or disruption to capital markets generally. The terms and conditions of the Bail-in Conversion will be determined by CDIC in accordance with and subject to certain requirements discussed below (see "*The number of common shares to be issued in connection with, and the number of common shares that will be outstanding following, a Bail-in Conversion are unknown. It is also unknown whether the shares to be issued will be those of the Issuer or one of its affiliates*" below). See also "*Investors in Bearer Notes who hold less than the minimum Specified Denomination (including after a partial Bail-in Conversion or any other resolution action) may be unable to sell their Bearer Notes and may be adversely affected if definitive Bearer Notes are subsequently required to be issued*" below for a risk of partial conversions.

As a result, holders of Bail-inable Notes should consider the risk that they may lose all or part of their investment, plus any accrued interest or additional amounts, if CDIC were to take action under the Canadian bank resolution powers, including the Bail-in Regime, and that any remaining outstanding Notes, or common shares of the Issuer or any of its affiliates into which Bail-inable Notes are converted, may be of little value at the time of a Bail-in Conversion and thereafter.

Bail-inable Notes will provide only limited acceleration and enforcement rights for the Bail-inable Notes and will include other provisions intended to qualify such Notes as TLAC.

In connection with the Bail-in Regime, the Office of the Superintendent of Financial Institutions' ("OSFI") guideline as interpreted by the Superintendent (the "**TLAC Guideline**") on Total Loss Absorbing Capacity ("**TLAC**") applies to and establishes standards for D-SIBs, including the Issuer. Under the TLAC Guideline, beginning November 1, 2021, the Issuer is required to maintain a minimum capacity to absorb losses composed of unsecured external long-term debt that meets the prescribed criteria or regulatory capital instruments to support recapitalization in the event of a failure. Bail-inable Notes and regulatory capital instruments that meet the prescribed criteria (set out on page 155 under "Canadian Bank TLAC Regime") will constitute TLAC of the Issuer.

In order to comply with the TLAC Guideline, the terms of the Bail-inable Notes provide that acceleration will only be permitted (i) if the Issuer defaults in the payment of the principal or interest for a period of more than 30 business days, or (ii) certain bankruptcy, insolvency or reorganisation events occur. Holders and beneficial owners of Bail-inable Notes may only exercise, or direct the exercise of, such rights in respect of Bail-inable Notes where an Order has not been made under Canadian bank resolution powers pursuant to subsection 39.13(1) of the CDIC Act in respect of the Issuer. Notwithstanding the exercise of those rights, Bail-inable Notes will continue to be subject to Bail-in Conversion until repaid in full.

The terms of the Bail-inable Notes also provide that holders or beneficial owners of Bail-inable Notes will not be entitled to exercise, or direct the exercise of, any set-off or netting rights with respect to Bail-inable Notes. In addition, where an amendment, modification or other variance that can be made to the Bail-inable Notes would affect the recognition of the Bail-inable Notes by the Superintendent as TLAC, that amendment, modification or variance will require the prior approval of the Superintendent.

In light of the above restrictions, holders of Bail-inable Notes may not be permitted to accelerate the Bail-inable Notes or direct the exercise of set-off or netting rights with respect to Bail-inable Notes in circumstances where it would be in the holder's best interests to seek to accelerate such notes or exercise such rights. In addition, it is possible that the Issuer and holders may be prevented from making amendments, modifications or variances to the terms of the Bail-inable Notes that are otherwise acceptable if they are not also approved by the Superintendent.

The circumstances surrounding a Bail-in Conversion are unpredictable and can be expected to have an adverse effect on the market price of Bail-inable Notes.

The decision as to whether the Issuer has ceased, or is about to cease, to be viable is a subjective determination by the Superintendent that is outside the control of the Issuer. Upon a Bail-in Conversion, the interests of depositors and holders of liabilities and securities of the Issuer that are not converted will effectively all rank in priority to the portion of Bail-inable Notes that are converted. In addition, except as provided for under the compensation process, the rights of Noteholders in respect of the Bail-inable Notes that have been converted will rank on parity with other holders of common shares of the Issuer (or, as applicable, common shares of the affiliate whose common shares are issued on the Bail-in Conversion).

There is no limitation on the type of Order that may be made where it has been determined that the Issuer has ceased, or is about to cease, to be viable. As a result, Noteholders holding Bail-inable Notes may be exposed to losses through the use of Canadian bank resolution powers other than a Conversion Order or in liquidation.

Because of the uncertainty regarding when and whether an Order will be made and the type of Order that may be made, it will be difficult to predict when, if at all, Bail-inable Notes could be converted into common shares of the Issuer or any of its affiliates, and there is not likely to be any advance notice of an Order. As a result of this uncertainty, trading behaviour in respect of the Bail-inable Notes may not follow trading behaviour associated with convertible or exchangeable securities or, in circumstances where the Issuer is trending towards ceasing to be viable, other senior debt. Any indication, whether real or perceived, that the Issuer is trending towards ceasing to be viable can be expected to have an adverse effect on the market price of the Bail-inable Notes. Therefore, in those circumstances, Noteholders of Bail-inable Notes may not be able to sell their Bail-inable Notes easily or at prices comparable to those of senior debt securities not subject to Bail-in Conversion.

The number of common shares to be issued in connection with, and the number of common shares that will be outstanding following, a Bail-in Conversion are unknown. It is also unknown whether the shares to be issued will be those of the Issuer or one of its affiliates.

Under the Bail-in Regime there is no fixed and pre-determined contractual conversion ratio for the conversion of the Bail-inable Notes, or other shares or liabilities of the Issuer that are subject to a Bail-in Conversion, into common shares of the Issuer or any of its affiliates, nor are there specific requirements regarding whether liabilities subject to a Bail-in Conversion are converted into common shares of the Issuer or any of its affiliates. CDIC determines the timing of the Bail-in Conversion, the portion of bail-inable shares and liabilities to be converted and the terms and conditions of the Bail-in Conversion, subject to parameters set out in the Bail-in Regime. Those parameters, include that:

- in carrying out a Bail-in Conversion, CDIC must take into consideration the requirement in the Bank Act for banks to maintain adequate capital;
- CDIC must use its best efforts to ensure that shares and liabilities subject to a Bail-in Conversion are only converted after all subordinate ranking shares and liabilities that are subject to a Bail-in Conversion and any subordinate non-viability contingent capital instruments have been previously converted or are converted during the same restructuring period;
- CDIC must use its best efforts to ensure that the converted part of the liquidation entitlement of a share subject to a Bail-in Conversion, or the converted part of the principal amount and accrued and unpaid interest of a liability subject to a Bail-in Conversion, is converted on a pro rata basis for all shares or liabilities subject to a Bail-in Conversion of equal rank that are converted during the same restructuring period;
- holders of shares and liabilities that are subject to a Bail-in Conversion must receive a greater number of common shares per dollar of the converted part of the liquidation entitlement of their shares, or the converted part of the principal amount and accrued and unpaid interest of their liabilities, than holders of any subordinate shares or liabilities subject to a Bail-in Conversion that are converted during the same restructuring period or of any subordinate non-viability contingent capital that is converted during the same restructuring period;

- holders of shares or liabilities subject to a Bail-in Conversion of equal rank that are converted during the same restructuring period must receive the same number of common shares per dollar of the converted part of the liquidation entitlement of their shares or the converted part of the principal amount and accrued and unpaid interest of their liabilities; and
- holders of shares or liabilities subject to a Bail-in Conversion must receive, if any non-viability contingent capital of equal rank to the shares or liabilities is converted during the same restructuring period, a number of common shares per dollar of the converted part of the liquidation entitlement of their shares, or the converted part of the principal amount and accrued and unpaid interest of their liabilities, that is equal to the largest number of common shares received by any holder of the non-viability contingent capital per dollar of that capital.

As a result, it is not possible to anticipate the potential number of common shares of the Issuer or its affiliates that would be issued in respect of any Bail-inable Notes converted on a Bail-in Conversion, the aggregate number of such common shares that will be outstanding following the Bail-in Conversion, the effect of dilution on the common shares received in respect of any Bail-inable Notes converted on a Bail-in Conversion from other issuances of common shares of the same issuer under or in connection with an Order or related actions in respect of the Issuer or its affiliates or the value of any common shares received by Noteholders of converted Bail-inable Notes, which could be significantly less than the amount which may otherwise have been due under the converted Bail-inable Notes. It is also not possible to anticipate whether shares of the Issuer or shares of its affiliates would be issued in a Bail-in Conversion. There may be an illiquid market, or no market at all, in the common shares issued upon a Bail-in Conversion and such Noteholders may not be able to sell those common shares at a price equal to the value of the converted Bail-inable Notes and as a result may suffer significant losses that may not be offset by compensation, if any, received as part of the compensation process. Fluctuations in exchange rates may exacerbate such losses.

By acquiring Bail-inable Notes, each Noteholder or beneficial owner of those Bail-inable Notes is deemed to agree to be bound by a Bail-in Conversion and so will have no further rights in respect of its Bail-inable Notes to the extent those Bail-inable Notes are converted in a Bail-in Conversion, other than those provided under the Bail-in Regime. Any potential compensation to be provided through the compensation process under the CDIC Act is unknown.

The CDIC Act provides for a compensation process for Noteholders holding Bail-inable Notes who immediately prior to the making of an Order, directly or through an intermediary, own Bail-inable Notes that are converted in a Bail-in Conversion. While this process applies to successors of such Noteholders it does not apply to assignees or transferees of the Noteholder following the making of the Order and does not apply if the amounts owing under the relevant Bail-inable Notes are repaid in full.

Under the compensation process, the compensation to which such Noteholders are entitled is the difference, to the extent it is positive, between the estimated liquidation value and the estimated resolution value of the relevant Bail-inable Notes. The liquidation value is the estimated value the Bail-inable Noteholders would have received if an order under the *Winding-up and Restructuring Act* (Canada) had been made in respect of the Issuer, as if no Order had been made and without taking into consideration any assistance, financial or otherwise, that is or may be provided to the Issuer, directly or indirectly, by CDIC, the Bank of Canada, the Government of Canada or a province of Canada, after any order to wind up the Issuer has been made.

The resolution value in respect of relevant Bail-inable Notes is the aggregate estimated value of the following:
 (a) the relevant Bail-inable Notes, if they are not held by CDIC and they are not converted, after the making of

an Order, into common shares under a Bail-in Conversion; (b) common shares that are the result of a Bail-in Conversion after the making of an Order; (c) any dividend or interest payments made, after the making of the Order, with respect to the relevant Bail-inable Notes to any person other than CDIC; and (d) any other cash, securities or other rights or interests that are received or to be received with respect to the relevant Bail-inable Notes as a direct or indirect result of the making of the Order and any actions taken in furtherance of the Order, including from CDIC, the Issuer, the liquidator of the Issuer, if the Issuer is wound up, the liquidator of a CDIC subsidiary incorporated or acquired by order of the Governor in Council for the purposes of facilitating the acquisition, management or disposal of real property or other assets of the Issuer that CDIC may acquire as the result of its operations that is liquidated or the liquidator of a bridge institution if the bridge institution is wound up.

In connection with the compensation process, CDIC is required to estimate the liquidation value and the resolution value in respect of the portion of converted Bail-inable Notes and is required to consider the difference between the estimated day on which the liquidation value would be received and the estimated day on which the resolution value is, or would be, received.

CDIC must, within a reasonable period following a Bail-in Conversion, make an offer of compensation by notice to the relevant Noteholders that held Bail-inable Notes equal to, or in value estimated to be equal to, the amount of compensation to which such Noteholders are entitled or provide a notice stating that such Noteholders are not entitled to any compensation. In either case such notice is required to include certain prescribed information, including important information regarding the rights of such Noteholders to seek to object and have the compensation to which they are entitled determined by an assessor (a Canadian Federal Court judge) where holders of liabilities representing at least 10 per cent. of the principal amount and accrued and unpaid interest of the liabilities of the same class object to the offer or absence of compensation. The period for objecting is limited (45 days following the day on which a summary of the notice is published in the *Canada Gazette*) and failure by Noteholders holding a sufficient principal amount plus accrued and unpaid interest of affected Bail-inable Notes to object within the prescribed period will result in the loss of any ability to object to the offered compensation or absence of compensation, as applicable. CDIC will pay each relevant Noteholder the offered compensation within 135 days after the date on which a summary of the notice is published in the *Canada Gazette* if the offer of compensation is accepted by the Noteholder, the Noteholder does not notify CDIC of acceptance or objection to the offer within the aforementioned 45-day period or the holder objects to the offer but the 10 per cent. threshold described above is not met within the aforementioned 45-day period.

Where an assessor is appointed, the assessor could determine a different amount of compensation payable, which could either be higher or lower than the original amount. The assessor is required to provide holders, whose compensation it determines, notice of its determination. The assessor's determination is final and there are no further opportunities for review or appeal. CDIC will pay the relevant holders the compensation amount determined by the assessor within 90 days of the assessor's notice.

By its acquisition of an interest in any Bail-inable Note, each Noteholder or beneficial owner of those Bail-inable Notes is deemed to agree to be bound by a Bail-in Conversion and so will have no further rights in respect of its Bail-inable Notes to the extent those Bail-inable Notes are converted in a Bail-in Conversion, other than those provided under the Bail-in Regime.

A similar compensation process to the one set out above applies, in certain circumstances, where as a result of CDIC's exercise of bank resolution powers, Notes are assigned to an entity which is then wound-up.

Following a Bail-in Conversion, Noteholders that held Bail-inable Notes that have been converted will no longer have rights against the Issuer as creditors.

Upon a Bail-in Conversion, the rights, terms and conditions of the portion of Bail-inable Notes that are converted, including with respect to priority and rights on liquidation, will no longer apply as the portion of converted Bail-inable Notes will have been converted on a full and permanent basis into common shares of the Issuer or any of its affiliates ranking on parity with all other outstanding common shares of that entity. If a Bail-in Conversion occurs, then the interest of the depositors, other creditors and holders of liabilities of the Issuer not bailed-in as a result of the Bail-in Conversion will all rank in priority to those common shares.

Given the nature of the Bail-in Conversion, holders or beneficial owners of Bail-inable Notes that are converted will become holders or beneficial owners of common shares at a time when the Issuer's and potentially its affiliates' financial condition has deteriorated. They may also become holders or beneficial owners of common shares at a time when the relevant entity may have received or may receive a capital injection or equivalent support with terms that may rank in priority to the common shares issued in a Bail-in Conversion with respect to the payment of dividends, rights on liquidation or other terms although there is no certainty that any such capital injection or support will be forthcoming.

Bail-inable Notes may be redeemed after the occurrence of a TLAC Disqualification Event.

If the applicable Final Terms of a Series of Notes specify that a TLAC Disqualification Event Call is applicable, the Issuer may, at its option, with the prior approval of the Superintendent, redeem all, but not some only, of the outstanding Bail-inable Notes of that Series within 90 days of the occurrence of the TLAC Disqualification Event (as defined in the Conditions) at the then Outstanding Principal Amount or, in the case of Zero Coupon Notes, the Amortised Face Value, or such other Early Redemption Amount as may be specified in the applicable Final Terms, together (if applicable) with any accrued but unpaid interest to (but excluding) the date fixed for redemption. If the Issuer redeems the outstanding Bail-inable Notes of that Series, Noteholders of such Bail-inable Notes may not be able to reinvest the proceeds from such redemption in securities offering a comparable anticipated rate of return. Additionally, although the terms of each Series of Bail-inable Notes are anticipated to be established to satisfy the TLAC criteria within the meaning of the TLAC Guideline to which the Issuer is subject, it is possible that any Series of Bail-inable Notes may not satisfy the criteria in future rulemaking or interpretations.

3. Risks related to the structure of a particular issue of Notes

3.1 Notes subject to optional early redemption by the Issuer

If a call option is specified to be applicable in the applicable Final Terms, that is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an Investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed Rate Notes bear interest at a fixed rate, which may affect the secondary market value and/or the real value of the Notes over time due to fluctuations in market interest rates and the effects of inflation

Fixed Rate Notes bear interest at a fixed rate. Investors should note that (i) if market interest rates start to rise then the income to be paid on the Notes might become less attractive and the price the investors get if they sell such Notes could fall and (ii) inflation will reduce the real value of the Notes over time which may affect what investors can buy with the investments in the future and which may make the fixed interest rate on the Notes less attractive in the future.

3.2 Notes with a rate of interest that may change

If the interest rate on Notes can convert from one interest rate basis to another during the life of the Notes, including where such conversion is at the option of the Issuer, such a feature and any such conversion may affect the secondary market in, and the market value of the Notes concerned, as the change of interest basis may result in a lower interest return for the Noteholders.

If the Issuer has the ability to convert the interest rate the Issuer will be expected to convert the rate when it is likely to result in a lower overall cost of borrowing for the Issuer, which is likely to reduce the interest rate applicable to the Notes and therefore amount of interest received by investors. If on any such conversion, the spread is less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate(s) (in the case of a conversion to floating rate), or the fixed rate is lower than prevailing fixed rates on the Issuer's Notes (in the case of a conversion to fixed rate), the return for investors may be lower than might otherwise have been the case and the market value of the Notes may be adversely affected.

3.3 Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount or premium (such as Zero Coupon Notes) to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing Notes. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing Notes with comparable maturities.

3.4 Fixed Rate Resettable Notes

A holder of Notes with a fixed rate of interest that will periodically reset during the term of the relevant Notes is exposed to the risk of fluctuating interest rate levels and uncertain interest income. Fixed Rate Resettable Notes will initially bear interest at the Initial Rate of Interest until (but excluding) the First Reset Date. On the First Reset Date, the Second Reset Date (if applicable) and each Subsequent Reset Date (if any) thereafter, the interest rate will be reset to be the sum of (i) the applicable Mid-Swap Rate, Benchmark Gilt Rate or Reference Bond Rate and (ii) the First Margin or Subsequent Margin (if applicable) as determined by the Calculation Agent on the relevant Reset Determination Date (each such interest rate, a "**Subsequent Reset Rate**"). The Subsequent Reset Rate for any Reset Period could be less than the Initial Rate of Interest or the Subsequent Reset Rate for prior Reset Periods and could affect the value of an investment in the Fixed Rate Resettable Notes.

3.5 Benchmark reforms and discontinuation

The regulation and reform of "benchmarks" may adversely affect the value of and return on Notes linked to or referencing such "benchmarks"

Reference rates (such as the London Inter-Bank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**"), BBSW, CDOR and referenced swap rates) and other types of rates or indices which are deemed to be "benchmarks" (each, a "**Benchmark**" and together the "**Benchmarks**") are, and have been, the subject of regulatory scrutiny and national and international regulatory reform and review, with further changes anticipated. This has resulted in regulatory reform and changes to existing Benchmarks. Such reform of Benchmarks includes the Benchmarks Regulation (as defined on page ii) which applies to "contributors", "administrators" and "users" of "benchmarks" in the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if located outside the EU (which, for these purposes, includes the UK), to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and (ii) prevents certain uses by EU supervised entities of benchmarks of administrators that are not authorised/registered (or, if located outside the EU, deemed equivalent or recognised or endorsed).

The Benchmarks Regulation is currently being reviewed and changes to this regulation (both at an EU level and in the UK onshore version of the regulation) may, among other things give regulators enhanced powers to help manage and direct an orderly wind-down of critical benchmarks such as LIBOR, including through imposing methodology changes. The detail and scope of any such proposed reforms is however to be confirmed.

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a Benchmark, including, in particular, if the methodology or other terms of the Benchmark are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing or otherwise affecting the volatility of the published rate of the relevant Benchmark.

Specifically, the sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such Benchmarks. The FCA has indicated through a series of announcements that the continuation of LIBOR cannot and will not be guaranteed after 2021 and in March and June 2020 the FCA further indicated that it may determine prior to the end of 2021 that LIBOR will become non-representative as of the end of 2021 or another applicable date of panel bank departure thereafter. In addition, on November 29, 2017, the Bank of England and the FCA announced that, as of January 2018, its Working Group on Sterling Risk-Free Rates has been mandated with implementing a broad-based transition to the Sterling Overnight Index Average ("**SONIA**") over the next four years across sterling bond, loan and derivative markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021. See also "*The market continues to develop in relation to the use of SONIA and SOFR as a reference rate for Floating Rate Notes*" below.

Alternative risk free rates have been identified in a number of other markets. For example, in the United States of America, the Alternative Reference Rate Committee ("**ARRC**") recommended the Secured Overnight Financing Rate ("**SOFR**") as the replacement rate for USD-LIBOR and has a paced transition plan for developing SOFR markets.

On September 21, 2017, the European Central Bank announced that it would be part of a new working group tasked with the identification and adoption of a "risk free overnight rate" to serve as the basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the euro area. On

September 13, 2018, the working group on euro risk-free rates recommended Euro Short-term Rate ("€STR") as the new risk free rate for the euro area. €STR was first published on October 2, 2019. Although EURIBOR has been reformed in order to comply with the terms of the Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with €STR or an alternative benchmark. In addition, the euro risk free-rate working group published a set of guiding principles for fallback provisions in new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system.

It is not possible to predict whether, and to what extent, LIBOR, EURIBOR and other Benchmarks will continue to be supported going forward. This may cause these Benchmarks to perform differently than they have done in the past and may have other consequences which cannot be predicted. Such factors may have (without limitation) the following effects on certain Benchmarks (i) discouraging market participants from continuing to administer or contribute to a Benchmark; (ii) triggering changes in the rules of methodologies used in the Benchmark; or (iii) leading to the disappearance of the Benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value or liquidity of, and return on, any Notes linked to, referencing, or otherwise dependent (in whole or in part), a Benchmark.

Benchmark Discontinuation

In the case of Notes using a reference rate other than USD LIBOR or SOFR (including a mid-swap rate linked to a reference rate other than USD LIBOR or SOFR) to determine the rate of interest (or a component thereof), if the Issuer determines that a Benchmark Event (including where a published Benchmark, (or any page on which such Benchmark may be published (or any successor service)) becomes unavailable, unlawful or unrepresentative), Condition 5.11 provides for certain fallback arrangements. These fallback arrangements include the possibility that the rate of interest could be set by reference to a successor rate or an alternative reference rate and that such successor rate or alternative reference rate may be adjusted (if required) in order to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant Benchmark, all as determined by the Issuer, acting in good faith and in consultation with an Independent Adviser, or, if the Issuer is unable to appoint an Independent Adviser or unable to make the relevant determination in consultation with an Independent Adviser, by the Issuer itself. However, it may not be possible to determine or apply any such adjustment and even if an adjustment is applied, such adjustment may not be effective to reduce or eliminate economic prejudice to investors. If no adjustment can be determined, a successor rate or alternative rate may nonetheless be used to determine the rate of interest.

In the case of Notes using USD LIBOR or SOFR (including a mid-swap rate linked to such a reference rate) as a reference rate to determine the rate of interest (or a component thereof), if the Issuer or its designee determines that a Benchmark Transition Event (including where the Benchmark becomes unavailable or unrepresentative) and its related Benchmark Replacement Date has occurred, the then current benchmark will be replaced by a replacement rate (determined by the Issuer in accordance with Condition 5.12) for all purposes in respect of all determinations on such date and for all determinations on subsequent dates.

In making determinations in connection with a Benchmark Event or a Benchmark Transition Event, the Issuer may be entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion.

In certain circumstances, the ultimate fallback for the purposes of calculation of interest for a particular Interest Period or Reset Period, as the case may be, may result in the rate of interest for the last preceding Interest Period or Reset Period, as the case may be, being used for any reference rate, or in the case of SOFR or SONIA, the last published rate being used for all remaining calendar days in the relevant period for purposes of determining the applicable compounded daily rate in accordance with the applicable formula. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was applied in respect of a previous Interest Period or, in the case of Fixed Rate Resetable Notes, the application of the relevant Rate of Interest for a preceding Reset Period, or in the case of SONIA or SOFR, a reference rate based, at least in part, on prior daily rates for days affected by the Benchmark Event or Benchmark transition Event.

Any of these alternative methods may result in interest payments that are lower than or that do not otherwise correlate over time with the payments that would have been made on the Notes if LIBOR, EURIBOR or any other relevant Benchmark were available in their current form. Additionally, if LIBOR, EURIBOR or any other relevant Benchmark rate is discontinued or no longer published, there can be no assurance that the applicable fall-back provisions under the related swap agreements would operate so as to ensure that the benchmark rate used to determine payments under the related swap agreements is the same as that used to determine interest payments under the Notes.

Any of the factors above and their consequences could have a material adverse effect on the trading market for, value of and return on, any Notes.

The market continues to develop in relation to the use of SONIA and SOFR as a reference rate for Floating Rate Notes

Where the applicable Final Terms for a Series of Notes specifies that the interest rate for such Floating Rate Notes will be determined by reference to SONIA or SOFR (each a “**New Reference Rate**”), interest will be determined by reference to a compounded daily rate. In each case such rate will differ from sterling LIBOR or EURIBOR in a number of material respects, including (without limitation) that compounded daily rate is a risk-free overnight non-term rate, whereas sterling LIBOR, and EURIBOR are expressed on the basis of a forward-looking term and include a credit risk-element based on inter-bank lending. As such, investors should be aware that sterling LIBOR, EURIBOR and the New Reference Rates may behave materially differently as interest reference rates for Floating Rate Notes. The use of any New Reference Rates as a reference rate for Eurobonds is nascent, and is subject to change and development, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of debt securities referencing SONIA.

Accordingly, prospective investors in any Floating Rate Notes referencing a New Reference Rate should be aware that the market continues to develop in relation to the New Reference Rates as a reference rate in the capital markets and its adoption as an alternative to (as applicable) sterling LIBOR and EURIBOR, respectively. For example, in the context of backwards-looking SONIA rates, market participants and relevant working groups are, as at the date of this Base Prospectus, currently assessing the differences between compounded rates and weighted average rates, and such groups are also exploring forward-looking ‘term’ reference rates for New Reference Rates and so it is not known whether these will be developed and adopted by the markets. The adoption of any New Reference Rate may also see component inputs into swap rates or other composite rates transferring from (as applicable) sterling LIBOR, EURIBOR or another reference rate to such New Reference Rate.

The market or a significant part thereof may adopt an application of a New Reference Rate that differs significantly from that set out in the Terms and Conditions as applicable to Floating Rate Notes referencing a such New Reference Rate that are issued under this Base Prospectus. Furthermore, the Issuer may in the future issue Floating Rate Notes referencing a New Reference Rate that differ materially in terms of interest determination when compared with any previous Floating Rate Notes issued by it under the Programme referencing such New Reference Rate. The nascent development of compounded daily New Reference Rates as an interest reference rate for the Eurobond market, as well as continued development of New Reference Rate based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any New Reference Rate referenced Floating Rate Notes issued under the Programme from time to time.

Furthermore, interest on Notes which reference a New Reference Rate will only be determined immediately or shortly prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference Compounded Daily SONIA to estimate reliably the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their information technology systems, both of which could adversely impact the liquidity of such Notes. Further, in contrast to LIBOR- or EURIBOR-based Notes, if Notes referencing a compounded daily or single New Reference Rate are otherwise redeemed early on a date other than an Interest Payment Date, the rate of interest payable for the final Interest Period in respect of such Notes shall only be determined immediately or shortly prior to the date on which the Notes become due and payable.

In addition, the manner of adoption or application of the New Reference Rates as reference rates in the Eurobond markets may differ materially compared with the application and adoption of the New Reference Rates in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of the New Reference Rates as reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing Compounded Daily SONIA.

To the extent a rate for a New Reference Rate is not published, the applicable rate to be used to calculate the Interest Rate on Notes referencing such New Reference Rate will be determined using the fall-back provisions set out in the Conditions. Any of these fall-back provisions may result in interest payments that are lower than, or do not otherwise correlate over time with, the payments that would have been made on the Notes if such New Reference Rate had been so published in its current form.

3.6 Payment on the Notes in an Alternative Currency

The Issuer's primary obligation is to make all payments of interest, principal and other amounts with respect to Notes in the relevant Specified Currency. However, if Alternative Currency Payment is specified to be applicable to the Notes and if access to the Specified Currency becomes restricted, the Issuer will be entitled to make any such payment in the Alternative Currency at the rates, and in the manner, set out in Condition 8.16.

In such case, the value of the Notes could be affected by fluctuations in the value of the Specified Currency, as compared to the Alternative Currency. There is a risk that the exchange rate (or the exchange rates) used to determine the Alternative Currency amount of any payments in respect of the Notes may significantly change (including changes due to devaluation or revaluation of the Specified Currency) or that authorities with jurisdiction over such currencies could cause a decrease in (1) the Alternative Currency equivalent yield on the Notes, (2) the Alternative Currency equivalent value of the amount payable in respect of any other amount payable on the Notes and (3) the Alternative Currency equivalent market value of the Notes. Therefore, there

is a possibility that the Alternative Currency value of the Notes at the time of any sale or payment, as the case may be, of the Notes may be below the Alternative Currency value of the Notes on investing, depending on the exchange rate at the time of any such sale or payment, as the case may be.

4. Risks related to Notes denominated in Renminbi

Notes denominated in Renminbi (“**Renminbi Notes**”) may be issued under the Programme. Renminbi Notes contain particular risks for potential investors, including:

Renminbi is not completely freely convertible; there are significant restrictions on remittance of Renminbi into and out of the PRC which may adversely affect the liquidity of Renminbi Notes.

Renminbi is not completely freely convertible at present. The PRC government continues to regulate conversion between Renminbi and foreign currencies.

Although, since October 1, 2016 the Renminbi was included in the Special Drawing Right basket as the fifth currency, along with the U.S. dollar, the euro, Japanese Yen and Sterling and policies for further improving accessibility to Renminbi to settle cross-border transactions in foreign currencies were implemented by the People’s Bank of China (“**PBoC**”) in 2018, there is no assurance that the PRC government will continue to liberalise control over cross-border Renminbi remittances in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. If the Issuer decided to remit some or all of the proceeds of issue of RMB Securities into the PRC in Renminbi, its ability to do so will be subject to obtaining (without guarantee) all necessary approvals from, or registration with, the relevant PRC government authorities. If the Issuer does remit some or all of the proceeds of issue of RMB Securities into the PRC in Renminbi and the Issuer subsequently is not able to repatriate funds outside the PRC in Renminbi, this may affect the ability of the Issuer to source Renminbi to perform its obligations under the Renminbi Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Renminbi Notes and the Issuer’s ability to source Renminbi outside the PRC to service such Renminbi Notes.

As a result of the restrictions by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. The limited availability of Renminbi outside the PRC may affect the liquidity of the Issuer’s Renminbi Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

An investment in the Renminbi Notes is subject to exchange rate risks

The value of the Renminbi against the U.S. dollar and other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. Except in the limited circumstances as described in the Conditions, the Issuer will make all payments of interest and principal with respect to the Renminbi Notes in Renminbi. As a result, the value of these Renminbi payments in U.S. dollars or other applicable foreign currency terms may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the U.S. dollar or other applicable foreign currency, the value of a Noteholder’s investment in U.S. dollar or other applicable foreign currency terms will decline.

An investment in the Renminbi Notes is subject to currency risk

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the Renminbi Notes when due, in whole or in part, in Renminbi in the Relevant Renminbi Settlement Centre(s) as a result of Inconvertibility, Non transferability or Illiquidity, the Issuer shall be entitled, on giving not less than five nor more than 30 days' irrevocable notice to the Noteholders prior to the due date for payment, to settle any such payment, in whole or in part, in U.S. dollars on the due date at the U.S. dollars Equivalent (as defined in the Conditions) of any such interest or principal amount otherwise payable in Renminbi, as the case may be. See also *"If the investor holds Notes which are not denominated in the investor's home currency, they will be exposed to movements in exchange rates adversely affecting the value of this holding. In addition, the imposition of exchange controls and certain other specified events in relation to any Notes could result in an investor not recovering payments on those Notes"* below.

Payments in respect of the Renminbi Notes may be made only in the manner designated in the Renminbi Notes

Noteholders of beneficial interests in the Renminbi Notes may be required to provide certifications and other information (including Renminbi account information) in order to allow such Noteholder to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in the Relevant Renminbi Settlement Centre(s) (as defined in the Conditions).

All Renminbi payments to investors in respect of the Renminbi Notes will be made solely (i) for so long as the Renminbi Notes are represented by global certificates held with the common depositary or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg or any alternative clearing system, by transfer to a Renminbi bank account maintained in the Relevant Renminbi Settlement Centre in accordance with prevailing rules and procedures of those clearing systems or (ii) for so long as the Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in the Relevant Renminbi Settlement Centre in accordance with prevailing rules and regulations. Other than as described in the Conditions, the Issuer cannot be required to make payment in relation to Renminbi Notes by any other means (including in any other currency or by transfer to a bank account in the PRC).

There may be material and adverse PRC tax consequences with respect to investment in the Renminbi Notes

The value of a Noteholder's investment in the Renminbi Notes may be materially and adversely affected if the Noteholder is required to pay PRC tax with respect to acquiring, holding or disposing of and receiving payments under those Renminbi Notes.

5. UK resolution risks applicable to the Senior Notes

The United Kingdom's Banking Act 2009 (as amended, the "UK Banking Act") confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK banks, UK building societies, UK investment firms and UK recognised central counterparties which are considered to be at risk of failing. In certain circumstances such actions may also be taken with modifications, against a third country institution or investment firm. The exercise of any of these actions in relation to the Issuer could materially adversely affect the value of any Senior Notes.

Under the UK Banking Act, substantial powers are granted to HM Treasury, the Bank of England, the UK Financial Conduct Authority (the "**FCA**") and the UK Prudential Regulation Authority (the "**PRA**") (together, the "**Authorities**") as part of a special resolution regime (the "**SRR**").

These SRR powers can be exercised, as applicable, by the Authorities in respect of a third country incorporated credit institution (such as the Issuer) or a third country incorporated investment firm (“**third country entity**”) or third country parent undertaking either where that third country entity is subject to resolution in its jurisdiction of incorporation (a “**third country resolution action**”) or where no third country resolution actions have been taken, but the Authorities consider that the commencement of resolution proceedings meet certain conditions including that it is in the public interest. The Authorities’ powers (such as those applicable to bail-in liabilities) are subject to additional conditions where they are used in respect of branches of third-country entities (such as the Issuer) as compared with their use in respect of UK banks.

Risks related to Senior Notes issued by the Issuer’s London branch

Notes are issued by the Issuer’s London Branch if the Branch of Account specified in the Final Terms is London.

The Authorities can choose to recognise a third country resolution action, either in whole or in part. Alternatively, under the European Bank Recovery and Resolution Directive (which has been implemented in the UK through the UK Banking Act), the Authorities can independently resolve a London branch of a third country entity (such as the Issuer’s London branch) even if it is not subject to third country resolution action (including resolution proceedings of the Canadian authorities), or where the Authorities have refused to recognise or enforce third country resolution action.

Under the SRR, the Authorities can make a statutory instrument that provides for the exercise of the stabilisation options. The stabilisation options include: (i) private sector purchaser option; (ii) bridge bank option; (iii) asset management vehicle option; (iv) bail-in option; and (v) temporary public sector ownership option. Exercise of the SRR options is possible where the relevant Authorities are acting to support or give full effect to a resolution carried out by the Canadian resolution authority and the Authorities’ actions may include actions such as transferring assets located in the UK to a purchaser under the Canadian equivalent of a sale of business tool, or to a bridge bank in Canada.

If the Authorities independently resolved the London branch of a third country entity, their stabilisation options are limited to the ‘business of the UK branch’ and are: (i) to transfer some or all of the assets, rights and liabilities to a private sector purchaser, bridge bank or asset management vehicle; and (ii) to bail-in liabilities (including the Senior Notes) in connection with the transfer to the private-sector purchaser, bridge bank or asset management vehicle (the “**IRUKBPs**”).

The concept of the ‘business of the UK branch’ is defined as: (i) any rights and liabilities of the third-country institution arising as a result of the operations of the UK branch; and (ii) any other property in the UK of the third-country institution. The Senior Notes will be considered to be within the business of the branch where they arise ‘as a result of the operations of the Issuer’s London branch’. Where the Senior Notes are issued in the name of the Issuer’s London branch and/or are otherwise part of the business of the branch, for example, through being included within the London branch’s return form (a type of semi-annual account for the branch) to the PRA it is likely that such Senior Notes will be considered by the Authorities to be within the business of the branch. However, these powers are untested, and if there is an adequate degree of operational involvement by the Issuer’s London branch in the issuance, there is a risk that the Authorities may consider that the Senior Notes issued by the Issuer in Canada to be within the business of the branch due to the broad definition of this term.

Risks for Noteholders

Noteholders may be subject to the relevant powers listed above, which may result in such Noteholders losing some or all of their investment. As at the date of this Base Prospectus, the Authorities have not exercised any powers under the SRR in respect of either the Issuer or the Issuer's London branch and there has been no indication that they will do so. However, there can be no assurance that this will not change and any exercise of any power under the SRR or any suggestion of such exercise could, therefore, adversely affect the rights of the Noteholders, the price or value of their investment in the Senior Notes and/or the ability of the Issuer to satisfy its obligations under the relevant Senior Notes.

The paragraphs below set out some of the possible consequences of the exercise of the powers under the SRR.

The SRR may be triggered prior to insolvency of the Issuer

The purpose of the SRR is to address the situation where all or part of the business of a third country entity has encountered, or is likely to encounter, financial difficulties, giving rise to wider public interest concerns in the UK, and so to provide the Authorities with the appropriate powers to transfer (and then write down where necessary) those rights and liabilities of the branch of the third country entity. Where support is given to third country resolution actions, under the UK Banking Act, the Authorities must have regard to the Special Resolution Objectives including Special Resolution Objective 8 which applies when using or considering the use of their powers. Alternatively, the Authorities may exercise the IRUKBPs if at least one of the following apply: (a) the PRA is satisfied that Condition 1 is met, and the Bank of England is satisfied that Conditions 2, 4 and 5 are met; or (b) the Bank of England is satisfied that Conditions 3 and 4 are met; or (c) the Bank of England is satisfied that Condition 4 is met and Condition 5 is met by virtue of its first limb (Condition 5 (a)).

The Conditions referred to above are as follows: Condition 1: The Issuer is failing or likely to fail (i.e. failing to satisfy the threshold conditions or the Issuer or its London branch being unable or unwilling to pay debts or liabilities owed to EEA creditors or otherwise arising from the business of the branch as they fall due); Condition 2: It is not reasonably likely that action will be taken by or in respect of the Issuer that will result in Condition 1 above ceasing to be met; Condition 3: Either: (a) the third-country entity is unable or unwilling, or is likely in the near future to be unable or unwilling, to pay its debts or other liabilities owed to EEA creditors or otherwise arising from the business of the branch as they fall due; and (b) no Canadian resolution action has been taken, or other normal insolvency proceedings initiated, and it is not likely in the near future that resolution action will be taken or proceedings initiated; Condition 4: Making a property transfer instrument is necessary having regard to public interest in the advancement of one or more resolution objectives; and Condition 5: Either: (a) Canadian resolution action has been taken (or the Authorities have been notified that action will be taken) and the Authorities have refused or propose to refuse to recognise such action; or (b) Canadian resolution action has not been, and is not likely to be, taken in relation to the Issuer. It is therefore possible that the IRUKBPs could be exercised prior to the point at which any insolvency proceedings with respect to the relevant entity could be initiated.

A partial transfer of business of the Issuer's London branch may result in a deterioration of the Issuer's creditworthiness

If the Issuer's London branch were made subject to the IRUKBPs, and a partial transfer of its business to another entity were effected, the quality of the assets and the quantum of the liabilities not transferred and remaining with the Issuer's London branch (which may include the Senior Notes) will result in a deterioration in the creditworthiness of the Issuer and, as a result, increase the risk that it will be unable to meet its obligations in respect of the Senior Notes and/or eventually become subject to administration or insolvency proceedings. In

such circumstances, Noteholders may have a claim for compensation under compensation schemes in Canada, but there can be no assurance that the Noteholders would thereby recover compensation promptly or equal to any loss actually incurred.

Depositor preference

In addition, amendments to the UK Insolvency Act 1986 have introduced changes to the treatment and ranking of certain preferential debts with the result that certain eligible deposits will rank in priority to the claims of ordinary (i.e. non-preferred) unsecured creditors in the event of an insolvency. This means that if the Senior Notes are transferred to another entity subject to the UK Banking Act in the UK under the IRUKBPs, the claims of Noteholders would rank junior to the claims in respect of liabilities afforded preferred status and accordingly, in the event of insolvency or resolution of that UK entity, Senior Notes would be available to absorb losses ahead of liabilities which benefit from such preference.

As at the date of this Base Prospectus, the relevant Authorities have not made an instrument or order under the UK Banking Act in respect of the Issuer or the Issuer's London branch and there has been no indication that they will make any such instrument or order. However, there can be no assurance that this will not change and/or that the Noteholders will not be adversely affected by any such order or instrument if made.

The UK Banking Act may be subject to change as a result of the proposed changes to the European Bank Recovery and Resolution Directive. There will also be revisions to the UK Banking Act as a result of Brexit. These changes are broadly designed to ensure that the UK's SRR aligns the treatment for the EEA with the existing approach for third countries. For example, in certain circumstances, references to EEA creditors will be amended to refer to only UK creditors, and obligations to co-operate with or report to EU institutions will be removed. Due to the ongoing negotiations between the UK and EU on the terms of any future free trade deal (and the impact that this may have on the UK's SRR regime), the exact nature of these changes are not entirely certain but may have a material impact on the nature of the risks outlined in this Base Prospectus.

6. Risks related to Green Bonds, Social Bonds or Sustainable Bonds

Notes issued as "Green Bonds", "Social Bonds" or "Sustainable Bonds" may not be a suitable investment for all investors seeking exposure to green and/or social assets

The Issuer may issue Notes under the Programme where the reasons for the offer is specified in the applicable Final Terms as being "Green Bonds" for "green" purposes, "Social Bonds" for "social" purposes or "Sustainable Bonds" for "sustainability" purposes as provided therein, in which case the proceeds of issue of such Notes will be used for the financing and/or refinancing, in part or in full, of future or existing Eligible Assets within the applicable Eligible Categories (as defined within the Sustainable Bond Framework) (see further under "Use of Proceeds") (any such Notes, which may be "Green Bonds", "Social Bonds" or "Sustainable Bonds", respectively, and together, "**Sustainable Bonds**").

The Issuer will exercise its judgement and sole discretion in determining the organisations, businesses and projects that will be financed by the proceeds of issue of Sustainable Bonds. While it is the intention of the Issuer, it is possible that some of the Eligible Assets funded with the proceeds from Sustainable Bonds may not meet the Sustainable Bond Framework (as defined in "Use of Proceeds" below). It should be noted that there is currently no clearly-defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green", "social", "sustainable" or an equivalently-labelled organisation, project or business, nor as to what precise attributes are required for a particular organisation, project or business to be defined as "green", "social", "sustainable" or such other equivalent label and it is not certain that such a clear definition or

consensus will develop over time. Accordingly, while it is the intention of the Issuer, it may be that projects or uses the subject of, or related to, any Eligible Asset funded with the proceeds from Sustainable Bonds will not meet any or all investor expectations regarding such "green", "social", "sustainable" or other equivalently-labelled performance objectives or that any adverse environmental, social, sustainable and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Eligible Asset.

Furthermore, there is no contractual obligation to allocate the proceeds of such Notes to finance Eligible Assets or to provide annual limited assurance reports as described in "Use of Proceeds" below. The Issuer's failure to allocate the proceeds of any particular Sustainable Bond to finance an Eligible Asset or to provide annual limited assurance reports, the failure of any of the Eligible Assets to meet any or all investor expectations regarding such "green", "social", "sustainable" or other equivalently-labelled performance objectives, or the failure of an independent external review provider to issue a "second-party opinion" on the allocation of the proceeds, will not constitute an Event of Default with respect to the relevant Sustainable Bonds (or give rise to any claim by the holder thereof) and may affect the value of the relevant Sustainable Bonds and/or have adverse consequences for certain investors with portfolio mandates to invest in green, social and/or sustainable assets.

If Sustainable Bonds are at any time listed or admitted to trading on any dedicated "green", "environmental", "social", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), such listing or admission may not satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, social or sustainability impact of any projects or uses, the subject of or related to, any of the Eligible Assets. Furthermore, it should be noted that the criteria for any such listing or admission to trading may vary from one stock exchange or securities market to another. The Issuer is under no obligation to obtain such listing or admission to trading and, if obtained, is under no obligation to maintain such listing or admission to trading during the life of the relevant Sustainable Bonds.

While it is the intention of the Issuer to publish the relevant reports, assessments, opinions and certifications, and apply the proceeds of any Notes so specified for Eligible Assets, in, or substantially in, the manner described in "Use of Proceeds" set out in the applicable Final Terms and this Base Prospectus, the Issuer may not be able to do this. It is not certain that any eligible projects (where applicable) will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer. The withdrawal of any report, assessment, opinion or certification as described above, or any such report, assessment, opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such report, assessment, opinion or certification is reporting, assessing, opining or certifying on, any failure to complete the relevant eligible projects as provided above may have a material adverse effect on the value of such Sustainable Bonds and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

7. Risks related to the Notes generally

The Terms and Conditions of the Notes contain provisions which may permit their modifications without the consent of all investors

The Conditions of the Notes contain provisions for calling meetings of holders of Notes, passing written resolutions or obtaining electronic consents to consider matters affecting their interest generally. These provisions permit

defined majorities to bind (and to modify or waive certain terms and conditions of the Notes or covenants and agreements made by the Issuer) all Noteholders including Noteholders who do not attend and vote at the relevant meeting, sign a written resolution or provide an electronic consent and Noteholders who voted in a manner contrary to the majority.

In addition, pursuant to Condition 5.11, certain changes may be made to the interest calculation provisions of the Floating Rate Notes or Fixed Rate Resettable Notes in the circumstances set out in Condition 5.11, without the requirement for the consent of the Noteholders. See "*Benchmark reforms and discontinuation - Benchmark Discontinuation*".

Accordingly, Noteholders are exposed to the risk that their rights in respect of the Notes are varied against their will, which may result in an investment in any Notes becoming less advantageous to a particular Noteholder depending on individual circumstances.

Any amendment or variance that may affect the eligibility of the Bail-inable Notes to continue to be treated as TLAC under the TLAC Guidelines or the eligibility of Subordinated Notes to continue to be treated as regulatory capital under the guidelines for capital adequacy requirements for banks in Canada shall be of no effect unless the prior approval of the Superintendent has been obtained. If such approval is not obtained, this may result in an investment in any Notes becoming less advantageous to a particular Noteholder than had such approval been obtained and the change taken effect, depending on individual circumstances.

Canadian bank resolution powers confer substantial powers on Canadian authorities designed to enable them to take a range of actions in relation to the Issuer where a determination is made that the Issuer has ceased, or is about to cease, to be viable and such viability cannot be restored or preserved, which if taken could result in holders or beneficial owners of Noteholders being exposed to losses

Under the CDIC Act, in circumstances where the Superintendent is of the opinion that the Issuer has ceased, or is about to cease, to be viable and viability cannot be restored or preserved by exercise of the Superintendent's powers under the Bank Act, the Superintendent, after providing the Issuer with a reasonable opportunity to make representations, is required to provide a report to CDIC, Canada's resolution authority. Following receipt of the Superintendent's report, CDIC may request the Minister of Finance for Canada (the "**Minister of Finance**") to recommend that the Governor in Council (Canada) make an Order (as defined below) and, if the Minister of Finance is of the opinion that it is in the public interest to do so, the Minister of Finance may recommend that the Governor in Council (Canada) make, and on such recommendation, the Governor in Council (Canada) may make, one or more of the following orders (each an "**Order**"):

- vesting in CDIC, the shares and subordinated debt of the Issuer specified in the Order (a "**Vesting Order**");
- appointing CDIC as receiver in respect of the Issuer (a "**Receivership Order**");
- if a Receivership Order has been made, directing the Minister of Finance to incorporate a federal institution designated in the Order as a bridge institution wholly-owned by CDIC and specifying the date and time as of which the Issuer's deposit liabilities are assumed (a "**Bridge Bank Order**"); or
- if a Vesting Order or Receivership Order has been made, directing CDIC to carry out a conversion, by converting or causing the Issuer to convert, in whole or in part – by means of a transaction or series of transactions and in one or more steps – the shares and liabilities of the Issuer that are subject to the Bail-in Regime into common shares of the Issuer or any of its affiliates (a "**Conversion Order**").

Following a Vesting Order or a Receivership Order, CDIC will assume temporary control or ownership of the Issuer and will be granted broad powers under that Order, including the power to sell or dispose of all or a part of the assets of the Issuer, and the power to carry out or cause the Bank to carry out a transaction or a series of transactions the purpose of which is to restructure the business of the Issuer.

Under a Bridge Bank Order, CDIC has the power to transfer the Issuer's insured deposit liabilities and certain assets and other liabilities of the Issuer to a bridge institution. Upon the exercise of that power, any assets and liabilities of the Issuer that are not transferred to the bridge institution would remain with the Issuer, which would then be wound up. In such a scenario, any liabilities of the Issuer, including any outstanding Notes, that are not assumed by the bridge institution could receive only partial or no payment in the ensuing wind-up of the Issuer.

If the CDIC were to take action under the Canadian bank resolution powers with respect to the Issuer, this could result in holders or beneficial owners of Notes being exposed to losses.

Notes may be subject to write-off, write down or conversion under the resolution powers of authorities outside of Canada

The Issuer has operations in a number of countries outside of Canada, including in particular the United States and the United Kingdom. In accordance with the Financial Stability Board's "Key attributes of effective Resolution Regimes for Financial Institutions" dated October 15, 2014, local resolution authorities should have resolution powers over local branches of foreign firms and the capacity to use their powers either to support a resolution carried out by a foreign home authority (for example, by ordering a transfer of property located in its jurisdiction to a bridge institution established by the foreign home authority) or, in exceptional cases, to take measures on its own initiative where the foreign home authority is not taking action or acts in a manner that does not take sufficient account of the need to preserve the local jurisdiction's financial stability or where other relevant conditions are met.

The UK has implemented such powers and, as such, they may apply to the Bank's London branch. It is therefore possible that resolution authorities in countries where the Bank has branches or assets, including the United States and the United Kingdom, may adversely affect the rights of holders of the Notes (particularly those governed by local law where the Branch of Account specified in the applicable Final Terms is in the relevant local jurisdiction), including by using any powers they may have to write down or convert the Notes. For further information on the risks related to the use of resolution powers by authorities in the United Kingdom, please see "*UK resolution risks applicable to the Senior Notes*" above.

Notes are Structurally Subordinated to the Liabilities of Subsidiaries

If the Bank becomes insolvent, its governing legislation provides that priorities among payments of its deposit liabilities and payments of all of its other liabilities (including payments in respect of Notes) are to be determined in accordance with the laws governing priorities and, where applicable, by the terms of the indebtedness and liabilities. Because the Bank has subsidiaries, a Noteholder's right to participate in any distribution of the assets of the Bank's banking or non-banking subsidiaries, upon a subsidiary's dissolution, winding-up, liquidation or reorganisation or otherwise, and thus a Noteholder's ability to benefit indirectly from such distribution, is subject to the prior claims of creditors of that subsidiary, except to the extent that the Bank may be a creditor of that subsidiary and its claims are recognised. There are legal limitations on the extent to which some of the Bank's subsidiaries may extend credit, pay dividends or otherwise supply funds to, or engage in transactions with, the Bank or some of the Bank's other subsidiaries. Accordingly, Notes will be structurally subordinated to all existing and future liabilities of the Bank's subsidiaries, and holders of Notes

may be able to look only to the assets of the Bank and not those of its subsidiaries for payments on the Notes and may therefore be unable to obtain full payment on the Notes in the event of the Bank's insolvency.

Tax treatment

The tax treatment of the acquiring, holding and disposing of any Notes by a Holder, or any amount to be paid in relation to the Notes to a Holder may reduce such Holder's effective yield on the Notes

The value of the Notes could be adversely affected by a change in law or administrative practice

Any possible judicial decision or change to the laws of the Province of Ontario and the federal laws of Canada applicable therein or administrative practice after the date of this Base Prospectus and before the date on which the relevant Notes are issued and any such change could materially adversely impact the value of any Notes affected by it.

Investors in Bearer Notes who hold less than the minimum Specified Denomination (including after a partial Bail-in Conversion or any other resolution action) may be unable to sell their Bearer Notes and may be adversely affected if definitive Bearer Notes are subsequently to be issued

In relation to any issue of Bearer Notes which has denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Bearer Notes may be traded in the clearing systems in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In addition, in the case of a partial Bail-in Conversion of Bail-inable Notes or any resolution action in respect of Senior Notes generally, a holder may as a result of such partial Bail-in Conversion and any other resolution action end up with an amount that is less than a Specified Denomination. In such a case, a Noteholder who, as a result of trading such amounts or such partial Bail-in Conversion and any other resolution action, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Bearer Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a Noteholder who, as a result of trading such amounts or such partial Bail-in Conversion and any other resolution action, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Bearer Note in respect of such holding (should definitive Bearer Notes be provided) and would need to purchase a principal amount of Bearer Notes at or in excess of the minimum Specified Denominated such that its holding amounts to a Specified Denomination before definitive Bearer Notes are issued to such Holder.

If such Bearer Notes are issued in definitive form, Holders should be aware that definitive Bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Minimum Trading Size Risk

Notes may, if specified in the applicable Final Terms, be subject to a Minimum Trading Size, in which case such Notes will, for so long as they are held in a clearing system, be transferable only in a principal amount of not less than such Minimum Trading Size, meaning a Holder holding a principal amount or number less than the Minimum Trading Size would need to purchase further Notes such that such principal amount or number equals the Minimum Trading Size in order to transfer its Notes. Notwithstanding the foregoing, such Notes will only be transferable in accordance with the rules of the relevant clearing system.

Because there is no limit on the amount of additional debt that the Issuer may incur, the Issuer's ability to make timely payments on the Notes may be affected by the amount and terms of the Issuer's future debt

The Issuer's ability to make timely payments on its outstanding debt may depend on the amount and terms of its other obligations, including any outstanding Notes. There is no limitation on the amount of indebtedness (whether senior or subordinated) that the Issuer may issue in the future. As the Issuer issues additional debt securities under the Programme or incurs other indebtedness, unless its earnings grow in proportion to its debt and other fixed charges, its ability to service the Notes on a timely basis may become impaired.

Canadian Usury Laws

The *Criminal Code* (Canada) prohibits the receipt of "interest" at a "criminal rate" (namely, an effective annual rate of interest that exceeds 60 per cent.). Accordingly, the provisions for the payment of interest or a Redemption Amount in excess of the aggregate principal amount of the Notes may not be enforceable if the provision provides for the payment of "interest" in excess of an effective annual rate of interest of 60 per cent.

8. Risks related to the market generally

Set out below is a brief description of the material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes

Notes may have no established trading market when issued. There can be no assurances of a secondary market for the Notes or if one does develop it may not be very liquid and may be sensitive to changes in financial markets. The secondary market for the Notes would be affected by a number of factors independent of the creditworthiness of the Issuer which may include the method of calculating the principal or any interest to be paid in respect of the Notes, the time remaining to the maturity of such Notes, the outstanding amount of such Notes, any redemption functions of such Notes and the level, direction or volatility of market interest rates generally. Such factors will also affect the market value of the Notes. Investors may not be able to sell their Notes easily or at prices that will enable them to readily realise their anticipated yield. No investor should purchase Notes unless such investor understands and is able to bear the risk that certain Notes may not be readily saleable, that the value of the Notes will fluctuate over time and that such fluctuations may be significant. The prices at which Zero Coupon Notes, as well as other Notes issued at a substantial discount from their nominal amount payable at maturity, trade in the secondary market tend to fluctuate in relation to general changes in interest rates than do such prices for conventional interest bearing securities of comparable maturities.

If the Notes are listed at any time, the Issuer is not under any obligation to Holders to maintain such listing of Notes and may, in its sole discretion, determine that it is unduly burdensome to maintain such listing and seek to terminate the listing of such Notes provided it uses all reasonable efforts to seek an alternative admission to listing, trading and/or quotation of such Notes by another listing authority, securities exchange and/or quotation system that it deems appropriate (including a market which is not a regulated market for the purposes of the MiFID II or a market outside the EEA or the UK). However, if such alternative listing is not available or, in the opinion of the Issuer is impractical or unduly burdensome, an alternative listing may not be obtained and the Issuer is not obliged to so obtain.

Although there is no assurance as to the liquidity of any Notes as a result of the listing on a regulated market for the purposes of the MiFID II in the EEA, the UK or any other market, de-listing such Notes may have a material affect on an investor's ability to (i) continue to hold such Notes or (ii) resell the Notes in the secondary market.

The Issuer and any Dealer may, but are not obliged to, at any time purchase Notes at any price in the open market or by tender or otherwise. A Dealer may, but is not obliged to, be a market-maker for an issue of Notes and may cease to do so at any time. Even if a Dealer is a market-maker for an issue of Notes, the secondary market for such Notes may be limited. In addition, affiliates of the Issuer (including RBC Europe Limited) may purchase Notes at the time of their initial distribution and from time to time thereafter.

As set out above, there may be no secondary market for the Notes and to the extent that an issue of Notes is or becomes illiquid, an investor may have to exercise or wait until redemption or settlement of such Notes, as applicable, to realise greater value than its then trading value.

If the investor holds Notes which are not denominated in the investor's home currency, they will be exposed to movements in exchange rates adversely affecting the value of this holding. In addition, the imposition of exchange controls and certain other specified events in relation to any Notes could result in an investor not recovering payments on those Notes

The Issuer will pay amounts on the Notes in (a) the Specified Currency (b) if alternative currency payment provisions apply as set out under "Risks related to payment on the Notes in an Alternative Currency", the Alternative Currency or (c) if alternative currency payment provisions apply as set out under "An investment in Renminbi Notes is subject to exchange rate risks" above, U.S. dollars (such relevant currency of payment being, the "Settled Currency"). This presents certain risks relating to currency conversions if an Investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Settled Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Settled Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Settled Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, the Final Redemption Amount and any interest that Investors receive may be less than expected or zero.

Credit ratings assigned to the Notes might not reflect all the risks associated with an investment in these Notes

One or more independent credit rating agencies may assign credit ratings to Notes issued under the Programme. The ratings might not reflect the potential impact of all risks related to structure, market, additional factors discussed above and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. Accordingly, an investor may suffer losses if the credit rating assigned to the Notes does not reflect the then creditworthiness of such Notes.

Credit ratings of the Issuer

The value of the Notes may be affected, in part, by investors' general appraisal of the Issuer's creditworthiness. Such perceptions are generally influenced by the ratings accorded to the Issuer's outstanding securities by rating agencies such as Moody's, S&P and Fitch. A reduction in the rating, if any, accorded to outstanding debt securities of the Issuer or to the Issuer itself, by one of these rating agencies, could result in a reduction of the trading value of the Notes.

DESCRIPTION OF THE PROGRAMME LIMIT

This Base Prospectus is prepared in relation to the Programme, which was approved by resolutions of the Board of Directors of the Bank passed on February 29, 2012. Under the Programme, the Bank may from time to time issue (i) senior and subordinated notes not linked to Reference Items (including the Notes issuable under this Base Prospectus) (the “**Non-Linked Notes**”), (ii) other senior notes (the “**Reference Item Linked Notes**”) linked to one or more underlying assets, or bases of reference or any calculation thereof (each, a “**Reference Item**”), (iii) redeemable certificates (“**Redeemable Certificates**”) or exercisable certificates (“**Exercisable Certificants**”) (together, the “**Certificates**”) linked to one or more Reference Items, or (iv) warrants (“**Warrants**”) linked to one or more Reference Items, denominated in or payable in any currency agreed between the Issuer and the relevant dealer (such Certificates and Warrants together, the “**W&C Securities**” and the W&C Securities, the Non-Linked Notes and the Reference Item Linked Notes together, the “**Securities**”). Non-Linked Notes may be issued under this Base Prospectus, while Reference-Item Linked Notes and W&C Securities may be issued under one or more other prospectuses prepared and published by the Issuer.

The applicable terms of any Notes will be agreed between the Bank and the relevant Dealer(s) prior to the issue of the Notes and will be set out in the Terms and Conditions of the Notes endorsed on, or annexed to, the Notes, as completed by the applicable Final Terms attached to, or endorsed on, such Notes, as more fully described under “Terms and Conditions of the Notes”.

The aggregate principal amount of all Notes, Redeemable Certificates and Exercisable Certificates evidencing deposit liabilities under the *Bank Act* (Canada) outstanding under any prospectus prepared in connection with the Programme at any time may not exceed U.S.\$40,000,000,000 (or its equivalent in any other currency as at the date of the issue of the relevant Notes or Certificates).

The aggregate implied notional amount of all Warrants and Exercisable Certificates not evidencing deposit liabilities under the *Bank Act* (Canada) outstanding under any prospectus prepared in connection with the Programme at any time may not exceed U.S.\$3,000,000,000 (or its equivalent in any other currency as at the close of issue of the relevant Warrants and Exercisable Certificates).

For the purposes of calculating the U.S. dollar equivalent of the aggregate principal amount or implied notional amount, as the case may be, of relevant Securities issued under the Programme from time to time:

- (a) the U.S. dollar equivalent of Securities denominated in another Specified Currency or payable in another Settlement Currency (as applicable) will be determined as of the date of agreement to issue such Notes on the basis of the spot rate for the sale of the U.S. dollar against the purchase of such Specified Currency or Settlement Currency (as applicable) in the London foreign exchange market quoted by the Issuing and Paying Agent on such date or such other rate as the Issuer and the relevant Dealer may agree;
- (b) the U.S. dollar equivalent of dual currency notes and Reference Item Linked Notes will be calculated in the manner specified above by reference to the original principal amount of such Notes;
- (c) the principal amount of Zero Coupon Notes and other Notes issued at a discount or a premium will be deemed to be the net proceeds received by the Bank for the relevant issue of Notes;
- (d) the principal amount of Redeemable Certificates and Exercisable Certificates that constitute deposit liabilities under the *Bank Act* (Canada) will be deemed to be the net proceeds received by the Bank for the relevant issue of such Certificates; and

- (e) the face principal amount of partly-paid Notes will be taken into account regardless of the amount of the subscription price paid.

FINAL TERMS, PRICING SUPPLEMENT AND DRAWDOWN PROSPECTUS

In this section, the expression “necessary information” means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer of the rights attaching to the Notes and the reasons for the issuance and its impact on the Issuer. In relation to the different types of Notes which may be issued under the Programme, the Issuer has included in the Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of the Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in the Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained in the applicable Final Terms. Such information will be contained in the applicable Final Terms unless any of such information constitutes a significant new factor or new term relating to the information contained in the Base Prospectus in which case such information, together with all of the other necessary information in relation to the relevant Tranche of Notes, may be contained in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus. The terms and conditions applicable to any particular Tranche which is the subject of Final Terms are the Conditions described in the applicable Final Terms as supplemented to the extent described in the applicable Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus, or, in the case of Exempt Notes, a Pricing Supplement, will be the Conditions as supplemented, amended and/or replaced to the extent as described in the relevant Drawdown Prospectus or Pricing Supplement, as applicable. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus or, in the case of Exempt Notes, a Pricing Supplement, each reference in the Base Prospectus to information being specified or identified in the applicable “Final Terms” shall be to such information being specified or identified in the applicable Drawdown Prospectus or Pricing Supplement, as the case may be, unless the context requires otherwise.

Each Drawdown Prospectus will be constituted by a single document containing the necessary information relating to the Issuer and the relevant Notes.

With respect to a Tranche of Notes to be admitted to listing, the applicable Final Terms will be delivered to the FCA or ISM, as applicable, and published in accordance with the Prospectus Regulation or the ISM Rulebook on or before the date of issue of the Notes of such Tranche, and the applicable Drawdown Prospectus will be approved by the FCA and published in accordance with the Prospectus Regulation on or before the date of issue of the Notes of such Tranche.

FORM OF THE NOTES

Notes

The Notes of each Series will be in either (a) bearer form (“**Bearer Notes**”), with or without interest coupons and/or talons attached, or (b) registered form (“**Registered Notes**”), without interest coupons and/or talons attached, or (c) dematerialised and uncertificated book-entry-form with interest coupons and/or talons attached settled in Euroclear Sweden (“**Swedish Notes**”). Bearer Notes will only be issued outside the United States.

Bearer Notes

Each Tranche of Bearer Notes will be initially issued in the form of a temporary global Note without interest coupons attached (a “**Temporary Global Note**”) or, if so specified in the applicable Final Terms, a permanent global Note without interest coupons attached (a “**Permanent Global Note**”) and, together with the Temporary Global Notes, the “**Bearer Global Notes**” and each a “**Bearer Global Note**”) which, in either case, will:

- (a) if the Bearer Global Notes are intended to be issued in new global Note (“**NGN**”) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper for Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking S.A. (“**Clearstream, Luxembourg**”); and
- (b) if the Bearer Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository (the “**Common Depository**”) for Euroclear and Clearstream, Luxembourg.

If the Bearer Global Notes are stated in the applicable Final Terms to be issued in NGN form, such Final Terms will also specify whether the Notes are intended to be held in a manner which would allow Eurosystem eligibility notwithstanding that recognition as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem will depend upon satisfaction of the Eurosystem eligibility criteria. As of April 16, 2018, unsecured bank bonds issued by credit institutions not established in the EU (including the Notes) denominated in any currency are no longer eligible to be used as collateral in the Eurosystem.

While any Bearer Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Bearer Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification to the effect that the beneficial owners of interests in the Temporary Global Note are not U.S. persons for U.S. federal income tax purposes or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg, and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Issuing and Paying Agent.

On and after the date (the “**Exchange Date**”) which is not earlier than 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for: (i) interests in a Permanent Global Note of the same Series; or (ii) for Definitive Notes of the same Series with, where applicable interest coupons and talons attached and/or (in the case of a Series comprising both Bearer Notes and Registered Notes and if so specified in the applicable Final Terms) Registered Notes in definitive form (as indicated in the applicable Final Terms), in each case against certification of non-US beneficial ownership as described above, unless such certification has already been

given.* The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amounts due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for Notes in definitive form is improperly withheld or refused.

If the applicable Final Terms indicate that a Temporary Global Note is exchangeable for Definitive Notes, the Specified Denominations may not include integral multiples of a lesser amount in excess of a minimum Specified Denomination.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for Definitive Notes of the same Series with, where applicable, interest coupons and talons attached and/or (in the case of a Series comprising both Bearer and Registered Notes and if so specified in the applicable Final Terms) Registered Notes in definitive form (a) if an Event of Default occurs in respect of any Note of the relevant Series; or (b) if either Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so and the Issuer is unable to locate a qualified successor within 90 days of the occurrence of any such event.

Bearer Global Notes and Definitive Notes will be issued pursuant to the Issue and Paying Agency Agreement (as defined in the Conditions).

The following legend will appear on all Bearer Notes (other than Temporary Global Notes) and on all interest coupons relating to such Bearer Notes where TEFRA D is specified in the applicable Final Terms.

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Bearer Notes or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

* In relation to any issue of Notes which are expressed to be temporary Global Notes exchangeable for definitive Notes, such Notes shall be tradeable only in amounts of at least their Specified Denomination (or if more than one Specified Denomination, the minimum Specified Denomination and multiples thereof).

Registered Notes

Registered Notes will be issued in the form of a global Registered Note (a “**Global Registered Note**”) deposited with a common depository for Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms and will be registered in its name. Persons holding beneficial interests in Global Registered Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Registered Notes in definitive form.

Payments of principal, interest and any other amount in respect of the Global Registered Notes will, in the absence of provision to the contrary, be made to the person shown on the Register as the registered holder of the Global Registered Note. None of the Issuer, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Global Registered Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Global Registered Note will be exchangeable (free of charge), in whole but not in part, for Registered Notes in definitive form without interest coupons or talons attached (a) if an Event of Default occurs in respect of any Note of the relevant Series; or (b) if either Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so and the Issuer is unable to locate a qualified successor within 90 days of the occurrence of any such event.

Registered Notes will be issued pursuant to the Issue and Paying Agency Agreement (as defined in the Conditions).

Direct Rights

As noted above, Notes in global form are, in certain circumstances, exchangeable for Notes in definitive form. In the event that (a) a global Note has become due and payable as a result of acceleration as described under “Terms and Conditions of the Notes – Events of Default” or that the Maturity Date in respect thereof has occurred and, in either case, payment in full of the amount due is not made before 8:00 p.m. (London time) on the relevant due date or (b) a global Note is not duly exchanged by 6:00 p.m. (London time) on the thirtieth day after the time at which the preconditions to such exchange are first satisfied, the owner of a beneficial interest in such global Note shall become entitled to proceed directly against the Issuer on the basis of statements of account provided by the relevant clearing system as if they were holders of Notes in definitive form, as specified in the relevant global Note, a copy of which is available at the specified office of the Issuing and Paying Agent.

Swedish Notes

Swedish Notes will be issued in dematerialised and uncertificated book-entry form in accordance with the Swedish Central Securities Depositories and Financial Instruments Accounts Act (Sw. *lagen (1998:1479) om värdepapperscentraler och kontoföring av finansiella instrument*) (as amended), other applicable Swedish legislation and the rules and regulations applicable to, and/or issued by, Euroclear Sweden. Swedish Notes will not be issued in definitive form and Swedish Notes will not be exchangeable for Registered Notes or Bearer Notes or vice versa.

Swedish Notes will be registered in the central securities depository register (Sw. *avstämningsregister*) held by Euroclear Sweden on behalf of the Issuer (the “**Swedish Notes Register**”) and payments of principal, interest or any other amounts on Swedish Notes will be made by Euroclear Sweden on behalf of the Issuer to the persons registered as holders of such notes in the Swedish Notes Register on the fifth Banking Day (or in accordance with the rules and procedures applied by Euroclear Sweden from time to time) prior to the due date of the relevant payment.

Swedish Notes will be issued pursuant to the Swedish Notes Issuing and Paying Agency Agreement (as defined in the Conditions).

General

Pursuant to the Issue and Paying Agency Agreement, the Issuing and Paying Agent (and any additional agent appointed pursuant to the Issue and Paying Agency Agreement) shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code, ISIN, CUSIP and CINS assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which should not be prior to the expiry of 40 days after the Issue Date of such further Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer and the Issuing and Paying Agent.

Swedish Notes are being issued in uncertificated and dematerialised book-entry form in accordance with the SCSDFIA Act. No global or definitive Swedish Notes will be issued and these Conditions shall be construed accordingly. The Swedish Notes will be transferable only in accordance with the provisions of the SCSDFIA Act, other applicable Swedish legislation and the rules and regulations applicable to, and/or issued by, Euroclear Sweden AB (“**Euroclear Sweden**”).

The applicable Final Terms will specify whether the Issuer shall have access to the register of creditors (Sw. *skuldboken*) in respect of the Swedish Notes.

Bearer Notes

1.02 The Final Terms shall specify whether U.S. Treasury Regulation § 1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) (the “**TEFRA D Rules**”) or U.S. Treasury Regulation § 1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) shall apply or whether the TEFRA Rules are not applicable. Each Tranche of Bearer Notes with an original maturity of more than one year is represented upon issue by a temporary global Note (a “**Temporary Global Note**”), unless the Final Terms specify otherwise, in particular, when the TEFRA C Rules apply.

Where the Final Terms applicable to a Tranche of Bearer Notes specify that the TEFRA C Rules apply or that the TEFRA Rules are not applicable, such Tranche is (unless otherwise specified in the Final Terms) represented upon issue by a permanent global Note (a “**Permanent Global Note**”).

Interests in the Temporary Global Note may be exchanged for:

- (i) interests in a Permanent Global Note; or
- (ii) if so specified in the Final Terms, definitive Bearer Notes (“**Definitive Notes**”) and/or (in the case of a Series comprising both Bearer Notes and Registered Notes and if so specified in the Final Terms) Registered Notes.

Exchanges of interests in a Temporary Global Note for Definitive Notes or, as the case may be, a Permanent Global Note will be made only on or after the Exchange Date (as specified in the Final Terms) and (unless the Final Terms specify that the TEFRA C Rules are applicable to the Notes) provided certification as to the beneficial ownership thereof as required by U.S. Treasury regulations has been received in accordance with the terms of the Temporary Global Note (each certification in such form as is required by the relevant clearing system). An exchange of interests in a Temporary Global Note or a Permanent Global Note for Registered Notes will be made at any time or from such date as may be specified in the Final Terms, in each case, without any requirement for certification.

1.03 The bearer of any Temporary Global Note shall not (unless, upon due presentation of such Temporary Global Note for exchange (in whole but not in part only) for a Permanent Global Note or for delivery of Definitive Notes and/or Registered Notes, such exchange or delivery is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) be entitled to collect any payment in

respect of the Notes represented by such Temporary Global Note which falls due on or after the Exchange Date or be entitled to exercise any option on a date after the Exchange Date.

1.04 Unless the Final Terms specify that the TEFRA C Rules are applicable to the Notes and subject to Condition 1.03 above, if any date on which a payment of interest is due on the Notes of a Tranche occurs while any of the Notes of that Tranche are represented by a Temporary Global Note, the related interest payment will be made on the Temporary Global Note only to the extent that certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in such form as is required by the relevant clearing system), has been received by Euroclear Bank SA/NV ("**Euroclear**") or Clearstream Banking S.A. ("**Clearstream, Luxembourg**") or any other relevant clearing system in accordance with the terms of the Temporary Global Note. Payments of amounts due in respect of a Permanent Global Note or (subject to Condition 1.03 above) a Temporary Global Note will be made through Euroclear or Clearstream, Luxembourg or any other relevant clearing system without any requirement for further certification. Any reference herein to Euroclear or Clearstream, Luxembourg shall be deemed to include a reference to any other relevant clearing system.

1.05 Interests in a Permanent Global Note will be exchanged by the Issuer in whole but not in part only at the option of the Holder of such Permanent Global Note, for Definitive Notes and/or (in the case of a Series comprising both Bearer and Registered Notes and if so specified in the applicable Final Terms) Registered Notes, (a) if an Event of Default occurs in respect of any Note of the relevant Series; or (b) if either Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so and the Issuer is unable to locate a qualified successor within 90 days of the occurrence of any such event; in all cases at the cost and expense of the Issuer.

1.06 Definitive Notes that are interest bearing have attached thereto, at the time of their initial delivery, coupons ("**Coupons**"), the presentation of which will be a prerequisite to the payment of interest save in certain circumstances specified herein. Definitive Notes that are interest bearing and which have more than 27 interest payments remaining at the time of their initial delivery, have attached thereto a talon ("**Talon**") for further coupons and the expression "**Coupons**" shall, where the context so requires, include Talons.

Registered Notes

1.07 Where the Final Terms applicable to a Tranche of Registered Notes so specify, such Tranche is represented upon issue by a global registered note ("**Global Registered Note**").

Interests in a Global Registered Note will be exchangeable (free of charge), in whole but not in part, for Registered Notes in definitive form without interest coupons or talons attached (a) if an Event of Default occurs in respect of any Note of the relevant Series; or (b) if either Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of fourteen days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so and the Issuer is unable to locate a qualified successor within 90 days of the occurrence of any such event, in all cases at the cost and expense of the Issuer.

Denomination

Denomination of Bearer Notes

1.08 Bearer Notes are in the denominations (the "**Specified Denomination(s)**") specified in the applicable Final Terms. Unless otherwise specified in the applicable Final Terms, Bearer Notes of one denomination may not be exchanged for Bearer Notes of any other denomination.

Denomination of Registered Notes

1.09 Registered Notes are in the Specified Denominations specified in the applicable Final Terms.

Denomination of Swedish Notes

1.10 Swedish Notes are in the Specified Denominations specified in the applicable Final Terms.

1.11 The Notes are denominated in such currency (the “**Specified Currency**”) as may be specified in the applicable Final Terms. Any currency may be so specified, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

2. Title and Transfer

2.01 Title to Bearer Notes and Coupons passes by delivery. References herein to the “**Holders**” of Bearer Notes or of Coupons are to the bearers of such Bearer Notes or such Coupons.

2.02 Title to Registered Notes passes by due endorsement in the relevant register. The Issuer shall procure that the Registrar keep a register or registers in which shall be entered the names and addresses of the Holders of Registered Notes and particulars of the Registered Notes held by them. Such registration shall be noted on the Registered Notes by the Registrar. References herein to the “**Holders**” of Registered Notes are to the persons in whose names such Registered Notes are so registered in the relevant register.

2.02a The person appearing in the central securities depository register (Sw. *avstämningsregister*) held by Euroclear Sweden on behalf of the Issuer (the “**Swedish Notes Register**”) will be treated as the holder of the relevant Swedish Notes and title to the Swedish Notes passes only by registration in the Swedish Notes Register. References herein to the “**Holders**” of Swedish Notes are to the persons in whose names such Swedish Notes are so registered in the Swedish Notes Register. Where a nominee (Sw. *förvaltare*) is so evidenced it shall be treated as the Holder of the relevant Notes.

2.03 The Holder of any Bearer Note, Coupon, Registered Note or Swedish Note will for all purposes of the Issue and Paying Agency Agreement and the Swedish Notes Issuing and Paying Agent (except as otherwise required by applicable law or regulatory requirement) be treated as its absolute owner whether or not it is overdue and regardless of any notice of ownership, trust or any interest thereof or therein, any writing thereon, or any theft or loss thereof and no person shall be liable for so treating such Holder.

Holders of Global Notes

2.04 For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg or such other clearing system as set out in the applicable Final Terms, each person (other than Euroclear or Clearstream, Luxembourg or such other clearing system as set out in Part B of the applicable Final Terms) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg or such other clearing system as the holder of a particular principal amount of such Notes (a “**Relevant Account Holder**”) (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or such other clearing system as to the principal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest or proven error) shall be treated by the Issuer, the Issuing and Paying Agent, the Registrar and any other Paying Agent as the holder of such principal amount of such Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant Temporary Global Note and/or Permanent Global Note or registered holder of a Global Note shall be treated by the Issuer, the

Issuing and Paying Agent and any Paying Agent and any Registrar as the holder of such principal amount of such Notes in accordance with and subject to the terms of the Global Note and/or the Deed of Covenant, as the case may be, and the expression “**Holder**” and related expressions shall be construed accordingly. Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures of Euroclear or of Clearstream, Luxembourg or any other relevant clearing system, as the case may be in force from time to time.

Transfer of Registered Notes and exchange of Bearer Notes for Registered Notes

2.05 A Registered Note may, upon the terms and subject to the conditions set forth in the Issue and Paying Agency Agreement and as required by law, be transferred in whole or in part only (provided that such part is, or is an integral multiple of, the minimum Specified Denomination specified in the applicable Final Terms) upon the surrender of the Registered Note to be transferred, together with a form of transfer duly completed and executed, at the specified office of the Registrar. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

2.06 If so specified in the applicable Final Terms, the Holder of Bearer Notes may exchange the same for the same aggregate principal amount of Registered Notes upon the terms and subject to the conditions set forth in the Issue and Paying Agency Agreement and as may be required by law. In order to exchange a Bearer Note for a Registered Note, the Holder thereof shall surrender such Bearer Note at the specified office outside the United States of America (the “**United States**”) of the Issuing and Paying Agent or of the Registrar, together with a written request for the exchange. Each Bearer Note so surrendered must be accompanied by all unmatured Coupons appertaining thereto other than any Coupon where the exchange date (as defined in Condition 2.07) would, but for the provisions of Condition 2.06, occur between the Record Date (as defined in Condition 10.10) for such payment of interest and the next Interest Payment Date for such Coupon.

2.07 Each new Registered Note to be issued upon the registration of the transfer of a Registered Note or the exchange of a Bearer Note for a Registered Note will, within three Relevant Banking Days of the transfer date or, as the case may be, the exchange date be available for collection by each relevant Holder at the specified office of the Registrar or, at the option of the Holder requesting such exchange or transfer, be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder. For these purposes, a form of transfer or request for exchange received by the Registrar or the Issuing and Paying Agent after the Record Date in respect of any payment due in respect of Registered Notes shall be deemed not to be effectively received by the Registrar or the Issuing and Paying Agent until the day following the due date for such payment.

For the purposes of these Conditions:

- (i) “**Relevant Banking Day**” means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in the place where the specified office of the Registrar is located and, in the case only of an exchange of a Bearer Note for a Registered Note where such request for exchange is made to the Issuing and Paying Agent, in the place where the specified office of the Issuing and Paying Agent is located;
- (ii) the “**exchange date**” shall be the Relevant Banking Day following the day on which the relevant Bearer Note shall have been surrendered for exchange in accordance with Condition 2.05; and

- (iii) the “**transfer date**” shall be the Relevant Banking Day following the day on which the relevant Registered Note shall have been surrendered for transfer in accordance with Condition 2.04.

2.08 The issue of new Registered Notes on transfer or on the exchange of Bearer Notes for Registered Notes will be effected without charge by or on behalf of the Issuer, the Issuing and Paying Agent or the Registrar, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the Issuer, the Issuing and Paying Agent or the Registrar may require in respect of) any tax, duty or other governmental charges which may be imposed in relation thereto.

Minimum Trading Size

2.09 Notes represented by a Global Note may, if specified in the applicable Final Terms, be subject to a Minimum Trading Size, in which case such Notes will, for so long as they are cleared through Euroclear or Clearstream, Luxembourg, be transferrable only in a principal amount of not less than such Minimum Trading Size. Notwithstanding the foregoing, such Notes will only be transferrable in accordance with the rules of Euroclear or Clearstream, Luxembourg.

3. Status of the Notes

The applicable Final Terms will indicate whether the Notes are Senior Notes or Subordinated Notes.

Status of Senior Notes

3.01 The Senior Notes constitute deposit liabilities of the Bank for the purposes of the Bank Act and constitute legal, valid and binding direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and at least *pari passu* with all other present and future unsubordinated and unsecured obligations of the Issuer (including deposit liabilities), except as otherwise prescribed by law and subject to the exercise of bank resolution powers.

Status of Bail-inable Notes

3.02 This Condition 3.02 will apply in respect of all Senior Notes issued by the Bank that are identified as Bail-inable Notes in the applicable Final Terms (“**Bail-inable Notes**”). All Senior Notes issued on or after September 23, 2018 that (i) have an original or amended term to maturity of more than 400 days, have one or more explicit or embedded options, that if exercised by or on behalf of the Bank, could result in a maturity date that is more than 400 days from the date of issuance of Note or that have an explicit or embedded option that, if exercised by or on behalf of the Holder, could by itself result in a maturity date that is more than 400 days from the maturity date that would apply if the option were not exercised; and (ii) are not otherwise excluded (e.g. structured notes (as such term is used under the Canadian bank recapitalization regime for banks designated by the Superintendent of Financial Institutions (Canada) (the “**Superintendent**”) as domestic systemically important banks (the “**Bail-in Regime**”)) under the Bail-in Regime, will be identified as Bail-inable Notes in the applicable Final Terms. Senior Notes that constitute structured notes (as such term is used under the Bail-in Regime) or are otherwise excluded under the Bail-in Regime will not be identified as Bail-inable Notes in the applicable Final Terms.

By its acquisition of an interest in Bail-inable Notes, each Holder (which, for the purposes of this Condition 3.02, includes each holder of a beneficial interest in such Bail-inable Notes) is deemed to:

- (i) agree to be bound, in respect of such Bail-inable Notes, by the *Canada Deposit Insurance Corporation Act* (Canada) (the “**CDIC Act**”), including the conversion of the Bail-inable Notes, in whole or in part – by means of a transaction or series of transactions and in one or more steps – into common shares of

the Bank or any of its affiliates under subsection 39.2(2.3) of the CDIC Act and the variation or extinguishment of the Bail-inable Notes in consequence, and by the application of the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the operation of the CDIC Act with respect to such Bail-inable Notes (a “**Bail-in Conversion**”);

(ii) attorn to the jurisdiction of the courts in the Province of Ontario in Canada with respect to the CDIC Act and the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the operation of the CDIC Act with respect to the Bail-inable Notes;

(iii) have represented and warranted to the Bank that the Bank has not directly or indirectly provided financing to the Holder of the Bail-inable Notes for the express purpose of investing in Bail-inable Notes; and

(iv) acknowledge and agree that the terms referred to in paragraphs (i) and (ii), above, are binding on such Holder despite any provisions in these Conditions, any other law that governs the Bail-inable Notes and any other agreement, arrangement or understanding between such Holder and the Bank with respect to such Bail-inable Notes.

The applicable Final Terms will indicate whether Senior Notes are Bail-inable Notes. All Bail-inable Notes will be subject to Bail-in Conversion.

Each Holder of the Bail-inable Notes that acquires an interest in the Bail-inable Notes in the secondary market and any successors, assigns, heirs, executors, administrators, trustees in bankruptcy and legal representatives of any such Holder shall be deemed to acknowledge, accept, agree to be bound by and consent to the same provisions specified herein to the same extent as the Holders that acquire an interest in the Bail-inable Notes upon their initial issuance, including, without limitation, with respect to the terms of the Bail-inable Notes related to the Bail-in Regime.

3.02a Holders and beneficial owners of a Bail-inable Note will have no further rights in respect of a Bail-inable Note to the extent a Bail-inable Note is converted in a Bail-in Conversion, other than those provided under the Bail-in Regime, and by its acquisition of an interest in the Bail-inable Note, each holder or beneficial owner of the Bail-inable Note is deemed to irrevocably consent to the converted portion of the principal amount of the Bail-inable Note and any accrued and unpaid interest thereon being deemed repaid in full by the issuance of common shares of the Bank (or, if applicable, any of its affiliates) upon the occurrence of a Bail-in Conversion, which Bail-in Conversion shall occur without any further action on the part of that Holder or beneficial owner or the Issuing and Paying Agent; provided that, for the avoidance of doubt, this consent shall not limit or otherwise affect any rights of that Holder or beneficial owner provided for under the Bail-in Regime.

3.02b By its acquisition of an interest in a Bail-inable Note, each Holder or beneficial owner of an interest in a Bail-inable Note is deemed to have authorised, directed and requested Euroclear and Clearstream, Luxembourg and any direct participant in such clearing system or other intermediary through which it holds the Bail-inable Note to take any and all necessary action, if required, to implement the Bail-in Conversion or any other action pursuant to the Bail-in Regime with respect to the Bail-inable Note, as may be imposed on it, without any further action or direction on the part of that Holder or beneficial owner or the Issuing and Paying Agent, except as required in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg and/or the intermediary, as applicable.

Status of Subordinated Notes

3.03 The Subordinated Notes will evidence subordinated indebtedness of the Issuer for purposes of the *Bank Act* (Canada). The Subordinated Notes constitute legal, valid and binding direct, subordinated and unsecured obligations of the Issuer enforceable in accordance with their terms and rank *pari passu* with all

other present and future subordinated indebtedness of the Issuer other than subordinated indebtedness having a priority to the Subordinated Notes by virtue of any law now or hereafter in force. The subordinated indebtedness evidenced by the Subordinated Notes will, in the event of the insolvency or winding-up of the Issuer, be subordinate in right of payment to all deposit liabilities of the Issuer and all other liabilities of the Issuer except those which by their terms rank equally with or are subordinate to such subordinated indebtedness and except as otherwise prescribed by law.

Upon the occurrence of a Non-Viability Trigger Event (as defined in Condition 8), this Condition 3.03 will cease to apply to the Notes as all the Notes will be converted into common shares of the Issuer ("**Common Shares**") which Common Shares will rank on par with all other issued and outstanding Common Shares.

4. Negative Covenant

This Condition 4 applies to Subordinated Notes only.

If the applicable Final Terms specify this Condition 4 – Negative Covenant is applicable, the Issuer will not create, incur or permit the existence of indebtedness which, in the event of insolvency or winding-up of the Issuer, will rank subordinate to deposit liabilities and in priority to Subordinated Notes.

5. Interest

Interest

5.01 Notes may be interest-bearing or non interest-bearing. The Interest Basis is specified in the applicable Final Terms. Words and expressions appearing in this Condition 5 and not otherwise defined herein or in the applicable Final Terms shall have the meanings given to them in Condition 5.08.

5.01a Notwithstanding anything to the contrary in these Conditions (and in particular this Condition 5), interest on Swedish Notes shall accrue and be calculated from (but excluding) the Interest Commencement Date to (and including) the first Interest Payment Date and following the first Interest Payment Date from (but excluding) an Interest Payment Date to (and including) the next occurring Interest Payment Date and the definition of "Interest Period" shall be construed accordingly.

5.02 Interest on Fixed Rate Notes other than Adjusted Fixed Rates Notes

This Condition 5.02 applies to Fixed Rate Notes only but does not apply to Adjusted Fixed Rate Notes (as defined below). The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 5.02 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Business Day Convention (if any) applicable to any Interest Payment Date, the Day Count Fraction, any applicable Determination Date, whether any Coupon Switch Option is applicable and any Calculation Agent.

Each Fixed Rate Note bears interest on its Outstanding Principal Amount from and including the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest specified in the applicable Final Terms. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to and including the Maturity Date if that does not fall on an Interest Payment Date.

Where a Fixed Coupon Amount is specified in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on, but excluding, such date will amount to such Fixed Coupon Amount, as specified in respect of any Calculation Amount based on the

applicable Rate of Interest and any applicable Day Count Fraction (if any) and if the amount of interest payable on the Interest Payment Date is specified as other than the Fixed Coupon Amount, such amount will be a “**Broken Amount**” specified in the applicable Final Terms.

Where the Notes are represented by a Global Note or where the Specified Denomination of Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the Fixed Coupon Amounts or Broken Amounts, as the case may be, for each Calculation Amount comprising the Outstanding Principal Amount of the Global Note or the Specified Denomination of a Note in definitive form, without any further rounding.

As used in these Conditions, “**Fixed Interest Period**” means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or first) Interest Payment Date.

Interest will be calculated on the Calculation Amount of the Fixed Rate Notes. If interest is required to be calculated for a period ending other than on an Interest Payment Date, or if a Fixed Coupon Amount is not specified in the applicable Final Terms, such interest shall be calculated in accordance with Condition 5.06.

5.02a Interest on Adjusted Fixed Rate Notes

*This Condition 5.02a applies where Fixed Rate Notes for which “Adjusted Interest Periods” is specified in the applicable Final Terms (“**Adjusted Fixed Rate Notes**”). The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 5.02a for full information on the manner in which interest is calculated on Adjusted Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Calculation Amount, the Day Count Fraction, the Business Day Convention and the Calculation Agent.*

Notwithstanding the foregoing, each Adjusted Fixed Rate Note, bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, each Interest Payment Date will be subject to adjustment in accordance with the Business Day Convention specified in the applicable Final Terms. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable, calculate the amount of interest payable per Calculation Amount for the relevant Interest Period. The determination of the amount of interest payable per Calculation Amount by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Calculation Amount for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Holders as soon as possible after their determination but in no event later than the fourth Business Day thereafter (or in the case of Notes where the Benchmark is specified in the applicable Final Terms as being SONIA, the second London Banking Day after such determination). The amount of interest payable per Calculation Amount and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 7, the accrued interest per Calculation Amount shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Calculation Amount so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Calculation Amount, and multiplying such product by the Day Count Fraction specified in the applicable Final Terms, and rounding the resultant figure to the nearest sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Notes are represented by a Global Note or where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Outstanding Principal Amount of the Global Note or the Specified Denomination of a Note in definitive form, without any further rounding.

5.02b Interest on Fixed Rate Resettable Notes

(i) If Notes are specified as being Fixed Rate Resettable Notes (each a “**Fixed Rate Resettable Note**”), each Fixed Rate Resettable Note shall bear interest:

- (A) from (and including) the Interest Commencement Date specified in the applicable Final Terms (but excluding) the First Reset Date at the rate per annum equal to the Initial Rate of Interest;
- (B) from (and including) the First Reset Date until (but excluding) the Second Reset Date or, if no such Second Reset Date is specified in the applicable Final Terms, the Maturity Date, at the rate per annum equal to the First Reset Rate of Interest; and
- (C) for each Subsequent Reset Period thereafter (if any), at the rate per annum equal to the relevant Subsequent Reset Rate of Interest,

in each case, payable in arrear on each Interest Payment Date.

Save as otherwise provided herein, the provisions in either Condition 5.02 or Condition 5.02a shall apply to the Fixed Rate Resettable Notes as specified in the applicable Final Terms.

(ii) Subject to Condition 5.11 or 5.12, if Mid-Swap Rate is specified in the applicable Final Terms and on any Reset Determination Date the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page, the Calculation Agent shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately the Relevant Time in the principal financial centre of the Relevant Currency on the Reset Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the First Margin or Subsequent Margin (as applicable), all as determined by the Calculation Agent. If on any Reset Determination Date only one or none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this paragraph, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be determined to be the Interest Rate as at the last preceding Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

(iii) If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the applicable Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

(iv) The Calculation Agent will calculate the Rate of Interest for each relevant Interest Period in a Reset Period, and cause it to be notified, in accordance with Conditions 5.05 and 5.06.

(v) For the purposes of this Condition 5.02b:

“Benchmark Gilt” means, in respect of a Reset Period, such United Kingdom government security having a maturity date on or about the last day of such Reset Period as the Calculation Agent, with the advice of the Reference Banks, may determine to be appropriate;

“Benchmark Gilt Rate” means, in respect of a Reset Period, the gross redemption yield (as calculated by the Calculation Agent in accordance with generally accepted market practice at such time) on a semi-annual compounding basis (converted to an annualised yield and rounded up (if necessary) to four decimal places) of the Benchmark Gilt in respect of that Reset Period, with the price of the Benchmark Gilt for this purpose being the arithmetic average (rounded up (if necessary) to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the bid and offered prices of such Benchmark Gilt quoted by the Reference Banks at the Relevant Time on the relevant Reset Determination Date on a dealing basis for settlement on the next following dealing day in London. If at least four quotations are provided, the Benchmark Gilt Rate will be the rounded arithmetic mean of the quotations provided, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) rounded as provided above.

If only two or three quotations are provided, the Benchmark Gilt Rate will be the rounded arithmetic mean of the quotations provided rounded as provided above. If only one quotation is provided, the Benchmark Gilt Rate will be the quotation provided rounded as provided above. If no quotations are provided, the Benchmark Gilt Rate will be determined by the Calculation Agent in its sole discretion following consultation with the Issuer;

“CMT Designated Maturity” has the meaning given to it in the relevant Final Terms;

“CMT Rate” means, in relation to a Reset Period and the Reset Determination Date in relation to such Reset Period, the rate determined by the Calculation Agent, and expressed as a percentage, equal to:

- (i) the yield for United States Treasury Securities at “constant maturity” for the CMT Designated Maturity, as published in the H.15(519) under the caption “treasury constant maturities (nominal)”, as that yield is displayed on the CMT Rate Screen Page on such Reset Determination Date; or
- (ii) if the yield referred to in paragraph (i) above is not published by 4:00 p.m. (New York City time) on the CMT Rate Screen Page on such Reset Determination Date, the yield for the United States Treasury Securities at “constant maturity” for the CMT Designated Maturity as published in the H.15(519) under the caption “treasury constant maturities (nominal)” on such Reset Determination Date; or

“dealing day” means a day, other than a Saturday or Sunday, on which the London Stock Exchange (or such other stock exchange on which the Benchmark Gilt is listed at the relevant time) is ordinarily open for the trading of securities;

“First Margin” means the margin specified in the applicable Final Terms;

“First Reset Date” means the date specified in the applicable Final Terms;

5.03 Interest on Floating Rate Notes

This Condition 5.03 applies to Floating Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of floating rate interest and must be read in conjunction with this Condition 5.03 for full information on the manner in which interest is calculated on Floating Rate Notes. In particular, the applicable Final Terms will identify Specified Interest Payment Date(s), the First Interest Payment Date, the Maturity Date, any Interest Period, the Interest Commencement Date, the Business Day Convention, any Business Centre(s), whether ISDA Determination or Screen Rate Determination applies to the calculation of interest, the party who will calculate the amount of interest due if it is not the Issuing and Paying Agent, the Margin, any maximum or minimum interest rates and the Day Count Fraction and whether any Switch Coupon Option is applicable. Where ISDA Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Floating Rate Option, Designated Maturity and Reset Date. Where Screen Rate Determination applies to the calculation of interest, the applicable Final Terms will also specify the applicable Reference Rate, Relevant Financial Centre, Interest Determination Date(s) and Relevant Screen Page.

(i) *Interest Payment Dates*

Each Floating Rate Note bears interest on its Outstanding Principal Amount from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) (each an “**Interest Payment Date**”) in each year specified in the applicable Final Terms with the first Interest Payment Date (the “**First Interest Payment Date**”) being as specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an “**Interest Payment Date**”) which falls the number of months or other period specified as the Specified Period(s) in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression, shall, in these Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date. Interest will be calculated on the Calculation Amount of the Floating Rate Notes.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in one of the manners set out below and specified in the applicable Final Terms.

(iii) *Screen Rate Determination*

Where the Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest will be determined as provided below, subject to Condition 5.11 below.

(A) Where the Reference Rate is specified in the applicable Final Terms as being LIBOR, EURIBOR, CNH HIBOR, HIBOR or STIBOR:

- (i) the Rate of Interest for each Interest Period will, subject as provided below, be either:
 - (1) the offered quotation, or
 - (2) the arithmetic mean (rounded, if necessary, to the nearest one-hundred thousandth of a percentage point, 0.0005 being rounded upwards) of the offered quotations

(expressed as a percentage rate per annum) for the Reference Rate for deposits in the Specified Currency for that Interest Period which appears or appear, as the case may be, on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, all as determined by the Calculation Agent;
- (ii) if, on any Interest Determination Date, no such Reference Rate so appears or, as the case may be, if fewer than three offered quotations so appear or if the Relevant Screen Page is unavailable or if the offered rate or rates which appear as at the Relevant Time do not apply to a period or duration equal to the Interest Period, the Calculation Agent will request appropriate quotations and will determine the arithmetic mean (rounded as aforesaid) of the rates at which deposits in the relevant currency are offered by the principal Relevant Financial Centre office of the Reference Banks at approximately the Relevant Time on the Interest Determination

Date to prime banks in the Relevant Financial Centre interbank market for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time;

- (iii) if, on any Interest Determination Date, only two or three rates are so quoted, the Calculation Agent will determine the arithmetic mean (rounded as aforesaid) of the rates so quoted; or
- (iv) if, on any Interest Determination Date, fewer than two rates are so quoted, the Calculation Agent will determine the arithmetic mean (rounded as aforesaid) of the rates quoted by four major banks in the Principal Financial Centre as selected by the Calculation Agent, at the Relevant Time on the first day of the relevant Interest Period for loans in the relevant currency to leading European banks for a period for the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time,

and the Rate of Interest applicable to such Notes during such Interest Period will be the rate or, as the case may be, the arithmetic mean (rounded as aforesaid) of the rates so determined plus or minus (as indicated in the applicable Final Terms) the Margin, if any, provided however that if the Calculation Agent is unable to determine a rate or, as the case may be, an arithmetic mean of rates in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to such Notes during such Interest Period will be the rate or, as the case may be, the arithmetic mean (rounded as aforesaid) of the rates determined in relation to such Notes in respect of the last preceding Interest Period plus or minus (as indicated in the applicable Final Terms) the Margin, if any.

(B) Where the Reference Rate is specified in the applicable Final Terms as being CDOR, the average bid rate for bankers' acceptances in Canadian dollars for the relevant Interest Period which appears on the Reuters Screen CDOR Page (being the Relevant Screen Page) as of approximately 10:15 a.m. (Toronto time) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

If CDOR does not appear on Reuters Screen CDOR Page or the Reuters Screen CDOR Page is not available, the Calculation Agent shall request the principal Toronto office of each of four Schedule I Canadian chartered banks to provide the Calculation Agent with its bid rate of interest (expressed as a percentage rate per annum) for bankers' acceptances in Canadian dollars, in an amount approximately equal to the aggregate nominal amount of the Notes, for the relevant Interest Period accepted by such Reference Banks as at approximately 10:15 a.m. (Toronto time) on the Interest Determination Date. If two or more of such banks provide the Calculation Agent with such bid rates of interest, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of such bid rates, plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent. If fewer than two such banks provide the Calculation Agent with its respective bid rate of interest, the Reference Rate for such Interest Determination Date shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.00005 per cent. being rounded upwards) of the bid rates quoted by major banks in Toronto, selected by the Calculation Agent, for bankers' acceptance in Canadian dollars, in an amount approximately equal to the aggregate nominal amount of the Notes, for the relevant Interest Period accepted by such banks as at approximately 10:15 a.m. (Toronto time) on the Interest Determination Date, for the relevant Interest Period for settlement on such Interest Determination Date, plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the

Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

(C) Where the Reference Rate is specified in the applicable Final Terms as being “**BBSW**” or “**BBSW Rate**”, the Interest Rate applicable to the Floating Rate Notes for each Interest Period is the sum of the Margin and the BBSW Rate.

In this Condition “**BBSW Rate**” means, for an Interest Period, the rate for prime bank eligible securities having a tenor closest to the Interest Period, which is designated as the “AVG MID” on the Reuters Screen BBSW page (or any designation which replaces that designation on that page, or any page that replaces that page), at approximately 10:30 am Sydney time (or such other time at which such rate customarily appears on that page, including, if corrected, as recalculated and republished by the relevant administrator) on the first day of that Interest Period (being the “**Publication Time**”).

However, if such rate does not appear on Reuters Screen BBSW Page by 10:45 am Sydney time (or such other time that is 15 minutes after the then prevailing Publication Time) on that day, or if it is displayed but the Issuer or the Calculation Agent determines that there is an obvious error in that rate, BBSW Rate means the rate determined by the Issuer or the Calculation Agent in good faith and in a commercially reasonable way having regard to comparable indices in customary market usage. The rate calculated or determined by the Calculation Agent must be expressed as a percentage rate per annum and will be rounded up, if necessary, to the next higher one ten-thousandth of a percentage point (0.0001 per cent.).

(D) Where the Reference Rate is specified in the applicable Final Terms as being “**SONIA**”, the Rate of Interest for each Interest Period will, subject to Condition 5.11 and as provided below, be Compounded Daily SONIA for the Interest Period for such Interest Period plus or minus (as indicated in the applicable Final Terms) the Margin, if any, as determined by the Calculation Agent.

“**Compounded Daily SONIA**” means, with respect to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Calculation Agent on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fourth decimal place, with 0.00005 per cent. being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{Relevant SONIA}_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

- the Designated Maturity is the period specified in the applicable Final Terms; and
- the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London interbank offered rate (“**LIBOR**”) or on the Euro-zone interbank offered rate (“**EURIBOR**”) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms;

For the purposes of this Condition 5.03(iv) “**Floating Rate**”, “**Floating Rate Option**”, “**Designated Maturity**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions.

(v) *Maximum or Minimum Rate of Interest*

If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the applicable Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

(vi) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as the Issuer shall determine as appropriate for such purposes.

For these purposes, “**Designated Maturity**” means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

Accrual of Interest

5.04 Interest on a Note will cease to accrue from the due date for its redemption unless upon due presentation or surrender thereof (if required), payment in full of the Final Redemption Amount is improperly withheld or refused or default is otherwise made in the payment thereof. In such event, interest shall continue to accrue on the principal amount in respect of which payment has been improperly withheld or refused or default has been made (as well after as before any demand or judgment) at the Rate of Interest then applicable or such other rate as may be specified for this purpose in the applicable Final Terms if permitted by applicable law (“**Default Rate**”) until the date on which, upon due presentation or surrender of the relevant Note (if required), the relevant payment is made or, if earlier, the seventh day after the date on which, the Issuing and Paying Agent or, as the case may be, the Registrar having received the funds required to make such payment, notice is given to the Holders of the Notes in accordance with Condition 15 that the Issuing and Paying Agent or, as the case may be, the Registrar has received the required funds (except to the extent that there is failure in the subsequent payment thereof to the relevant Holder).

Interest Amount(s), Calculation Agent and Reference Banks

5.05 If a Calculation Agent is specified in the applicable Final Terms, the Calculation Agent, as soon as practicable after the Relevant Time, if applicable, on each Interest Determination Date or Reset Determination Date will determine the Rate of Interest and calculate the amount(s) of interest payable (the “**Interest Amount(s)**”) in the manner specified in Condition 5.06 below, obtain such quote or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period (or, if determining the First Reset Rate of Interest or a subsequent Reset Rate of Interest in respect of Fixed Rate Resettable Notes, the Interest Amount for each Interest Period falling within the relevant Reset Period) and the relevant Interest Payment Date to be notified to the Issuing and Paying Agent, the Registrar (in

the case of Registered Notes), the Issuer, the Holders in accordance with Condition 15 and, if the Notes are listed on a stock exchange or admitted to listing by any other authority and the rules of such exchange or other relevant authority so require, such exchange or listing authority as soon as possible after their determination or calculation but in no event later than the fourth London Banking Day thereafter (or, in the case of Notes where the applicable Final Terms specify the Reference Rate as being SONIA or SOFR no later than the second London Banking Day thereafter) or, if earlier in the case of notification to the stock exchange or other relevant authority, the time required by the relevant stock exchange or listing authority. The Interest Amounts and the Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 7, the Rate of Interest and any accrued interest payable in respect of the Notes shall, save in the case of Compounded Daily SONIA, Compounded SOFR or SOFR Compounded Index for the purposes of Condition 5.03(iii)(D) and 5.03(iii)(E), nevertheless continue to be calculated in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of each Rate of Interest, Interest Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest or proven error) be final and binding upon the Issuer and the Holders and neither the Calculation Agent nor any Reference Bank shall have any liability to the Holders in respect of any determination, calculation, quote or rate made or provided by it.

The Issuer will procure that there shall at all times be such Reference Banks as may be required for the purpose of determining the Rate of Interest applicable to the Notes and a Calculation Agent, if provision is made for one in the Conditions.

If the Calculation Agent is incapable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for any Interest Period or to calculate the Interest Amounts or any other requirements, the Issuer will appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

Calculations and Adjustments

5.06 The amount of interest payable in respect of any Note for any period shall be calculated by applying the Rate of Interest to the Calculation Amount, and, in each case, multiplying such sum by the Day Count Fraction, save that in the case of Fixed Rate Notes where Fixed Coupon Amount is specified in the applicable Final Terms, the interest shall be calculated in accordance with Condition 5.02.

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in the Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount and (c) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the smallest sub-unit of such currency, with halves being rounded upwards or otherwise in accordance with applicable market convention.

Where the Notes are represented by a Global Note or where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Outstanding Principal Amount of the Global Note or the Specified Denomination of a Note in definitive form, without any further rounding.

5.07 Coupon Switch Option Provisions

This Condition 5.07 is applicable to the Notes only if the Coupon Switch Option is specified in the relevant Final Terms as being applicable and each Note shall bear interest on the following basis.

Interest Act (Canada) Disclosure

5.09 For the purposes of disclosure pursuant to the *Interest Act* (Canada) and not for any other purpose, where in any Note (i) a rate of interest is to be calculated on the basis of a year of 360 days, the yearly rate of interest to which the 360 day rate is equivalent is such rate multiplied by the number of days in the year for which such calculation is made and divided by 360, or (ii) a rate of interest is to be calculated during a leap year, the yearly rate of interest to which such rate is equivalent is such rate multiplied by 366 and divided by 365.

The Issuer confirms that it fully understands and is able to calculate the effective annual rate of interest applicable to each Note based on the methodology for calculating per annum rates provided for in the paragraph above if applicable. The Issuer hereby irrevocably agrees not to plead or assert, whether by way of defence or otherwise, in any proceeding relating to each Note, that the interest payable under each Note and the calculation thereof has not been adequately disclosed to the Issuer pursuant to Section 4 of the *Interest Act* (Canada).

5.10 If any Final Redemption Amount in respect of any Zero Coupon Note is not paid when due, interest shall accrue on the overdue amount at a rate per annum (expressed as a percentage per annum) equal to the Accrual Yield defined in, or determined in accordance with the provisions of, the applicable Final Terms or at such other Default Rate as may be specified for this purpose in the applicable Final Terms until the date on which, upon due presentation or surrender of the relevant Note (if required), the relevant payment is made or, if earlier, the seventh day after the date on which, the Issuing and Paying Agent or, as the case may be, the Registrar having received the funds required to make such payment, notice is given to the Holders of the Notes in accordance with Condition 15 that the Issuing and Paying Agent or, as the case may be, the Registrar has received the required funds (except to the extent that there is failure in the subsequent payment thereof to the relevant Holder). The amount of any such interest shall be calculated in accordance with the provisions of Condition 5.06 as if the Rate of Interest was the Accrual Yield (or such other Default Rate specified in the applicable Final Terms), the Outstanding Principal Amount was the overdue sum and the Day Count Fraction was as specified for this purpose in the applicable Final Terms or, if not so specified, 30E/360 (as defined in Condition 5.08).

5.11 Benchmark Discontinuation

This Condition 5.11 shall apply to all Original Reference Rates other than USD LIBOR and SOFR.

(i) Independent Adviser

If the Issuer determines a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part(s) thereof) remains to be determined by reference to such Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Issuer determining a Successor Rate, or if there is no successor rate, an Alternative Rate (in accordance with Condition 5.11(ii)) and, in either case, an Adjustment Spread if any (in accordance with Condition 5.11(iii)) and any Benchmark Amendments (in accordance with Condition 5.11(iv)).

An Independent Adviser appointed pursuant to this Condition 5.11 shall act in good faith and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, the Issuing and Paying Agent, the Calculation Agent, the Holders or the Couponholders for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer, pursuant to this Condition 5.11.

In making any determination pursuant to this Condition 5.11, the Issuer shall act in good faith and in a commercially reasonable manner and, in the absence of bad faith or fraud, the Issuer shall have no liability whatsoever to the Calculation Agent, the Issuing and Paying Agent or the Holders or the Couponholders for any such determination made by it.

If the Issuer is unable to appoint an Independent Adviser or unable to make the determination set out in Condition 5.11 (i), (ii), (iii) and (iv) in consultation with an Independent Adviser, the Issuer, acting in good faith and in a commercially reasonable manner, may make such determinations itself in accordance with the provisions of this Condition 5.11 and taking into account any relevant and applicable market precedents as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets, and subject always to any Minimum Rate of Interest and/or Maximum Rate of Interest specified in the applicable Final Terms.

(ii) Successor Rate or Alternative Rate

If the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith, determines that:

- (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5.11(iii)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part(s) thereof) for all future payments of interest on the Notes (subject to the further operation of this Condition 5.11); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5.11(iii)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part(s) thereof) for all future payments of interest on the Notes (subject to the further operation of this Condition 5.11).

(iii) Adjustment Spread

If the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be). If the Issuer is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the relevant Successor Rate or Alternative Rate (as applicable) will apply without an Adjustment Spread.

(iv) Benchmark Amendments

If any Successor Rate or Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 5.11 and the Issuer, following consultation with the Independent Adviser (if any) and acting in good faith, determines (i) that amendments to these Conditions and/or the Issue and Paying Agency Agreement are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or (in either case) the applicable Adjustment Spread (such amendments, the "Benchmark Amendments") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5.11(v), vary these Conditions and/or the Issue and Paying Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice.

No consent of Holders shall be required in connection with effecting the relevant Successor Rate or Alternative Rate (as may be applicable), any Adjustment Spread and/or any Benchmark Amendments, or varying these Conditions and/or the Issuing and Paying Agency Agreement to give effect to such changes pursuant to this Condition 5.11, including the execution of any documents necessary or the taking of any steps by the Issuer or any parties to any relevant documents (if required).

In connection with any such variation in accordance with this Condition 5.11(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) Notices, etc.

The occurrence of a Benchmark Event, any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5.11 will be notified promptly by the Issuer to the Issuing and Paying Agent and the Calculation Agent and, in accordance with Condition 13, the Holders. Such notice shall be irrevocable and shall specify the effective date(s) for such Successor Rate or Alternative Rate (as applicable), the Adjustment Spread (if any) and for the Benchmark Amendments, if any.

No later than one Business Day following the date of notifying the Issuing and Paying Agent of the same, the Issuer shall deliver to the Issuing and Paying Agent a certificate signed by two authorised signatories of the Issuer:

administrative action is effective and applicable) that the Issuer is, or may be, subject to more than a de minimis amount of additional taxes, duties or other governmental charges or civil liabilities because the treatment of any of its items of income, taxable income, expense, taxable capital or taxable paid up capital with respect to the Subordinated Notes (including the treatment by the Issuer of interest on the Subordinated Notes) or the treatment of the Subordinated Notes, as or as would be reflected in any tax return or form filed, to be filed, or otherwise could have been filed, will not be respected by a taxing authority.

6.02B This Condition 6.02B applies to Subordinated Notes only. The Issuer may not exercise such option in respect of any Note which is the subject of the prior exercise by the Holder thereof of its option to require the redemption of such Note under Condition 6.06.

- in the case of a partial redemption of Definitive Notes, the Notes to be redeemed shall be drawn by lot in such European city as the Issuing and Paying Agent may specify, or identified in such other manner or in such other place as the Issuing and Paying Agent may approve and deem appropriate and fair;
- in the case of a Global Note, the Notes to be redeemed shall be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system (to be reflected in the records of Euroclear and Clearstream, Luxembourg or such other relevant clearing system as either a pool factor or a reduction in principal amount, at their discretion); and
- in the case of Registered Notes and Swedish Notes, the Notes shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, provided always that the amount redeemed in respect of each Note shall be equal to the minimum Specified Denomination thereof or an integral multiple thereof,

subject always to compliance with all applicable laws and the requirements of any stock exchange on which the relevant Notes may be listed.

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Conditions 2.04 to 2.08, which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

Put Option

6.06 This Condition 6.06 is not applicable to Bail-inable Notes or Subordinated Notes.

If Put Option is specified in the applicable Final Terms as being applicable, upon the Holder of any Note of this Series giving the required notice to the Issuer specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon expiry of such notice, redeem such Note subject to and in accordance with the terms specified in the applicable Final Terms in whole (but not, in the case of a Definitive Note, in part only) on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in accordance with the provisions of, the applicable Final Terms, together with accrued interest (if any) thereon. In order to exercise such option, the Holder must, on any Business Day falling within the specified notice period, where a Note in definitive form is held outside of Euroclear or Clearstream, deposit the relevant Note (together, in the case of a Definitive Note that is not a Zero Coupon Note, with all unmatured Coupons appertaining thereto other than any Coupon maturing on or before the Optional Redemption Date (failing which the provisions of Condition 10.06 apply)) during normal business hours at the specified office of, in the case of a Bearer Note, any Paying Agent or, in the case of a Registered Note, the Registrar together with a duly completed early redemption notice ("**Put Notice**") in the form which is available from the specified office of any Paying Agent or, as the case may be, the Registrar specifying, in the case of a Registered Note, the aggregate principal amount in respect of which such option is exercised (which must be a Specified Denomination specified in the applicable Final Terms). In the case of a Global Note or Note in definitive form held through Euroclear or Clearstream, to exercise the right to require the redemption of the Note, the Holder of the Note must, within the notice period, give a Put Notice to the Issuing and Paying Agent, in the case of Bearer Notes, or the Registrar, in the case of Registered Notes, of such exercise in accordance with the standard procedures of Euroclear and Clearstream (which may include notice being given on such Holder's instruction by Euroclear or Clearstream or any common depository or common safekeeper, as the case may be, to the Issuing and Paying Agent or the Registrar, as applicable, by electronic means) in a form acceptable to Euroclear and Clearstream from time to time including the aggregate principal amount in respect of which such

option is exercised (which must be a Specified Denomination or an integral multiple thereof). Notwithstanding the foregoing, Notes represented by a Global Note shall be deemed to be deposited with a Paying Agent or the Registrar, as the case may be, for purposes of this Condition 6.06 at the time a Put Notice has been received by the Paying Agent or Registrar, as the case may be, in respect of such Notes. No Note so deposited and option exercised may be withdrawn (except as provided in the Issue and Paying Agency Agreement).

In the case of the redemption of part only of a Registered Note, a new Registered Note in respect of the unredeemed balance shall be issued in accordance with Conditions 2.04 to 2.08 which shall apply as in the case of a transfer of Registered Notes as if such new Registered Note were in respect of the untransferred balance.

The Holder of a Note may not exercise such Put Option in respect of any Note which is the subject of an exercise by the Issuer of its option to redeem such Note under either Condition 6.02 or 6.03.

Redemption Irrevocable

6.06A A notice of redemption under this Condition 6 shall be irrevocable, except that (a) in the case of Bail-inable Notes an order under subsection 39.13(1) of the CDIC Act, or in the case of Subordinated Notes, the occurrence of a Non-Viability Trigger Event, prior to the date fixed for redemption shall automatically rescind such notice of redemption and, in such circumstances, no Bail-inable Notes or Subordinated Notes shall be redeemed and no payment in respect of the Bail-inable Notes or Subordinated Notes shall be due and payable.

Purchase of Notes

6.07 The Issuer or any of its subsidiaries may at any time purchase Notes in the open market or otherwise and at any price provided that all unmatured Coupons appertaining thereto are purchased therewith. If purchases are made by tender, tenders must be available to all Holders of the relevant Notes alike, provided that in respect of Bail-inable Notes where the purchase would lead to a breach of the Issuer's TLAC requirements or, in the case of Subordinated Notes, such purchase will be subject to the prior approval of the Superintendent.

Cancellation of Redeemed and Purchased Notes

6.08 All unmatured Notes and Coupons redeemed in accordance with this Condition 6 will be cancelled forthwith and may not be reissued or resold. All unmatured Notes and Coupons purchased in accordance with Condition 6.07 may be cancelled or may be reissued or resold.

6.09 Unless otherwise specified in the applicable Final Terms, the Redemption Amount payable in respect of any Zero Coupon Note shall be the Amortised Face Amount of such Note. The "**Amortised Face Amount**" shall be an amount equal to the sum of:

- (i) the Reference Price specified in the applicable Final Terms; and
- (ii) (a) if Compounding Accrual is specified in the applicable Final Terms, the product of the Accrual Yield (compounded annually) being applied to the Reference Price or (b) if Linear Accrual is specified in the applicable Final Terms, the product of the Accrual Yield (without any compounding) being applied to the Reference Price

where:

"**Accrual Yield**" means the rate specified as such in the applicable Final Terms; and

“Reference Price” means the amount specified as such in the applicable Final Terms, which is the product of the Issue Price and the Calculation Amount,

from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable.

Where such calculation is to be made for a period which is not a full year, the calculation in respect of the period of less than a full year shall be made on the basis of the Day Count Fraction (as defined in Condition 5.08) specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator 360), (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360), (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365) or (iv) Actual/Actual (ICMA) (in which case the Accrual Period will commence on (and include) the Issue Date of the first Tranche of Notes and end on (but exclude) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable).

6.10 If any Redemption Amount (other than the Final Redemption Amount) of any Zero Coupon Note is improperly withheld or refused or default is otherwise made in the payment thereof, the Amortised Face Amount shall be calculated as provided in Condition 6.09 but as if references in subparagraph (ii) to the date fixed for redemption or the date upon which such Zero Coupon Note becomes due and repayable were replaced by references to the date (the **“Reference Date”**) which is the earlier of:

- (i) the date on which, upon due presentation or surrender of the relevant Note (if required), all amounts due have been paid; and
- (ii) the seventh day after the date on which, the Issuing and Paying Agent or, as the case may be, the Registrar having received the funds required to make such payment, notice is given to the Holders of the Notes in accordance with Condition 15 of that circumstance (except to the extent that there is a failure in the subsequent payment thereof to the relevant Holder). The calculation of the Amortised Face Amount in accordance with this sub-paragraph will continue to be made, after as well as before judgement, unless the Reference Date falls on or after the Maturity Date, in which case the amount due and repayable shall be the scheduled Final Redemption Amount of the Note on the Maturity Date together with interest which may accrue in accordance with Condition 5.04.

7. Events of Default

7.01 The following events or circumstances (each an **“Event of Default”**) shall be acceleration events in relation to the Notes of any Series, namely:

- (i) in relation to Senior Notes:
 - (a) default is made for more than 30 Business Days (as defined in Condition 5.08) in the payment on the due date of interest or principal in respect of any such Senior Notes;or

- (b) the Bank shall become insolvent or bankrupt or subject to the provisions of the *Winding-up and Restructuring Act* (Canada) (“WURA”), or any statute hereafter enacted in substitution therefor, as such Act, or substituted Act, may be amended from time to time, or if the Bank goes into liquidation, either voluntary or under an order of a court of competent jurisdiction, passes a resolution for the winding-up, liquidation or dissolution of the Bank, or is ordered wound-up or otherwise acknowledges its insolvency.

Holders may only exercise, or direct the exercise of, rights under this Condition 7.01(i)(a) and (b) in respect of Bail-inable Notes where an order has not been made pursuant to subsection 39.13(1) of the CDIC Act in respect of the Bank. Notwithstanding the exercise of any rights by Holders under this Condition 7.01 in respect of Bail-inable Notes, Bail-inable Notes will continue to be subject to conversion in whole or in part – by means of a transaction or series of transactions and in one or more steps – into common shares under subsection 39.2(2.3) of the CDIC Act until repaid in full. Neither a conversion of Bail-inable Notes into common shares under subsection 39.2(2.3) of the CDIC Act nor an NVCC Automatic Conversion upon the occurrence of a Non-Viability Trigger Event will be an Event of Default in relation to the Senior Notes. By its acquisition of the Bail-inable Notes, each Holder (including each holder of a beneficial interest in any Bail-inable Note), to the extent permitted by law, waives any and all claims, in law and/or in equity, against the Issuing and Paying Agent (in each case solely in its capacity as Agent), for, agrees not to initiate a suit against the Issuing and Paying Agent in respect of, and agrees that the Issuing and Paying Agent shall not be liable for, any action that the Issuing and Paying Agent takes, or abstains from taking, in either case in accordance with a Bail-in Conversion.

- (ii) in relation to Subordinated Notes, any one of the following events (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or to be effected by operation of law or pursuant to any judgement, decree or order of any court or any order, rule or regulation of any administrative or governmental body):
 - (a) the Issuer becomes insolvent or bankrupt or subject to the provisions of the WURA or any statute hereafter enacted in substitution therefor, as such Act or substituted Act, may be amended from time to time;
 - (b) the Issuer goes into liquidation either voluntary or under an order of a court of competent jurisdiction, passes a resolution for the winding-up, liquidation or dissolution of the Bank, or is ordered wound-up; or
 - (c) the Issuer otherwise acknowledges its insolvency.

Neither an NVCC Automatic Conversion upon the occurrence of a Non-Viability Trigger Event pursuant to Condition 8 nor a Bail-in Conversion shall constitute an Event of Default. Following an NVCC Automatic Conversion no Holder of Notes shall have any rights against the Issuer with respect to repayment of the principal or, or interest on, the Subordinated Notes.

7.02 If any Event of Default shall occur in relation to any Series of Notes, any Holder of a Note of the relevant Series may, by written notice to the Issuer, at the specified office of the Paying Agents, declare that such Note and (unless the Note is a Zero Coupon Note) all interest then accrued on such Note shall be forthwith due and payable, whereupon the same shall become immediately due and payable at its Outstanding Principal Amount or, if such Note is a Zero Coupon Note, its Amortised Face Amount (as defined in Condition 6.09) or such other Early Redemption Amount as may be specified in the applicable Final Terms, together with

all interest (if any) accrued thereon without presentment, demand, protest or other notice of any kind, all of which the Issuer will expressly waive, anything contained in such Notes to the contrary notwithstanding, unless, prior thereto, all Events of Default in respect of the Notes of the relevant Series shall have been cured.

8. Automatic Conversion of Subordinated Notes on Non-Viability Trigger Event

Condition 8 applies to Subordinated Notes only.

8.01 Non-Viability Trigger Event

A “**Non-Viability Trigger Event**” has the meaning set out in the OSFI Guideline for Capital Adequacy Requirements (CAR), Chapter 2 – Definition of Capital, effective April 2018, as such term may be amended or superseded by OSFI from time to time, which term currently provides that each of the following constitutes a Non-Viability Trigger Event:

- (i) the Superintendent publicly announces that the Issuer has been advised, in writing, that the Superintendent is of the opinion that the Issuer has ceased, or is about to cease, to be viable and that, after the conversion of all contingent instruments and taking into account any other factors or circumstances that are considered relevant or appropriate, it is reasonably likely that the viability of the Issuer will be restored or maintained; or
- (ii) a federal or provincial government in Canada publicly announces that the Issuer has accepted or agreed to accept a capital injection, or equivalent support, from the federal government or any provincial government or political subdivision or agent or agency thereof without which the Issuer would have been determined by the Superintendent to be non-viable.

The date on which a Non-Viability Trigger Event occurs is a “**Conversion Date**”.

8.02 General Provisions relating to an NVCC Automatic Conversion

(a) In Converting, the Issuer may make any decisions with respect to the identity of the Holders at that time as may be necessary or desirable to ensure NVCC Automatic Conversion occurs in an orderly manner, including disregarding any transfer of Notes that have not been settled or registered at that time.

(b) If a Subordinated Note is Converted, the Holder must immediately present and surrender the Subordinated Note (together, in the case of a Definitive Note, with such Receipts, Coupons and Talons as are attached thereto) to the specified office of, in the case of a Definitive Note, any Paying Agent or, in the case of Notes that are a Registered Note, the Registrar and the Paying Agent or Registrar (as the case may be) shall cancel or arrange for the cancellation of such Subordinated Note, but no failure or delay in such presentation and surrender and cancellation shall prevent, impede or delay the NVCC Automatic Conversion of Subordinated Notes required by Condition 8.03.

The tax consequences of holding Common Shares following an NVCC Automatic Conversion will likely be different for most categories of holders from the tax consequences for them of holding Subordinated Notes. Each prospective investor should consult their own tax advisor regarding the tax consequences of a conversion of the Subordinated Notes into Common Shares.

8.03 Automatic Conversion of Subordinated Notes

Notwithstanding any other provisions in these Conditions, upon the occurrence of a Non-Viability Trigger Event, the Subordinated Notes will convert automatically and immediately (the expressions “**NVCC Automatic Conversion**” and “**Convert**”, “**Converted**” and “**Converting**” when used herein have corresponding

meanings), on a full and permanent basis, into fully paid common shares of the Issuer (“**Common Shares**”) (in a number determined under 1.1(a) of the Schedule to these Conditions). The NVCC Automatic Conversion will occur in accordance with the terms set out in the Schedule to these Conditions.

An NVCC Automatic Conversion is deemed to be effected immediately following the occurrence of a Non-Viability Trigger Event and the rights of the holder of such Subordinated Notes as the holder thereof shall cease at such time and the person or persons entitled to receive Common Shares upon an NVCC Automatic Conversion shall be treated for all purposes as having become the holder or holders of record of such Common Shares at such time.

8.04 Trigger Event Notice

As promptly as practicable after the occurrence of a Non-Viability Trigger Event, the Issuer shall give notice of the Non-Viability Trigger Event (a “**Trigger Event Notice**”) to the Holders in accordance with Condition 15 and the Issuing and Paying Agent and the notice must state the Conversion Date.

From and after the NVCC Automatic Conversion, the Subordinated Notes shall cease to be outstanding, the Holders thereof shall cease to be entitled to interest thereon and any Notes in definitive form or Global Notes shall represent only the right to receive upon surrender thereof certificates representing the applicable number of Common Shares determined in accordance with Condition 8.03.

An NVCC Automatic Conversion shall be mandatory and binding upon both the Issuer and all Holders of the Subordinated Notes notwithstanding anything else including, without limitation:

- (a) any prior action to or in furtherance of a redemption of the Subordinated Notes pursuant to Condition 6; and
- (b) any delay or implementation of the issuance or delivery of the Common Shares to the Holders of the Subordinated Notes.

8.05 Right Not to Deliver Common Shares

Upon an NVCC Automatic Conversion, the Issuer reserves the right not to deliver some or all, as applicable, of the Common Shares issuable thereupon to any Ineligible Person or any person who, by virtue of the operation of the NVCC Automatic Conversion, would become a Significant Shareholder through the acquisition of Common Shares. In such circumstances, the Issuer will hold, as agent for such persons, the Common Shares that would have otherwise been delivered to such persons and will attempt to facilitate the sale of such Common Shares to parties other than the Issuer and its Affiliates on behalf of such persons through a registered dealer to be retained by the Issuer on behalf of such persons. Those sales (if any) may be made at any time and at any price. The Issuer will not be subject to any liability for failure to sell such Common Shares on behalf of such persons or at any particular price on any particular day. The net proceeds received by the Issuer from the sale of any such Common Shares will be divided among the applicable persons in proportion to the number of Common Shares that would otherwise have been delivered to them upon the NVCC Automatic Conversion after deducting the costs of sale and any applicable withholding taxes.

8.06 Definitions

For the purposes of these Conditions:

- (i) “**Ineligible Person**” means (i) any persons whose address is in, or whom the Issuer or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada to the extent that the issuance by the Issuer or delivery by its transfer agent to a person pursuant to an NVCC

Automatic Conversion, of Common Shares would require the Issuer to take any action to comply with securities, banking or analogous laws of that jurisdiction, and (ii) any person to the extent that the issuance by the issuer or delivery by its transfer agent to that person, pursuant to an NVCC Automatic Conversion, of Common Shares would cause the Issuer to be in violation of any law to which the Issuer is subject; and

- (ii) “**Significant Shareholder**” means any person who beneficially owns directly, or indirectly through entities controlled by such person or persons associated with or acting jointly or in concert with such person, a percentage of the total number of outstanding shares of a class of the Issuer that is in excess of that permitted by the *Bank Act* (Canada).

9. Taxation

9.01 All amounts payable (whether in respect of principal, interest or otherwise) in respect of the Notes or Coupons by or on behalf of the Issuer will be paid free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Canada, any province or territory or political subdivision thereof or any authority or agency therein or thereof having power to tax and, in the case of Notes issued by a branch of the Issuer located outside Canada, the country in which such branch is located or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law or the interpretation or administration thereof. In that event, the Issuer will pay such additional amounts as may be necessary in order that the net amounts received by the holder after such withholding or deduction shall equal the respective amounts of principal, interest or other amounts which would have been received in respect of the Notes or Coupons (as the case may be), in the absence of such withholding or deduction; except that no additional amounts shall be payable with respect to any payment in respect of any Note or Coupon:

- (i) to, or to a third party on behalf of, a holder who is liable for such taxes, duties, assessments or governmental charges in respect of such Note, or Coupon by reason of his having some connection with Canada or the country in which such branch is located otherwise than the mere holding of such Note or Coupon; or
- (ii) to, or to a third party on behalf of, a holder in respect of whom such tax, duty, assessment or governmental charge is required to be withheld or deducted by reason of the holder being a person with whom the Issuer is not dealing at arm’s length (within the meaning of the *Income Tax Act* (Canada)); or
- (iii) to, or to a third party on behalf of, a holder who is, or who does not deal at arm’s length with a person who is, a “specified shareholder” (as defined in subsection 18(5) of the *Income Tax Act* (Canada)) of the Issuer; or
- (iv) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such additional amount on presenting the same for payment on the thirtieth such day assuming that day to have been a Payment Date (as defined in Condition 10.14);
- (v) for or on account of any withholding tax or deduction imposed or collected pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the “**Code**”), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in

connection with the implementation of such Sections of the Code, whether currently in effect or as published and amended from time to time (the “**FATCA Withholding Tax Rules**”); or

(vi) where any combination of items (i) to (v) applies.

9.02 For the purposes of these Conditions:

“**Relevant Date**” means, in respect of any Note or Coupon, the date on which payment thereof first becomes due and payable, or, if the full amount of the moneys payable has not been received by the Issuing and Paying Agent, or as the case may be, the Registrar on or prior to such due date, the date on which, the full amount of such moneys shall have been so received and notice to that effect shall have been duly given to the Holders in accordance with Condition 15.

9.03 If the Issuer becomes subject generally at any time to any taxing jurisdiction other than or in addition to Canada or the country in which the relevant Branch of Account is located, references in Condition 6.02, Condition 9.01 and Condition 20.03 to Canada or the jurisdiction in which the relevant branch is located shall be read and construed as references to Canada or the country in which such branch is located and/or to such other jurisdiction(s).

9.04 Unless the context otherwise requires, any reference in these Conditions to any payment due in respect of the Notes or Coupons shall be deemed to include any additional amounts which may be payable under this Condition 9. Unless the context otherwise requires, any reference in these Conditions to “**principal**” shall include any premium payable in respect of a Note, Redemption Amount and any other amounts in the nature of principal payable pursuant to these Conditions and “**interest**” shall include all amounts payable pursuant to Condition 5 and any other amounts in the nature of interest payable pursuant to these Conditions.

10. Payments

Payments – Bearer Notes

10.01 Conditions 10.01 to 10.07 are applicable in relation to Notes in bearer form.

10.02 Payment of amounts (other than interest) due in respect of Bearer Notes will be made against presentation and (save in the case of partial payment) surrender of the relevant Bearer Notes at the specified office of any of the Paying Agents.

Payment of Instalment Amounts in respect of an Instalment Note which is a Definitive Note with Receipts will be made against presentation of the Note together with the relevant Receipt and surrender of such Receipt.

10.03 Payment of amounts in respect of interest on Bearer Notes will be made:

- (i) in the case of a Temporary Global Note or Permanent Global Note, against presentation of the relevant Temporary Global Note or Permanent Global Note at the specified office of any of the Paying Agents outside (unless Condition 10.04 applies) the United States and, in the case of a Temporary Global Note, upon due certification as required therein;
- (ii) in the case of Definitive Notes without Coupons attached thereto at the time of their initial delivery, against presentation of the relevant Definitive Notes at the specified office of any of the Paying Agents outside (unless Condition 10.04 applies) the United States; and
- (iii) in the case of Definitive Notes delivered with Coupons attached thereto at the time of their initial delivery, against surrender of the relevant Coupons or, in the case of interest due

otherwise than on an Interest Payment Date, against presentation of the relevant Definitive Notes, in either case at the specified office of any of the Paying Agents outside (unless Condition 10.04 applies) the United States.

10.04 Notwithstanding the foregoing (and in relation to payments in U.S. dollars only), payments of amounts due in respect of interest on the Bearer Notes and exchanges of Talons for Coupon sheets in accordance with Condition 10.07 will not be made at the specified office of any Paying Agent in the United States (as defined in the United States Internal Revenue Code of 1986 and Regulations promulgated thereunder) unless (i) payment in full of amounts due in respect of interest on such Notes when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (ii) such payment or exchange is permitted by applicable United States law. If clauses (i) and (ii) of the previous sentence apply, the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

10.05 If the due date for payment of any amount due in respect of any Bearer Note is not a Payment Date (as defined in Condition 10.14), then the Holder thereof will not be entitled to payment thereof until the next day which is a Payment Date and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 5.04 or, if appropriate, Condition 5.10.

10.06 Each Definitive Note initially delivered with Coupons or Talons attached thereto should be presented and, save in the case of partial payment of the Redemption Amount, surrendered for final redemption together with all unmatured Coupons and Talons relating thereto, failing which:

- (i) if the Final Terms specify that this paragraph (i) of Condition 10.06 is applicable (and, in the absence of specification, this paragraph (i) shall apply to Definitive Notes which bear interest at a fixed rate or in fixed amounts), the amount of any missing unmatured Coupons (or, in the case of a payment not being made in full, that portion of the amount of such missing Coupon which the Redemption Amount paid bears to the Redemption Amount due) relating to Definitive Notes that are Fixed Rate Notes or bear interest in fixed amounts will be deducted from the amount otherwise payable on such final redemption, the amount so deducted being payable against surrender of the relevant Coupon at the specified office of any of the Paying Agents at any time within two years of the Relevant Date applicable to payment of such Redemption Amount (whether or not the Issuer's obligation to make payment in respect of such Coupon would otherwise have ceased under Condition 11);
- (ii) if the Final Terms specify that this paragraph (ii) of Condition 10.06 is applicable (and, in the absence of specification, this paragraph (ii) shall apply to Notes which bear interest at a floating rate or rates in variable amounts), all unmatured Coupons relating to such Definitive Notes that are Floating Rate Notes or that bear interest in variable amounts (whether or not such Coupons are surrendered therewith) shall become void and no payment shall be made thereafter in respect of them; and
- (iii) in the case of Definitive Notes initially delivered with Talons attached thereto, all unmatured Talons (whether or not surrendered therewith) shall become void and no exchange for Coupons shall be made thereafter in respect of them.

The provisions of paragraph (i) of this Condition 10.06 notwithstanding, if any Definitive Notes should be issued with a Maturity Date and Rate or Rates of Interest such that, on the presentation for payment of any such Definitive Note without any unmatured Coupons attached thereto or surrendered therewith, the amount

required by paragraph (i) to be deducted would be greater than the Redemption Amount otherwise due for payment, then, upon the due date for redemption of any such Definitive Note, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of the provisions of paragraph (i) in respect of such Coupons as have not so become void, the amount required by paragraph (i) to be deducted would not be greater than the Redemption Amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Note to become void, the relevant Paying Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

10.07 In relation to Definitive Notes initially delivered with Talons attached thereto, on or after the Interest Payment Date of the final Coupon comprised in any Coupon sheet, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside (unless Condition 10.04 applies) the United States in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 11 below. Each Talon shall, for the purpose of these Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relevant Coupon sheet matures.

Payments – Registered Notes

10.08 Conditions 10.08 to 10.11 are applicable in relation to Registered Notes.

10.09 Payment of the Final Redemption Amount (together with accrued interest) due in respect of Registered Notes will be made against presentation and, save in the case of partial payment of the Final Redemption Amount, surrender of the relevant Registered Notes at the specified office of the Registrar. If the due date for payment of the Final Redemption Amount of any Registered Note is not a Payment Date (as defined in Condition 10.14), then the Holder thereof will not be entitled to payment thereof until the next day which is a Payment Date, and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 5.04 or, as appropriate, Condition 5.10.

10.10 Payment of amounts (whether principal, interest or otherwise) due (other than the Final Redemption Amount and accrued interest in respect thereof) in respect of Registered Notes will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the register kept by the Registrar (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date and (ii) where in definitive form, as at opening of business (local time in the place of the specified office of the Registrar) on the fifteenth Relevant Banking Day (as defined in Condition 2.07) before the due date for such payment (the “**Record Date**”).

10.11 Notwithstanding the provisions of Condition 10.13, payment of amounts (whether principal, interest or otherwise) due (other than the Final Redemption Amount and accrued interest in respect thereof) in respect of Registered Notes will be made by transfer on the due date to the Designated Account of the Holder thereof (or, in the case of Joint Holders, the first-named). If the due date for any such payment is not a Payment Date, then the Holder thereof will not be entitled to payment thereof until the first day thereafter which is a Payment Date and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant Designated Account is located and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 5.03(iv) or, as appropriate, Condition 5.10. For these purposes, “**Designated Account**” means the account (which, in the case of a payment in Japanese yen to a non resident of Japan, shall be a non resident

account) maintained by a holder with a Designated Bank and identified as such in the Register and “**Designated Bank**” means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments – Swedish Notes

10.11a Payments in respect of Swedish Notes will be made on the due date for payments to the persons registered as Holders in the Swedish Notes Register on the fifth (5) Banking Day (or in accordance with the rules and procedures applied by Euroclear Sweden from time to time), prior to the due date for such payment. If the date for payment of any amount in respect of Swedish Notes is not a Payment Date, the holder thereof shall not be entitled to payment until the next following Payment Date and shall not be entitled to interest or other payment in respect of such delay.

Payments – General Provisions

10.12 Save as otherwise specified in these Conditions, Conditions 10.13 to 10.16 are applicable in relation to Bearer Notes, Registered Notes and Swedish Notes.

10.13 Payments of amounts due (whether principal, interest or otherwise) in respect of Notes (other than Swedish Notes) will be made in the currency in which such amount is due by transfer to an account denominated in the relevant currency (or in the case of euro, an account to which euro may be credited or transferred) specified by the payee, other than payments in Renminbi. In the case of Bearer Notes, if payments are made by transfer, such payments will only be made by transfer to an account maintained by the payee outside of the United States. In no event will payment of amounts due in respect of Bearer Notes be made by a cheque mailed to an address in the United States.

Payments of amounts due (whether principal, interest or otherwise) in respect of Swedish Notes will be made in accordance with Condition 10.11a in the currency in which such amount is due by transfer to an account denominated in the relevant currency (or in the case of euro, an account to which euro may be credited or transferred) specified by the payee.

Payments of amounts in Renminbi will be made by credit or transfer to a Renminbi account maintained by or on behalf of the payee with a bank in any Relevant Renminbi Settlement Centre as specified in the applicable Final Terms in accordance with applicable laws, rules, regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to settlement in Renminbi in the relevant Relevant Renminbi Settlement Centre).

Payments will, without prejudice to the provisions of Condition 9, be subject in all cases to (i) any applicable fiscal or other laws and regulations and (ii) any withholding or deduction required, including pursuant to the FATCA Withholding Tax Rules.

10.14 For the purposes of these Conditions (other than with respect to payments to be made on Swedish Notes) “**Payment Date**” means:

- (i) a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in (A) in the case of Notes in definitive form only, the place of presentation of the relevant Note or, as the case may be, Coupon and (B) each Financial Centre (other than TARGET2) specified in the applicable Final Terms;

- (ii) if TARGET2 is specified in the applicable Final Terms, a day which is a TARGET2 Business Day; and
- (ii) either (A) in the case of any currency other than euro or Renminbi, a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) and foreign exchange markets settle payments in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation and any Financial Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively); (B) in the case of payment in euro, a day which is a TARGET2 Business Day; or (C) in the case of a payment in Renminbi, a day (other than a Saturday or Sunday) on which bank and foreign exchange markets are open for business for settlement in Renminbi payments in each Relevant Renmimbi Settlement Centre.

10.14a In relation to payments to be made on Swedish Notes, for the purposes of these Conditions, “**Payment Date**” means any day (other than a Saturday or a Sunday) on which commercial banks are generally open for business (including dealings in foreign exchange and foreign currency deposits) in Stockholm.

10.15 No commissions or expenses shall be charged to the Holders of Notes or Coupons in respect of such payments.

10.16 If Alternative Currency Payment is specified as applicable in the Final Terms and the Issuer is due to make a payment in a currency (the “**original currency**”) other than Renminbi in respect of any Note or Coupon and the original currency is not available on the foreign exchange markets due to the imposition of exchange controls, the original currency’s replacement or disuse or other circumstances beyond the Issuer’s control, the Issuer will be entitled to satisfy its obligations in respect of such payment by making payment in the Alternative Currency on the basis of the spot exchange rate (the “**Alternative Currency FX Rate**”) at which the original currency is offered in exchange for the Alternative Currency in the London foreign exchange market (or, at the option of the Calculation Agent, in the foreign exchange market of any other financial centre which is then open for business) at noon, London time, two London Banking Days prior to the date on which payment is due or, if the Alternative Currency FX Rate is not available on that date, on the basis of a substitute exchange rate determined by the Calculation Agent acting in its absolute discretion from such source(s) and at such time as it may select. For the avoidance of doubt, the Alternative Currency FX Rate or substitute exchange rate as aforesaid may be such that the resulting Alternative Currency amount is zero and in such event no amount of the Alternative Currency or the original currency will be payable. Any payment made in the Alternative Currency or non-payment in accordance with this paragraph will not constitute an Event of Default under Condition 7.

For the purpose of this Condition 10.16, “**Calculation Agent**” means the relevant Issuing and Paying Agent or such other entity specified in the applicable Final Terms as the person responsible for the calculation of the Rate(s) of Interest and the Interest Amount(s) or such other amounts as may be specified in the applicable Final Terms.

10.17 Notwithstanding any other provision in these Conditions, if Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, acting in good faith and in a commercially reasonable manner, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30 days irrevocable notice to the Holders prior to the due date for payment, may settle any such payment (in

whole or in part) in U.S. dollars on the due date at the U.S. dollars Equivalent of any such Renminbi denominated amount.

In such event, payments of the U.S. dollars Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollars account of the Relevant Account Holders for the benefit of the Holders. For the avoidance of doubt, no such payment of the U.S. dollars Equivalent shall by itself constitute a default in payment within the meaning of Condition 7.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 10.17 by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Paying Agent and all Holders and (in the absence of manifest error) no liability to the Issuer, the Paying Agent and all Holders shall attach to the RMB Rate Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

For the purposes of these Conditions:

“Governmental Authority” means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of each Relevant Renminbi Settlement Centre.

“Hong Kong” means the Hong Kong Special Administrative Region of the People's Republic of China.

“Illiquidity” means that the general Renminbi exchange market in each Relevant Renminbi Settlement Centre becomes illiquid, other than as a result of an event of Inconvertibility or Non-Transferability, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two Renminbi Dealers.

“Inconvertibility” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general Renminbi exchange market in each Relevant Renminbi Settlement Centre, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“Non-Transferability” means the occurrence in each Relevant Renminbi Settlement Centre of any event that makes it impossible for the Issuer to transfer Renminbi (A) between accounts inside a Relevant Renminbi Settlement Centre, (B) from an account inside a Relevant Renminbi Settlement Centre to an account outside such Relevant Renminbi Settlement Centre, or (C) from an account outside a Relevant Renminbi Settlement Centre to an account inside such Relevant Renminbi Settlement Centre; in each case other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“Relevant Renminbi Settlement Centre” means each of the jurisdiction(s) specified as such in the applicable Final Terms or if no Relevant Renminbi Settlement Centre is specified in the relevant Final Terms, the Relevant Renminbi Settlement Centre shall mean Hong Kong only.

“Renminbi Dealer” means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in any Relevant Renminbi Settlement Centre reasonably selected by the Issuer.

“RMB Rate Calculation Agent” means the agent appointed from time to time by the Issuer for the determination of the RMB Spot Rate or identified as such in the relevant Final Terms.

“RMB Rate Calculation Business Day” means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in each Relevant Renminbi Settlement Centre and in New York City.

“RMB Rate Calculation Date” means the day which is two RMB Rate Calculation Business Days before the due date for payment of the relevant Renminbi amount under the Conditions.

“RMB Spot Rate” for a RMB Rate Calculation Date means the spot CNY/U.S. dollars exchange rate for the purchase of U.S. dollars with RMB in the over-the-counter RMB exchange market in the Relevant Renminbi Settlement Centre in which the RMB Rate Calculation Agent is located for settlement on the relevant due date for payment, as determined by the RMB Rate Calculation Agent at or around 11.00 a.m. (local time of the Relevant Renminbi Settlement Centre) on such RMB Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3 or if no such rate is available on a non deliverable basis by reference to Reuters Screen Rate TRADNDF. If neither rate is available, the RMB Rate Calculation Agent will determine the RMB Spot Rate at or around 11.00 a.m. (local time of the Relevant Renminbi Settlement Centre) on the RMB Rate Calculation Date as the most recently available CNY/U.S. dollar official fixing rate for settlement on the relevant due date for payment reported by the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

“U.S. dollars Equivalent” means the Relevant Renminbi amount converted into U.S. dollars using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

11. Prescription

11.01 Subject to applicable law, the Issuer’s obligation to pay an amount of principal and interest in respect of Notes will cease if the Notes or Coupons, as the case may be, are not presented within two years after the Relevant Date (as defined in Condition 9.02) for payment thereof, or such other length of time as is specified in the applicable Final Terms.

11.02 In relation to Definitive Notes initially delivered with Talons attached thereto, there shall not be included in any Coupon sheet issued upon exchange of a Talon any Coupon which would be void pursuant to Condition 10.06 or this Condition 11 or the maturity date or due date for the payment of which would fall after the due date for the redemption of the relevant Note, or any Talon the maturity date of which would fall after the due date for the redemption of the relevant Note.

11.03 In relation to Swedish Notes, the Issuer’s obligation to pay an amount of principal or interest in respect of such Notes will cease if a claim for payment of such principal is not made within ten years after the Relevant Date.

For the purposes of this Condition 11.03, **“Relevant Date”** means the date on which such payment first becomes due, or such later date on which an interruption of the period of limitation (Sw. *preskriptionsavbrott*) is made in accordance with the Swedish Limitations Act 1981 (Sw. *preskriptionslagen (1981: 130)*).

12. The Paying Agents, the Registrar and the Calculation Agent

12.01 The initial Issuing and Paying Agent and the Registrar and their respective initial specified offices are specified below. The Calculation Agent in respect of any Notes and any additional or other Paying Agents shall be specified in Part A or Part B of the applicable Final Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent (including the Issuing and Paying Agent) or the Registrar or the Calculation Agent and to appoint additional or other Paying Agents or another Registrar or another Calculation Agent provided that it will at all times maintain (i) an Issuing and Paying Agent, (ii) in the case of Registered Notes, a Registrar, (iii) following the issue of Definitive Notes, and while any such Definitive Notes are outstanding, a Paying Agent (which may be the Issuing and Paying Agent) with a specified office in a continental European city, (iv) so long as the Notes are admitted to the Official List and to trading on the London Stock Exchange and/or admitted to listing or trading on any other stock exchange or relevant authority and the rules of such exchange or relevant authority so require, a Paying Agent (which may be the Issuing and Paying Agent) and a Registrar each with a specified office in London and/or in such other place as may be required by the rules of such other stock exchange or other relevant authority, (v) in the circumstances described in Condition 10.04, a Paying Agent with a specified office in New York City, and (vi) a Calculation Agent where required by the Conditions applicable to any Notes (in the case of (i), (ii), (iii) and (vi) with a specified office located in such place (if any) as may be required by the Conditions). The Paying Agents, the Registrar and the Calculation Agent reserve the right at any time to change their respective specified offices to some other specified office in the same metropolitan area. Notice of all changes in the identities or specified offices of any Paying Agent, the Registrar or the Calculation Agent will be given promptly by the Issuer to the Holders in accordance with Condition 15.

12.01a The Swedish Notes Issuing and Paying Agent and its initial specified offices are specified below. The Issuer reserves the right at any time to vary or terminate the appointment of the Swedish Notes Issuing and Paying Agent provided that the Issuer shall at all times maintain a Swedish Notes Issuing and Paying Agent authorised to act both as an account operating institution (Sw. *kontoförande institut*) and issuing agent (Sw. *emissionsinstitut*) with Euroclear Sweden. Notice of all changes in the identity or specified offices of the Swedish Notes Issuing and Paying Agent will be given promptly by the Issuer to the Holders in accordance with Condition 15.

12.02 The Paying Agents, the Registrar and the Calculation Agent act solely as agents of the Issuer and, save as provided in the Issue and Paying Agency Agreement or any other agreement entered into with respect to their respective appointments, do not assume any obligations towards or relationship of agency or trust for any Holder of any Note or Coupon and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Issue and Paying Agency Agreement or other agreement entered into with respect to its appointment or incidental thereto.

13. Replacement of Notes (other than Swedish Notes)

If any Note (other than any Swedish Note) or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issuing and Paying Agent or any Paying Agent (in the case of Bearer Notes and Coupons) or of the Registrar (in the case of Registered Notes) (the “**Replacement Agent**”), subject to all applicable laws and the requirements of any stock exchange on which the Notes are listed, upon payment by the claimant of all expenses incurred in connection with such replacement and upon such terms as to evidence, security, indemnity and otherwise as the Issuer and the Replacement Agent may require. Mutilated or defaced Notes and Coupons must be surrendered before replacements will be delivered therefor.

14. Meetings of Holders and Modification

The Issue and Paying Agency Agreement contains provisions for convening meetings of the Holders of Notes of any Series (other than Swedish Notes) to consider any matter affecting their interest, including (without limitation) the modification by Extraordinary Resolution (as defined in the Issue and Paying Agency Agreement) of these Conditions insofar as the same may apply to such Notes. An Extraordinary Resolution passed by the Holders of Notes of any Series will be binding on all Holders of the Notes of such Series, whether or not they are present at any meeting, and whether or not they voted on the resolution, and on all Holders of Coupons relating to Notes of such Series.

The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons holding or representing Holders whatever the nominal amount of the Notes so represented, unless the business of such meeting includes consideration of proposals, *inter alia*, to (i) amend the Maturity Date or other redemption date of the Notes, or any Interest Payment Date in respect of any Notes, (ii) reduce or cancel the Outstanding Principal Amount of, or any premium payable on redemption of, the Notes, (iii) reduce the Rates of Interest in respect of the Notes, Fixed Coupon Amounts or vary the manner in which the Rate(s) of Interest are to be determined, (iv) if a Minimum Rate of Interest and/or a Maximum Rate of Interest or Redemption Amount is indicated in the Final Terms, reduce any such minimum and/or maximum, (v) change any method of or basis for, calculating the Redemption Amount, including the method of or basis for, calculating the Amortised Face Amount, (vi) change the Specified Currency or Currencies of payment or Specified Denomination of the Notes, (vii) modify the provisions concerning the quorum required at any meeting of Holders of Notes or the majority required to pass an Extraordinary Resolution or (viii) modify or eliminate any of items (i) through (vii), inclusive above, in which case the necessary quorum shall be two or more persons holding or representing not less than seventy-five per cent., or at any adjourned meeting, not less than twenty-five per cent., in nominal amount of the Notes for the time being outstanding.

In addition, the Issue and Paying Agency Agreement provides that an Extraordinary Resolution may also be passed by either (i) a resolution in writing signed on behalf of the Holders of not less than seventy-five per cent. of the aggregate principal amount of Notes for the time being outstanding (whether such resolution in writing is contained in one document or several documents in the same form, each signed on behalf of one or more Holders) or (ii) consents given by way of electronic consents through the relevant clearing system(s) by or on behalf of a Holder of not less than seventy-five per cent. in principal amount of the Notes for the time being outstanding. The Issue and Paying Agency Agreement contains provisions for the purpose of determining whether a Written Resolution has been validly passed.

The Issuer may, with the consent of the Issuing and Paying Agent, but without the consent of the Holders of the Notes, make any modification to these Terms and Conditions (i) which is not materially prejudicial to the interests of the Holders of Notes, or (ii) to correct a manifest or proven error or an error that is of a formal, minor or technical nature, or to correct, cure or supplement any defective provision contained herein in respect of Notes. Subject as aforesaid, no other modification may be made to these Terms and Conditions except with the sanction of an Extraordinary Resolution adopted by the Holders.

Save as provided therein, the Issue and Paying Agency Agreement may be amended by agreement among the parties thereto and without the consent of any Holders of the Notes.

Notwithstanding anything in this Condition 14, the prior approval of the Superintendent is required to modify the terms of any Series of Bail-inable Notes or Subordinated Notes where such variation may affect the eligibility of the Notes as TLAC under the guidelines for TLAC for banks in Canada (in the case of Bail-inable

Notes) or as regulatory capital under the guidelines for capital adequacy requirements for banks in Canada (in the case of Subordinated Notes).

14a. Meetings of Holders of Swedish Notes and Modification

The Swedish Notes Issuing and Paying Agent Agreement contains provisions in Appendix 5 (Provisions for Meetings of Holders of Swedish Securities) thereto for convening meetings of the Holders of Swedish Notes of any Series to consider any matter affecting their interest, including (without limitation) the modification by Extraordinary Resolution (as defined in the Swedish Notes Issuing and Paying Agent Agreement) of these Conditions insofar as the same may apply to such Swedish Notes. Copies of Appendix 5 (Provisions for Meetings of Holders of Swedish Securities) will be available for inspection during normal business hours at the initial specified offices of the Swedish Notes Issuing and Paying Agent and the Issuer, respectively and all persons from time to time entitled to the benefit of obligations under any Swedish Notes shall be deemed to have notice of, and shall be bound by, all of the provisions of Appendix 5 insofar as they relate to the relevant Swedish Notes.

An Extraordinary Resolution whether passed at a meeting of the Holders of Swedish Notes of any Series or passed as a Written Resolution (as defined in the Swedish Notes Issuing and Paying Agent Agreement) will be binding on all Holders of the Swedish Notes of the relevant Series, whether or not they are present at any meeting, and whether or not they voted on the resolution, and on all Holders of Coupons relating to Swedish Notes of such Series.

The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Swedish Notes for the time being outstanding, or at any adjourned meeting two or more persons holding or representing Holders whatever the nominal amount of the Swedish Notes so represented, unless the business of such meeting includes consideration of proposals, *inter alia*, to (i) amend the Maturity Date or other redemption date of the Swedish Notes, any date for payment of an Instalment Amount or any Interest Payment Date in respect of any Swedish Notes, (ii) reduce or cancel the Outstanding Principal Amount or any Instalment Amount of, or any premium payable on redemption of, the Swedish Notes, (iii) reduce the Rates of Interest in respect of the Swedish Notes, Fixed Coupon Amounts or vary the manner in which the Rate(s) of Interest are to be determined, (iv) if a Minimum Rate of Interest and/or a Maximum Rate of Interest, Instalment Amount, or Redemption Amount is indicated in the Final Terms, reduce any such minimum and/or maximum, (v) change any method of or basis for, calculating the Redemption Amount, including the method of or basis for, calculating the Amortised Face Amount, (vi) subject to any applicable redenomination provisions specified in the Final Terms, change the Specified Currency or Currencies of payment or Specified Denomination of the Swedish Notes, (vii) modify the provisions concerning the quorum required at any meeting of Holders of Swedish Notes or the majority required to pass an Extraordinary Resolution or (viii) modify or eliminate any of items (i) through (vii), inclusive above, in which case the necessary quorum shall be two or more persons holding or representing not less than seventy-five per cent., or at any adjourned meeting, not less than twenty-five per cent., in nominal amount of the Swedish Notes for the time being outstanding.

In addition to Extraordinary Resolutions passed at meetings of the Holders of Swedish Notes, the Swedish Notes Issuing and Paying Agent Agreement provides that an Extraordinary Resolution may also be passed by a resolution in writing (being a Written Resolution) signed on behalf of the Holders of not less than seventy-five per cent. of the principal amount of the Swedish Notes for the timing being outstanding (whether such resolution in writing is contained in one document or several documents in the same form, each signed on behalf of one or more Holders). The Swedish Notes Issuing and Paying Agent Agreement contains provisions for the purpose of determining whether a Written Resolution has been validly passed.

If the holder of Swedish Notes held through a nominee (an “**Indirect Noteholder**”) attends the meeting (in person or through a duly authorised agent) and shows a certificate from the relevant nominee showing that such Indirect Noteholder on the fifth (5th) Business Day prior to the meeting was a holder of Swedish Notes, the Indirect Noteholder shall be regarded a Holder of Swedish Notes for the purposes of this Condition 14a.

In connection with a meeting of Holders of Swedish Notes, the Swedish Notes Issuing and Paying Agent shall have access to the Swedish Notes Register.

Save as provided therein, the Swedish Notes Issuing and Paying Agent Agreement may be amended by agreement among the parties thereto and without the consent of any Holders of the Swedish Notes.

Notwithstanding anything in this Condition 14a, the prior approval of the Superintendent is required to modify the terms of any Series of Bail-inable Notes where such variation may affect the eligibility of the Swedish Notes as TLAC under the guidelines for TLAC for banks in Canada.

15. Notices

To Holders of Bearer Notes

15.01 Notices to Holders of Bearer Notes will be deemed to be validly given if published in a leading daily newspaper having general circulation in London (which is expected to be the *Financial Times*) or, if permitted by the rules of the relevant stock exchange or other relevant authority, in the case of Notes represented by a Temporary Global Note or Permanent Global Note, if delivered to Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system for communication by them to the persons shown in their respective records as having interests therein. The Issuer shall also ensure that notices are duly published in compliance with the requirements of each stock exchange or any other relevant authority on which the Notes are listed, including publication on the website of the relevant stock exchange or relevant authority if required by those rules. Any notice so given will be deemed to have been validly given on the date of first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers) or, as the case may be, on the first weekday after the date of such delivery to Euroclear and Clearstream, Luxembourg and/or such other clearing system. Holders of Coupons will be deemed for all purposes to have notice of the contents of any notice given to Holders of Bearer Notes in accordance with this Condition.

To Holders of Registered Notes

15.02 Notices to Holders of Registered Notes will be deemed to be validly given if sent by first class mail (or equivalent) or, if posted to an overseas address, by air mail to them (or, in the case of joint Holders, to the first-named in the register kept by the Registrar) at their respective addresses as recorded in the register kept by the Registrar, or if permitted by the rules of the relevant stock exchange or other relevant authority, in the case of Registered Notes in global form, if delivered to Euroclear and Clearstream, Luxembourg and/or any other relevant clearing system for communication by them to persons shown in their respective records as having interests therein. Any notice so given will be deemed to have been validly given on the fourth weekday after the date of such mailing or, if posted from another country, on the fifth such day or, as the case may be, on the first weekday after the date of such delivery to Euroclear and Clearstream, Luxembourg and/or such other clearing system. The Issuer shall also ensure that notices are duly published in compliance with the requirements of each stock exchange or any other relevant authority on which the Notes are listed, including publication on the website of the relevant stock exchange or relevant authority if required by those rules.

To Issuer

15.03 Notices to be given by any Holder shall be in writing and given by lodging the same, together with the relevant Note or Notes, with the Paying Agents or the Registrar (as applicable). While any of the Notes are represented by a Global Note, such notice may be given by any Holder to the Issuing and Paying Agent or the Registrar (as applicable) through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Issuing and Paying Agent or the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

In relation to Swedish Notes

15.04 All notices regarding the Swedish Notes will be deemed to be validly given if sent by mail to a Holder of Swedish Notes to the address registered for such Holder in the system of Euroclear Sweden or in accordance with the legislation, rules and regulations applicable to, and/or issued by, Euroclear Sweden. Any such notice shall be deemed to have been given, if sent by mail to the Holder, on the fourth Business Day following the day the notice was sent by mail.

16. Further Issues

The Issuer may from time to time, without the consent of the Holders of any Notes or Coupons, create and issue further Notes, bonds or debentures having the same terms and conditions as such Notes in all respects (or in all respects except for the first payment of interest, if any, on them and/or the Specified Denomination thereof) so as to form a single series with the Notes of any particular Series.

17. Currency Indemnity

Subject to Condition 10.16, the currency in which the Notes are denominated or, if different, payable, as specified in the Final Terms (the “**Contractual Currency**”), is the sole currency of account and payment for all sums payable by the Issuer in respect of the Notes, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgement or order of a court of any jurisdiction or otherwise) by any Holder of a Note or Coupon in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the Contractual Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first day on which it is practicable to do so). If that amount is less than the amount in the Contractual Currency expressed to be due to any Holder of a Note or Coupon in respect of such Note or Coupon the Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the Issuer shall indemnify each such Holder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder of a Note or Coupon and shall continue in full force and effect despite any judgement, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Notes or any judgement or order. Any such loss aforesaid shall be deemed to constitute a loss suffered by the relevant Holder of a Note or Coupon and no proof or evidence of any actual loss will be required by the Issuer.

18. Waiver and Remedies

No failure to exercise, and no delay in exercising, on the part of the Holder of any Note, any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights

provided by law. No notice or demand given in any case shall constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

19. Waiver of set-off and netting rights

No Holder or beneficial owner of an interest in the Bail-inable Notes may exercise, or direct the exercise, claim or plead any right of set-off, netting, compensation or retention in respect of any amount owed to it by the Issuer arising under, or in connection with, the Bail-inable Notes, and each Holder or beneficial owner of an interest in the Bail-inable Notes shall, by virtue of its acquisition of any Bail-inable Note (or an interest therein), be deemed to have irrevocably and unconditionally waived all such rights of set-off, netting, compensation or retention. Notwithstanding the foregoing, if any amounts due and payable to any Holder or beneficial owner of an interest in the Bail-inable Notes by the Issuer in respect of, or arising under, the Bail-inable Notes are purportedly discharged by set-off, netting, compensation or retention, without limitation to any other rights and remedies of the Issuer under applicable law, such Holder or beneficial owner of an interest in the Bail-inable Notes shall be deemed to receive an amount equal to the amount of such discharge and, until such time as payment of such amount is made, shall hold such amount in trust for the Issuer and, accordingly, any such discharge shall be deemed not to have taken place and such set-off, netting, compensation or retention shall be ineffective.

20. Branch of Account

This Condition 20 applies to Senior Notes only.

20.01 For the purposes of the *Bank Act* (Canada) the branch of account of the Bank for the deposit liabilities under the *Bank Act* (Canada) evidenced by the Senior Note shall be either the main Toronto branch or London branch as specified in the applicable Final Terms (the “**Branch of Account**”). If not specified in the applicable Final Terms, the Branch of Account will be the main branch of the Issuer in Toronto. Notes, irrespective of the Branch of Account specified in the applicable Final Terms, are obligations of the Bank.

20.02 Senior Notes will be paid without the necessity of first being presented for payment at the Branch of Account.

20.03 If the Branch of Account in respect of Senior Notes is not in Canada, the Bank may change the Branch of Account for the deposit liabilities under the *Bank Act* (Canada) evidenced by the Senior Note upon not less than seven days’ prior notice to the Holder given in accordance with Condition 15 and upon and subject to the following terms and conditions:

- (i) if the Note is denominated in Yen, the Branch of Account shall not be in Japan;
- (ii) the Issuer shall indemnify and hold harmless the holders of the Senior Notes and Coupons relating thereto against any tax, duty, assessment or governmental charge which is imposed or levied upon such holder as a consequence of such change, and shall pay the reasonable costs and expenses of the Issuing and Paying Agent in connection with such change;

For the purposes of this section, an “**Excluded Holder**” means a holder of a Note of this Series or Coupon relating thereto who is subject to taxes by reason of its having some connection with the Relevant Jurisdiction other than the mere holding of a Note of this Series or Coupon as a non- resident of such Relevant Jurisdiction. “**Relevant Jurisdiction**” means Canada, its provinces or territories and the jurisdiction in which the new Branch of Account is located, and “**taxes**” means any tax, duty, assessment or other governmental charge imposed or levied in respect of the payment of the principal of the Notes of this Series or interest thereon for or on behalf of a Relevant Jurisdiction or any authority therein or thereof having power to tax; and

SCHEDULE

SUBORDINATED NOTE CONVERSION MECHANISMS

These provisions apply to Subordinated Notes only.

1.1 Definitions

For the purposes of Condition 8 and this Schedule, the following expressions have the following meanings:

“Business Day” means a day which is both (i) a day on which banks are open for general banking business in Toronto (not being a Saturday, Sunday or public holiday in that place) and (ii) a day which is a business day for purposes of the rules of the Relevant Stock Exchange.

“Common Share Reorganisation” means (i) the issuance of Common Shares or securities exchangeable for or convertible into Common Shares to all holders of Common Shares as a stock dividend, (ii) the subdivision, redivision or change of the Common Shares into a greater number of Common Shares, or (iii) the reduction, combination or consolidation of the Common Shares into a lesser number of Common Shares.

“Conversion Price” means the greater of:

- (i) the Current Market Price of a Common Share on the Conversion Date; and
- (ii) the Floor Price.

“Current Market Price” means the volume weighted average trading price of the Common Shares on the Toronto Stock Exchange (the **“TSX”**) measured in Canadian dollars, if such Common Shares are then listed on the TSX, for the VWAP Period. If the Common Shares are not then listed on the TSX, for the purpose of the foregoing calculation reference shall be made to the principal securities exchange or market on which the Common Shares are then listed or quoted or, if no such trading prices are available, **“Current Market Price”** shall be the fair value of the Common Shares as reasonably determined by the board of directors of the Bank.

“Floor Price” means CAD5.00, subject to adjustment thereafter in accordance with 1.3 and 1.4 of this Schedule.

“Multiplier” means 1.5.

“Note Value” means the nominal amount of a Subordinated Note plus accrued and unpaid interest on such Subordinated Note as of the date of the Conversion Date translated where required from the Specified Currency into Canadian dollars at the then Prevailing Exchange Rate.

“Officer’s Certificate” means a certificate signed by any one of the Issuer’s Chief Executive Officer, President, Group Heads, Chief Administrative Officer, Chief Financial Officer, Chief Risk Officer, Chief Human Resources Officer, Senior Executive Vice-Presidents, Chief Internal Auditor, Executive Vice-Presidents or Senior Vice-Presidents, or any two Vice-Presidents acting together, and delivered to the Issuing and Paying Agent.

“Prevailing Exchange Rate” means in respect of any currency, the indicative rate of exchange between the relevant currencies (in Canadian dollars per Specified Currency) reported by the Bank of Canada, on the date immediately preceding the Conversion Date (or if not available on such date, the date on which such indicative rate was last applicable prior to such date). If such exchange rate is no longer reported by the Bank of

Canada, the relevant exchange rate shall be the simple average of the closing exchange rate between the relevant currencies (in Canadian dollars per Specified Currency) quoted at approximately the Specified Time, on such date by three major banks selected by the Issuer.

“**Specified Time**” means the time specified in the applicable Final Terms.

“**VWAP Period**” means the latest period of ten consecutive Business Days on which trading in Common Shares took place immediately preceding (but not including) the Conversion Date.

1.2 Automatic Conversion

(a) If the Issuer must Convert a Subordinated Note in accordance with Condition 8.03 then the number of fully paid Common Shares into which such Subordinated Note is Converted (the “**Conversion Number**”) will be calculated in accordance with the following formula:

$$\frac{\text{Multiplier x Note Value}}{\text{Conversion Price}}$$

rounding down, if necessary, to the nearest whole number of Common Shares.

(b) Fractions of Common Shares will not be issued following an NVCC Automatic Conversion and no cash payment will be made in lieu thereof.

(c) Upon an NVCC Automatic Conversion, any accrued but unpaid interest will be added to the nominal amount of the Subordinated Notes and such accrued but unpaid interest, together with the nominal amount of the Subordinated Notes, will be deemed repaid in full by the issuance of the Common Shares upon such NVCC Automatic Conversion and the Holders shall have no further rights and the Issuer shall have no further obligations under the Subordinated Notes.

(d) Neither the Issuer nor any of its subsidiaries shall be liable for any stamp duty, stamp duty reserve duty, or any other capital, issue, transfer, registration, financial transaction or documenting tax that may arise or be paid as a consequence of the delivery of Common Shares, which tax shall be borne solely by the Holder.

1.3 Capital Reorganisation, Consolidation, Mergers, Amalgamations or Comparable Transactions

In the event of a capital reorganisation, consolidation, merger or amalgamation of the Issuer or comparable transaction affecting the Common Shares, the Issuer will take necessary action to ensure that the Holders receive, pursuant to an NVCC Automatic Conversion, the number of Common Shares or other securities that such Holder would have received if the NVCC Automatic Conversion occurred immediately prior to the record date for such event.

1.4 Adjustments

(a) In the event of a Common Share Reorganisation, the Floor Price shall be adjusted so that it will equal the price determined by multiplying the Floor Price in effect immediately prior to such effective date or record date of such event by a fraction:

- (1) the numerator of which will be the total number of Common Shares outstanding on such effective date or record date before giving effect to such Common Share Reorganisation; and
- (2) the denominator of which will be the total number of Common Shares outstanding immediately after giving effect to such Common Share Reorganisation (including, in the case where securities exchangeable for or convertible into Common Shares are distributed, the number, without

duplication, of Common Shares that would have been outstanding had all such securities been exchanged for or converted into Common Shares on such effective date or record date).

The adjustment shall be calculated to the nearest one-tenth of one cent provided that no adjustment of the Floor Price shall be required unless such adjustment would require an increase or decrease of at least 1 per cent. of the Conversion Price then in effect.

(b) In any case in which paragraphs 1.3 or 1.4 require that an adjustment will become effective immediately after a record date for an event referred to therein or herein, the Issuer may defer, until the occurrence of such event, issuing to the Holders of any Subordinated Notes upon a NVCC Automatic Conversion occurring after such record date and before the occurrence of such event, any additional Common Shares issuable upon such conversion by reason of the adjustment required by such event; provided, however, that the Issuer will deliver to such Holder evidence of such Holder's right to receive such additional Common Shares upon the occurrence of such event and the right to receive any dividends or other distributions made on such additional Common Shares declared in favor of holders of record of Common Shares on and after the date of the NVCC Automatic Conversion or such later date on which such Holder would, but for the provisions of this paragraph 1.4(b), have become the holder of record of such additional Common Shares.

(c) If the Issuer sets a record date to take any action that would require an adjustment provided for in paragraphs 1.3 or 1.4 and before the taking of such action, the Issuer abandons its plan to take such action, then no such adjustment shall be made.

(d) The Issuer will from time to time, immediately after the occurrence of any Common Share Reorganisation or other event that requires an adjustment or readjustment as provided in paragraph 1.3 or 1.4, deliver an Officers' Certificate of the Issuer to the Issuing and Paying Agent specifying the nature of the event requiring the same and the amount of the adjustment or readjustment necessitated thereby and setting forth in reasonable detail the method of calculation and the facts upon which such calculation is based. Such Officers' Certificate of the Issuer and the amount of the adjustment or readjustment specified therein will be conclusive and binding on all parties in interest. Except in respect of any Common Share Reorganisation, the Issuer will forthwith give notice to the Holders of Notes in accordance with Condition 15 specifying the event requiring such adjustment or readjustment and the amount thereof, including the resulting Floor Price.

1.5 General

(a) If tax is required to be withheld from any payment of interest in the form of Common Shares specified in paragraph 1.2(c) above, the number of Common Shares received by a Holder of Subordinated Notes shall reflect an amount net of any applicable withholding tax.

(b) Notwithstanding any other provision of the Notes, the conversion of the Subordinated Notes in connection with an NVCC Automatic Conversion shall not be an Event of Default and the only consequence of a Non-Viability Trigger Event shall be the conversion of such Notes into Common Shares.

FORM OF FINAL TERMS OF THE NOTES

[MIFID II PRODUCT GOVERNANCE / TARGET MARKET - Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "MiFID II"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]¹

[PRIIPS REGULATION PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA") or the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive (EU) 2014/65 (as amended, "MiFID II"); (ii) a customer within the meaning of Directive 2016/97/EU (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation (as defined below). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.]²

[NOTIFICATION UNDER SECTION 309B(1)(C) OF THE SECURITIES AND FUTURES ACT (CHAPTER 289) OF SINGAPORE (AS MODIFIED OR AMENDED FROM TIME TO TIME (the "SFA") - [To insert notice if classification of the Notes is not "prescribed capital markets products"³, pursuant to Section 309B of the SFA].³]

[THESE NOTES ARE SUBJECT TO CONVERSION IN WHOLE OR IN PART – BY MEANS OF A TRANSACTION OR SERIES OF TRANSACTIONS AND IN ONE OR MORE STEPS – INTO COMMON SHARES OF ROYAL BANK OF CANADA OR ANY OF ITS AFFILIATES UNDER SUBSECTION 39.2(2.3) OF THE CANADA DEPOSIT INSURANCE CORPORATION ACT (CANADA) ("CDIC ACT") AND TO VARIATION OR EXTINGUISHMENT IN CONSEQUENCE AND SUBJECT TO THE APPLICATION OF THE LAWS OF THE PROVINCE OF ONTARIO AND THE FEDERAL LAWS OF CANADA APPLICABLE THEREIN IN RESPECT OF THE OPERATION OF THE CDIC ACT WITH RESPECT TO THE NOTES.]⁴

¹ Legend to be included on front of the Final Terms if transaction is in scope of MiFID II and following the ICMA 1 "all bonds to all professionals" target market approach.

² Legend to be included on front of the Final Terms if the Notes potentially constitute "packaged" products and no key information document will be prepared or the Issuer wishes to prohibit offers to EEA or UK retail investors for any other reason, in which case the selling restriction should be specified to be "Applicable".

³ Relevant Dealer(s) to consider whether it/they have received the necessary product classification from the Issuer prior to the launch of the offer, pursuant to Section 309B of the SFA.

⁴ Legend to be included on front of the Final Terms if the Notes are Bail-inable Notes.

FORM OF PRICING SUPPLEMENT OF THE EXEMPT NOTES

Set out below is a form of Pricing Supplement for use in connection with each Tranche of Exempt Notes issued under the Programme. This pro forma Pricing Supplement is subject to completion and amendment to set out the terms upon which each Tranche or Series of Notes to be issued.

IMPORTANT NOTICE

NO PROSPECTUS IS REQUIRED IN ACCORDANCE WITH REGULATION (EU) 2017/1129 (AS AMENDED, THE “PROSPECTUS REGULATION”) FOR THIS ISSUE OF NOTES. THE NOTES WHICH ARE THE SUBJECT OF THIS PRICING SUPPLEMENT ARE NOT COMPLIANT WITH THE PROSPECTUS REGULATION AND THE FCA HAS NEITHER APPROVED NOR REVIEWED THE INFORMATION CONTAINED IN THIS PRICING SUPPLEMENT.

[MIFID II PRODUCT GOVERNANCE / TARGET MARKET - Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, “MiFID II”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]¹ [other appropriate target market legend to be included.]

[PRIIPS REGULATION PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”) or the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.]²

CANADIAN BANK TLAC REGIME

In connection with the Bail-in Regime, the TLAC Guideline applies to and establishes standards for D-SIBs, including the Bank. Under the TLAC Guideline, beginning November 1, 2021, the Bank is required to maintain a minimum capacity to absorb losses composed of external long-term debt that meets the prescribed criteria or regulatory capital instruments to support recapitalization in the event of failure. Bail-inable Notes and regulatory capital instruments that meet the prescribed criteria will constitute TLAC of the Bank.

In order to comply with the TLAC Guideline, Bail-inable Notes must provide for terms and conditions necessary to meet the prescribed criteria and qualify at their issuance as TLAC instruments of the Issuer under the TLAC Guideline. Those criteria include the following:

- the Issuer cannot directly or indirectly have provided financing to any person for the express purpose of investing in the Bail-inable Notes;
- the Bail-inable Notes are not subject to set-off or netting rights;
- the Bail-inable Notes must not provide rights to accelerate repayment of principal or interest payments outside of bankruptcy, insolvency, wind-up or liquidation, except that events of default relating to the non-payment of scheduled principal and/or interest payments will be permitted where they are subject to a cure period of no less than 30 business days and clearly disclose to investors that: (i) acceleration is only permitted where an Order (as defined below) has not been made in respect of the Issuer; and (ii) notwithstanding any acceleration, the instrument could still be subject to a Bail-in Conversion prior to its repayment;
- the Bail-inable Notes may be redeemed or purchased for cancellation (as applicable) only at the initiative of the Issuer and, where the redemption or purchase would lead to a breach of the Issuer's minimum TLAC requirements, that redemption or purchase would be subject to the prior approval of the Superintendent;
- the Bail-inable Notes do not have credit-sensitive dividend or coupon features that are reset periodically based in whole or in part on the Issuer's credit standing; and
- where an amendment or variance of the Bail-inable Notes' terms and conditions would affect their recognition as TLAC, that amendment or variance will only be permitted with the prior approval of the Superintendent.

USE OF PROCEEDS

Except as otherwise set out in the applicable Final Terms (including, without limitation, in relation to Green Bonds, Social Bonds or Sustainable Bonds as described below), the net proceeds of the issue of each Tranche of Notes will be added to the general funds of the Issuer or used by the Issuer and/or its affiliates for hedging the Notes. Except as otherwise set out in the applicable Final Terms, the purpose of an issue of Subordinated Notes will be to enlarge the Issuer's capital base.

Green Bonds, Social Bonds and Sustainable Bonds

Where Notes are specified as being "Green Bonds", "Social Bonds" or "Sustainable Bonds" and/or for green, social or sustainability purposes, respectively, as described in the "Reasons for the Offer and Estimated Net Proceeds" in Part B of the applicable Final Terms (or applicable Pricing Supplement) (such Notes, "**Green Bonds**", "**Social Bonds**", or "**Sustainable Bonds**", respectively, and together, "**Sustainable Bonds**") the proceeds of the issue will be as follows:

- **Green Bonds** - used to finance and/or refinance, in part or in full, relevant Eligible Assets consisting of Green Assets (as defined below) in accordance with the Sustainable Bond Framework;
- **Social Bonds** - used to finance and/or refinance, in part or in full, relevant Eligible Assets consisting of Social Assets (as defined below) in accordance with the Sustainable Bond Framework; and
- **Sustainable Bonds** - used to finance and/or refinance, in part or in full, relevant Eligible Assets consisting of Green Assets and Social Assets in accordance with the Sustainable Bond Framework.

Eligible Assets may include, but are not limited to, loans to organizations, businesses and projects that meet the eligibility criteria as described in the Issuer's Sustainable Bond Framework dated June 2020 (as may be amended from time to time) and available on the following webpage: <https://www.rbc.com/investor-relations/assets-custom/pdf/RBC-Sustainable-Bond-Framework-EN.pdf> (the "**Sustainable Bond Framework**"). The Sustainable Bond Framework addresses the four core components of the International Capital Market Association's ("**ICMA**") Green Bond Principles 2018, Social Bond Principles 2018 and Sustainable Bond Guidelines 2018.

The eligible categories for the purposes of the eligibility criteria for Green Bonds and Sustainable Bonds ("**Green Assets**") in the Sustainable Bond Framework consist of the following categories (all as more fully described in the Sustainable Bond Framework):

- Renewable energy
- Energy efficiency
- Pollution prevention and control
- Sustainable land use
- Clean transportation
- Sustainable water and wastewater management
- Green buildings
- Climate adaptation and resilience

The eligible categories for the purposes of the eligibility criteria for Social Bonds and Sustainable Bonds (“**Social Assets**”) in the Sustainable Bond Framework consist of the following categories (all as more fully described in the Sustainable Bond Framework):

- Access to essential services
- Affordable housing
- Indigenous communities and businesses
- Women-owned businesses
- Leadership in diversity and inclusion

Where an organization derives 90 per cent or more of its revenues from activities in the Eligible Categories above, it will be considered as eligible for financing from Sustainable Bonds, as applicable. In such instances, the use of proceeds can be used by the organization for general purposes, so long as this financing does not fund activities that contravene the Eligible Categories.

The Issuer will not knowingly allocate any proceeds from the issuance of Sustainable Bonds to finance any entity whose current principal industry or primary activity has been assessed by the Issuer as being weapons, tobacco, gambling, adult entertainment and/or predatory lending.

The Issuer will maintain a register of Eligible Assets, which will include separate portfolios of assets: Green, Social and Sustainability (together, the “**Sustainable Bond Asset Portfolios**”). The Sustainable Bond Asset Portfolios will be reviewed by a Sustainable Bond Working Group (the “**Working Group**”) on a quarterly basis to ensure that all Eligible Assets continue to meet the Eligible Categories. Assets that have been terminated or no longer comply will be removed from the Sustainable Bond Asset Portfolios. All Eligible Assets in the Issuer’s Sustainable Bond Asset Portfolios will be tagged accordingly as Eligible Assets in the Issuer’s information management systems.

The proceeds will be managed in a portfolio approach, and the Green, Social and Sustainability portfolios will be managed separately. The Working Group of the Issuer will monitor the aggregate amount of assets in each of the Issuer’s Sustainable Bond Asset Portfolios on a quarterly basis to ensure that the total Eligible Assets in each portfolio is equal to or greater than the relevant aggregate amount of proceeds raised by the Issuer’s Green Bonds, Social Bonds and Sustainable Bonds.

If for any reason the relevant aggregate amount of Eligible Assets in the Issuer’s Sustainable Bond Asset Portfolios is less than the total outstanding amount of the relevant Green Bonds, Social Bonds and Sustainable Bonds issued, the Issuer will hold the unallocated amount in cash or liquid securities in accordance with the Issuer’s normal liquidity management policy until the amount can be allocated to the relevant Eligible Assets.

The Issuer intends to publish reporting in respect of its Sustainable Bonds within a year from relevant issuance, to be renewed annually until full allocation and in case of any material changes. Such reporting will be made publicly available through <http://www.rbc.com> and may include (but will not be limited to):

- Net proceeds raised from each of the Issuer’s Green Bonds, Social Bonds and Sustainable Bonds;
- Aggregate amounts of funds allocated to each of the Eligible categories; and
- The balance of unallocated proceeds at the reporting period end.

Where feasible, the Issuer will provide further information and examples of eligible organizations, businesses and projects financed or refinanced by the Sustainable Bonds, including quantitative performance measures. Disclosure of information related to Use of Proceeds, impact reporting, and organizations, businesses and projects financed or refinanced will be made, subject to the Issuer's confidentiality obligations and the availability of information.

Pursuant to the recommendations under the Green Bond Principles 2018, Social Bond Principles 2018 and Sustainable Bond Guidelines 2018 published by the ICMA, the Issuer has obtained a "second-party opinion" from an appropriate provider, which will also be available on: http://www.rbc.com/investorrelations/pdf/RBC_Green_Bond_Second_Party_Opinion_08032019.pdf.

None of the Dealers will verify, monitor or maintain the application of proceeds of any Sustainable Bond during the life of the relevant Sustainable Bonds.

The Issuer may request, on an annual basis, a limited assurance report of the allocation of proceeds from the Issuer's Sustainable Bonds to Eligible Assets, provided by its external auditor.

TAXATION

Canadian Taxation

The following summary describes the material Canadian federal income tax considerations under the *Income Tax Act* (Canada) (the “**Act**”) and *Income Tax Regulations* (the “**Regulations**”) generally applicable to a holder of Notes who acquires beneficial ownership of Notes pursuant to the Base Prospectus or common shares on a conversion (“**Common Shares**”), and who, for purposes of the Act and at all relevant times, (i) is not resident and is not deemed to be resident in Canada; (ii) deals at arm’s length with the Issuer, any issuer of Common Shares, and any Canadian resident (or deemed Canadian resident) to whom the holder assigns or otherwise transfers the Notes; (iii) is not affiliated with the Issuer, (iv) is entitled to receive all payments (including any interest and principal) made on the Notes as beneficial owner; (v) does not use or hold and is not deemed to use or hold Notes or Common Shares in or in the course of carrying on a business in Canada; (vi) is not a “specified non-resident shareholder” of the Issuer for purposes of the Act or a non-resident person not dealing at arm’s length with a “specified shareholder” (within the meaning of subsection 18(5) of the Act) of the Issuer; and (vii) is not an insurer carrying on an insurance business in Canada and elsewhere (a “**Non-resident Holder**”).

This summary is based upon the provisions of the Act and the Regulations in force on the date hereof, proposed amendments to the Act and the Regulations in a form publicly announced prior to the date hereof (the “**Tax Proposals**”) by or on behalf of the Minister of Finance (Canada) (included for this purpose in the reference to the Act and Regulations), and the current administrative practices and policies published in writing by the Canada Revenue Agency (the “**CRA**”). This summary assumes that such Tax Proposals will be enacted as currently proposed but no assurance can be given that this will be the case. This summary does not take into account or anticipate any other changes in law, whether by legislative, governmental or judicial action or interpretation, nor does it take into account provincial, territorial or foreign income tax legislation. Subsequent developments could have a material effect on the following description.

This summary is of a general nature only, and is not intended to be, nor should it be considered to be, legal or tax advice to any particular person including any Non-resident Holder. This summary describes only the Canadian federal withholding tax considerations associated with a Non-resident Holder acquiring, holding and disposing of a Note and a Common Share and does not describe any other Canadian federal income tax considerations which may be relevant to a prospective investor’s decision to acquire Notes pursuant to the Base Prospectus. Prospective investors, including Non-resident Holders, should consult their own legal and/or tax advisers with respect to their particular circumstances.

In general, for the purpose of the Act, all amounts not otherwise expressed in Canadian dollars must be converted into Canadian dollars based on the single day exchange rate as quoted by the Bank of Canada for the applicable day or such other rate of exchange that is acceptable to the Minister of National Revenue (Canada).

Interest on Notes

Interest paid or credited or deemed to be paid or credited by the Issuer on a Note (including amounts on account of, or in lieu of, or in satisfaction of interest) to a Non-resident Holder will not be subject to Canadian non-resident withholding tax unless all or any portion of such interest (other than on a “prescribed obligation” described below) is contingent or dependent on the use of or production from property in Canada or is computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class or series of shares of the capital stock of a

corporation. A “prescribed obligation” is an “indexed debt obligation” (defined below) no amount payable in respect of which, other than an amount determined by reference to a change in the purchasing power of money, is contingent or dependent upon any of the criteria described in the preceding sentence. An “indexed debt obligation” is a debt obligation the terms or conditions of which provide for an adjustment to an amount payable in respect of the obligation for a period during which the obligation was outstanding that is determined by reference to a change in the purchasing power of money.

In the event that a Note the interest (or deemed interest) payable on which is not exempt from Canadian withholding tax is redeemed, cancelled or purchased by the Issuer or any other person resident or deemed to be resident in Canada from a Non-resident Holder or is otherwise assigned or transferred by a Non-resident Holder to a person resident or deemed to be resident in Canada for an amount which exceeds, generally, the issue price thereof, the excess may be deemed to be interest and may, together with any interest that has accrued on the Note to that time, be subject to non-resident withholding tax. Such excess will not be subject to withholding tax if the Note is considered to be an “excluded obligation” for purposes of the Act. A Note that: (a) is not an indexed debt obligation; (b) was issued for an amount not less than 97 per cent. of the principal amount (as defined in the Act) of the Note, and (c) the yield from which, expressed in terms of an annual rate (determined in accordance with the Act) on the amount for which the Note was issued does not exceed 4/3 of the interest stipulated to be payable on the Note, expressed in terms of an annual rate on the outstanding principal amount from time to time, will be an excluded obligation for this purpose.

If applicable, the normal rate of Canadian non-resident withholding tax is 25 per cent but such rate may be reduced under the terms of an applicable income tax treaty or convention between Canada and the country in which the Non-resident Holder is resident.

Generally, there are no other taxes on income (including capital gains) payable by a Non-resident Holder on interest, discount, or premium on a Note or on the proceeds received by a Non-resident Holder on the disposition of a Note including a redemption, payment on maturity, conversion (including a Bail-in Conversion), cancellation or purchase.

Common Shares Acquired on a Conversion

Dividends paid or credited, or deemed under the Act to be paid or credited, on Common Shares of the Issuer or of any affiliate of the Issuer that is a Canadian resident corporation to a Non-resident Holder will generally be subject to Canadian non-resident withholding tax at the rate of 25 per cent. on the gross amount of such dividends unless the rate is reduced under the provisions of an applicable income tax treaty or convention between Canada and the country in which the Non-resident Holder is resident.

A Non-resident Holder will not be subject to tax under the Act in respect of any capital gain realised on a disposition or deemed disposition of a Common Share unless the Common Share is or is deemed to be “taxable Canadian property” of the Non-resident Holder for the purposes of the Act and the Non-resident Holder is not entitled to an exemption under an applicable income tax treaty or convention between Canada and the country in which the Non-resident Holder is resident.

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of the Notes and is a summary of the Issuer’s understanding of current law and HM Revenue & Customs published practice (which may not be binding on HM Revenue & Customs) in the United Kingdom relating principally to the United Kingdom withholding tax treatment of payments in respect of the Notes. It does not apply to individuals, or where the income is deemed for tax purposes to be the income of any other person.

Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective Holders depends on their individual circumstances and may be subject to change in the future. Prospective Holders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice. Prospective Holders should also be aware that the particular terms of issue of any Tranche may affect the tax treatment.

The following is a general guide only and is not intended to be exhaustive.

Notes issued where the Branch of Account is the Bank's London branch

Payments of interest on the Notes

The Issuer, provided that it is and continues to be a bank within the meaning of section 991 of the *Income Tax Act 2007* (the “**UK Act**”), and provided that the interest on the Notes is and continues to be paid in the ordinary course of its business within the meaning of section 878 of the UK Act, will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom income tax.

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes carry a right to interest and the Notes are and continue to be listed on a “recognised stock exchange” within the meaning of section 1005 of the UK Act or admitted to trading on a “multilateral trading facility” operated by a regulated recognised stock exchange (within the meaning of section 987 of the UK Act). The London Stock Exchange is a recognised stock exchange and the ISM is a multilateral facility operated by a regulated recognised stock exchange for the purposes of section 987 of the UK Act. The Notes will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the Financial Services and Markets Act 2000) and admitted to trading on the London Stock Exchange (which would include being admitted to trading on the London Stock Exchange Main Market or the Professional Securities Market). Provided, therefore, that the Notes carry a right to interest and remain so listed on a “recognised stock exchange” or are admitted to trading on a “multilateral trading facility” operated by a regulated recognised stock exchange, interest on the Notes will be payable without withholding or deduction on account of United Kingdom income tax whether or not the Issuer carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom income tax where interest on the Notes is paid by a company (such as the Issuer) and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the Notes is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest, provided that HM Revenue & Customs has not given a direction (in circumstances where it has reasonable grounds to believe that it is likely that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

In other cases, an amount generally must be withheld from payments of interest on the Notes on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to available exemptions or reliefs; for example, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Holder, HM Revenue & Customs can, following a request by the Issuer, issue a notice to the Issuer to pay interest to the Holder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Other rules relating to United Kingdom withholding tax

Where the Notes are to be, or may fall to be, redeemed at a premium, then, depending on the circumstances, any such element of premium may constitute a payment of interest for United Kingdom tax purposes. Any such payments of interest, subject of the exemptions described above, may be subject to United Kingdom withholding tax and reporting requirements as described above and below respectively.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of the Issuer and does not consider the tax consequences of any such substitution.

The Issuer's understanding is that the ISM is currently a multilateral trading facility for the purposes of section 987 of the UK Act and accordingly the Exempt Notes constitute "quoted Eurobonds" for the purposes of section 987 of the UK Act provided that they carry a right to interest, are and continue to be admitted to trading on the ISM and that the ISM is and remains a "multilateral trading facility" for those purposes.

Stamp duty and stamp duty reserve tax (SDRT) in relation to Notes

A charge to stamp duty or SDRT may, in certain circumstances, arise on the issue, transfer and/or settlement of Notes and SDRT may also be payable in relation to any agreement to transfer Notes. This will depend upon the Terms and Conditions of the relevant Notes (as amended and supplemented by the applicable Final Terms). Holders should take their own advice from an appropriately qualified professional advisor in this regard.

Reporting of information in respect of the Notes

Holders (whether or not the Branch of Account of the Notes they hold is the Issuer's London branch) may wish to note that, in certain circumstances, HM Revenue & Customs has the power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Holder. These provisions will apply whether or not the interest has been subject to withholding or deduction for or on account of United Kingdom income tax and whether or not the Holder concerned is resident in the United Kingdom for United Kingdom tax purposes. In certain circumstances, HM Revenue & Customs may communicate this information to the tax authorities of certain other jurisdictions.

If the Notes are treated as deeply discounted securities for the purposes of the *Income Tax (Trading and other Income) Act 2005*, any person in the United Kingdom (including any United Kingdom based paying agent) who pays amounts payable on redemption of the Notes to, or receives such amounts for the benefit of, another person may also be required by HM Revenue & Customs to provide certain information (which may include the name and address of the beneficial owner of the amount payable on redemption) to HM Revenue & Customs. In this regard HM Revenue & Customs published guidance for the years 2018/2019 (equivalent published guidance for the years 2019/2020 and 2020/2021 has not yet been released by HM Revenue & Customs) indicates that HM Revenue & Customs will not exercise its power to obtain information in relation to such payments in that year, and will publicise any change to this practice widely prior to making it. Any information obtained may, in certain circumstances, be exchanged by HM Revenue & Customs with the tax authorities of the jurisdiction in which the Holder is resident for tax purposes.

Swedish Taxation

The following summary outlines certain Swedish tax consequences relating to holders of Notes. The summary is based on the laws of Sweden as currently in effect and is intended to provide general information only. The summary does not address, *inter alia*, situations where Notes are held in an investment savings account (Sw.

investeringssparkonto), the tax consequences in connection with a write-down, write-off or conversion of the Notes, the existence of the ability of relevant regulatory authorities to effect such a write-down, write-off or conversion, the tax consequences following variation or substitution (instead of redemption) of the Notes or the rules regarding reporting obligations for, among others, payers of interest. Further, the summary does not address credit of foreign taxes. Investors should consult their professional tax advisers regarding the Swedish tax and other tax consequences (including the applicability and effect of tax treaties) of acquiring, owning and disposing of Notes in their particular circumstances.

Holders tax resident in Sweden

In general, for Swedish corporations and private individuals (and estates of deceased individuals) with residence in Sweden for Swedish tax purposes, all capital income (for example, income that is considered to be interest for Swedish tax purposes and capital gains on Notes) will be taxable. Specific tax consequences may be applicable to certain categories of corporations, for example, life insurance companies. Moreover, specific tax consequences may be applicable if, and to the extent that, a holder of Notes realises a capital loss on the Notes and to any currency exchange gains or losses.

If amounts that are deemed as interest for Swedish tax purposes are paid by Euroclear Sweden or by another legal entity domiciled in Sweden, including a Swedish branch, or a clearing institution within the EEA or the UK, to a private individual (or an estate of a deceased individual) with residence in Sweden for Swedish tax purposes, Swedish preliminary taxes are normally withheld by Euroclear Sweden or the legal entity on such payments. Swedish preliminary taxes should normally also be withheld on other return on Notes (but not capital gains), if the return is paid out together with such a payment of interest referred to above.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended ("**FATCA**") impose a reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or "**FFI**" (as defined by FATCA)) that does not enter into an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA (a "**Participating FFI**") and (ii) in certain instances, an investor who does not provide information sufficient to determine whether the investor is a U.S. person or, in the case of certain non-financial non-exempt entities, does not provide information sufficient to determine whether the investor has substantial U.S. owners. The Issuer is classified as an FFI. The Issuer anticipates that any Notes issued in global form will be held by FFIs that are Participating FFIs but there is no guarantee that a custodian or broker through which an investor holds a Note will be a Participating FFI.

This withholding regime is now in effect for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register. This withholding would potentially apply to payments in respect of any Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued after the "**grandfathering date**", which, with respect to Notes that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are published with the U.S. Federal Register. If such Notes are materially modified after the applicable grandfathering date, payments made after the date any such material modification occurs may be subject to this withholding tax. This withholding would also potentially apply to payments in respect of any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever

issued. If Notes are issued on or before the grandfathering date and additional Notes of the same series are issued after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions, including Canada, have entered into intergovernmental agreements to facilitate the implementation of FATCA (each, an “**IGA**”). IGAs generally limit instances when FATCA withholding is required. Nevertheless, these IGAs currently contain no rules regarding the withholding, if any, that may be required on foreign passthru payments.

FATCA is particularly complex and some aspects of its application are uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, signed IGA and IGAs that have been agreed in substance and published by the U.S. Treasury, all of which are subject to amendment or further interpretation by one or more governments or governmental agencies. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

The Proposed Financial Transactions Tax (“FTT”)

On February 14, 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU member states may decide to participate.

Prospective Holders are advised to seek their own professional advice in relation to the FTT.

Common Reporting Standard

Similar to sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, under the Organization for Economic Co-operation and Development’s (“**OECD**”) initiative for the automatic exchange of information, many countries have committed to automatic exchange of information relating to accounts held by tax residents of signatory countries, using a common reporting standard.

Canada is one of over 90 countries that has signed the OECD’s Multilateral Competent Authority Agreement and Common Reporting Standard (“**CRS**”), which provides for the implementation of the automatic exchange

of tax information. Canadian financial institutions are required to report certain information concerning certain investors resident in participating countries to the Canada Revenue Agency and to follow certain due diligence procedures. The Canada Revenue Agency then provides such information on a bilateral, reciprocal basis to the tax authorities in the applicable investors' countries of residence, where such countries have enacted the CRS or otherwise as required under CRS. The UK Government has enacted legislation giving effect to the EU's implementation of CRS (contained in certain EU Council Directives). Similar implementing legislation is expected to be introduced by other signatory countries to the CRS.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of Barclays Bank PLC, Citigroup Global Markets Limited, Credit Suisse Securities (Europe) Limited, Deutsche Bank AG, London Branch, HSBC Bank plc, J.P. Morgan Securities plc, Merrill Lynch International, Morgan Stanley & Co. International plc, RBC Europe Limited and UBS AG London Branch (the “Dealers”). Notes may also be sold by the Issuer directly to institutions who are not Dealers. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in an amended and restated dealership agreement dated July 24, 2020 (as amended, supplemented or replaced, the “**Dealership Agreement**”) and made between the Issuer and the Dealers. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

Other relationships

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer in the ordinary course of business.

Certain of the Dealers and their affiliates may have positions, deal or make markets in the Senior Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Bank or any of its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and/or their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account or for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Bank or Bank’s affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Bank routinely hedge their credit exposure to the Bank consistent with their customary risk management policies. Typically, such Dealers and/or their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. The Dealers and/or their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Issuer may sell Notes to one or more of the Dealers including RBC Europe Limited, which is a wholly-owned indirect subsidiary of the Bank. The terms of the Programme were negotiated at arm’s length between the Issuer and the Dealers. In addition to any proceeds from any offering of the Notes under the Programme being applied, directly or indirectly, for the benefit of RBC Europe Limited in its capacity as a wholly-owned indirect subsidiary of the Bank, RBC Europe Limited will receive a portion of any fees and commissions payable in connection with any such offering of Notes in its capacity as a Dealer.

Canada

While the Senior Notes are exempt from the prospectus requirement under the securities laws of each province and territory of Canada, the Subordinated Notes are not exempt from the prospectus requirement. This Base Prospectus has not been approved by any regulator or regulatory authority in Canada and the Subordinated Notes have not been and will not be qualified for sale under securities laws.

If the applicable Final Terms specify “Canadian Sales Permitted”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has offered, sold or distributed and that it will offer, sell or distribute any Notes, in Canada in compliance with the securities laws of Canada or any province or territory thereof. In respect of an offer, sale or distribution of Subordinated Notes, each Dealer shall comply with any further selling restrictions agreed between such Dealer and the Issuer in respect of offers in Canada.

If the applicable Final Terms specify “Canadian Sales not Permitted”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that it has not offered, sold or distributed, and that it will not offer, sell or distribute any Notes, directly or indirectly, in Canada or to, or for the benefit of any resident thereof.

In the case of Subordinated Notes offered by a Dealer outside Canada, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that it will deliver to any purchaser who purchases from such Dealer any Subordinated Notes purchased by such Dealer hereunder a notice stating that, by purchasing such Subordinated Notes, such purchaser represents and agrees that it has not offered or sold and will not offer or sell, directly or indirectly, any of such Subordinated Notes in Canada or to, or for the benefit of, any resident thereof, except in compliance with applicable Canadian provincial and territorial securities laws or pursuant to exemptions therefrom and will deliver to any other purchaser to whom it sells any such Subordinated Notes a notice substantially the same as the statement in this sentence.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree that it will not distribute or deliver this Base Prospectus, any Drawdown Prospectus or any other offering material relating to the Notes in Canada in contravention of the securities laws of Canada or any province or territory thereof.

United States of America

Regulation S, Category 2, TEFRA D Rules apply, unless TEFRA C Rules are specified as applicable in the applicable Final Terms or unless TEFRA Rules are not applicable.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or under any state securities laws and may not be offered or sold within the United States or to, or for the account of or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Each Dealer has further agreed and each further Dealer in respect of an issue of Notes will be required to agree that it, its affiliates, and any person acting on its or their behalf will not offer or sell the Notes at any time except in accordance with Rule 903 of Regulation S, and that neither it, its affiliates, nor any persons acting on its or their behalf will engage in any directed selling efforts with respect to the Notes and it and they will comply

with the offering restrictions requirements of Regulation S. The terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until forty days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. tax regulations. Terms used in the preceding sentence have the meanings given to them by the United States Internal Revenue Code of 1986 and regulations promulgated thereunder.

Prohibition of sales to EEA and UK Retail Investors

Unless the Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA and UK Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA or in the UK. For the purposes of this provision:

- (a) the expression "**retail investor**" means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the applicable Final Terms in respect of any Notes specifies "Prohibition of Sales to EEA and UK Retail Investors" as "Not Applicable", then in relation to each Relevant State of the EEA or the UK (each, a "**Relevant State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this document as completed by the applicable Final Terms in relation thereto to the public in that Relevant State except that it may make an offer of Notes to the public in that Relevant State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors, as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer(s) nominated by the Issuer for any such offer; or

- (c) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation;

provided that no such offer of Notes referred to in (a) to (c) above shall require the publication by the Issuer or any Dealer(s) of a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Covered Bonds and the expression “**Prospectus Regulation**” means Regulation (EU 2017/1129).

- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.
